## AMERICAN HISTORY

VOTE AS YOU PLEASE,  
BUT  
PLEASE VOTE!

Electioneering is the thing to do this year, and Tex Williams isn't one to miss any bets. Except that the RCA-Victor western artist has joined the U. S. Chamber of Commerce in not taking any sides and just urging the folks to get out and vote. Timed nicely with the election year are Tex's two current releases, "Just Politickin'," on which he campaigns alone, and "The Senator From Tennessee," with Dinah Shore as his attractive running mate. Tex Williams is under management of Cliff Carling, whose promotion consultants are Beep Roberts & Associates.

*THE CASH BOX* covers the coin operated machines industry, and all allied to this industry in any fashion whatsoever, throughout the United States, Canada, Central and South America, Africa, Japan, Hawaii, Philippine Islands, and other Asiatic and Pacific countries, as well as certain European nations. *The Cash Box* is on hand at various American consular offices throughout the world. This coverage includes operators, jobbers, distributors and manufacturers and all allied to:—automatic coin operated music equipment; automatic coin operated vending and service machines; as well as coin operated amusement equipment; in all divisions. The music and record fields, recording artists, publishers of music, disc jockeys, radio stations, and all others in any fashion identified with, or allied to, the coin operated music machines industry are completely covered. Manufacturers and distributors of various merchandise, parts, supplies, components and all materials used in the coin operated vending, music and amusement fields are covered by *The Cash Box*. Banks, finance firms, loan organizations and other financial institutions, expressly interested in the financing of coin operated machines of all types, are covered by *The Cash Box*.

*THE CASH BOX* IS RECOGNIZED by various associations of coin machine operators throughout the United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"  
"The Confidential Price Lists" are the one and only officially recognized price guide of all new and used machines in the United States. "The Confidential Price Lists" are an exclusive, copyrighted feature of *The Cash Box*. "The Confidential Price Lists" report each week's low and high prices for all new and used coin operated machines, regardless of age, listing all market changes, and continually adding on all the new equipment as this equipment is announced to the industry. "The Confidential Price Lists" are recognized by many cities and states throughout the country as the "official price book of the coin operated machines industry." They are an integral part of *The Cash Box* and appear in each week's issue. "The Confidential Price Lists" are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposes. "The Confidential Price Lists" are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts throughout the United States and Canada. "The Confidential Price Lists" have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in "The Confidential Price Lists."

# DIME PLAY LEADS WAY

The era of experimentation, as to whether dime play would, or would not, meet with public approval, is long over.

Those operators who got under the wire in time, and who are featuring dime play, report that this play action leads the way out of operating hardships.

"I'd rather go out of business than give up dime play", is a statement that has been made by many, many operators all over the country. (Many of these statements have been published here in *The Cash Box*.)

It was almost ten years ago when *The Cash Box* first suggested that operators arrange for a more equitable commission-percentage basis, as overhead expense began to continue to soar ever higher and it looked like many operators would be forced out of business, unless they arranged for at least a 70%-30% commission basis with their locations.

The operator to receive 70% of the total gross intake from all machines, and the location owner received 30%.

But, it was soon discovered that many of the location owners lost interest in the equipment because, at 70%-30%, they were getting so little from the machines. In short, as the collections went down for the location owners, these storekeepers began to lose interest, and no longer cooperated in an effort to boost play.

When that came about, *The Cash Box* then recommended that the operators quickly switch over to dime play. The local telephone companies, as well as many, many retailers thruout the nation, had also changed to the dime. The nickel rapidly faded from the realm of highly merchandisable coinage.

In fact, it was *The Cash Box* that first came to the fore (before any other publication in this nation) to urge that a 7½c coin be minted. This became a crusade on the part of many businesses. But, like all such ideas to arrange for a new American coin, regardless of the economic soundness and importance of such a coin, it failed to gain the necessary interest in Congress.

Therefore, *The Cash Box* once again returned to urging the trade to change over to dime play for all of its equipment.

Those operators who listened to *The Cash Box* and did change over to dime play are now going progressively ahead. They find that this was the very finest move they ever made to assure themselves remaining in business against continually growing higher overhead expense.

Those operators who would now like to change over to dime play, as taxation and overhead continues to rise, forcing them deeper and deeper into the red, are up against the O.P.S. (Office of Price Stabilization) agreeing with them.

Some operators have lost appeals to O.P.S. Others haven't as yet tried to appeal. Even tho many claim that they just cannot go ahead profitably at 5c play, especially for music equipment.

These latter should make an appeal to their local O.P.S. office in an effort to gain some relief from the hardships with which they are faced.

They just cannot proceed with a 5c coin play action which was in effect over 50 years ago, especially at today's extremely higher overhead expense, taxation, cost of equipment and general operation.

These men can have their auditors, accountants and C.P.A.s arrange complete data for them which can be shown to their local O.P.S. office to gain relief.

Every industry has been forced to up its prices. Industry has shown O.P.S. that it cannot continue on the same basis that existed even just a few months ago, as salaries continue to soar higher and ever higher, as parts and supplies and general operating expenses continue to grow greater and ever greater.

There is no reason why those operators, who now realize that dime play is their only possible salvation, should sit back and continue to lose money, instead of making an appeal to their local O.P.S. office to grant them the increase necessary to assure them some sort of fair return on their investment.

**Let's Get Going On**

**ONE TONE LEVEL**

Several weeks ago, in this space, *The Cash Box* advocated that all record companies get together through the Record Industry Association of America, and standardize upon one tone level.

The response to this editorial has been immediate and positive. There apparently isn't a juke box man in the country who isn't for such a move.

But beyond juke box needs, it's been pointed out to us by those interested in the selling and use of records, that standardization upon one tone level would be a tremendous aid also to radio stations and those who play records at home.

Perhaps one of the most annoying things in listening to records, whether you're listening through a juke box, radio or home phonograph, is to have to turn the level up or down with each record that's played.

Yet that is the case today where every record is made at a different tone level. And this applies not only to disks which are made by different companies but even to disks made by the same company.

Manufacturers of juke boxes and phonographs have spent untold amounts of money to make their products the most attractive, best playing instruments they could create. In recent years, the development of the automatic player has taken much of the drudgery out of record playing. A dozen records can be put on a turntable and played one right after another without anyone's going near the machine.

But what's the use of all the money spent for these time saving devices if it's still necessary to jump up at each record to adjust the tone level?

For those listening to records at home, whether it's through the phonograph or their favorite disk jockey program, the necessity to keep getting up every time is a source of extreme annoyance. For a location owner, it could mean much more than that; it could mean the loss of income.

Neither a location owner nor his employees have so much time on their hands that they can rush to the juke box with each record that's played to adjust the tone. Nor can that duty be delegated to a customer for should anything go wrong with the juke box, it not only means a service call, but it could also put the machine out of commission for the rest of the day. The net result usually is that no one adjusts the level and after the customers learn which records jar them by their noise, they avoid putting coins into those slots altogether.

The unknown loss of revenue through this to the juke box operator, location owner, record distributor, record manufacturer, artist, songwriter and publisher—if computed—would amount to a staggering sum.

And yet this sore spot could be remedied in no time at all. The record companies now have an organization through which they can readily act, the Record Industry Association of America.

Can you imagine the value in good will alone if it were to announce that henceforth all records would be made at one tone level, that the organization's members had all agreed to take this great step forward towards the total enjoyment of music.

Here is a tremendous inconvenience which the record companies can easily correct and at the same time show their recognition of the public's needs.

Action on this matter should be one of the immediate projects of the Record Industry Association of America.

Paul Brenner (WAAT-Newark) now airing a two week contest designed to ply the Georgia Gibbs' Mercury Record "Kiss Of Fire." There are seven prizes for the best one word description of the disk. Judges will be Georgia Gibbs, Joe Carlton (A & R Director of Mercury) and an executive of Duchess Music, publishers of the tune. . . . A note from Bud Wilson (WKBR-Manchester, N. H.), says "please accept my thanks for having such a fine magazine. It really contains just about everything a DJ needs to know about the people on the records he plays." . . . Rex Dale now heard 5 hours daily on WCKY, Cincinnati. . . . Bill Silbert, formerly WWJ, Detroit, now making the round of TV shows. Bill's been getting many TV offers since his recent stint on "Songs For Sale." . . . Dick Gilbert, in Phoenix, tells everyone on the air that if they can't stop by, they should wave and honk their horns as they drive by. His studio is street level and set back off the main road. All he does is wave and sing all day. . . . Sid Dickler (WHOD-Pittsburgh) handling promotion publicity for local talent and night clubs.

BOB HARRIS  
(WVNJ—Newark, N. J.)

Shel Horton (WVAM-Altoona, Pa.), celebrated his fourth year on radio on March 15th. In his honor, the day was set aside as "Shel Horton Day." Guests appeared all day long, many to Horton's surprise. Telegrams and felicitations literally poured into the station. Two large three tiered cakes, hams, sodas, candies, etc. were presented by local merchants, and an exciting and happy time was had by all. . . . Bob Harris (WVNJ-Newark, N. J.) has emceed the popular show "Baritone Battleground" for three years on his present station. Bob has been at it for thirteen years altogether, when he originally started with WMCA, New York. . . . Jackson Lowe, (WWIN-Baltimore) will be in New York on April 11th to attend his protege, Jimmy McPhail's opening at the Apollo Theatre. . . . Jerry Kay is the new librarian at WVEZ-New Orleans. He is also deejay with his own show called

"The Revolving Bandstand." . . . John Wisley (WFGM-Fitchburg, Mass.), found after a three week annual popularity poll, that these are the current favorites of the Central New England listeners: Johnnie Ray, favorite male singer; Doris Day, favorite female singer; Billy May, top band; Marxmen, top vocal group; and Les Paul & Mary Ford, number one instrumental group. Now if the first three winners listed would get together, they could call themselves "Ray-Day & May." . . . The Harmonettes, vocal trio, who recently inked a personal management pact with Donn Tibbetts (WKXL-Concord, N. H.), are moving along steadily. Despite their youth, (14-15 & 16 years old) the Harmonettes have been very successful with their personal appearances and have two commercial shows of their own over the CBS outlet in Concord.

The "Bobbin With Robin" program (Robin Seymour-WKMH-Dearborn, Mich.) is tying itself to retail sales in the record stores. Twenty stores throughout the Detroit area are now sponsoring time to plug their particular record outlet. These shops report their top five tunes each day, and after compilation, the winning items are played on the Robin Seymour show. Window displays in each store are also used to tie them up with the air show. . . . When Oscar Treadwell, (WDAS-Philadelphia), announces on the air that "The following transcription comes to you through the courtesy of yours truly and Jack Lacy," he means it. His engineer's name is Jack Lacy. The same as that of WINS, New York jockey. . . . Wally Nelskog, (KRSC-Seattle, Washington), and his wife in New York for a visit. While here, they taped interviews at RCA Victor with Hugo Winterhalter, Eddie Fisher and Dave Kapp which Wally will take back with him for play on his home show. . . . Signs of the times: In Boston, Art Tacker, WHEE; Bill Stewart, WHEE; and Norm Prescott, WORL; were seen having dinner together with Stuart Foster and Manager Morris Diamond. . . . Eddie Lambert (WEAT-Lake Worth, Fla.), signed for another year. His "Music Hall Of Fame" uses the top twenty tunes from The Cash Box.

## DISK OF THE WEEK

"WHAT'S THE USE?" (2:35)

"MOUNTAINS IN THE MOONLIGHT" (2:30)

JOHNNIE RAY

(Columbia 39698; 4-39698)

JOHNNIE RAY

● Here's a new Johnnie Ray release that presents the artist with completely different material. After scoring heavily with his four current hits, this new item should be

a potent seller. The tune is an infectious ditty that has the novel flavor of an Armenian folk item. Johnnie takes the number titled "What's The Use," and gives out with a meaningful vocal that contains the sincere sound that the singer is capable of creating. The Four Lads and the Jimmy Carroll orchestra blend to help set up a fitting backdrop. Flip is a Ray composition, and here the artist has the material that he has already proven he can sell. It's a slow and soft tune that Johnnie bellows with extreme ease, while the orchestra and the Four Lads back him to the hilt. Both decks are loaded and the commotion that the vocalist has created each half is gonna draw plenty of coin.

"WHY WORRY?" (2:10)

"THAT EVER LOVIN' RAG" (2:21)

ANDREWS SISTERS

(Decca 28042; 9-28042)

● A beatty honky tonk affair is belted out with much gusto by the Andrews Sisters. To add flavor to the end a fitting piano arrangement is spotted in the backdrop. It's an ok piece of wax. The second dish is a lively rag time tune that the sisters along with the George Cates orchestra hammer out. Ops might wanna look.

"INDIAN LOVE CALL" (3:06)

"JEANNINE" (3:19)

LOUIS ARMSTRONG & GORDON JENKINS

(Decca 28076; 9-28076)

● The stylized singing and trumpet playing of Louis Armstrong is set to good advantage on the top level. Louis, assisted by the Gordon Jenkins orchestra, turns in a fine performance of a wonderful old favorite. The lower lid is another oldie and this one is carried through with a flowing rendition. The first one appears stronger.

"GOODY GOODY" (2:04)

"IT'S BEEN SO LONG" (2:11)

JEANNE GAYLE & BOB CROSBY

(Capitol 2037; F-2037)

● Jeanne Gayle gives a solid reading to a bouncy, fast moving ditty that contains an infectious quality to it. Bob Crosby chips in with a fitting instrumental backdrop. The flip end is an ok tune that's treated to a light jump rendition and here too the group comes up with a listenable half. The top one is stronger.

"WHAT CAN I DO?" (2:15)

"THE NIGHTINGALE REMEMBERS" (2:57)

MARTHA TILTON AND CURT MASSEY

(Coral 60675; 9-60675)

● A pleasant ditty is taken for a spin around the wax through the combined efforts of Martha Tilton and Curt Massey. The duo helps carry the lid to an ok finish. The under siding is a slow, planitive number that receives a similar going over from the Massey-Tilton combo. Ops might take a gander.

## BEST BETS

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- ★ "JUST BECAUSE" .....Rusty Draper..... Mercury 5820; 5820x45
- ★ "BODY AND SOUL" .....Winifred Atwell & Ted Heath...London 1167
- ★ "GET ALONG WITHOUT YA NOW" ..Teresa Brewer.....Coral 60676; 9-60676
- ★ "INDIAN LOVE CALL" .....Louis Armstrong & Gordon Jenkins  
Decca 28076; 9-28076
- ★ "A LASTING THING" .....Sunny Gale & Eddie Wilcox..... Derby 791
- ★ "AT LAST! AT LAST!" .....Ray Martin Orchestra..... Abbey 15066

"GONNA GET ALONG WITHOUT YA NOW" (2:53)

"ROLL THEM ROLLY BOLY EYES" (2:38)

TERESA BREWER

(Coral 60676; 9-60676)

● Here's a bouncy tune that may easily find its way to the top. Teresa Brewer gives her usual first class vocal in her own inimitable manner and the result is a catchy lid. The second lid falls right in with the top side as Teresa once again gives out with a wining performance. Ray Bloch assists both ends musically. Ops oughta get with this one.

"THE SHEIK OF ARABY" (2:23)

"AND SO I WAITED AROUND" (2:44)

AMES BROTHERS

(Coral 60680; 9-60680)

● A grand oldie is refaced by the Ames brothers and the boys have themselves a potent disk. Done with a fast tempo and with the usual fine harmony of the group, this level should get spins. The bottom dish is a slow number that the harmony happy group doles out in a sincere manner. We like the initial half.

