Los Angeles Still On Sizzling Streak

Los Angeles continued to be one of the hottest record markets in the country last week when dealers reported business again on the rise. Some dealers reported sales up as much as 100 per cent. For the past month Los Angeles has been on a hot sales streak, with records moving briskly across dealer counters. Business was spotty in other sections of the country, though Boston, New Orleans and Nashville all reported good business.

Bobby Vinton appeared to have one of the hottest of the new singles records with his "Roses Are Red" on the Epic label. Disk jumped to the No. 68 slot on BMW's "Hot 100" this week. The new Philips label appeared to have both a hot singles and a hot LP among its first releases. Single getting action was Ruth Brown's "Shake a Hand." The LP moving out on a sales wave to stereo classical buyers was the Sviatoslav Richter waxing of the Liszt Piano Concertos Nos. 1 and 2.

Last week's hot single, Emilio Pericoli's "Al Di La" on Warner Bros., continued its climb up the Hot 100 chart. And instrumental version of the tune by Al Hirt on Victor was a breakout in Buffalo this week.

The TV doctors and doctor themes continued to show strength, too. Richard Chamberlain's "Theme From Dr. Kildare" jumped up again this week, and "Theme From Ben Casey," by Valjean, also displayed sales strength. A comedy version of doctor theme, "Dr. Ben Basey," by ex-deejay Mickey Shorr, was on the "Bubbling" chart this week.

Firms Hit Budding Dallas Market

DALLAS—The growing importance of this city as a disk market has been spotlighted by the opening of two new rack jobbers, a Columbia branch and an independent distributor recently.

Records Dallas is one of the rack jobbers. The firm is headed by Jerry Michaels an ex-Handleman manager, and will sell to chain stores. Big State, local distrib here, is part owner in the operation, which opened about a month and a half ago. The other new rack firm is headed by John Balinus and is the local outlet for Suvall Distributors, a Salt Lake City outfit that is owned by Arizona and Utah Sundries. The rack is selling to food and drug chains primarily.

The Columbia Branch opened April 1 and covers the major part of the State with the exception of Amarillo and El Paso. It will distribute Epic and Okeh disks in addition to the parent firm's product everywhere but in Houston where Pappy Daily handles the Epic line. The new branch employs a good many of the Straus-Frank people who formerly distributed Columbia here.

The new independent distributor is called Calmar Distributors and it is a branch of Oklahoma Records of Oklahoma City. Bill Caldwell is in charge. (BMW, June 2).

Two strong local records here, besides those in top chart positions, are "Roses Are Red," by Bobby Vinton on Epic, and a tune written by a prominent lawyer, Cerci Lee Johnson, "Sweet Bird of Youth." This side was originally cut by FTP, a jingle producing firm, and the master by the Gene Forrell ork and the James Pollach Singers, was picked up by Atlantic.

New Store Stirs N. Y. Disk Scene

NEW YORK—Biggest excitement on the record scene last week was the new Korvette department Fifth Avenue store and its large record department. Opening day the week previous—when the chain slashed the price of all LP's below even its normal cut-rate price—the department was jammed with bargain hunters. However, even after the chain returned to its usual discounts last week, business stayed high.

According to Korvette disk buyer Dave Rothfield, business in the record department of the Fifth Avenue store was exceeding expectations. And he claimed that the strong business was not affecting the chain's other stores in mid-town.

Other stores checked said that their business was not affected by the new Korvette, and in fact a few dealers felt that the Fifth Avenue Korvette might even help other record shops in the long run.

Dealers specializing in singles were happy about the return of station WINS in this city to "swinging" programming. When

BILLBOARD MUSIC WEEK

Top Singles Show For Warner Bros.

NEW YORK—A co-champion of the "Hot 100" best selling singles chart emerged this week as Warner Bros. Records assumed the strongest position it has yet enjoyed. The label currently has six sides on the list, constituting a tie for first place with RCA Victor. Warners also distributes the Challenge label, giving it an additional contender, for a total of seven.

Victor has enjoyed a dominant position in the singles derby for several years and continues to maintain its leadership. Warner Bros., on the other hand, at no other time since it started in business several years ago, has enjoyed the kind of success it has today. Of the seven sides, five are listed as star performer, two more than the nearest contender, and all, including the Challenge side, are moving up.

Decca and Liberty are in a tie for the next position, with five disks each on the chart. Liberty, however, being the distributor for Dolton Records, can claim credit for one additional chart entry, for a total of six.

Of interest is the current dominance of disks whose labels are a part of a combine, either in the form of a parent label and a subsidiary or as one label with distributing arrangements for others. Virtually half (47) of the 100 best selling sides fall into this category.

The Warners-Challenge and Liberty-Dolton groups are two examples. On the other hand, the

Columbia-Epic-Okeh family account for six entries, with three credited to the parent firm, two to Epic and one to Okeh.

The next most successful labels with four chart entries each are Capitol and Colpix. There are, however, four chart sides each for such combines as MGM-Verve, Cameo - Parkway and Imperial-Minit. Next in line, with three chart-makers each are such teams as Scepter-Wand, United Artists-Musicor - Fortune, Tamla - Motown, and Mercury-Smash and the London group. ABC-Paramount had three sides on the chart by itself, without benefit of affiliations.

AMERICAN COUP

Mercury to Cut Disks Behind Iron Curtain

CHICAGO — Mercury will become the first Western nation company to record behind the Iron Curtain with non-Russian technicians. This is an international coup long sought by numerous labels.

Mercury will record American pianist Byron Janis with the Moscow Philharmonic Orchestra to be conducted by Kyril Kondrashin. While there, the label plans to cut several other Russian artists.

Mercury will utilize its mobile recording unit—a complete recording installation on wheels, equipped with monaural and stereo facilities on both tape and 35-mm. film.

The mobile facilities have been used throughout the U. S. and in such European music centers as La Scala, Milan ("Medea" with Maria Callas); London (London Symphony), and Florence (Maggio Musicale Fiorentine opera company).

Officials in Charge

Mercury officials supervising the recording in Russia will include: Wilma Cozart Fine, vice-president, classical division; Harold Lawrence, musical director, classical division; C. Robert Fine, technical director, label's Living Presence series; Robert Eberenz, chief recording engineer.

Label officials said that several tons of recording equipment and supplies have been en route for several weeks and will be awaiting the crew on its arrival in Moscow next week.

The Russian recordings will be sold throughout the world by Mer-

Del Fi Launches Crawford Push

NEW YORK—Del Fi Records is naming June "Johnny Crawford Month." It is part of a one-for-10 album plan for the Donna and Del Fi labels.

The one-for-10 sales plan is effective immediately. Del Fi is putting out a new Johnny Crawford album to include an assortment of the artist's old standards plus several new hits. Crawford and another Del Fi artist, Bobby Curtola, also leave on a cross-country tour that will include stops in Los Angeles, Philadelphia and a number of Midwestern cities.

Also on tap for both artists are deejay appearances with dates already set for the Dick Clark and Hy Lit shows in Philadelphia and Art Roberts, Chicago.

AID ON THE WAY

JFK Committee Praises Role of Small Business

WASHINGTON — Hold on to that record and merchandise store, and that small electronic manufacturing plant. The Kennedy administration is determined to maintain more and healthier small-business enterprises to offset monopoly tendencies, a special White House Committee reports.

Paralleling their recommendations is a new bill okayed last week by the Senate Small Business Committee to guarantee leases for small firms on property in choice shopping and industrial locations, where mortgage and loan terms are prohibitively high. Other moves are under way to put Small Business Administration loan-out money on a permanent basis, and permit SBA more flexibility in deciding how the funds should be used.

Aid to Small Business

The White House Committee on Small Business was appointed a year ago by President Kennedy to come up with a policy and a program for positive aid to small business. John E. Horne, head of the Small Business Administration, is chairman of the special committee. Members are representatives of the Bureau of the Budget, the Council of Economic Advisers, the Federal Trade Commission, General Services Administration, Housing and Home Finance Agency, and the departments of Commerce, Defense, Justice, Labor and Treasury.

The administration's special committee report, "Small Business in the American Economy," glowingly praises the independent and enterprising small businessman as the chief economic stabilizer in American business.

The report promises future specifics in aid, such as "once-and-for-all action" by special tax legislation to help the small business

firm, long-range action via SBA's loan and educational programs to help small business management. By way of keeping big fish from eating the little fish, the report recommends careful policing of discriminatory practices by large firms and also of government contracts bid on by small firms. Small business pooling of resources is recommended for group research, group-buying, and group advertising to compete with big business.

Specific Recommendations

More specific recommendations will be submitted in the near future, the report says. Full title of the White House Committee document is: "Small Business in the American Economy—Its Contributions and Its Problems; The Role of the Federal Government."

Meanwhile, back on the Hill, the patron saint of small business, Sen. John Sparkman (D., Ala.), chairman of the Senate Small Business Committee, and Sen. Hubert Humphrey (D., Minn.), chairman of the Retailing Subcommittee, and Senator Williams (D., N. J.) are pushing their jointly pioneered bill to set up a federal program to guarantee rental payments of qualified small firms.

Push on for Julie-Carol Spec Album

NEW YORK — Columbia Records is rushing to market the original cast recording of the TV spectacular, "Julie and Carol at Carnegie Hall," which is to be shown on June 11 over CBS. The album featuring Julie Andrews and Carol Burnett was recorded in New York last week.

The upcoming show, featuring music and comedy, was written by Mike Nichols (of Nichols and May) with special material by Ken Welch. Show was original songs as well as standards.

Columbia is also releasing another work that will soon have its TV premiere. This is the recording of Stravinsky's latest composition, "The Flood," which will be televised in honor of the composer's 80th birthday next week, June 14.

times that full-scale network planning is being applied to a series of FM outlets. Currently, QXR stations receive guidance from network headquarters, but there is no actual network programming.

QXR plans to start with seven hours a week in national programming with the member stations being urged to develop individual programs suited to their specific markets.

Under terms of the recent sale, WQXR here, remains under New York Times ownership, but will be an affiliate of the network. James Sondheim, network president, said that WQXR will serve as the flagship station for the network and that the Times' new service and WQXR's programming will be available exclusively to network affiliates.

Sondheim said that according to QXR research, "FM's most telling advantage is its ability to deliver a high income audience not readily available through other media." He said the network planned to establish quality FM broadcasting as a major advertising medium.

NEW YORK—Artia-Parliament is following up its recent World's Greatest Music 10-LP classical series with a de luxe 10 LP set of popular jazz designed to retail for \$12.95 monaural and \$14.95 stereo.

The new volume is in conjunction with Artia-Parliament's "Summer Dividend Days" program giving distributors and dealers a 25 per cent discount on all Artia, Parliament, MK and Supraphon disks and a 10 per cent discount on all World's Greatest Music series material. Liberal dating terms are also offered.

Avnet & Liberty Consummate Deal

NEW YORK — Avnet has consummated its acquisition of substantially all of the assets of Liberty Records and its subsidiaries. The final terms called for issuance of 368,366 shares of Avnet common stock and Avnet's assumption of Liberty's liabilities including restricted options covering 36,270 shares of Avnet common stock.

Liberty stockholders, who approved the sale of its assets May 23, will receive three shares of Avnet common for every five shares of Liberty's capitol stock held.

Liberty will continue to function under its present management headed by Alvin Bennett, who said no changes in personnel were contemplated.

Plan National Programming For 36-Station FM Network

NEW YORK—A major effort to provide network programming for a chain of 36 FM stations is in the works here.

The QXR network, formerly owned by The New York Times and purchased by Novo Industrial Corporation several weeks ago, is launching a four point research, sales, programming and engineering expansion.

Plans call for bringing the network up to 50 stations by 1962 and possibly 100 by 1963. QXR also plans to: (1) Create a new

national research program; (2) establish a nationwide FM spot-sales organization; (3) develop new network programming on a major scale, and (4) develop new engineering and technical standards for stereo and monaural transmission.

To Add 'Talk'

Murray Clark, production director for the network, told BMW that QXR would maintain its quality "good music" image but would add discussion and "thought-provoking interview shows."

The move marks one of the first

PLAYERS HUNG UP BETWEEN FIRST & SECOND

CHICAGO — Sports Champions, Inc., the record distribution firm, has filed suit against Sonic Arts of this city, the Mars candy company and eight major league baseball players claiming breach of contract. The disk firm filed in a federal court seeking an injunction which would prevent Sonic Arts, the candy firm, and the ballplayers from producing phonograph records and offering them to the public.

Sports Champions alleges that it entered into an exclusive contract with each of the ballplayers in August 1960 to produce and distribute "How to Play Baseball" LP's. The firm contends that its contract is valid until December 31, 1962. Players named in the suit are Ernie Banks, Ken Boyer, Don Drysdale, Duke Snider, Willie Mays, Warren Spahn, Gil Hodges and Don Hoak.

Jazz Greats Cool in Film

WASHINGTON — "Three Decades of Jazz on Film" went on for the last of five days' continuous showings Sunday (3) at the National Gallery of Art here. The two-hour filmed history of jazz greats includes such rarities as a 1929 short film featuring the great blues singer, Bessie Smith, and another collector's item with Duke Ellington, also 1929.

The show goes on continuously and is free to the public as part of the history-making International Jazz Festival held here May 30 through June 3, under the auspices of the President's Music Committee of the People-to-People program. The filmed program was compiled by the indefatigable Ernest R. Smith, jazz researcher and art director for a New York advertising agency.

The sound-film program features such collectors' items as Bessie Smith doing "St. Louis Blues" in her only screen appearance, with a band led by Harlem "stride" pianist James P. Johnson (1929); "Black and Tan Fantasy," with the Duke in 1929, directed by Dudley Murphy, who also scripted the Bessie Smith item with collaboration of W. C. Handy, and threw in some fine avant-garde camera work besides.

Clarify L. A. Transshipping

NEW YORK — In a story in BMW of June 2, concerning transshipping in the Los Angeles market, it was noted that the Jimmy Smith Verve LP, "Bashin — The Unpredictable Jimmy Smith," was being shipped into that city from Detroit. Story did not mean to imply that any of these transshipped copies were moving into Los Angeles from Verve's Jay Kay Detroit distrib.

JAZZ TALENT QUEST TAKES MILLS O'SEAS

NEW YORK — Irving Mills, veteran music exec and co-founder of Mills Music, is making a strong move back into the jazz field. In line with the new plans for Mills Music, he left Saturday (2) for a three-month tour abroad, where he'll scout new jazz talent and conduct disking sessions.

Mills, who recently signed Louis Prima and Sam Butera as writers, expects to record a series of albums featuring European jazz acts in London, Paris, Rome, Spain, Turkey, Sweden, Denmark, Greece and Israel, among others. All sets will be produced under the banner of American Recording Artists, a Mills division.

The exec was active in the jazz field as long as 30 years ago, having had a close association with such names as Red Nichols, Duke Ellington and the Mills Blue Rhythm Band.

Distributors Move Into Rack-Jobbing

By REN GREVATT

NEW YORK — More and more indie distributors, in widely scattered markets, are moving into the rack-jobbing business. The trend, which some tradesters feel was pioneered by Leonard Smith in Albany, is growing stronger every month. It is another indication of the desire of distributors to get involved in a variety of areas of the record business.

Many distributors today have their own labels. Many have opened their own one-stops. And recent BMW stories have pointed up numerous cases of distributors who, as well, have taken over retail operations completely.

The latest survey of rack-jobbing-minded distributors shows operators in such widely separated areas as Boston, Hartford, Newark, Pittsburgh and Miami planning moves. Distributors' motivation for getting into the area is believed prompted by several factors. First, it is felt in some circles that in view of the discounting picture at all levels, it is increasingly difficult for all traditional steps in the distribution chain to show a decent operating profit. The logical thing, some tradesters say, is to combine some of the links in the chain, wherein a single interest controls more than one step.

Credit Situation Cited

Another reason advanced for the distributor moves is the long-term credit situation with some rack jobbers. The distributors' reasoning runs this way: that instead of having a great deal of money tied up with big rack interests, why not get into the business and pick up some of the profits themselves?

Still another aspect of this matter is the report that two prominent indie manufacturers with indie distributors are planning to deal direct with rack jobbers beginning either late this year or early in 1963. If this happens, normal distributor suppliers of the product of these labels to racks may be cut out of the picture altogether. Distributors feel that they cannot afford to let this happen, inasmuch as racks are accounting for an ever-increasing share of the total disk business.

Quiet Confabs

Some distributors who are known to be considering entering the rack business have conducted quiet and informal conversations with one another, exploring ways of getting into the business with best foot forward. The idea of getting a loosely knit informal combine covering different lines would be involved, has been discussed. Under this arrangement, much product required for stocking a rack would be available through one or more of the members of the combine. Thus, product could easily be shipped back and forth between firms and exchanges would be easy to effect.

