## *"The Coin Machines Merry-Go-Round"*

# THE RECORD SITUATION

*By Bill Gersh*

For a long time now *The Cash Box* has been bringing the facts of the record situation to the juke box trade. All music coinmen realize, that instead of growing better, the record situation has become worse.

It was the belief of many in the field that the moment the war was over the "Big Three" record manufacturing firms, namely: Decca, Victor and Columbia, would be in a position to press many more thousands of records than ever before in their history. And the all music coinmen would then receive records in the volume and on the same terms as they did pre-war. This has already been proved erroneous.

The record situation has definitely not bettered itself for the automatic music operators. Instead of records coming in at a faster clip than during the war period, they have continued on at the same pace and, in some instances, have even slowed up. The saviours for the operator have been the many small, independent record manufacturers who have jumped into this breach. And some of them are producing records which are clicking with the trade.

How can it be possible for the juke box operator to get more records when such firms as Bendix jump into the radio-phono field and announce, thru their New York sales manager, that they intend to sell 1,000,000 units for home use during their first full production year? It must be remembered that General Electric, Philco, Stewart-Warner, Motorola, Admiral, RCA-Victor, Emerson, and all the other manufacturers of radio-phono combinations, will not sit by and allow Bendix to do all the selling on this American market.

Therefore, if so many, many more radio-phono combinations will be sold to homes, how will it be possible for the average juke box operator to obtain more records with the large department stores and record retailers yelling for more and still more records with which to supply this home trade? The operator is therefore placed in the position where he must find some new method for obtaining records and at the former dealers' prices he used to pay.

*The Cash Box* has made many suggestions in this direction. It pointed right at the "Big Three" record manufacturers and asked that they create separate distribution departments in their own organization exclusively devoted to music coinmen. It asked that such departments be created because this would then arrange for the juke box operator to receive an equitable share of the records which they are manufacturing.

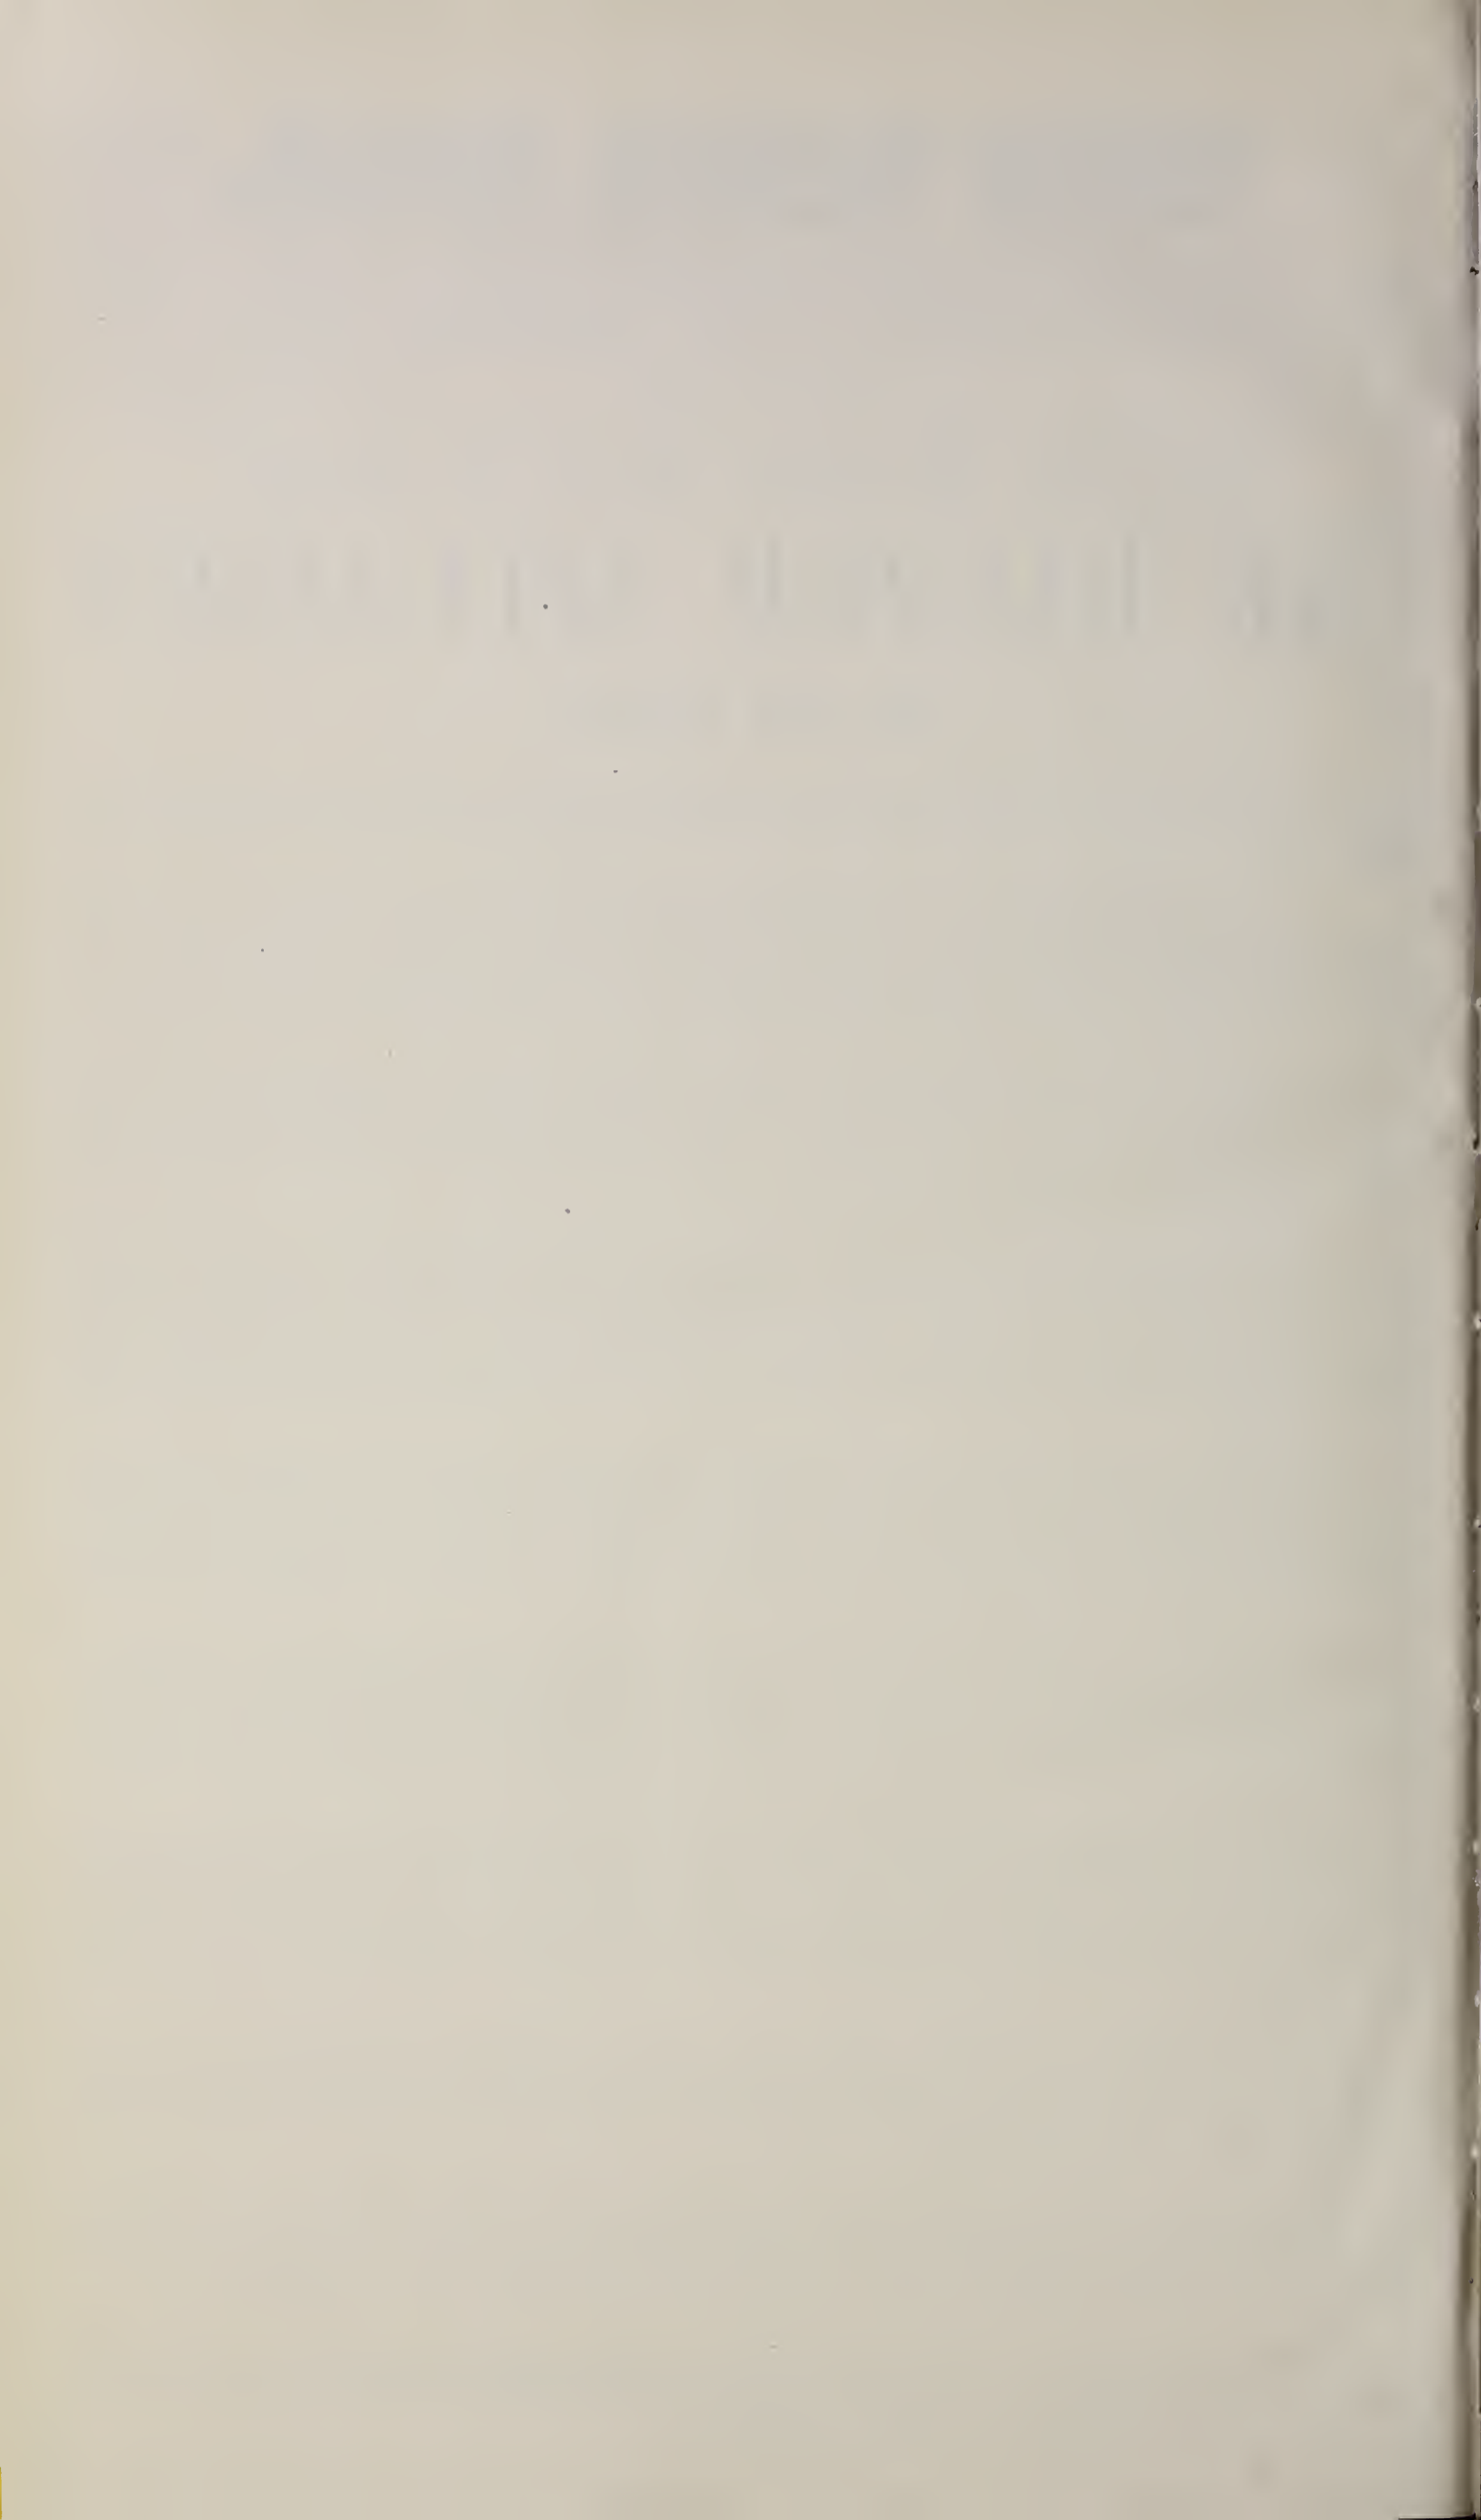

*The Cash Box* further urged that each and every music man in the nation, regardless of the size of his present quarters, assume that he, too, was a record retailer—even to the extent where he would have to purchase classical albums whether they were, or were not, salable. Just so long as he could get the average record manufacturer to also recognize him as a dealer and treat him as such, so that he could obtain dealers' prices for the merchandise he purchased as well as the same large shipments that other record retailers receive.

There are, thruout the country, a great many coinmen interested in entering into the record manufacturing business, for no other reason than that they must keep their own large routes of music equipment supplied. And they cannot do so today with the small shipments they are receiving from the "Big Three" record manufacturers.

It is also to be noted that in the past few months these record manufacturers have been addressing their advertisements to the general public on the classical records which they are producing and which bring them the best sort of profits. This, too, has hurt the juke box operator to some extent for he cannot use this type of recording which they are popularizing thru their national advertisements.