"CONFETTI" (3:15)

"NO OTHER LOVE BUT YOURS" (2:49)

JIMMY DORSEY ORCHESTRA

(Columbia 39691; 4-39691)

● A ballad that is getting lots of recordings is given one of the better treatments by Jimmy Dorsey and the orchestra with vocal credits going to Sandy Evans. Flip is a slow and pretty ballad that the same artists handle in a first class manner. Both decks make for good listeing and ops oughta act accordingly.

"DON'T EVER BE AFRAID TO GO HOME" (2:27)

"FEET OF CLAY" (2:55)

FRANK SINATRA

(Columbia 39687; 4-39687)

● Crooner Frank Sinatra takes a lively item on the top deck and belts out a top flight vocal. The Axel Stordahl group supplies the setting and Frank does the rest. The under siding is a slow, flowing number that's sold convincingly by Frank and once again he has an ok side. Ops should watch the pair.

"WITH A SONG IN MY HEART" (2:26)

"I'LL WALK ALONE" (2:54)

JANE FROMAN

(Capitol 2044; F-2044)

● A pair of wonderful oldies that are being revived in the current picture "With A Song In My Heart," are given beautiful vocal treatments by singer Jane Froman. Both lids are slow numbers and Jane's expressive chirping makes for an earful of listening pleasure. Sid Feller and orchestra supply the backing. Ops oughta take a look.

"TWO LITTLE KISSES" (2:05)

"WHO'S EXCITED?" (2:17)

JAN GARBER ORCHESTRA

(Capitol 2033; F-2033)

● A good tune is jumped through in a sprightly fashion by the vocalizing Lancers, while the Jan Garber orchestra back them up musically. The presentation makes this an interesting piece of wax. The under portion is an instrumental arrangement of a beatty item. Ops should peek in.

"A LASTING THING" (3:00)

"I JUST CAN'T STAND BEING LONELY" (2:25)

SUNNY GALE & EDDIE WILCOX

(Derby 791)

● Sunny Gale and Eddie Wilcox come through with a good half as a follow up to their recent success. Sunny once again delivers a first rate vocal to an equally fine instrumental arrangement. The result—a good bet. The under siding is a slow ballad that makes a fair vehicle for Sunny's fine vocalizing. Our nod goes to the top one.

"SOWING LOVE AND REAPING TEARS" (3:05)

"THE HORN WITH THE TWO MOUTHPIECES" (2:08)

THREE BARITONES AND EDDIE WILCOX

(Derby 792)

● A slow, listenable tune is dished up on the first half by the harmonizing Three Baritones. The side is given an additional boost by the arrangement set up by Eddie Wilcox and the vocal presentations of the boys. Flip is a jumpy thing with which the group blends beautifully. Some clever lyrics mark this end. Ops might take a gander.

"AT LAST! AT LAST!" (2:45)

"DANCING BELLS" (2:45)

RAY MARTIN ORCHESTRA

(Abbey 15066)

● A current biggie is given orchestration coverage by the Ray Martin group. The instrumental rendition gives the tune a great sound and the disk should get plenty of spins. The lower half is a flowing number that gets a slick instrumental going over. Ops have a good one on the top half.

"PERFIDIA" (2:08)

"CONFETTI" (2:53)

BOB SAVAGE

(Capitol 2019; F-2019)

● The first lid offers Bob Savage with a current biggie and Bob's coverage could get some play. Together with the Buddy Cole orchestra the tune is handled in a lively and interesting manner. The lower siding is a pretty ballad that's on the receiving end of an expressive reading. Both levels make for good juke box fare.

"ROSALEEN" (3:00)

"DON'T EVER BE AFRAID TO GO HOME" (2:20)

BING CROSBY

(Decca 28061; 9-28061)

● A slow pleasant aire is given a fitting treatment from Bing Crosby and the King's Men. Bing has a natural charm with these number and this one is no exception. The second deck is a bouncy item that sounds grand via the vocal of Crosby and the vocal group. Perry Botkin and his string band add flavor to this side. Ops know what the artist can do.

"TO BE LOVED BY YOU" (3:22)

"IF SOMEONE HAD TOLD ME" (3:10)

DOLORES GRAY

(Decca 28051; 9-28051)

● Here's a coupling by Dolores and the Sy Oliver orchestra that should make good juke box fare. The first end is a fair sounding number that moves along with a light bounce, while the under level is a slow ballad that Dolores reads with feeling. The artist helps both lids through and ops might be interested in the results.

## RECORD REVIEWS

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"HOMING PIGEON" (2:35)

"AND SO I WAITED AROUND"  
(2:49)

KAY BROWN

(Mercury 5819; 5918x45)

● A cute, bouncy ditty is taken for a merry ride by Kay Brown and the Maynard Ferguson orchestra. The number bounces through in a lively fashion and should make good juke box listening. The under dish is a slow ballad that's carried by the vocal work of the chirp. We like the top end.

"I'LL WALK ALONE" (2:46)

"TATTLETALE" (2:39)

RICHARD HAYES

(Mercury 5821; 5821x45)

● Richard Hayes and the Joe Reisman orchestra offer a big production of an old ballad that is currently enjoying a big revival. Richard's expressive chanting should get some spins. The lower level is a bouncy, cute ditty that's dished up infectiously by Hayes and the orchestra. Ops have two good ones here.

"WHAT'LL I DO?" (2:50)

"ONE NIGHT OF LOVE" (2:42)

PAUL WESTON ORCHESTRA

(Columbia 39608; 4-39608)

● An old Irving Berlin ballad is brought to life by Paul Weston and the orchestra as they present a smooth instrumental interpretation that should fit right into the current trend of reviving old tunes. The under portion is another oldie that the orchestra brings in with lots of class. Ops oughta peek at both ends.

"OH, JOHNNY, OH JOHNNY, OH!"  
(2:34)

"PUT THE FOOT DOWN" (2:43)

PAULETTE SISTERS

(Columbia 39697; 4-39697)

● An old Bonnie Baker specialty is brought up to date by the vocalizing Paulette Sisters on this new release. The girls handle this cute item with lots of charm and wind up with a pleasant disk. The second side is an interesting calypso number that the combo once again brings in in winning style. Ops should check here.

"SING OUR SONG OF LOVE" (2:42)

"KALAMAZOO TO TIMBUKTU"  
(2:15)

MITCH MILLER &amp; PAULETTE SISTERS

(Columbia 39679; 4-39679)

● A slow plaintive melody is given the typical Mitch Miller treatment of the first level. The choral group and French Horns supply a fitting backdrop for the vocal efforts of Peter Hanley. Flip is a lively item that the Paulette Sisters dish up with much verve. Ops oughta look in.

## SLEEPER OF THE WEEK

"MY HERO" (2:58)

"SPRING IS A WONDERFUL THING" (2:29)

FOUR ACES &amp; AL ALBERTS

(Decca 28073; 9-28073)

FOUR ACES

● The Four Aces have another offering that could easily climb to the top of the parade. The boys have proven that their unique sound is extremely commercial and

this new half brings this out clearly. The group takes hold of the wonderful oldie "My Hero," from the operetta "The Chocolate Soldier," and belts out a rhythmic rendition that's loaded with appeal. The harmony backdrop and the lead vocalizing by Al Alberts sell the lyrics and music convincingly. The lower siding is a light, lilting number with a lovely melody and the harmony group once again make merry with the lyrics. With Alberts leading the way and the rest of the crew supporting him beautifully, this side too could easily happen. Both ends receive top flight musical accompaniments that round out the platter. Ops know what these artists have already done and they would be playing smart if they got with the top half now.

"A LITTLE RAIN MUST FALL"  
(3:10)"DOWN WHERE THE WURZ-  
BERGER FLOWS" (2:17)ALAN HOLMES ORCHESTRA  
(King 15167)

● A slow, soft tune is given a relaxing vocal by Don Meehan on the initial end. The Alan Holmes orchestra sets this lid up musically and helps the number along. Ops should get spins on this side. The lower portion is a plain tune that a vocal quartet presents with some interesting harmony. Our nod goes to the first lid.

"DON'T SEND ME HOME" (2:38)

"EV'RY BABY NEEDS A DA-DA  
DADDY" (2:34)

HELEN GRAYCO

(Mercury 5818; 5818x45)

● Helen Grayco dishes up a strong vocal to a tune with a pleasant hop. The vocal treatment helps carry the material and the wind up is a listenable disk. The under siding is a blues item that Helen delivers impressively as she makes the lyrics sound grand. Pete Rugulo gets orchestration credits on both decks. The second side looks good.

"BLUE TANGO" (2:48)

"JUNGLE FLUTE" (2:45)

XAVIER CUGAT ORCHESTRA

(Mercury 5817; 5817x45)

● The wonderful tango that's currently riding high on the lists is given first rate coverage on the top platter by the Xavier Cugat orchestra. The second level finds the Latin aggregation taking hold of a weird and fast moving number. Some excellent flute playing by Diablito marks this end. Ops might take a peek.

"STANDING BENEATH THE CLOCK"  
(2:38)"WHERE THE SWEETHEART  
ROSES GROW" (2:22)

PRIMO SCALA

(London 1160)

● A light, lilting piece is turned out pleasantly on the top dish by Primo Scala and his accordion band. The instrumental combination of the band and the work of the Stargazers add up to ok listening. Flip is another tune that's carried smoothly and easily by the same artists. This half has more melody to it.

"BODY AND SOUL" (2:21)

"DINAH BOOGIE" (1:55)

WINIFRED ATWELL &amp; TED HEATH ORCH.

(London 1167)

● A wonderful pop standard is on the receiving end of a fine instrumental interpretation. Winifred Atwell and her piano and the Ted Heath orchestra combine to turn out a pretty half. The lower deck is another oldie that's given a boogie beat and taken over the coals via the slick ivory tickling of the pianist. Ops oughta check here.

"MY HEART IS YOURS" (2:47)

"SO" (2:55)

THE MARVELTONES

(Regent 194)

● A better than average tune is presented in a fair manner by the Marveltones. The group conjures up some fine harmony and winds up with an ok half. The under level is a slow ballad that shows the group to greater advantage and with their more effective reading this looks like the stronger side.

"NIGHT OF NIGHTS" (2:13)

"I'M PAINTING A PICTURE OF  
YOU" (3:07)

BARRY FRANKS

(Cadillac 119)

● Barry Franks has a good tune and doles out a smooth vocal while the orchestra under the direction of Charles Boulanger present a light Latin beat backdrop. The result is a pleasurable half. The bottom dish is a slow ballad that's handled adequately by the same artists. We like the first level.

"JUST BECAUSE" (2:15)

"HOW COULD YOU?" (2:45)

RUSTY DRAPER

(Mercury 5820; 5820x45)

● Rusty Draper belts home the lyrics to a bouncy, fast moving item. This beatty number has an infectious quality to it and Nelson Riddle and the orchestra further enhance its chances. The lower deck is a slow number by contrast on which Draper also turns in a good job. We like the top end.

"SAX CANTIBLE" (2:44)

"MAMBO IN F" (2:38)

EDMUNDO ROS ORCHESTRA

(London 1164)

● A slow mambo is given a comparative melow going over by the Edmundo Ros orchestra. This popular item makes for good orchestrational material. The lower lid is another mambo that the crew takes for a pleasant spin. This type of dishing oughta go in the right locations.

"OLD TIMER POLKA" (2:50)

"THE LAWN PARTY" (2:45)

FRANK WOJNAROWSKI ORCHESTRA

(Dana 3077)

● A couple of interesting polkas are treated to instrumental renditions by the Frank Wojnarowski orchestra. Both lids are handled adequately and the result is a pair of good polkas. The first one is a slow number while the second half is fast by comparison. Ops oughta take a gander.

"PRETENDING" (2:33)

"IT WOULD BREAK MY HEART"  
(2:44)

DICK JAMES

(London 1162)

● A simple side is glided through in an easy fashion by Dick James on the first lid. This light tune is carried with a waltz tempo. The under siding is a similar number on which Dick gives out with a creditable reading. Ops might be interested in the coupling.

# ROUND THE WAX CIRCLE

## NEW YORK:

Grand Ole Opry will invade New York this summer when the Astor Roof will present a schedule of folk and country favorites. The Astor plans to alternate the Grand Old Opry talent every two weeks. . . . The Four Aces will appear on the Kate Smith evening TV show on April 2nd for the second time in a few short weeks. . . . Henry Okun and Lige McKelvey beaming because of Buddy De Franco's "Penny Whistle Blues" on MGM. . . . Jubilee Records has taken over the masters of Ruth Casey's "Lonely" and "In Spite Of All" from Cadillac. . . . Paxton Music on an all out campaign to plug "That's The Chance You Take". George Paxton will cover the middle west; Henry Marks will hit Philadelphia, Baltimore and Washington; and Buddy Robbins will make Detroit, Cincinnati, Cleveland and Pittsburgh. . . . Art Ford signed to a new three year contract at WNEW, which includes a 100% raise, additional vacations, and taping privileges. . . . Charlie Kantor, head of Music Ops Assoc. of Cincinnati, in New York this week, appeared on the panel of "Songs For Sale", CBS TV show. . . . Dolly Dawn, Jubilee recording artist, will open at Cafe Society early in April. . . . Tony Mango off to Westfield, Mass. to plug his Rainbow record "Water Under

BUDDY DeFRANCO

The Bridge". Eddie Heller of Rainbow will also tour to help get the record under way. . . . After spending 14 months as Gene Krupa's road manager, Jack Egan is back home in Yonkers. Jack is looking for NY City office space from which to conduct his publicity work, but until he does he will operate from his home. . . . Doris Day on CBS radio network 9-9:30 Fridays. Her show is called the "Doris Day Show". . . . Jana Jones, Lou Capone's latest find, opened at La Vie En Rose last week. Jana's a natural for some diskery. . . . Dick Linke back after a two week promotional tour with Les Paul & Mary Ford covering 9 cities.

## CHICAGO:

At long last we caught up with The Weavers at the Blue Note and presented the award from the Automatic Music Industry of America to them for the "Best Moneymaking Country & Wetsern Record of 1951." Voted to them by America's juke box ops thru the annual poll of The Cash Box. And they sure were thrilled to receive it. . . . Ted Weems got himself reams of publicity on opening at the Martinique. Ted's long been a Chicagoland favorite. . . . Benny Strong continues going strong at the Marine Room. . . . Sweetest little thing we've seen in years, Selma Wayne. That's Bobby Wayne's gorgeous little armful. Bobby's on his way to cover some top spots before hitting home in Roxbury, Mass. . . . Tommy Dorsey swings into a one-niter at the Aragon and, as per usual, clicks big. . . . And Guy Lombardo And His Royal Canadians also do a one-niter at the Opera House this coming week. Guy was long, long a favorite here at Al Quadbach's Granada Cafe. This was the old, old days (the '20's) when the kids waited in line just to get in, listen and dance to "The Sweetest Music This Side of Heaven." (Hey, Guy, remember those bell-bottom pants?) . . . Checker Records took off with a jet smashing click in "Slow Caboose" by Sax Mallard. Dee-jays here like Al Benson predicting this wax to go to the top all over the nation. And, before even this one started its heavenward ride, Checker presented another by Arbee Stidham titled, "Someone To Tell My Troubles To." . . . That was a very, very sweet letter we got this past week from dj Howard Miller of WIND. One guy that is appreciative of any grand act. And one guy who maintains a set of principles that could be written as the "ethics" for all the dj clan. . . . With the news now fact that the juke box mfrs are presenting new phonos featuring 100 selections and more the diskeries can celebrate. This means more, more and more wax sales. And a million seller ain't even gonna phase the boys verra, verra soon. From now on the drive's for a five million seller to give some artist top credit. Did George Olsen's "Who" pass the five million mark? Did Bing Crosby's "Sweet Leilani" pass the 5,000,000 mark? Go on you checker-uppers and grab yourselves a real surprise.)