Among those known to have given racking considerable thought are Don Dumont of Dumont Distributors, Boston; Ed Dinello of Trinity Distributors, Hartford; Bill Lawrence in Pittsburgh; Henry Stone of Tone Distributors, Miami, and Joe Martin of Apex Martin, Newark. These and others have been concerned with the future of the purely distribution function, as most recently highlighted by the liquidation of Cambridge Distributors in Philadelphia (see separate

story) and the closing of the M-S branch in Cleveland.

Most distributors reached have preferred not to talk about their rack plans. Main reason is that they are doing a substantial business now with rack jobbers. But one of those willing to discuss the matter is Martin, his firm is "experimenting" with different procedures including the operation of complete record departments in stores.

"I opened one new account in the Star Camera store at 41st and Broadway, New York, just last week," said Martin. "I stock the store completely and establish price. Everything with Star Camera is 100 per cent returnable. In other cases, to get a skeptical dealer to handle a given product, perhaps a c.&w. item, I get him to take it on a 100 per cent return deal if he will simply put it on display. I have also just begun racking four-track tape. It's getting me into the field with an item that doesn't compete with other rack jobbers and it helps me to get the feel of it."

Herman's First Step

The Martin operation is reminiscent of one started over a year ago by Mel Herman of Herman Enterprises in Newark. Accord-prises in Cincinnati and Indianapolis. Herman, who as the time was already operating as a distributor and one-stop, commenced a program of supplying smaller dealers exclusively. Under the Herman plan, all merchandise was on a consignment basis, and what was not sold in a reasonable time was replaced with new product. Dealers paid for only what was sold, and Herman's own men conducted reg-

ularly spaced inventories. The plan at the time was regarded as having many principles of rack jobbing.

It is interesting to point out that many manufacturers with indie distributors have been urging their distributors to get into the rack-jobbing picture. They have had long established relations with their distributors and they would like to see them moving into the growing rack jobbing end of the distribution business.

Chess Brothers File to Purchase Illinois Station

WASHINGTON — Leonard and Phil Chess have applied for FCC approval for the purchase of radio station WHFC in Cicero (near Chicago), Ill. The application is now being processed. Application was filed by the L. & P. Broadcasting Corporation, the Chess firm.

Station WHFC is currently owned by Richard Hoffman, now retired, and the assets of the station are listed as \$427,383.

In the application made by the Chess Bros. firm, L. & P. Broadcasting listed assets as \$1,025,000. These were broken down as follows: Leonard and Phil Chess \$110,000, Chess Records \$200,000, Checker Records \$50,000, Argo Records \$125,000, and Chess Producing Corporation \$290,000. Liabilities were listed at \$750,000; capitol stock at \$250,000.

The Chess Brothers owned a station in Flint, Mich., WTAC, which they sold in 1960. According to the application of L. & P. Broadcasting Corporation, the Chess executives own 25 per cent each of Arc Music, 50 per cent each of Ter Mar Recording Studios, they each have an interest in Southern Record Distributing Corporation, 50 per cent each of Chess, Checker, Argo, Checkmate Records, and 32½ per cent of Mid-West Record Pressing Company.

DISTRIB SAYS:

One-Stop, Rack Move a Must

NEW YORK — "Even if the distributors take over ARMADA they can't alter the changes that have already taken place in the wholesale distribution of records. Taking over ARMADA will not solve distributor problems in today's market. What distributors have to do is to become one-stops and/or rack jobbers themselves — otherwise they'll be left behind. The old method of distribution is dead."

These were the observations this week of a fairly large and relatively stable veteran New York distributor. He carries a number of good indie labels and runs a one-stop business along with his distributorship.

"Let's not kid about it, if a distributor told a manufacturer he would not work on his line if the diskery sold direct to rack jobbers, the manufacturer would say, 'Who needs you?' He could still get excellent distribution of his records by just using one-stops and rackers. Sure, he would have to promote his own records, but many labels do that now, anyway. And he might not get the same push on catalog he would get through dis-

tribs, but catalog in the old sense doesn't mean today what it used to. The kind of catalog that sells, like the Mitch Miller LP's or the Conniff LP's, are carried by the racks and the chains, anyway."

Exposure Guarantee

According to this distributor and one-stopper, racks and even one-stops are able to guarantee exposure of product in retail stores that few distributors can. (Some distributors now own retail outlets, others are moving strongly into rack jobbing. (See separate story in these pages.) "A one-stop in New York handles all the singles that go into the Korvette stores here. Any distributor that wants to get singles into the Korvettes has to go to this one-stop. So who needs the distributors for that? A manufacturer could perform the same function.

"Rack jobbers have thousands of outlets they control—they decide what records go on the racks, how many copies should be stocked, when copies should be taken off and news ones put on, and so on. A manufacturer who dealt only with rack jobbers could get guaranteed exposure of his product at the retail level. How many distributors can do that?"

One-Stops to Grow

"Just as the rack jobber has become a local sub-distributor, so has the one-stop. Some one-stops, there is one in Philadelphia, for instance, have salesmen who go out to sell to stores and racks. As more and more one-stops add salesmen, they will become more important on the distribution level. Racks and one-stops have taken over many of the old distributor functions, and it's time for distributors to move with the new trend, instead of trying to buck it."

Meanwhile, the move for distributors to take over ARMADA continued. On the distributor side it is felt that

they will have no trouble in securing control of the organization. It is understood that some of the key distributor leaders are now discussing a code of good practices to have ready at the ARMADA session in Miami late this month. Names are still being discussed for the executive secretary position.

Albums Just Right For Travel Buffs

Verve Records has combined production and exploitation talents to create a distinctive set of four albums, keyed to reach travel bugs and sound fanciers. The sounds are those which supposedly greet the American traveler's ear in France, Spain, Italy and part of America itself, Hawaii.

The music, arranged and batoned by Kenyon Hopkins, has the flavor of each country, but beyond, it has a fuller quality brought out by a broader instrumentation that might be found in a typical combo or ensemble representative of any of the areas.

Supplementing the music in this gate-fold albums (opening from the front) is a bound-in booklet having to do with the area treated by the album, and written by Esquire travel editor Richard Joseph. All four sets are neatly put together with eye-catcher covers and they'll all receive heavy cross-promotion with Esquire.

Packages include: "Sound Tour of France," V-50000; "Sound Tour of Spain," V-50001; "Sound Tour of Italy," V-50002; "Sound Tour of Hawaii," V-50003.

Major Diskeries Again Cop Most NARAS Grammy Awards

RCA, Columbia, Capitol Waltz In With 31 Trophies

By SAM CHASE

NEW YORK — The fourth annual Grammy awards of the National Academy of Recording Arts and Sciences again found the three largest record companies overwhelmingly dominant, sweeping 80 per cent of the trophies which rewarded the outstanding recording efforts of 1961. Between them, RCA Victor, Columbia and Capitol-Angel accounted for 31 of 39 wins.

Leading the parade was RCA Victor, with 12 firsts, Columbia won 9 trophies, and Capitol took 8, with its Angel subsidiary accounting for 2 more. Only other label winning more than one was Liberty. Single Grammy awards were captured by ABC-Paramount, Contemporary, Kapp, London, Mercury and Parkway.

Simultaneous dinners in New York and Hollywood and a cocktail party in Chicago heard the announcement of the awards. Some 500 attended each of the dinner affairs, in which a group of notables presided over the dispensation of trophies.

The single most-honored recording was Capitol's two-disk "Judy at Carnegie Hall," which was named Album of the Year (other than classical), Best Engineering Contribution, and Best Album Cover winner, with Judy Garland's work hailed as the Best Female Solo Vocal Performance.

HACKETT ADDS BANQUET COLOR

NEW YORK—This city's NARAS award dinner, held at the Waldorf, got its biggest yocks out of an unscheduled appearance of Buddy Hackett during the portion of the ceremonies broadcast by WNEW, local indie. Hackett's blue material so singed the emcee, deejay William B. Williams, that the latter followed Hackett by announcing: "This is the Columbia..."

Tony Bennett enlivened the peculiarly subdued proceedings with a belting double-toned attack accompanied by his usual divestiture of coat and tie. Mort Sahl thanked the CPA, who was the overseer of the NARAS awards ("Billie Sol Estes"), and got in a plug for the label on which he appears—Reprise, "owned by Frank Sinatra, the President—West."

Among the many other celebrities who participated in the presentation of the awards, jazz pianist George Shearing did the most unusual job. The blind artist read off his batch of winners from slips printed in Braille. The music was provided by the Grammy-winning dance orchestra led by Si Zentner.

Mancini Sets All-Time Record With 5 Awards

By LEE ZHITO

HOLLYWOOD — Henry Mancini, who last week won more Grammy awards than any other individual since the inception of the National Academy of Recording Arts & Sciences event, was one of the few winners not on hand to personally receive the honors. He was en route to Europe.

Mancini had won two Grammys during the first annual awards for his "Peter Gunn" score, and last year, during the third annual awards, took three Grammys for his "Mr. Lucky" score. This year, however, he topped all winners in the history of the awards by grabbing five Grammys.

Mancini's "Breakfast at Tiffany's" score and "Moon River," the song from the picture, has set something of a record in taking awards, generally. Earlier this year, at the Academy of Motion Picture Arts & Sciences awards, Mancini became one of the few composers in the history of the Oscar derby to take two awards during the same year when he won a statuette for both the score and the song. Prior to the Oscar event, he received the High-Fidelity Institute's annual award for the film song of the year. Thus, Mancini, his "Tiffany's" score and "Moon River" song won more entertainment industry honors

WEEKLY MARKET ANALYSIS

Continued from page 1

WINS joined the sweeter music trend a few months ago a lot of stores found their rock and roll disk sales dropping off because the teens had less chance to hear the new records.

Discount Pricing Belts Hub Dealers

BOSTON—Discounting is beginning to make a stronger impact on this market, though the depths of pricing have yet to reach levels attained in other Eastern cities.

"At least we still don't have Korvette's here," one dealer remarked hopefully, "but I hear they'll be coming soon."

In connection with discounting, one local distributor, Don Dumont, said he was disturbed at reports that some of his dealer accounts were being solicited from New York with "terrific" deals on certain hit albums.

Dumont also noted that Bobby Vinton's latest waxing, "Roses Are Red," is a hot one for him.

Sears' Price Cuts Shake Up Philly

PHILADELPHIA—A new spree of price cuts broke out here two weeks ago and carried on through last week.

Highlights of the Sears move included a dip in singles prices to 48 cents and deep cuts on key albums, down to \$1.29.

Earlier in the year, disk prices reached as low as \$1.39 on leading albums during a price fracas in which Gimbels and Korvette's were the opponents.

Meanwhile, a number of line changes have developed here during the past week. This occurred as a result of the Chips-Cambridge situation.

A number of former Cambridge lines have gone to other local distributors. Gone and End have been taken on by Universal; Canadian-American has gone to Saul Lampert; and Motown and the Little Star label have signed with Chips.

Chi on Upswing Despite Bad May

CHICAGO — Chicago area dealers and one-stops report business for the first five months up considerably over the same period last year.

AGAC Now Collects For More Than 900 Writer-Members

NEW YORK — More than 900 publishers are now paying writers mechanical royalties through the American Guild of Authors and Composers, according to a report to members by AGAC President Burton Lane.

Lane said that more than \$3,000,000 already has been distributed to writers through the plan and that \$122,000 already has been distributed in the first four months of this year.

Lane noted that AGAC could not undertake legal proceedings on behalf of writers in connection with recovering of any possible unpaid royalties.

Edgewood Corporation Purchases Apollo Label

Morty Palitz Managing Director-V.P.; Johnny Desmond Exec and Disk Artist

NEW YORK — Apollo Records has been purchased by the Edgewood Corporation, headed by Herbert Forghash, who is also president of Guardian Industries of Michigan City, Ind.

Apollo, once a key r.&b. firm, was purchased from George Albert, who has been president of the label for the past two years.

With Apollo, Edgewood also purchased Bess and Melhead Music, catalogs that contain over 900 copyrights, many of them standout r.&b. and spiritual items.

Innovations Ready

Among the Apollo masters, which include singles and LP's, are sides by Miss Jackson, King Curtis, Solomon Burke, Cy Walter, Charlie Barnett, and others.

According to Forghash, Edgewood Corporation intends to enter other areas of the entertainment business in the future.

Palitz, who will handle the a.&r. work for the label, was lately with Jubilee, and prior to that with Decca Records.

Double-Edged Work

Both Apollo and Edgewood will release albums and singles, Johnny Desmond, in addition to his administrative work for Edgewood, will also record for the firm.

Legal negotiations for the Apollo purchases were conducted between Walter Hofer for Edgewood and by Sam Zimbelist for Apollo.

over-all picture down measurably. May is traditionally Chicago's slump month.

The slump month, however, this year shows that the sales drop was reflected mostly in album sales.

Two disks are breaking out in Chicago, according to the dealers and one-stops. These are "Loveless Life," by Ral Donner on the Gone label, and "Na-Ne-No," by Troy Shondell on Liberty.

'Pirate' Radio Station Faces Danish Government's Plank

COPENHAGEN—On June 15 the government here will decide the fate of Radio Mercur, the so-called pirate commercial radio station which plays pop records in competition with the Danish State Radio. Indications seem to point to an outlawing of the broadcasts,

Guanta Rhythm Spread by Disks

By RUBEN MACHADO
Lavalle 1783, 3°, Izq.
Buenos Aires

A new dance, presented at the movie festival in Mar del Plata, has been released on disks. The Guanta rhythm has appeared by Waldo de los Rios on Columbia, Armando Patrono on Odeon and Lucio Milena for Music Hall.

Miguel Amador, the Argentina crooner who lives in France and will soon make a visit to Buenos Aires, is being recorded by Sicomercana for the Music Hall label. He will also perform on TV. . . . B. Finkel and Son, makers of record envelopes, have opened a new plant in Buenos Aires.

The first Paul Anka record, "Love Me Warm and Tender" on RCA has had good sales and ABC-Paramount has just released "Diana," an LP which contains some of his greatest hits. Anka's Spanish language versions have been received indifferently by the public, mostly due to the fact that the language is not very clear. The Argentine public prefer Anka singing in English.

One of Odeon's Brazilian executives, Henry Jessem, visited Buenos Aires as a part of a tour for the southern part of the continent and he is working for the greater success of the Latin American Congress of Record Producers that will take place in Lima, Peru, in October.

Big Decca Push Gunned in Sydney

By GEORGE HILDER
19 Todman Ave, Sydney, N.S.W.

E.M.I. launched the Decca Phase 4 series of records with a special demonstration followed by a cocktail party. Sydney retailers, together with the press and representatives of the broadcasting industry, were present to hear 24 Phase 4 and Sound 4 recordings. They are being supported with nation-wide newspaper advertising, special colored brochures and radio advertising.

Disk jockey and Festival recording artist John Laws, who was stricken down with polio two months ago, was discharged from the hospital May 18 and will rejoin 2GB radio staff in three weeks. . . . Bob Rogers, disk jockey from Radio 2UE, Sydney, has signed a new and lucrative contract. The new pact allows him the freedom to work in television, a prerogative his old contract did not allow.

Disk News

The Presley album, "Follow That

but a flood of complaining letters from Radio Mercur listeners has forced government consideration of a pop music segment to be broadcast over the State-owned network.

The council of the Danish State Radio has recommended that 2½ million D. Kr. be granted for the establishment of a "Third Program" to be called "Melody Radio," which would air pop music disks. This would run from midnight to 6 a.m.

During the heated council hearings, which were carried on radio and TV, anxiety was voiced over the quality of material which might be programmed. Council members suggested that if music issued by record producers did not meet government standards, that State Radio might begin to make its own records.

Dream," has been lifted from radio restriction but there is still no mention of when the movie will be issued by United Artists Pictures. . . . J. M. Burnett, C.B.E., chairman and managing director of E.M.I. (Australia), Ltd., is in London for top-level discussions. He will be returning to Australia via the States for talks with Capitol.

Philips will handle distribution of Riverside Records in Australia. First release under the new set-up will be in July. Current catalog will be available together with the Erroll Garner's Octave label.

Ray Bull, ARC promotion manager, is campaigning to capture a larger portion of the juke box market in Australia. This portion of the record trade is rapidly growing and is to be given VIP treatment. Bull stated that it's both an avenue for sales and promotion virtually untouched by record companies in this country.

Patsy Ann Noble, EMI's top recording star, leaves for England in July. One of her singles has been issued by English HMV. "Good Lookin' Boy" and as a farewell here, the local HMV label rush released her first album entitled "Just for You." . . . The World Record Club issued their first all-Australian show recording of "Maid of the Mountains" b.w. "Balalaika."

