YOUR PLEDGE

There are still some who have overlooked the tremendous importance of the pledge to donate machines to the armed services. Remember that this is one good deed that will react with tremendous benefit to you and to all this industry for years to come.

Perhaps you would like to talk this over on a cold turkey business basis. You may be a careful, calculating business man who wants to know what you get in return for every dime you invest. (In the case of this pledge to the armed services we hate to have to discuss it as cold turkey business with you.) Yet, there are all sorts of men in this world. And sometimes it is necessary, so that some men can and will better themselves, to actually force the needed medicine down their throats. I know a great many men who are tremendously successful in this business today who are only in this industry because some high pressured salesman actually pushed them into it. Sure they were mad - at first. But they have since forgotten all about it and some have, believe me, come to think that it was their own judgment that led them into this business.

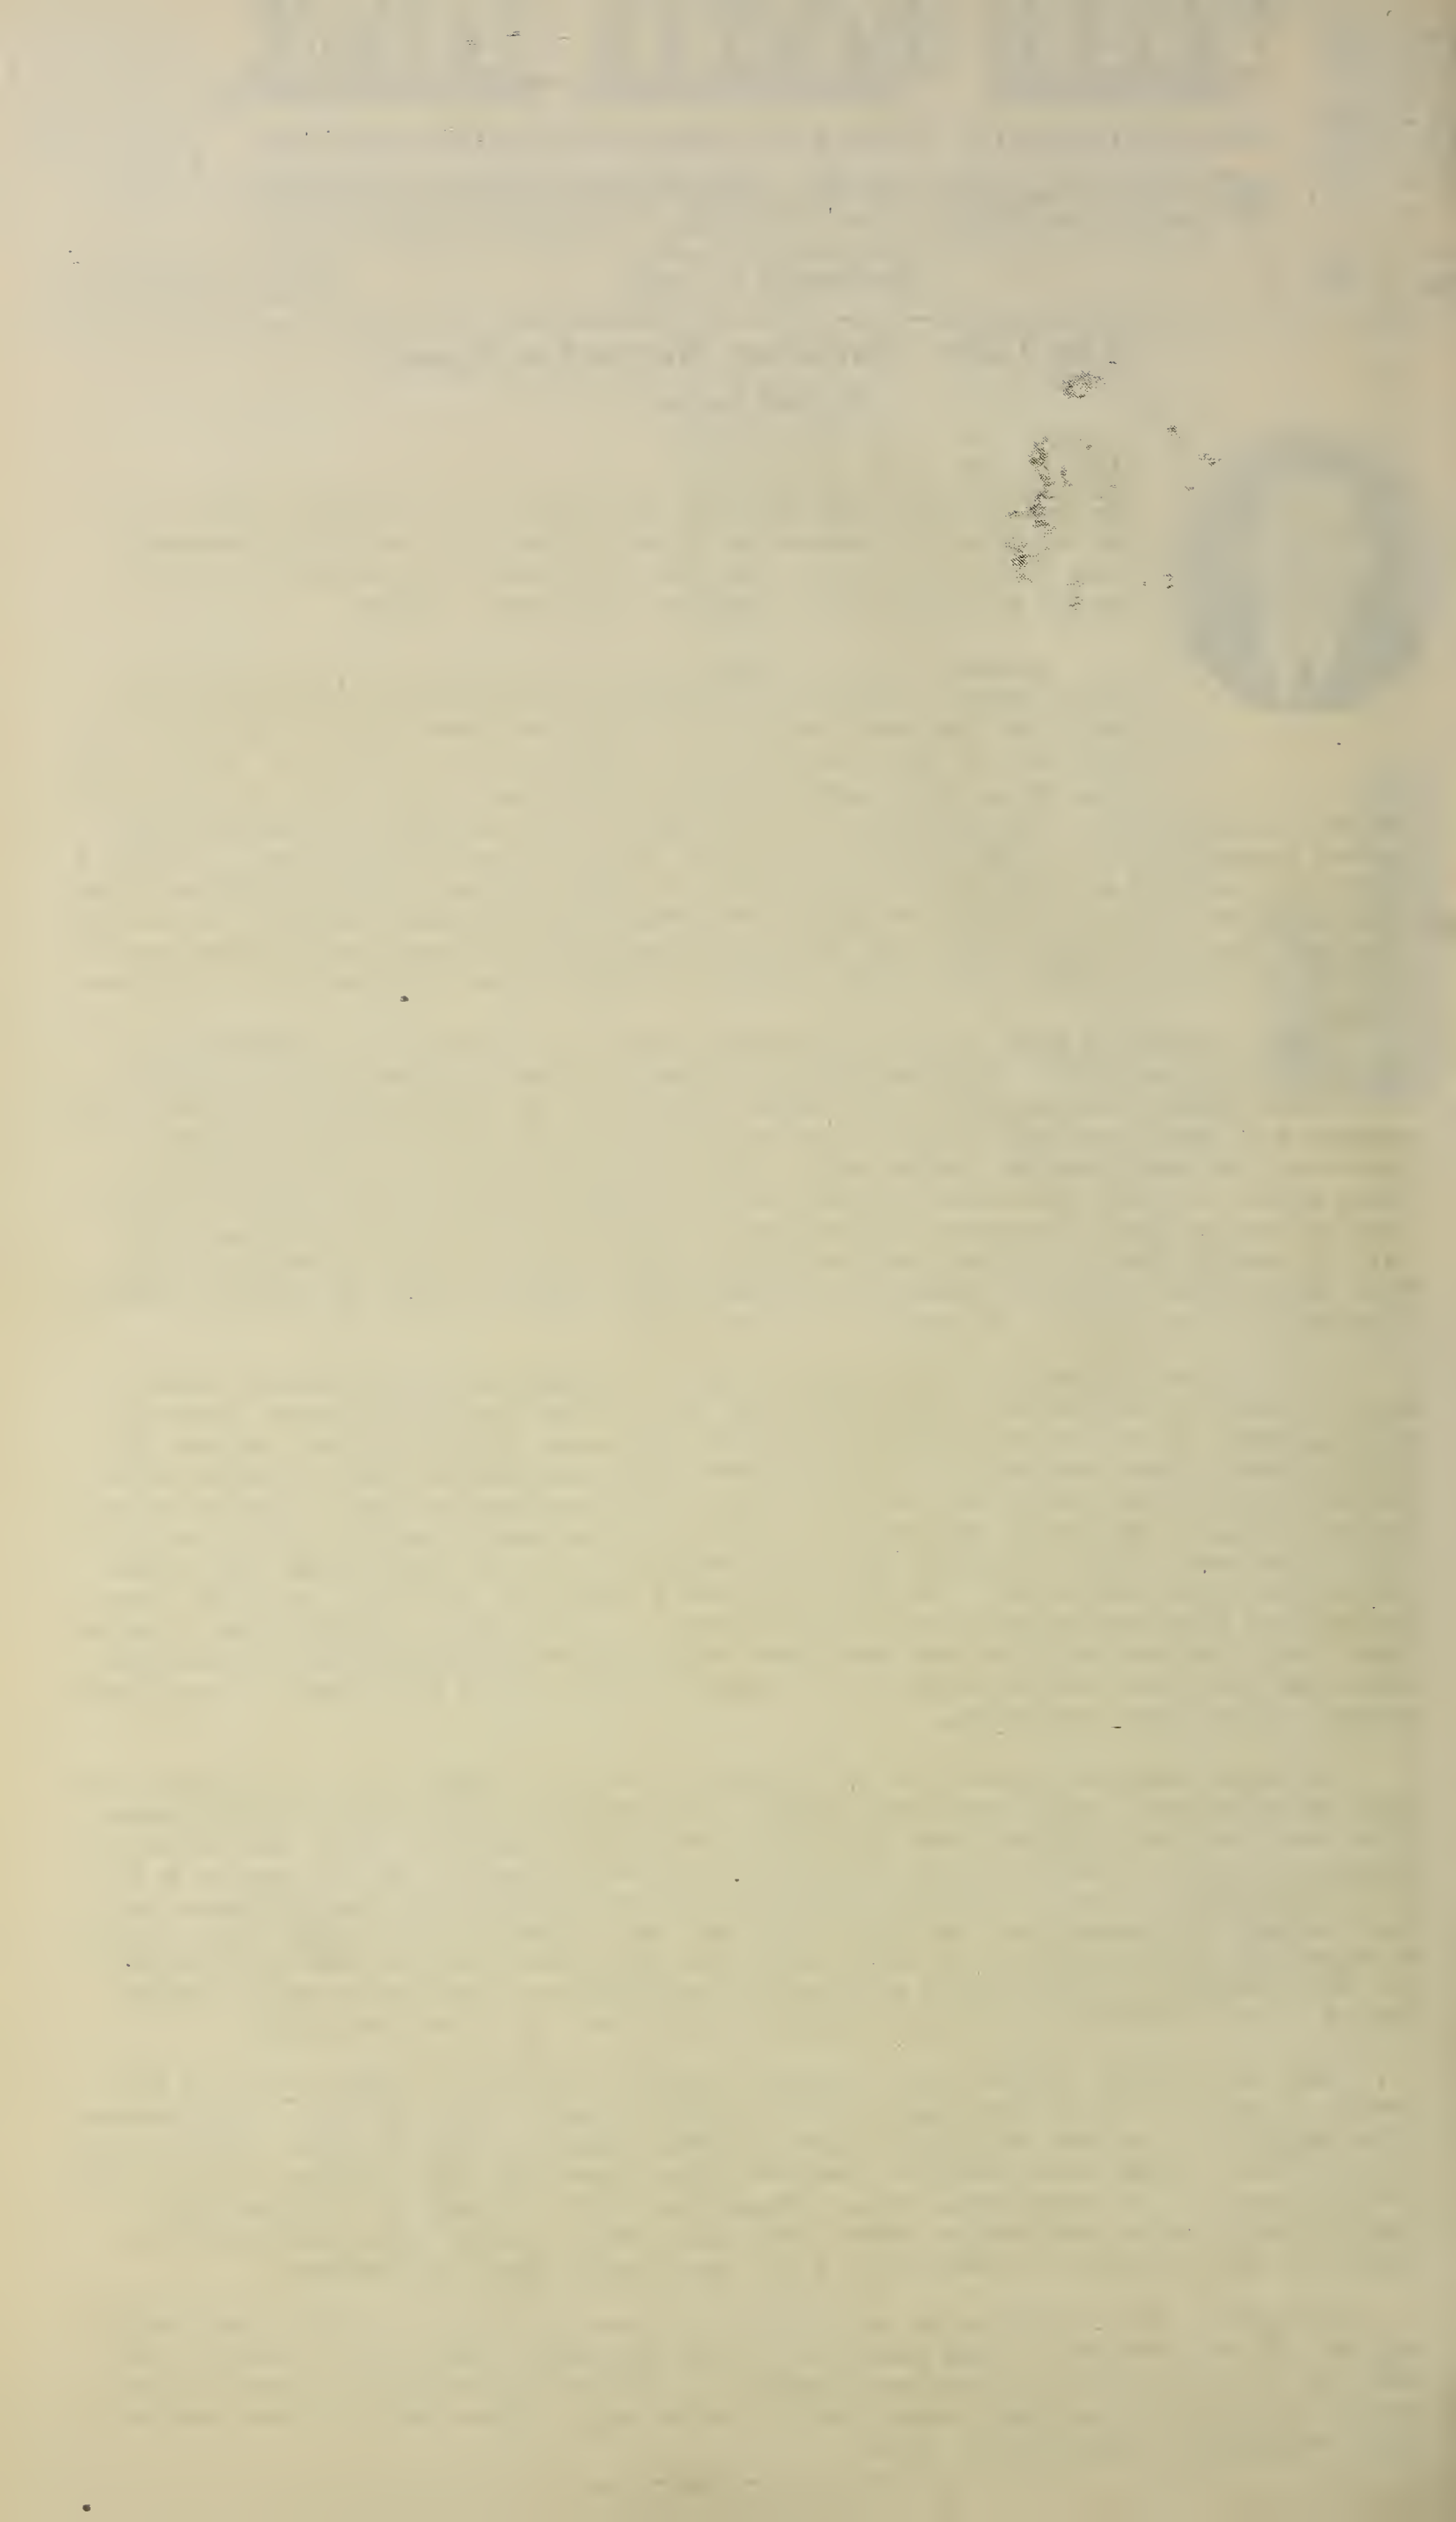

Well, let's get back to our cold business reasons on why the few remaining men who haven't as yet should sign the pledge to donate a game or phono or gun or some other coin operated instrument to the armed forces for the entertainment of those kids who are out there battling for you - and me - and all this grand nation. Remember these are the kids that are coming back. That are probably, the 10 million or so of them, going to become the most prominent and powerful political party in all the history of this nation. These are the fathers of tomorrow. These are the fathers who will be guiding their children tomorrow in what they think is right or wrong. They will either look upon your equipment with much more tolerance than the present generation has, or are going to do away with it entirely.