BING CROSBY

## LOS ANGELES:

Interesting to note that Art Morton, a very likable guy with a fine voice and loads of potential, has been signed by Gabbe, Lutz & Heller just after Frankie Laine severed relations with the agency. . . . GLH had been Frankie's personal reps as far back as we can remember, and they seemed to be making beautiful music and moola together of late until the recent announcement of their ways parting. . . . As hot as Frankie continues to be on Columbia, it's understandable that the boys will be doing their all to build up a male singer of major stature to fill the breach in their client roster. . . . Not that Sam Lutz and staff have anything to cry about on the local level, what with Lawrence Welk and band turning out to be a long-time hit at the Aragon Ballroom and via TV in these parts while pianist Liberace, another GLH client, has enjoyed a fabulous video success on a local show, with word that he's going network. Our derby's off to the new slick and very complete little Music News magazine put out by Capitol's Bud Freeman, who almost manages to make the attractive little publication read strictly non-partisan as regards all other labels and their artists, at least in the reading matter, with Capitol coming into its own in full page ad treatment. . . . For example, from Bud's column, we learn that Mercury's Patti Page has just signed a new contract guaranteeing the big-selling gal \$40,000 for the coming year. . . . And the current issue contains the most complete and interesting biography on Johnnie Ray we've yet seen. . . . True there didn't seem to be any mention of the label Johnnie records for, but on the other hand, there was no reference to Stan Freberg's "Try" in or near the article.

Speaking of Johnnie, Stan, "Cry" and "Try", Columbia's promotion man Jack Devaney tells us a few of the local dee-jays are torn betwixt and between, admitting that for every listener calling or writing in to request the playing fo "Try", a loyal Johnnie Ray fan calls in with a protest. . . . Jack recently returned from a Northwest dee-jay tour with Johnnie Ray and describes him as a hard-working boy who appreciates his zooming up there and has no illusions about himself or the music business.

KEEP M-G-MINDED—IT'S GOOD FOR YOUR BUSINESS

## When It Comes To Artists' Taxes

# THERE OUGHT TO BE A LOBBY

by

**Herman Jaffe, C.P.A.**

One of the nation's top singers recently said to me, "I wonder whether I'll ever again earn the amount I paid in taxes alone last year."

That's a thought, which even when left unsaid, haunts every artist, no matter what field he may be in.

But particularly in the recording business, with its ups and downs, with the tenuousness of its fame and earning power, it becomes a question of pressing inequity.

The artist, under our tax laws, is perhaps the least protected individual in the nation. His entire stock in trade is his talent—a talent whose earning power is often limited to a specific number of years after which it declines considerably.

Yet that artist, whether he be a bandleader, actor, dancer, singer, composer, or lyricist, whose work enjoys a quick vogue, has no way of spreading the income he earns on that success over the long period in which he has to live on it.

There is a provision in our laws which permits a creative artist to distribute his income for tax purposes over a three year span if he can show that he started work on an income producing property at least that long ago and, if he received at least 80% of the "consideration" in one tax year. This provision, however, applies almost exclusively to writers of books and plays for it is usually only they who can prove that they began to collect material for their projects many years back.

It is patently impossible to make use of this provision in the music field, for a song may have taken only an hour to write—even though its writer may have been studying and starving for many years. And a record may have taken only a couple of hours to cut—even though the singer may have been getting the experience with which to make it a hit through a long, hard apprenticeship.

Since there is no way of solving an artist's tax problems under existing legislation, the only course open is to try to pass new regulations, which will realistically provide for an artist's needs.

There are all sorts of special provisions made in our tax laws to prevent inequities for special situations. Capital gains, no matter from what source, are taxed differently than regular income. Those risking money in the exploration of oil fields are treated less stringently—because of the hazards to their capital in such an operation—than those in other businesses. Writers, as we've already said, who have worked on a

project for a number of years, can make provision for that in their tax returns. And so on down the line. Special situations have given rise to special regulations.

There is no reason why an artist's problem—the fact that his top earning power is limited to a very short number of years, and sometimes to only one real hit—should not also be provided for.

But the mere justice of such a proposal is not enough to get it into our laws. It takes organization, money and leadership.

In other words, **IT TAKES A LOBBY.**

Down in Washington, if anybody steps on the toes of labor, or big business, or small business, or the farmer or the veteran, they hear 'em holler "ouch" from Maine to California. So they tread lightly—because these groups are well organized.

Artists—almost alone—are unrepresented on Capitol Hill. Their problems receive no forceful presentations, for by the very nature of an artist's standing, his involvement in politics would be a ticklish, and, in fact, a dangerous matter.

But the necessity for his economic survival surpasses politics. The case of the artist must be presented not as a party issue, but on a bipartisan level. Only then, can it get the wholehearted support necessary for action.

The task ahead is a difficult one—though the goal can be achieved through a course of action as follows: A nucleus of an organization must first be formed through the leadership of interested artists. This group must then fashion a legislative proposal with the help of competent authorities. Then an individual must be appointed who can channel such legislation, have it submitted through sympathetic members of Congress, push it and keep stressing its merits, until finally the justice of such a proposal is recognized throughout Congress.

As we've said, it's a difficult job—and a large one. But with the proper attitude on the part of all artists, with their willingness to spend a little money now by supporting an organization which will be working for their benefit alone, they may not only save themselves a lot of money in the future, but may achieve a tax structure which would eliminate much of the heartache which an artist presently goes through when he earns a fortune in one year—and pays it away in taxes—and then earns nothing the next.

(Herman Jaffe will begin a regular column on tax matters in THE CASH BOX starting with the May 4 issue.)

# Pretty As A Picture

BOSTON, MASS.—Dean Martin and Jerry Lewis are pictured with Donn Tibbetts of WKXL, Concord, N. H., disk jockey at a party given for djs at Boston's Sheraton-Plaza Hotel. Dean and Jerry were appearing at the Metropolitan Theater in the city. Both are scheduled for recording sessions together at Capitol for the first time. Dean's latest waxing is "Pretty As A Picture".

## The HALE You Say

by natt hale

For many a year now, we've watched certain Hollywood and Broadway idols wage their unceasing struggle against the peril of being "typed."

The trade journals and fan periodicals have made much mention of this or that producer who saw no way clear but to suspend indefinitely some glowing star in the firmament of show business because the star had refused a role. . . .

In reviewing the accounts of the story-behind-the-story, we've always had mixed emotions about who was justified:

The producer, who felt that the artist had become a golden goose through his portrayal of the derriere of Hoofie, the Horse—or the star who felt that he could now be promoted to the front end of the equine.

Of recent months, we've heard more and more of our recording associates (the artists) protest against the material they're being induced to record, by dint of contract.

Admittedly, they may have gone on for some umpteen records without even causing a slightly lifted eyebrow or chuckle of glee from the Bureau of Internal Revenue.

Then, suddenly, from out of left field comes "the big one."

It goes about 700,000 records—and the artist now becomes a STAR. . . .

The old contract is destroyed in befitting ceremony and a battery of photographers (two photographers) take a host of pictures (three shots) for the lensy evidence which hits the trade journals en force.

The trade is treated to a full-course display describing how the star now is possessed of a brand-new contract extending the term of allegiance to 99 years and will, henceforth, receive no less than twelve cents per disc, with a minimum guarantee of six million shekels a year. ("Shekels"—a Byzantium term of exchange. Equivalent to 3/4 mills in American money.)

Comes the next recording production, and the eagerly-awaiting public and the rest of the industry is treated to almost an exact duplication of the artiste's "big one."

Oh well, we figure, it could happen again. . . . Lightning has been known to strike twice in the same place. . . .

The record doesn't happen. The public and the industry take a brief contemplation of what is happening to other artists on other labels and await the next waxing by the new-born star.

The new platter makes its appearance in about five or six weeks.

So what is it? Right! The same intro. Same background. Same vocal ensemble. And practically the same number.

The disc jockeys begin the tirade against prototyping.

They assail the promotion men first, then open their heavy barrage against the record company and its A. & R. Director. As they should. (They should??)

After being treated to a score of reports that the deejays, the juke-box ops and the retail dealers are getting a mite bored with the star recording the same song over and over again, the artist decides it's high time to do something about it.

Whereupon, he (or she) makes an appointment with the A. & R. mogul to go over the songs for the next recording session.

The Artists & Repertoire chief is awaiting the star with great anticipation. No sooner does our hero or heroine enter the sanctorum wherein hits are picked, then the A. & R. guy delivers his opening pronouncement:

"Baby, (this term applies in all cases, regardless of gender) have I got some stuff for you. Four of the greatest tunes you ever heard. And we've got 'em exclusive! And, you know what? They're all almost exactly the same as the big one. Now here's how I'm gonna' do it. . . ."

And the artist resignedly sighs and mutters:

"Well—what're you gonna' do?"

# BMI record report

AND FORECAST OF TOMORROW'S SONG HITS

**"SOLID AND LIVELY" ★ DANCIN' SHOES** (Parliament) — Billboard approves of the Jimmy Palmer (Mer.) release and says, "a solid, fast-tempo arrangement of a happy ditty gets a fine performance." A lively and nostalgic item.

★ ★ ★ ★ ★

**"IMPRESSIVE" ★ GENTLE HANDS** (Acuff-Rose) — Gordon MacRae (Cap.) turns out a fine disk which Variety hails as "an impressive" platter. This disk is another of MacRae's typically effective renditions. Recommended by Cash Box.

★ ★ ★ ★ ★

**OLDIE CLICKS ★ DOWN SOUTH** (Marks) — Spike Jones' (Vic.) newly organized country group delivers a straight-forward version which Billboard rates better than good. (Non-exclusive BMI)

★ ★ ★ ★ ★

**"RATES SPINS" ★ I DON'T MIND** (Duchess) — The Streetsingers (Comet), in an impressive debut, earn Variety's praises. "A bouncy tune with click potential . . . pleasant lilt and catchy lyric get a snappy interpretation . . . rates plenty of spins on all levels," reports Variety.

★ ★ ★ ★ ★

**"EXCELLENT" ★ OOH-DAH-DILY-DAH** (Spitzer) — Louis Prima (Col.) On a rousing, rhythmic ditty which Cash Box recommends to operators. Billboard rates it "excellent . . . a bright, spirited, rhythmic, hand-clapper."

★ ★ ★ ★ ★

**"BULLSEYE OF THE WEEK" ★ DON'T STAY AWAY (Hill & Range) ★ YOU'RE HERE, SO EVERYTHING'S ALL RIGHT** (Hill & Range) — Lefty Frizzell (Col.) takes "Bullseye of the Week" honors from Cash Box for "two strong ones . . . that should make noise." Billboard nominates both tunes as "C & W records to watch."

★ ★ ★ ★ ★

**GREAT POTENTIAL ★ KISS OF FIRE** (Duchess) — Georgia Gibbs (Mer.) has a new release of great potential. Rated No. 1 by Martin Block (WNEW) on his "Choice of the Week."

★ ★ ★ ★ ★

**R & B TO WATCH ★ MY NATCH'L MAN** (Lois) — Billboard rates the Fluffy Hunter-Jesse Powell (Federal) release as the "R & B record to watch." Has strong potential.

# Best Selling Records

COMPILED BY JACK "ONE SPOT" TUNNIS

• Tunes are listed below in order of their popularity based on a continuing weekly national survey of thousands of record dealers by Jack "One Spot" Tunnis. Each listing includes the name of the song, record number, artists, and tune on the reverse side.  
 • The number underneath the title indicates the actual sale per 1000 records made for the week. If the figure is 67.4, it means that for every 1000 records sold that week, 67.4 were of the tune indicated—a combination of all the records on which it was available.

## Juke Box Leader Sees Trend Of Pop Tunes To 45 R. P. M. Records

GRAND RAPIDS, MICH.—Disks for play at 45 revolutions per minute ultimately will be used exclusively for recordings of popular music and supplant the 78 r.p.m. disks which now dominate the record field, John W. Haddock, president of AMI, Incorporated, declared this week.

As the head of a firm manufacturing juke boxes and accessories for the automatic music business, which absorbs at least 20 per cent of the recording industry's output, estimated last year at 200,000,000 units, he believes that the change-over will take place gradually within the next few years. He said that the growing popularity of the 45's is based on their higher fidelity, greater durability, lighter weight and lesser requirements for storage space.

To juke box operators, Mr. Haddock asserted, these advantages represent economies which recommend the more widespread use of 45's. As an example, he cited the fact that 78's must be replaced after a couple of hundred plays because of wear, whereas 45's are in good condition after even a thousand or more plays. He pointed out that the cost of both types of record is the same.

Mr. Haddock noted that statistics of the Music Performance Trust Fund, which gets figures on the sales of disks recorded by members of the American Federation of Musicians, already show a remarkable rise in the production of

45's. Available figures—those for 1951 are not yet complete—cover the periods from Oct. 1, 1948, to Dec. 31, 1949, and the year 1950, during which 188,435,054 and 184,037,360 records, respectively, were put on the market.

In the earlier period, 78's, with 177,770,476 records, accounted for 94.3 per cent of total output; 45's with 7,330,785 records, only 3.8 per cent. However, in 1950, 78's decreased to 145,628,476, or 79.1 per cent of total output; 45's increased to 32,498,926 or 17.6 per cent. Comparison of production of the two different-speed records, in relation to total output, shows a 15.2 loss for the 78's; a 13.8 gain for the 45's.

More impressive, said Mr. Haddock, is the fact that unit production of 45's during 1950 rose by 25,168,141, or 343 per cent over the earlier period. Also during 1950, unit production of 78's declined by 32,142,000, or 18 per cent under the earlier period, he pointed out.

The 33 1/3 r.p.m. records are not practicable for juke box operations, he continued. "Since long-playing records contain as many as six selections on one side," he said, "the player of a juke box is deprived of selectivity, and selectivity is considered one of the prime attractions of a juke box." The 33 1/3's, he observed, have already established their leading position in the classical field.

# RECORD OFFICIALS END TESTIMONY AGAINST BRYSON BILL ALTERNATIVES

## Action At This Session Considered Unlikely As Industry Leaders Express Opposition To All Three Proposals To Amend Copyright Act

WASHINGTON, D.C.—Returning to Washington for the second time in one week, representatives of the major record companies appeared again before the House Subcommittee of the Judiciary March 26 to continue testimony against the three alternatives to the Bryson Bill.

After the completion of hearings, it seemed highly unlikely that any

action would be taken at this session of Congress, not only because of the strength of the arguments against the proposals, but because of the shortage of time left in which to take up all the various questions involved in the changing of a law which has been on the books since 1909.

The leaders of the record firms who appeared were Kenneth Raine of Co-

lumbia, whose statement was published in *The Cash Box* last week; Frank Walker, president of MGM; William Fowler, vice president of Capitol; Sam Yamam of Decca; and John Griffin, executive secretary of the Record Industry Association of America.

Each man opposed all three of the alternatives and when Frank Walker was asked by the committee members which he found least objectionable, he said, "That's like asking a man condemned to death whether he would rather be hung, electrocuted or gassed."

The three alternatives to the Bryson Bill which were being opposed were:

- 1) To eliminate the compulsory licensing rate of 2 cents a side and let each composer bargain individually with each record company.
- 2) To raise the present 2 cent rate.
- 3) To create a separate label for juke box use as distinct from the one for home consumption.

William Fowler, at this hearing, submitted a statement which summed up the industry's opposition to all three of these suggestions.

Included in his testimony were the following statements:

I must make it clear to you that the third proposal is an impossible one from the standpoint of the phonograph record manufacturer. Phonograph labels are not pasted on by hand after the records are made. They are imbedded into the records when they are pressed out by hydraulic compression molding presses. When those presses are running, they are not producing to fill orders already received. They are actually making what we call "floor stock." That is, we have to try to outguess the market demand and build up inventory or floor stock ahead of orders so that the orders can be shipped the same day they are received.