"Today's Teardrops" had the unique distinction of being issued in the U. S. before the country of its origin—Australia. . . . Progressive Music is enjoying a second run of success on "Spanish Harlem" since the Santo and Johnny and the Norrie Paramor versions were released. The recent revival of "Runaway" by Lawrence Welk has also entered the best selling charts this week and could be another winner for Progressive.

Relaxation of the radio station rules has led to a string of singles being released featuring Chubby Checker and Bobby Rydell. The latest are "Teach Me to Twist" and "Swingin' Together," both are from their successful album of last year. . . . With the release here of the movie "The Chaplin Review," Festival is releasing the Decca album. It has been on the restriction list for some considerable time.

Radio Corporation Melbourne who distribute Mercury, Verve, HiFi and Vanguard labels have been congratulated by the retailers upon the fine production work of their album packages, it was only recently disclosed that this organization do all their own printing of album covers and packaging at their factory in Melbourne. . . . Festival Records released an LP featuring the voice of Australia's great quiz master Jack Davey who passed away October, 1959.

Decca Enters New Phase: 4

By JAN TORFES
Stuivenbergvaart, 37-Mechelen

Decca inaugurated a new series of stereo LP's called "Phase 4." The price of the Decca Phase 4 sets is much lower than the price of Command albums (275 fr. as against 375 fr. (\$5.50 against \$7.50).

In the single record field much is expected of Paul Anka's "A Steel Guitar and a Glass of Wine," to be released by RCA next week, and the new Cliff Richard's "Do You Want to Dance" b-w "I'm Looking Out the Window" on Columbia. . . . More than 120,000 records by Joey Dee have been sold in Belgium: "Ya Ya" on top, followed by "Shout" and "The Peppermint Twist."

M. Garin of Gramophone was in Paris to meet the Pathe-Marconi people as well as the export manager of LA Voce del Padrone (EMI) Milano. He attended a record session of Marlene Dietrich's at which two German records were cut: "Sag mir wo die Blumen sind" (Where Have All the Flowers Gone) and "Die Welt war jung."

The slow business cycle seems to be clearing up, although very slowly. The new Paul Anka and Cliff Richard records, which were released last week, should soon be hits. Another record moving well is Neil Sedaka's "King of Clowns." In Walloon Belgium, another record is sold by the hundreds: "Un clair de lune a Maubeuge" (Moonlight in Maubeuge), especially in the interpretation of French singing star Bourvil.

Volkswagen Fest

Each year, Volkswagen organizes a big song contest in Belgium with the participation of radio Luxembourg. This year the 20-year-old winner, Robert Cogol, received, besides his Volkswagen, a Philips recording contract and two of his winning compositions "Si un jour" (If some day) and "Si je t'ai fait de la peine" (If I did you wrong). . . . Talent scouts from Decca-Belgium found a new orchestra in Brussels, James Curtis and the Madisons. Their first record will be recorded in the studios in Brussels.

BRITAIN

Anglo-American Licensing Spurt

By DON WEDGE
News Editor, New Musical Express

There has been unusual activity in master licensing deals. The Chris Barber Band (currently in the U. S.) had its "Best Yet" LP assigned to Laurie by EMI. As a result of Michael Kapp's visit, Pye placed "Ain't That Funny" by Jimmy Justice and the Viscount's "Every-

body's Gotta Ya-Ya" with Kapp Records. Latter side was taken by Kapp ahead of British release.

In the other direction Pye scheduled Ronnie and the Hi-Lites' "I Wish That We Were Married" obtained from Joy Records. EMI put out the Blue-Belles' "I Sold My Heart to a Junkman" from New Town. Oriole only rarely issues U. S. disks. In a deal with Phoenix Records, Renee Roberts' "I Want to Love You" was obtained.

When Acker Bilk's "Stranger on the Shore" hit the No. 1 spot on BMW's "Hot 100" May 26, it was the first British instrumental to top the American chart in the 10 years records have been kept here. This probably means the first ever.

Preliminary meeting to form a British disk industry council attracted manufacturers (majors and indies), distributors and dealers (through the Gramophone Record Retailers' Association which called it). Ground was explored for such a body and basic rules drawn up. Next step will be a formal first meeting. Items on the agenda will include the Common Market, a National Record Week and Resale Price Maintenance.

Visitors

Michael Barclay and Phillip Wadilove, heads of the indie disk production and talent management firm Audio Enterprise, fly to New York June 5 for two weeks' staying at the Park Sheraton. Firm produces records on assignment (e.g., United Artists "Dancing on Sunday" LP made in Athens), but its own pacts are assigned to British Decca. Present deal is on a world basis, but a new one starting September 1 has provision for artists individually to be placed with other labels outside the U.K. in certain circumstances. A-E's most important talent is Eden Kane, currently in the British chart with "I Don't Know Why," his fourth consecutive hit.

Another independent producer, Jack Good, leaves for New York July 15 planning a year's U. S. stay. Good, a former TV producer, works as a free lance for British Decca. He currently has two disks on the British chart, the Vernon Girls' "Lover Please" and "Besame Mucho" by Jet Harris. . . . He publishes through Hill and Range. . . . Sid Coleman, EMI's publishing head, visiting the group's firms in Switzerland and Italy for the first time since his appointment. . . . Ember's Jeff Kruger hurriedly visited New York May 28, going on to Paris.

In London: Lee Hartstone, general manager of London Records, visiting British Decca: Pye's New York representative Irving Chezar was looking up head office: RCA Victor v.-p. George Marek was back in town: Frank Sinatra came in for charity concerts; Bruce Channel arrived for a tour, including major theaters and some ballrooms where he was pioneering; Wesley Rose was expected with Roy Orbison on a look-see visit.

Publisher Business

Edna Bowers was leaving EMI's promotion staff to co-ordinate activities of three publishing firms run in association with Hill and Range—Joanline (Cliff Richard's firm), Shadows Music (the Shadows), and Anita (Leslie Grade). The principals are all connected with the projected indie disk production firm Shadrach, the formation of which was reported here last week.

Music from Anthony Newley's controversial musical, "Stop the World"—a big hit here—is due for U. S. release August 1. Essex Music, Howie Richmond's London firm, expects singles from Vic Damone, Eddie Fisher and Sammy Davis, who has had four titles from the show issued as singles by Reprise here. Newley is re-recording "What Kind of Fool Am I" for

Frank Friday Dies Suddenly

LONDON — Frank A. Friday, economic adviser to Electrical and Musical Industries, and an authority on disk industry statistics, died here suddenly. He had been with EMI since 1927, except for the war years. He was regarded as authority on consumer spending and was a constant campaigner in the cause of resale price maintenance.

U. S. issue. Show is due in New York about October 1.

Infanticide Disk Gets Guillotine

By KEN STEWART
Dublin Evening Mail

The latest disk to be banned by Radio Eireann, the Republic's only radio station, is "Weela Weela Waile," by actor Donal Donnelly, and released in Britain and Ireland on the Decca label. The song, from the musical "The Scatterin'," was actually aired once from R.E. A spokesman for the home station said, "The record of Donal Donnelly's song 'Weela Weela Waile' was broadcast by Radio Eireann recently. After the broadcast, a number of letters and telephone calls were received from listeners who were offended by the recording. In view of the sizable reaction,

By EDDIE ADAMIS
92 quai du Marechal Joffre
Courbevoie (Seine)

Sales on Twist records are on the way down, according to the general opinion of Paris a.&r. men, deejays and record retailers.

Taking its place is a new dance craze in Paris clubs, the Madison. Diskeries have already started a made race for Madison records. Les Loups Garous (Festival) have waxed a dance method called "Apprenez a danser le madison." Same diskery issued an Everett original by Wild Bill Davis titled "It's Madison Time," while Vogue's Les Copains have recorded a series of Madison sides.

It seems as though the dance will be this summer's craze, but Maurice Chevalier believes that the Twist is here to stay. He has just recorded the "Straw Hat Twist" for Barclay Records.

"Zwei Kleine Italiener," by Christian Bruhn and Georg Buschor, has become a big time European hit. There are 25 different versions of the tune out now with 20 more to come. Things started with Cony singing "Zwei Kleine Italiener" in German. This German teen-age idol recorded three more versions of the tune.

Western Musical

Second biggest theater success to "My Fair Lady" is the German musical "Prairie Saloon" by Lotar Olias. It has been playing theaters in Berlin and Vienna since November, 1961. The Austrian TV network broadcast a taped version of the musical. The publisher is Esplanade in Hamburg.

"Kleine Italianer" for HMV, Netherlands; "Un Bacio Al Italiana" for Columbia, Italy; and "Gino" for HMV, Great Britain. The popular children's record "Dikkertje Dap," sung by De Liedse Sleuteltjes, was honored by L. C. Rood's president C. N. Rood and presented with a Golden Record, marking 100,000 records sold. Music is by Paul Chr. Van Westering; lyrics are by Annie M. G. Schmidt.

Bovema's MGM label is especially strong in the presentation of Spanish folk music. Jose Greco's highly sensitive art is among the highlights of the repertoire and there will also be a demand for the EP recording of Flamenco-music by the Spanish guitarist Sabicas, "Guitars of Passion." After the impressive performance by Carlos Montoya at the Amsterdam Concertgebouw in April, interest for Flamenco is increasing here.

He visited Koln, Mainz, Bonn and Vienna for talks with Boosey and Hawkes, Edition Schott, Universal Edition and other important publishers.

Concerts

The young American, Lorin Maazel, had two successful concerts here conducting the Hungarian Philharmonic Orchestra and the State Concert Orchestra. High tribute was paid to his fantastic performance of Mussorgski's "Pictures at an Exhibition."

Other musical treats for our concert public were two sold-out concerts by the world-famous "I Musici di Roma." It is unfortunate that records of these artists cannot be purchased in Hungary.

Latest productions are Bartok's "Concerto," by the State Concert

Orchestra conducted by Janos Ferencsik, and music from Verdi's "Il Trovatore," with soloists of the Budapest State Opera, conducted by the very popular Lamberto Gardelli of the Royal Opera House, Copenhagen.

Irving Berlin's "Alexander's Ragtime Band" and Donaldson's "Yes, Sir, That's My Baby" have been recorded by Vilmos Kormendi, who arranged these pop standards in cha-cha rhythm.

POP

THE STRIPPER AND OTHER FUN SONGS FOR THE FAMILY

David Rose and Ork. MGM E 4062 (M); LSP 2536 (S)—Maestro David Rose has had quite a success with his single, "The Stripper," a brassy reminiscence of the palmy days of the runway, which in turn prompts this album of tunes, most of which are also rooted in the burlesque heritage. Most, except for the title tune, are abetted by strings, giving them a less brazen quality, but it's good listening just the same. Included are "Harlem Nocturne," "Mood Indigo," and, of course, the inevitable "Night Train."

FOR THE NERO MINDED

Peter Nero. RCA Victor LPM 2536 (M); LSP 2536 (S)—Another potent album from Nero here. The package is a smartly programmed tour de force for the pianist accompanied by strings and ork under the direction of Marty Gold. The set should follow Nero's earlier LP's onto the charts. Among the better tracks are "Dancing on the Ceiling," "Moon River" and "Love Is a Simple Thing."

SOME FAVORITES OF MINE

Don Gibson. RCA Victor LPM 2448 (M); LSP 2448 (S)—Gibson is in his top, moving vocal form on this standout selection of material. To simple backings featuring a familiar choral sound, with guitar and piano, Gibson sings three songs each from the pens of the late Hank Williams and the late Fred Rose, plus Floyd Tillman and one of the top contemporary Nashville writers, Boudleaux Bryant. A sampling would include "Blue Dream," "It's a Sin," "May You Never Be Alone" and "This Cold War With You."

Spoken Word

ENOCH ARDEN

Glenn Gould; Claude Rains. Columbia ML 5741 (M); MS 6341 (S)—Lord Tennyson's classic narrative poem is read convincingly by Claude Rains, with the assistance of Glenn Gould, who plays the Richard Strauss musical motives as composed for similar live readings years ago. The music is what today would be regarded as background music which points up or supports action. The net effect has a unique kind of power, one which makes the work come to life. Should have wide appeal.

Jazz

TIJUANA MOODS

Charlie Mingus. RCA Victor LPM 2533 (M); LSP 2533 (S)—Mingus' unique and emotion-packed style makes this album a must for jazz fans who find release in his highly volatile art. The album, recorded six years ago but never released, has great solo work by Jimmy Knepper, Curtis Porter and Clarence Shaw. The album's five tracks have swing and mood. They form a Mingus-eye view of Tijuana. "Flamingo" and "Los Mariachis (The Street Musician)" emerge as top tracks.

Folk

CAROLYN HESTER

Columbia CL 1796 (M); CS 8596 (S)—Carolyn Hester, a truly impressive young folk singer (sophisticated variety) in the tradition of Joan Baez, makes a solid debut on her first album for the label. The lass has a pure and sweet voice, with a surprisingly broad vocal range. She handles her tunes with warmth and compassion. Selections include Southern songs, Spanish songs, Irish and Scottish songs and songs of the American Negro. Miss Hester could easily turn into a hot record act with this new album.

Classical

LUDWIG VAN BEETHOVEN: SYMPHONY NO. 7 IN A MAJOR, OP. 92

Berlin Philharmonic Orchestra (Ferenc Fricsay, Cond.) Deutsche Grammophon LPM 18757 (M); SLPM 138757 (S)—The monumental "Pastoral" symphony of Beethoven is brilliantly executed by the Berlin Philharmonic. Conductor Ferenc Fricsay controls the orchestra with delicacy and firmness. The playing is precise and exquisite, drawing in all of the dramatic impact from the music. Recording and sound are top-flight with full range of orchestral sound. An excellent reading of the great symphony that classical collectors will want to add to their Beethoven libraries.

RUSSIAN SONGS AND CHORUSES

Don Cossack Choir-Serge Jaroff, Cond. Deutsche Grammophon LPEM 19235 (M); SLPEM 136235 (S)—The Don Cossack Choir has always been a special favorite of collectors who like their folk music with an international flavor. The singers are in excellent voice on this set, performing with matchless enthusiasm on the fast-moving melodies and plaintive moodiness on the more melancholy tunes. All the singing is, of course, in Russian and there is no instrumental accompaniment for the singers.

SPECIAL MERIT ALBUMS

Pop

FLY BLACKBIRD

Mercury OCM 2206—This off-Broadway musical drew fine notices when it opened last February. Although the show recently closed, the album could prove a sleeper in the original-cast field. The melodic, imaginative score by C. Jackson and James Hatch features a timely story line about Freedom Riders, with clever lyrics and exuberant performances, particularly those of veteran showmen Avon Long and Robert Guillaume.

PINS AND NEEDLES

Various Artists. Columbia OL 5810 (M) OS 2210 (S)—Here's a solid collector's item for the theater music fans. First introduced in 1937 (in pre-album days) by the International Ladies' Garment Workers' Union, the hit musical has been packaged by Columbia in a handsome double-fold cover with informative liner notes and fine performances by composer Harold Rome himself, Barbra Streisand (of Rome's current hit "I Can Get It for You Wholesale") and others. Sock nostalgia from the depression era.

International

RIKI ZARAI

Epic LF 18020—A product of Bel-Air Records and recorded in France, this Epic release offers a striking introduction to the artistry of this young Israeli singer. From this disk, she belongs in the foremost ranks of the current crop of Israeli folk artists. She not only has a striking voice—deep and sensuous and lusty—but is most artful in its use. The songs range wide in feeling, and contain a succession of fine tracks, most of which are new here.