There is a great fight on the hands of the juke box industry to get the records it needs. This trade will grow with tremendous leaps and bounds within a few more months. It will need many, many times the records it is now obtaining from record manufacturers.

## “The Coin Machines Merry-Go-Round”

There is no doubt that within the period of a few more years this nation will have approximately 1,000,000 coin-operated music installations. These installations will be made in all sorts of locations which the juke box operator never before dreamed about, but which have been brought into being by the war.

It must always be remembered that the record is the vital, pulsing heart of the automatic phono. Without a sufficient supply of records there is no use even buying new phonographs. The record makes the juke box. Good records bring money into the operator's pockets.

Johnny Jones and Mary Smith care very little about the beautiful plastics and the gorgeous cabinet or the marvelous mechanism when they drop their nickels into a juke box. They want Bing Crosby singing “White Christmas”—if that is the record they want. And, if they don't get that record—they just don't play the machine.

Therefore, since the record is definitely the heart and soul and earning power of the juke box, then it is up to those men who compose this juke box industry to see to it that the men who are out on locations trying to earn more money to buy more juke boxes—GET THE RECORDS THEY NEED.

Of what use is the most beautiful phonograph ever manufactured if there are no records the public want to hear—in that phono? Regardless of all the fine tonal achievements of the manufacturers—regardless of the marvelously beautiful designs and the general mechanical and electrical improvements which are forthcoming for post-war operators of music equipment—there is really no furtherance of the field unless there are records to make that juke box attractive and interesting to the general public.

This trade simply must get together with the record manufacturers and get them to arrange a plan for more equitable distribution of their recordings if this business is to grow greater.

There are dozens of operators in the automatic music field today who thank the Lord that they can even obtain used records. There are others who will purchase any sort of recording from anywhere in the nation, even thousands of miles away from their headquarters and pay full retail price, plus cost of shipment, and even say nothing about damage—just so they can get enough records to continue in business.

Surely this is not wanted by the average manufacturer of automatic music equipment? Surely—he, too, knows of this situation and realizes that the man he is going to sell to, whether he be an old time music machine operator—or a new music merchant, will need records to popularize the new music machines and to pay for the notes which he will have to assume.

The fact that thruout the country there is now a crusade under way to change the commission basis from the present 50%-50% to 70%-30% as suggested by *The Cash Box* for more than three years—is also much due to this record situation. Yet, even with this new commission basis in effect, the operators still need records to go on earning the profits necessary to pay for the new machines and to build themselves a financial reserve so that they can continue to purchase more and still more new equipment.

The trade believes that the automatic phono business will become similar to the cigarette vending machine business. Their reasons are simply that during the war large routes of music machines were created in all major cities thruout the country—just as there are large routes of cigarette machines. In short, wherever the traveler in this industry now goes he finds only one or two large operators of music machines in each city and like cigarette machine operating business—smaller men hanging on to the fringes.

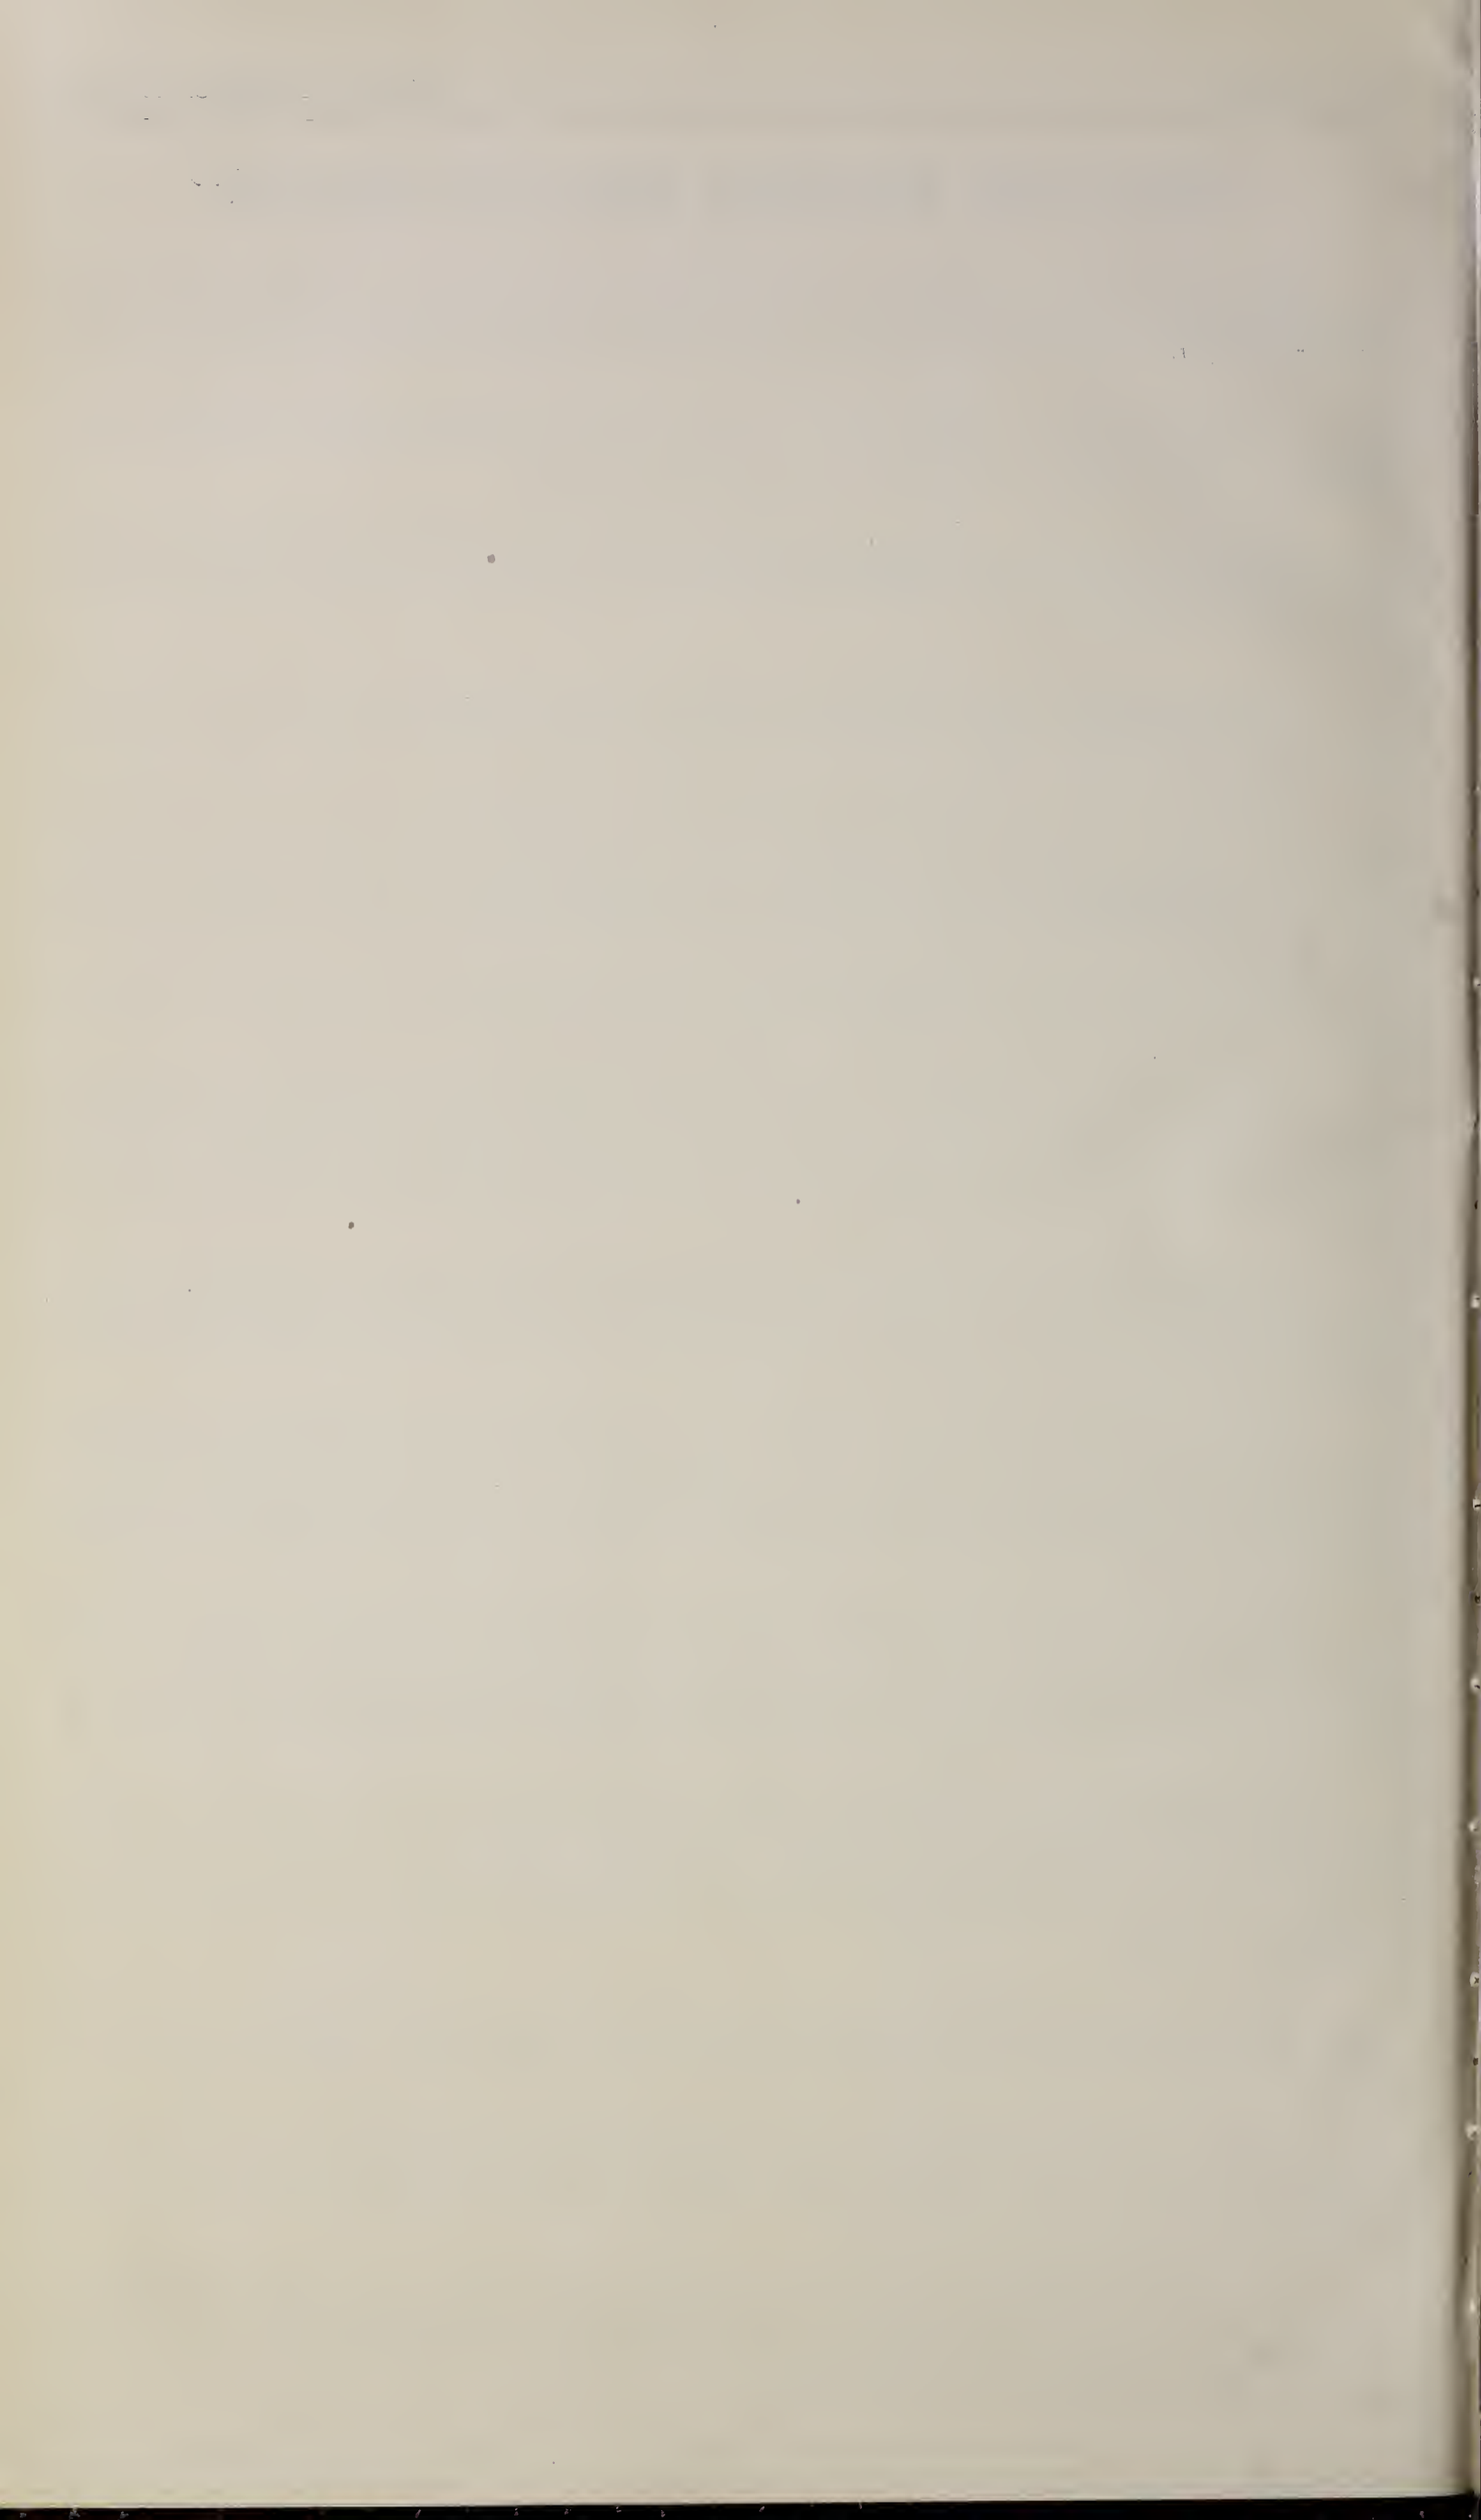

This being the situation, then records become even more important. This means that to maintain a controlled music operating business the trade must have the medium which makes such control possible, and in the quantity and quality that is necessary. This industry cannot lay down for a moment and believe that the record manufacturers will give it a better break as normalcy returns. This cannot be possible with so many of the radio-phono combination manufacturers planning to sell millions of such instruments to homes.