If we did not gamble in this way, we would lose business to our competitors if they had their versions of the same tunes ready to ship. As frequently happens, the public demand for the tune may die out before delayed shipments reach the consumers. That is why speed is so important.

Theoretically, we could run two kinds of labels on one press, and the different colored labels would not, as labels alone, represent any added cost. In actual practice, however, it would not work.

"Why not?"—you ask. Because we never know at the time of manufacture how many records of a given tune will go into coin boxes. We do not know how many 10-inch 78 RPM records will go into coin machines, nor how many 7-inch 45 RPM records will be used. We can make a guess, but there is already too much guesswork in the industry to be healthy. The public's reaction to a tune is uncertain and unpredictable; nor can the life span of any tune be estimated with any reasonable degree of accuracy.

I am sure you can see from this that the phonograph record business is risky enough without adding further hazards—such as trying to esti-

mate how many records of each tune in each size should be pressed out with special coin box labels.

The second alternative proposal, to quote your Chairman:

"consists in raising the two cents royalty in Section 1(e) to an appropriate figure."

It has been charged by the representatives of ASCAP that under the present system the phonograph record companies do not adequately reward the songwriter.

Thus, when he appeared here before you gentlemen, Otto A. Harbach, the President of ASCAP, said that despite the millions of public performances for profit in radio, television, restaurants, cabarets, and other public places of entertainment, the annual income from this source for the majority of composers averages less than \$2,000.00. What you did not ask Mr. Harbach, and what he apparently failed to mention to you, are two very significant points.

First: That while ASCAP's total receipts for last year are reported to be some \$14,000,000, these ASCAP revenues constitute only a portion of the monies accruing to the composers. The composers and their publishers, in addition to their ASCAP revenues, may collect as much as \$50,000 to \$100,000 in license fees from record companies on just one tune plus equal or even greater amounts from sheet music sales and foreign sources. In addition to all of this, many composers are recording artists in their own right and may well earn artist's royalties of \$50,000 or more in just a few months on their own record of their own tune. And here is a most interesting fact that is often overlooked. Each record sold contains two tunes. It is usually only one of these tunes which becomes a hit, but the composer and publisher of the other tune collect a license fee on every record sold just the same as if that second tune were the hit. Is this income fairly earned, or would it be earned in any other business?

Second:—and this ties right back to the preceding statement—It is not important what the average annual income of the majority of composers is from the ASCAP sources alone, nor is it of much greater importance what the average annual income of the majority of composers is from all sources of revenue on their songs.

What is important is the total individual earnings of the successful composers, particularly those few who devote their full time and energies to the musical field.

During the one year of 1951, 14,108 new songs were copyrighted and published in the United States alone. During 1950 the total was even greater. It must be self-evident that only a few of these could be and were successful and profitable to their composers, just as very few of the new inventions patented or the new books written each year are successful and profitable to their creators.

In any field such as the music business where the returns on a single composition can be as fabulous as we have indicated, the risk of failure must be proportionally high.

# Kickin' The Blues Around

with Sam Evans

Chuck Carpenter, able road guider for The Gale office, has the pleasurable job of squiring Lester Young and his band about the country. With tenor sax hitting new heights in popularity, Prez is riding high and is today one of the leading exponents of modern jass. His records are collectors' items and his newest releases are snapped up pronto. . . . For current programing, what with Easter almost here, one record that could add to any show would be the Two Ton Baker recording of "Peter Cottontail" on Mercury. . . . Easy listening in the new Capitol album of Benny Goodman, titled "Easy Does It." . . . Two Honeys and A Cone, the talented children of song writer Zilmer Randolph, have a great future in show business. The youngest sister has all of the vocal effectiveness of a matured and seasoned singer. Their latest on Chess is "Twenty Robbers."

One of the biggest promotions of recent years was staged Friday March 21, in Cleve'and's Arena on Euclid Avenue. With The Orioles and Paul Williams as attractions, there was a crowd of 20,000 people to storm the doors. Only 10,000 got inside, and the remaining mob finally were dispersed by police and firemen. The dance tho slated to run until 2 A.M., was stopped by police at 11:00 P.M. as the crowd on the inside was too large for proper fire prevention control. This old lid is tipped to the able and wide awake promoters who can get out a crowd like that. . . . Of course a lot of credit goes to The Orioles and Pau' Williams, who are all master entertainers. . . . Jerry Crocker, of Cleveland's WERE, holding down the late-nite shift with a heavy leaning toward blues and jass.

Johnny Otis and his band are currently on tour, the vocal chores are being handled by Willie Mae Thornton, whose latest on Peacock is "Let Your Tears Fall Baby." Peacock Records, of Houston Texas, is doing a fine job of covering the R & B field under the guiding hands of Don Robey. Label is busy signing up new talent and pushing out for new distribs and outlets for their especially good brand of blues. Another ace money maker on the Peacock label is Gate-mouth Brown, now doing P.A.s on the east coast, his "Too Late Baby" is stacking up nickels down the coin chute. . . . Jubilee advises that their new singing find, Billy Paul, a lad of 16, will be the voice of the year. If Jerry B'aine is as right on this lad as he was on The Orioles, then Jerry will be wearing some gorgeous new white on whites.

Around the 1st of May, Nat King Cole will come out with a smoothie called "Somewhere Along The Road." Perry Como does a like job for Columbia. . . . Bobby Wayne, who is to "Wheel" what Sonny Gale is to "Fortune," held over for two extra weeks at the Blackhawk in Chi. Next stop for the Boston singer is the Chase in St. Louis. Dick Hayman is now doing all of the arrangements for Bobby.

SAM EVANS is the Jazz and Blues expert heard nitely on WGN, Chicago's Mutual outlet and on WBKB-TV.

## Deutch Named Professional Manager of J. J. Robbins

NEW YORK—Irving Deutch, formerly with Redd Evans' publishing firm, Jefferson Music, has joined J. J. Robbins Publishing as General Professional Manager.

Deutch has also formed a company with Ed Kassner, called Irving Deutch, Inc., a B.M.I. affiliate.

Charles Ross, who had been in charge of all the firms which were owned by Robbins and Kassner, has been named General Professional Manager of both Piccadilly Music and

Edward Kassner Music, whose most recent plug tune was "Weaver Of Dreams."

Goldie Goldmark, who had been the firm's west coast representative, has left. Deutch will handle both coasts and will make frequent trips between the two. He expects to make his first trip in two weeks.

Irving Deutch, Inc., will be represented by the Kassner international publishing group in Canada, England and on the continent.

## "Jet" Magazine Claims Top Pop Singers Pattern Styles After Negro Artists

NEW YORK—"Jet," weekly Negro news magazine, this week printed an article, "Do White Singers Imitate Negroes?" in which it was claimed that knowingly or not, many of the top white vocalists pattern their style on singing characteristics of Negro stylists.

The overnight popularity of Johnnie Ray has again brought this long standing controversial question to the fore, according to "Jet." Ray was accepted without question as being a Negro, by those listening to his records, until pictures revealed him to be white. Ray himself admits that he was influenced in developing his "agony" style of delivery by listening to Billie Holiday.

"Jet" supplies the following pairings of artists who have more than a passing similarity in style and sound: Mindy Carson-Lena Horne  
Ginny Simms-Maxine Sullivan  
Kitty Kallen-Lena Horne  
Rosemary Clooney-Sarah Vaughan  
Frances Langford-Ethel Waters  
Peggy Lee-Billie Holiday

“THAT'S WHAT YOU'RE DOING TO ME” (2:27)  
 “WHEN THE SWALLOWS COME BACK TO CAPISTRANO”  
 (3:00)

THE DOMINOES  
 (Federal 12059)

THE DOMINOES

● The harmonizing Dominoes belt out a dynamic driving item that should prove to be what the ops are looking for to stir up a load of action. Titled, “That's What You're

Doing To Me,” the upper deck has just about everything jammed into two and one-half minutes of playing time. The accomplished singing of the lead vocal, and the blend of harmony by the Dominoes, is set off with shouts and handclapping in the background to give it a jubilee effect. The arrangement features a wild sax that fits into the mood of the waxing. Under portion is a slow and smooth presentation of a mellow item. Chapel bells and organ music lend softness and appeal as the group work together beautifully and bring in a solid platter. Ops had better get with these two fast as they have a pair of strong contenders to work with.

“BLANKET OF LOVE” (3:05)  
 “DOWN BEAT” (2:50)

TAB SMITH  
 (United 1024)

● Tab Smith's alto saxing of a slow oldie is all that one can desire. The backing here is merely incidental as Smith runs the entire range of notes throughout the recording. Sax enthusiasts will revel in this mellow handling of this item. Flip is a fast jumpy number that once again is all Tab Smith. The arrangement is clever, and includes portions of several other well known tunes.

“HE'LL NEVER LET GO MY HAND”  
 (2:55)

“HE IS MY LIGHT” (3:00)

REV. WM. MORRIS O'NIEL  
 (Hi-Lo 307)

● The resonant voice of Rev. Wm. Morris O'Neil dramatically sells two slow spirituals. The Reverend is backed by The Christian Tabernacle Choir, evidently a large, well rehearsed group, and the music is supplied by an organ and piano. The total effect is a stirring coupling and ops with the right locations should listen.

“GROOVIN'” (2:40)  
 “WEARY BLUES” (3:12)

ILLINOIS JACQUET  
 (Mercury 8968; 8968 x 45)

● A driving instrumental is socked out with force by Illinois Jacquet and his orchestra. The group handles a spirited arrangement zestfully as Illinois Jacquet allows his sax to run wild, and together they bring in a strong waxing. The second side is a slow piece that is a sounding board for the Jacquet sax. Ops have two listenable sides and should take a peek.

“O. H. BLUES” (3:00)  
 “LOVE IS JUST AROUND THE CORNER” (3:05)

CHARLIE VENTURA'S BIG FOUR  
 (Mercury 8965; 8965 x 45)

● Charlie Ventura and his Big Four drive out an instrumental that starts slow, picks up speed and ends up fast and wild. Ventura's saxing is given the spotlight, and is effectively supported by Buddy Rich on the drums; Chubby Jackson, bass; and Marty Napoleon on the piano. Flip is Charlie Ventura's rendition of a slow oldie that should please.

Jazz 'n' Blues SLEEPER OF THE WEEK

“ALL NIGHT LONG” (2:49)

“TIME WAS WHEN” (2:12)

HADDA BROOKS

● A slow blues ballad is given the polished Hadda Brooks treatment and the result is a waxing that can't miss. Miss Brooks' stylish delivery

of a sweet and mellow tune called “All Night Long” makes this a side that will be heard time and time again. The solid piping of the chanteuse is assisted by a sincere accompaniment featuring Teddy Bunn on the guitar. A slick arrangement, deftly handled by the musicians, does much to make this a click etching. Lower platter is a rhythmic beat ditty that the thrush handles solidly. Hadda Brooks gives a moving performance in her treatment of this contagious tune, “Time Was When.” The musicianship, again featuring Teddy Bunn, is soaring and sets the proper mood for Miss Brooks. Ops are advised to waste no time in getting with this pair.

“AU PRIVAVE” (2:45)

“STAR EYES” (3:30)

CHARLIE PARKER  
 (Mercury 11087; 11087 x 45)

● Two fast moving instrumentals are excitingly presented by Charlie Parker and his orchestra. Dynamic arrangements of both tunes utilizes the talents of the musicians to the utmost to serve as a backdrop for the Charlie Parker's wild alto saxing. The rollicking numbers, as handled by the group, are an infectious coupling and ops would be wise to look in.

“I'LL NEVER FORGET” (2:59)

“I'LL LIVE AGAIN” (2:49)

THE DIXIE HUMMING BIRDS  
 (Okeh 6864)

● A slow religious spiritual is dramatically executed by The Dixie Humming Birds. The lead vocalist's powerful singing is dynamic, and together with the effective harmonizing of the Humming Birds, the result is a potent platter. The under portion is a slow but rhythmic piece that is forcefully done by the aggregation.

“EVERY BEAT OF MY HEART”  
 (2:53)

“ALL NIGHT LONG” (2:15)

THE ROYALS  
 (Federal 12064)

● The Royals take a slow beat, dressed up with a potent arrangement, and give it a mellow, but expressive, treatment. The lead vocalist's flowing reading of the cute lyrics is backed by the smooth harmony of the group, and they succeed in putting together a slick half. Bottom deck is a boogie beat forcefully handled by the artists. It is a solid side. Ops have two good waxings for their jukes.

“JUMPIN' AND STOMPIN'” (2:10)

“BOOGIE IN THE GROOVE” (2:00)

JO JO JACKSON  
 (Fidelity F-3005)

● Jo Jo Jackson and his Jumpin' Jivers beat out a driving instrumental with joyful abandon. A red hot arrangement is excitingly handled by the uninhibited group of musicians. Flip is a fast boogie rhythm that is treated to a similar arrangement that Jackson and the boys deliver with contagious spirit.

“WHILE WE'RE YOUNG” (2:08)

“WALKIN IN THE SUNSHINE”  
 (2:20)

MILT LARKIN and THE X-RAYS  
 (Coral 65083)

● Milt Larkin chants a light jump item with an easy and smooth delivery. His expressive singing of the lilting tune is backed pleasingly by The X-Rays. The arrangement features a bit of outstanding saxing. Second lid is a moderate jump version of a ditty that Milt Larkin sings zestfully. Ops should take a listen.

“TAXPAYER'S BLUES” (2:30)

“EATIN' WITH THE BOOGIE”  
 (2:25)

BULEE GAILLARD  
 (Mercury 8970; 8970 x 45)

● A slow bouncy blues is dished up by Bulee Gaillard and His Southern Fried Orchestra. Gaillard's vocal is forceful and exciting, and he is backed by his ork in strong fashion. An ok arrangement features some polished saxing in the breaks. The other side is a fast beaty item, well handled by the artist, who chants a set of novelty lyrics potently.

“I'M GETTING NEARER MY HOME”  
 (3:10)

“HE'S THE ONE” (2:40)

MAHALIA JACKSON  
 (Apollo 258)

● Mahalia Jackson comes up with a slow inspirational number that changes into a bouncy shouty jubilee about midway through the tune. Mahalia Jackson's strong, clear vocal is backed with piano and organ and the result is a dramatic deck. The second lid is also a spiritual with the same arrangement, and excitingly handled by the vocalist.

“GENTLE LOVER” (3:07)

“J. D. BLUES” (3:02)

JUNE DAVIS with RED SAUNDERS ORCH.  
 (Okeh 6856)

● A beautiful slow ballad is doled out by June Davis with ease and warmth as she sells a sentimental set of lyrics telling of “when a lover has a soft and gentle touch.” Red Saunders' ork sets the musical mood for the chanteuse, and together they bring in a solid etching. Flip is a slow blues that June Davis sings in throaty fashion. Ops have two good sides to work with.

“COUNT YOUR BLESSINGS—JESUS”  
 (3:08)

“LOVER OF MY SOUL” (2:43)

JACKSON GOSPEL SINGERS  
 (Okeh 6866)

● The Jackson Gospel Singers belt out a wild jubilee type religious item with verve and gusto. The lead vocalist delivers a strong raucous reading of this spirited number, and the harmony of the group helps make this an ok side. The lower lid is a change of pace as the gospel singers handle a slow spiritual softly to back a prayer that is talked.