Pop

JOEY DEE AND THE STARLIGHTERS

EVERYTIME (I THINK ABOUT YOU) (PARTS 1 & 2) (Jon-Ware-Frost, BMI) (2:24, 1:55)—The swinging Twist man has a frantic coupling here that the dancers will dig all the way. Tune is from the new Dee flick, "Two Tickets to Paris," and it features a strong vocal by the lad with wild background sounds and a compelling Twist beat. **Roulette 4431**

HENRY MANCINI

THEME FROM 'HATARI' (Famous, ASCAP) (2:45)—Striking arrangement by Mancini of his own score from the forthcoming flick. Side has an appealing mysterious mood which should make it a strong "Moon River" follow-up. Flip is "Your Father's Feathers" (Famous, ASCAP) (2:00). **RCA Victor 8037**

KETTY LESTER

BUT NOT FOR ME (New World, ASCAP) (2:04)—Miss Lester's latest is patterned after her "Love Letter's" hit. The side is done in a slow but infectious gospel style with the lass' fine voice selling the lyric with distinction. Flip is "Once Upon a Time" (Morris, ASCAP) (2:23). **Era 3080**

PAT BOONE

SPEEDY GONZALES (Budd, ASCAP) (2:30) — **THE ROCKET** (Westgate, BMI) (2:10)—Boone has two strong ones here. The first is a funny side in a Latin-rock beat that swings in easy fashion and sports comic lyric. The second is a weeper in which Boone speaks and sings the lost-love lyric with tenderness. Strings, chorus and ork assist. **Dot 16368**

EDDIE HODGES

I MAKE BELIEVE IT'S YOU (Jeffery, ASCAP) (2:23)—**(GIRLS, GIRLS, GIRLS) MADE TO LOVE** (Auff-Rose, BMI) (2:25)—The young lad sings two bright items here. The top side features a bouncy reading of a cute lyric against simple but effective backing. The flip is a Phil Everly composition that should score with the teeners. **Cadence 1421**

EDDY ARNOLD

A LITTLE HEARTACHE (Cedarwood, BMI) (2:02)—Here's a fine side from Eddy filled with a folk-country flavor that's somewhat in a Burl Ives groove. It has a bright medium beat and showcases the singer against smart chorus and guitar setting. Flip is "After Loving You" (Red River, BMI) (2:06). **RCA Victor 8040**

JIMMY SEALS

RUNAWAY HEART (4-Star, BMI) (2:14)—The artist makes a fine effort here with a plaintive chanting job on a solid rock lament item. Strong performance that should grab many spins. Watch it. Flip is "Wish for You, Want for You, Wait for You" (4-Star, BMI) (2:22). **Challenge 9153**

WAYNE ROOKS

CHI-CHICO TEEK (Trinity-Beechwood, BMI) (1:59)—Here's a lively novelty-styled tune about a lad and a lass who fall in love in Mexico. Has a pleasant Tex-Mex flavor about it and the debut performance is tops. Side can move out. Flip is "Where Does the Clown Go" (Trinity-Beechwood, BMI) (2:07). **Capitol 4772**

SANDY TRAPP

LOVE SICKNESS (Jonathan, ASCAP) (2:35)—A rousing blues-styled rock effort here for the new artist and one to be watched. The lad gives it a big outing and there's solid support from a femme choral group. Effective organ and rhythm backs the side. Flip is "I Don't Know" (Burton, BMI) (2:50). **Parkway 840**

GARY WESTON

SO ALL ALONE (Merna-Music International, BMI) (2:36)—A pulsing ballad performance full of emotion and the sound of tragedy. Lad sings it in solid multi-track style which gives it an Everlys touch. Backing features guitars and strings and an impelling beat. Good wax. Flip is "Sweet Georgia Brown" (Remick, ASCAP) (1:45). **Reprise 20084**

LITTLE EVA

THE LOCO-MOTION (Aldon, BMI) (2:12) — A new thrush and a new label (owned by the successful Nevins and Kirschner combine) and it all adds up to a hot side. It's a new dance, with a rhythm close to the Twist and the gal belts it in fine style over a solid arrangement. Watch it. Flip is "He Is the Boy" (Aldon, BMI) (2:47). **Dimension 1000**

Country

TEX WILLIAMS

GHOST OF A HONKY TONK SLAVE (Vokes, BMI) (2:40)—A whale of a weeper by Williams which should get wide play. Material is highly effective and Williams does it in meaningful fashion to a simple piano and chorus backing. This can go. Flip is "You Gotta Have a License" (Central, BMI) (2:02). **Capitol 4776**

THE WANDERERS

★★★★ **There Is No Greater Love**—CUB 9101—The old ballad is handed a classy reading by the lead singer with the group. Band backing and ballad tempo strike an attractive note on the side and should get it plays. (World, ASCAP) (2:10)

★★★★ **As Time Goes By**—Another fine reading by the lead singer on the standard. Side features sharp string work and fine backing from the rest of the group. (Harms, ASCAP) (2:14)

STU PHILLIPS

★★★★ **The Tease**—COLPIX 641—This might be considered by some as an instrumental answer to David Rose's "The Stripper." It has a good beat and big band sound, and, at the proper time swings easily into honky-tonk section. (Gower, BMI) (2:00)

SINGLES REVIEW POLICY

All single records received by Billboard Music Week are listened to and reviewed by the **BMW Reviewing Panel**. Records are rated, within their respective categories, according to their commercial potential, based on such factors as performance, material, artist's name value, recording quality, etc.

SPOTLIGHT WINNERS are judged to have the strongest sales potential of all singles reviewed during the week and are picked to hit the top 50 of the Hot 100 chart. **FOUR-STAR** singles are those with strong sales potential. All Spotlights and Four-Star records have been heard and evaluated by the full Reviewing Panel and descriptive reviews are published for these.

THREE-STAR records, having moderate sales potential, are listed thereafter; these frequently will be of interest for disk jockey programming. Other records, with limited sales potential, are listed following the Three-Star records.

SPECIAL MERIT SPOTLIGHTS, in the opinion of the Reviewing Panel, have outstanding merit and deserve exposure.

All singles intended for review should be sent to the **Billboard Music Week Reviewing Panel**, P. O. Box 292, Times Square Station, New York 36, N. Y.

MAHLER: SYMPHONY NO. 9

Bruno Walter. Columbia M2L 276 (M); M2S 676 (S)—Released as a memorial tribute to the late Bruno Walter, this two-disk set features the conductor's interpretation of the last complete symphony written by his friend and mentor. A work of great intensity, it was the culminating expression of Mahler's genius and this must be regarded as a performance that will be difficult to equal. A bonus disk is included which contains excerpts for rehearsals for the recording, plus an interview with Bruno Walter.

★★★★ **EDDIE'S GOLDEN SONG BOOK**
Eddie Calvert. ABC-Paramount ABC 422 (M); ABCS 422 (S)—Bright, golden trumpet work from Calvert here should entertain many adult listeners. The tunes chosen are drawn from the standard repertoire that should appeal to elder citizens. "Villa," "Moonlight and Roses" and "If You Are But a Dream" are indicative of the type of material included. The tunes are played by a large ork in support.

★★★★ **TEDDY RANDAZZO TWISTS:**
ABC-Paramount ABC 421 (M); ABCS 421 (S)—Teddy Randazzo contributes some hard-hitting vocals in this Twist-oriented album. The boy is backed by a cooking instrumental combo and by a male vocal group. The set spotlights jumping and shouting tunes with an elongated version of "Shout," "The Peppermint Twist," "Foot Stompin'," "Twistin' to the Locomotion" and "What'd I Say," all stand-out tracks.

★★★★
STRONG SALES POTENTIAL

★★★★ **BY SPECIAL REQUEST!**
Guy Lombardo and His Royal Canadians. Decca DL 4280 (M); DL 74280 (S)—This happy album by the Guy Lombardo crew spotlights the songs of today, made into pop hits by teen-age favorites. But even though they were teen-slanted hits the Lombardo ork plays them in its usual sweet and easily danceable style. The tunes include "Crazy," "A Little Bitty Tear," "Midnight in Moscow," "Break It to Me Gently" and "Norman." Good wax for Lombardo fans.

★★★★ **VAUGHN MONROE: HIS GREATEST HITS**
Dot DLP 3431 (M); DLP 25431 (S)—Here are Vaughn Monroe's greatest hits, including "Racing for the Moon," "Ballerina," "Someday (You'll Want Me to Want You)," "Let It Snow," "Riders in the Sky" and "There! I've Said It Again." Sung warmly by Monroe. They are played by the band in the original arrangements used when they became smash hits. Monroe is singing as well as ever, and the LP should pack solid nostalgia power among the 25-35 set.

★★★★ **NO STRINGS**
No Strings Sextet. Columbia CL 1817 (M); CS 8617 (S)—Peter Matz, who conducts the ork at the Broadway show "No Strings," leads the sextet from the show on this jazz-oriented version of the songs from the show. The combo plays the songs in a light and breezy style, one that enhances the Richard Rodgers tunes neatly. The songs are all here from the score, from "No Strings" to "The Sweetest Sounds." Good wax for the pop and the jazz market.

★★★★ **EVERYBODY TWIST**
Warren Covington and his Ork. Decca DL 4271 (M); DL 74271 (S)—Everybody has gone Twist-happy over the past few months, and on this new disking the Warren Covington ork shows it can swing Twist items, too. The songs include the Twist standards, like "The Twist," "Let's Twist Again" and "Twist-Her," as well as "Shortenin' Bread Twist," "Mama and Papa Twist" and "For Twisters Only." The beat is bright and the ork plays these Twisters with drive and vigor.

★★★★ **ETTA JONES: FROM THE HEART**
Prestige 7214—Swinging, but fairly uncomplicated arrangements by Oliver Nelson showcase Miss Jones' warbling here of such oldies as "Just Friends," "By the Bend of the River," "There Goes My Heart" and "I'll Never Be Free." Pleasant, undistinguished wax, that should enjoy some activity. Gal had a singles success while back with "Don't Go to Strangers."

★★★★ **THE GOLDEN ROCK AND ROLL INSTRUMENTALS**
(Boss) Combo. Coral CRL 57403 (M); CRL 757403 (S)—The group has had a single or two and here's its first album, featuring a generous helping of recent instrumental hits, all of them well tailored for dancing the Twist, mashed potato, hully gully, mess-around, slop, etc. It's guitar-based, with piano and percussion in support. Group has a good sound on "Tequilla," "Last Night," "Sleep Walk," "Last Date," etc., and for dancers, the set seems made to order.

★★★★ **I CAN GET IT FOR YOU WHOLESALÉ**
Sy Oliver and his Ork. Columbia CL 1815—Harold Rome's score for this current Broadway vehicle is another of those which seems to blossom nicely under the spell of a jazz-oriented interpretation. In this case, maestro-arranger Sy Oliver works with a big (18-piece) band, which has a clean, crisp sound, reminiscent in some spots of the Elgart approach. A whole brace of good tunes here, including the ballad "Have I Told You Lately" and many of them rate the attention of spinners.

★★★★ **ART VAN DAMME SWINGS SWEETLY**
Columbia CL 1794 (M); CS 8594 (S)—This popular accordion man offers his eighth Columbia album, featuring another neat selection of familiar standards. The instrumental features strings and ork backing the expressive, nimble-fingered Van Damme accordion interpretations. "What's New," "Angel Eyes," "All the Things You Are" and "After You've Gone," are among the listenable, danceable tunes.

★★★★ **I HAVE BUT ONE HEART**
Jerry Vale. Columbia CL 1797 (M); CS 8597 (S)—Here's a pleasant package for jockeys. Jerry Vale is in rich, romantic vocal form on a group of sentimental Italian love songs. Singing in both Italian and English, Vale registers strongly with "O Sole Mio," "Come Back to Sorrento," "Just Say I Love Her," and other pretty themes. Nice backing job by Glenn Osser, who also did the lush arrangements.

★★★★ **THE MOST OF THE TWIST**
Various Artists. Roulette R 25176—This package should click with the Twist crowd and jazz fans as well. Line-up features Joey Dee's best-selling "Peppermint Twist" is in-Balley, Machito, Maynard Ferguson, Dale Hawkins, the Orchids, and the Seven Blends. Dee's best-selling "Peppermint Twist" is included, along with his current big hit "Shout," Basie's "The Basie Twist," Sarah Vaughan's "One Mint Julep," and other showmanly, rocking items.

★★★★ **TAMMY GRIMES**
Columbia CL 1789 (M); CS 8589—Tammy Grimes was a smash hit on Broadway with "The Unsinkable Molly Brown," and her

ARTISTS' BIOGRAPHIES

For your programming use, here are pertinent facts about hot disk artists. If clipped and pasted on 3 by 5 cards, these biographies will help you build a convenient file of such data.

**DAVID ROSE
(MGM)**

HOME TOWN: Chicago. **EDUCATION:** Chicago School of Music. **HOBBIES:** Miniature trains and travel. **BACKGROUND:** Well known in the music business as a composer, ("Holiday for Strings"), conductor and arranger, David Rose currently is scoring on the singles scene with a hot platter, "The Stripper." He started with Saturday morning music lessons and kept up with his regular studies all through school, eventually attending the Chicago School of Music. Rose's first band job, upon graduation from high school, was as an arranger. He caught on in this field and soon was working with Hollywood studios. Rose's reputation as composer, arranger and conductor grew, and soon he was engaged in varied areas of show business. The versatile artist was signed by MGM Records. Rose also has arranged and conducted for the Red Skelton TV show, as well as many TV spectaculars. He has been in charge of musical affairs for major radio shows, including the "Woolworth Hour." For many years he has been the conductor of the Pasadena pops concerts at Santa Anita, Calif., and has conducted concerts at Hollywood Bowl. In addition, Rose has composed a number of motion picture scores, usually conducting the studio orchestra himself.

LATEST SINGLE: "The Stripper," currently moving up rapidly on the Hot 100.

LATEST ALBUM: Also called "The Stripper," and just released this week.

**RICHARD CHAMBERLAIN
(MGM)**

HOME STATE: California. **HOBBIES:** Water sports. **EDUCATION:** Los Angeles Conservatory of Music. **BACKGROUND:** Richard Chamberlain, unknown eight months ago, has become a familiar face to millions of video viewers who watch him weekly as star of TV's "Dr. Kildare." More recently, Chamberlain's vocal talents have come to the public's attention through a hit disk "Theme From Dr. Kildare."

His entrance into the recording field was no sudden one. He has been preparing it for three years, studying at the Los Angeles Conservatory of Music. When Chamberlain made his first professional singing appearance earlier this year as a guest on the TV special, "Arthur Freed's Hollywood Melody," he won a recording contract with MGM Records. His musical ambition is to sing and dance in an MGM musical motion pic.

LATEST SINGLE, "Theme From Dr. Kildare," scoring currently on the Hot 100.

**PROGRAMMING
PANEL**

If you have a provocative question to ask the nation's disk jockeys, please send it to this department, 1564 Broadway, New York 36, N. Y. Your name will be credited when it appears.

THE QUESTION

What is your opinion of programming "ping pong" or "steam boat" stereo records on FM-stereo broadcasts? (Additional answers to this question will appear in next week's panel.)

THE ANSWERS

**WILLIAM TOMBERLIN
KLMA, Los Angeles**

In programming FM-Stereo broadcasts, it has been our policy to bypass demonstration albums with the so-called "ping pong" effect. We feel that such material can be used to advantage by the high-fidelity dealer to demonstrate the dramatic effect of stereo, but that it has no place in stereo broadcasting, inasmuch as the great majority of listeners still use monophonic equipment.

**DAVID POLINGER
WTFM, New York**

"Ping-pong" records are a necessary part of a well-balanced stereo programming schedule. For as pioneers of a new medium, stereo broadcasters must be educators as well as entertainers. Records which demonstrate the superior fidelity and dimension of multiplex separation are an ideal introduction of the stereo concept to new listeners. But because our audience includes music lovers as well as audiophiles, we use special effects records sparingly.

**BEN STROUSE
WWDC-FM, Washington**

WWDC-FM is not in stereo, the main reason being that we are involved in the background music use of one multiplex channel and as yet we have not begun a second channel for stereo use. Nevertheless, I have an opinion on the subject of "ping ponging." I believe a station should limit its programming of this nature to not over two hours daily—possibly 7-9 p.m.—when the retailers can use this programming for demonstration purposes. During other hours stations should program for the public. Perhaps when the first stereo station opens in a city there is an excuse for doing more hours of this programming, but if stereo is to become more than a novelty the ultimate programming must be aimed at the consumer and not at the retailer.

CONTEST: Bob Barnett, KALL, Salt Lake City, recently ran a contest called "Name Bob's New Bouncing Baby Boy." Barnett selected two names (Edward Charles) from the mail. Dialers submitting either of those two names received wrist watches and radios as prizes. . . . Station WWDC, Washington, recently spotlighted a "Music for the Street Where You Live" promotion. For an entire day, selections were played hourly and dedicated to a different local street chosen at random. The first listener on that street who phoned the station received an award.

Bobby Barnett, program director at KFIV, Modesto, Calif., has been conducting an "Hourly K-5 Double-Disk Derby," in which each of the outlet's deejays selects a new release and gives it two plays, back to back, each hour. Selection is made from the station's programmed list of new releases and "picks." Barnett reports that a tally of the double-play disks shows that a large percentage of them are making the "K-5 Swinging-45" disk list within a week. He adds, "Local dealers report sales on the double-play disks and phone response has almost doubled."

THIS 'N' THAT: Happy birthday to WJR, Detroit, on its 40th anniversary, and to Storer Broadcasting for its fifth anniversary with WIBG, Philadelphia. Storer took over WIBG May 24, 1957. Both outlets celebrated last month with extensive on and off-the-air promotions. . . . Gordie Bassien, RCA Victor's promotion man in Detroit, has devised a new way of cementing good relations with local radio stations. He has been hosting separate parties for the personnel of each local station. . . . Dean Griffith, WPGC, Washington, reports that more than 8,000 teen-agers showed up for a recent "Teen Spectacular" record hop hosted by WPGC and with Johnny Crawford, TV's "Riflemen" star, as guest.