This future generation of voters and public officials are the kids over there whom you want on your side. Well, let's get them on our side. Let's show them that this industry is not the "slot machine racket" that some of their fathers called it. Let's prove to them once and for all that when they were almost bored to desperation, and when there wasn't anything else for them to do, somewhere up there in Attu, or on Bougainville, or in Sicily, or China, or Africa, or the many other far flung fronts of this global war - that, by golly, some coin machines guy from these good, old United States did think about them. And did send them a game or a juke box. And that this entertained them hour after hour for the duration. I feel sure you will agree with me that these kids are going to come back here with a better understanding and more respect for coin operated instruments. The machines that kept a great many of them from actually going nuts over there.

And what about all those kids in hospitals scattered thruout this country and the rest of the world? Sure, what about them? Yes, they too, will remember that recreation room that your donated games and juke boxes helped build for them. And instead of clustering about in little groups, hating to go home because one arm is gone or a leg is off or a face is being rebuilt or some part of their body isn't there anymore, and just talking and moaning and smoking - they had that recreation room where they became so engrossed in the play of the juke box or the games, that for the time they forgot all about their scars and wounds and fears of going back to mother and dad - looking just a horrible hunk of the clean, wholesome kids they were when they left.

Yes, my friends, if it's cold business talk that you need - there it is. I ask anyone of you to try and beat that for bettering yourselves for tomorrow. I'll debate that subject with anyone in this industry. I know that you want to give. I feel that in my bones. I know that when you read our "Cointoons" and that "pledge" that you instantly wanted to do something. But, because you're in the sort of business where everything is helter-skelter and where there just aren't enough hours in each day to help take care of what you have to do - you just plain forgot to remember.

And that's why I'm recalling all this to you now. And trying to tell you that away out there somewhere is some sweet kid - from your home town - who is going to be thrilled and who is going to triumph over a lot of sores and wounds and mental depression - by the games and juke boxes that you donate now. Please do sign that pledge. This very minute. And mail it to me.

"The Coin Machines Merry-Go-Round"

TAXATION

The Arcade Owners Assn. who are striving for more equitable taxation were again called to Washington this past week. This time to appear before the Senate Finance Committee. (The last time they appeared before the House Ways & Means Committee and were granted an audience. They spoke their piece. No answers were given them. They left the room. Finis.) And the same thing just happened again before the Senate Finance Committee.

But, the work of this small organization shouldn't be allowed to halt. It should, instead, be encouraged. They are, after all, fighting a national and not just a local battle. The few members they have, and this publication is one of them, have been paying to get something done which will benefit every arcade owner in the nation. The fact that the seasonal arcade, the arcade that is only open during the few short summer months, is paying the same price for its Federal licenses as the all year 'round arcade is naturally, to say the very least, unfair.

There is no earthly reason why an arcade which does business for only 3 months should be forced to pay for 12 months of license. This is not only true of the arcade owner but also of the average operator and many of his locations. We heard from as far away as Reno, Nevada, the other week, from one of the leading coinmen there, that he has paid as many as 3 Federal licenses for one location. The interpretation of this tax law as well as the tax itself, is absolutely inequitable.

Taxation is getting to be the big problem that every business man in every industry is now discussing with his organization heads. Business men realize that free enterprise can be most completely stifled and kept under the control of politicians when taxation becomes inequitable. This is something which may not affect you as yet - in the way that it has already affected some others in this business - but, it will eventually reach into your pockets, too. And then you're going to get mad. But, my friends, it will be much too late to get much mad at that time.