To be completely dependent on the smaller record manufacturers is still too great a risk for the trade. The big names are as yet tied up and controlled by the “Big Three”. These are the names the public wants to hear. These are the records, therefore, that the automatic music operator needs.

It is up to this juke box industry to get into immediate action and demand from the present “Big Three” record manufacturers that some sort of equitable distribution method be arranged whereby this industry—the industry which made these people what they are today—gets the records it needs when it needs them, at the prices it used to pay.

It is extremely important for the juke box operator that he back up the smaller, independent record manufacturer so that this manufacturer has what he needs to continue production and bring about hit records. But, at the same time, something must be done and done immediately to insure getting records in more sufficient quantity from the “Big Three”.

# HERMANN BUYS \$45,000 ALBANY BLDG.

ALBANY, N. Y. — Aireon's new streamline automatic phonograph will soon go on display against the brand new, redecorated background of the new display rooms, offices and warehouse of the Arthur Hermann Company at 282 Central Ave., this city.

Arthur Hermann, president of the company, and exclusive distributors in 43 counties in upper New York State for Aireon automatic phonographs, has advised R. R. (Rudy) Greenbaum, Vice-President of Aireon, of the \$45,000 purchase of a three-story brick building at that address. Added to the purchase price, Hermann explained, will be an additional \$10,000 in renovation before occupancy. Hermann is expected to be in these new quarters some time in mid-December.

The showrooms, office, warehouse and service center of the Hermann company will be used for the wholesale distribution of the automatic phonographs and accessories of Aireon Manufacturing corporation and its five subsidiaries.

Aireon manufactures ground radio stations for airports, mobile radio stations for police and other emergency types; inductive space railway radio equipment; circuit breakers; Quartz crystals; speakers; and tubes. All in addition to its commercial automatic phonograph, a special feature of which is its electronic reproduction and remote control systems.

Greenbaum, just back in Kansas City after a quick trip to New York, advised that practically all the Aireon distributors are remodelling old spots of business, or purchasing new quarters and generally sprucing up in anticipation of first showings of the new Aireon automatic phonograph.

"We are certainly getting wholehearted and all-out cooperation from our top-notch bunch of distributors", Rudy said. "They've seen the advance showings of our machines," he continued, and they are confident of what they are going to have to offer the trade. They know it's worth fixing up for."

## Cubans Send Op To Subscribe To "The Cash Box"

NEW YORK — Juan De La Fe of Cardenas, Cuba, called at the offices of *The Cash Box*, this city, this past week, to advise that after a meeting of Cuban coin machine operators in Havana he had been chosen to advise this publication that these men desired to be subscribers for they believed, "*The Cash Box* is invaluable to us".

Senor De La Fe also advised that most of the men were interested only in automatic music equipment and that he was here to purchase whatever he could in this line. He stated that the juke boxes were growing in popularity every day thruout Cuba and that he believed his country would prove to be one of the most outstanding users of juke boxes.

# H. Z. OPENS NEW BUILDING

OMAHA, NEB. — Hymie Zorinsky of H. Z. Vending & Sales Company, this city, proudly opened his new offices and showrooms this past week at 1205-07 Douglas Street, this city, and met with many compliments from members of the trade here.

Zorinsky also stated that the firm will have one of the most outstanding showrooms in the industry where they will feature the products of Rock-Ola Manufacturing Corp., Chicago Coin Machine Co., D. Gottlieb & Company, A. H. DuGrenier cigarette machines and the Columbus peanut vendors.

Zorinsky also stated that the firm will

handle many other lines along with the above. The manufacturers listed here are represented thruout this territory by the firm and their products are exclusively distributed by H. Z. Vending & Sales Company.

"It is our policy" Zorinsky reports, "to give the operators and jobbers thruout our territory a building of which they can be justly proud and which they can call their own. We want the men to come in here and make themselves at home at all times. We want them to feel that this new building is actually their building and that it is only the beginning of the great years which are coming for the members of this business."

## AIREON PHONOS IN SOUND-COLOR MOVIE

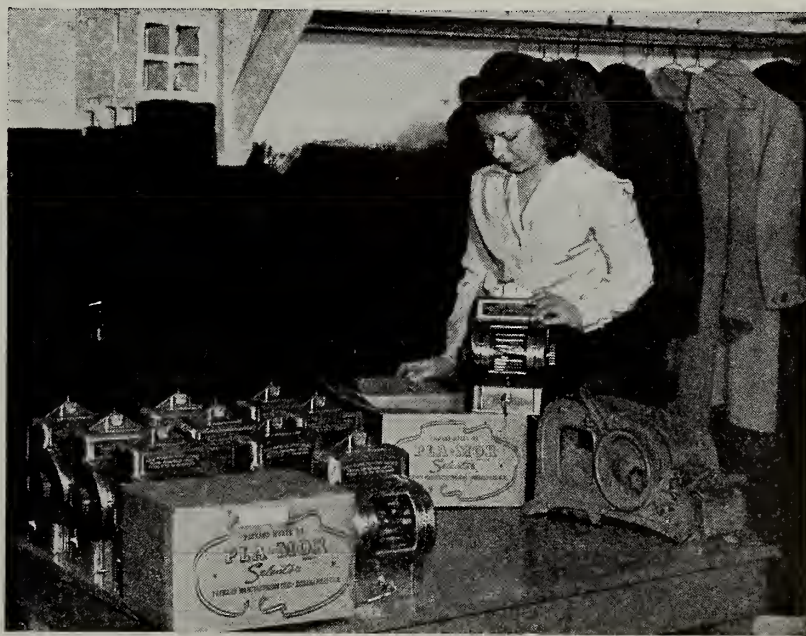

KANSAS CITY, KANS. — Following its highly successful movie, "Railroading by Radio", which depicted its two-way rail telephone system in action, Aireon Manufacturing Corporation has signed with producers Morey and Sutherland of Hollywood for another production. It is to be a sound-color movie to demonstrate the corporation's new automatic phonograph.

Specially highlighted will be the electronic and remote control features of the

new phonograph, along with demonstrations of tone, coloring and a general background of production.

Mike Amestoy has been sent to Aireon by the studio, to write "on the spot" script and get correct engineering data and background for the film.

Release should be ready shortly after the first of the year when prints will be made available to Aireon distributors throughout the country.

# OMAHA OPS OFFER CITY COUNCIL COMPROMISE

## Willing to Pay 150% Increase Over Present License Fees

OMAHA, NEB. — Juke Box and pinball ops here offered the City Council its first compromise on the huge license taxes asked (as published in the December 10, 1945 issue of *The Cash Box*) thru their attorneys Fred White and Bernie Boyle.

The ops agreed to an increase in their present license fees, but they held that the tremendous increase which the City Council wanted was not only excessive but actually confiscatory.

Pinball ops at present pay \$10 per machine yearly license fee. The City Council proposed that this be increased to \$150 per machine per year. And also \$1,000 occupational tax for each pinball distributor (which, it seems, would also mean "operator"). Omaha's pinball ops have countered with a proposal that they pay \$20 per yearly license per machine and \$100 per year occupational tax per distributor.

Juke Box ops now pay \$5 per machine per year. The City Council asked an increase to \$100 per machine per yearly license fee, and \$1,000 per year occupational tax for each distributor of the machines. Juke Box ops, thru their attorneys White and Boyle, are offering to pay \$10 per machine per yearly license fee and \$50 per year occupational tax for each juke box distributor.

The ops' attorneys claimed that there are approximately 500 juke boxes in Omaha and about 900 pinball machines. There are 8 juke box distributors and 22 pinball distributors, they stated.

Occupation and license fees from the machines now total about \$9,000 per year for the city. Under the ops' proposal thru their attorneys this would total \$23,000 per year.

The Commissioners did not agree to this proposal as yet, but they expressed appreciation for the compromise offer.

At the present time Omaha's business men are fighting the high tax revenues being asked. A meeting of 50 leading business men has already been held here. Another meeting is scheduled. It is believed that business will put up a big fight before paying the high revenue taxes being asked by the City Council.

## OP ASKS LOCATIONS TO CHOOSE NEW UNITS

SYRACUSE, N. Y. — Thomas Conroy, 100 Morningside Terrace, this city, is using a unique mailing piece to his locations to encourage them to not only wait for the new machines but to also advise him of their preference in equipment which will soon be forthcoming. This mailing piece is duplicated here and may prove of value to other operators in the country.

## Doc Eaton Appoints New Dept. Mgrs.

CHICAGO — DeWitt (Doc) Eaton, General Sales Manager of AMI, announces that Paul Bleck, who has been Service Manager for AMI for the past fifteen years, will have complete charge of the Service Department and service operations covering the new AMI phonograph.

Forest Teeter, pioneer phonograph and parts man who was with the Rudolph Wurlitzer concern for ten years, has been appointed Parts Manager for AMI.

Another prominent music executive at AMI is John Swisher, who manages the Hostess Division.

## Calif. Music Ops Assn Declare Buckley Bill Serious Menace

OAKLAND, CAL. — George A. Miller, President and Business Manager of the California Music Operators Assn., this city, reports that every operator of music machines in the nation should get back of the fight to halt the Buckley Bill.

Miller advises that many music ops have forgotten that this Bill is still in the House of Representatives Patents Committee and that unless they act very fast by protesting the Bill to their Congressmen that it might pass into the Senate.

"The music machine operator knows what serious effect this bill can have on his business", Miller reports, "and that if something isn't done quickly, every music operator in the country may have to pay anywhere from \$100 to \$150 per year per phono for the privilege of playing copyrighted music.

"It is up to every individual in the automatic music industry", Miller continued, "to help defeat this Buckley Bill or else this business will stop right where it is at and there just won't be any business for the coin machine music operator."

Miller also wrote *The Cash Box* the following letter:

"May I take this opportunity to express the appreciation of the California Music Operators Association and myself for the wonderful service and cooperation rendered by *The Cash Box* magazine.

"We feel that the information in your magazine regarding the Buckley Bill has been invaluable to the music operators in the United States. I feel certain that none of the music merchants would have realized the seriousness of this bill had it not been brought to their attention by you and your magazine. You are rendering a service to the coin machine men that couldn't be bought for 100 times the price of the subscription to *The Cash Box*, and I wish to say that it is the duty of every coin machine man to support this magazine—either by subscription or advertising — for the fearless manner in which you bring out the truth regarding the coin machine industry."

# RABKIN HEADS CMI PARALYSIS FUND DRIVE

NEW YORK — Wm. (Bill) Rabkin, president of International Mutoscope Corp., this city, has again been chosen to act as Chairman for the Coin Machine Industry Division to help raise funds for the National Foundation for Infantile Paralysis.

Bill Rabkin

Rabkin in a letter addressed to all members of the trade wrote, "I do not think that I have to go into great detail to tell you of the work that is being done by this

Foundation to fight the dread disease of infantile paralysis.

"The alarming increase of polio cases during this past summer may have stricken some child with whom you are acquainted, either in your immediate family or in the family of one of your dear friends and has caused you and your friends terrible anxiety.

"That a great majority of these cases have been nipped in the bud, and have not resulted in a lasting effect on the stricken child, is only due to the prompt and marvelous work done by the National Foundation.

"Won't you please, therefore, mail me a check drawn to the order of the National Foundation for Infantile Paralysis, Inc., to help the Foundation continue its marvelous work, and also speak to your friends about this vital and necessary cause so that they, too, may join in the support of the National Foundation."

## E. & W. DISTRIB. CO. OPEN NEW DISPLAY

CHICAGO — DeWitt (Doc) Eaton, General Salesmanager of AMI, has heard from his northern Ohio distributor, Gary Weber, that E. & W. Distributing's new display rooms will be ready the first part of December. They are said to be the most modern and distinctive in the territory.

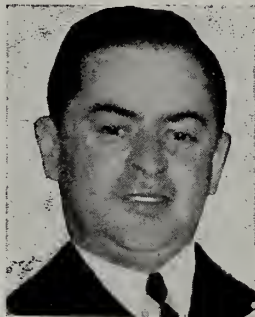

E. & W. Distributing Company has been in business exclusively with AMI for seventeen years. During that time the firm has devoted itself solely to music.

Gary Weber, who heads the concern, is a member of the State Board of the Phonograph Operators of Ohio. He is also a member of the Executive Board of the Cleveland Chapter.

During the war E. & W. was 100% in war production, handling nothing but communication installation work.

# RUNYON PLAN MUSIC PARTIES

NEW YORK — Barney (Shugy) Suger- man of Runyon Sales Company, this city and Newark, N. J., report that the firm

B. Sugerman

Shugy reports, "to have every music oper- ator and his family come over to see the

will hold out- standing parties to introduce the new AMI pho- nos when the first samples arrive.

"This will be in keeping with the plans we have made",

new AMI phonos when they are ready for display.

"We believe that we shall hold these parties thruout the territory we cover in very prominent hotels and in our show- rooms and will arrange for entertain- ment, refreshments and experts who will show the music operators just how to get the most out of each phonograph they buy."

Abe Green, who is Sugerman's partner, and Herman Perin, who is general sales- manager for the firm, are in complete accord with these party showings of the new AMI's.

# ATLAS OPENS AIREON SHOWROOM

PHILADELPHIA, PA. — Sam Weinst- ein who heads Altas Distributing Com- pany, Inc., this city, exclusive distribu- tors for Aireon

Sam Weinstein

Manufacturing Corp., will be opening new display rooms this week at 2013 N. Broad Street, this city.

Weinstein is well known to the trade here. He is considered one of the most successful phono ops in this area. He formerly represented Packard Mfg. Corp. For the past ten years Weinstein has been called the "father" of many phono ops in this area. He is reported to have started many an op on the way to suc- cess in the operating business.

