

LAST MINUTE NEWS FLASH

VOL. 6 NO. 24

MARCH 6, 1945

SERIAL NUMBER 180

WHEN THE CLOCK STRIKES "12"

NEW YORK - The 12 PM amusements curfew placed into effect by War Mobilization Director James F. Byrnes created much comment among coinmen this past week.

Originally this was supposed to have been an 8 PM curfew, as reported by The Cash Box in its Feb. 6 issue. This industry, therefore, has much to be thankful for that the 8 PM closing hour did not go into effect.

A rapid trip thru some of the Eastern cities right after the announcement, as well as phone calls to the Midwest and West by The Cash Box, resulted in the consensus that this midnight curfew would, in general, not effect the take of the average coinman in too great a degree.

The average tavern locations cater, to a great extent, to neighborhood trade. This being the case, the play drops almost completely after midnight. In war work centers where some spots have been getting play after midnight there may be a noticeable drop. But not enough locations will be affected, the general consensus is, to really hurt the take too greatly on an average.

The general belief seems to be that if this midnight curfew will help to step up civilian morale to a high pitch then it will be more than worthwhile. Opinions vary as to the saving in electricity, coal, manpower, etc. Most believe this to be of very little moment.

In the belief that this may be an opening move by the prohibitionists, cafe, cabaret and tavern associations have wired Byrnes asking that they be allowed to remain open to their regular hour and instead close for a full day (in fact for 29 consecutive hours) which would effect a greater savings in fuel and manpower.

Mayor LaGuardia of this city, on returning from a visit to Byrnes (Thurs. Feb. 22) asked that the cabaret and tavern men remain calm because New York, being the entertainment center of the nation, special conditions would have to prevail. At the same time he suggested waiting until WMC director, Paul V. McNutt issued his report.

As is well known to the trade some territories already have a midnight curfew on phonos. At first it was believed that this would tremendously hurt the take. Instead, it seems, the public came in earlier and got their drinking and entertainment in before the curfew hour.

New Jersey coinmen report that some of their communities have had a midnight curfew for sometime and that the public have become accustomed to it. Caldwell, N.J. has had a 12 PM curfew since the repeal of prohibition in 1933. Coin machines in this community are doing well. Little Ferry, N.J. has also had a 12 PM curfew and just this past year voted to remain open later. Midnight closing will have little effect here.

Coinmen who have Broadway locations in this city report that they expect a deep drop in their take. This is to be expected. Yet it is believed that the drop will not too seriously effect their averages. Not many coinmen have too large a number of locations in the "roaring forties" area exclusively.

The same condition is expected to prevail in other metropolitan centers such as Chicago, Detroit, Cleveland, etc. California has been closing earlier and therefore is not expected to feel this curfew too seriously.

In London, England, there is an 11 PM curfew for pubs. What's more, most of these do not open until 2 PM. It is well known in the trade that British coinmen would like to buy as many machines of all types as they could possibly get, regardless of this curfew.

Possibly one of the best answers in regard to the effect this 12 PM closing will have on the trade is what The Cash Box heard in Baltimore this past week while discussing this closing hour with a group of coinmen. One distrib, after listening to an operator complain about this closing hour said, "If you feel that this will seriously effect your collections, why not sell me your route,"

The operator's answer was an emphatic and very definite, "Oh, no!"

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support effective decision-making.

3. The third part of the document focuses on the role of technology in modern data management. It discusses how advanced software solutions can streamline data collection, storage, and analysis, leading to more efficient and accurate results.

4. The fourth part of the document addresses the challenges associated with data security and privacy. It stresses the importance of implementing robust security measures to protect sensitive information from unauthorized access and breaches.

5. The fifth part of the document explores the integration of data from various sources. It discusses how combining data from different departments and systems can provide a more comprehensive view of the organization's performance and identify new opportunities for growth.

6. The sixth part of the document discusses the importance of data quality and accuracy. It outlines strategies for identifying and correcting errors in data, ensuring that the information used for analysis is reliable and trustworthy.