PROGRAMMING SERVICES: A supplement to the "Rodgers Hammerstein Fact Book" — including "No Strings," the filmed remake of "State Fair" and the Hammerstein Festival—has been completed and is available at no charge, according to the Lynn Farnol publicity office, New York. . . . Robert Orben, who publishes "Current Comedy" (a comedy gag service for jocks), is now putting out a "Calendar Comedy" booklet, containing seasonal and holiday gags chronologically arranged for each month of the year.

GIMMIX: Stan Z. Burne, WINS, New York, added a new touch to remote broadcasting at the Loews State Theater when "The Horizontal Lieutenant" film opened there last month. Burns conducted his entire show (4-7 p.m.) from a horizontal position, while reclining on a couch in the lobby. . . . Jim Clark, WEEL, Fairfax, Va., is conducting a safe drivers award promotion this summer in co-operation with the Highway Safety Committee of Maryland, Washington and Northern Virginia. Prizes include passes to the local RKO Keiths theater in downtown Washington.

FATHER'S DAY: Last June, WSB, Atlanta, asked dialers to write a line to rhyme with "My Pop Is Tops on Father's Day." Prizes included \$100 to the writer of best entry and another \$100 to his or her father. . . . A similar contest was conducted by WWDC, Washington. Listeners were asked to nominate fathers for the honor of being called "Tops in Pops." The winning father received 25 "top pop" albums and the writer of the winning entry received a transistor radio. . . . Station WSBT, South Bend, Ind., celebrated Father's Day last year by having wives of the outlet's staffers take over their husband's job for the big occasion. . . . ABC station deejays at WLS, Chicago; WABC, New York, and KABC, Los Angeles, celebrated Mother's Day last month by playing excerpts from a Mother's Day record ("The

HARTFORD, Conn.—The nation's first subscription television station will start operating here soon, opening up what could be a rich new era in music programming.

Though offering a general consumer fare, the programs will include such musical plums as original Broadway and off-Broadway productions, opera, ballet and special concerts. Most are presently not available on commercial television.

The effort is being conducted by RKO General, Inc., here on its Channel 18. Scheduled to start June 29, the date follows by less than four months a U. S. Court of Appeals decision to uphold an earlier Federal Communications Commission license for RKO to conduct a three-year test of Zenith Radio Corporation's subscription service.

Zenith manufactures both the "scrambling" equipment used at the studio and the "unscrambling" instrument (Decoder) which clears

**Radio Revenue Up;
Highest Since 1956**

WASHINGTON—Radio station revenue in 1962 is expected to go up 3.5 per cent over 1961, the largest increase in six years of survey by the National Association of Broadcasters. NAB says TV is expected to climb by 6.7 per cent, the second highest increase in the past six years.

According to James H. Hulber, manager of NAB's Department of Broadcast Personnel and Economics, the estimates were based on data submitted in March by a group of representatives radio-TV stations as part of NAB's annual financial survey.

Two thirds of all radio stations expect an increase in revenue this year, while 10 per cent expect a decrease, and 24 per cent anticipate no change. Stations in the largest markets expect the largest increase—around 6 per cent—while smaller markets hope for a 2.5 per cent increase.

extensive following should be pleased with this package. Her off-beat vocal style (somewhat reminiscent of Eartha Kitt sound-wise) is showcased on a group of exuberant oldies—"I'm Just Wild About Harry," "If I Had You," "Please Don't Talk About Me When I'm Gone," "Anything Goes," etc. Sock backing by Luther Henderson. Something different for jocks. Striking cover photo of star gives package solid display value.

★★★★ OLD SOUTH-NEW SOUND
Bobby Gordon. Dot DLP 3426—The young clarinetist makes his debut on the label with a fine instrumental album. His playing has class and bite as he performs 12 tunes commonly associated with the Old South. They are all well-known standards that bring on memories of magnolias and river boats. Gordon plays some of them with bright rhythm; others are done with plaintive melancholy. "My Old Kentucky Home," "Swanee River," "Old Black Joe" and "Camptown Races" are typical tracks. The lad plays with an Acker Bilk-like sound in some places and is assisted by a small jazz-oriented combo and six-man string section. Album has dual appeal on both pop and jazz levels.

★★★★ ETHEL WATERS REMINISCES
Word W 3173 LP—The veteran star more than compensates for loss of vocal power with her moving sincerity and sock emotional impact on this collection of memorable spirituals. Selection include "I Am a Pilgrim," "He's All I Need," "Cabin in the Sky" and "I Cannot Fail the Lord." A "must" for her fans.

★★★★ DICK POWELL PRESENTS THEMES FROM THE ORIGINAL SOUND TRACK OF FOUR STAR TV PRODUCTIONS
Dot DLP 3421—In his Four Star Television stable, Dick Powell includes some of the hottest series properties now on the air,

and here for the followers of these shows, are the themes from 13 of them, with the ork batoned by Herschell Burke Gilbert, the composer of more than one of them and Four Star's music director. The shows represented include "The Corrupters," "Dick Powell Show," "June Allyson Show," "Gertrude Berg Show," "The Tom Ewell Show," etc.

★★★★ THE CHANTELS ON TOUR
Cariton LP 144—The gals have enjoyed some singles chart action recently and here's a grouping of eight sides, most of them in the ballad style, showcasing the group pleasantly. Titles include "Look in My Eyes," "Well I Told You," etc. The package is filled out by four additional tracks featuring performances by Chris Montez, the Imperials and Gus Backus. Chantel's name should draw some action.

★★★★ **STRONG SALES POTENTIAL**

★★★★ BRASS RAG
Tricky Lofton and Carmell Jones. Pacific Jazz PJ 49—This set spotlights some fine brass work of the two principals (Lofton on trombone and Jones on trumpet) and by a fullsome trombone choir that supports the pair. The album relies on standards, mostly, for material of which "Canadian Sunset," "Mood Indigo" and "Angel Eyes" are three of the better tracks. Swing is carried by a top-flight West Coast rhythm section with Frank Strazzeri's piano work particularly outstanding.

★★★★ JOE'S HAP'NIN'S
Joe Newman. Prestige SV 2027—A happy jumping album from Joe Newman. The ex-Basie trumpeter has the field to himself here and he makes the most of it. His explorations of a variety of standards and originals, which run to seven tracks, are bright, punching and thoughtful investigations of melody. He is assisted by a fine rhythm section with pianist Tommy Flanagan adding some top-flight solos. "Oh Gee," "The Very Thought of You," "Blues for Slim" and "The Continental" all display Newman's class.

★★★★ WAY DOWN
Curtis Amy. Pacific Jazz PJ 46—Tenor saxist Amy takes off with an eight-man combo here that has swing and an earthy saltiness. The jazz is in the modern groove with touches of the three-quarter gospel feeling on some tracks and a hard-boiled rhythmic approach on others. Ron Ayes on vibes, Marcus Belgrave on trumpet and Roy Brewster, trombone, all contribute solos

along with the leader. Among the better tracks are "24 Hour Blues," "Way Down," and Milt Jackson's "Bells and Horns."

★★★★ AT THE JAZZ BAND BALL
Various Artists. Prestige SV 2031—A good, solid array of Dixie cats here and they swing along in a bright, merry groove on five traditionals and one more modern item, "Mack the Knife," which lends itself well to the down home treatment. Common rhythm group is heard with trumpet alternates Yank Lawson and Doc Cheatham; trombone alternates Vic Dickenson and Cutty Cutshall and Buster Bailey and Edmond Hall, sharing the clarinet honors. Well recorded.

★★★★ ERROLL GARNER: MOODS
Mercury Wing MGW 12134 (M); SRW 16134 (S)—Here's another collectors item for Garner fans. The tracks that make up this set were recorded some years ago and have been electronically re-created for stereo playing. The bands have the wonderful Garner bounce, and should prove a steady seller over the forthcoming months for the label. Garner's playing in his formative years can be counted on for exciting moments.

CLASSICAL LP'S

★★★★ **STRONG SALES POTENTIAL**

★★★★ TCHAIKOVSKY: SYMPHONY NO. 7 IN E FLAT MAJOR
Philadelphia Orchestra (Ormandy). Columbia ML 5749 (M); MS 6349 (S)—Sales glamor is derived from curiosity value alone, besides a highly polished performance. The recent American premiere of this reconstructed work received much publicity. It bears the composer's inimitable stamp, being derived from several of his lesser-known works. It is melodic and emotional, and is given a performance that makes it sound better than it really may be.

★★★★ MOZART: PIANO CONCERTO NO. 24 IN C MINOR; SCHOENBERG: PIANO CONCERTO, OP. 42
Glenn Gould. Columbia ML 5739 (M);

MS 6339 (S)—This old coupling will probably sell mainly to admirers of Schoenberg, whose concerto is given an appreciative performance by the erratic young Canadian pianist. In complete contrast, both in mood and spirit, is the Mozart work, which Gould's liner notes criticize as requiring "improvements" which he has worked into the score. The Mozart performance itself is nimble fingered and listenable but is up against very rugged competition.

★★★★ A MOZART MATINEE AT THE SALZBURG FESTIVAL
Rita Streich, Soprano; Camerata Academica (Paumbartner). Deutsche Grammophon LPM 18 695 (M); SLPM 138 695 (S)—Lesser works by Mozart are featured, as

benefits a "Festival" disk. These include Symphonies No. 26 and 30, written during the composer's 17th and 18th years; the Divertimento No. 3, K.136, written when he was 16, and two youthful arias sung by Rita Streich. The music is all light in texture and good-humored, and receives cheerful performances. These also are the first stereo performances of the symphonies.

★★★★ THE BACH FAMILY
Philadelphia Orchestra (Ormandy) Columbia ML 5742 (M); MS 6342 (S)—The Philadelphia Orchestra under Maestro Ormandy assure sufficient sales to make this release significant, although the works are hardly major. The three compositions were written by three sons of Johann Sebastian Bach. Wilhelm Griedemann's "Sinfonia in D Major for Two Lutes and Strings" is most reminiscent of his father's works, while pleasant is the appellation that can be given to C.P.E. Bach's "Concerto for Orchestra in D Major," and J. C. Bach's "Sinfonia for Double Orchestra."

★★★★ JOHANN STRAUSS: TALES FROM THE VIENNA WOODS
Berlin Radio Symphony Orchestra (Ferenc Frencsny, Cond.) Deutsche Grammophon LPEM 19238 (M); SLPEM 136238 (S)—The Berlin Symphony turns in highly acceptable readings of Strauss music that should appeal to light music fans. "Die Fledermaus" overture, "The Blue Danube" and the title work are all impeccably played, as are the other tracks on the album. The music has

a majestic sweep doing both the composer and the performers credit.

★★★★ VARIATIONS ON POPULAR SONGS
Sweelinck. Columbia ML 5737 (M); MS 6337 (S)—Provocative and unusual organ music by E. Power Biggs on this album. The artist plays the Flenrop organ in the Busch-Reisinger Museum at Harvard University. The material is drawn from folk and popular tunes of the late 16th and early 17th centuries as they were interpreted by Jan Pieterszoon Sweelinck of Holland. Under Biggs hands, the music gains much magnitude and the organ's range and power makes for a thrilling listening experience.

★★★★ LUKAS FOSS: SONG OF SONGS; PAUL BENHAIM: SWEET PSALMIST OF ISRAEL
New York Philharmonic (Leonard Bernstein, Cond.) Columbia ML 5451 (M); MS 6123 (S)—Two fine works by contemporary composers. The first by Foss, was first presented in 1947. It is a musical interpretation of the Old Testament text from the Song of Solomon, King James version. The thrilling voice of Jennie Tourel, mezzo-soprano, is featured singing the text. The second composition is by Israeli composer Paul Ben-Haim and was first presented in 1959. Sylvia Marlowe, harpsichord, and Christine Stavache, harp, are featured. Leonard Bernstein and the New York Philharmonic perform the respective scores with majestic sensitivity.

LATIN AMERICAN

★★★★ THE NEW SOUND OF MACHITO
Tico LP 1084—Full variety and punch are displayed in this swinging set by Machito. The album features many different types of Latin rhythm covering mambos, pachangas, and cha cha and many more with a sprinkling of Spanish language vocals. Biting brass and compulsive beat are the hallmarks of this set, fine for Latin dancing. Should go especially well in Spanish-speaking neighborhoods.

★★★★ CARNIVAL FATASTICO
Saxambistas Brasileiros. Epic BF 19019—This album, recorded in Brazil, is a potent one for the Latin-American trade, and some pop trade as well. It spotlights the Brazilian crew with bright and catchy performances of a flock of familiar tunes, ranging from "Flying Down to Rio," and "Dark Eyes," to "Santa Lucia." The arrangements are fresh, and the South American ork plays the instrumentals with style. Listenable wax here.

★★★★ VAYA PUENTE
Tito Puente and his Ork. Tico LP 1085—The Puente name is a standard in the Latin field and here's a new collection to titillate his many dance-happy fans. Here, Puente with his big, brassy Latin ork, turns in a broad sampling of dance rhythms, making for good variety for use on the living room dance floor. Sound quality is also tops. There are 112 titles in all, including those given over to a brand-new dance, the Sambaroco.

★★★★ PASODOBLES WITH MEXICAN MARIACHI
Pepe Villa and His Mariachi Halisco. Epic B 19018—One of the leading Mexican mariachi groups, the Pepe Villa group turns to material not normally associated with this type of musician. The pasodobles included here usually are played by the brass bands of the bullfight arena. But the combo plays with gusto such standards as "Virgen de la Macarena," "El Gato Montes," "Española Cani" and "El Relicario."

SPOKEN WORD

★★★★ CHRIST IN CONCRETE
Eli Wallach, Da Vinel D 205—Actor Eli Wallach does a virtuoso job in a one-man dramatization of the highlights of the Pietro di Donato novel, playing all roles and making them believable. The final agonizing scene in which the protagonist is buried in liquid concrete is guaranteed to shock any listener. Chekhov's sentimental character study about an aged actor, "Swan Song," is offered on the reverse side.

★★★★ THE FIRST STAGE (PARTS I THRU IV)
John Barton. Spoken Word SW A 11, 12, 13, 14—Here's an impressive series of four packages, each containing five LP's, presenting an illuminating survey of the development of English Drama from its beginning (in the 10th century) to the 1580's. The material is from a series of broadcasts heard on the BBC and produced by Raymond Raikes. John Barton is the articulate and knowledgeable commentator, and the large cast of performers, the orchestras and choruses all offer highly commendable performances. The topics include mystery, miracles and morality plays, interludes, dramas in the schools, universities and Inns of Court and the professional theater. The complete series is a worthwhile investment for high school and colleges as a prime educational tool for classroom use. Also, each package is a collector's item for students of drama history, and theater buffs in general.

INTERNATIONAL

★★★★ THE MUSIC OF INDIA
Sharan Rani. World Pacific WP 1418—This album is for those devotees of the unusual in music. It features native Indian music played on the instruments of the country. Two of the three tracks are ragas, which are improvised Indian melody forms. The three instrumentalists are Sharan Rani, playing the sarod, Chatur Lal, on tabla, and Robert Garfias on tambura.

This album could have an appeal even beyond the international field. It contains the top 12 tunes from the San Remo Festival of 1962. Set was waxed in Italy and the tunes are sung by top Italian singers including Milva, Claudio Villa, Fausto Cigliano and others. Best sides are Quando, Quando, Quando, "Addio, Addio" and "Tango Italiano."

COUNTRY & WESTERN

★★★★ **THE SPIRITED FREDDIE HART**
Columbia CL 1792—This is Freddie Hart's first LP for the label, and the lad deserves a lot of exposure, both country and pop-wise. He has a distinctive style, a good way with a rhythm song or a ballad, and a sincere approach to a country weeper. On this album he comes through with conviction on "The Key's in the Mailbox," "The Wall," "Fraulein" and "What a Laugh." Hart should have a good future in the country field.

BLUES

★★★★ **BROWNIE MCGHEE: BROWNIE'S BLUES**
Prestige Bluesville BV 1042—Sonny Terry on Harmonica, and guitarist Bennie Foster assist Brownie McGhee on this album of fine blues tunes. The singer shouts and wails, and throughout his voice is in the easy blues style. "Lonesome Day," "Jump Little Children" and "Trouble in Mind," are three of the better tracks. There are nine in all.