According to Charley Han-

num, who is General Salesmanager for the firm, "No expense has been spared to make these showrooms the most attract- ive in this area. We believe that as beautiful as they are they will only act as a background for the modern and outstanding Aireon line of phonographs and accessories. We believe that the trade will find Aireon phonographs the best they have ever yet seen."

With the new offices and display rooms which the firm are opening here, Weinstein expects to usher in a new era for the music trade in this city. He believes that the automatic phono business has reached new heights and that before very long the public will recognize the automatic music industry as one of the greatest in the history of this nation.

According to Charley Hannum, who was the former business manager for the phono ops association here, "Sam is going to open the eyes of the nation's music distributors with some very new and unique distributing plans which will favor the operator in every way."

# ED. RAVREBY MUTOSCOPE DISTRIB

BOSTON, MASS. — Ed. Ravreby of Associated Amusements, Inc., this city, has just been appointed distributor for

Ed. Ravreby

International Muto- scope Corp., products for the states of Maine, New Hampshire, Rhode Island, Vermont and Massachusetts.

Complete dis- play of the

"The new line of Mutoscope ma- chines", Ravreby continued, "will be sure to capture complete attention, not only in our territory, but also thruout the nation. We feel certain that any oper- ator who wants equipment that will stand up for a great many years and continue to earn him outstanding profits will agree that he cannot buy anything better than Mutoscope products."

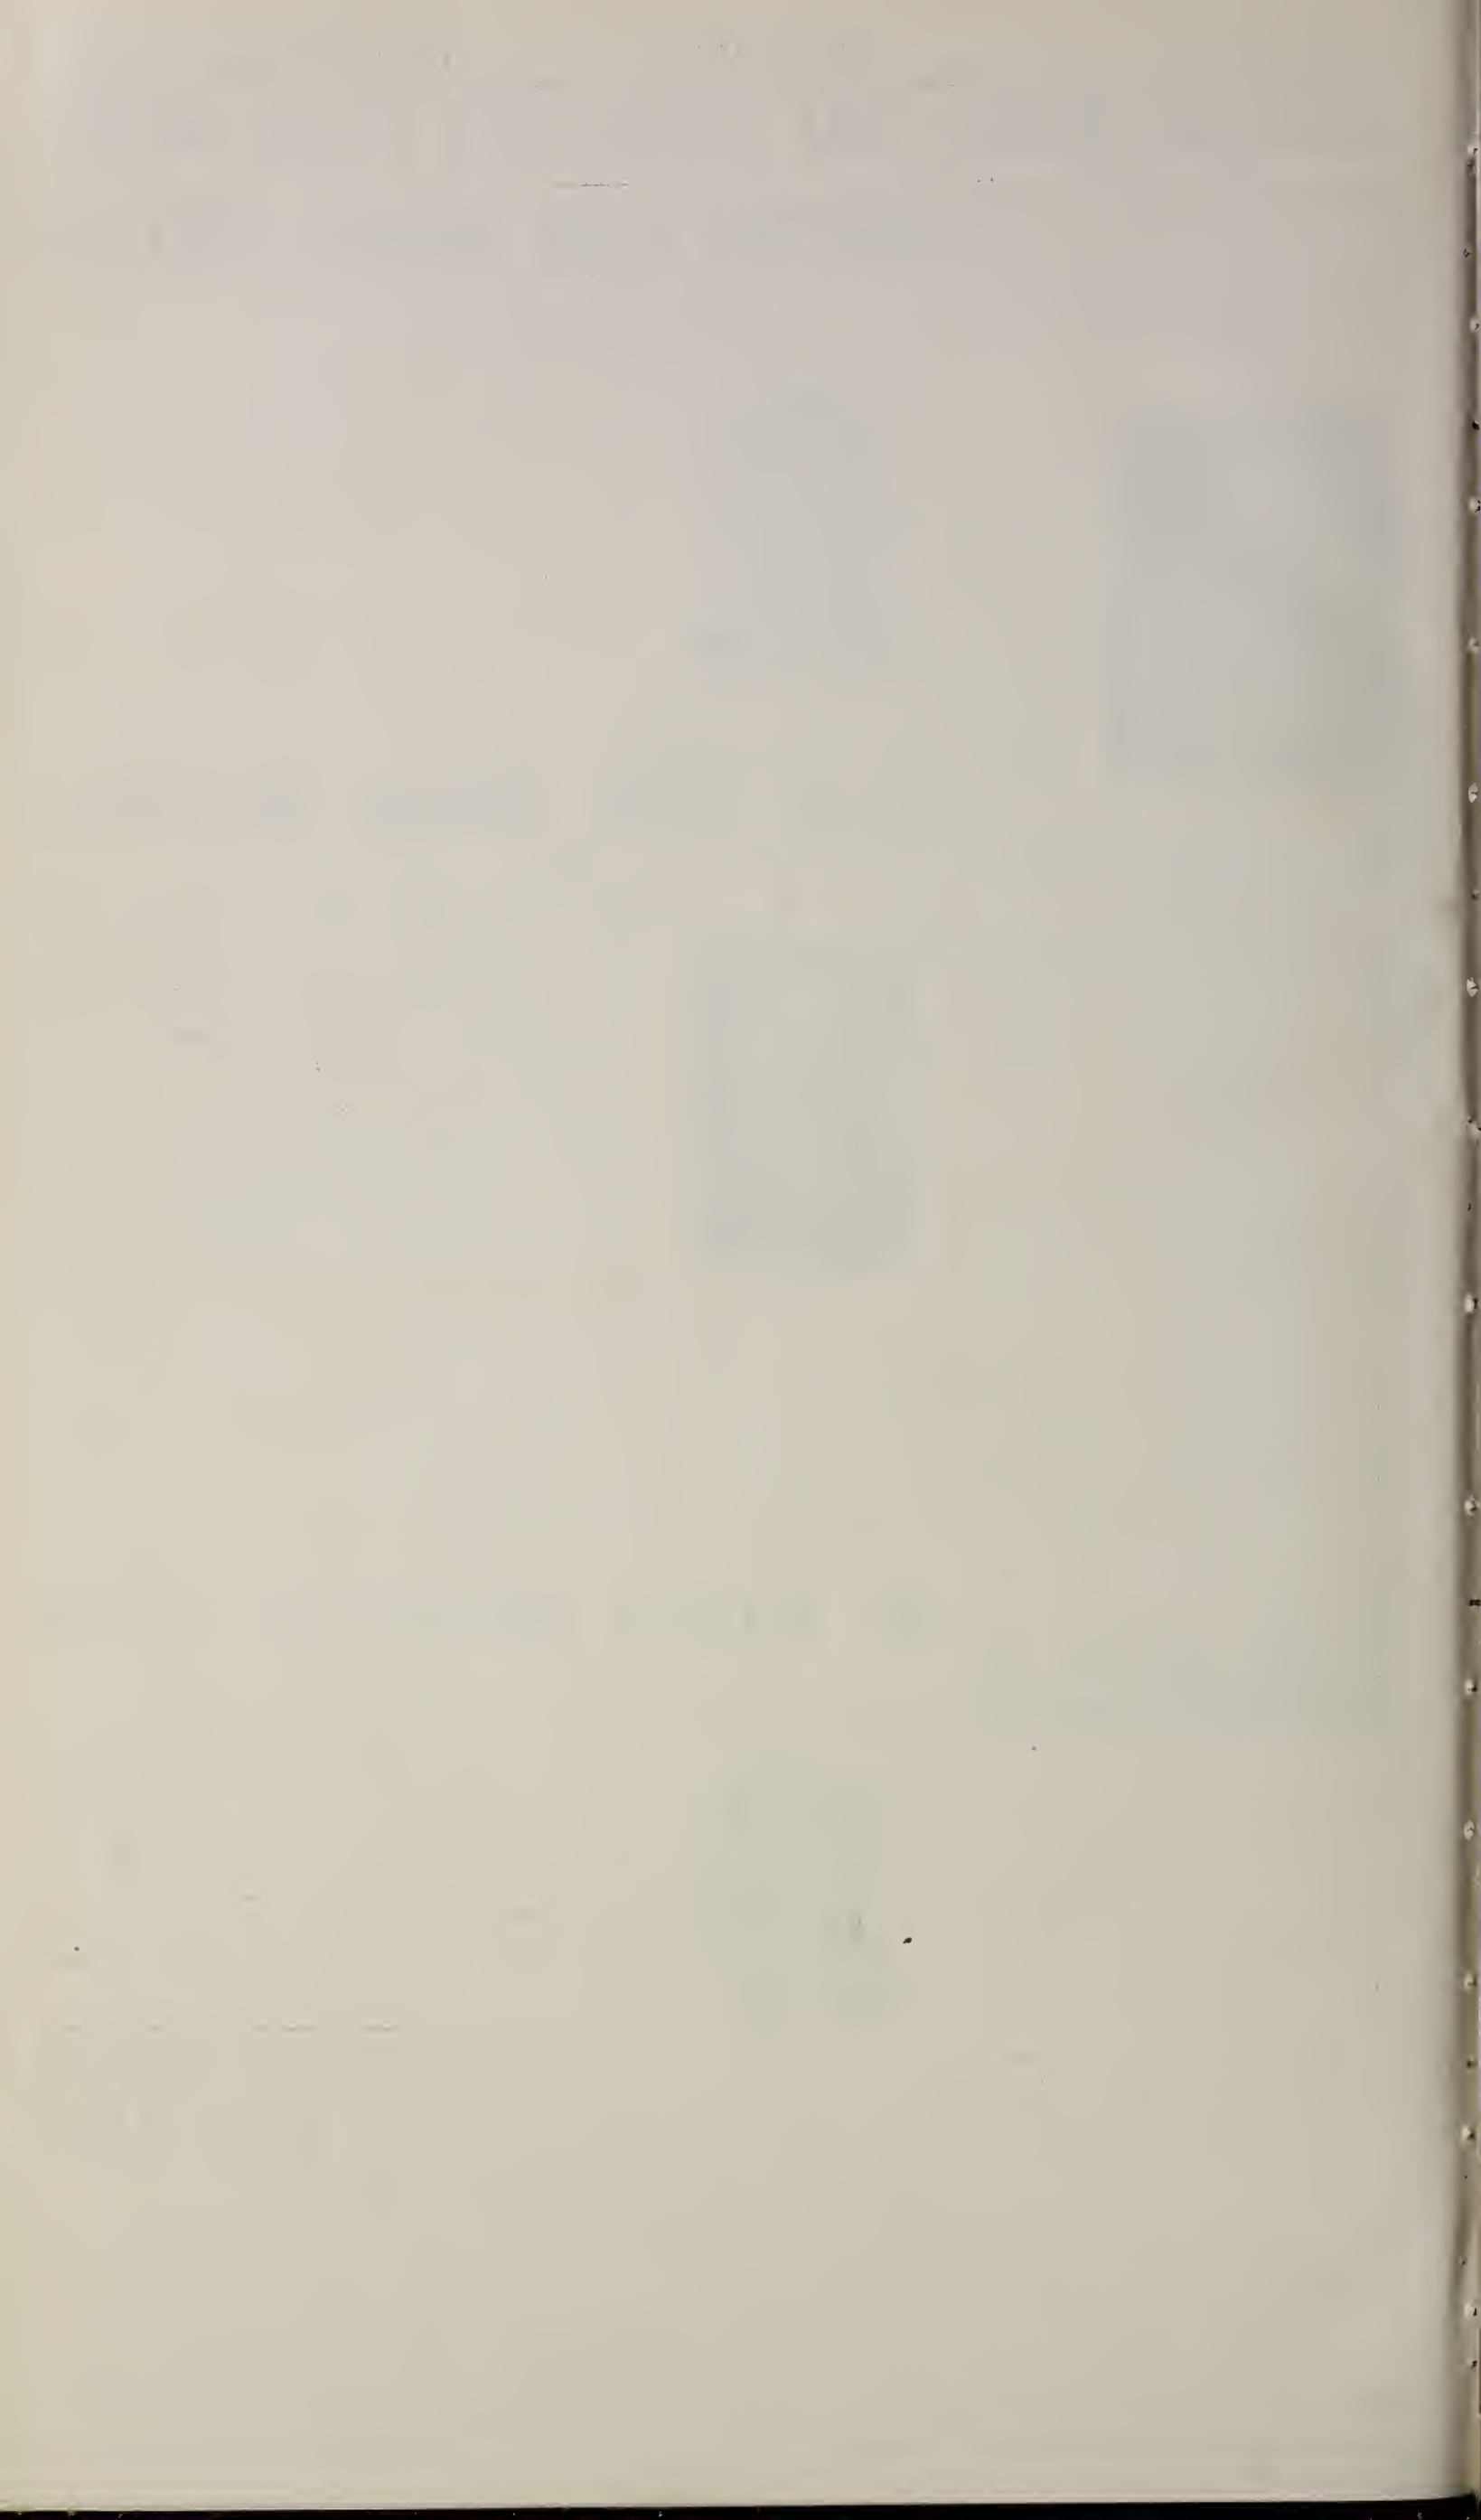

Ravreby also plans a wide introduction campaign to the trade in his area regard- ing the new Mutoscope products and has some very unique plans in this regard.

# SICKING DISTRIB FOR WILLIAMS

INDIANAPOLIS, IND. — Simon Ber- man of the Sicking Company, 927 Fort Wayne Ave., this city, reports that the firm have been appointed sole distributor for the state of Indiana for Williams Manufacturing Co. line of pinball games.

Berman stated, "We believe that every- one in this state will agree that these are the most outstanding pinball machines yet produced in the trade. The new games are at our offices and ready for delivery to the operators."

# LAZAR BROS. HAVE BIG SALES CAMPAIGN

PITTSBURGH, PA. — B. D. and J. D. Lazar of the B. D. Lazar Company, this city, are now in the midst of preparing the largest sales promotion campaign in their firm's history for the new Rockola "Phonograph of Tomorrow".

B. D. Lazar

The Lazar brothers believe that 1946 will prove their biggest phono sales year. They claim that because of the fact the Rockola phonos proved themselves during this past wartime period, that the trade in

the territory they cover are eagerly looking forward to the new Rockola machines.