7. The seventh part of the document focuses on the role of data in strategic planning. It explains how data-driven insights can help organizations identify trends, anticipate market changes, and make informed decisions about their future direction.

8. The eighth part of the document discusses the importance of data literacy and training. It emphasizes that all employees should have a basic understanding of data and be able to interpret and use it effectively in their work.

9. The final part of the document provides a summary of the key points discussed and offers recommendations for implementing a successful data management strategy. It encourages organizations to embrace data as a valuable asset and to invest in the resources needed to maximize its potential.

"The Coin Machines Merry-Go-Round"

by Bill Gersh

NEW COMMISSION BASIS IMPERATIVE

Of all the necessities in this coin operated machines industry, in preparation for the forthcoming post-war era, a new commission basis is absolutely necessary so that operators will be assured of financial soundness when new equipment is again produced in volume.

Every operator who was connected with this industry prior to the war, remembers what the term "machine poor" meant. Only the war saved a great many of the coinmen in this industry from being included in this category.

Therefore, prior to running into such a period once more, this industry is being urged by The Cash Box, just as it has been for a great many, many months, that to insure itself sound financial continuance during the post-war period, to change its present inequitable commission basis to an entirely new set-up in favor of itself.

To begin with, the average location in this industry that is now on a 50%-50% commission basis, does not deserve so high a percentage of the gross intake. The average coinman will admit that his overhead has increased better than 30% during this war period. With taxes what they are at present, and sure to continue on the same level for many years after the war, and also with the fact that labor, materials and supplies costs have tremendously increased, it is extremely foolish to continue on a 50%-50% commission basis with the average storekeeper.

The average location, furthermore, never did deserve such a commission basis. This was only brought about by the extreme competition that existed in this industry during the first flush of the pin game era. It is simply a carry over from the old slot and pin game commissions. (As far as slots, consoles, pin games and practically all amusement machines are concerned, this sort of commission basis can more or less endure the rigors of present operating, tho even in the case of this equipment such commissions are not considered good business by a great many.)

While money is being spent freely, as it is today, and with the anticipation that it will continue to be spent freely by the public for a year or so after the war is over, this 50%-50% commission basis will probably endure. But, when conditions return to normal, and with general overhead away beyond what it ever was before, with the new equipment sure to be much higher priced, then certainly such a commission basis should be changed to a more profitable one for the operator.

The Cash Box has constantly recommended that a 70%-30% commission basis be arranged for by the men in this industry now, and carried over into the post-war period. This means that the additional 20% which the operator will be obtaining from the average location will go toward the payment of notes that will surely come into being, toward the increased overhead that is already here and that will make itself even more felt after the war if any expansion moves are made, and especially to cover the increased cost of labor, supplies and parts.

Music operators admit that they are today purchasing over 75% of the records they need from general retail outlets and that they are paying top consumers' prices for these records. This alone is a tremendously increased overhead cost - just on their records alone. They must arrange to assimilate all these additional costs or take a bad beating in the long run. And such a beating will once again place them in the category of being "machine poor".

It is admitted that there are some unusually good locations where the 50%-50% commission basis can still apply. These average about 1% of the locations in any community. This means that after this 1% the rest are just average to good locations. When a quantity of machines are placed the average income sometimes falls to an alarmingly low point. This is due to the fact that so many small producing locations must be included with the better 1% of the spots. But, no such alarming drop will occur if a 70%-30% commission basis is placed into effect by the operator.

"The Coin Machines Merry-Go-Round"

It is certainly puzzling to hear from so many outstanding coinmen in the nation that The Cash Box suggestion of 70% to the operator and 30% to the location is one of the best ideas ever advanced to this industry. Yet, with the exception of only a few territories which have already accepted this suggestion, no others seem to have followed, even tho they handsomely praise this plan.

