## Humankind Is Available Now

If you could re-write the narrative of human history, what story would you shape?

It's been quite the journey since we announced HUMANKIND, the game of our dreams, and we're thrilled to finally announce that it's out now! To celebrate the launch, we've prepared an exquisite live-action launch trailer that fully encapsulates our vision of the infinite possibilities you'll encounter in Humankind.

To thank our players for their support and great feedback during development, we have also prepared an Early Adopters' bonus offer for one week after launch, until August 24th! Meaning there's still a chance to buy the Digital Deluxe Edition with all the pre-order content including, Boudicca, Lucy & Edgar Allan Poe avatars and Celtic player profile decorations & symbols set.

And while today may be release day, it's also just the beginning: we intend to fully support the game for years to come and will be continuing to listen to our players, who have helped us to make this the game that it is! Keep an eye on our Twitter, Facebook, Instagram and YouTube channels for more details about future updates and events.

We hope you enjoy,

- The Amplitudeam
