I'm gonna be desperate | Never lose... hurry... never lose... hurry  
I believe in my future | Farewell to the shadow | It was my place to live | But now I need your hand  
Lead me out with your light | I have breathed in the disgusting air of darkness | But I never lose out to the pressure  
Everything is just like an illusion | I'll be losing you before long  
I never lose my confidence  
I know you are supporting me | Supporting me... supporting me | I'll be losing you before long

I don't care what you're thinking | As you turn to me | Cause what I have in my two hands | Is enough to set me free  
I could fight the feeling | To resist it over time | But when it's just too much to take | You sneak up from behind  
Is it me, you say, your looking for | Let me show you who I am and what I'm here for... here for...  
Try to reach inside of me, try to drain my energy | Let me show you just what I'm made of  
Simple curiosity tries to take a bite of me | Let me show you just what I'm made of now...  
Like a million faces | I've recognized them all | And one by one they've become | A number as they fall  
In the face of reason | I can't take no more | One by one they've all become | A black mark on the floor  
Is it me, you say, your looking for | Let me show you who I am and what I have in store...  
Try to reach inside of me, try to drain my energy | Let me show you just what I'm made of  
Simple curiosity tries to take a bite of me | Let me show you just what I'm made of now...  
You can take another life long try | You can take another try...  
Try to reach inside of me, try to drain my energy | Let me show you just what I'm made of  
Simple curiosity tries to take a bite of me | Let me show you just what I'm made of now...

All hail Shadow | Heroes rise again | Obliterating everything that's in your way  
Nothing can stop you now | No ghosts to bring you down | When there's nothing left to lose | You win  
Bow your heads low | All hail Shadow

Suffer long and it will set you free | Only through trial do we find the strength we need  
It's never over, just another day | Of hope and tragedies, and everything that comes our way  
Determination of the strong | Found the meaning that you've searched for so long

All hail Shadow | Heroes rise again | Obliterating everything that's in your way  
Nothing can stop you now | No ghosts to bring you down | When there's nothing left to lose | You win  
Bow your heads low | All hail Shadow

Somewhere in chaos we all find ourselves | This destruction is the only tale we tell | White is black and black is white  
Right is wrong and wrong is right | Nothing ever fills the hole inside your heart  
Determination of the strong | Found the meaning that you've searched for so long

All hail Shadow | Heroes rise again | Obliterating everything that's in your way  
Nothing can stop you now | No ghosts to bring you down | When there's nothing left to lose | You win  
Bow your heads low | All hail Shadow