J. D. Lazar is preparing to cover their territory personally, as he did in past years. The firm's territory ranges thru the Western half of Pennsylvania, the whole state of West Virginia, three counties in Maryland and six counties in Virginia.

Ben Lazar stated, "We believe that the forthcoming Rockola 'Phonograph of Tomorrow' will be one of the greatest innovations in all automatic music history. The trade we cover are all eagerly looking

J. D. Lazar

forward to our first showing of this new unit. There is no doubt anymore of the fact that the music operators realize the value of the new Rockola music instruments. They have found Rockola to be their best bet in almost every case. And this new machine will prove better than anything they have ever yet had on location."

## Bushwicks to Buenos Aires

PHILADELPHIA, PA. — Max Bushwick of Capital Amusement Co., this city, and his wife, Dr. Esther Bushwick report that they are leaving for a short stay in Miami and that they will continue on from there to Buenos Aires, Argentina, where Max has four brothers whom he intends to put into the juke box business in that country.

The Bushwicks intend to be gone for some time visiting in Buenos Aires and believe that before they leave they will have brought many new ideas to juke box ops in that city.

# HANKIN AND LOVELADY MERGE — CONSOLIDATE SALES FORCES

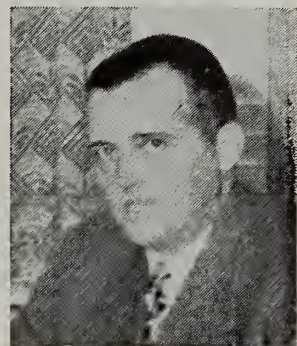

ATLANTA, GA. — Morris Hankin and Jack Lovelady have joined forces to form H & L Distributors, Inc. Offices have been established in the Hankin Building, 708 Spring Street, this city.

Hankin and Lovelady, two of the South's foremost distributors of coin machines, will present a powerful organization to supply operators with all types of equipment.

"For over 25 years," states Hankin, "I have never had a partner, but Jack Lovelady is one of the most progressive coinmen in the country, and together we expect to cover our entire territory giving the operators only the best in coin machines.

Morris Hankin

Jack Lovelady

"During the past 25 years, I have been fortunate in establishing a reputation for integrity and good sound business dealings," he continued, "which will now permit the H & L Distributors, Inc. to be accepted as one of the foremost distributing organizations in the country."

Lovelady is enthusiastic over the consolidation. "I've been making great strides here," he commented, "and with Morris Hankin as an associate, our success should know no limits. We both have many personal friends in our territory which we have made in past years, and by distributing top equipment we can satisfy any demands the operators may make on us."

The firm has already secured two of the leading lines to distribute in their territory—the AMI Musical Instrument line of phonographs and accessories, and International Mutoscope Corp. well known line of games.

Other factories are expected to complete negotiations with H & L Distributors very soon. Further announcements to this effect will be made by Hankin and Lovelady as negotiations are completed.

# MUNVES ANNOUNCES DISTRIBS

NEW YORK — Mike Munves, manufacturer of the "Super Skeeroll" bowling alley, reports that the firm have been concentrating on appointing first line distributors to handle the machine.

Mike Munves

Munves stated, "The game has caught on. We have been receiving letters, wires and phone calls from leading distributors everywhere in the country. All of these men want to represent the machine. Furthermore, those who have already tested the first units

they received advise us that they are earning real profits."

Munves stated that the firm is selecting distribts with great care. They expect to have approximately 100 distributors for the Super Skeeroll thruout the country. The following distributors have already been appointed: California Amusement Co., Los Angeles and San Francisco, Cal.; Badger Novelty Company, Milwaukee, Wis.; Runyon Sales Company, Newark, N. J.; Heath Distributing Company, Macon, Ga.; American Coin-A-Matic Machine Company, Pittsburgh, Pa.; Roth Novelty Company, Wilkes-Barre, Pa. Runyon Sales Company of

New York are handling the national distribution and cooperating with Mike Munves to appoint distributors.

Herman Perin, who is General Sales-manager for Runyon Sales Company, is now working full time at the New York offices of Mike Munves and assisted by Phil Gould is making the contacts with various distributors thruout the nation. Perin claimed, "We have received a great many requests from distributors all over the country for distribution of the Super Skeeroll. But, as yet, we are proceeding very carefully and are picking what we believe are the best men with the best organizations in each territory to represent this machine."

Last minute announcement from Mike Munves was to the effect that the following additional firms were selected this past week to distribute the Super Skeeroll: Empire Coin Machine Exchange, Chicago, Ill; Southwest Amusement Company, Dallas, Tex.; Atlas Vending Company, Elizabeth, N. J.; J. J. Golumbo & Company, Boston, Mass.; Alfred Sales, Inc., Buffalo, N. Y.; Silent Sales Co., Minneapolis, Minn.; Clarence Baggett, Oklahoma City, Okla. and Jules Olshein Co., Albany, N. Y.

# WURLITZER SETS UP CANADA DISTRIBUTION

NO. TONAWANDA, N. Y. — With a two-way handclasp, Dave Lee, Wurlitzer Export Manager, completed Wurlitzer's Canadian distributor setp.

The Siegel Distributing Company will be exclusive Wurlitzer distributors in central and eastern Ontario, the Province of Quebec and the Maritimes. Al Siegel will head up the organization.

Serving central and western Canada including the Provinces of British Columbia, Alberta, Saskatchewan, Manitoba and the Lakeland District of Ontario will be the Smith Distributing Company under the managership of Hugh Smith.

States Mr. Lee, "With these two strong, aggressive outfits in action I have every confidence that the interest of Canadian

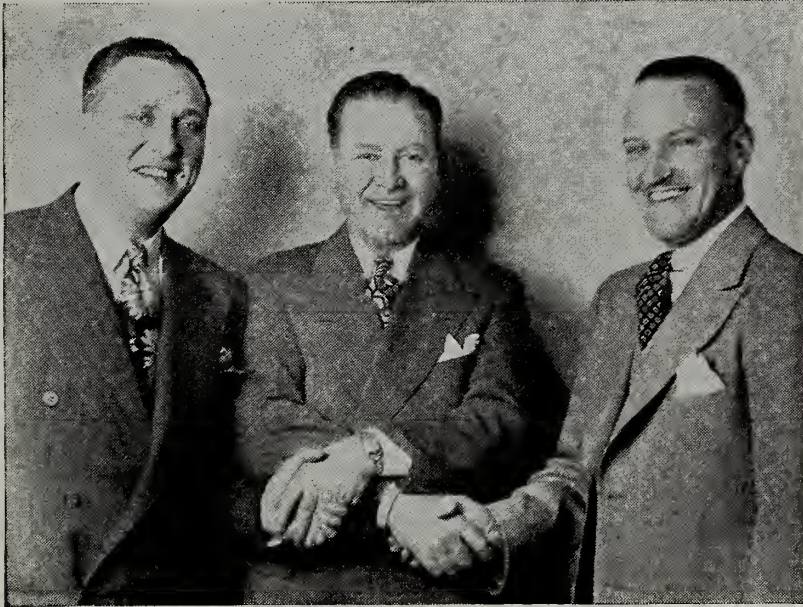

music merchants will be served with the highest degree of satisfaction."

"Siegel will maintain headquarters in Toronto and Montreal. Smith will have complete establishments in Vancouver and Winnipeg."

Already both concerns report tremendous interest in the new Wurlitzer models on the part of Music Merchants all over Canada.

"The boys are just itching for National Wurlitzer Days when they can see and hear the new Wurlitzer Model 1015 Phonograph," says Al Siegel.

"Ditto in our territory," adds Hugh Smith. "We're looking ahead to the greatest years in our history as Wurlitzer extends is leadership."

# COL. MICON HEADS L. A. OFFICES OF "THE CASH BOX"

NEW YORK — "The Cash Box" is happy to announce the appointment of Col. Marshall Micon as its representative on the Pacific Coast to handle all of its affairs in that area.

Col. Micon has been recently discharged from the Armed Forces after five years of service. He served as Chief In-

telligence Officer of a wide area on the Pacific Coast before being sent overseas in a similar capacity in the European Theatre of Operations.

Col. Micon served in England and took part in the invasion of France on "D" Day. He is the wearer of the Bronze Star and numerous battle stars for cam-

# AL BERGMAN OPENS DISTRIBUTION OFFICES

BUFFALO, N. Y. — Alfred Bergman, one of the oldest established and best known coin machine operators in these parts, has launched a brand new enterprise, Alfred Sales, Inc.

Al Bergman

The firm have just opened headquarters in a large, modern and completely remodeled building in the heart of coin row here.

Bergman will distribute the Airion phonographs, also amusement and vending machines, parts, accessories and all products allied to the coin machine industry.

Bergman has spared no expense in fixing up the home of Alfred Sales, Inc. Layout has large show rooms on main floor with about 2,500 square feet of space to display merchandise to best advantage. Two large store windows will be decorated tastefully with special insignia, and store front will be modern. All fluorescent lighting is being used inside, with interior decorating scheme of rich blond and natural-brown walnut woodpanelling effects throughout.

Showrooms have a special burnt-orange trim. A new heating system and new floors have been installed; all office furniture is new "artmetal" type. In back of showrooms is the separate parts department and complete repair and service shop. On ground floor are woodworking shop and special explosion-proof spraying room for refinishing used equipment; also racks and plenty store space for used equipment of all types.