The majority also realize that at this time, with the average location owner more or less dependent on "outside income" because of lack of his own merchandise, this change to a new commission basis is more easy to place into effect than it will be when the war finishes. When the new blood enters into the picture it will create keen, and perhaps even hurtful, competition. Now is the time, not after the war.

This is the time to get a 70% to the operator and 30% to the location commission basis under way. Only in that fashion will the average coin machines man be able to survive competition, higher taxation and overhead, higher cost of equipment, and yet remain in a financially liquid and sound condition.

This is the time to call together all others in your territory and ask them to consider this proposition. They, too, want to save all that they possibly can. They, too, want to be prepared for this coming post-war period.

Any good accountant can step up to a blackboard and show reluctant men that at 70%-30% they are not demanding too much from the average location. Surely the men in this industry are out to earn profit. Surely they want to protect their financial investment after the war. Surely they will then admit that this is the commission basis they should, and actually must, adopt before the war finishes and competition gets under way against them.

If ever this industry had the opportunity to institute a new commission basis, this is the time. Those men who have vision, and who intend to remain in this business after the war is over, should make it their greatest effort at the present time to get a 70%-30% commission basis under way in their territory. Not only will this mean their own future and better welfare but it will mean the future better welfare of all the industry.

THE RECORD MFRS HAVE NOT ANSWERED

The record manufacturers have not come forward to answer this industry. They have paid no attention to the fact that the men in this coin operated music machines industry have actually brought their case into the open before them and presented their complaints frankly, honestly and aboveboard.

Not one word from the record manufacturers as to why the average music machines operator must purchase over 75% of the records he needs from local retail stores and pay top consumers' prices for these records.

No answer to the fact that some of the coin machines men who are purchasing these records from retail stores are men with whom these same manufacturers have dealt from nine to eighteen years and during that time sold them at "dealer's" prices.

No answer to the fact why the average retailer, who is at this time so excited about records and has been in business for from only one to five years, and yet is being tremendously favored above these older and larger volume users. Some of these retailers are favored to such an extent that many operators are told to go to them to purchase their records by the distributor, the agent and even the branch offices of the record manufacturer.

This was openly brought out in the letters of a great many men in this business. A few of these letters appeared in the February 27th issue of The Cash Box. A great many others are on file in The Cash Box offices.

Why hasn't the record manufacturer come forth and answered the questions about his present method of inequitable distribution? Why hasn't he stated just what is in his mind regarding his future method of sales to this industry?

He knows that the men in this business must purchase the records of Bing Crosby and certain other stars that he features, whether they like to or not. Knowing this, is he now so inflated with his importance and ego that he feels it unnecessary to even answer the men of this trade? Or does he think so little of the men in this business that he does not believe it necessary to answer them?

A great many in this coin operated music machines industry have proposed that a boycott be placed into effect. Others have recommended that a record company solely

Faint, illegible text covering the entire page, likely bleed-through from the reverse side of the document.

“The Coin Machines Merry-Go-Round”

for the members of this industry be created. This latter course seems to be the majority opinion. The average music coinman is of the belief that such a record company can be made successful by the 400,000 juke boxes now in operation in the nation.

The belief of The Cash Box is that these record manufacturers are chasing a will-o'-the-wisp in their exaggerated belief in the future home market. They seem to have forgotten that the real instigator and actual creator of their present home market was the juke box.

They seem to have forgotten, too, that the juke box, playing each record for 5¢ was heard by a great many people in the location and thereby acted as a tremendous promotional advertisement for them. This started the general public's urge to buy records. This helped to create their present market. This actually gave them a new lease on life. But, it is a short-term lease, as they once before learned.

The Cash Box still feels that the higher-ups in the record manufacturing industry know very little of what is going on in their branch offices, among their distributors and agents today. Just because these people are constantly demanding larger and larger quantities of records (and this is because the present record won't stand up long enough to get slow action) may have lulled them into the belief that these outlets of theirs are doing the right thing by this trade.