FOLK

★★★★ **IRA HAYES AND OTHER BALLADS**
Peter LaFarge, Columbia CL 1795 (M); CS 8595 (S)—Peter LaFarge with only modest vocal equipment, shows a keen ability to communicate pathos and tautness of emotion in these interesting, guitar-accompanied songs. Two of the tunes with particular flavor, "Ira Hayes" and "Rodeo Hand," are both from LaFarge's own hand, while a number of the others are from the great American folk storehouse ("John Henry," "I Gave My Love a Cherry," etc.). A good performance.

SPIRITUAL

★★★★ **THE ELITE JUBILEE SINGERS**
Regent MG 6107—The debut of the Elite Jubilee Singers on the label is an auspicious one. The quartet sings gospel songs with warmth and devotion, and they have a good blend and style. On this album they show off their individuality on such songs as "Lord, Have Mercy," "The Valley of Time," "Adam and Evil" and "Amazing Grace."

★★★★ **THE FAMOUS DAVIS SISTERS**
Savoy MG 14051—The Davis Sisters perform this collection of spiritual items with fervor and with feeling. The songs, sold with sincerity by the Sisters, are also of interest via the hard, driving rhythm in the backing. Tunes include "Lord Here I Am," "I'll Be There" and "Earnestly Praying."

SACRED

★★★★ **OF GOD I SING**
Stuart Hamblen, Columbia CL 1769 (M); CS 8569 (S)—A familiar face and voice is back again, with another helping of his deeply sincere message. The songs are sung with choir and ork featuring strings, and as usual Hamblen's performance packs quite an emotional wallop. All the tunes but one by his kin, Susie Hamblen, are by the singer himself. Strong sacred wax.

LESTER LANIN AND ORK

★★★★ **Give Me a Song—EPIC 9514**
Old-fashioned back room harmony is the feature of this side. The disk has a good feeling with honky-tonk piano vocal group work and should get lots of juke box plays. (Audubon, ASCAP) (1:42)

★★★★ **You Can't Be True (Du Kannst Nicht Treu Sein)**
German lyric is sung while English spoken on this lovely old waltz. The side is tailored for juke box play for it has full chorus, German band sound and lilting waltz tempo. Just the thing for tavern sing along. (Southern, ASCAP) (2:12)

MR. ACKER BILK

★★★★ **Dardenella (Parts 1 & 2)—REPRISE 20090**
Bilk has been very big with "Stranger on the Shore," on another label and here's a coupling which features the familiar clarinet sound against a more traditional Dixie styled backing, without strings. Disk can pick up plays. (Fisher, ASCAP) (2:52, 2:25)

THE HALCYONS AND THE LOSERS BAND

LEE ROY

★★★★ **Skoobie Doo—SANWAYNE 1140**

★★★ **Thank You for Calling — (Blackwood) (2:05)**

JOHNNY HALLYDAY

★★★★ **Caravan of Lonely Men—PHILIPS 40043**
—A first-rate hunk of material in today's commercial groove receives a strong performance from the singer, over exciting ork support. The rockaballad builds all the way, and the song tells a strong story. Watch this outing by Hallyday. (Trinity, BMI) (1:57)

JOEY LONG

★★★★ **I'm Glad for Your Sake (But I'm Sorry for Mine)—RUNNING STAR 8300**

★★★ **London Rock — (Meadowlark, ASCAP) (2:24)**

MARION WORTH

**Orr Introduces
Tape Cartridge**

OPELIKA, Ala.—Orrtronics has introduced a new cartridge tape playback system, known as the P-200 Jetstar. A completed transistorized system, the unit employs a continuous play tape cartridge.

The player is the result of research and development headed up by J. Herbert, president of the firm, along with Russ Molloy, founder of the Bel Canto stereo tape line and now marketing manager for Orrtronics.

The Jetstar unit is being marketed for background music purposes, for mobile use in autos, aircraft and boats, and for home use. A basic library of music and educational material is being made available to buyers.

**'Recorder Tree'
Sprouts Sales**

DENVER — Creation of a "recorder tree" display of tape recorders has helped build sales at Dave Cook's in the University Hills Shopping Center here.

The "recorder tree" is a six-inch post which clamps securely between floor and ceiling, on the principle of a pole lamp. Heavy glass shelves, on stout steel brackets, are set at odd angles around the fixture. This displays pairs of speakers and as many as five tape recorders titled at convenient, natural angles.

Cook's keeps a stereo recorder playing softly during busy hours. Customers can see the tape reels revolving. Often, clerks say, just one demonstration will build up interest. The result has been a surprisingly large number of "impulse sales" even where recorders sell for \$200 or more.

"The idea is simply to get the recorders out where they can impress people who come into the store to buy something else," manager Dave Grant said.

**Canadian Dollar Slash
Brings Mixed Reaction**

By ROBERT ANGUS

BUFFALO — Recent devaluation of the Canadian dollar has had opposite effects on American dealers in two border cities. In Detroit, two large stores reported sales increases to Canadians, while retailers here feel the move is costing them business.

"Business during the week following the change was up sharply from the beginning of the month," Norman Sobel, of Detroit's Lobby Hobby, said. "Personally, I think settlement of the four-week newspaper strike did as much to stimulate business as anything." But Sobel agreed that Lobby Hobby's downtown store had picked up Canadian business during the period.

"There's as much as 40 per cent difference in price on American-made equipment," he said. As a result, the store does a brisk business in American tape recorders, high-fidelity equipment, raw and pre-recorded tape.

Price Gives Edge

Does the store plan any special promotions to attract Canadians? "We don't plan to advertise in Canada, though a good deal of our newspaper advertising carries over into Canada. Our prices are more attractive than theirs, and we're relying on that to bring in the business," Sobel said.

Joseph Sanchez, manager of the high-fidelity department in J. L. Hudson's main Detroit store, said he thought devaluation would be good for business. "It'll raise prices of American equipment in Canada more than the loss the customer suffers on the exchange rate," he said. "As a result, we've had an increase in sales in Canadian dollars already—as much as 3 per cent. Our Canadian business generally is good," Sanchez said. His department draws Canadians not only from nearby Windsor, but from a 100-mile radius of the store, in-

cluding some from western Ontario.

What are Canadians buying? "Kits are extremely popular. Canadians are more willing to do-it themselves to save money than American are. We also do well with records, raw and pre-recorded tape."

Notes Discounters Effect

A spokesman for Adam, Mel-drum & Anderson's department store in downtown Buffalo notes a definite drop in Canadian sales. "I've just been going over the figures and it would appear that we're taking in some 10 to 20 per cent less Canadian money now than we did in April. Discounters in Canada are matching our prices on phonographs, consoles, tape records and records and it's hurt business somewhat. We do depend on Canadian business."

He said that Canadians generally account for a "substantial portion" of the store's sales, particularly in low-priced raw tape.

One dealer who actively goes after the Canadian dollar is Clarence Pfeffer, of Buffalo Audio Supply, who claims to be the city's largest retailer of tape, tape recorders and accessories.

Only Temporary

"It's cutting into sales now," Pfeffer said, "but I think that's temporary. We're advertising ac-

**Hi-Fi Fans Play
90 Mins. a Day**

CHICAGO — A survey conducted by Jensen Industries of Forest Park, Ill., manufacturer of phonograph needles, revealed that the average hi-fi owner plays his equipment an hour and a half each day.

The survey is said to be a sampling of the listening habits of the nation's 29 million hi-fi owners. Karl Jensen, president, pointed out that the average also takes in the hi-fi bug who listens to his rig from four to five hours per day and includes the owner whose set is rarely turned on.

Nationwide Count

The survey was conducted through Jensen dealers from coast to coast. In gearing up for the survey, Jensen's main interest was in finding out how long it took the average needle to wear out.

The survey revealed the average owner of a diamond needle will be back in a year for a replacement.

**Decca Brings Out 9 New Phonos
To Complete Full 1963 Line**

NEW YORK — Decca Records has introduced nine new phonographs. These newest units round out the complete 1963 Decca line, the first nine models of which were brought out last January. The new additions run from \$44.95 to \$229.95.

First up is a monaural portable, the Perry (Model DO-642) at \$44.95. Next in line is the Tuxedo II (Model DP-653), a stereo portable automatic at \$54.95. The Anniversary V is noted as a de luxe stereo portable with wing speakers, at \$64.95.

Another feature of the new series is the Suffolk (DP-492), a monaural automatic with AM-FM radio. The set, designed and priced for the teen market, weighs less than 25 pounds and lists at \$89.95. The Demonstrator V (Model DP-614) is a stereo manual phono with separate speaker cabinets and an 11-inch turntable.

Among the console models are the Ramsey (DP-116-7), a full stereo set at \$109.95; the Mead (DP-216-7) which is similar to the Ramsey with the addition of AM-FM radio, at \$149.95, and the Allegheny VII (DP-316-7-8), a full-sized one-piece stereo set at \$149.95.

Highlight of the line is the Pal-

mer III, a full-stereo phono and a similar unit to the Allegheny with the addition of AM-FM multiplex receiver, at \$229.95. Delivery will begin this week. Sales aids, catalogs and trade paper adds are being used to back up the promotion.

ALBUM COVER OF THE WEEK

SLIM WHITMAN SINGS—Imperial LP 9194. Here's an eye-catching item good for window or counter display. The cover photo is an attractive multi-colored line drawing mostly in cooling shades of blue and green with flashes of pink, gold and royal blue.

STRAVINSKY: Various Selections, English Chamber Orchestra (Davis). This unusual cover depicts a reprint of a painting in modern design. The cover's striking effect is achieved through the clever use of the color contrast of black, gray, white and a touch of green. First-rate display piece for the classical section.

★★★★ STRONG SALES POTENTIAL

COUNTRY & WESTERN

HANK COCHRAN

★★★ Sally Was a Good Ole Girl—LIBERTY 55416—Here's a fine disk by Hank Cochran that could grab action. Tune is a cute one and the backing is right in the groove. Watch this. (Pamper, BMI) (2:20)

★★★★ The Picture Behind the Picture—Listenable country-pop ditty is sold with warmth by the singer, supported neatly by the chorus and the ork. Two strong sides. (Pamper, BMI) (2:19)

BOBBY SYKES

★★★★ Lonesome Traveler—COLUMBIA 42488 — The old folk favorite is handled with a good beat by Sykes. He is assisted again by a country type combo and a vocal chorus. (Folkways, BMI) (2:38)

★★★★ So Tenderhearted—This side is a quick-gaited country weeper that's sung with plantiveness by Sykes. His touching vocal is backed nicely by vocal chorus and combo. (Painted Desert, BMI) (2:43)

THE STANLEY BROS.

★★★★ I'm Only Human—KING 5637—A weeper in the hill tradition, with the boys chiming in with their unmistakable country harmonies, with banjo and guitar spotted in the backing. Side can get a lot of action among the faithful. (Lois, BMI) (2:30)

★★★★ Keep Them Cold Icy Fingers Off of Me—A wild and woolly application from the boys, with chilling voices permeating the background. Another interesting side for this portion of the traditional market. (Hill & Range, BMI) (2:15)

ERNEST TUBB

★★★★ I'm Looking High and Low for My Baby—DECCA 31399—Tubb's looking all over for his gal here and he hands the bouncy tune a breezy reading in his inimitable style. Solid wax that should do fine. (Cherio, BMI) (2:30)

★★★★ Show Her Lots of Gold—A frank piece of advice from brother Tubb. He hands the lyric plenty of meaning and he sounds as if he's learned through bitter experience. Two fine sides. (Starday, BMI) (2:47)

DON GIBSON

★★★★ I Can't Stop Loving You—RCA VICTOR 0590—Here's Gibson's big hit of 1958, now a smash for Ray Charles on another label. This side can still pick up plenty of country play and sales, plus pop action. (Acuff-Rose, BMI) (2:33)

★★★★ Just One Time—A solid, medium beat ballad tune with Gibson's persuasive touch. This side was recorded in 1960 and it also has a good chance for action. (Acuff-Rose, BMI) (2:45)

MIMI ROMAN

★★★★ If I Could Be With You—WARNER BROS. 5281—The lass and the supporting ork gives this evergreen a fast rock and roll treatment. She sings the lyric with much enthusiasm and the backing is a rocking rhythm with some honky tonk piano. (Remick, ASCAP) (2:16)

★★★ I Might As Well Live Up to My Name—(Lyle-Hollyjo, ASCAP) (2:21)

SPIRITUAL

CHARLES FOLD

★★★★ We'll Fight Your Battles —PEACOCK 1853—A masterful lead voice here. The lad pounds out the message with great conviction with a solid assist from the choir. Much fervor here, with a wild fem lead coming through in the second chorus. Can sell. (Lion, BMI) (2:44)

★★★★ Meet Me at the River of Jordan—A fine rhythm spiritual with the gal lead and the choir shouting out the lines. Much feeling in evidence here. (Lion, BMI) (2:40)

THE GOSPELAIRES

★★★★ Who Is He (My Friend Jesus)—PEACOCK 1850—A wonderful, soulful male lead is the highlight on this question song.

A side with much meaning and it's handsomely done. (Lion, BMI) (2:27)

★★★★ C'Mon—A wild and woolly rhythm effort in a sort of shout and repeat pattern used by the lead and chorus. Two fine sides. (Lion, BMI) (2:10)

MIGHTY CLOUDS OF JOY

★★★★ Time Has Changed —PEACOCK 1857—An exciting performance of a meaningful spiritual by the group, sparked by the forceful lead singer. Could get action in the market. (Lion, BMI) (2:36)

★★★ I Love Jesus So—(Lion, BMI) (2:31)

THE SKYLARKS

★★★★ Let's Work for Him—NASHBORO 729—Fine spirited spiritual singing at a medium tempo on this strong religious side. Strong lead is backed by traditional organ-piano led combo. (Excellorec, BMI) (2:48)

"Take it from one who has made a career of trying to get a promotional country set from them. Every regional man has been contacted, letters have gone into every office Capitol maintains, and the first piece of correspondence from the Tower is yet to be received. A Fight for Rights

You don't punish the guilty by taking rights away from the innocent. Yet that is probably what city officials of Little Rock will attempt to do in the next session of the Arkansas Legislature, according to Elton Whisenhunt, Billboard Music Week's veteran Mid-South correspondent.

In this week's issue of BMW, Whisenhunt reports that Little Rock officials will go to the Legislature January to push for enactment of a bill which would make the operation of pinball machines illegal throughout the State.

The reason? It seems that some pinball machines in Little Rock are used for gambling, and the enforcement of local anti-gambling statutes presents a problem for the municipal police force.

So the proposed solution would be a blanket ban on all pinball machines, thereby depriving law-abiding operators of their livelihood in an attempt to punish those who break the law.

We do not quarrel with the rights of States and municipalities to pass and enforce anti-gambling laws. And we hold no brief for operators who break those laws.

But we take violent exception with the theory that it's all right to deprive honest citizens of their livelihoods if gambling is stamped out in the process.

An alert and honest police force, backed up by a vigorous district attorney, should be able to cope with any abuses in the operation of pinball machines. There is no need to penalize the law-abiding operator.

We hope Arkansas operators will fight for their rights.

Ark. Coinmen Fear Attempted Pin Ban

By ELTON WHISENHUNT

LITTLE ROCK—Arkansas operators, take notice. Don't be surprised if Little Rock officials try to get a law passed in the 1963 Legislature which would ban all pin games in the State.

Some operators, already fearing this will come up, are talking among themselves to develop a committee and a program to fight it.

The movement stems from some gambling on pin games in Little Rock which officials have been complaining about for some months.

They even had an investigation made and a long report written. The grand jury inquired into the matter. End result was that laws on the books allow pin games as legitimate amusement coin machines, by action of the Legislature, and the city council could do nothing to overturn that.

Recently, however, the small town of Piggott, Ark., adopted an ordinance labeling pinball machines a "public nuisance" and ordered them banished from Piggott. The ordinance was passed, officials said, because too many school children were spending lunch money to play the machines.

A United Press International story datelined out of Piggott recently said, "The city of Little Rock is looking to the town of Piggott for possible solution to the thorny problem of pinball machines."

The story told of the ordinance passed at Piggott, then said:

Problem Different

"In Little Rock the problem is different. The city has been confronted with a number of complaints and cases of payoffs on the machines, which constitutes gambling.

"City Director G. W. Blankenship has asked City Manager Ancil Douthit to look into the Piggott ordinance and see if it might be the answer to Little Rock's problem.

"Douthit said there may be a conflict with the State law permitting licensing of pinball machines. He added, however, the ordinance has a better chance of working because of the 'public nuisance' clause than if it were based on gambling."

But because of the conflict, it is expected city officials of Little Rock will go to the Legislature in January in an effort to outlaw pin games in the State.

Diffused Stereo Speaker Sound Ups Denver Nitery's Phono Take

By BOB LATIMER

DENVER—What's the best way to increase phonograph earnings by an average of \$35 per week on a top location?