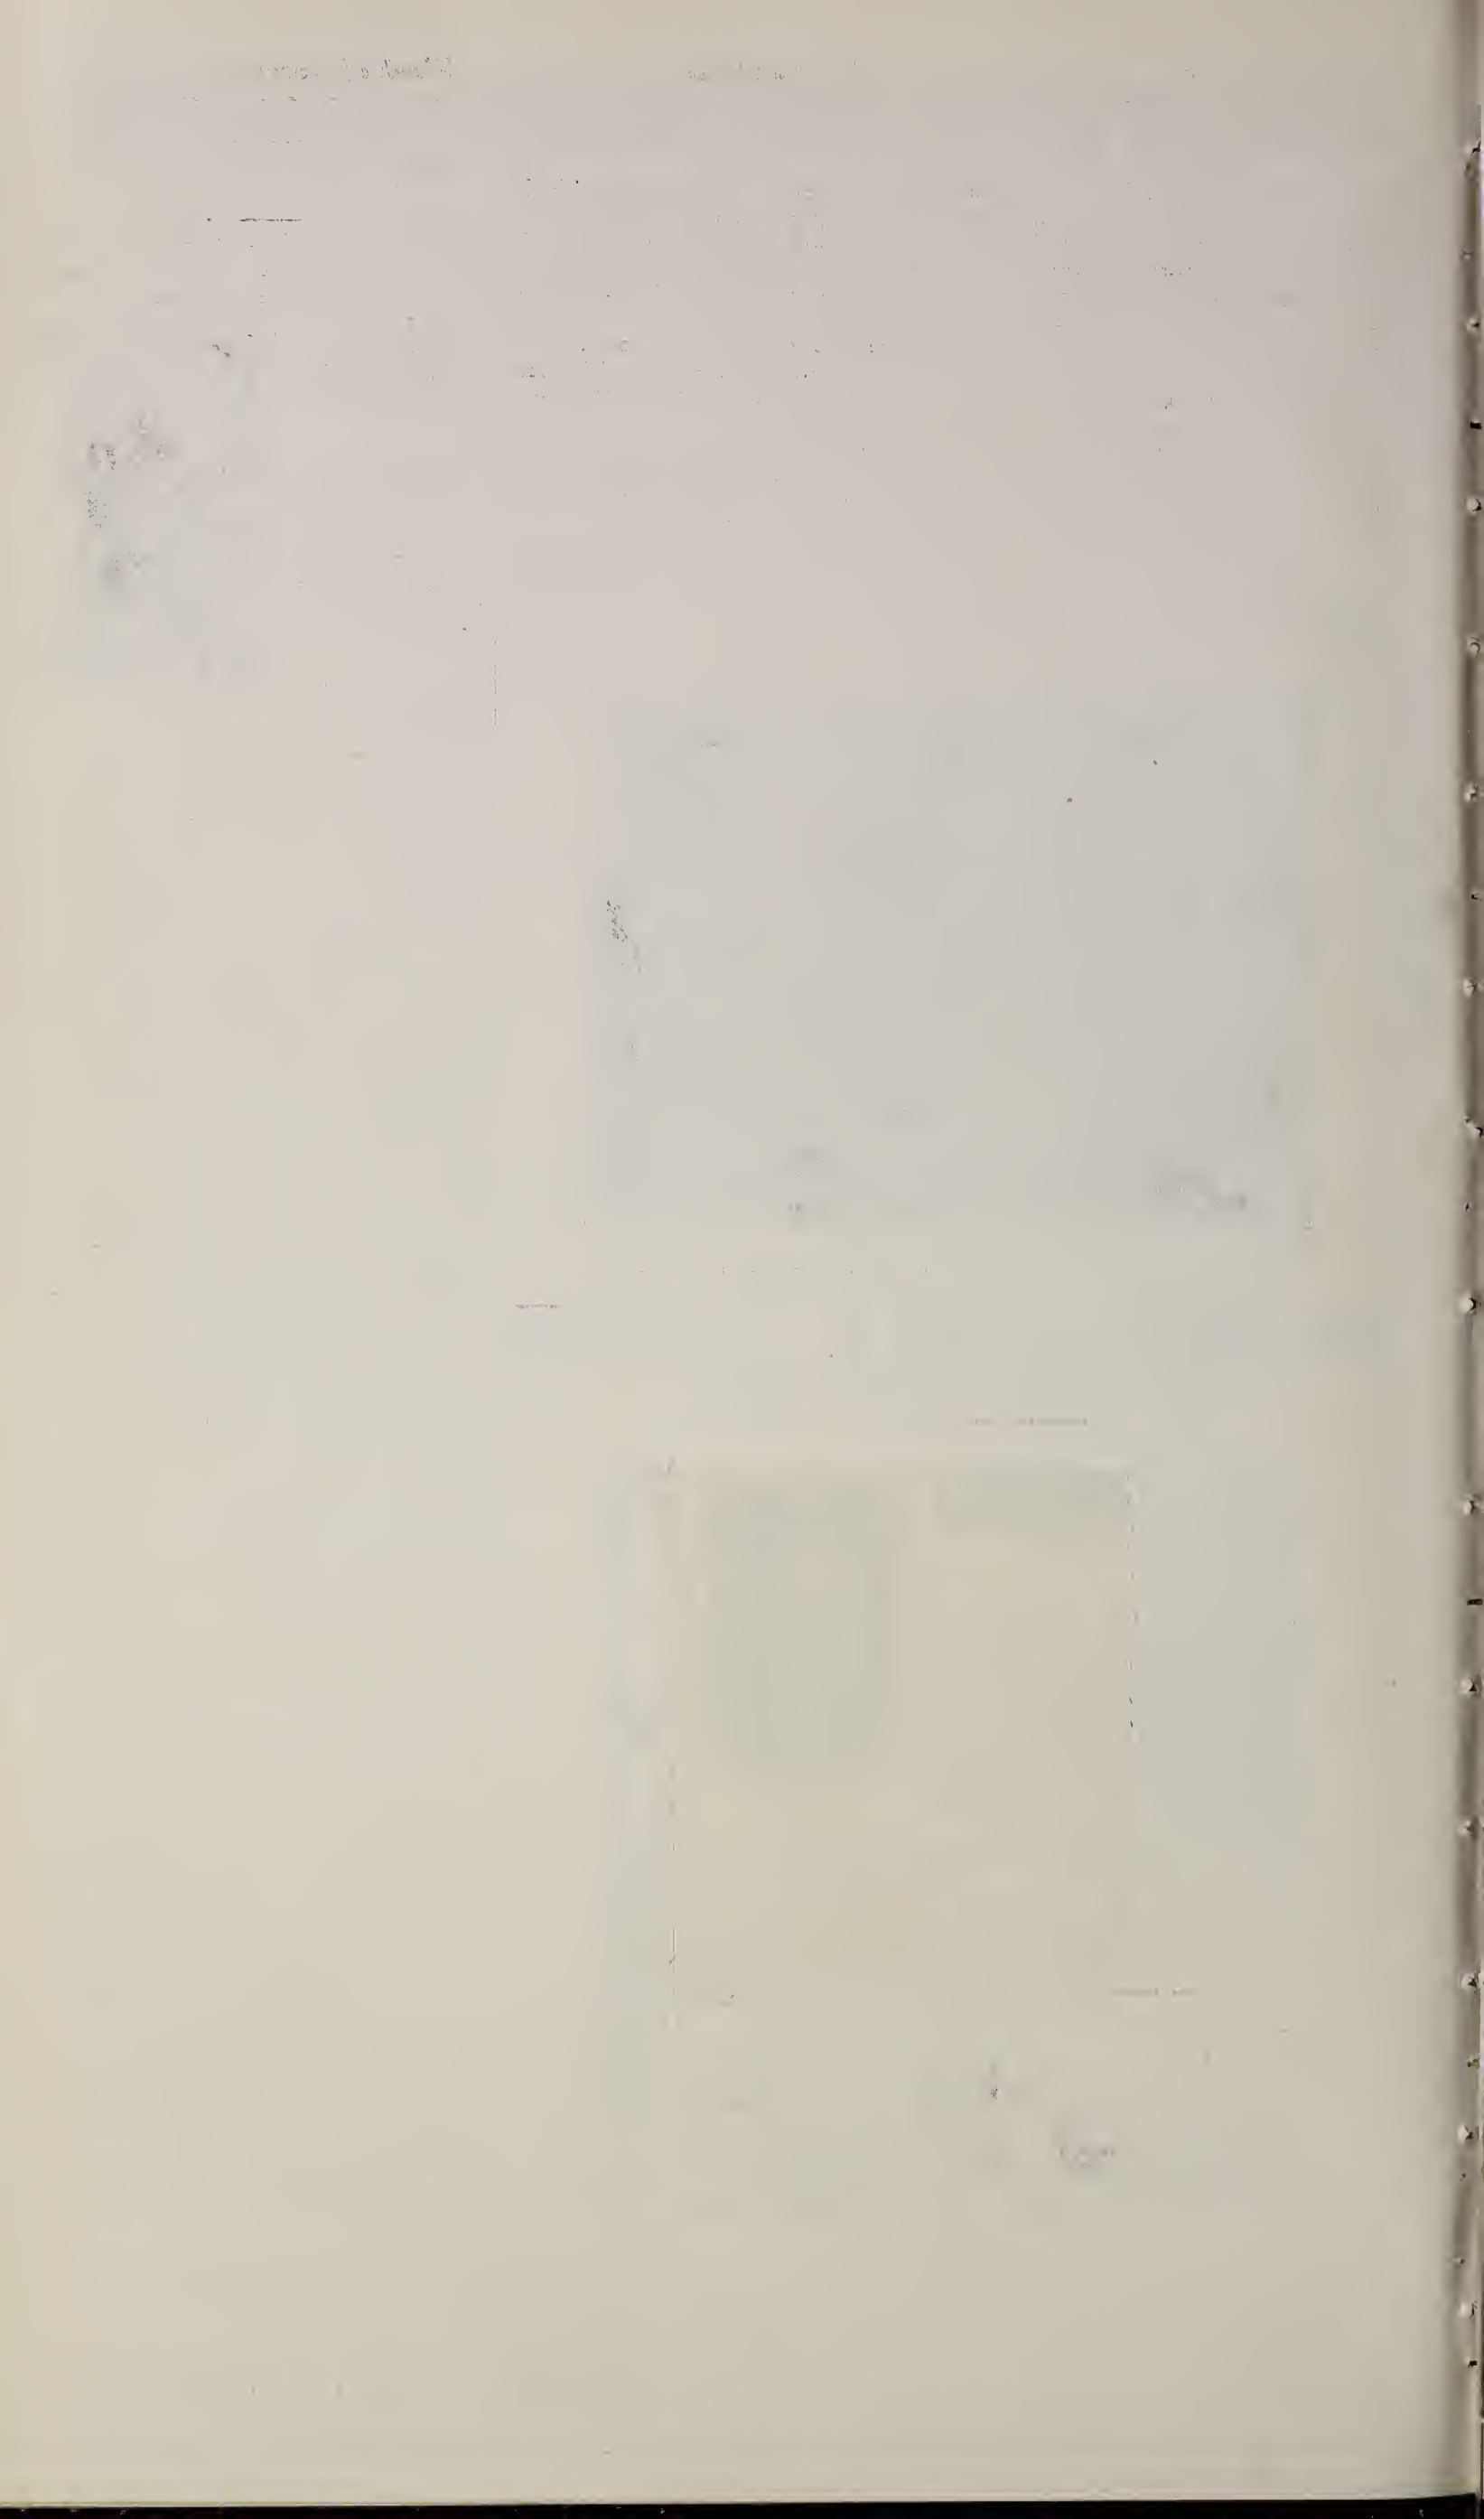

Al elevated portion on one side of the building house executive and general offices, the latter permitting full view of the showrooms through huge plate glass window. Another room is furnished with all necessary test equipment for repair of amplifier, auxiliary and remote control units. Property extends from Main St. through the block to North Pearl St., with ample facilities for parking, loading and unloading, and perhaps future expansion of the main building.

Present staff includes: Al Bergman, president and general manager, with new sales manager to be announced shortly; Alfred Bergman, Jr., soon to be discharged from the army, who will head parts department; Leroy Bergman (another son) who will enter service department upon release from service. (Both boys were associated with their father before their entry into the armed services). Leo Pasicak, service manager, and formerly field instructor with Rudolph Wurlitzer Co.; John Berger, Wesley Schloerb, Lester Bergman, and Joe Cosimano, all coin machine service men; Mildred Vastola, bookkeeper and Jerry Davis, secretary.

campaigns in which he took part. In civilian life Col. Micon was a lawyer practicing in Vincennes, Indiana.

The Cash Box has established its Pacific Coast offices in the city of Los Angeles, at 422 W. 11th St. Col. Micon can be reached by telephone at Prospect 2687.

# GENERAL BUSINESS HIGHLIGHTS

The Administration has started an all-out drive for *extension of price controls* beyond the June 30 expiration date. Expected deflationary forces have not materialized and psychological forces have combined with economic factors to bring inflationary pressures to a peak.

Stepped-up production will be necessary to meet *industry needs for strategic materials*. Government stockpiles have been pledged by CPA to help industry meet its requirements for minerals and metals during the reconversion period. Tin, lead and antimony stockpiles are among those which may not last through the third quarter of 1946.

President Truman asserts it is the duty of democratic government to assure jobs "for those who are able and willing to work." He urges support for housing and health programs.

Detroit negotiations with the General Motors' strikers continue today. The *nationwide strike vote of General Electric employees* Thursday will include 17,000 salaried employees as well as 215,000 hourly workers.

Hearings start today on President Truman's proposals for establishment of *fact-finding boards* as a means of handling labor disputes. John L. Lewis, whose union termed it a plan to "enslave labor," is scheduled to be the first to speak.

SEC may rule on which items constitute *proper charges against postwar reserves* and which should be charged against peacetime operations. If the ruling is made before Dec. 31, it is expected to cover the treatment of tax refunds and accelerated amortization.

Investment bankers expect *corporate financing* this week to exceed \$300,000,000.

Resumption of *private trading with Holland* will accompany unfreezing of blocked balances in this country. Items traded must be listed as essential by the Netherlands Government, and individual transactions would have to be completed through a government mission.

Speedy resumption of *coastwise shipping* activity may be delayed. While some operators are said to favor operating under WSA control, most indicate they would prefer ICC reconsideration of cargo rates before trading gets under way. The narrow profit margin that prevails may quickly change to a deficit under existing cargo and shipping conditions.

The Civilian Production Administration is using new methods to *end reconversion bottlenecks*. With prime consideration given to end products, priorities are given to firms for items needed to break production jams.

Increasing inflationary pressures have slowed the *OPA decontrol program*. Reinstatement of ceilings on citrus fruits is being sought. The prospects of quick price relief have diminished as a result of reversal of the expected decline in consumer demands.

Rulings by the *Supreme Court of the United States* permit creditors to sue the Alien Property Custodian for recovery on claims against enemy assets held or disposed. The court also upheld withholding by the Navy of war contractor payments deemed "excessive profits" by the Government under the Renegotiation law.

The "helping hand" of OPA was denounced as "a kiss of death" by small steel companies which rejected an offer to raise *price ceilings on steel products*. The relief was offered because, according to OPA, small producers must make their living off few products in competition with large companies having integrated lines.

A plan for integrated Government-industry co-operation in *disposal of surplus property* is being considered by the RFC. Three industry groups of product consultants, technicians and industry advisors would help determine sales programs.

The OPA does not have to approve price increases because of *increased costs due to wage rises approved* under the new wage-price stabilization regulations. OPA must, however, give immediate consideration to applications based on NWLB approved wage increases.

*Tax relief is barred* by a United States Tax Court ruling to companies which had a chance in the character of their business as a result of the war. A definition of "normal" earnings for the base period was given.

The Government plans to use priorities and price controls to *speed housing construction*. About half of all building materials will be allocated for building of multiple dwellings and homes selling for up to \$10,000. Revision of "obsolete building codes" and other actions directed towards stimulating building activity will be sought through Washington conferences starting Monday.

A *six months' extension for OPA* by Congressional action early next year was urged by Civilian Production. Administrator Small at hearings before the Senate Small Business Committee. This would discourage producers who are withholding goods and speed reconversion, he said.

Government experts are now admitting that their *unemployment forecasts for 1946 were wrong*, 5,000,000, not 8,000,000 may be looking for jobs in March, with the employment picture brightening after mid-year.

Industry-wide *price-relief for steel* was not recommended by the General Steel Products Advisory Committee to OPA. Instead, limited exemption from ceilings or application for individual price relief was suggested.

A plan to establish *industry advisory committees and councils* is being considered by the Department of Commerce. A council would be a co-ordinating center for all Government activities relating to a particular industry. The groups would make the Commerce Department the clearing house for Federal agencies and industries in the development and execution of policies and program.

Northeastern States shippers will pay about \$15,000,000 more next year if the 10 per cent increase in *class freight rates* ordered effective by ICC Jan. 1 goes into effect. It would also adversely affect reconversion in New York, according to affidavits presented in an effort to secure an injunction against the ICC order.

## KEN WILLIS VISITS AIREON FACTORY

MINNEAPOLIS, MINN. — Ted Bush of Bush Distributing Co., this city, reports that Ken Willis, General Salesmanager of the firm, spent most of the past week at the Aireon Mfg. Corp. plant in Kansas City and that he was so impressed by what he saw there in regards to the new phonographs and accessories which were being prepared for

Ted Bush

the production lines, that he hasn't stopped raving to the trade yet.

According to Ted, "We sent Ken Willis along with some of our mechanics to visit the Aireon factory to get acquainted with the simplified Aireon phono mechanism. Ken came back raving about the beauty of the Aireon line of music and our mechanics haven't yet stopped talking about how simple the mechanism in the new Aireon phonos really is."

## CHICAGO CHATTER

Even tho it's only a few more days until we celebrate the Xmas and New Year holidays—this did not keep the coinmen from coming to town, and believe me, in droves, too . . . Bob Hunter of Hunter Sales Co., Dallas, in town and telling how

he revamped an old building into a showroom and living quarters . . . Mortimer Schwartz of Mortimer Sales Co., Montreal, also in town and seeking to get the new machines into Quebec Province . . . J. McDaniel of McDaniel-Sugget Music Co., Enid, Okla., arrives here and makes the rounds in a hurry . . . Harold H. Thompson of Toronto seen around town, too, this past week . . . Ben Axelrod and Al Haneklau of Olive Novelty Co., St. Louis, all over the place as they again renew acquaintances with the manufacturers . . . Clarence Camp of Southern Music Co., Memphis, seen here and there about the Windy City . . . Frank O'Brien of Acme Amusement Co., Dallas, also in town (and, by the way, Frank thanks for the calendar) . . . Lew London of Leader Sales Co., Reading, Pa., also in town. He's a regular Chi commuter.