The post war era gives promise of being one of the grandest and greatest and most prosperous in the history of this coin operated machines industry. We must therefore all the more carefully watch all outside factors so that they do not stifle the life out of this business before we can get going again. What good would the most prosperous era be if we find that the resultant earnings, after all taxes are paid, leave us just where we started - with lots of wood and metal on our hands - and no cash with which to continue?

What to do about it? Well, that's up to you. You're a business man. You've been rather successful during these war years. You're trying to get ahead and improve yourself, or aren't you? If you are and if you feel that these taxes which all business is now getting pretty much mad about are going to actually force you out of any possible future growth - then it is up to you to get all the men in your territory together and call a meeting. Ask from among these men - who, too, are feeling this thing as much as you are, whether a delegate shouldn't be appointed and have your delegate meet with others from thruout the nation. A national meet of this character for the delegates only can be called which should then result in the appointment of legal heads with the proper tax experience right in Washington to keep you from being taxed out of business now, and especially for the great future to come.

This is something that you should have done long ago. The Cash Box has been appealing to you for sometime. Our articles were shown to a prominent attorney in Washington, D.C., by one of our subscribers there and this attorney suggested we contact him. We haven't as yet. We feel that anything of this sort is most definitely up to you. What are you going to do about it?

30%

About a year ago The Cash Box proposed that the average location be first cut to 40% commission. And that this eventually be cut down to 30%. These that heeded us are enjoying the greatest profit era in their history in this industry. In one entire territory in Michigan the location's share is now 40%. These men are tremendously happy over this arrangement. For the first time they are actually seeing profits from spots where they formerly just broke even.

Now we urge that you do down to 30%. Once again, as in the past, we suggest that you call together everyone of the coinmen in your territory and have them work this method out to the complete satisfaction of all concerned. And no chiseling. Remember, tho, that there are locations where a 50-50 split is still okay. These are the better, the unusual, spots. The average spot, because of your greatly increased overhead, which today is far more than the 20% you are now asked to cut, cannot pay you the way that it should unless you are on a 30-70 basis.

Remember, too, that this isn't the hardest thing to do at this time. The retailers thruout the nation are hiking up their service costs and so are the wholesalers and all others. Retailers are paying more than they ever did for the same merchandise. They expect that you, too, must have more to continue on a profitable basis. They cannot argue this fact at this time, whereas in normal times they could challenge your every argument.

"The Coin Machines Merry-Go-Round"

By Bill Gersh

This is therefore a most opportune moment for you to get down to 30% commission to your average locations and assure yourself not only a better take for today but certainly for tomorrow when, you must realize, that new equipment will have a more continuous flowing turnover and you will be investing a lot more each week for new machines. Believe me, when this war is over, you'll be very, very happy about that extra 20%. It will be the difference between profit and loss.

HONORABLE MENTION

To John Bilotta of Eastern Sales Company, Rochester, N.Y. for his great and good aid to the war effort. This Honorable Mention Award will reach Johnny at his Naval base where he is now in training for Uncle Sam's Navy. Johnny established a record in his home town with the number of free smokes he sent to the boys overseas as well as with the number and amount of War Bonds he purchased, aside from the many other things he has done and is still doing, even tho in Navy uniform, to benefit all the armed services.

To Lance J. Morton of A. Benetti Novelty Company, Reno, Nev., for the tremendously swell job he has done for the U.S.O. He has not only already given a very large number of machines away free but continues to give more games as well as his services to his community for any necessary help to the nation's armed forces.

MIAMI MEETING

The enthusiastic response to the Second Wartime Conference really began to make itself apparent this past week. We received quite a number of visitors, phone calls and letters. All relative to the fact that these men were tremendously pleased and impressed with the gathering in Chicago. And all asked that another such gathering, if even on a smaller basis, be arranged sometime this January or February in Miami.

As is well known, Miami becomes more or less a meeting ground for many of the Eastern as well as the Midwestern coinmen during the January and February snowy months. These men have the opportunity, while enjoying all the pleasures of that sunny southern clime, to talk over their business. "But", as one of these men stated, "here is a real opportunity for a lot of us to get together and once again enjoy ourselves just as much as we did in Chicago, not to speak of the great business we did with each other."