“LET'S TALK ABOUT JESUS” (2:41)

“COME UNTO ME” (2:31)

SISTER ROSETTA THARPE  
 (Decca 28075; 9-28075)

● Sister Rosetta Tharpe delivers a rousing jubilee type religious number with much feeling. The strong voiced vocalist gives an exciting reading of the rhythmic tune and is assisted solidly by the South Wind Singers. The blending of voices helps make this a sock side. Under portion is a similar number capably handled by Sister Tharpe and the South Wind Singers.

### Permo Phono Needle Plant To Be Shown On TV Show

CHICAGO, ILL. — Manufacturing processes used by Permo, Inc., originators and producers of long life phonograph needles, will be featured on a forthcoming television show, "Industry in Action," sponsored by the National Association of Manufacturers. This program, to be aired by nearly 65 TV stations throughout the U. S., is currently being filmed at the plant by ace NBC newsreel cameraman Earle Crotchet. About 40 minutes of film is being shot, for cutting and editing later. It is anticipated that the film will have high interest for viewers, since phonograph needles are an item in widespread general use, and the microscopic precision with which they are made provides an unusual manufacturing story that can be told with telling effect by the camera.

### Guam Distrib Opens Houston Office

## 3 Cleveland Radio Stations Adopt 45-RPM Record System As Standard

CLEVELAND, OHIO—Three Cleveland radio stations last week announced that they had adopted the 45-rpm system of recorded music as standard broadcast equipment. They began 45-rpm operation simultaneously on March 17.

The three stations are WTAM, 50,000-watt NBC outlet; WHK, 5000-watt Mutual station; and WERE, 5000-watt independent. Their joint action marks the first time that more than one station in a city has gone "45."

The latest swing to 45 highlights the growing trend by radio stations toward adoption of the new music reproduction system since Philadelphia's WFIL inaugurated the trend last year. Other 45-rpm stations which have adopted the new system since the first of the year are WGMC, Washington, D. C.; KFI, Los Angeles; WHDH, Boston; WMAQ, Chicago; KOA, Denver; and KNBC, San Francisco. In each case, the inauguration of 45-rpm music broadcasting has stimulated sales of 45-rpm records and phonographs in the station's reception area, according to spokesman for RCA Victor, which is most interested in the system.

To meet heavy musical requirements, each station has acquired a basic library of 45-rpm records, embracing approximately 5000 selections.

To attract maximum market attention to their modernized recorded music service, stations, WTAM, WERE, and WHK, in conjunction with

Main Line Cleveland, Inc., RCA Victor's record distributor in the area, kicked off the new system with a comprehensive promotion campaign involving radio spot announcements, window and in-store displays in local RCA Victor record shops. Newspaper advertising was also used for the kick-off. Many local columnists alerted their readers to listen to music programs provided by the new system.

### Krupa To Honolulu

NEW YORK—Gene Krupa, slated to preem an international tour with his original Jazz Trio in Honolulu, opening at the Brown Derby there April 4 for two weeks, will break the jump with three stops in the U. S. en route. The Trio (Krupa, Charlie Ventura and Teddy Napoleon) plays the weekend of March 28th (28 thru 30) at the Club Silhouetté in Chicago; flies to Boise to entertain the army there on March 31, then flies to Los Angeles to take part in a jazz concert being staged by disc jockey Gene Norman on April 2. The threesome then planes to Honolulu. Joe Glaser of Associated Booking Corporation, handling the tour, is negotiating for two weeks in Japan to follow.

## BULLSEYE of the WEEK

"THREE WAYS OF KNOWING" (2:31)  
 "WHEN YOU WANT A LITTLE LOVIN'" (2:20)

JOHNNIE & JACK  
 (RCA Victor 20-4555)

JOHNNIE AND JACK

● A lively happy tune is treated to a dynamic performance by Johnnie and Jack. The fast moving item on the upper lid, "Three

Ways Of Knowing," with an infectious arrangement, and novel lyrics, should spin merrily in the juke, as Johnnie and Jack harmonize in rollicking style. The instrumentalists provide sprightly background music which features the guitar and fiddle in spots. Ops can do no better than to rush this entry into their boxes. Flip is another fast tempo novelty that is put over with spirit and zest by the popular duo. Titled, "When You Want A Little Lovin'," the catchy piece is arranged excitingly and supported with a slick set of humorous lyrics. Johnnie and Jack have another likely side in this one, and ops have a waxing that should break into the money.

Nashville, WSM, "The Grand Ole Opry," and the country music field in general lost one of its most colorful members Saturday morning, March 22nd, when Uncle Dave Macon passed away in a Murfreesboro, Tenn., hospital at the age of 81. Uncle Dave, affectionately known as "The Dixie Dew Drop," had appeared on WSM's "Grand Ole Opry" practically since its beginning in 1925. A special program in memory of "Uncle Dave" was broadcast on "The Opry" Saturday night by all the WSM cast and the largest crowd ever to attend a funeral was present for the burial Sunday afternoon near his home just out of Murfreesboro. The latter days of March will find d. j. Carl Shook playing a lead character in Louisville's "Little Theatre" production of "Golden Boy." Carl m. c.'s one of Louisville's most interesting country record shows tagged "Cornbreak Matinee" from WKYW.

HANK WILLIAMS

Charley Stookey does the early morning country record show over KXOK in St. Louis labeled "Town and Country." It goes across the board in the six to eight A.M. slot. Charley also handles "Recorded Barn Dance" every Saturday P.M. from ten to eleven.

Hank Williams (M-G-M) received his "oscar" for the "Best Folk Record of 1951" during the Jefferson Island Salt "Opry" program March 22nd. Award was the result of the poll by The Cash Box among the phono operators of the nation. Murray Nash handled the honors for The Cash Box.

"Happy" Hal Burns is booking and m. c.'ing a "Grand Ole Opry" show in Birmingham April 6th. His recent presentation of The Blackwood Brothers, The Statesmen Quartet, and The Happy Hitters on March 15th was very successful and plans are for regular bookings. "Happy Hal" carries the country disc chores for Birmingham's

WBRC in addition to his appearances.

Martha Carson (Capitol) has signed to join WSM's "Grand Ole Opry" cast during April and will appear on their Astor Roof cast in New York for the summer's run. The Car'isles (Mercury) will join her at WSM upon her return from the New York stint.

Any country jockeys looking for a move to Memphis? WHHM has the spot open left by Bob Sticht. An audition to Harold Hill, Musical Director, is the way to apply.

KBMN in Boseman, Montana turns an hour and a half per day over to "Panhandle Dan" who m. c.'s the "Western Jamboree." A casual remark by Dan recently flooded both the switchboard and the mail box. Who said the interest in country music was lagging in the northwest?

Mel Foree, Acuff-Rose rep, off on a d. j. junket through Alabama, Mississippi, Louisiana, and Texas. Mel plans to take three weeks in this run calling on his old acquaintances as well as meeting new ones.

Bob Wills (M-G-M) slicing new sessions in Dallas this week. He says some changes are being made this time—maybe back to his old style? Although he is by no means a secondary artist at present, we can remember when every hit list was headed by a Wills cutting.

New England ranks the country artists as Hank Williams (M-G-M) first, Eddy Arnold (RCA Victor) second, and Hank Snow (RCA Victor) third, according to a well answered poll on Clarence Kneeland's WERI record show from Westerly, R. I. Records were offered to the entries who duplicated the final tabulation in their ratings.

Seen at WSM's "Grand Ole Opry" March 22nd were a goodly crowd from Capitol including Prexy Glenn Wallich, Promo Mgr. Hal Cook, Country Topper Ken Nelson, and Country Promo man Lloyd Cook. RCA Victor was well represented by Al Miller with Paul Cohen standing in for Decca.

Ray Whitley has given up his d. j. chores at WMEX in Boston to return to his Hollywood home.

"IDAHO STATE FAIR" (3:06)  
 "YOU WILL NEVER GROW OLD" (2:36)

RUSTY KEEFER  
 (Coral 60679; 9-60679)

● Rusty Keefer And The Hillsiders come up with a quick tempo ditty and deliver it with relish and abandon. The infectious warbling of Keefer is set off beautifully by the harmonizing Hillsiders. The lower half is a change of pace that the artists collaborate on soothingly and they bring in a mellow side. Ops have two likely levels for the boxes.

"SOMEBODY'S STOLEN MY HONEY" (2:27)

"MY MOTHER MUST HAVE BEEN A GIRL LIKE YOU" (2:53)

ERNEST TUBB  
 (Decca 28067; 9-28067)

● Ernest Tubb sadly chants a western lament with feeling, as with his deep voiced vocal, he tells of "somebody's stolen my honey, and my honey's stolen my love." Tubb accompanies himself with polished guitar and brings in a strong contender. Flip is a similar piece that Tubb delivers pleasingly. Ops should take a peek.

"LET OLD MOTHER NATURE HAVE HER WAY # 2" (2:10)

"MUSIC MAKIN' MAMA SECOND HAND" (2:18)

LONZO AND OSCAR  
 (Decca 28060; 9-28060)

● Lonzo and Oscar's uninhibited vocalizing of a fast tempo item and their infectious handling of the humorous lyrics makes this waxing a good bet for the juke. Employing numerous novelty noises, and harmonizing in rollicking style, the duo have themselves a time, and so does the listener. The under deck is a similar novelty handled expertly by the talented pair.

"I'M SORRY FOR YOU, MY FRIEND" (2:31)

"HONKY TONK BLUES" (2:33)

CURLEY COLDIRON  
 (Melody Hill 802)

● A slow ballad is vocalized by Cliff Steele warmly as he gives the country weeper a dramatic reading. Curley Coldiron and The Circle C Boys provide the musical backdrop and they handle the smart arrangement solidly. Flip is a rhythmic number potentially warbled by Wally Moore. Moore's light yodeling helps make this honky tonk tune a zestful side. Ops should take a look.

"AIN'T IT SAD?" (2:46)

"YOUR PICTURE DONE FADED" (2:42)

COUNTRY PAUL  
 (King 4517)

● A slow country weeper is dolefully chanted by Country Paul as he tells in a monotone reading "You can't get around dying no matter how hard you try." The piece is given a rhythm treatment which is effectively projected by Country Paul's solid guitar playing. Flip is a similar tune handled by the artist in his strong style.

"TAKE THE SHACKLES FROM MY HEART" (2:12)

"I'VE TURNED GADABOUT" (2:32)

DUDE MARTIN  
 (Mercury 6385; 6385 x 45)

● A lilting Pee Wee King-Red Stewart tune is sung in sprightly fashion by Dude Martin. The chanter's solid handling of the moderate beat item and sincere reading of lyrics make this a strong etching. The under portion is another King-Stewart tune now getting lots of play. Ops have two loaded decks and should check.

"MY DARLIN' LIZA LOU" (2:30)

"YOU MADE ME LOVE YOU" (2:15)

HILLBILLY BARTON  
 (Abbott 113)

● Two cute novelty tunes written by himself, are sold by Hillbilly Barton vigorously and infectiously. Bartons expressive chanting of the fast tempo items receives strong instrumental backing, with country fiddling and guitar in the breaks. Both sides have spirited arrangements that assist in making them ok disks.

"MILK BUCKET BOOGIE" (2:31)

"BUNDLE OF SOUTHERN SUNSHINE" (2:34)

CURLEY COLDIRON  
 (Melody Hill 800)

● A hopping boogie beat number that is currently stirring up a fuss in the country market, is given an adaptation by Curley Coldiron. A strong vocal by Cliff Steele is supported with a powerhouse backing by the Circle C Boys. This version could catch some of the play. Lower lid is another coverage of a current favorite adequately served up by the artists.

# Toasting A Julep

NEW YORK—The Clovers, sensational Atlantic recording artists, whose new disk, "One Mint Julep," is taking off to the hit bracket, drink a julepy mint julep toast to the tune. Shown here with arranger Jesse Stone during a recent rehearsal, the Clovers, within their first professional year have waxed three record hits: "Don't You Know I Love You," "Fool, Fool, Fool," and the current smash, "One Mint Julep." The group opened at New York's Apollo last Friday.

## Lombardo Hits \$300,000 Mark With Half of Tour Yet To Come

NEW YORK—Proving once again that he is one of the most phenomenal box-office draws in the history of modern popular music, Guy Lombardo and his orchestra are ringing up tremendously high grosses during their current 63-day concert tour.

With more than half the tour now completed it is evident that Lombardo will go well over the \$500,000 gross mark before the tour winds up in Springfield, Mass., on April 26.

During the first 35 dates of the tour, which has thus far taken him through the states of Pennsylvania, Virginia, North and South Carolina, Tennessee, Alabama, Georgia, Arkansas, Louisiana, Mississippi, Texas, Oklahoma, Missouri, Kansas, Iowa, and Illinois, Lombardo has grossed well over \$300,000, averaging almost \$9000 as his nightly gross. In terms of net for his band, Lombardo takes out 60% on each date into which he goes on percentage, and he has not yet failed to meet that requirement.

To date, the largest one-night gross gathered in by the band was in Memphis, Tenn., on March 1, when the cash register rang to the tune of \$12,915. Other "whoppers" have been \$11,870 in Great Bend, Kansas, on March 19, and \$11,598 in Salina, Kansas, on March 21.

Unlike last year when Lombardo carried as part of his entourage a "hot" name act in The Ames Brothers, he is making this year's tour accompanied only by two relatively minor acts,

Gene Shelton and The Ganjou Brothers. In Texas, Lombardo added crooner Don Cherry whose home is in that State; otherwise he has stood pat on his troupe.

Lombardo has not been giving concerts on Thursday nights, incidentally, that being the night he does his NBC "Your Hit Parade" show. He has been doing these from U. S. service installations, where of course there is no charge for attendance.

An interesting sidelight on this is the fact that Lombardo last year almost never ventured forth on the concert tour which was to prove so outstandingly successful, and which he is therefore repeating this year. Last year there was doubt expressed in some quarters as to the advisability of the band only doing concerts in view of the fact that its great reputation over the years has been as a dance band.

Lombardo finally won out with his point that his audience over the years has been a family audience, and that dances, by their very nature, usually attract only teen agers or young married couples. Lombardo emphasized that by playing concerts he could play for entire families at the same time, and pointed to his tremendous record sales and radio ratings over the years to demonstrate he has a vast listening audience as well as a dancing audience.

He won his point and went out and proved he was absolutely right.

THIRD QUARTER 1952 ALLOTMENT	664	1	13,649	29,052	0	214,821

WASHINGTON, D. C.—The all in the industry expected increases in allotments of metals for the third quarter, few if any, expected that they would reach the high point indicated in the proposed allotments for the third quarter of the year by NPA (National Production Authority).

Regardless of these larger allotments, it is also understood that those manufacturers who may decide that they can use even more materials than

indicated for the third quarter, will be given the right to appeal for more materials they can use at a specified date as yet to be set by NPA.

*(Editor's Note: Those who studied the last chart published by The Cash Box in the March 22, 1952 issue, will, after studying this new chart, realize the tremendous increase in proposed allotments by NPA for civilian goods manufacturers.)*

It is believed, thruout the coin oper-

ated machines industry, that these higher percentage allotments will bring many a manufacturer to near normal for average volume production.

This means that more equipment can be expected in the third quarter than has been seen since the start of the Korean fracas.

It may also mean a return of real salesmanship to assure manufacturers of obtaining the orders they will need to use up the materials they will get.

## Start Salesmen Covering Trade

CHICAGO—Distribs visiting here this past week reported that they are, once again, starting salesmen out to cover the trade in their territories.

They explain that due to the higher prices of equipment and also due to buyer resistance being encountered thruout their areas, they have again started using salesmen to cover their territories.

Many of these distribs also stated that they plan to increase their advertising budgets in view of the fact that they must attract more operator attention to their firms.

As one noted distributor stated: "It's now been a long, long time since we used salesmen to cover our territory. We have always maintained a salesman in our offices," he said, "but, we haven't used him out on the road very much.