Upgrading the installation with 10 well-balanced stereo speakers, and instituting an aggressive program to publicize "the finest in stereo music" is the answer, according to Frank Huber and Glenn Pierce, partners at Century-Supreme Music Company here.

Many operators would have been sufficiently satisfied with an average of \$100 per week return by a 200-play, accumulator-equipped phonograph at the Trade Winds Cocktail Lounge and Restaurant here, particularly because the \$100 collection was earned between 2 p.m. and 9 p.m. Live music takes over in the evening.

Instead of being satisfied, however, Huber and

his serviceman, Ray Clark, took stock of the fact that the popular lounge did a heavy percentage of its total volume in the afternoon, much of it with boaters and water sportsmen making use of Denver's big Sloan's Lake, directly across the street.

Music Lovers

Because these customers are the sort of people who appreciate such elements as the best in stereo music, it was decided to equip the phonograph with such an outstanding speaker system, producing pure stereo, that bar owners Ron and Bill Simeon would have a real talking point with their patrons, and boost music play through sheer enthusiasm for the benefits of stereo.

The result of this sort of thinking was the installation of 10 correctly balanced and spaced speakers throughout the Trade Winds, two on

Coin Machine Exports Bounce Back, Show Dramatic February Advance

NEW YORK — United States exports of juke boxes and amusement games bounced back after a slow 1962 start to rack up impressive gains in the second month of the year.

February export figures, released this week by the U. S. Department of Commerce, showed that coin machines valued at \$1,871,051 left the country in February. The January total was \$1,384,261.

The most impressive gain was in new juke shipments, up from 718 units valued at \$475,210 to 1,125 units valued at \$783,619.

In used juke boxes, the totals rose from 469 units, and game exports rose from 2,662 units valued at \$771,915 to 3,269 units valued at \$903,672.

Belgium maintained its lead as the leading buyer of U. S. coin machines, while West Germany held on to the No. 2 spot. Belgian purchases rose from \$285,630 to \$473,994, while the West Germans stepped up their volume from \$235,010 to \$324,837.

Most dramatic increase was in the purchase of new juke boxes by Belgium—up from 89 units in January to 309 units in February. And the value of these new juke boxes soared from \$63,028 to \$225,611. The Belgians bought 193 used juke boxes in January, and 194 the following month. Their purchases of amusement games showed a slight unit decrease and a small increase in total value.

Biggest buyer of new juke boxes was West Germany, with 420 units worth \$246,089 delivered.

Used juke box sales to West Germany were low, as they were in January.

The West German figures indicate that when it comes to new boxes for prime locations, domestic operators still prefer the U. S. product. But rather than buy used American phonographs for run-of-the-mill locations, the Germans prefer new machines of domestic manufacture. In many cases, a new German phonograph will cost less than a used U. S. box.

France appears to be replacing Belgium as the top buyer of American games. For the last decade, Belgium has been the European clearing house for U. S. games, with machines being transshipped from Antwerp to Germany, France, Italy and Switzerland.

But more and more games are now going directly from the U. S. to their country of ultimate destination. And France, with import restrictions lifted is emerging as the leading user of U. S. games. The French have little in the way of domestic manufacture, and the market for American games still has a way to go before it reaches its potential.

A year ago, French purchases of U. S. games were well down the list. In February, they totaled 660 units (only 42 less than Belgium) worth \$255,725 (compared with \$192,643 for Belgium).

Game purchases are not broken down between new and used, but considering that the French have bought slightly fewer games and paid considerably more for them, France is buying more new games than Belgium.

NY Coinmen Raise 33G in UJA Drive

NEW YORK—A last-minute rush of donations and reservations has insured success of the 1962 campaign of the United Jewish Appeal's Coin Machine Division. The drive culminates at the grand ballroom of the Hotel Plaza here on

Tuesday night (5) when upward of 300 tradesters will honor Roger S. Littleford Jr., publisher of Billboard Music Week, and Joe Orleck, publisher of Cash Box.

Members of the Coin Machine Division's executive committee met at the Hotel Astor Thursday night (31) to complete plans for the banquet.

Thursday totals were \$33,375 pledged to the drive and 315 reservations for the banquet. The 1962 donations topped last year's figures substantially, although the reservations trailed somewhat.

Guests at the banquet will hear the following recording artists: Freddie Cannon, Swan Records; Johnny Desmond, Columbia Records; the Tarriers, Decca Records; Jodie Sands, ABC-Paramount, and Bobby Vinton, Epic Records. Bobbie Shields will emcee.

An added attraction will be Buddy Sarkissian and the Mecca East Revue, an Oriental belly dancer group.

Tuesday's banquet marks the first time that anyone not actually in the business of operating or distributing coin machines or supplies has been honored.

POP LEARNS FACT OF LIFE: IT AIN'T ALL BUBBLE GUM

HOLLYWOOD—Adults don't patronize bulk vending machines because they are under the mistaken impression that all ball gum is bubble gum.

A couple of years ago, Caban noted that about 90 per cent of his ball gum sales were to children. When he asked a few parents why they didn't buy any for themselves, the most common answer was that all ball gum is bubble gum.

Caban came up with a solution. Going to a label printer, in Hollywood, he arranged to have printed bright blue and white labels, two inches long by one-inch wide, which read: "This Is Not Bubble Gum!"

Effect on sales was good. Increases in the sales curve were noted at every location—obviously brought about by the fact that parents were buying ball gum for themselves as well as for the youngsters.

"There isn't much use of attempting to merchandise ball gum to adults," Caban said, "so, by the same token, to sell more ordinary ball gum to customers, we must make it plain that they are not accidentally buying the bubble-gum variety."

Automatic Merchandising to Offer 225,000 Shares for Public Sale

WASHINGTON — Automatic Merchandising has filed with the SEC for proposed public sale of 225,000 shares of common stock, 125,000 shares to be sold by the company and 100,000 by the holder, maximum at \$6 per share.

Automatic, which owns and services vending machines, juke boxes and kiddie rides, has recently expanded into the field of industrial catering through large-scale vending installations. The Tampa company tells the Securities & Exchange Commission that it also leases vending machines in areas in which it does not operate.

Out of net proceeds from the sale of the stock, Automatic Merchandising would use \$150,000 to retire a bank loan, \$100,000 to reduce or retire other indebtedness, \$150,000 to increase inventory of commodities with volume discounts, and the remainder to ac-

quire new vending equipment and for working capital. The company has outstanding 327,430 shares of common, of (Continued on page 52)

New Man in Vending Off to Flying Start

DETROIT—Karl A. Van Ostaeyen, a newcomer to vending, is starting an extensive route of nickel nut machines here.

Van Ostaeyen became interested in bulk vending through a casual contact with Glen R. McPhail, head of Beaver Vending Services, who has long operated in Canada and Buffalo, and who recently moved into Detroit. Van Ostaeyen rented a house to McPhail, who got him interested in vending.

Active in bulk vending only about two weeks, Van's Vending Service already has 840 machines—340 now on location and 500 on hand ready for placement.

Chubby Gives Twist a New Lease in Hub

By CAMERON DEWAR

BOSTON—The seemingly tireless Twist appears to be giving local juke boxes the biggest lift of any single type of record in years. And still king in this department is Chubby Checker, whose "Slow Twist" on Parkway is leading with a number of operators. While this one holds on fast, another of Checker's platters that's beginning to pull in the dimes is "Don't Knock the Twist."

While not wishing to look a gift horse in the mouth, some operators had felt the Twist had been in for long enough and tried to introduce something different. The experience of Harold Bond of Brookline was sad with "The Theme From Ben Casey" and ditto of "Dr. Kildare" on the flip side.

It just seemed as though the patrons weren't in the mood for surgical serenades since they left them strictly alone. Tops after the Twist on Bond's route, are Ray Charles' "I Can't Stop Loving You"

on ABC-Paramount, Burl Ives' "Little Bitty Tear" on Decca, and a newer one, "Wolverton Mountain," with Claude King on Columbia.

Charts Help

Ralph Lackey of Karel Music Company, Roxbury, finds the Billboard Music Week charts are his best guide, along with requests from locations. Ray Charles is big on his route, with the Twist records doing a steady business. He says he can rely on his barroom locations to chalk up good collections on standards, with Mitch Miller's records keeping ahead of the pack. Donald Foote of Randolph is another operator who does well on Miller-type music. Both he and Lackey haven't gone into 33's and they feel that they'll wait it out and move when the locations push them.

Foote is one of the declining number of "pure music" operators, and he seems to find that with a few games thrown in he can do

very well concentrating on the juke boxes. More and more operators are diversifying, and Lackey has recently gone into cigarettes, candy and hot and cold drinks.

Another operator who is giving less time to music is Ben Ross of Grayben Vending and Coin Machine Corporation. He notices a better trend in music, particularly in the barroom locations, where, like many others, the call nowadays is for records like Mitch Miller's and the ballad-type such as "Stranger on the Shore" by Acker Bilk on Ayco.

But Ross is slowly but surely becoming disenchanted with music by itself. "I can't wait for music to pay off all alone," he says. He has now moved in cigarettes, candy pastry and drinks. But while diversification is the order of the day with many, nobody appears to be letting go of music, which, admittedly, is still the foundation of the business.

Baseball on TV Muffles Juke Boxes

By DON LYONS

MINNEAPOLIS — Collections by operators seemed to be down a little these past couple of weeks, though good action was reported on "I Can't Stop Loving You," with Ray Charles on ABC-Paramount. Coming up fast is "Roses Are Red," with Bobby Vinton on Epic.

One operator here pointed out that with some of the Minnesota Twins baseball games on television, amusement seekers were watching TV rather than playing the juke boxes.

Norm Pink of Advance Music Company here, said that his firm was going toward guarantees for each phonograph on location and by doing that can provide the location with better service, records and equipment.

A St. Paul operator said that collections had slowed up a bit, and in addition to "I Can't Stop Loving You," mentioned the following as bringing in the most coins: "Your Cheating Heart," with Les Paul and Mary Ford on Columbia; "Swinging Gently," with Earl Grant on Decca, and "Second Hand Love," with Connie Francis on MGM.

One-Stop Report

Business at Twin Cities one-stops seemed to hold up pretty well. Ray Brown Bros., Inc., here listed the following as showing the best movement: "Roses

Are Red"; "Planting Rice," with Arthur Lyman on Hi-Fi; "Little Red Rented Rowboat," with Joe Dowell on Smash; "Baby Elephant Walk," with Lawrence Welk on Dot; "The Crowd," with Roy Orbison on Monument, and "If the Boy Only Knew," with Sue Thompson on Hickory.

At All-Record Sales, Minneapolis, Tom Prenevo office manager, said that he had had good action with "Stranger on the Shore," with Acker Bilk on Atco; "I Can't Stop Loving You"; "Al Di La" with Emilio Pericoli on Warner Bros.; "Rose Are Red" and "Palisades Park," with Freddy Cannon on Swan.

Dick Morbitz of Acme Music Company here, said that his leading number was "I Can't Stop Loving You," but that "Roses Are Red" was coming up fast. Also in the limelight were "Speedy Gonzales," with Pat Boone on Dot; "It Keeps Right On A-Hurtin'," with Johnny Tillotson on Cadence; "Palisades Park"; Johnny Get Angry," with Joanie Sommers on Warner Bros., and "Al Di La."

Jim Christensen of Jim's Record Shop, St. Paul, listed the following as his best selling disks: "I Can't Stop Loving You"; "Roses Are Red"; "A Steel Guitar and a Glass of Wine," with Paul Anka on RCA Victor; "Baby Elephant Walk," and "Keep a Light in Your Window Tonight," with Boots Randolph on Monument.

DOUBLE-PLAY DISKS

Two-sided action may be expected from the following records. For the juke box operator limited to from 100 to 200 sides per machine, they represent maximum programming effectiveness. Records listed below have both sides either on the Hot 100 or have recently been on the Hot 100. See Spotlight Reviews for additional information on double-play disks.

May Slump Still Felt In Chicago

CHICAGO—The stock market and record sales are running parallel paths in the Chicago market. Sales are still feeling the effect of the May slump. Singer's One-Stop and the Music Box report sales action on "West of the Wall," with Toni Fischer on Big Top; "The Stripper," by David Rose on MGM, and "Green Leaves of Summer," by Kenny Ball on Kapp.

The Music Box also reports the following records as moving: "Al Di La," Emilio Pericoli; "Blue Bird of Happiness," Booth Randolph; "Steel Guitar and a Glass of Wine," Paul Anka; "Second-Hand Love," Connie Francis; "When I Get Through With You," Kenny Ball, and "Baby-Sitting Boogie," Ralph Bendix.

Singer's reports these disk as movers: "Roses Are Red," Bobby Vinton; "Sealed With a Kiss," Brian Hyland; "Snap Your Fingers," Joe Henderson, and "Theme From Ben Casey," Valjean.

EUROPEAN NEWS BRIEFS

Battle Rages for Paris Film Trade

PARIS—A hot three-way competitive battle is raging here among three film juke box producers for the Continental market in Paris, headquarters for all three of the only European film phonograph producers. Cameca was first in the market with the Scopitone; then followed Cinebox, which while manufactured under Italian patents, has manufacturing headquarters in Paris. Now comes Telebox Caravelle (no connection with the Caravelle jet airliner), which is produced by Cie Industrielle Francaise d'Automation. Caravelle has 28 film selections compared to 36 for Scopitone and Cinebox. However, Caravelle enthusiasts claim there is no appreciable operating difference between 28 and 36 films. "You only need a basic stock of about two dozen films, and if they are good you have a gold mine," a Paris operator who has tested both models reported.

Trend Seen to Disks for Phonos

LONDON—A number of British diskeries may follow the lead of Ember Records (International) Ltd., in issuing phonograph records especially for juke box play. Ember reports that its pioneering (for the Continent and Britain) step has been a lively success. Ember's management believes that juke box disk production can be developed as a virtually independent disk production field in Britain, and that it will stimulate the record trade generally. Ember calls its phonograph pressings "Juke Box Specials." Company officials say the diskery is trying to cooperate with the operators to reduce his record outlay by providing durable tunes which will survive the vagaries of the weekly top-tune turnover.

High Disk Prices Irk U. K. Ops

LONDON—British operators are campaigning for reductions in disk prices. Operator associations charge record companies with inflating prices out of proportion to production costs and tax. The government has cut the purchase price on records, but the diskeries passed along only a fraction of the tax cut to the operators, they complain. Operator groups contend that only drastic cuts in record prices will stimulate juke box operation. The cut in the phonograph purchase price from 27½ per cent to 25 per cent appears to have had negligible effect upon purchases. Operator associations demand a minimum 8 per cent slash in disk prices, a reduction they contend is more than justified by the general trade price structure.

Grassroots Service Zings Sales

HAMBURG—Seeburg, which has trailed markedly on the German market, has scored measurable sales gains since organizing a German sales subsidiary, SEEVEND. The subsidiary is having favorable sales results with the new Seeburg direct stereo models SDS 100 and SDS 160. Seeburg is also giving effective promotion in Germany to its "Artist of the Week" feature. Trade circles ascribe much of Seeburg's recent sales spurt in Germany to the patient spadework of George Gilbert, its international sales chief. Gilbert has spent months on a program of grassroots contacts with distributors and operators throughout the country. This person-to-person program is being supplemented by "service seminars," in which Gilbert and Seeburg technicians assist distributors with maintenance and general service problems.

'Payout' Bad Name in W. Germany

HAMBURG—To enhance their public appeal, West Germany's amusement hall proprietors have renamed their organization to minimize wide hostility to payouts. Henceforth, the former Verbandes der Deutschen Automaten-Sport und Spielhallen-Besitzer e.V. will be known as the Verband der Automatenbetriebe e.V. "Spielautomat" means "Payout." The amusement hall operators elected Lars K. Skriver of Hamburg their new president succeeding Willi Becker of Mülheim-Ruhr. Others elected are Hans-Juergen Glawe, vice-president; Erich Brockop, secretary; Erich Wittenberg, treasurer, and Becker, Rolf Reimers, and Mathias Schuetz, directors. Reimers is from Luebeck, Schuetz from Dusseldorf, and the rest are from Hamburg. Bruno Reimers and Adhild Strohmeier were appointed auditors and Kurt M. F. Wieland remains the business manager. All are from Hamburg.

Germans Eye Spain for Subsidies

MADRID—Several Continental phonograph producers are reported negotiating with the Spanish ministry of trade and commerce for the establishment of production facilities in this country. The negotiations are based on the Spanish government's recently announced decision to stimulate investment in industry by guaranteeing foreign firms the right to repatriate both capital and profits after two years. The German firms are speculating, in addition, that Spain eventually will be admitted to membership in the European Common Market, and they will thereupon enjoy a substantial competitive advantage from the low Spanish wage scales. Furthermore, because of the German labor shortage, most German coin machine manufacturers already are employing "imported" Spanish labor, which is trained by the German firms. This means that the German companies have a Spanish labor pool in their factories in Germany which could be utilized in establishing Spanish production subsidiaries.