John Casola of the Victory Penny Arcade, Rockford, Ill. in town to do some buying . . . W. H. Pickron of Rock Island, Ill. also seen about . . . Jack Lovelady of the Lovelady Music Machine Co., Ball Ground and Atlanta, Ga. in town this past week as the news spreads that Jack has merged forces with Morris Hankin of Atlanta, Ga. and they have one terrific sales organization in Atlanta . . . Bill Miller of Miller Vending Co., Grand Rapids, Mich. also in town and looking about to get the latest info . . . Sam London of Milwaukee Coin, Milwaukee, in Florida lapping up some sunshine, but expects to be back in time for the Seeburg showing at the Belden-Stratford Hotel here on December 18 . . . Harold Baker back from Florida and looking like a million . . . Dick Groetchen also back from Florida's sunny clime and looking marvelous . . . It seems that both Dick and Harold did some deep sea fishing together while down in Florida and really brought in a very big catch—if the pictures they are showing around town are to be taken as evidence.

J. Frank Meyers of Exhibit reported to be well enough to make the trip to California where he intends to spend the winter. There are so many new changes being made over at Exhibit that it is hard to believe this is the same building we used to know. Every week something new is being added. It's a real revelation—inside and out. Glass brick, new lighting, new display rooms, new general offices—not to mention the additional building being added to the present one. "The entire line of Exhibit machines will soon be ready for display", says John Chrest . . . The Bottler's convention brought many delegates from all over the country this past week. O. D. Jennings arranged to take many of these people out to their plant to view the new Jennings equipment, including the Dairy Vendor and their latest beverage machine . . . And quite a few coinmen down on the sick list this past week: J. R. Bacon, vice-pres. of O. D. Jennings confined to his home with a case of the flu . . . Vincent B. Murphy sales mgr for Monarch Coin has just returned to his office following a siege of pneumonia . . . Henry Roberts convalescing at home following a battle with the pneumonia bugs . . . Art Cooley of Mills up and around again after a severe heart attack . . . Maj. Arthur Wermuth, newly appointed sales mgr for Pace, is in Little Rock, Ark., where is undergoing treatment for illness contracted while a prisoner of the Japs.

Bob Bleekman has been appointed Packard distributor for Illinois, Wisconsin and Upper Michigan . . . Eddie (Atlas Novelty Co.) Ginsberg in Des Moines, Ia. attending the opening of their branch offices there . . . Sam May in from San Antonio and making the rounds of the factories . . . The big music news in town is the fact that Lou Koren and Max Berenson sold out their phono operating biz to a new corporation to be known as A.B.C. Music Service Corp. as of December 1. The new corp consists of a group of Chi music coinmen with Bert Donioli, pres., Jerry Shuman, secretary, Raymond Cunniffe, treasurer, Robert Gnarro, vice-pres. and general manager, Nate Turner of Triangle Music Co., Jack Paschke Phonograph Service, Anton Oomens of Walter Oomens & Sons, Julius Mohill of Star Music, Tom Dickinson of Dickinson Music, Chas. Hoffman and Jake Nomden. Bob Gnarro will supervise the operations of the new firm and the other coinmen will continue on with their respective interests. They plan to move into new quarters at 2252 W. Chicago Ave. sometime this month . . . In the meantime Max Berenson rushed right down to Florida to spend a few weeks with Lou Koren after which both plan to return to Chi and start remodeling their present building to have everything ready for their Aireon distrib set-up—Distributing Corp. of Illinois.

Sol Gottlieb of D. Gottlieb & Co. just back from a two weeks' trip thru the Central states reports tremendous enthusiasm everywhere along the line. Many are planning to completely remodel their quarters—others buying buildings, etc., etc. and all feel that '46 will be coin machine industry's greatest year, especially when the factories start humming with big volume production once again . . . Jimmy (Globe Distributing Co.) Johnson proudly displaying his latest "ex"—the Jorgenson Change-Separator, which automatically separates all denominations of coins instantly and drops them into individual trays at the turn of a switch. "A real time saver—and, believe me, a life saver, too", says Jimmy . . . Mike Munves and Barney (Shugy) Sugerman of New York both in town this past week with Shugy in bed for a few days after his arrival due to a touch of La Grippe . . . And DeWitt (Doc) Eaton of AMI rushes off once again to visit a great many cities in the Midwest—then into the East—and possibly down South to see his new distribs—Morris Hankin and Jack Lovelady . . . Harry Brown and Dave Yaras of American Amusement Co. certainly started many tongues to wagging with their full page announcement that they are AMI's distributors in this area. Both Harry and Dave much elated over getting the line and very much enthused about being in the music biz.

## EASTERN FLASHES

Ed Ravreby, Associated Amusements, Inc., one of the busiest people in the East. Not only does he personally make the rounds of his Springfield and Fall River offices, but has to spend considerable time at his main office in Boston. In addition, Ed comes into New York City every weekend to be at his Playland. If this isn't enough, Ravreby recently has been visiting all the Masonic Lodges in his state, participating in all their official meetings. At a party in his honor in his own lodge, held on November 28, a crowd of over 750 people attended.

Joe Darwin, regional manager for Packard Manufacturing Corp., completely recovered from his recent illness, and gets moving among the trade like a cyclone. Following a trip to Boston, Mass., he visits New York City, Philadelphia, and Washington, D. C. . . . Les Paul, distributor for U-Need-A Vendors here, in a minor auto accident, resulting in a few stitches over his left eye . . . Jack Semel, well known coinman, sells out his interest in his arcade to his partner Dave Simon. Jack still in action with his photo studio on Broadway, which his son manages. Semel expects to leave for Miami shortly for a rest, then will return here for some fast action.