This is the time for all the music machines men in this industry to come forth and openly and strongly protest the present viciously inequitable distribution system. These complaints must go to the top men in each of the "big three" firms to start with. If this doesn't get the desired results from these firms then this industry will certainly have to choose a new method for itself to better assure itself the records it needs.

FREE DEPOSIT INSURANCE

Many months ago The Cash Box advised its subscribers that they could obtain free deposit insurance from this publication for any deposits which they sent to advertisers in this medium for machines or merchandise advertised therein.

This is the one and only publication in all history which is willing to insure deposits up to \$100. for monies sent to its advertisers.

To obtain this free deposit insurance the sender simply first asks The Cash Box whether it is okay to send the deposit to any certain advertiser. On receipt of a letter from The Cash Box that it is okay, the sender can go ahead with the full understanding that should his \$100, or any part thereof be lost, that this money will be returned to him by The Cash Box.

The Cash Box has been extremely careful in choosing its subscribers. Many are surprised at times to learn that certain firms will not be accepted as subscribers to this publication. The Cash Box believes that it has America's finest coin machines men from coast to coast as its subscribers. These are the men who actually lead this industry.

SPRING SPECIAL - 1945

With the Russians in the outskirts of Berlin, with the Allies breaking thru the Westwall, with the Japs being gradually pushed back to their home islands, a great many new and startling surprises may be forthcoming this Spring of 1945.

The Cash Box will wait for the last moment to bring this industry the latest bit of news that may be forthcoming regarding any announcements from Washington as to what may happen should the war in Europe come to a sudden close this Spring.

There is no doubt that should the European conflict suddenly end that WPB and a great many other governmental agencies will have to suddenly make decisions of great moment for the benefit of all industry.

There may be a return to former products production even sooner than many expect at this time. Whatever happens, there is no doubt that the forthcoming Spring Special issue of The Cash Box will prove a very important one for this trade. It will probably contain the first news flashes of what changes can be expected. It may even give this trade its first glimpse into its future prospects for post-war. Therefore, it will be an issue that everyone in this industry can look forward to with keen interest.

And, in such an issue, this is one time the trade can liberally identify itself for post-war consideration.

"Talking Out Loud"

TRADE WANTS NATIONAL MEET

Distributors And Jobbers Seek National Forum. Operators Believe Meet Can Help Adjust Future. Hope For Revision Of ODT Ruling To Allow Industry To Get Together Prior To Post-War Production.

NEW YORK—Coinmen throughout the nation are of the belief that a national meet, prior to production getting under way once again, would be of tremendous benefit to the industry.

National Forum To Iron Out Problems

It is well known that distributors and jobbers believe that a national forum for the members of their division of the industry should long ago have become an annual event. Some months back leaders urged that publicity be given to this idea. Such an item appeared in *The Cash Box* and the response was unusually good.

The distributors and jobbers are of the belief that a great many ills, which beset their division of this trade during the pre-war era, could be ironed out prior to the post-war era getting under way. They also believe that such an annual national forum would benefit all the industry. They claim that as the sales factors in the trade they have much to do with general conditions.

Ops Want National Meet

The ops, too, believe that a national meet would be of very great importance to them. They feel that this is the time for operators to better understand each other's problems. Only by getting together into a business meeting, they claim, especially before the post-war production era gets under way, will they be able to iron out a great many problems which have come into being during this war period.

They also want to have a better understanding of governmental agency rulings.

They also seek to more solidly establish the thought of just who and what an operator is so that sales to storekeepers will halt.

To Help Post-War Manufacture

All believe that a national meet would be of great interest to the manufacturer. They feel that not only will he have a better understanding of the temperament of the trade, prior to starting production again, but that he will also be able to gauge his post-war possibilities. This, they feel, is of very great importance to the average manufacturer for most of them have tremendously increased their manufacturing facilities.

ODT Ruling

As is well known the present ruling of ODT (Office of Defense Transportation) February 1, 1945, was to eliminate any meets of any kind. As ODT suggests to those who decide to call a meeting to ask themselves first, "Will this help win the war?"