Arkansas Ops to Seek Aid of Solons As Supreme Court Upholds State Law

WASHINGTON — The U. S. Supreme Court last week denied an appeal of Jake Brown, Little Rock supper club owner, who sought to overturn a 1959 act of the Arkansas Legislature strictly regulating coin machine operators and levying heavier taxes on them.

The High Court, in denying Brown's petition for certiorari (a form of appeal) upheld the Arkansas Supreme Court, which had held that the act was constitutional.

Brown, through his Little Rock attorney, D. D. Panich, attacked the law as confiscatory, discriminatory and in violation of State and U. S. Constitutions.

No Statement

The U. S. Supreme Court, in denying review of the case, issued no statement setting forth its reasons. This is usually routine.

Panich said in Little Rock that "we now have no other remedy, except the next Legislature." It was not known at this time whether Arkansas operators would attempt

to get the 1963 Legislature to amend or modify the law.

The law does this: Says no one not a resident of Arkansas can operate "coin-operated amusement devices" in the State. This has been interpreted to mean both phonographs and games.

Says that operators of such machines must have lived in the State for one year before applying for a license to operate.

Says that if a corporation applies for a license, at least 50 per cent of the stock must be owned by an Arkansas resident.

\$250 Tax

Says that a \$250 tax be paid the State on issuance of each license, in addition to the \$5 per-machine State privilege tax, city and county tax of \$5 each and federal tax of \$10 on each machine.

Says that each person issued a

license must post a \$3,000 bond to insure "faithful performance."

Says that each operator must pay, in addition, a 3 per cent tax on all gross revenue from his machines.

This law in recent years has driven two or three dozen small operators, unable to comply with it, out of business in Arkansas. All have sold to larger operators.

Farr Case

Also in the case with Brown was Lynn Farr, former owner of Central Amusement Company, Texarkana. He has since sold his route and is in the real estate development business. Farr was in the case testing the constitutionality of the part of the act requiring him, a Texas resident, to be a resident of Arkansas to do business in Arkansas.

Panich contended the act violated the free trade section of the

Arkansas Constitution and the XIV Amendment to the U. S. Constitution. The XIV Amendment reads:

"No State shall make or enforce any law which shall abridge the privileges or immunities of the citizens of the United States; nor shall any State deprive any person of life, liberty or property without due process of law; nor deny any person within its jurisdiction the equal protection of the laws."

Facts in the case, briefly:

Won Chancery Suit

Brown owns Tia Wanna night club in Little Rock. He owned the juke box. The State sought to enforce the law in making him get a license and pay the various new taxes and post the bond. He resisted, filed suit in Chancery Court and won. The case went to the Arkansas Supreme Court, was remanded to Chancery Court in Little Rock for another trial. Brown won again and the State appealed again.

The State Supreme Court held the Act constitutional, and the U. S. Supreme Court in upholding the State court did likewise.

Since the validity of the law has been tested all the way to the U. S. Supreme Court, it means all oper-

ators must abide strictly by it or be liable to prosecution.

And it also means, of course, that any operators of other States on or near the Arkansas borders cannot operate in Arkansas. If they have machines in Arkansas, they must remove them or sell them to an Arkansas operator.

MILWAUKEE MENTIONS

Business is slower than it was a year ago, says Otto Hadrian, Otto's Distributing Company. . . . According to Jerome (Red) Jacomet, Red's Novelty Company, route receipts have shown noticeable improvement in recent weeks. Showing definite signs of improvement, adds Red, is the cigarette vending business. . . . Harry Jacobs Jr., United, Inc., and C. B. Ross, Wurlitzer field service engineer, conducted a service school the weekend of May 18, for the employes of Soo Coin Machine Company, Sault Ste. Marie, Mich. Six of the firm's servicemen sat in on the sessions. After the school wound up, Jacobs and Ross joined William Cleary, Soo Coin's head man, for a few days of fishing. They landed some beautiful catches of northerns, according to Jacobs.

Stan Gerlach, Palmyra, and Harry Cisler, Cisler Music, Milwaukee, were visitors this week at the Bluemound Distributing Company, in search of used equipment and parts. . . . Sam Hastings, Bluemound Distributing Company, reports a heavy run on pool games. The firm now is battling to keep up with demand for new pool games. . . . No date has been set as yet for the forthcoming Rock-Ola service school reports Orville Carnitz, Badger Novelty Company. "We are surveying our operators trying to find out the best day to hold the school," he says.

Joe Hively, veteran equipment serviceman, left his job with Wisconsin Novelty Company to set himself up as a free lancer. . . . Flipper type coin games and pool tables are the top sellers these days, according to Nate Victor, S. L. London Music Company.

The list of Milwaukee operators who attended the recent N.A.M.A. regional meeting in Chicago included: Herb Geiger, N.A.M.A.'s national president, Geiger Automatic Sales; Carl Millman, and Asher Rubin, Automatic Merchandising Corporation; John Cocking, Automagic Vending; Stan Kass, Chuck Wagon Vending; Wally Osienko, Schiller & Wright; George-Anton, and Buzz Lemm, Milwaukee Kwik-Kafe.

Art Zastrow, Milwaukee Amusement Company routeman, joined the ranks of married men several weeks ago. . . . According to Clarence Smith, Milwaukee Amusement Company, collections have been showing slow but steady improvement in recent months. . . . Plans are being made for a showing of the new AMI equipment to local and State operators, according to Sam Cooper, Paster Distributing Company.

Mid-May's warm weather acted as spur to location traffic, says Frank Bartnik, Banaco Music. He looks ahead to improved collections during the next few weeks. In his spare time, Bartnik continues to work on his seaplane, readying it for his annual spring flight to his fishing and hunting lodge in Canada. . . . The number of service calls from locations climbed considerably during the recent heat spell, says (Jerome (Red) Jacomet, Red's Novelty Company, "That's a sign that business is better." Jacomet also expresses his disappointment in the lack of co-operation rendered to the MOA show by phonograph manufacturers and record companies.

Sam Hastings, Hastings Distributing Company, is back on the job following a brief bout with the flu. Regarding activities of the Milwaukee Coin Machine Operators' Association, Sam Hastings, the trade group's president, says plans for the picnic this summer are definitely off. "It's too hard to get the fellows together," he says. The association members will decide at the forthcoming June meeting whether to disperse with meetings during July, August and September.

Operators shopping the 3d Street Radio Doctors one-stop last week included Neil Nate, Wisconsin Dells; Bob Kammerman, Racine; Ralph Klatt, Beaver Dam and Miller Music, Menasha. . . . Herb Wagner, G & W Vendors, South Milwaukee, is preparing plans for the community's annual Spectacle of Music. This will be the fifth year that Wagner is chairman of the event.

New Scoring Ideas Marks Ball Machine

CHICAGO — Keeney's two-player Roll-a-Line, a new game, introduces a novel concept in diagonal, vertical and horizontal scoring.

The principal of scoring involves the manual rolling of balls into numbered pockets on the playing field to establish five balls in a straight line. Side flipper buttons operate a kicker bar at the rear of the playing field which kicks the ball back over the scoring pockets.

One or two players may participate, with six balls being allotted to each player. The game ends upon the completion of six frames per player. There is one ball per player per frame.

Scoring Features

Additional scores of 40 are obtainable by completing extra five-in-lines vertically, horizontally and/or diagonally. A free ball is built into the center pocket to increase scoring opportunities and enable players to employ a variety of systems to compete for in-line and high scoring.

Operating features of the Roll-a-Line include a picture-frame glass backdoor which swings open for easy inspection or replacement of light bulbs, and a laminated plastic playfield that resists wear.

The game is also available as Keeno-Ball with the match feature. Paul Huebsch, vice-president of J. H. Keeney & Company, reports that the new unit has been producing substantial earnings on long location tests.

petitive two-player action, and several scoring features designed to get more play.

Incorporated in the game is a new advancing value bonus with the super Mystery Score section. There are five places on the game to get bonus and mystery scores. Featured also are top rollovers which score up to 50 points, side rollovers for target values and three pop bumpers for high score.

The playing surface is made of the new, hard-cote finish which extends playboard life.

N. Y. Coinmen

Both Littleford and Orleck are being cited for their editorial support of UJA and for the efforts expended by the two trade papers on behalf of the Coin Machine Division campaigns.

Several State and municipal officials, among them Louis J. Lefkowitz, New York State Attorney General, are expected to attend the affair.

Norma Rivers, Vassar recording artist, who was expected to appear, will not attend due to illness.

BOB BEAR, Wurlitzer sales manager, shows the development of the firm's product from the original 10-record P-10 of 1933 to the current Model 2600. The only connection the two young ladies in the picture have with the subject is that they were born before the P-10 went into production.

WURLITZER EMPLOYEES gathered last week to celebrate the firm's 500,000th juke box, which came off the lines May 25. Shown at the end of the assembly line are, left to right: Fanny R. Wurlitzer, chairman of the board; Harold D. Hutchinson, superintendent of final assembly; Fred H. Osborne, director of phonograph engineering; Joseph B. Bors, superintendent of electrical assembly, and Roy F. Waltemade, vice-president.

Mid-South Patrons Can't Stop Loving That Charles Record

By ELTON WHISENHUNT

MEMPHIS—"I Can't Stop Loving You" by Ray Charles on ABC-Paramount is the No. 1 juke box number in Memphis and the Mid-South, a spot check survey of operators by Billboard Music Week last week disclosed.

Paul Mauceli, Paul's Novelty Company, Greenville, Miss., said the tune is clicking the meter on his juke boxes in the No. 1 spot.

Two other disks breaking well in the area are "Arkansas Twist" by Bobby Lee Trammell on the Alley label, and "Having a Party," backed with "Bring It Home to Me," by Sam Cooke on RCA.

Drew Canale, Canale Enterprises, Inc., said Charles' number is doing the best business for him, and the other two "are also playing real well."

John Dowdy, Ole Miss Music Company, Pontotoc, Miss., also reported that "I Can't Stop Loving You" has climbed to the top of his popularity meter in the past week, and "Arkansas Twist" and "Having a Party" are climbing fast, getting the best play for new records he has put out.

Charles Keene, Keene Amusement Company, Union City, Tenn., said the other side of Cooke's record, "Bring It Home to Me," is about his best now, with the other two disks running neck and neck.

Frank Berretta, partner in Popular Tunes Record Shop, one-stop which sells to all operators in Memphis and the Mid-South, said the Charles record is No. 1 and the three together are selling more to operators than any other platters now.

CINCINNATI NOTES

The Automatic Phonograph Owners Association discussed the validity of contracts at its recent monthly meeting.

Sam Chester, Diamond Vending Company, has returned from Vandalia, Ohio, where he bought an Arabian horse. . . . Joe Westerhaus, Pioneer Vending, back from Chicago, where he attended the MOA convention. Clint Shockey and Jack Pierce, also associated with Pioneer Vending, attended, as did Harold Hoffman, Royal Distributing.

Mrs. Myrtle Bigner, wife of Ray Bigner, Bigner Music Company, who has been confined in St. Francis Hospital for the past six weeks, has returned to her home where she will be convalescing for the next few weeks.

Charles Kanter, Ace Sales Company, moved his place of business from McMicken Avenue, to 1714 Vine Street. . . . Lawrence A. Kane Jr., legal counsel for the association, will move his offices from the Tri-State Building to the Carew Tower on June 1. Elinor Batte

OUT MINNESOTA WAY

Vending machines continue to be the chief target of burglars in St. Paul. On a recent weekend they pried open a number of them and escaped with an undetermined amount of cash. Three vending machines were forced open at the Industrial Steel Company, 1177 Como Avenue, by burglars who forced a side door to gain entrance. Four machines were opened at Hetfield-Queenan, Inc., automobile dealer at 1013 University Avenue. At Kobb Rambler Company, 654 University Avenue, two machines were opened and the change removed. At the Twist Inn, 205 Forbes Street, a cigaret machine was robbed of coins. The Midwest Coin Service Company, 485 Selby Avenue, reported the theft of \$12 from a desk drawer.

Viking Vending, Minneapolis, has been conducting a series of schools the past few Monday nights on the operation of the Bally coffee machines. The school has been in charge of Freeman Woodhall, sales engineer for the Bally Seeburg Company. . . . Jim Warren is the new shipping clerk at All-Record Sales, Minneapolis one-stop.

Among operators in the Twin Cities recently were Harry and John Galop, Menominee, Wis.; Bun Mraz, Brainerd, Minn.; George Wohlers, Stillwater, Minn.; Jim Stansfield, Winona, Minn.; Joe Weber, Blue Earth, Minn.; Hank Krueger, Fairfax, Minn., and Jim Stolp, Greenwich, Minn.

Operators are slowly regaining some of the locations they lost as the result of buildings being torn down for the lower loop redevelopment project in Minneapolis as new bars and taverns relocate and reopen. . . . As the strike of The Minneapolis Star and Tribune went into its seventh week, some operators say that the strike has hurt their business downtown. They pointed out that it has kept people from coming into the downtown area.

Jack Karter of Midwest Novelty Company, St. Paul, is back from a business trip to Fort Smith, Ark., and also visited Little Rock and Hot Springs. He reports that he enjoyed the baths and the "Las Vegas" atmosphere there. Don Lyons

At least five new penny arcades are under construction or in the planning stage in Denver shopping centers, having proven an exceptionally profitable investment in these family-attracting areas. Walter Morris, Denver phonograph operator, started the ball rolling with a 30-machine unit in the West Alameda Shopping Center, near a brand-new discount-house department store. Bob Latimer

Both Gary Sinclair and Walt Poteet of Wurlitzer were in town recently to plan service schools for operators and their mechanics in the Denver-Colorado Springs-Pueblo area. . . . Diffused Stereo Speaker Sound Ups Denver Nitery's Phono Take

Continued from page 49

each side of a low divider which separates a slightly elevated table area from the dance floor and orchestra platform, two more on each side of a right-angle divider separating the bar proper from the dance floor and table-service section, two more on the rear wall of the table service area, another pair in the ceiling, and another pair just over the door, beaming their output to converge with the others in the center of the dance floor area.

Each of the speakers used is a custom-made one, built by Huber, an acknowledged bug on the subject, using his own baffles, a custom enclosure and top-quality CV speaker cones.

Balanced Tone

In engineering the system, Huber and Clark arranged for balanced tone and mixture no matter where a customer would be, making several changes before the final effective solution was determined.

Once the equipment was in, requiring about two weeks for installation and testing, the Trade Winds' young owners (Ron is 23, Bill 26) began on a real selling job.

Cocktail waitresses were instructed to mention the stereo music, and point out the obviously large

collection of speakers on the upper wall. The Trade Winds management even came out with a "stereo cocktail" advertised with tent cards on the tables.

Worth the Trouble

A look at the books shows that the extra time and effort which went into engineering this stereo system was more than worth while. During the first week after the installation, volume in the coin box went from \$98.95 to \$135.25. On the second week, volume was \$1.15 less. Since then, collections have averaged between \$132 and \$136 per week, despite the fact that there is only seven hours of playing time a day.

It isn't unusual, according to the Simeon brothers, for a customer to load up the accumulator section of the juke box, punching only stereo music-menu listings, which are separately identified in red on the selection boards.

"Much of the time the customer isn't familiar with the selection at all, but so long as it is in stereo, he wants to hear it," Bill Simeon said. "Although there has been plenty of publicity on stereo music of late, there are still far more people who do not understand the principle, and who have never consciously listened to it before. Telling them that they now had the opportunity is our best sales asset," he concluded.

Chalk One Up for Joe: He Saved Cues' Lives

MILWAUKEE—Joe Pelligrino, partner in the P&P Distributing Company here, has turned a liability into an asset. P&P had been going for a bundle replacing pool cues on its locations.

In desperation, Pelligrino, a skilled wood worker, decided to make his own racks. These racks not only go into the firm's own locations, but a substantial number

of them are sold to other operators at \$3.50 each.

According to Pelligrino, pool cue replacements have been a steady drain on company profits. "Most people are careless with the pool cues when they play with them in tavern locations," he said.

"They neglect to slide them into the protective slots in the tables when they finish their games. This

lack of consideration on the player's part is responsible for most of the cue damage we suffer. In addition, pool cues protruding from the tables while not in use are an accident hazard. If a location has available wall space near a pool game, our men are instructed to ask for permission to install a cue rack. Wherever we have installed our racks, the costs of cue replacements have dropped."

The racks are built to hold six cues, though most games carry only four. He built them originally of basswood, but his plans now call for using birch or maple—woods that can take a more attractive finish.