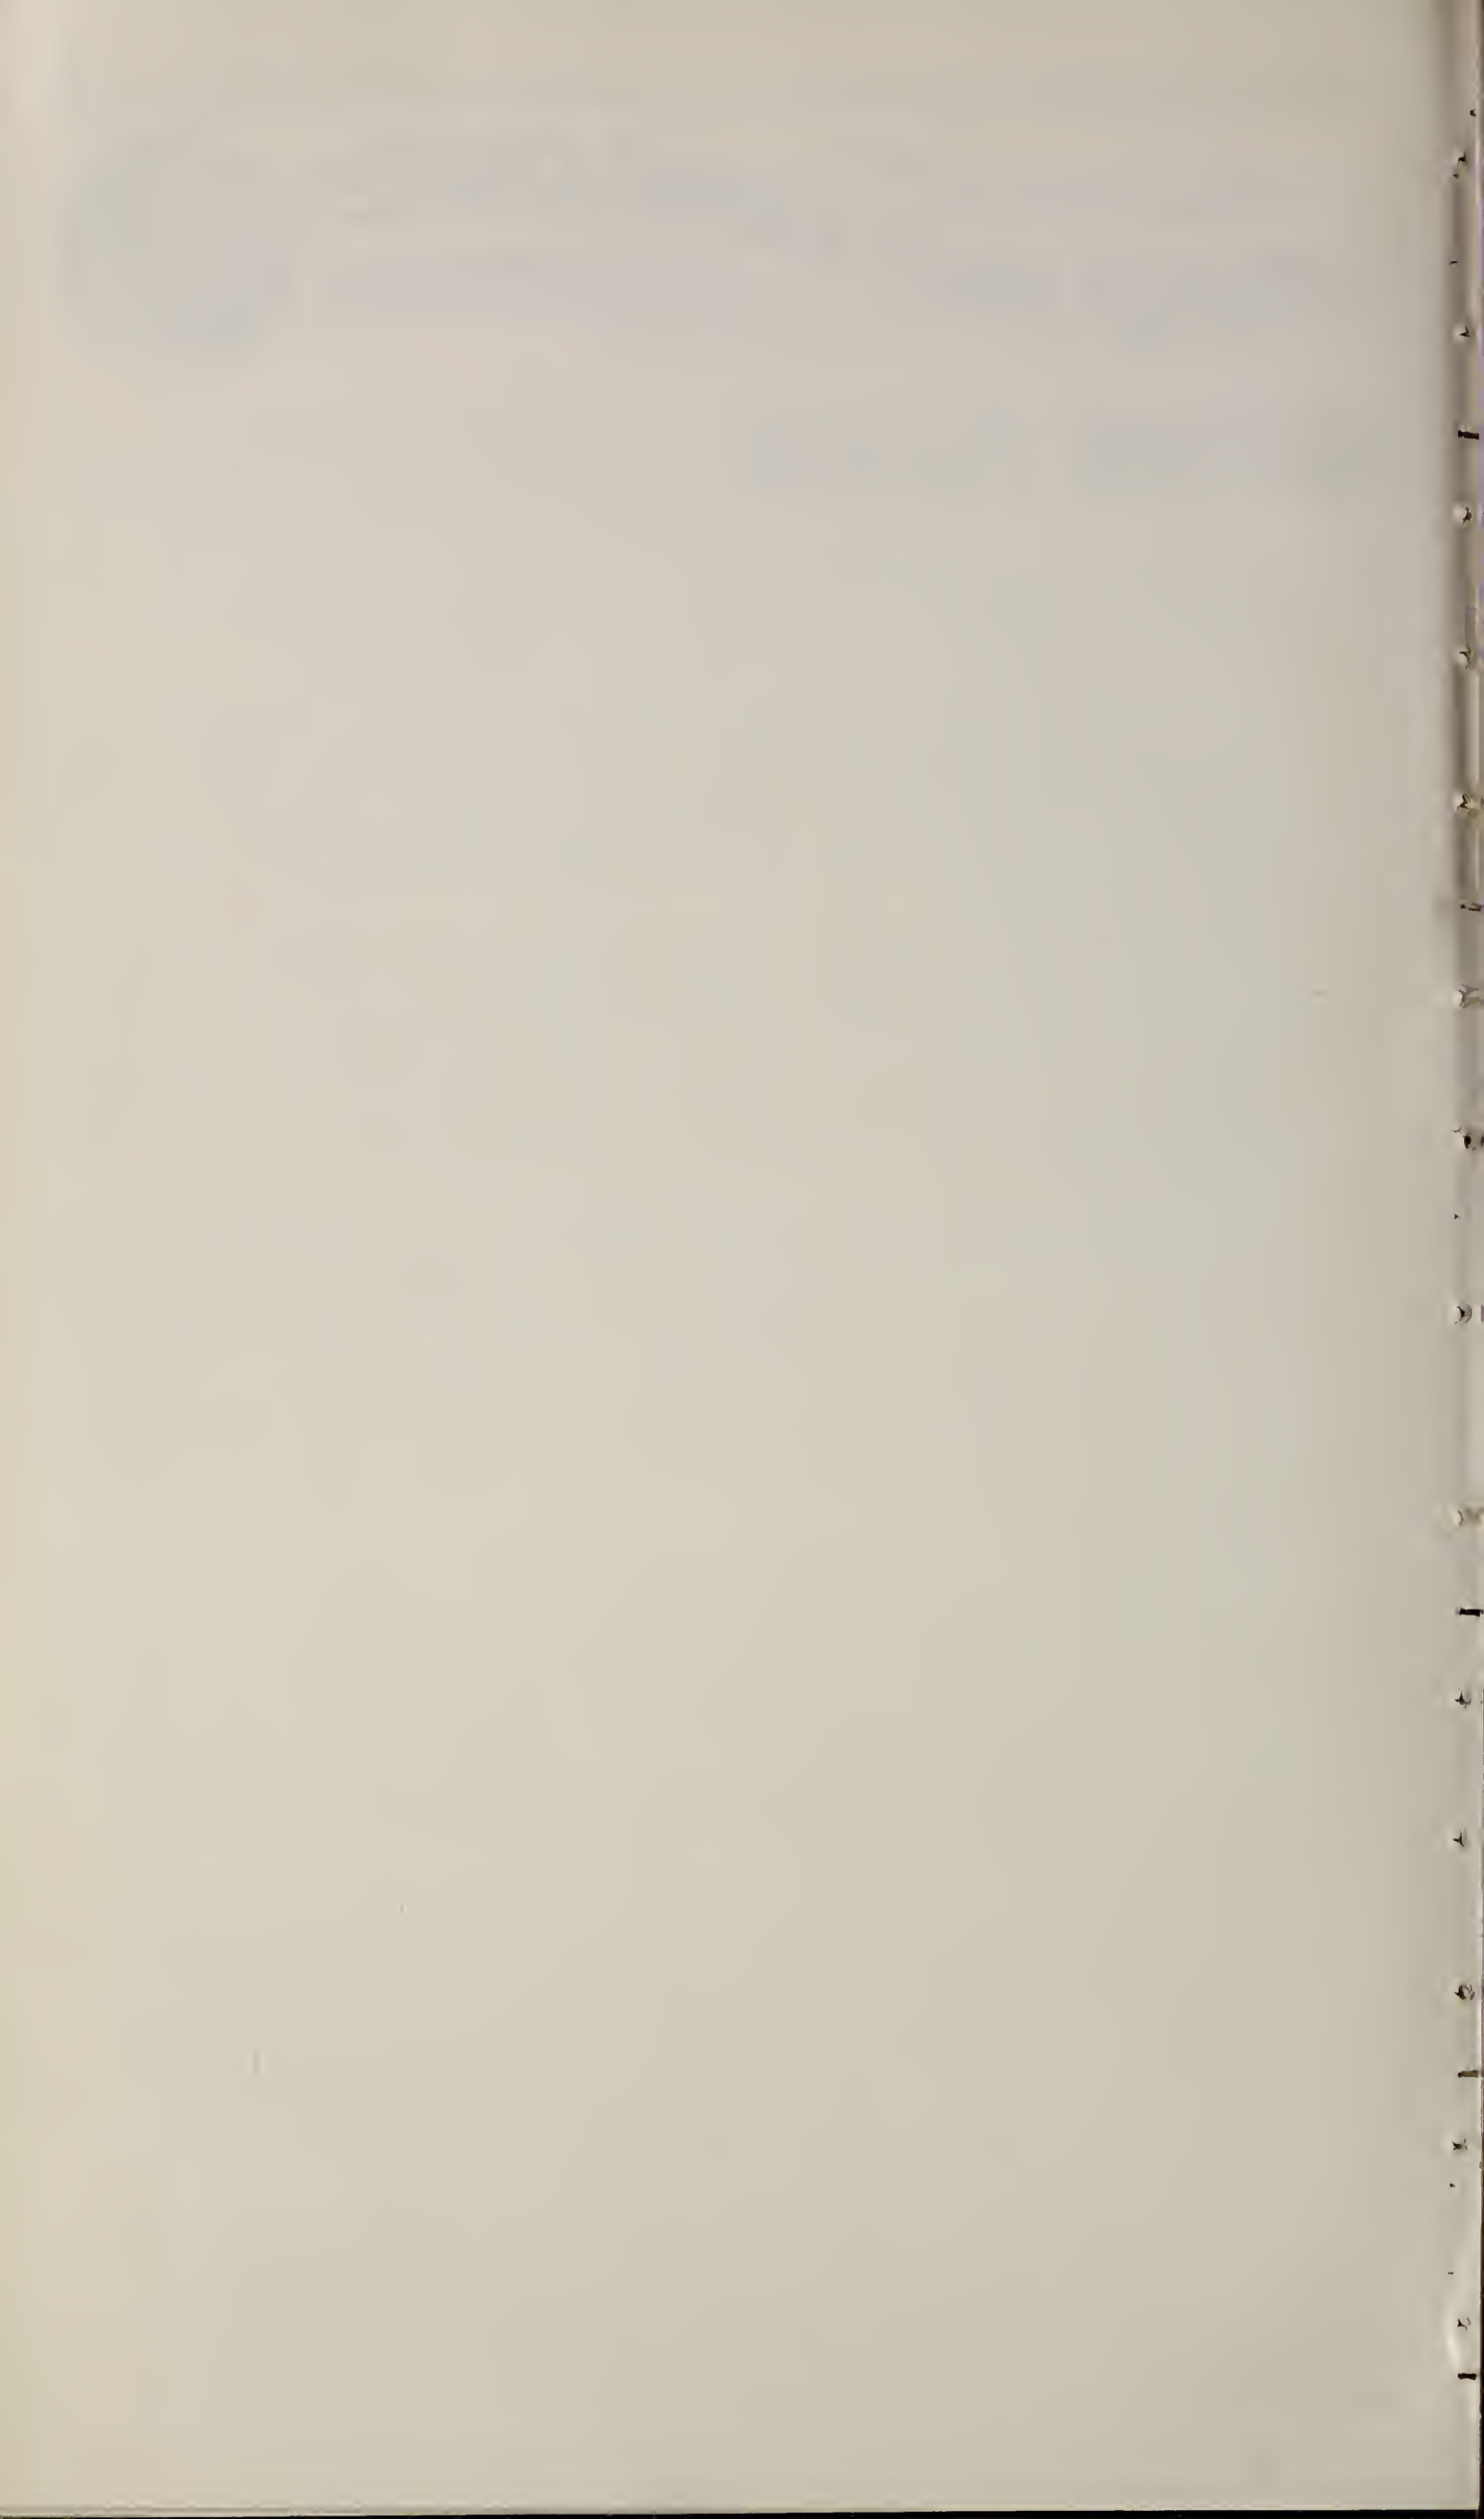

Jackie Berman, who had returned to the states from the Pacific theatre, arrives in time to be with his wife in Baltimore where she gives birth to a girl on Sunday, December 9. The baby weighed 6 pounds, 7 ounces, and will be called Arlene Sally. Bess and Ike Berman, the grandparents, immediately rush down to Baltimore to get a look-see at the new arrival . . . Lou and Charlie Herman, County Amusements, Yonkers, N. Y. mourning the death of their mother, who died December 6 . . . Sam Engelman released from the Coast Guard after serving four years. Sam joins up once again with Charlie and Gil. The trade surprised when Sam announces he has been married for the past several months.

Talman Andress, Andress Cigarette Service, Phoenix Ariz. and El Paso, Tex. in town for a few days, but can't take the bad weather and runs home. While in town, Andress visited "Bip" Glassgold of DuGrenier, George Seidman and Arthur Gluck of Rowe . . . Joe Kochansky, Bay Ridge Music Co., Brooklyn, N. Y. off to Florida . . . Charlie Sachs, Union Automatic Music Co., Brooklyn, bedded with a severe case of pneumonia, which necessitates the postponement of his trip to Miami . . . Mike Munves in Chicago . . . Ditto Barney (Shugy) Sugerman . . . Herman Perin, sales manager for Runyon Sales Co. of N. Y. really getting those distributors for his Super Skeeroll . . . Nat Cohn, Modern Music Sales Corp. out of town for a few days, and Earl Winters, his partner receiving all those fine comments on their having the Mutoscope line.

There's a beverage vendor being manufactured by a large outfit in New Jersey . . . Irv Morris, who just returned to Newark, N. J. and opened a branch for Active Amusement Machines Co., busy hearing from all his old friends. Irv says some of the boys who left the coin business during the war come in and tell him they want to get back again . . . Oreste D'Allesandro of Central Coin Machine Co., Rochester, N. Y. just returned from Chicago, and writes that "things look bright for coin operators in the very near future". Jim Alexander of this firm still traveling and buying plenty of equipment, while Jim Pastorella, a new employee, rapidly learning the biz . . . Charlie Aronson, Brooklyn Amusement Machine Co., Brooklyn, N. Y. hustling plenty these days preparing his operations for the holidays. "It's too much work for one man", claims Charlie, altho my agents take care of everything. The demand for phonos this year is terrific."

HERE ARE A FEW DETROIT, MICH. NOTES: Elizabeth Lund, Michigan Automatic Phonograph Owners Assn. just returns from a vacation . . . John DeHaven recently bought out the McNichols Music Co. headed by Max Marston. DeHaven a newcomer in the biz . . . Motor City Music Co., headed by Morris Goldman rapidly expanding. He recently took over a large route from Wolverine Entertainers of Pontiac, Mich. . . . C. Stavros, one of the oldest ops in Detroit, buying considerable equipment from George Skinas of Star Music Co. . . . Leon Janc of J. P. Music Co. is buying out Al Czar . . . Joe Brilliant, Brilliant Music Co., together with Mrs. Brilliant and their son, go to Cleveland, O. over the weekend to welcome Mrs. Brilliant's brother home from the Army.

Max Roth, Roth Novelty Co., Wilkes-Barre, Pa. seen talking things over with Bob Slifer at East Coast Sales & Distributing Co. . . . Jack Fitzgibbons, Jafco, Inc. will be making that important announcement in a week or so . . . Fred Iverson and Johnny Bilotta of Eastern Sales Co., Rochester, N. Y. spend the week in Chicago . . . Dave Robbins and his wife seen at the Waldorf. Dave was formerly a factor in the coin biz here . . . Ben Becker, Palisade Specialties, Inc., Cliffside Park, N. J. also seen at the Waldorf with his missus.

He will take complete charge of the route as soon as he gets back from his vacation . . . Mr. and Mrs. Walter Hugeback and Mr. and Mrs. Don Bruington in town for a few days doing some Xmas shopping. They sure do make up a joyful foursome . . . Cecil Treveer of Winona, Minn. reports enjoying a very successful deer hunting trip . . . Fred Fixel of Pembina, N. D., in town for just one day. Drove in by car—480 miles—what a trip for just one day's visit . . . Beau Brummel Potter of Fairmont, Minn. in town to see how the Twin Cities stand up while he's gone.

Norman Hanson of Osakis Novelty Co. and his family in town to do some Xmas buying. Norman, by the way, formed a one-man club early in '42 which he calls the "Babet Club". He's the only member. "Babet" means: "Buy a Bond Every Tuesday" . . . Believe It Or Not Dept.: Carl Cavallero, ace trouble shooter of the La Beau Novelty Co. was named Carmen Cavallero, the same name as the famous bandleader and pianist. But Carl changed his name many years ago. And he, too, is a pianist and once was a bandleader . . . Hy Greenstein of Hy-G in Chicago attending the Outdoors Equipment Convention . . . John Bohnen and his son, Charley, who was just discharged from the Army in town this past week. Charley is having his hands full trying to find himself some civilian clothes. The shortage is terrific . . . Ed Kubes of New Prague, Minn. in town and in civvies once again, after serving 3 years in the South Pacific . . . Also seen about town this past week: I. F. LaFleur of Devils Lake, N. D., LeRoy Oftedahl of Marshall, Minn., and Eddie Skalicky of Jackson, Minn.

# C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. Copyrighted 1945 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.

## FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

## METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

## CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
  2. MEANS PRICE WENT DOWN.
  3. MEANS MACHINE JUST ADDED TO LIST.
  4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
  5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
  6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
  7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS
- XX** — MEANS NO PRICES QUOTED FOR MANY WEEKS—PRICE SHOWN IS LAST KNOWN QUOTATION.

---

## IMPORTANT

Machines underlined mean these were most active in trading the past week.

# "Built to Last"

has always meant *MUCH* to  
MUTOSCOPE COIN-MACHINE OPERATORS

For fifty years MUTOSCOPE equipment has given superlative service through the years of peace and the years of war. When Mutoscope turned to war work exclusively, the Mutoscope COIN-OPERATED machines on the civilian front proved their worth by the manner in which they stood up! They performed well and earned good returns for their operators. They proved they were "BUILT TO LAST."

During our years of intensive war work we learned and perfected many valuable precision skills. We kept abreast of the latest technical developments and are now applying them in the specialized field of coin-operated machines.

The new MUTOSCOPE machines embody all the SCIENTIFIC skills we knew and all we so recently mastered. The new MUTOSCOPE equipment being made for you is BUILT TO LAST longer . . . and give all 'round better service. That's what you're entitled to expect from MUTOSCOPE—that's what you get from MUTOSCOPE.

### The New COIN-OPERATED \* PHOTOMATIC

the scientific wonder machine that delivers a beautifully framed and finished photo in less than a minute! Completely automatic. A steady substantial money-maker. Orders now being taken for delivery as soon as available.

### \* THE ATOMIC BOMBER

A whirlwind of excitement capitalizing on the greatest discovery since the dawn of history. Timely! Thrilling! A veritable gold mine.

### Headed for Greater Popularity Than Ever Before...

### \* VOICE-O-GRAPH

the automatic coin-operated voice recorder. Clearly and faithfully records the human voice, plays it back, delivers the finished record — all 100% automatic and coin-operated. Its drawing power is irresistible!

Mutoscope has scheduled many other new coin-machines for early production—all arresting for novelty and scientific skill—all exciting in action and powerful in attracting trade.

Arthur Hermann

# THE ARTHUR HERMANN COMPANY

takes pride and pleasure in announcing its appointment as exclusive distributor for AIREON phonographs in Northern New York State, covering the Albany and Syracuse areas.

It has always been the policy of The Arthur Hermann Company, and always will be, to work with its operators in every way possible, and never in direct competition with them. We do NOT operate. We distribute ONLY.

Mr. Hermann is ready once more to work with you boys and is looking forward to renewing business acquaintances. Judging from his 15 years of experience in this field, Mr. Hermann knows he has selected the winner with AIREON. He is confident that you, too, will, when you see it, and hear it, acclaim it the "winner". One look and you will say . . .

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be clearly documented and verified.

In the second section, the author outlines the various methods used to collect and analyze data. This includes both primary and secondary research techniques.

The third part of the report details the results of the study. It shows a clear trend in the data, which supports the initial hypothesis.

Finally, the conclusion summarizes the key findings and offers suggestions for future research. It is noted that further exploration in this area would be beneficial.

The author expresses gratitude to the participants and the research team for their contributions to this project.

This document is a preliminary report and should not be used for official purposes without further review.

The data presented here is confidential and should be handled accordingly.

YESTERDAY

Those of us in the coin machine business who operated prior to 1941 remember a great many things we'd like to forget. We remember the long distance calls to get a few pieces of equipment because Joe Blow down at the Greasy Spoon threatened to give his business to the guy who was spotting that new equipment around town. Sometimes you got that game in a hurry and sometimes you lost the spot! Good old yesterday!

TO DAY

You're in pretty good shape today if you've kept your equipment in good repair and bought additional Slots, Consoles and other amusement devices from reliable Distributors. You've got a pretty good idea who you're going to do business with tomorrow-

TO MORROW

Tomorrow with the removal of restrictions and with more equipment available we at GLOBE intend to follow through with the same good service we gave you yesterday...and are giving you TODAY! Send for our Latest Price List today. You will automatically receive circulars and all details of the latest releases in Amusement Devices as they come out. Prepare TODAY for TOMORROW!

LEWIS MUSIC SALES, HAWKESBURY, ONT., CANADA

I saw it in "The Cash Box"

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

2. The second section covers the process of reconciling accounts. It explains how to compare the internal records with the bank statements to identify any discrepancies. Regular reconciliation is crucial for catching errors early and preventing them from escalating.

3. The third part of the document addresses the issue of budgeting. It provides a framework for setting realistic financial goals and monitoring progress against them. This involves tracking expenses and adjusting the budget as needed to stay on track.

4. The final section discusses the importance of financial reporting. It outlines the key metrics that should be tracked and how to present this information in a clear and concise manner. Regular reporting helps management make informed decisions about the organization's financial health.

5. The document also includes a section on risk management. It identifies potential financial risks and provides strategies to mitigate them. This includes diversifying investments, maintaining adequate insurance, and having a contingency plan in place for unexpected events.

6. Additionally, there is a section on tax compliance. It provides an overview of the current tax laws and offers practical advice on how to optimize the organization's tax position. This includes taking advantage of available deductions and credits.

7. The document concludes with a summary of the key points discussed. It reiterates the importance of accurate record-keeping, regular reconciliation, effective budgeting, and timely reporting. It also emphasizes the need for ongoing monitoring and adjustment of financial strategies.

8. The document is intended to serve as a comprehensive guide for anyone responsible for the financial management of an organization. It provides a clear and structured approach to handling financial data and ensuring the organization's long-term financial stability.

9. It is important to note that the information provided in this document is for general informational purposes only. It is not intended to constitute financial advice. For specific advice, please consult with a qualified financial professional.

10. The document is a living document and will be updated as needed to reflect changes in the financial landscape. It is the responsibility of the user to stay current on the latest developments in their field.

11. The document is a valuable resource for anyone looking to improve their financial management skills. It provides a wealth of information and practical advice that can be applied to a wide range of organizations and industries.

12. We hope that this document has been helpful and that it will contribute to the success of your organization. If you have any questions or feedback, please do not hesitate to contact us.

13. Thank you for your interest in our work. We are committed to providing high-quality, reliable information to our readers.

14. The document is available in both print and digital formats. You can find a copy of the document on our website or request a printed copy by email.

15. The document is a confidential document and should be kept secure. It is not to be distributed to anyone outside of the organization without the express written consent of the author.