The trade believes that such a statement is of good moment at this time, but with all the nation looking to the future of industry, especially to help assimilate the millions who will return from the armed services, such should not be the case. ODT, they feel, should announce at the earliest possible moment revision of this ruling when transportation sufficiently eases so that industries can get together to plan for the future.

Announce Sales Outlets

Among distributors, jobbers and operators is also the belief that with very few sales outlets as yet officially made known by the manufacturers, such a meet might help settle this problem, too. They believe that this will allow many of the manufacturers to decide on territorial arrangements. This, they claim, is of great importance, especially right after the war is over, so that all the industry will know just whom its distributors are for post-war purchasing.

"Extremely Important"

One noted distributor writes, "A national meeting devoted to the best interests of this industry's future will not only help the men in this business but will help the plans for all business. We can only proceed to hire new people and arrange for expansion when we know just what our future prospects are. A national meeting is extremely important."

British Will Meet

There are some who are of the belief that such meets will be held in England even before they are held here. They claim that the British government is encouraging all industries there to get together as soon as possible to arrange for future employment and expansion, and especially for future expenditures for new enterprises so that the national economy will benefit.

This move on the part of the British market can be incorporated into such a move in this industry. The general belief in the trade is that much of the present used equipment now operating will be sold off to England and other European and South American countries. Many also believe that a great deal more machines will go into Canada once prices begin to come down to normal levels. This same price situation holds true for the European and other markets.

What are your ideas in regards to a national meeting of this industry prior to the start of post-war production?

COLUMBUS ARCADES HURT BY TAX BILL

COLUMBUS, O.—Arcade owners here are tremendously upset by the license bill which has just gone into effect. They will pay \$175 per year for an occupational tax in addition to extra license fees on each and every machine in the place. But what has upset them most is the 17 years age limit which was written into this new license.

This "under 17 years" stipulation would not only work a great hardship on the arcade owners here to police their arcades but clashes with the tempo of the license bill. The bill claims that only persons of "high moral character" will receive licenses. Therefore, it should be accepted that men of "high moral character" would not in any fashion lower the morals of the youthful players who patronize their spots.

Columbus arcade men claim that after meetings with the City Council on the writing of this first licensing bill here they found the completed bill to be anything but what they believed would be forthcoming. This, too, has upset them.

There are also some clauses in this new license that endanger the entire operation of an arcade as well as general route operating. These should be removed from this bill.

Columbus coinmen are already at work and have hired attorneys to bring this matter to court for adjustments.

BOSTON MUSIC OPS ENCOURAGED BY NEW CAPITOL MGR.

BOSTON, MASS.—Phono ops here are encouraged by the statement of policy issued by the new manager at Capitol Records. Capitol has just opened a branch office in the heart of Coinrow in this city.

Bill Hill, formerly of the Eastern Co., local distributor for RCA-Victor, is the new manager. He stated his policy as, "Our policy will be to cater to operators as well as retail stores, both alike."

PAT-ON-THE-BACK DEPT.

GLEN ELLYN, ILL.—E. G. Bates of Bates Laboratories, this city, writes, "It will be of interest to you to know that hardly a week goes by without bringing me 1 or 2 and sometimes 3 and 4 new customers who acknowledge that they learned of my service in *The Cash Box*."

GLOVERSVILLE, N. Y.—Fred R. Beman of Beman Sales & Service, this city, writes, "Just a line to let you know that we sold every machine in our February 20th ad. I guess *The Cash Box* is the sure fire way to sell equipment. And I am sure that this will be the coin machine guide for all of us in the post-war period as well as right now."

MONTGOMERY, ALA.—Dave Franco, Franco Novelty Co., this city, writes, "I do not find adequate words in which to express the good work that is being accomplished by your editorials. I don't see how the industry got along without *The Cash Box*. I believe everyone in the industry should make the manufacturers conscious of the good work that is being carried on by *The Cash Box*."