This would be much to our liking and we feel sure - much to yours, too. But, having gone thru one very expensive and hectic such week in Chicago - The Cash Box feels that perhaps we should leave this gathering to those who are so interested in it. We believe, further, that this Second Wartime Conference which was asked of us by the industry's leaders who attended the First Wartime Conference and to which we responded as gallantly as we possibly could, should not be forced upon us again. Believe me, when I tell you, this is one really tough thing to arrange. To sweat and worry about and to spend lavishly on. To try and make each and everyone who attends happy.

LAST WEEK'S "COINTOON"

We were tremendously flattered and greatly honored this past week by the number of phone calls, wires and letters we received complimenting us on the "Cointoon" which appeared on this past week's (Dec. 14) issue. We have been told by a great many that they are going to frame this "Cointoon" for their showrooms and they have, therefore, requested additional copies. So many requests arrived that we have made a special printing of this Dec. 14th "Cointoon". Therefore if you, too, had the same idea about framing that "Cointoon" and now find that your copy is smudged from handling, we shall be happy to mail you an extra copy without charge.

We also want to take this opportunity to publicly thank each of you who wrote and wired us such splendid compliments. Rest assured that as long as you continue to give us the ads that we need to support the growth of The Cash Box we shall make it our business to continue to give it back to you with such effort and in many other ways, too.

COLLECTION DONATION

We are still awaiting for a more complete and wholehearted response from all coinmen thruout the country to donate part or all of an entire week's proceeds from their equipment to Army and Navy relief. We believe that such a donation, especially right before Xmas, well publicized by pasters and posters on the machines and by ads in the local newspapers, will mean a great deal in creating the necessary good will, commendation, prestige and respect for your business in your community and for this industry nationally as a whole.

Don't let this opportunity get by you. We stand ready to help you arrange your campaign. We shall not only give of our own efforts but will also attempt to get the highest Army and Navy officials in your community to work with you. Whatever the amount of the collections we feel sure that these men from our nation's armed forces will more than appreciate them. Act now to gain the recognition you need - for tomorrow.

BALLY GALLERY OF FAMOUS AMERICAN GAMES: FIRST OF A SERIES

BRING BACK
THOSE BALMY
BALLY BUMPER
DAYS!

"Bally" engineers are building battle equipment today. But they are also salting away plenty of ideas for post-war equipment . . . ideas that utilize the marvelous new electronic principles developed by war-time technology . . . games that will bring back the balmy days of "Bally" Bumper . . . venders that will open a vast new field of opportunity to operators.

You can help speed the day of victory and hasten America's return to peace and prosperity . . . to the Ballyhoos and Bumpers of the future. Back the attack! Buy U. S. War Bonds and Stamps today, tomorrow and every day—10 per cent plus!

AMERICAN FIGHTERS . . . men of the free, fun-loving breed for whom "Bally" games were created . . . are now blasting the enemy out of the sea and the sky with the aid of war-products manufactured by men and women of the "Bally" plant. Today the only task of the "Bally" organization is to help the Army and Navy fight for America's "life and liberty." But, when America turns again to "the pursuit of happiness," bank on "Bally" games and venders to be in the forefront of post-war prosperity.

NOTICE

MARCH, 1942, MARKET PRICES APPEARED IN THE SEPTEMBER 7, 1943 ISSUE.

PRICES LISTED ARE CURRENT WEEK'S MARKET PRICES.

IMPORTANT

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the week; Where only one price appears this should be considered lowest price.

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for each week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price for the week, retain the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

6—Means no prices quoted for this machine for past two weeks.

7—Means no prices quoted for this machine for past three weeks.

8—Means no prices quoted for this machine for past four weeks or longer.

SOME BIG HEARTED EASTERN

COIN MACHINES MEN

The Third Naval District which has charge of the Port of New York and supplies all ships entering this area, many ships at sea and foreign stations, is very much in need of recreation equipment of all types to keep up the spirits and maintain the morale of the boys sailing the icy Atlantic at this time.

If you desire to make your donation directly — CONTACT: Ensign Albert N. Abajian, Third Naval District, Rm. 1303, 90 Church St., New York City (Phone: REctor 2-9100, Extensions 223, 224, 240) or you can fill out the "pledge" which appeared in our past issues and mail directly to us and we shall arrange for your donations.

This is the finest Xmas gift you can give our armed services. A gift that is most sincerely appreciated by your great U. S. Navy.