"With conditions what they are," he claims," and with prices of equipment going ever higher, we are now encountering more sales resistance and, we believe, that the one best way to explain this situation to the operator is to get salesmen out to the operator's place of business and let them talk it out.

"We are also," he concluded, "planning to use more advertising than we did before. This is necessary today if we are to continue to maintain closer contact with our operator-customers."

*(Editor's Note: This distributor and others who made the above report, are working exactly along the lines of what has been proposed by the Association of National Advertisers in their past convention at Hot Springs, Va.*

*It was reported at this meet that firms like Westinghouse have increased their ad budgets from 10% to 15%. Standard Oil of Indiana has jumped its advertising budget 10%.*

*Others are following suit with the belief that advertising will reach a new high point this year because of sales resistance.)*

## National Wurlitzer Days April 6 and 7

### Music Operators To View New Phonograph

NORTH TONAWANDA, N. Y.—Announcement by The Rudolph Wurlitzer Company, this city, thru a series of "teaser" ads that it will "uncover its Topper" on "National Wurlitzer Days," April 6 and 7 (Sunday and Monday) at its distributors thruout the country, immediately started music operators talking about the probability of seeing a new Wurlitzer phonograph at that time.

Thruout the years it has been customary to introduce a new phonograph whenever "National Wurlitzer Days" were held. Further evidence of an impending showing of a new music machine is the recent meeting of all the firm's distributors at the factory a week ago.

Distributors, when questioned, admitted a new phonograph will be on display and immediately broke into happy smiles, and their eyes lit up with excitement. "Thruout the years, music operators have been rewarded by attending 'National Wurlitzer Days'" stated a Southern distributor, "but, wait 'til they see what will be on display on April 6 and 7. Never in the history of this business has anything been shown that even approaches the 'Topper.' At the meeting in North Tonawanda, the distributors were so excited that they could hardly contain themselves. This in itself is the most encouraging news we can pass along. If any music operator misses attending any of our showings on April 6 or 7,

he'll miss the greatest opportunity of his life."

Ed Wurgler, Wurlitzer's sales manager, while not going into detail in his description of the "Topper," stated "The new phonograph will capture the immediate fancy of music operators. It is the most magical phonograph ever built. It will be tops in selections, beauty and tone, thus making it possible for the operator to bring in the biggest collections in history. We've all been hearing about the great advances in electronics and atom smashing. Wait 'til the operator sees the "Wurl-Magic Brain" in action. It's one of the most amazing advances in music machine manufacture ever developed for the benefit of operator. And there's many more wonderful features awaiting the scrutiny of the operator when he visits his local Wurlitzer distributor on April 6 and 7.

## Mass. Rejects New Taxes On Machines

BOSTON, MASS.—Bills proposing the imposition of new taxes on coin operated machines were reported adversely to the Massachusetts Legislature (March 19) by its taxation committee.

The proposed measures would have placed a \$20 tax on each vending machine; \$20 on juke boxes; \$15 on cigarette machines and pinball machines; \$10 for soft drink machines, and \$5 for all others.

Similar bills have been rejected by past sessions of the Massachusetts Legislature.

# Bally's New Five Ball "Atlantic City" At All Distributors

JACK NELSON

taining numbers 1 to 25 mixed in a square pattern. First coin selects first section, and each additional coin selects the next section. Playfield panel is standard pinball type containing 25 skill-holes numbered 1 to 25. Ball return hole returns balls for free shots. Scoring is accomplished via the popular 3-in-line, 4-in-line, and 5-in-line method.

Jack Nelson, Bally general sales manager, described many new play-inventing features as follows: "Spot-tem" feature may "spot" numbers 15, 16 and 17 on a mystery-flash basis after first 3 coins have been played. Also, after first 3 coins have been played, the player may light up "4 Corners" panel on backglass. When "4-Corners" panel is lit and player lights 4 corner numbers of a selected score-section, score is 200. For "Double Scores" player may deposit additional coins to (2) "Spot" numbers 14, 15, 16, 17, 19 and 22; (b) light 4-Corners Panel; (c) light "Double" lights. All scores are doubled when corresponding "Double" light is lit. After first 5 balls have been played, player may play for "Extra Balls" by depositing additional coins. Extra balls are released on a progressive mystery flash basis, with new advancing arrow.

The new game is now on display at all Bally distributors.

# Coven Speeds Rebuilding For "National Wurlitzer Days"

BEN COVEN

CHICAGO—Ben Coven, just returned from visiting at the Wurlitzer

factory at North Tonawanda, N. Y., instantly began to rush the renovating and rebuilding of the firm's showrooms and offices here.

With extra carpenters and other workers on the job, Ben hopes to complete these new showrooms in time for the big open house party the firm will have during "National Wurlitzer Days", April 6 and 7.

Ben stated, "We will have an outstanding showroom for the display of the new Wurlitzer equipment.

"We believe", he continued, "that this will be one of the best and most beautiful quarters in this city.

"In addition", he said, "we will have a much enlarged record department, general games showroom, as well as repair and service departments.

"If everything goes along according to present schedules", he concluded, "our showrooms should be completed this forthcoming week. In time for our big 'open house party' on 'National Wurlitzer Days'."

# Lake City Amusement Co. Adds To Sales Force

CLEVELAND — Joe Abraham of Lake City Amusement Co. reported this past week that the firm had added another salesman to the three men already covering the firm's territory throught this area.

According to Joe, "There is no longer any doubt but what salesmen are becoming more important.

"We believe, since we handle the lines of Rock-Ola Mfg. Corp., Bally Mfg. Co. and Williams Mfg. Co. that we need salesmen out on the road to tell the operators thruout our entire

JOE ABRAHAM

territory all about the new products of these three famous and outstanding firms.

"We have always made it a practise to bring the operators the newest and finest equipment.

"Salesmen have been able to arrange for closer contact with our operator-customers and, thru the salesmen, we have been able to give these operators some of the finest buys they've ever yet enjoyed."

The firm is seriously thinking of adding more men to their sales force to give their entire territory the closest possible coverage and so that the operators in this area will get personal service from the firm thru these salesmen.

# CANADIAN SPENDING IN U. S. KEEPS RISING

## Since Lifting of Import Restrictions Canadian Ops Spending Double Former Dollars for U. S. Games and Music Equipment. Foresee 1952 as One of Canada's Biggest Buying Years of U. S. Coin Operated Machines.

TORONTO—As "The Wall Street Journal" stated sometime ago, "Canada's lusty production boom is dropping a bonanza of bigger business into the laps of U. S. manufacturers".

This is exactly what is happening in the coin operated entertainment field thruout the Dominion of Canada where the biggest production boom in all Canadian history is now under way.

Regardless of the fact that Canadian manufacture had quadrupled since 1939, and also regardless of the fact that Canadians now find their dollar worth more than Uncle Sam's buck, buying continues at a tremen-

dous pace south of the Canadian border, with orders already surpassing "the more than double stage."

Since the lifting of import restrictions for coin operated machines of all kinds, Canada's operators have been buying like men hungry for meat and bread for many years.

Distributors have been, and are continuing to, ship late model used equipment, in ever increasing quantity into the Dominion, but, in addition, the newest machines are going into Canada in ever increasing volume.

As always, Canada retains the title of: "America's best customer".

If the present volume of shipping is to be considered, then Canada is well on its way to a new buying record, this year of 1952, from America's coin operated machines industry.

One glaring fault remains most obvious thruout all this picture. The average American coin operated machines manufacturer does not thoroly understand the Canadian market.

Canada, many times larger than the U. S., has only 14,000,000 inhabitants. It is ice locked in some sections for the major months of the year. Yet, regardless of this fact, it is believed that there are, at present, over 15,000 juke boxes scattered thru-

out the Dominion and, with more and more arriving daily, even this figure will soon be smashed.

In short, there are more coin operated entertainment machines per capita of population in Canada, than there are in the U. S.

Canadians feel that they should be given "more consideration."

"Duties, taxes, freight, and many other costs, have to be added onto the price of every machine purchased from the U. S.," Canada's ops explain.

They believe that America's manufacturers should investigate their market more completely, and should set up some program whereby they will be able to allow Canada's ops to expand much more rapidly than they are at the present time, with price on a more "equalized basis," because of the many problems which they face, as against what American operators are up against.

One well known Canadian distributor, showed a portion of a clipping from "The Wall Street Journal" which read:

"The Americans can pay the tariff and the freight and still sell at the same price. . . ."

Canada's operators are faced with a great many problems in bringing new equipment into the Dominion.

The average Canadian operator depends almost entirely upon his distributor to not only sell him the machine, but to also finance it, so that he can amortize its cost over a period of time and then, at long last, realize that it is really his own and begin, at that time, to enjoy some profit from his pioneering of the new product in his territory.

This isn't at all as simple as it reads. "The average manufacturer in the U. S. must, most definitely," Canadians distributors state, "get much closer to us and to our problems and, thereby, arrange for a distribution coverage which we could not effect singly or even collectively."

With the fact that American investment in Canada has now reached record proportions in Billions of Dollars and, furthermore, all leading American consumer goods manufacturers are driving harder than ever to get a larger share of the Canadian market. American coin operated entertainments machines manufacturers should also drive just as hard, Canadians believe, to get into this picture more outstandingly than they are at this time.

"We do hope," Canadians told *The Cash Box* reporter, "that we shall be able thru your outstanding publication, arrange for American manufacturers and distributors to better understand our problems and, we believe, that once they come to a more understanding point of our problems they will arrange for a much closer relationship with the Canadian coin operated entertainments market than we now enjoy.

"We will," they continued, "tie even more closely to *The Cash Box* than we are today to help bring this closer and better understanding and cooperation about with all the Canadian Dominion's operators which *The Cash Box* covers so thoroly."

“Mystery Game”**

**Firm's Distributors From All Over Nation See  
“Twin Rotation” First Time At Meeting**

FRANK MENCURI

knew what it was. In fact, the firm's own employees, building units for the game, only knew it as “game X”.

The new game is two player rotation pool in shuffle game arrangement. It is called: Exhibit's “Twin Rotation.” It is one of the most ingenious of its kind. It is a much larger game than the average shuffle-type game. It has the new shadow light effects which show all the fifteen pool balls in full colors. The game is played just like the regulation game of rotation pool.

The player starts with the “break” of the racked up balls and sees them scatter apart. Then, exactly as in rotation pool, he shoots the puck (which is the cue-ball) for No. 1 ball and on to number 2, 3, 4 etc. He has 15 shots in which to completely pocket all the 15 balls. He can, with some good skillful shooting, probably pocket them all with but five shots of the puck. The game is then over.

Most ingenious is the fact that the 15 ball can be in front of the 2 ball, but, if the player shoots thru the 15 to reach the 2 ball, there will be no score.

Just as in regulation rotation pool, he must bank around the 15 to get at the 2. If he successfully banks the puck (his cue-ball) and hits the 2, he gets an additional score for the intricate bank shot.

CHICAGO—Exhibit Supply Company, this city, was host to a tremendous gathering of distributors from all over the nation, who arrived here Sunday (March 23) to be present at the premiere showing of the firm's new “mystery game”.

For some months rumors have been circulating thruout the trade that Exhibit had a brand new game which would be quite a surprise to everyone. None saw the game. None even

## Underwriter's Laboratories Approve Exhibit's "Big Bronco"

**First Mechanical Coin-Operated Horse To Be Granted "UL" Seal For Safe Operation. Important To Location Owners. Holds Down Insurance Rates. Gives Ops Unique Selling Point For Placing Horse.**

CHICAGO—Executives of Exhibit Supply Company, this city, were highly elated this past week when the Underwriter's Laboratories, Inc. famous "UL" seal of safety approval arrived, after scientific tests of their "Big Bronco" coin operated horse.

This is the first such product to be granted the safety seal of approval of Underwriter's Laboratories which is sponsored by the National Board of Fire Underwriters and is a non-profit organization, especially created for scientific testing of all types of

products to assure them as "safe" for general use.

This, according to Frank Mencuri and Ford Sebastian of Exhibit, gives every operator in the nation a very outstanding and unique selling point as far as placing "Big Bronco" on any location is concerned.

It means that, in case of a fire in any location where "Big Bronco" may be located, the horse will not be blamed. It now carries the "U.L." safety seal of the National Board of Fire Underwriters.

It took many, many weeks before the use of the famed "U.L." seal was granted to Exhibit Supply Company while Underwriters Laboratories was testing the "Big Bronco" for every possible safety hazard.

The conclusive decision reached by U.L. means that the "Big Bronco" is now most completely approved from a safety standpoint and furthers the locating of this horse anywhere in the nation.

The honor of being approved by U.L., Frank Mencuri and Ford Sebastian stated, is no small one as every storekeeper in the nation knows its value.

## Williams Boosts Production

**Report "Slugfest" Hits New High In Orders**

SAM STERN

CHICAGO—Sam Stern, executive vice-president and general sales manager of Williams Manufacturing Company, this city, reported this past week that, for the first time in many weeks, the firm has been forced to boost production.

"This was brought about," Stern stated, "by our new 'Slugfest' which is speedily taking hold in territory after territory all over the country."

"The operators," he stated, "are telling our distributors that 'Slugfest' is showing the way to bigger profits than they have enjoyed in many, many months."

"The game has proved itself one of the very finest which we have ever yet produced."

"But, what's more," he said, "is the fact that it is the finest-mechanically precision built machine that has been turned out in a long, long time."

"Operators place it on location," we are told, "and simply forget about it until collection time. Never a service call. All the operator does is plug 'Slugfest' into an electric socket on the location and comes back to collect."

"This," he stated, "is one of the biggest reasons for the great production boost we are enjoying at this time."

## "Hit 'N' Run" New Gottlieb 5-Ball

CHICAGO—"Demand from our distributors," according to Alvin Gottlieb of D. Gottlieb & Company, this city, "started us off on our newest five-ball game, 'Hit 'N' Run.'"

This game features, to absolute perfection, according to Alvin, the firm's new four ball trap.

The balls can land on all four bases and are held there for an extra skill award for the players.

"In addition to all the famous features we have on our new five-ball," Alvin Gottlieb reported, "this game is one of the speediest we have yet built."

"It takes only a certain definite number of seconds, even for the slowest of players, to complete the game."

"This," he continued, "gives the operators the chance to earn more than they ever did before."

He also stated that advance orders indicate the game will be one of the biggest successes of the firm.

"In fact," Alvin stated, "our advance orders for 'Hit 'N' Run' are larger than for any other game we've yet built this year."

"And remember," he says, "that our last game, 'Quartette,' and all the games before that, were considered 'hits.'"

"That," he claims, "gives the operators some idea of the tremendous and immediate acceptance which we are enjoying for 'Hit 'N' Run' from all of our distributors everywhere in the nation."

# AMI Reports Net Earnings Of \$461,344 For 1951

JOHN HADDOCK

GRAND RAPIDS, MICH. — AMI Incorporated, manufacturer of juke boxes and accessories reported net earnings after taxes of \$461,344 equivalent to \$2.09 per common share on the 220,870 shares of common stock outstanding, for the fiscal year ended Dec. 31, 1951. This figure reflects a \$225,000 reduction in Federal income and excess profits taxes, resulting from a bad debt loss for which a reserve was created by charges to income in prior years.

John W. Haddock, president, said that this compares with net earnings in 1950 of \$504,475. He pointed out that working capital rose to \$904,125, as of Dec. 31, 1951, from \$719,883 a year earlier. At the close of 1951 total assets were \$1,811,425, rising from \$1,627,154 in 1950.

Haddock explained that throughout 1951 the volume of the company's normal products was not limited by demand, which greatly exceeded production, but by Government restrictions on the use of such critical materials as copper, aluminum, steel and cobalt. Economies in the use of these materials ranging up to 45 per cent in each unit produced, as in the case of copper, he said, were insufficient to offset the restrictions, which became progressively more severe throughout the year.