ARKANSAS WANTS PRIVILEGE TAX PLUS 33 1/3% OF THE GROSS TAKE

LITTLE ROCK, ARK.—Probably the most confiscatory license bill ever yet introduced in any state senate is Senate Bill No. 192, introduced by Senator Byrd of this state at the General Assembly.

Section 6 of this proposed bill reads, "There is hereby imposed upon the owners, operators, lessors and upon their agents and receivers, a privilege tax for the operation of coin operated machines and vending machines, including automatic music vending and automatic phonograph machines, which tax shall be paid annually, etc."

There is then a list containing scales, gum venders, stamp venders, cigarette venders and peanut venders. With the exception of the cigarette machines which must pay \$2.50 per year "privilege" tax, the rest pay only \$1 each.

But, immediately following this, "On all amusement and entertainment devices, and phonograph or other music producing devices, as defined herein, the license tax shall be one-third (1/3) of the gross 'take' or receipts of said devices."

In this past week's issue of *The Cash Box* the trade was informed that a National Tax Council was imperative. If this proposed license bill by the State of Arkansas isn't good enough reason, there never will be reason for such a council.

NAVY THANKS MILLS SALES

OAKLAND, CAL.—A letter from A. G. Caslett, RM-1/C, somewhere from the Southwest Pacific, received at the offices of Mills Sales Company, Ltd., this city, made the firm feel that all their donations to the armed services of games and phonos were more than worthwhile.

The letter reads, "We want to express our sincere thanks and appreciation for the juke box. It is thoroughly enjoyed by all hands and we are having a pleasant evening with it. We couldn't wait to get to our destination and are playing it right now aboard ship. The Chaplain furnishes the records. All we need now are a few drinks and a nice dance floor."

Odd Coins

By Joe Orleck

A 1945 Copyrighted Feature of: The Cash Box, 381 Fourth Avenue, New York (16)

Coinmen who visited New York City this past week, combining business and pleasure were J. R. "PETE" PIETERS and his wife, King Pin Games Co., Kalamazoo, Mich.; TOM SMALLWOOD, Collette & Smallwood, Idaho Falls, Ia. who finished up a six weeks trip thru the entire south; and AL SEBRING, Bell Products Co., Chicago, Ill.

ED HARTMAN and JOE HENCKLE, Allied Electronics Co., New York City introduces a new instrument, called a Diode Meter, of special interest to Seeburg music operators. It is used to line up Seeburg Wall Boxes, Bar Boxes, section receivers, speak organs and wireless sound transmitters. This meter is the first of a series of test instruments to be developed for the music operators.

BILL BYE, Emby Distributing Co., Philadelphia, Pa. comes along with the following story. A colored location called up late in the evening and asked that someone be sent down to fix "the piccolo". Bye answered, "This is Lent. We can't fix piccolos during Lent". The location owner insisted "Lent or no Lent, mistah Bah, this joint's gotta keep jumpin'".

JOE WESTERHAUS, Westerhaus Amusement Co., Cheviot, O. introduces a new 5-ball revamp "American Beauty"....R. H. ADAIR, R. H. Adair Co., Oak Park, Ill. writes: "To help 'beat that guy Hitler' we have taken on a war sub-contract in our shop, machining communication equipment for the U. S. Army Signal Corps. 2,000 pieces per day go thru the 'mill' and it really keeps us hopping to get them out. All our equipment is tied up eight hours per day, six days a week, so that in our 'spare time' we take care of filling orders on our rebuilt coin operated merchandise and service equipment....SEYMOUR BUSHELL, Commercial Games Co., New Britain, Conn. offers pins and consoles.

CHARLES SNYDER (formerly Mills Southwest representative) died Sunday, February 18 in Dallas, Tex. from a heart attack. Charley was 44 years old.