Government allotments of controlled materials seem to assure a profitable first-half for 1952, he continued, while present indications point towards a somewhat greater availability of critical materials during the latter half of the year.

## Ice Vendors Click, But Profits Slow

MADISON, WIS.—Ice vending machines are helpful to ice distributing companies, George W. Heath of Oscar & Company, this city, told a meeting of the National Association of Ice Industries in Houston, Tex., but that it takes from three to five to amortize the equipment.

He pointed out that continuous service is necessary and that operators must be ready to repair them, keep them in a good state of repair and keep the belts constantly filled.

Heath also noted that there is no

sure formula for selecting a successful location. Substantial traffic passing near the vendor is however, a must. The firm operates 13 machines at this time, seven in Madison proper and the others in the suburbs.

This operating firm is convinced that the ice vendors do sell ice. Patrons like the vendors, Heath has learned, because they can get the ice as they want it, when they want it and where they want it.

"We are sold on the idea of vending" concluded Heath, "and expect to expand it to cover a great many more of the towns we serve."

# Charles Suesens Joins Poole Distributing As V-P And Gen. Mgr.

## Boston Distrib To Run Open House Party On "National Wurlitzer Days" April 6 & 7

BOSTON, MASS.—Immediately following the appointment of his organization as exclusive distributor for Wurlitzer phonographs and equipment in the major portion of the New England States, Harry Poole has announced that Charles M. Suesens has joined him as a partner and will assume the post of vice president and general manager.

Charlie Suesens comes to the company offering more than 15 years experience in the business. A nephew of William F. Suesens, former president of the Music Operators Association of New York, Charlie began his career

cleaning phonographs in his uncle's establishment at 15c each. He was active in the phonograph business prior to the war and following overseas service of 42 months with the combat engineers, returned to manage the business. Thereafter followed the partnership with the late Edward Crummeck in the large route operation which covered some of the oldest stops in the city of New York. Three years ago Suesens sold out his route interest and went to Boston as a salesman for the Wurlitzer distributor. Within a year he was appointed sales manager. Charlie will serve as vice president and general manager of the Wurlitzer distributorship and makes his home in Boston.

Coincidental with making the announcement that Charlie Suesens has become a partner in his business, Harry Poole also made known that an open house would be held at his Boston address—1022 Commonwealth Avenue on April 6th and 7th. This get-together, to which all music operators in the territory are invited, will celebrate not only the appointment of the Poole organization as a Wurlitzer distributor but also National Wurlitzer Days, at which time the new line of merchandise will be shown. A cordial invitation is extended to all operators, their families and employees.

Spring has sprung, and with it a real flurry of action on arcade equipment up and down the L. A. Row, with Jack Simon, Badger Sales, Charlie Robinson and Paul Laymon among the distribs reporting a boom demand for anything resembling arcade equipment. . . . Back on the job at Badger Sales after five days out with a very bad cold was Al Silberman, who refuses to embrace the new-fangled virus business. Al says, "Ten years ago what I had would have been called a bad cold, and it's still a bad cold, anyway you look at it." With Badger now exclusive distributor in these parts for the "Colespa" multiple drink vendor, Al tells us it's their No. 1 line in beverage dispensers and, apparently, a very hot line. Among the installations already in is the Inyokern Naval Ordinance Test Station with 22 pieces of equipment. . . . In the game department at Badger, Ray Powers reports the new Keeney Deluxe Bowler continues to be the thing and notes that Williams' "Slugfest" is due out here any day now.

Jack Simon's place has now become good-humoredly known as "The Horse Factory" or "The Stables," and the boys dropping in are just as like to be tabbed Eddie Arcaro or Johnny Longden. . . . Jockey Phil Robinson happened to be visiting with Jack when we dropped by to hear about Phil's recent trip and the wonderful reports coming back to him on Chicago Coin's "Derby" up and down the Coast, especially from the Army camps. Phil's anxiously awaiting delivery of his firm's new 5-ball. . . . In the equine department, Simon tells us that Abe Chapman and he are just about caught up with demand for their horse. . . . Over at Nick Carter's Nickabob, there's a showing due shortly on the new AMI "D-80", as soon as enough are received to handle the flood of orders expected by Nick upon showing. Meanwhile, the boys are dropping in on their own to look over the few floor samples, and we understand they like what they're seeing and hearing.

Continuing to be just about the busiest place on the Row since Fred Gaunt moved over from across the street is the C. A. Robinson outfit, where United's "6 Player Shuffle" and the same firm's "Steeplechase" are leading the pack in sales to make it one of the best months in many a moon. . . . It will be "Wurlitzer Days" April 6 & 7 at Paul Laymon's, where we gather it'll be a new machine with, perhaps, increased selection. Despite all the usual hush-hush prior to the official unveiling, most of the local music ops seem to have a fair idea of what's in store for them and many of them have already indicated it's just what they've been waiting for. . . . Paul and Lucille Laymon were off on a combined business and pleasure trip to Chicago and North Tonawanda, N. Y. In their absence, Charlie Daniels, Ed Wilkes and staff are selling lots of equipment, particularly Bally's "Spot-Lite." The boys are ready for Bally's new "Atlantic City," which is described as a three-card game expected to do just as well as "Spot-Lite."

On the Row: Inglewood's Hugh McElhenney, justly proud of his son's great football record the past year. . . . Johnny Nelson of San Luis Obispo. . . . Perry Irwin from Ventura. . . . Carl Fisher of Inglewood. . . . Barstow's Lela Smith. . . . G. F. Cooper of Riverside. . . . South Gate's John Lantz and Pete Shupp. . . . Johnny Ketchersid and M. F. Tillitson of Long Beach. . . . Bakersfield's Fred Miller. . . . Mel Heiman of San Bernardino. . . . Pomona's S. L. Griffin and Charlie Connor. . . . Dick Harrison of Fontana. . . . Claremont's Jack Mallette.

As a result of the blizzard which blanketed the entire Northwest area and in some areas heaping as much as 12 to 15 feet in huge snow drifts, all the operators in this territory were snowbound and had to stay where they were or stay at home and wait until the snowplows could open up the roads for them to get through. Those who managed to get into the Twin Cities area while the weather was still nice included Ken Ferguson of Stillwater; Gordon Wornson of Mankato; Ted Heil of Gaylord; John Galep of Menomonie, Wis.; Al Redding, of LaCrosse, Wis.; and Gordon Dunn, of Moose Lake. . . . Of course, we must mention Kenny Ferguson again, inasmuch as he has another enterprise in addition to his route, which is managing sport shows, and Ken is really a success at this, and his troupe really presents quite a show. At this time they are at Sioux City, Iowa.

Word has reached us that Andy and Ella Oberg are vacationing in Hot Springs, Arkansas, and a bit of misfortune has befallen Andy inasmuch as he was in an automobile accident down there and was hospitalized with a fractured hip. We certainly hope that the bones heal quickly and that you are up and around very soon, Andy. . . . Bun Couch of Grand Forks, N. D., made the trip in to the Twin Cities and while he was here he certainly made the rounds getting lined up on what was the latest in coin-operated equipment. It is very seldom that Bud gets into the Twin Cities and he certainly makes the most of it. . . . Since St. Cloud is fairly close to Minneapolis, every week several operators from this area make the trip into town to pick up their records and supplies and equipment. These included Jerry Hardwig, Charlie Sersen, and Jeff Kost. . . . Gabby Clusieu of Grand Rapids, besides making the rounds, took in the State High School Basketball Tournament, and Gabby says he couldn't be kept away from these ball games. We don't blame him. They were really good. . . . Seen here and there at the various distributors' and record houses picking up supplies and records were: Leo Hennessy of Rochester; Kenny Anderson of Austin; Joe Totzke of Fairmont; Ike Black of Springfield; Floyd McDonald of Bloomer, Wis.; Bob Cross of Jackson; and Frank Mager of Grand Rapids.

## Halifax Council Turns Down Request For Operation Of Ice Vending Mach.

## All Vendors Prohibited In This Territory

HALIFAX, N.S., CANADA—Coinmen in this area were keenly disappointed last week when their City Council turned down a request of the Nova Scotia Ice Company for permission to install an ice vending machine outside its premises.

Operation of all types of vendors are prohibited in this area as it is claimed they interfere with retail selling concerns. Primarily the interest of the City Council is to prohibit installation of cigarette vending machines. Their legislation is so broad it makes it impossible to operate any type of vending machine.

Coinmen are willing to accept the ban on cigarette vendors, but would like to operate drink machines. Donald McInnis, acting for Coca Cola, Ltd., whose previous application for a change in legislation to permit soft drink vending machines, had been refused by Council, stated, "I maintain legislation which prohibits vending machines is wrong. I'm not asking that we sell tobacco by vending machine, but I think the company should have the privilege to sell soft drinks if it wants to."

In turning down the proposal, most of the opposition coming from the Halifax County Wholesale Tobacco Distributors' Association, the Council evidently accepted the plea of the association Q.C., T. H. Coffin, who stated "If you approve the proposed ice vending machine, it is conceivable you will have no alternative but to receive a large number of applications for vending machines." Sale of small articles, such as tobaccos, was a large factor in the successful operations of the retail merchant, Coffin contended, and the vending machines would have an adverse effect.

## Cigarette Machine Ops Permitted To Up Price By OPS

WASHINGTON, D.C.—The Office of Price Stabilization (OPS) this week authorized operators of cigarette vending machines, whose ceiling prices are either 21c or 26c a pack, to adjust their prices to 22c or 27c, respectively.

The action was taken, OPS said, to prevent such sellers from being forced to absorb last November's increase of 1c a pack in the Federal excise tax on cigarettes.

It is granted by Supplementary Regulation 93 to the General Ceiling Price Regulation and becomes effective March 31.

## Outlook Brightens In Detroit Area

Employment Up 5,000. Many Defense Contracts Issued

DETROIT, MICH.—DPA Administrator Manly Fleischmann, in his second report issued on the Defense Distressed Areas Task Force, stated that since the appointment of the Task Force, the number of unemployed in the Detroit area decreased by 5,000.

During the month of February, defense contracts and sub-contracts placed in Detroit totaled nearly three-quarters of a billion dollars.

During January approximately 200 million dollars were placed in the Detroit area.

On January 1st, the undelivered defense contracts in this area totaled one and a half billion dollars.

In February, six large contracts, ranging from more than five million to nearly 68 million dollars were given Detroit contractors.

In addition to these contracts there were six others placed in the area which exceeded two million dollars each, and totaled eighteen and a half million dollars.

## THRU THE COIN CHUTE NEW ORLEANS NOTES

We took in the Les Paul-Mary Ford cocktail party given by Mel Mallory of Capitol Records and a more terrific turnout of operators we've yet to see. Most of the local D.J.'s were on hand and Mary and Les gave us a show which was terrific. . . . Lee and Art Rupe honeymooned in New Orleans the past two weeks. . . . And Les Bihari of Modern Records drove in from Memphis for a two day visit and stayed a week. . . . F. A. Blalock is returning to New Orleans from a trip to the Wurlitzer factory where he viewed the new Wurlitzer phonograph which will be on display at his F.A.B. offices in Atlanta, Columbia and New Orleans, April 6 and 7th. . . . Sam Johnson, new owner of Panama City Music Company, Panama City, Florida, was seen in F.A.B. offices this week. Sam took over the Panama City Music approximately thirty days ago and is doing one fine job. . . . Bob Dupuy and Bob Tanner lunching at Antoine's. What's cookin' boys? . . . Hilliard Bach, manager of New Orleans' largest amusement center, the Penny Arcade, is anxiously awaiting the arrival of the Bally mechanical horse "Champion." Hilliard says he has a spot picked out for it practically on the sidewalks of old Canal Street. I have a better idea, Hilliard—put the "Champion" out on Canal Street's neutral ground. . . . Louis Boasberg, head man at New Orleans Novelty Company says that in all the many years he has been in the coin machine business, he has never seen the public line up for any coin-operated machine as they did in front of the auto photo machine during the the carnival season.

Milton Chauffe, former parts manager for F.A.B. Distributing is now a salesman for F.A.B. in the New Orleans area. . . . Had a long chat with Nick Carbajal over at Crown Novelty Company. Nick says they are knocking themselves out shipping new and used equipment. . . . Bob Rooney and Leonard Levine making the rounds of distribs. . . . Martin Tortorich and Dalton Laborde of Baton Rouge doing the same. . . . Caught sight of Earl Jones, Crowley, La.; Griff McCann, Biloxi; Ben Neubauer, Thibodeaux; John Healey, Canton, Mississippi; and John Evans of Gulfport. . . . The mechanical horse "Royal Mustang" is now on display at F.A.B. Distributing and causing much good comment among the operators. . . . Taft Odder was waiting at New Orleans Novelty for the first shipment of "Atlantic City" with a moving van. He got his twenty pronto and was seen heading up the airline highway at a fast clip. . . . Hey, we want to send belated congratulations to Mr. and Mrs. Joe Caruso who are bubbling over with pride, all because of their 9 pound, 8 ounce baby boy named Henry. Joe is one of TAC's top boys and one of our many favorite people.

## THRU THE COIN CHUTE EASTERN FLASHES

We really enjoyed our visit to coinrow this week. Plenty of activity in used machines—excitement at some distributors who will be showing the trade new machines—and several out-of-town visitors. Even the operators were smiling in expectations of increases on their routes for the coming weeks. . . . Leading the parade in sales and shipping is the ol' "Arcade King" Mike Munves. Piles of crated machines stacked on the sidewalk, while truckers keep loading their express trucks. On the inside, there's hardly space to squeeze in as mechanics work on equipment and others crate them. Mike, who had just attended the distrib meet of Exhibit Supply Co. in Chicago, tremendously excited over the machine showed there—and that's unusual as he's one of the calmest and most conservative coinmen in the country. A special showing of this new game, Exhibit's "Twin Rotation" pool-shuffle game will take place at Munves' showrooms on Saturday and Sunday, April 5 and 6. . . . With all this joy on coinrow, Barney (Shugy) Sugerman, Runyon Sales Co., is moaning low. Not that he hasn't anything for the ops. It's just the reverse. AMI's model "D" phono is a big hit with the music ops, but Shugy just can't keep the commitments he made to his friends. We've been trying to contact Shugy for the past week, but he's never in. Morris Rood, Runyon's manager, tells us "Shugy just drops in for a moment or two and runs away. He just hasn't the heart to face the boys whom he's promised AMI phonos. Wish I could stay away myself. The operators are hitting me from all sides for the new phonographs, but what can I do?"

Joe Young and Abe Lipsky, Young Distributors, back from their visit to the Wurlitzer factory—and are they excited? Music ops dropping in to ask for advance info about the forthcoming "National Wurlitzer Days" April 6 and 7 (Sunday and Monday). All in the trade know that the usual practice on these days is to show a new phono. Joe just smiles happily and says "Just drop in and pay us a visit on April 6 or 7 and see for yourself. You'll get the most wonderful surprise of your life." . . . Mac Levine and his missus in the city for a few days, stopping off from their vacation in Miami Beach. Levine heads the Regent Vending Machine Company of Ottawa, Canada. . . . Also in town was C. O. Moon, Atlanta, Ga., who was heading home from his visit to the Exhibit distrib meet. . . . Dave Lutzker, partner with Max Schiffman of Premium Music Co., operated on this past Monday in the Ewing Hospital. Nothing serious. Filling in is his son-in-law Hy Blank. . . . Harry Koepfel, Koepfel Distributing Co. had a few tough days this week. Hymie was on the road buying equipment and his head mechanic was out sick. Immediate problem, Harry explains, is to buy up enough good used music machines to supply the large demand now evident.