L. B. POLLAY, Central Vending Co., Omaha, Nebr. offers 3/16" glass, arcade, slots, consoles and pins....GEORGE COLEMAN, Coleman Novelty Co., Rockford, Ill. offers slot parts....FRANK DUNCOVICH, Columbia Novelty Co., Amsterdam, N. Y. selling music....LEW WOLF, Lew Wolf Enterprises, Buffalo, N. Y. runs a sale of arcade equip., consoles and slots....AL ENGELN and LEWIS MOORE combine their talents into the A and L Sales Co., Nashville, Tenn. and offer the latest revamps....DAN BAUM, Baum Distributing Co., St. Louis, Mo. selling slots, and wants late slots.

MACK POSTEL, Chicago, Ill. selling those hard to get candy merchandisers.... CHARLEY HUGHES, C. W. Hughes & Co., Ladoga, Ind. offers music and arcade equip.... HERB EVERSEHOR, Columbus, O. selling slots....DAVE LOWY, Dave Lowy & Co., New York City selling music and scales....HARRY MOSELEY, Moseley Vending Machine Exchange, Richmond, Va. selling slots, consoles, arcade equip. and music....CHARLES PITTLE, Charles Pittle & Co., New Bedford, Mass. offers slots....C. S. KRAUS, Precision Novelty House, Hays, Kans. offers arcade counter games.

MIKE MUNVES, New York City has been appointed Chairman of the New York District Committee of the American Jewish Congress for the Coin Machines Industry.... CARL TRIPPE, Ideal Novelty Co., St. Louis, Mo. wants parts....HYMIE ROSENBERG, H. Rosenberg Co., New York City offers 1-balls....JIM ASHLEY, American Novelty Co., Detroit, Mich. selling program title strips....ART NYBERG, Calvert Sales Co., Baltimore, Md. wants consoles and slots....JAMES HUNLEY, Blue Grass Distributing Co., Lexington, Ky. offers arcade equip. and consoles.

AL STERN and ROY BAZELON, Monarch Coin Machine Co., Chicago wants slots and consoles....GEORGE MILNER, Milner Novelty Co., Lafayette, Ind. offers venders.... R. A. HALL, Checker Amusement Co., Huntington, W. Va. selling music and arcade equip.A. SALMON, Globe Games Co., Cincinnati, O. wants pins....JOURD WHITE, Jourd White Sales Co., Paris, Tenn. offers a coin counting machine....JAME EHMANN, Exchange Coin Machine Co., Columbus, O. selling consoles and slots....MORRIE and EDDIE GINSBERG, Atlas Novelty Co., Chicago selling consoles, arcade equip, slots and parts.

ED, JACK and AL RAVREBY, Owl Mint Machine Co., Boston, Mass. want changer motors for Mills....KEN WILSON, Amalgamated Distributors Co., Chicago notified the trade that he has only a few #101 reels left for Panorams....VINCENT A. BARRIE, St. Thomas Coin Sales, St. Thomas, Ontario, Canada wants slots, pins and arcade equip.JULES OLSHEIN, Jules Olshein & Co., Albany, N. Y. selling music, arcade equip.... EDDIE CORRISTON, Palisade Specialties Co., Cliffside Park, N. J. selling 1-balls and consoles and wants 1-balls.

HIRSH de La VIEZ, Hirsh Coin Machine Co., Washington, D. C. wants music.... IRVING FOLBERG, Irving Sales Co., Milwaukee, Wis. offers pins....NICK NEBEL, G. N. Vending Co., Columbus, O. selling pins and slots....JONAS BESSLER and HY GREENSTEIN, Hy-G Amusement Co., Minneapolis, Minn. want music....ROMEO LANIEL, Laniel Amusement Machine Exch., Montreal, Canada wants mechanisms for Wurlitzer 616s....BILL BETZ, W. B. Novelty Co., St. Louis, Mo. offers pins....AL and MORRIS SCHLESINGER, Square Amusement Co., Poughkeepsie, N. Y. offer music....BRYAN T. EDWARDS, Radio & Electric Service, Douglas, Wyo. selling slots....M. M. RUTHERFORD, Rutherford Enterprises, Pampa, Tex. offers pins.

Miss [Name]

Dear Miss [Name]

I have just received your letter of the 10th and am glad to hear from you.

I am well and hope these few lines will find you the same.

I have not much news to write at present.

I am sure you will be interested to hear that I am still in the city.

I have not yet decided whether to go to the country or not.

I will write again when I have more news to tell you.

I am, dear Miss [Name], your affectionate friend,

1. The first part of the document discusses the general principles of the proposed system. It outlines the objectives and the scope of the project, which is aimed at improving the efficiency of the manufacturing process.

2. The second part of the document provides a detailed description of the proposed system. It includes a list of the components and their functions, as well as a flowchart illustrating the overall process.

3. The third part of the document discusses the advantages and disadvantages of the proposed system. It compares the proposed system with the current system and highlights the key differences.

4. The fourth part of the document provides a summary of the findings and conclusions of the study. It emphasizes the potential benefits of the proposed system and the need for further research.

5. The fifth part of the document discusses the implementation of the proposed system. It outlines the steps that need to be taken to ensure a successful transition from the current system to the proposed system.

6. The sixth part of the document provides a list of references and sources used in the study. It includes books, articles, and technical documents that provide background information on the subject.

7. The seventh part of the document is a conclusion and a list of recommendations. It summarizes the key findings and provides suggestions for future research and development.

8. The eighth part of the document is a list of appendices and a glossary of terms. It includes technical drawings, data tables, and definitions of key terms used in the document.

9. The ninth part of the document is a list of figures and tables. It includes a list of all the figures and tables used in the document, along with their titles and descriptions.

10. The tenth part of the document is a list of footnotes and a list of references. It includes a list of all the footnotes and references used in the document, along with their titles and descriptions.

Look To The GENERAL For LEADERSHIP

SYMBOL OF SERVICE

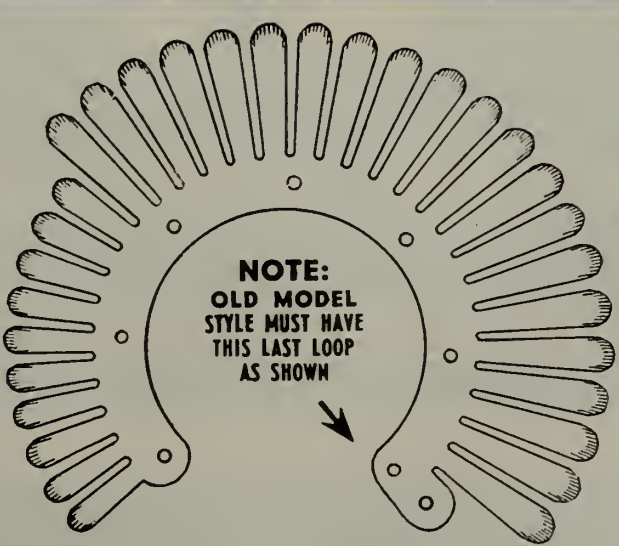

Don't think for a moment that we adopted the symbol of a "general" for its top-ranking importance. To us, the GENERAL symbolizes faithful service and creditable performance of a particular job. Consequently, it becomes a constant reminder to us of our obligation to our customers . . . of the need for maintaining the quality standards that have won the GENERAL a reputation for dependability.

THE CONFIDENTIAL PRICE LISTS

AN EXCLUSIVE MERCHANDISING SERVICE FOR THE COIN MACHINES INDUSTRY ISSUED EVERY WEEK BY: THE CASH BOX, 381 FOURTH AVENUE, NEW YORK 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
2. MEANS PRICE WENT DOWN.
3. MEANS MACHINE JUST ADDED TO LIST.
4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS
8. MEANS NO PRICES QUOTED FOR PAST FOUR WEEKS OR LONGER

IMPORTANT

Machines underlined mean these were most active in trading the past week.

NOTICE! March, 1942. Market Prices for Wholesalers as per GMPR of OPA appeared in September 7, 1943 issue. Reprints are available.