Ben Becker, Bally's behemoth bush-beater, spends the week between New York, Philadelphia, New Jersey and Connecticut. . . . Willie Aronson, games op, vacationing at Miami Beach. . . . Milty Green, recovered from his recent illness, spends some time at his new coinrow store with Teddy Seidel, mgr. Milty leaves for Florida next week for a month or so. . . . Hirsh de LaViez, Washington, D. C., another coinman relaxing in Miami Beach. . . . Understand Phil Mason, Washington, D. C., just bought a home in Silver Springs, Md. . . . Iz Edelman in town and tells us he's making the big city his permanent residence. It won't be long before he takes off for Scaron Lake, N. Y. for the summer months. Edelman tells us that Henry Solomon and Bill Stagg, who were with him in Edelco Mfg., now are together and manufacturing under the name of Michigan Devices, Detroit. . . . In their effort to raise more tax money, New York City was thinking of taxing coin operated equipment. However, in the final outcome, it was definitely stated that no enabling legislation would be passed permitting taxing coin operated machines. . . . Al Simon, Albert Simon, Inc., Chicoin representative, working like a beaver. In addition to heavy clamour for the "4-Player Derby," Al is packing in preparation to move to his new building on 10th Avenue next week. . . . Ann Sens, Dave Lowy & Co., back from her Miami Beach vacation, tanned and healthy looking. This gives Lowy the opportunity to get out on the road. . . . Chris Christopher, Chris Novelty Co., Baltimore, returned from his recent vacation in Miami Beach to find his office humming with activity. Demand for AMI's model "D" phono extremely heavy, and sales of Bally's products at record high. . . . With Joe Hirsch's resignation from the games operators association effective April 5, Bart Hartnett steps in as business manager. Hartnett, well known to coinmen here for many years (he was business manager for the association during the old pin game days), will maintain offices at 615 Tenth Avenue (now headquarters for American Vending).

Looks like we're heading for a series of banquets. Joe Silverman's Amusement Machines Association of Philadelphia holds its party on April 20 at the Latin Casino. This one looks like it'll be a real top shindig, with large attendance, terrific show, and sumptuous food. . . . Shortly after, on May 6, the Westchester Operators Guild will hold its first annual dinner at Bill Reiber's Farm Restaurant on Sawmill River Parkway, Elmsford, N. Y. This group has made wonderful progress in its short lifetime, and we wish them well in their celebration. . . . Majestic Music, Brooklyn, music operating firm, was held up this week, and reports claim the burglars grabbed about \$1500. Angelo Chirde and Frank Morales, employees of Ben Gottlieb, were preparing for the day's work when the bandits entered at 8:15 a.m. After taking the money, they pushed Angelo and Frank into a rear washroom and barricaded the door with a juke box.

## CHICAGO CHATTER

Lots of talk about music equipment. Everyone guessing at this, that and the other thing. If rumors and hearsay were factual, then music ops could expect to see about five brand new 0000 selection phonos, and maybe a few more 000000 selection machines on the market. Any second now. . . . Fatter metal rations for mfrs (which appear in chart-form this issue) as well as info from Washington that, if proved needed, mfrs can get even more, opens possibility of old time volume production all over again. That means someone better start coming up with "something really different" for the entire industry wants "something new," but desperately. . . . Biggest event of this past week was the Exhibit premiere showing of its new "Twin Rotation." The game clicked with all who saw it. Really one of the most ingenious ever put into coin operated form. It's one game that looks sure-pop for a long run. . . . Of course, other new games, also started to pop all over town. Dave Gottlieb (before leaving for a visit with his folks down Dallasway) kicked off with "Hit 'N' Run" which looks mighty, mighty good for the five-ball ops.

Ray Moloney came out with a terrific game, "Atlantic City." Has all his distribs in a dither to get instant delivery. In fact, from what Lou Boasberg of New Orleans told us this past week: "This is the greatest of all the games that Ray's come out with." That's plenty good enough for us. Lou Boasberg hasn't picked a bad one in y'ars and y'ars. . . . And that ain't all. Lyn Durant, too, wasn't left behind. He came out with, "Super DeLuxe Six Player Shuffle Alley." Which has everyone who has so far seen it at United's very gorgeous plant raving and raving. . . . And Paul Huebsch over at J. H. Keeney & Co., Inc., with Roy McGinnis still down at his home in Miami Beach, also popped with a brand new "Mystery Play League Bowler" game that is called, "One of the most ingenious yet presented to the field," by those who have already seen it. . . . So, all in all, it's been one of those hectic, topsy-turvy weeks here.

Biggest laff we got this week came from Art Weinand of Rock-Ola. Art said, "Say, I been hearing that 'life begins at 40' for a long time. Well," said he, "when does this happen?" And, right after that, Art flew to the West Coast. He'll meet with his distribs in L.A., San Diego, Phoenix, Albuquerque, Denver, Portland, Seattle and, even Fresno. . . . If you've paid no attention to it, you should, Canadian spending is increasing in the U. S. every day. Time people here began to think a little more deeply about this grand market. . . . Dan Moloney loaded Father Cunningham with so many, many recordings that the good Father is still wondering when the kids in his parish will have time to listen to them all. . . . I. H. Rothstein of Philly in town. And loving those great big mushroom covered steaks they serve over at United. . . . By the way, very sorry to hear that Harry Rosenthal of Pittsburgh in a sanitarium, from what his son, Capt. Herb Rosenthal tells us. . . . Irvin Blumenfeld of Baltimore talking about his one-ball.

Johnny Bilotta believes that it's high time coin ops adopted an old, old Cash Box suggestion, and cut down to 20% or 25% to location owners (to make it more equitable than ever) because of the high price of the new equip't. . . . Phil Moss, one of the sweetest (and most nervous) guys in the coinbiz, telling us all about the snow piles still up around Des Moines. . . . Lyn Brown of L.A. talking about nothing else but his forthcoming "movie star" son. The kid's now up to 100 simoleons per day for bit parts. . . . Pleasure to meet Frank Wilkinson. He's the son of Ken (Wilky) Wilkinson. One of the nicest kids we've met in a long time. Sure-pop to take over his Dad's biz and do a helluva job. . . . Little Georgie Prock, who keeps just as calm as the deep blue sea, said to us, "We're still at the old stand. Punching away." . . . Harry Pearl of Elizabeth and Trenton, N. J. (he used to be the lovelight in many and many a gal's eyes) tells us that our pal, Dave Taub, has opened one of the most gorgeous, "In fact," Harry claims, "the most beautiful golf driving range in the world." The Crescent Golf Range, oldest in the nation and now the most beautiful in the nation. At Vaux Hall, N. J.

So many things happened this past week, we only hope we can get part of all of them into this one little colyum. . . . Sam Stern absolutely elated the way the Williams' "Slugfest" is going. "Just put it this way," Sam told us, "We've doubled our production." (That's that, brother, you just don't have to say any moah, Samuel). . . . Helluva nice guy (but getting fatter'n a pig) Leon Shapochnick of Havana, Cuba. . . . The fact remains that the ops' assn which is trying to get going here under the name of: Chicago Amusement Operators Guild, with a nine man committee to guide it—is as yet getting nowhere. In the first place, guy who got them all steamed up, Paul Golden, left for a stay in sunny Miami and has just returned. Ex-serviceman, Charley Shutz, who was doing all the organizing, now in California. So far, nothing. . . . Jack Nelson of Bally put it this way this past week, "We've got another winner from our engineering department. That makes it easier for the sales department." He's talkin' about "Atlantic City," Bally's latest.

Jack Nelson also sneaks this one in, "Seems to me," he opined, "that everybody's getting horse sense." . . . Paul and Lucille Laymon, two of the very sweetest of people. In town for only just a few days. . . . Herman Paster, they tell us, still in Honolulu. (Maybe learning the hula? Maybe?) . . . Ralph Nicholson popped into town for a day or two. Saw what was over at the Bally plant. And they just couldn't hold him back from dashing into his territory to tell all about what he saw. . . . With Bill DeSelm out for the day Johnny (Beanbag) Casola took over to tell us, "Brother, you ain't seen nothin' yet, 'til you see the orders we have here for our newest shuffle sensation." . . . Lou Casola of Rockford popped into town to tell us, "The reason we left Miami was only because we ran out of that green scratch that you need so plenty of when you're down in the sunny sunshine of Miami." . . . That reminds us that Nate Gottlieb phoned up to say, "Hot. It's past 80 degrees here. Irene and I just don't ever want to leave." (But, Nathan, the kids!)

That zoftick guy, Sam Solomon of Columbus, O. claims, "Just let 'em keep a'comin' in the way they have been and everything'll be okay-dokay." . . . One of the very 'real' people in the coinbiz, Mike Munves, never passes up a "gin" game. Sat himself down to play even while a showing was in progress. . . . Lookin' like a zillion—Teddy Bush of Miami. The tan is just absolutely perfect on this handsome guy. . . . Wonder why I always think of a star-left tackle when I look at Harold Lieberman? . . . Geo. George of Cleveland pops in and pops right out again. "I'm waitin' for Roy Monroe", is his excuse. . . . "Beyond Duplication" is what some of the boys have told us about our plans for the forthcoming "Tenth Anniversary Issue" of The Cash Box. "In fact", one of these guys said to us, "if they copy that then the whole damned industry should quit them—but quit them completely." . . . Thanks Bert Davidson, Lou Boasberg and so many, many of you, for your very, very nice compliments regarding our editorial: "Imitation Is the Sincerest Form Of Flattery". (It IS!!)

## DALLAS DOINGS

Texans are still complaining about the lack of rain but with income taxes well behind them, coin machine operators in this area are optimistic about business prospects for the spring. . . . Guy Kincannon of Kincannon Music Company of Waco is doing a nice piece of business with Shuffle Alleys. He was in town this week sharing his optimism with everyone. . . . Cecil Epps of Radio City in Waco has been distressed over his wife's illness. We understand that Mrs. Epps is now out of the hospital and is doing fine. . . . Tommy Chatten of Commercial Music Company was caught in a dust storm in the Panhandle where he was traveling last week. He says "Just call me Sandy Chatten." . . . Ray Barnes of Palestine says he is making lots of money with the 4-Player Shuffle Alleys. . . . Al Sebastian of Killeen says that business is better in his territory. . . . Wyatt Berry of Goldthwaite is stocking up on 6-Player Shuffle Alleys. . . . The boys over at Commercial Music Company tell us that Chicago Coin's "Derby" is selling so well they can't keep them in stock. When we checked with them this week there were ten trucks awaiting a shipment of the games. . . . Jimmie Bounds of Mexia says that business is good for him. During the last two months it was slow but now it's beginning to pick up. . . . J. H. Briscoe of Denton and E. L. Certain of Dallas are fans of the 6-Player Shuffle Alleys. . . . Raymond Williams has just returned from a trip to Chicago to buy new equipment. . . . Fred Barber of Walbox Sales Company is enthusiastic over the new 4-Player Bowling Game put out by Keeney. It's called "League Bowler." He tells us that Jimmie Garrett of Longview was in his place this week and reported that his business is good. . . . Phil Weinberg, regional sales manager for Bally, has just returned from Chicago. He says that his company is ready to ship a new horse coin operated machine. After his visit to Dallas he left for Houston. . . . Ralph Claybrook, Dave Thomas, and I. D. Hightower were visiting in Dallas from Fort Worth this week. . . . We also saw Buddy Clem of Paris, Tomie Cullum of Dallas, Ed Harvey of Dallas, H. P. Harrison of Pampa, R. M. Keel of Ballinger, Jim Powers of Grand Prairie, Fred Borden of Dallas, Harry Sutton of Bosier City, La., and T. A. Webb of Dallas.

**CLASSIFIED ADVERTISING SECTION**

**Here's How You Can Get 40 Classified Ads Absolutely FREE!**

If you plan to use but one classified ad every so often. Let's say only one classified ad per month. Just 12 ads during the entire year. Each ad of 40 words. (40 words has been found to be the size of the average classified ad.) These 12 classified ads would cost you \$48.

Each classified ad, of 40 words, at the regular rate of 10c per word, would cost you \$4.00. Multiply the \$4.00 by 12 such ads during the year, and you arrive at the total of \$48.00.

For this very same \$48 you can get an additional 40 classified ads, also of 40 words each, absolutely FREE.

In short, by taking immediate advantage today of *The Cash Box* "Special Classified Advertising Subscription" you can get 52 ads of 40 words each (one ad for each week's issue of *The Cash Box* for the full year of 52 weeks' issues) for the very same price of \$48. You are actually getting a \$223.00 value for only \$48. A tremendous savings to you of \$175.00 if you act quick.

Here's how you save that \$175.00: You get 52 classified ads of 40 words each (actual cost of each ad is \$4.00 at regular rate of 10c per word). This gives you a 40 word ad each week during the full year of 52 weeks' issues (52 times \$4.00) that is worth \$208.00. But, that isn't all, you also get a complete issue of *The Cash Box* each week (not just a tear sheet or a proof showing your ad only) which is worth \$15.00, the regular full year's subscription rate. A grand total value of \$223.00—All for only \$48.

You save \$175.00 and, at the same time, you get 40 more classified ads of 40 words each absolutely FREE—all for the same \$48 that only 12 ads would cost you at regular rate. Take advantage of *The Cash Box's* "Special Classified Advertising Subscription" today! (Remember: *The Cash Box* publishes more classified ads each week than all the other magazines in the industry combined print in a month.)

Think! As materials grow shorter in supply. As merchandise and machines grow more and more scarce. You will want to buy merchandise and equipment you will need to continue profitably in business. Likewise, you will want to turn dead merchandise that is gathering dirt, dust and rust into cash. *The Cash Box's* "Special Classified Advertising Subscription" gives you the opportunity to both buy and sell each and every week for the full year of 52 weeks' issues.

\* Enclose your first 40 word classified ad with your check for \$48 and mail right now to:

**THE CASH BOX**  
26 W. 47th STREET  
NEW YORK 19, N. Y.

\* If you already have a \$15 subscription you will be given credit for the unused portion toward *The Cash Box's* "Special Classified Advertising Subscription."

13th Year of Publication  
704th Consecutive Week's Issue

**How To Use "The Confidential Price Lists"**

[Also Known As the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

**FOREWORD:** Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

**METHOD:** "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.

**EXPLANATION**

- 1. Prices UP
- 2. Prices DOWN
- 3. Prices UP and DOWN
- 4. No change from Last Week
- 5. No quotations Last 2 to 4 Weeks
- 6. No quotations 4 Weeks or Longer
- 7. Machines Just Added
- \* Great Activity

This Week's Used Market

The used machine market continued along at a merry clip this week after enjoying an increase in activity last week. Though the market held its own and there were no sizeable changes in the fluctuation of activity, the prices, which had remained almost constant last week, showed a definite upward trend. Not all divisions of the market shared this upward trend in the same proportion. Pin games proved to be the biggest recipient of this pattern of higher prices.

The pin game section of the used machine market has consistently drawn well and this week was no exception. Activity hovered about the same position that was established last week, but as previously stated, the price ranges fluctuated in the upward direction. This fluctuation in price was shared by the popular games as well

as the older pieces. Music equipment marked time. The action and the price levels that have been created during the past few months continued to prevail this week too. However, prices here too showed small but not conclusive moves toward the higher ranges. This section of the market is now enjoying some of its greatest activity in some time.

The shuffle games turned up this week with a slight increase in activity although this division was the only one not to record any visible change in price, as did the other equipment. The fluctuation here, if any, was in the downward direction, but not to any negligible degree. Arcade pieces moved quite steady and showed very little change. This section remains the most stagnant in the entire used machine field.

The following was the most active equipment in this week's used market:
