

THE CASH BOX

VOLUME 12 NUMBER 11

DECEMBER 9, 1950

Phil Harris looks mighty curious as he gets his first glimpse of "The Thing". Shipped from New York by Victor A & R Director, Charles Green, creator of that amazing thing, the box was transported under armored guard to the airport and then flown by TWA to Hollywood in a sealed plane. Waiting at the west coast terminal, prepared to brave whatever arrived, were (left to right), Henri Rene, A & R man for Victor, Phil Harris, and Bill Bullock, Field Sales Manager of the western region. No one who saw "The Thing" is telling what it is but there's a malicious rumor going about the country that Phil has been trying to get rid of a box containing _____.

Listen fellas

**When Wurlitzer introduced the Model 1250, we told you
it was the most versatile phonograph on the market.**

That's what it is!

Today you can't buy another phonograph that plays 48 tunes from 24 records, or 48 hit tunes, back to back, without any modification. It is the only juke box

that will play any make or speed in the new seven-inch records. No other gives you six musical classifications. No other has such variety of coin set-ups.

And that isn't all either. The 1250 doesn't obsolete your present remote units. Wall boxes will play the 24 topside tunes without any change—or—all 48 tunes with only slight changes.

By any and all standards, it's the newest phonograph on the market—honestly and fairly priced. It's the operator's phonograph—built for you. Look at what you get for what you pay. You can't miss this conclusion. The Wurlitzer Model 1250 is the Number One Phonograph *today!*

Ed. Wurlitzer
GENERAL SALES MANAGER

THE RUDOLPH WURLITZER COMPANY, NORTH TONAWANDA, NEW YORK

PLEASE PLAY ONLY

10c

IN THIS MACHINE

Cut out the above sign. Paste on heavy cardboard. Place on one of your phonos or pinball games. Test 10¢ play!

Learn whether the public will continue to play in goodly number even after you have blocked off the 5¢ coin chute on your juke boxes or have changed each F. P. from 5¢ to 10¢.

For over seven years *The Cash Box* has called attention to growing inflation. Each week the nation's leading economists explain that the inflationary trend grows worse.

The Cash Box has pointed out that even the little shoe-shine boy who dragged his little box about with a big 5¢ sign painted on it, now asks at least 10¢ per shine. Many get 15¢, and even more.

That favorite morning cup of coffee has been changed to 10¢ and few, if any, ever squawked about it. Today, it's as well accepted as it ever was.

The entire beverage business is losing money only because a few leaders still want to continue at 5¢ per bottle. The wholesalers and retailers will

not hold to the nickel. Whether the large companies like it or not, many have changed to 10¢ per bottle. In fact, the retailers of the State of Louisiana in open vote, went to 10¢ per bottle.

Everywhere, everything that the human being wants and requires, is being driven up by inflation. And with money going out in greater gobs than ever before, regardless of higher taxes and credit curbs, inflation continues to run rampant.

Therefore, a great many ops who continue on 5¢ play, find themselves caught short. They just can't make the grade, they depart. They can't continue to endure tremendously increased overhead expense, higher labor charges, greater supplies and parts costs, higher equipment prices, and still continue with the nickel. 10¢ amusement play. 10¢ phonograph play.

Make your own test of 10¢ play, before you decide. Let us know after your first week just what the results were. This will help all in the industry to decide, too, whether the time has, at long last, arrived for a change to 10¢ play.

ADVERTISING RATES on request. All advertising closes Friday at 12 Noon preceding week of issue.

SUBSCRIPTION RATES \$15 per year anywhere in the U.S.A. Special listing for jobbers and distributors at \$48 per year includes 40 word classified advertisement each week for an entire year (52 weeks) plus the full year's subscription free of charge. Airmail, First Class, as well as Special Delivery subscription rates on request. Subscription rates for all foreign countries on request. Three weeks advance notice required for change of address.

THE CASH BOX covers the coin operated machines industry, and all allied to this industry in any fashion whatsoever, throughout the United States, Canada, Central and South America, Africa, Japan, Hawaii, Philippine Islands, and other Asiatic and Pacific countries, as well as certain European nations. *The Cash Box* is on hand at various American consular offices throughout the world. This coverage includes operators, jobbers, distributors and manufacturers and all allied to:—automatic coin operated music equipment; automatic coin operated vending and service machines; as well as coin operated amusement equipment; in all divisions. The music and record fields, recording artists, publishers of music, disc jockeys, radio stations, and all others in any fashion identified with, or allied to, the coin operated music machines industry are completely covered. Manufacturers and distributors

of various merchandise, parts, supplies, components and all materials used in the coin operated vending, music and amusement fields are covered by *The Cash Box*. Banks, finance firms, loan organizations and other financial institutions, expressly interested in the financing of coin operated machines of all types, are covered by *The Cash Box*.

THE CASH BOX IS RECOGNIZED by various associations of coin machine operators throughout the United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"

"*The Confidential Price Lists*" are the one and only officially recognized price guide of all new and used machines in the United States. "*The Confidential Price Lists*" are an exclusive, copyrighted feature of *The Cash Box*. "*The Confidential Price Lists*" report each week's low and high prices for all new and used coin operated machines, regardless of age, listing all market changes, and continually adding on all the new equipment as this equipment is announced to the industry. "*The Confidential Price Lists*" are recognized by many cities and states throughout the country as the "official price book of the coin operated machines industry". They are an integral part of *The Cash Box* and appear in each week's issue. "*The Confidential Price Lists*" are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposes. "*The Confidential Price Lists*" are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts throughout the United States and Canada. "*The Confidential Price Lists*" have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in "*The Confidential Price Lists*".

COIN MACHINE PRODUCTION ENDED!

If that headline were to appear in your newspaper today, would you be ready for it?

If, suddenly, the Federal Government called a halt to production of all coin machines, have you what you need?

Have you enough equipment to carry on for the next three, four, five, or even more, years?

This is serious! More serious than a lot of people now engaged in this industry believe.

The Government of these United States may call a halt in production, and soon, to a lot of items.

Items that are used in the daily lives of millions of peoples.

The defense effort is going all out.

Washington is getting tough.

Aside from just halting many manufacturers from producing what they have been for some years now, at least since the end of World War II, Uncle Sam may even turn about and call for "labor drafts" in many communities.

He will tax harder and deeper and more hurting than ever before. To siphon off inflationary monies from the general public.

It is a well known fact that the average American may soon pay 21 cents out of every dollar he earns to the Treasury Department if increased income tax plans are passed. And that isn't anything compared to what those people in the higher brackets will pay to Uncle Sam's treasury.

The time has come, as one tough control order after another emanates from Washington, when operators, jobbers and distributors had best WAKE UP.

And wake up fast.

The manufacturers will be producing war materials before a lot of guys in this business know what hit them.

They may read a headline like the above in their daily newspaper and almost fall off their nice, big, comfortable, easy chairs.

If nothing else will wake up the members of this industry, then they should arrange to get to their nearest Government office and

read some of the control reports that are coming from Washington, to hold up and to kill new equipment production.

The time has arrived when the operators, jobbers and distributors of this industry, at least those who want to continue earning their bread-and-butter in this business, had best prepare themselves for the kind of headline that is emblazoned in red on this page.

That goes for all divisions of this industry.

That goes for everyone engaged in this business.

Everyone must prepare. What's more, prepare fast. There just isn't any time left to dilly-dally around. No one can nonchalantly think that everyone else, but the men in this business will be cut down.

Certainly autos and refrigerators, irons and toasters, and other daily necessities, are important.

Well, they're being chopped down so low in production that, if the average man engaged in this business knew the figure of cut-down, he'd rush like mad to get himself set with whatever he could buy right this very minute, at any factory in the country.

What's more, this time it won't just be for a short duration. This time it's for a long, long pull. So long that Washington's experts don't even dare make any predictions openly.

They're afraid the public will scare itself to certain defeatism if they did.

It may go on for years, one expert stated. It'll run thru '51, '52, '53 and, very surely, '54 and '55, another expert said.

That's a long, long time to be without new machines.

This is not the time to hesitate.

This is not the time to "wonder whether I should or shouldn't buy?"

This is the time to BUY.

To prepare.

To be sure of bread-and-butter.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"THE LITTLE WHITE DUCK"
(2:25)

"THERE'S A LITTLE WHITE
HOUSE" (2:20)

BURL IVES
(Columbia 39066; 6917)

● Two light hearted novelties are put forth here by Burl Ives. The upper level is a winning number which impresses you with its simplicity. Percy Faith and his orchestra help Ives make it sound sweet. Flip is another cute item in easy style in which Norman Leyden's orchestra does the backing. Top deck has a good chance of catching on.

"LET IT SNOW, LET IT SNOW,
LET IT SNOW" (2:35)

"REMEMBER ME IN YOUR
DREAMS" (2:35)

FRANK SINATRA
(Columbia 39069; 6924)

● Frank Sinatra's Xmas entry is an oldie which still sounds good. Axel Stordahl and a good chorus embellish the arrangement and make Frankie's vocalizing even better. Second half is a new ballad on which the Whipoor-wills help out. Ops will want to hear this because Frankie's fans will lap it up.

"POWDER BLUE" (3:12)

"I'M AFRAID TO LOVE YOU"
(2:45)

FRANKIE CARLE ORCH.
(RCA Victor 20-3980; 47-3980)

● An instrumental arrangement featuring a piano solo brings Frankie Carle in to the limelight on the upper half of this platter. It's very slow and dreamy and shows Frankie in high form. The second side has a vocal by Joan House and, of course, the piano interlude. Both of these sides should do ok in the boxes.

"SMILE, SMILE, SMILE" (2:20)

"NARCISSUS" (2:56)

BOB DEWEY ORCH.
(RCA Victor 20-3981; 47-3981)

● A happy tune is given a satisfying rendition by Bob Dewey's orchestra and the Satisfiers. The singing group produce pleasant harmony on this side which alternates between swiny and smooth. The second half is an instrumental of the Duo Pianos and they go to town with an old melody. Each end has good possibilities for ops.

"TENNESSEE WALTZ" (3:05)

"THE THING" (2:30)

TOMMY TUCKER ORCH.
(MGM 10864; K10864)

● Two current high flying numbers are back on this Tommy Tucker release. Upper half is a waltz sung by Don Brown and the Trio which gets the proper feeling. Lower half is one more waxing of a tune which is heard anywhere at anytime. Although these aren't the most terrific recordings, they should hold their own with ops.

"I DON'T CARE" (2:15)

"THREE HANDED WOMAN" (2:26)

BENNY STRONG
(Capitol 1326; F-1326)

● Benny Strong has a couple of very catchy tunes here. Upper level is a jump number with a good beat on which he displays a pleasing voice. Lower side features a wonderfully clever lyric which could very well push this disk through. It has a lot of bounce and keeps you listening. Ops will want to hear this side. It's fun.

DISK OF THE WEEK

"USE YOUR IMAGINATION" (2:57)

"POSSIBILITIES" (2:45)

VIC DAMONE

(Mercury 5555; 5555 x 45)

VIC DAMONE

● Vic Damone has taken a winning ballad from Cole Porter's "Out Of This World," given it a wonderful rendition, and comes up with a disk that can't miss. This tune is one that can't help but go over big and Vic's vocal of it is by far the

best of the many platters already offered on it. Making it sound very smooth and easy he wends his way through the Porter music and lyrics with the confidence which sends it into the sure bet class. Ops are gonna be collecting nickels on this for some time to come for once you hear it, the melody lingers on and you want to hear it again. And with Harry Geller's orchestra providing just the proper background, it's grand to listen to again. Flip offers a novelty at a fast pace with a good bouncy arrangement. Again Vic does a fine job with the lyrics on a different type of tune which gives inspiration in an easy to take capsule. Top deck is a must for ops. This one will be in the machines for many months to come.

"BASIN STREET BLUES" (2:45)

"FLAMINGO" (3:01)

HERB JEFFRIES
(Mercury 5542)

● A reissue of a couple of Herb Jeffries' smash hits makes for exciting music again. The top side gets a magnificent arrangement and vocal rendition from Herb and his orchestra. It's due to be a hit all over again. Flip is another oldie given a similar treatment which means that it's gonna get those coins. Ops will be missing a big bet if they don't get with these.

"SHE'S JUST THE GIRL I LOVE"
(3:10)

"I'VE NEVER BEEN IN LOVE
BEFORE" (2:42)

BOB HAYMES
(King 15087)

● Bob Haymes, who shows a lot of promise, has two more numbers to offer. Both are ballads sung to the accompaniment of Dave Terry's orchestra. Bottom half, a tune from "Guys and Dolls" gets the better rendition and could very well turn out to be a hit. It's warm and easy and keeps you listening. This is one for ops to hear.

"WAYFARIN' STRANGER" (2:56)

"JUST A BABY'S PRAYER AT
TWILIGHT" (2:43)

VIC BELLAMY
(Asa 1010)

● Vic Bellamy, who has a rich voice, has a couple of slow numbers here which need the right locations. Both are very slow, sentimental items and the backing of the Celestial Strings, a small group, makes it a beautiful thing. Although it won't have universal appeal for juke boxes, it should do very well for those ops who have the proper places.

"THE PETITE WALTZ" (2:28)

"IF WE MET FOR THE FIRST
TIME" (2:46)

ANNE SHELTON and DICK JAMES
(London 839)

● Anne Shelton, Dick James, Roy Robertson's orchestra and Anton Karas and his zither all combine to turn out their version of "The Petite Waltz." The duet between Anne and Dick comes out well and the zither gives it an unusual touch. Flip has the singers going through a ballad with a lot of possibilities on which their full voices blend beautifully. This one has a lot of potential.

"SAINT FRANCIS CABRINI" (3:20)

"THE TEARS OF SAINT ANNE"
(3:17)

RUSS VINCENT
(Adam 1037)

● A couple of religious tunes crooned by Russ Vincent are put forward on this platter. Roy Shaffer's orchestra and the Ray Charles Choir do a good job on both sides. Neither side has too much commercial appeal for juke boxes, but ops with the proper spots might have a listen.

"THE NIGHT IS YOUNG" (2:56)

"ME AND MY SHADOW" (2:47)

BILL SNYDER ORCH.
(London 876; 876-45)

● Bill Snyder takes a couple of oldies and gives them a very listenable going over on this disk. Featuring Bill's exciting piano playing, these sides are good follow ups to his recent hits. On both ends he is accompanied by the full orchestra which makes the effect very rich. This one will be getting a lot of play.

"THE LOVEBUG ITCH" (2:29)

"ROCKY'S RAG" (2:00)

JOE "FINGERS" CARR
(Capitol 1311; F-1311)

● Joe "Fingers" Carr, he of the honky tonk piano, scratches out "The Lovebug Itch" on the upper level. The Carr-Hops provide the vocal with a hard driving harmony. The combination makes this a good bet for ops. Flip is an instrumental featuring some superb piano by Fingers. These oughta do very well in the boxes.

"THE NIGHT IS YOUNG" (2:28)

"ALL ANTHONY AND NO
CLEOPATRA" (2:57)

RAY ANTHONY ORCH.
(Capitol 1310; F-1310)

● An oldie, currently being revived, is given a going over here by Ray Anthony and the boys. Ronnie Deauville does the vocal and it comes through very smoothly. Second side features an instrumental in which Ray takes the lead on the trumpet. The number has a good beat and should be just right for his fans. Ops are advised to listen in.

"HONKY TONKY TEN CENT
DANCE" (2:38)

"YOU DYED YOUR HAIR
CHARTREUSE" (2:30)

GORDON MacRAE
(Capitol 1317; F-1317)

● A very low down number with a terrific bounce is bounced around on the top deck by Gordon MacRae and the Ewing Sisters. Frank DeVol and his orchestra provide the musical setting which adds to the appeal. Lower level offers a number in a similar vein, that is loud and low. Upper half gets the nod. It should draw in a lot of nickels.

"DANCING IN THE DARK" (3:00)

"MOLLY MALONE" (3:04)

MARY MAYO
(Capitol 1318; F-1318)

● Mary Mayo, a young girl with an excellent voice, comes up here with two sides done in different styles. Upper half is an oldie given an exciting arrangement which compliments Mary's lovely vocal. Second side is an old Irish ballad just perfect for her type of singing. These sides are fine waxings and should get a good play in the boxes.

BEST BETS

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- ★ "THE BEST THING FOR YOU".....Dinah Shore.....RCA Victor WOC-1
- ★ "BASIN STREET BLUES".....Herb Jeffries.....Mercury 5542
- ★ "IT WAS SO BEAUTIFUL".....Jo Stafford.....Capitol 1312; F-1312

ROUND THE WAX CIRCLE

NEW YORK:

Ray Anthony and his ork repeated their West Coast success at their Statler Hotel, N. Y. debut last Monday. The cream of the music trade turned out to hear some swell music. . . . Jimmy Wakely, just back from entertaining troops in Korea with Bob Hope, excitedly tells us how happy he is cutting pop tunes, with his release of, "Music By The Angels" and; "My Heart Cries For You." . . . Cy Kertman, new field man for the Eastern Division of Mercury, in town to aid distribs with sales. Al Hirsch of Malverne, local Mercury outfit, happy that Patti Page's "Tennessee Waltz" is breaking in the Harlem Hot Charts. Watch it break, but big, in the regional charts around the country. . . . On the heels of Jubilee's recording of "Who Kicked The Light Plug" (a Cash Box Best Bet Dec. 2) several recordings by major companies are scheduled with Betty Hutton as the first artist. . . . National Records and Dreyer Music have signed Paul Kalet for record promotion. . . . Leo Rogers and Milt Ross announce that Monte Bruce takes over as record promotion man for Robin Hood Records. Irving Shifrin, who formerly held the spot, was made Public Relations Director for the Long Beach Chamber of Commerce. . . . Evelyn Knight

does a one-night-stand in Washington December 8, at the Annual Bar Association dinner in honor of the Justices of the Supreme Court, at the Statler Hotel. . . . Alan Dale, who went on with his WABD-TV show last Tuesday night despite doctor's orders, passed out near the close of the show. Hal Tunis, veteran dj and announcer on the show, took over and finished up. . . . Arthur Seger of ASA Records, has appointed Alpha Distributors as Eastern Representative. . . . Irving Fields made musical director of the annual Pepsi Cola affair. . . . Tony Valentine, who won an Arthur Godfrey contest last year, has been signed by Abbey Records. . . . "I'm So Out Of Place In Your Arms" by George Nolan being sent to 1000 dj's by National. Ops are beginning to latch on. . . . Bernie Miller on the Prelude label, shows promise with a fine voice.

CHICAGO:

How long does it take a song to get going? Eddy Howard's, "To Think You've Chosen Me" (Disk-Of-The-Week, The Cash Box, Nov. 11), is starting to zoom ahead much faster than was expected. Eddy didn't look for any real action, he tells us, until after Jan. 1, due to the tons of Xmas songs now in the way. He recalls that, after waxing, "To Each His Own", it was dead for four months. Then suddenly came out of left field to click. Will this be the case with "Chosen"? . . . Benny Strong waxed one, Capitol execs here tell us, that should prove a sock novelty. "Three Handed Woman." Where's the third hand attached? Benny smiled, when asked the question. Hummed the lyrics to himself and then said, "Down under. But," he continued, "you'll have to hear the lyrics to get what I mean." So we're waiting. Completely intrigued. Phil Harris' dinking of "The Thing" jumped into the No. 1 spot in this man's town in less than three weeks. . . . Juke box ops again report, "Give us longer lasting records and keep 'em around two minutes playing time." . . . You're probably reading this after looking over the winners in the 5th Annual Poll exclusively conducted by The Cash Box, for the Automatic Music Industry of America. Remember, these are the artists and disks that proved "The Best Money-Makers of 1950." Juke box ops vote for "money-makers" only. Like the late Jack Kapp told us, "That's what we're interested in, too, 'money-makers'." Some of the oldtimers among the song publishers here told us just a few weeks ago, while looking over leaders in this 5th annual poll, "The juke box ops are right for our money." Let's hear what you think. . . . The Cash Box's Annual "Holiday Greetings" issue, most important of the year for everyone who has anything to do with recordings. This is one time during the year when the nation's juke box ops want to hear from you in a grand way.

LOS ANGELES:

It was a few weeks ago, before Phil Harris' "The Thing" became a thing, that Mary Solle of Leuenhagen's predicted it would be a thing. . . . So let's give Mary another crack at the crystal ball, with her advance report that the ops will be going mad for, "The Tatoed Lady," as done by Eddie McMullen for Abbey and distributed locally by Abe Diamond of Vita Records. . . . It's all about a gal with the map of the U. S. A. needlepointed all over her anatomy and, while it's not quite the way geography was taught us back in school, and some radio outlets will no doubt find a portion of the platter a trifle ticklish, it doesn't seem too rough for the boxes. . . . At any rate, we learned that two majors have been looking into its possibilities for their artists. . . . 'Twas a big day last week at Leuenhagen's, with Eddy Arnold dropping in to meet the ops, and Mary and the gang hiked over with him to Selma and Vine for an RCA-Victor dee-jay party for Phil (The Thing) Harris. . . . Of important note is Mary's report that the big demand by ops for 45 rpm discs is on. . . . Seems many of the boys are swinging over to the Wurlitzer 45, and the Williams' "Music Mite" is also expected to stimulate sale of the smaller platters. . . . Nice tie-in made by Dick King of Crown Records with the Ensenada Chamber of Commerce, whereby the C of C purchased 5000 copies of orkster-writer Larry Maddi's "Down Ensenada Wav" for promoting the romantic town. . . . Larry, who used to be Xavier Cugat's concertmaster, has also entered the candy business via Maddi's Patties. a la Cugat's Nougats. . . . Frankie Laine is packing 'em in at the Hotel Flamingo in Las Vegas, we're told by manager Sam Lutz, who, in between worrying about his ailing Mother, still managed to be his gracious and informative self, noting that Lawrence Welk and orchestra were at the Statler in Washington, D. C.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"MY HEART CRIES FOR YOU"
(3:12)

"THE ONE FINGER MELODY"
(3:17)

VICTOR YOUNG ORCH.
(Decca 27333; 9-27333)

● A tune that's being recorded all over the place is given another going over by Victor Young and the orch. Joe Gravdon and Louanne Hogan treat it to a duet which makes it sound real good. On the lower half, Joe goes it alone with a melody that's trying to break through. Both ends are good listening and should be heard by ops.

"LOVE IS A MASQUERADE" (2:32)

"IT WAS SO BEAUTIFUL" (3:18)

JO STAFFORD
(Capitol 1312; F-1312)

● Jo Stafford has a nice tune to work with on the top deck and she turns in her usual accomplished rendition with the help of Bill Case and his orchestra. On the lower side, there's one of Jo's best offerings in a long while in which she goes to town on a beautiful standard ballad. This one is a really fine job. It gets our nod.

"YOU'RE JUST IN LOVE" (2:52)

"IT'S A LOVELY DAY TODAY"
(2:42)

HARRY BABBITT and MARTHA TILTON
(Coral 60335; 9-60335)

● Two numbers from "Call Me Madam" provide Harry Babbitt and Martha Tilton with good duet material. Accompanied by George Cates and the orchestra, the pair put some nice feeling into the upper level song. The second side gets a bouncy rendition and is also pleasant to listen to. These sides will hold their own with all the other recordings of the "Call Me Madam" score.

"FROM THIS MOMENT ON" (2:52)

"MARGOT" (2:41)

GENE WILLIAMS ORCH.
(King 15090)

● Gene Williams comes up with a fast novelty on the top deck. Backed by his orchestra Gene does the vocal in good style. Lower half is a ballad in a very nostalgic vein. Gene's pleasant rendition makes it easy to take. The piano accompaniment on this side is one of the features. It deserves to be heard carefully by ops.

"THE BEST THINGS FOR YOU"
(3:35)

"MARRYING FOR LOVE" (3:40)

DINAH SHORE
(RCA Victor WOC-1)

● The best thing Dinah Shore has done in years is available to ops only on 45 rpm since it comes out of the "Call Me Madam" album. Outside of a couple of seconds of talk at the beginning of the disk, the ballad on the upper level equals anything Dinah has waxed. The flip has a duet between Paul Lukas and Dinah and while Dinah's solo is fine, this isn't geared for commercial use. Ops with 45 rpm machines have a sure bet in the top deck.

SLEEPER OF THE WEEK

"GET OUT THOSE OLD RECORDS" (2:44)

"MY HEART CRIES FOR YOU" (2:20)

AL MORGAN
(London 877; 877-45)

AL MORGAN

● An unusual novelty in a very nostalgic vein brings Al Morgan to the forefront with a platter which is destined to go places. Al reminisces about the wonderful old records we all used to know and it's the type of tune which brings back

one memory after another. Not only will juke box fans want to hear this one, but ops will find a lot of things to look back upon themselves. The Key-Tones provide Al with some excellent harmonizing which makes the disk sound even better. But the highlight is Jack Pleis' wonderful old-fashioned piano playing. This really gives the tune the proper atmosphere and gets you into the mood very quickly. On the other side the same group go through "My Heart Cries For You," a song that's already going strong and which is bound to be one of the biggest things of the season. Al Morgan and Jack Pleis display equally competent work on this side. Ops who want to get it on a good thing will be ordering this disk fast.

"I WANT A BOY FRIEND FOR CHRISTMAS" (2:45)

"UNDERNEATH THE MISTLETOE"
(2:53)

MICKEY CARTER
(Premium 101)

● A couple of seasonal novelties are offered here by Mickey Carter. Accompanied by the Riff-Tones, Mickey's sweet voice gets some good instrumental backing. Both sides are pleasant to listen to and should do fine in the coming month. Ops who are still in the market for Xmas material, should hear these sides.

"MY HEART CRIES FOR YOU"
(2:51)

"MUSIC BY THE ANGELS" (2:45)

JIMMY WAKELY
(Capitol 1328; F-1328)

● Both ends of Jimmy Wakely's new disk feature songs that are destined to be big hits. The first side is a beautiful folk-like ballad which is getting a lot of play while the second side is a driving number done in fast tempo by Jimmy. Les Baxter's chorus help out on each level and the net result is fine listening. Ops will do well with these.

"THE LITTLE WHITE DUCK"
(2:36)

"THE THING" (2:31)

DANNY KAYE
(Decca 27350; 9-27350)

● Danny Kaye has two novelties, both of them very cute. Upper level is a simple little ditty on which Danny does a wonderful job with the aid of the Ken Darby Singers. Lower half is another rendition of "The Thing" which is sweeping the country. Danny's version is a very spirited one and is sure to get its share of play. Ops should give this disk close attention.

"THE THING" (2:30)

"AUTUMN LEAVES" (3:10)

DAVID LeWINTER ORCH.
(Mercury 5548)

● Here's another version of "The Thing." This one is offered by David LeWinter's orchestra with Two Ton Baker doing the vocal and it keeps the question going in high gear. Flip is an instrumental of a lovely melody done in easy style. It's very soft and makes for easy listening. Ops should do well with this disk.

"THANKS, AMERICA" (2:26)

"FOREVER FAITHFUL" (2:15)

DANNY SCHOLL-NATIONAL QUARTET
(National 9122)

● A couple of patriotic numbers are given a rousing rendition here. Top deck is sung by Danny Scholl whose big voice makes this a very dramatic thing to hear. Lower half is sung by a chorus called the National Quartet backed up by Rodd Greene's orchestra. Both sides should be right for ops with the proper spots.

"SANTA SEND SOMEONE TO ME"
(2:50)

"BECAUSE, BECAUSE, BECAUSE HE'S SANTA CLAUS" (2:20)

GALLI SISTERS
(National 9133)

● Two more Xmas items enter the seasonal sweepstakes. Upper level is a ballad in the pleasing harmony of the Galli Sisters with Rodd Greene's orchestra in the background. Second side is a novelty with a cute set of lyrics which the girls let go with. Ops will find them good platters for the Xmas season.

"JINGLE BELLS" (2:54)

"TAVERN IN THE TOWN" (2:34)

FIREHOUSE FIVE PLUS TWO
(Good Time Jazz)

● The Firehouse Five Plus Two, that zany instrumental group, get going on this disk with a couple of oldies that will never sound the same. Giving them both a very raucous rendition (if you'll pardon the expression), the boys run through these numbers at break neck speed and make them sound like nothing you've ever heard before. Ops who listen in will know what we mean.

"THE THING" (2:45)

"AM I TO BLAME?" (2:54)

STEVE GIBSON'S RED CAPS
(RCA Victor 20-3986; 47-3986)

● Steve Gibson's Red Caps sing with assurance as they go through "The Thing." Offering a good rhythmic version of the number, their harmony makes this disk very inviting. Flip is a ballad on which they do an equally good job spiced with a terrific instrumental in the middle. Ops will want to hear more of their waxings.

"TELL ME TONIGHT" (2:50)

"THE SEA OF THE MOON" (2:35)

TONY MARTIN
(RCA Victor 20-3987; 47-3987)

● Tony Martin has a couple of offerings which should do all right with his fans. First side has a very dramatic opening and then Tony's plush voice goes to work with the backing of Henri Rene and the orchestra. Second side is an exotic South Sea Islandish type of tune done in ultra slow style. This disk will probably manage to hold its own in the juke boxes.

"I'M SO OUT OF PLACE IN YOUR ARMS" (2:29)

"LOUISA" (2:31)

GEORGE NOLAN
(National 9135)

● A new ballad with a lot of potential is dished up here by George Nolan. Accompanied by Rodd Greene's orchestra, George displays some good vocalizing on this tune which could catch on with no trouble at all. On the lower half he again shows the quality of his voice with the less promising material. Top deck gets the nod.

"KEEP YOUR EYES ON THE STARS" (2:40)

"TELL ME YOU CARE" (2:15)

TEDDY TYLE ORCH.
(Poloron 109)

● A couple of pleasant enough ballads are shown on this platter by Teddy Tyle's orchestra. Both ends are done in similar style with a very good clarinet solo by Tyle and a vocal by Jerry Grace. A rather unknown group, they've turned out a listenable waxing which should serve ops very well as filler material.

JUKE BOX PLAY GROWS GREATER NIGHT 'N' DAY

Artists, Orks, Pubberies Drive To Get More Juke Box Play. Many Now Depend on Automatic Music To "Sell" Them To Millions

Nation's 550,000 Juke Boxes Called "Greatest Network In All Music History"

CHICAGO—"Whatever you've got to say about the juke box business, it sure does sell the artist, sells the records, and makes publishers happier." That's from an overheard conversation among music leaders.

And that only begins to reveal the facts that, today, artists, orchestras and music publishers, are driving harder than ever to get the nation's 550,000 automatic musical instruments to feature their tunes.

"Simply because," as one artist stated, "if I can get only one of my records in about half of the nation's juke boxes, I know that my price is going 'way up. My bookers are going to find it a lot easier to get me into the finest spots in the country."

As one orchestra pilot was frank enough to state, "When my records were on top, I practically named my own price and, what's more, wherever I traveled I had my own say, for everyone knew that the public was as familiar with me and my music as if I had played there for years, because my disks were grinding white in the juke boxes."

Need anything be said about publishers whose tunes click to the point where the nation's 550,000 juke boxes use them over and over again.

More than one potent example of what can happen has been pointed out here in this metropolis of the Midwest as well as in every city, town and village in the nation.

There is no longer any doubt that the performer needs the juke box more than ever before. It keeps his name on a title strip for months. It will play his tunes over and over again.

"Sure, any song gets a shot or two, or three, or many more over the air," one well known publisher's representative here said frankly, "but, I'm friendly enough with guys in radio and TV to get such shots.

"What I want to know," he exclaimed loudly in the presence of a lot of others in the music biz, "is whether the public'll pay to play the tune? And that," he followed his explanation, "is what the juke boxes are doing."

He also said, "I've got friends among the juke box ops. They'll buy a box of records to help me along," he continued, "but, if that song doesn't make money for them, that's that.

"If it does, then I know I'm in. That tune'll grind and grind and more and more records are gonna be sold."

He told the gathering that the average music retailer isn't going to "take a chance and stock up on my tune even if I promised him that every top radio and TV show was gonna feature it."

Like he said, "Why should he, the retailer, do this for me? He's got a zillion records on his shelves right now. He tells me the same thing he tells everyone else, 'When I get calls I'll sell 'em.'"

The biggest number of calls for retail sales come from the steady, constant, day 'n' night grinding of the tune by the juke boxes.

That means people, the people who are gonna buy the records and the sheets, are pumping money into juke boxes to hear the latest tune.

"With me," this old timer told the gathering, "when you're in a good share of the nation's 550,000 juke boxes, brother, you are in."

Listings below indicate preference with disk jockey radio audiences, compiled from reports furnished by leading disk jockeys throughout the nation, for the week ending December 2.

A Jazz Men's Get Together

HOLLYWOOD—When a top deck musician plays a town, he's sure to bring out the other artists around who practice his type of music and want to hear more of it. At the Palladium's "Harvest Ball" which featured Lionel Hampton's orchestra, one table found a group of great jazz men huddled about. Left to right were Willie Smith, side man in Harry James' orchestra, blues man Jimmy Witherspoon and trumpeter Harry James. Jimmy wound up way up there in the Cash Box poll and ops still remember his great waxing of, "No Rollin' Blues" this year.

It Ain't Polite To Brag--But

Jazz 'n' Blues Reviews

★AWARD O' THE WEEK★

"I'M SO CRAZY FOR LOVE" (3:15)

"MY BABY'S GONE" (2:45)

THE RAVENS

(Columbia 39070)

THE RAVENS

● The Ravens show what a terrific combo they are on a number called "I'm So Crazy For Love." This one has everything an op can ask for and will be pulling in the

nickels from here on out. Taking hold of a slow ballad, the boys give it the full treatment which means that it's gonna be played in the juke boxes for a long while. Making it very slow and very easy, they turn out a top rate disk which you just must hear more of. Between the fine vocal solos, the harmony offered is the best and the piano background helps with the setting also. The flip is a faster paced blues number called "My Baby's Gone" again given a distinctive arrangement. They make it sound as smooth as anyone could want it to be. The top deck is really a beautiful thing which blues fans are gonna take to and ops who take to it can expect big returns.

"WAY DOWN" (2:45)

"MERRY WIDOW WALTZ" (2:45)

EARL BOSTIC ORCH.

(King 4420)

● Earl Bostic gives out with a low-down feeling on the top deck of this disk. Backed up by his orchestra, Earl shouts the clever lyrics to the accompaniment of a good instrumental. Flip is an instrumental of an oldie given an exciting treatment. Both of these sides are gonna do well in the boxes.

"I'VE GOT RHYTHM" (2:34)

"WAILIN' WILLIE" (2:54)

RHYTHM WILLIE

(Premium 866)

● An unusual instrumental combining harmonica and orchestra is offered here by Rhythm Willie and displayed to good advantage. Taking hold of an oldie, Willie puts his orchestra through its instrumental paces while he goes to town on the harmonica. Second side is a similar treatment of another tune which makes for good listening. These should get a lot of attention in the machines.

"YOUR FOOL AGAIN" (3:03)

"I'M PEELIN' ONIONS" (3:05)

PICCADILLY PIPERS

(Columbia 43870)

● The Piccadilly Pipers come up with a slow blues number here. With Bonnie Davis to do the vocal and some excellent instrumentals, this turns out to be fine listening. The lower half features a novelty with funny lyrics on which Bonnie shows she can do equally as well with a different type of song. Both ends deserve ops attention.

"SHE'S JUST LIKE CALEDONIA"

(2:48)

"SHE AIN'T NOTHIN' BUT

TROUBLE" (2:50)

ARTHUR "BIG BOY" CRUDUP

(RCA-Victor 22-0105)

● To the accompaniment of a string instrumental, Arthur "Big Boy" Crudup develops a slow blues number on either side of this platter and makes it sound real good. Giving each tune a loud, shouting rendition, he gets a lot of help from the instrumentals accompanying him. Blues fans should go for this.

"THERE AIN'T NOTHIN' BETTER"

(2:35)

"I'M JUST A COUNTRY BOY"

(2:56)

JIMMY WITHERSPOON

(Modern 20-782)

● A steady slow beat features both ends of these torrid sides by Jimmy Witherspoon. The top deck sees Jimmy and His Gal Friday going to town on some amusing lyrics while on the lower half Jimmy goes it alone, again with a good set of words. Both ends are tailor made for his fans.

"I WANT MY BABY FOR CHRISTMAS" (2:42)

"SHUFFLE-SHUCK" (2:33)

JIMMY LIGGINS

(Specialty 380)

● Another entry in the Xmas race comes along here and it's put forth by Jimmy Liggins. Letting go with a slow, hard hitting beat, Jimmy gets the benefit of his terrific instrumental accompaniment. The second side is mostly instrumental, fast, loud and noisy. These sides will have a lot of appeal in blues circles.

"IF I COULD BE WITH YOU ONE HOUR TONIGHT" (2:56)

"E BABA LE BA" (2:34)

HELEN HUMES

(Discovery 530)

● Helen Humes shows up here with an unusual rendition of an old standard. With a party going on in the background, Helen really rides along with this one. Flip is a gibberish sort of thing again with the sound of a huge crowd making itself felt in the background. Ops who cleaned up with "Million Dollar Secret" will want to get on this bandwagon.

"SONG OF THE WANDERER"

(2:48)

"BIRMINGHAM" (2:54)

JIMMIE MITCHELLE

(King 4413)

● A very smooth arrangement of a good song is offered on this disk by Jimmie Mitchell. A wonderful orchestration makes this good to listen to and good to dance to. Flip is a cute item with a slow bounce that is also very smooth to hear. Both ends of this platter have a lot of promise and ops should get with them fast.

THE CASH BOX

"Folk" and "Western" Record Reviews

"TEARDROPS FROM MY EYES" (2:56)

"I LOVE YOU A THOUSAND WAYS" (2:42)

HAWKSHAW HAWKINS
(King 918)

HAWKSHAW HAWKINS

● Hawkshaw Hawkins has taken a tune that's currently going strong in jazz and blues circles, "Teardrops From My Eyes," and made it a hit in western style. This side

has all the qualities needed to send it into the smash category and the nickel parade should start in earnest very quickly. Accompanied by a string band, which provides a low steady guitar beating throughout the number, Hawkins combines the wonderful lyrics and melody in excellent style. It's the type of thing that listening to once could never satisfy. Juke box fans will want to hear it more than that. The flip is another ballad given a fine vocal by Hawkins and his String Band which again provides a good guitar accompaniment. The side that will make ops real happy though is "Teardrops." This one will definitely make it and ops who go along will make something themselves.

"THE PLACE WHERE I WORSHIP" (2:23)

"I'M GONNA DRY EVERY TEAR WITH A KISS" (2:28)

MAC MCGUIRE QUINTET
(Capitol 1314; F-1314)

● A tune with a touch of the spiritual in it is given a working over here by the Mac McGuire Quintet. Showing some fine harmony, the group rock through this side with a good beat. The lower half continues the same rhythm and comes out equally as well. Ops should come out alright with this one.

"IT IS NO SECRET" (2:40)

"THE STATUE IN THE BAY" (2:39)

JOE ALLISON
(Capitol 1308; F-1308)

● A religious tune that's currently going very big is given a pleasing rendition by Joe Allison and His Nashville Boys. With a very soft backing, Joe lends his good voice easily to the lyrics. The second side is a patriotic number which gets also a good guitar in the background. This one should hold its own in the machines.

"LET ME CRY ON YOUR SHOULDER" (2:46)

"ROSE COLORED MEMORIES" (3:00)

GENE AUTRY
(Columbia 20763)

● Gene Autry has two ballads here which are sure to go well with his followers. Getting help from Carl Cotner's orchestra, which makes the instrumental end sound very mellow, Gene runs through these tunes in a soft easy manner. Ops who know what an Autry record can do, will probably want to hear this one soon.

"ONE AND ONE IS TWO, BABY" (2:45)

"CRY BABY BLUES" (2:56)

BOB NEWMAN
(King 916)

● Bob Newman has a very cute song with lyrics and melody that are sure to make it a hit. Giving it a full voiced rendition, Bob plants a lot of flavor in the tune. Flip is a yodeling blues number in which he gets a help from an interesting instrumental background. Top deck is the one for ops to watch.

"THE LEAVES MUSTN'T FALL" (2:45)

"I WAS SORTA WONDERIN'" (2:54)

MOON MULLICAN
(King 917)

● A couple of sentimental ballads are dished up on this platter by Moon Mullican. Both ends feature good guitar work and tell stories designed to set the tears rolling. Moon has a good voice for this sort of number and he gives each song all the feeling it should have. After his recent hits, ops will want to hear his new dish.

"BY HECK" (2:17)

"LITTLE LIZA JANE" (2:37)

THE BUCKEYE BOYS
(London 858)

● An unusual instrumental side is turned up here by the Buckeye Boys. Showing a number of excellent guitars intermingled in good style, they produce a very effective record. Flip features a chorus singing an old folk song and again some excellent guitar playing in unison. Here's a good bet for ops.

"ZIG ZAGGIN' BABY" (2:35)

"MY RED HOT POTATO" (2:27)

FRED KIRBY
(Columbia 20764)

● Here's a tune with some clever lyrics given a forthright vocal by Fred Kirby. With a hard driving beat, this one should get a lot of play in the machines. The second side again features the same type of rendition to another song that has a cute set of words. Both ends of this disk are definitely worth hearing and ops oughta do so without delay.

"YOU'VE BEEN CHEATING ON ME" (2:33)

"BIDDIE WAH BOOGIE" (2:31)

AL DEXTER
(King 913)

● A low guitar runs through this entire number by Al Dexter. With a steady beat, Al works his way through this story in a manner which makes for good listening. Flip is a light-hearted thing which comes out very cute in Al's style. With two different types of tunes, his fans will have all they can want on this platter.

Shearing Promotes Disks in L. A.

LOS ANGELES—George Shearing, MGM's great jazz pianist, was in an album giving mood and Leo Simon of The Cash Box had a hard time choosing between the 78's and 45's on the occasion of a special Shearing window during his recent concert appearance in Los Angeles. The happy chappies on the left are Gordon Wolf, headman of Sunland Music Co., distrib for MGM, and Sam Ricklin, in front of whose California Music store all this action took place.

Storm Delays Disk Deliveries; Xmas Push Slowed Up

NEW YORK—The storm which rolled over the eastern area of the United States last weekend wrought havoc with the record and entertainment business, among its many other consequences.

A spot check with record manufacturers disclosed that many shipments of disks had been held up because of inability to get through to such snowbound cities as Cleveland, Cincinnati and Pittsburgh.

Manufacturers also reported that even where deliveries had been made to distributors, they in turn had been unable to make further deliveries to retailers and juke box operators.

Coming just as the Christmas season was getting under way, this delay was expected to affect in particular the large number of holiday waxings which have been turned out this year.

Moreover, many of the radio stations which would normally have then been starting to introduce seasonal tunes (the weekend after Thanksgiving) had been forced off the air due to operational failures.

Many of the disk jockey shows on which record manufacturers depend to get their platters their first hearings could not go on for hours and some were off for days.

With the clearing in the weather, manufacturers and distributors are expected to make every effort to get the disks to their outlets without further delay so that the Xmas record season can get under way in full stride.

REGAL SEZ'

**Regal RECORDS****What CAN He Be Asking For?**

HOLLYWOOD—Spike Jones looks real worried wondering what a kid his son's age could be saying to pretty mommy Helen Grayco. Well, if he's saying, "Mommy, Won't You Buy A Baby Brother For Me", Spike doesn't have a thing to worry about. For the disk backed by, "Rudolph The Red Nosed Reindeer" is the fastest selling Christmas record RCA Victor has. Mommy records for London Records and her latest is, "Diga Diga Doo" and, "Or No Dice." Baby doesn't record as yet. His name is Tack; he's a little Spike.

**London Cuts Disks
In Brooklyn Church**

NEW YORK — On Wednesday night, November 29, an unusual recording session took place at the Shrine Church of Saint Bernadette in Brooklyn. Bobby Wayne, a Jewish boy, sang Gounod's "Ave Maria" and "Vision of Saint Bernadette" with the church's mixed choir. The two sides will be released immediately by London Records. Two more sides which were cut at the same session will be distributed at a later date.

Bobby, who hails from Montreal, is donating his entire royalties to the Parish Building Fund in gratitude to Monsignor Barilla, whose help gave him his start in show business.

The Shrine Church of Saint Bernadette is in the midst of an intensive drive for a Parochial School and it is believed that these recordings will be a great help in achieving that goal.

Hein Leaves Columbia

NEW YORK—Jack Hein, who has been with Columbia Records since its inception in 1938, this week announced his resignation from the firm.

Having held a number of important sales positions with Columbia, Hein's last job was District Manager for the New York-Newark, N. J., area.

Mr. Hein is at present considering several offers and is soon expected to announce his future plans.

**National Records
Signs Kate Smith**

NEW YORK—Al Green, head of National Records, this week announced the signing of an exclusive contract with Kate Smith.

Kate is no novice in the recording picture, having cut disks for several labels, the last of which was MGM.

Besides waxings, she has five hours a week over NBC-TV as well as a daily radio show over WOR.

National has already sent her first releases out to distributors. They include four sides, "Little Bitty Baby" and "The Same Lord"; "Ave Maria" and "The Lord's Prayer."

It is felt at National that they have captured on her new recordings the singing style and feeling that helped her sell millions of platters at the height of her singing career.

**What About This:
Can "The Thing"
Be "Chloe"?**

WASHINGTON, D. C. — "The Thing" contest run by Milton Q. Ford, WWDC dj has been won by Mrs. Dorothy Davis for identifying the anonymous subject in the song (signified by three booms) as "Chloe."

Mrs. Davis' reply was judged the best of 2,397 entries. She will be awarded \$75 in prizes and two feathers from the tail of Richard, Ford's talking parrot.

Mrs. Davis identified the missing object as "Chloe" by using the following line of reasoning:

"After all those years in the swamp-land, 'Chloe' must look something like a 'Thing.' And anyone finding 'Chloe' at this late date would probably have a hard time getting rid of her."

Other contestants identified "The Thing" as:

"Kilroy, the so-called guardian angel of the G. I.'s in World War Two who hasn't made an appearance in the Korean War."

"Missing clothes that female TV performers should be wearing."

"Phil Harris beating on a drum-fish."

"Wooden nickels that people didn't take."

MFRS. TO GET MORE WAR WORK

Deeper Production Cuts Of New Equipment Looms. Intensified War Production Drive To Effect All. Ops Urged To Prepare Immediately With New Machines.

CHICAGO — Reports which appeared in last week's issue, that new machine production was off over 65 per cent, stimulated many operators, jobbers and distributors around the country to immediately prepare for the time when there would be even less new machine production.

But, even before this fact could sink in, events in Korea took a turn for the worse. Manufacturers are now preparing to take on more war work than they already have.

Some manufacturers stated that it was "just a question of time" before the entire manufacturing division of the industry would be very deeply engaged in the war effort.

It is also believed here in the coin machine manufacturing center that, should events in Korea turn to all-out war, the entire industry would instantly be tied into the war effort and that new equipment production would quickly halt, with all placing full emphasis on the war effort.

There is much scurrying about here to obtain the type of war work for which each factory is best suited. Most manufacturers seek prime contracts. Others are accepting sub-contract work. There is much of this latter type of work already being done by manufacturers here.

Almost all manufacturers have new equipment plans and yet all were willing to sacrifice these to aid the war effort as the news from Korea continued bad all last week.

Operators are urged, as they were in last week's issue, to prepare as quickly as possible with all new machines they will need.

There is now no longer any doubt that production is going to be even more deeply cut than the 65% loss now in effect.

Operators should consider the fact that any new equipment which they can obtain at this time may be the only newer products which they will have to feature on their routes for some years to come.

It is a known fact that experts have been stating that, by Spring 1951, almost all civilian goods production will be 'way off, and that more and more effort will be thrown into the defense drive, so that whatever new merchandise will be available will be expected to last for years.

This all-out effort which is now getting under way as the Korean situation darkens, should act as a guide for all operators, jobbers and distributors, one leader here stated, and all should prepare themselves for a long and barren new equipment period.

NEW MACHINES FOR 1951 TO BE CUT DRASTICALLY SAYS JOHN HADDOCK

Tells N. Y. Music Ops Top Production For '51 Can Only Be 65%—IF.... Materials Available—And Production Uninterrupted By Defense Work

JOHN HADDOCK

NEW YORK—John Haddock, president of AMI, Inc., in a talk before the membership of the Automatic Music Operators Association (AMOA) Tuesday night, November 28, at the Henry Hudson Hotel, painted a pretty grim picture of what the future holds for manufacturers of all coin-operated equipment.

Before coming into New York, Haddock spent several days in Washington, D. C., in an effort to acquaint himself with all matters which will affect the future production of AMI phonographs.

"Confusion reigns in our capitol city," Haddock informed his listeners, "and the one definite thing I learned is that production will suffer a cut-back in 1951. Several orders have already been issued, restricting the use of various metals, and there are sure to be a number of others.

"Production in 1951 will be at the most 65% of what the factory manufactured in the first six months of 1950. This maximum is determined by the government order limiting the USE of certain materials to 65% of the total poundage used during the first six months of 1950. No matter how much material the factory has on hand, or can get, we can only USE this proportion. However, in most instances, the manufacturers will not be able to acquire this amount, and

will have to make every effort to buy on the market, and pay high premium prices.

"In addition to these problems, factories will have to take on defense contracts. This will further limit the quantity of new equipment that will be available. However, I promise that AMI will do everything in its power to serve the industry first."

Haddock then pointed out that with curtailed production, and increased costs, it's inevitable that prices must go up.

Delving into the problems that would confront others than the manufacturer, Haddock predicted that the distributing firm, with fewer new machines to sell, would become more active in buying and selling used equipment, as they did during the last war.

The operator, Haddock stated, would be in a most advantageous position. After a short period, during which there will be a dislocation of personnel due to factories converting for defense work, employment will be high. And these workers, limited as to their spending, and making good wages, will patronize music machines, as well as other coin operated equipment.

He advised the operator to have top equipment in his locations and to keep location relations at a high level. He further suggested that operators stock up on parts and supplies for coin equipment, as well as autos, trucks, tires, etc.

"Records will probably be in short supply in the near future" Haddock predicted, "as the chemicals that go into their manufacture most likely will be diverted for defense work. While recording companies will probably keep turning out records, the quality may become similar to those used during the last war. It would be good judgment on the part of music operators to lay in a stock of standard tunes, as well as hit numbers used during various seasonal holidays."

Haddock's talk, in the opinion of your reporter, was one of the most instructive and sincere ever given. The many operators present were most attentive, and the resounding applause rendered at the end of this speech, was testimony to their appreciation.

Exhibit Wins NAAPPB Award 2nd Consecutive Year

Display Acclaimed "Most Meritorious Exhibit Of Coin Operated Amusement Machines"

CHICAGO — Tho the NAAPPB (National Association of Amusement Parks, Pools and Beaches) convention opened on Sunday (Nov. 26) and by Tuesday (Nov. 28) the Exhibit Supply Company had been advised that its display had again "won the award" as the "Most meritorious exhibit of coin operated amusement machines."

This is the second consecutive year that Exhibit Supply Company has won the award.

It is also the second consecutive year when it practically "stole the show."

The Exhibit booths were jammed from the very moment the NAAPPB show opened and continued to be crowded all during the four days of this convention at the Sherman Hotel here.

Frank Mencuri, sales manager for Exhibit Supply Company, accepted the award from Paul H. Huedepohl, secretary of NAAPPB.

Mencuri said, "We tried again this year, as we did last year, to give all who attended the show the best cross-section picture of coin operated equipment for the creation and maintenance of an arcade. We do believe, from the tremendous attendance at our booths, that we more than succeeded in our effort."

Most interesting to the conventioners was the new "Exhibit Dale Six Shooter" ticket vending gun. The guns were constantly in play. Conventioners pronounced them "The finest ever yet produced."

Other equipment of the firm was

just as outstanding. The "Rotary Merchandiser," new 1950 model, met with much approval.

In fact, everyone of the machines which were displayed by Exhibit received fine comment from all who attended this show.

Frank Mencuri (center), explains inner workings of "Dale Six Shooter" to Bill Gersh, while Joe Batten (left), listens in.

Denver Re-Elected Pres. AMOA

Bernoff, vice-president; Trella, secy; and Wasserman, treas. Also Re-Elected: Some Board Members Chosen With Open Post Filled

NEW YORK—The Automatic Music Operators Association (AMOA), this city, held its 13th annual general meeting on Tuesday night, November 28, in the Tudor Room of the Henry Hudson Hotel, where one of the largest gatherings of local music operators took place.

This year the association deviated from its usual practice, and opened the meeting to several outside individuals connected with the music machine business. John Haddock, president of AMI, Inc., was the guest speaker, and other invited guests seated on the dais were Bill Fitzgerald, advertising and promotion manager for AMI; Barney Sugerman, Runyon Sales Company (AMI distributor); Joe Young, Young Distributing (Wurlitzer distributor); Meyer Parkoff, Atlantic-Seaboard New York Corporation (Seeburg distributor); Sam Bushnell, Standard Factors (finance firm); Bill Littleford, The Billboard; and Joe Orleck, The Cash Box.

After the membership listened to guest speaker Haddock; Albert Denver, president, who reported on the state of affairs of the association during the past year; Sidney H. Levine, counsel, who gave his report on legal matters affecting the music machine industry; and Harry Wasserman, who read the financial statement; election of officers for the coming year was held.

Officers who served the past year, as well as the same board of directors were re-elected to serve one year. An opening on the board, caused by the death of Bill Goetz, was filled by the election of Louis Hirsch.

Re-elected to office were: Albert S. Denver, president; Charles Bernoff, vice-president; Harry Wasserman, treasurer; and Sal Trella, secretary. All these men received a unanimous vote. In addition to Louis Hirsch, voted back on the board of directors

were: Joseph Connors, Arthur Herman, Louis Herman, and Albert Bodkin. Officers serve on the board.

In their talks to the body, both Denver and Levine stressed the fine progress made during the past year, and complimented the members for their fine record of cooperation with many outside organizations thru the donations of juke boxes and records. Denver informed the operators of the wonderful reputation AMOA has built up thruout the industry. Levine told them that there is now in progress a plan to endeavor to have the New York State Fair Practice Law changed to include services as well as commodities. (The State of California, thru the efforts of the music operators' associations, made this change in their law this year.)

John Haddock talked to the association members, giving them the manufacturers' point of view and detailed some of the problems that continually confront them. He agreed that the manufacturers need the operators, and that if they are strong and prosperous, all would benefit. He also stressed the fact that the operators need the manufacturers, who spend fortunes in developing new equipment to make it possible for the operator to continually keep progressing, and thereby increase his collections year after year.

(Complete report of Haddock's talk appears elsewhere in this issue).

The meeting wound up for the evening with the awarding of a door prize, an RCA-Victor 45 rpm player, to operator Sam Penner.

Photo below shows members at dinner. On the dais (l. to r): Harry Wasserman, Charles Bernoff, Bill Littleford, Joe Young, Meyer Parkoff, Sidney Levine, Al Denver, John Haddock, Barney Sugerman, Bill Fitzgerald, Sam Bushnell and Joe Orleck.

ChiCoin Delivers New "Band Box" Speaker

Speaker Featuring Animated Orchestra Is Reported Proven Profit-Maker, Location Getter And Capable Of Obtaining Front Money For Juke Boxes. Location Tests Made In All Types Of Locations For 2 Years

CHICAGO—Executives of Chicago Coin Machine Company, this city, announced this past week that they were now in production and delivering their "Band Box" speaker which, according to their own statement, features, "The World's Smallest Band."

This is one of the most attractive, animated speakers ever to appear in the music machine field. It features an entire seven piece band.

Each member of the band is a manikin, completely dressed, effectively presented, and the moment the music begins to play, the curtains part, and the musicians are in action, actually seeming to play their various instruments.

The drummer's hands are hitting on the drum in front of him, the clarinetist is playing his instrument, all the

others are in animated action, going right along with the music.

The "Band Box" has, according to the firm's execs, because of this animation and actual-size action, increased take on phonos from coast to coast. It proved one of the top attraction-getters when placed behind the bars.

In fact, test spots didn't want to release the speaker. The firm has actual collection slips where juke box take jumped from about \$15 to over \$45 in some locations and, in others, where the location owner was more than happy to pay \$10 per week as "front money" or "rental" just to have the speaker in the place connected to the juke box.

In fact, even outside retailers have asked that the "Band Box" be rented to them on a weekly basis to be placed in their front windows. This is, without any doubt, the most realistically animated speaker of all time.

As Sam Lewis, Ed Levin and Avron Gensburg of the firm stated, "The 'Band Box' is actually a seven-piece band for every tavern, club, restaurant and other juke box location.

"The men play their instruments," these men enthusiastically continued, "and turn toward the audience, all seemingly in time with the playing of the recording itself."

Each one of these ChiCoin execs related successful tests conducted everywhere in the country with the "Band Box" in a multitude of different type of locations and, in each instance, they report, the play increased so much that it caused tremendous surprise to both operators and location-owners.

"In short," as these men stated, "here is the most outstanding location-getter in the country. It is the one musical unit which makes it easy for the juke box operator to get a front money guarantee from the location. Even in itself, it is a profit-maker, the like of which has never before appeared in the automatic music industry."

Because of quantity production into which the firm is entering at this time, they have been able to lower the price.

New York Dept. Of Health Studies Food And Drink Vendors

May Require Ops To Get Permits. Some Equipment Found Dirty. Issues Advice.

NEW YORK—The Department of Health, this city, has completed a study of food vending machines in subways, theatres, office buildings and schools to ascertain whether specific regulations should be drawn up to insure sanitary maintenance of the coin-operated vendors.

"The dispensing of food and drink by means of automatic vending machines," Edwin Ludewig, director of the department's bureau of food and drugs, said, "offers many sanitary advantages over the serving of food manually in eating establishments and stores, since human handling of the products in the former case is reduced considerably."

Mr. Ludewig said, however, that while the industry in general was co-operating with the department to keep the machines sanitary "some of the devices were found to be serviced in an unsatisfactory manner."

In a detailed report he made these recommendations for the guidance of machine operators:

1. Machines should be so located that they are protected from overhead leakage, dirt, vermin and other kinds of contamination. Sufficient space around the machine should be provided so that it can easily be cleaned.

Hot and cold running water should be available and maintenance men should be equipped with brushes, detergents and clean cloths.

2. Headquarters for servicing should be kept sanitary and the area used for repair of machines should be separated from that in which food is stored and equipment is cleaned and sterilized.

3. Appurtenances such as syrup tanks and lines, dispensing valves, pumps and cup stations should be inspected periodically for cleanliness.

4. Food ingredients should be transported from service stations in closed containers and care should be exercised to avoid contamination.

"We are giving serious thought to the advisability of a permit requirement for dealers who operate vending machines," Mr. Ludewig said, "the issuance of the permit to be predicated largely on the observance of the above rules.

"In addition, we are studying proposals which will apply to construction and installation of vending machines. The industry is relatively young and the Health Department is offering its help to machine manufacturers in designing devices that incorporate all principles of sanitary construction."

Congratulations AMOA

and your splendid Staff of Officers for a job well done. You can always depend upon us for our fullest cooperation.

Bush Distributes "Band Box"

MIAMI, FLA.—Ted Bush, Bush Distributing Company, this city, was most enthusiastic when he learned that Chicago Coin Machine was going into full production of its "Band Box."

"We have been testing the 'Band Box' on location thruout our territory for over two years," Bush told *The Cash Box* over the long distance phone, "and it has proven a great success in all different types of locations. In most instances it has increased the normal collections over three times, and more than that, has kept these collections at this high level without faltering a single week.

"Coinmen, who come from all over the world, and visit with us, have been inquiring all this time as to when the 'Band Box' would be available in quantity," continued Bush, "and we are mighty happy Chicago Coin is now going ahead with full production. In my opinion, after these long and time tested location tests, the 'Band Box' is the greatest coin stimulator ever devised for the juke box."

Bush is exclusive distributor for Georgia, Florida, Cuba, Central America and South America.

Transformers Worth Price Of Old Games

CHICAGO—Factories here are carefully guarding the few transformers they have on hand, and doling these out to their pinball production lines.

Ops report that they now find their old games are worth the price of the transformers they contain.

Some weeks ago this publication reported that manufacturers were stating, "Transformers are worth their weight in gold these days."

Since then transformers have become even more difficult to obtain.

One well known manufacturer stated, "We may yet have to tell ops to send in their old transformers if they want us to build them a complete game."

United's "Double Shuffle Alley Express" In Production

CHICAGO—Altho United Manufacturing Company, this city, is going ahead with hardly any promotion, "Double Shuffle Alley Express" is making quite a hit, with demand in-

creasing day by day, according to Bill DeSelm, sales manager.

The new game, pictured above, with DeSelm, on left, pointing out play features to factory salesman Johnny

Casola, is stated to be the only twin rebound on the market with true bowling scoring. It also features disappearing pins, colorful lightup scoreboard, and beautifully constructed cabinet.

Johnny Casola, pictured above, also wants to stress the fact that mechanically "Double Shuffle Alley Express" is both simple to handle and perfectly constructed.

United, at this time, in addition to the above alley, is now shipping its new five-ball game "Red Shoes" to all its distributors. Other machines also being shipped to its distributors are "Skee Alley," "Four Player Shuffle," and all its conversions.

Executives, this past week, were

EASTERN FLASHES

The rain and wind storm which hit the Eastern part of the country in hurricane proportions, didn't cause as many headaches as it would be thought. While a number of machines were unable to operate, due solely to the curtailment of electricity in some areas, we haven't heard of any machines that were in themselves damaged. Operators in the outlying sections of Long Island and New Jersey suffered the most.

The 13th annual general meeting of the Automatic Music Operators' Association, held on Tuesday night at the Henry Hudson, was quite an impressive affair. This is the first time outsiders were permitted to be present. It should have happened many years ago. Only by permitting officials of the industry, as well as the press, to view their progressive measures and note their strength, can the industry be impressed. Officers and board members were so well pleased, they stated, that they intend to follow this practice in all future meetings. The meeting was well conceived, with a fine dinner served before going into the business meeting. John Haddock, president of AMI, the guest speaker, gave the attending music operators a peek into the problems of the manufacturer; and we're sure, when they left the hall, that they were a great deal more appreciative of what the other side of the picture means. Al Denver, as usual, reviewed in clear, lucid tones, the progress made by the organization during the past year, and Sidney Levine outlined some of the legal problems facing them at this time. Election of officers was held, and the same men, plus the addition of Lou Hirsch to the board, were voted in for another term. (See story this issue).

Manny Ehrenfeld, well-known Passaic, N. J. operator, was a victim of the storm. His heat and lights were cut off, and as he was nursing a cold, he and Mrs. Ehrenfeld had to take rooms in a hotel for several days. "Business is good," states Manny, "but I'm working like hell." . . . Another coinman affected by the week-end storm was Al Simon of Albert Simon, Inc. Al's electricity also was cut off. In order to protect his family for the future, Al installed a generator on the premises. . . . Harry Brodsky, music op, became a grandfather. Harry looks like a college student, and probably is just as old. One thing we can be sure of, he's definitely the youngest grandfather in the business. . . . Joe Young, Young Distributing (Wurlitzer distributor) smiling happily these days—probably due to way sales of the 1250 are going. . . . LeRoy Stein, well-known in the industry, now runs an advertising service at 208-210 Broad St., Elizabeth, N. J. In addition to preparing direct-mail campaigns, Stein does printing, multigraphing, offsetting and makes photostats.

Our good friend, and music operator, Jack Ehrlich, opens the Heights Supper Club, a restaurant and cocktail lounge at Montague St., Brooklyn, N. Y. . . . Dave Rosen of Philadelphia, in town again this week, and spends some time with Haddock and Fitzgerald over at Runyon's. While here, Rosen drops into the Paramount to visit with Patti Page, Mercury's songbird. The Rosen firm distributes for Mercury in Philly. . . . Bill Fitzgerald, following his New York stop, runs up to Boston, then to Newark, then to Philadelphia. Finished up by Saturday, so he flew back to Grand Rapids. . . . No sooner did Bert Lane and Harry Pearl get their outside sign up, then along came the winds. The sign wound up twisted out of shape alongside the building. . . . Mike Munves, Dave Lowy and Dave Simon, attending the Park Show in the windy (?) city, missed the big wind. . . . After hearing "Senator" Al Bodkin sing (?) we're sure Perry Como has nothing to worry about. . . . Al Denver tells us that due to the overwhelming demand for tickets each year for their Annual Banquet, the next affair will be held in the Grand Ball Room of the Waldorf. . . . Mac Pollay, the handsomest op in town, a killer-diller. Altho only one woman was present at the ops' meeting (Dorothy Wolk, pretty assn. secy.) Mac was the fair-haired boy.

DALLAS DOINGS

Mr. and Mrs. Garland Delemar of Waco, are now the proud parents of a small, 6 lb., brown eyed, curly haired baby girl. This great event happened on November 21st. The daughter of the Mayor of East Waco has been named Deborah Delene. Congratulations to two swell people. . . . Mr. and Mrs. George Wrenn and son, returned from an extended trip through Oklahoma and Kansas. George Related that this was both pleasure and business. . . . Mr. and Mrs. Andy Wrenn and Mr. and Mrs. Huseman of Chicago, have been the guests of Phil Weinberg for several days. Phil took his guests to the coast for fishing and hunting. . . . Received the report from Walbox Sales that Bally's new, sensational "Hook Bowler" has been received with open arms. This game is apparently the greatest of them all. . . . Al Shannon, Coin Machine Sales, Houston, stopped off in Dallas, returning from Chicago and the N.A.M.A. show. Al visited the Rock-Ola plant and was all raves over the new phonograph. Also reports that Walbox should have their sample on the floor by December 1st. . . . Red McCullah and Weldon Denton returned from a very successful goose hunt in South Texas. . . . How to keep your customers happy: Keep them supplied with fish, so says T. W. Hughes. T. W. owns and operates the S & H Novelty in Shreveport, but never a week goes by but what he doesn't manage to get in some fishing. . . . Freddie Davis, Springhill, Louisiana, is definitely going 45 rpm on all locations.

We have to get in a few words about our good friend Harry Levine of Oil City, Louisiana. Harry has operated for 52 years. He has operated some of every piece of equipment made during this period of time, including the old-time pianolas. Harry operates within 125-mile radius of Shreveport, his equipment being mostly phonographs and pin ball games. The company known as Levine Enterprises consists of several routes each operated by a route manager. His bookkeeping and office work is handled by Mrs. Levine. Harry Levine has an understanding of the business that only his many years of experience can give an operator. . . . American Distributing is happy to report a step-up on delivery of A.M.I. phonographs. This should keep the boys happy. . . . Charlie McDearman, Gainsville, in big "D" for a day. . . . Ditto Benny McDonald. . . . We were sorry to hear about Carolyn Thomas' automobile accident but mighty glad to hear that her injury was slight. . . . Leonard Chess, prexy of the slightly terrific Chess label, in Dallas for several days. . . . Herb Rippa stopped by for a chat. Herb tells us the beer business is great. . . . South Coast Distributing loses their ace salesman, Mack Branshaw, to the U. S. Army.

Florida Operator Celebrates 25th Wedding Anniversary

PERRY, FLA.—Mr. and Mrs. Lionel Joseph Louque recently celebrated their 25th wedding anniversary with a party at their home, in this city, that is still being talked about.

Lionel Louque, one of the most progressive operators in the state, has been active in the coin machine business for 20 years.

Elaborate decorative effects were staged to make the visit of over 200 guests a happy one. The most typical and most highly appreciated was the AMI Model "C" phonograph, which Louque hooked up to provide the music for the occasion.

Mr. and Mrs. Louque are natives of Perry, and have maintained an active interest in its welfare and progress, as well as that of Taylor County, and the State as a whole.

Pictured herewith is the happy couple surrounding the "C" that not only provided the music, but typical of the equipment that provided the where-with-all over the years to stage this fine affair.

Williams' New 5-Ball "Nifty"

SAM STERN

CHICAGO—Sam Stern, executive vice-president of Williams Manufacturing Company, this city, announced it is now in production on its new five-ball game "Nifty."

Executives of the firm look forward

to this game being one of the finest it has ever produced. "It will act as a 'location defroster,'" they stated.

In addition to the usual features of the "Thumper Bumper," "Flippers," and a "High Score" action, "Nifty" gives the player several additional thrill incentives—a special score awards him 5 replays; and a super-special score, which stays on until it is made and the player can increase the award up to 10 replays.

Shipments to all Williams' distributors is underway, and the game is now on their showroom floors for the operators to view it.

Pictured herewith is the front entrance of the Williams' building. The

well known firm name design trade mark is distinctly displayed over the main entrance.

CALIFORNIA CLIPPINGS

Noticed a number of United's new "Skee Alley" games on the Lyn Brown floor, the lively item reaching Lyn via Lou Wolcher of San Francisco, who gathered . . . Over at General Music, Bud Parr and Fred Gaunt are all set for their usually fine all-out job of merchandising on the new Rock-Ola phonograph, following a letter from the plant notifying them the sample was due out here this week . . . Charlie Daniels has finally heard from Paul and Lucille Laymon, who traveled as far East on their vacation as the old homestead in Kokomo and Indianapolis, where they visited relatives. Now in New Orleans en route home, Lucille Laymon notes that she's taking it easy on that Creole cooking as she doesn't want to be broadened by travel. Meanwhile Charlie, Ed Wilks and the gang are doing a fine job with Bally's "Hook Bowler" while maintaining a steady pace on Bally's "Turf King" and the new Wurlitzers . . . With Joe Peskin in Chicago for a few weeks, Paul Silverman spent several days in Palm Springs with the family, we gathered in a pleasant few moments with Secy. Dolores, a muy bonita senorita.

Holding a strong sales average over at Nickabob is the AMI, we're told by headman Nick Carter, who'd just got back from surveying his Fresno music route after the flood which left hundreds homeless and took several lives. Only damage to Carter's property was one Packard Manhattan, which went down the river . . . Back from his Northern California trip was Jack Simon, who witnessed some of the flood devastation while en route. Sicking secy. Cele Padwa seems pretty busy these days and many evenings, but we didn't get the lucky young man's name . . . Phil Robinson was back at his Chicago Coin desk after a supervisory check of his new house to make sure the men had the roof on straight . . . George Warner of Automatic Games, busy with the Shrine annual Christmas charity drive after returning from a few days in Reno. Sammie Donin came back up with him for a short stay while Dannie Jackson took a run down to San Diego . . . The poet lariat: Toys galore on the Johnny Hawley floor. Add one Santa Claus and you'd have a department store.

Dave Wallach buzzed us to report that the Southern California Music Guild had established offices at 427 So. Western Avenue and that the Board of Directors had held their first meeting. The boys outlined their policies and procedure for the next several months and one they heartily agreed on is that the Guild would closely cooperate with the authorities in observing the California Fair Trade laws as applied to automatic phonograph operation . . . Nice chat with Mrs. Harold Chaney, who revealed that husband Hal is really set for top spot in local vending circles with the National Nut machine line, the Deree candy machine and Jolly Boy ice cream vending equipment in addition to the Shipman candy and gum vendors. Chaney lined up the National Nut and Deree candy lines while on his recent trip East . . . On the Row: Balboa's Clyde Denlinger . . . Pete Shoup and J. M. Cameron of Southgate . . . Dudley Trojan of Inglewood . . . Studio City's Ray Brandenburg . . . Dee Clark from Camp Roberts . . . Bill Black from Bakersfield . . . S. L. Griffin and Lloyd Barrett of Pomona . . . Long Beach's Charlie Cahoon . . . Al Anderson from Shafter . . . San Pedro's Bill Olson and Johnny Ketchersid . . . Lompoc's Norman Christ . . . C. E. Stevens of Duarte . . . Lomita's Tom Boddy . . . Fred Shuey of Bell . . . Lawrence Raya from Colton . . . R. L. Gray and Stewart Metz of San Bernardino . . . San Fernando's Elmer Killberg . . . Roy Bruder of Sherman Oaks . . . Baldwin Park's Harold Gustafson . . . Niles Smith of Oil-dale . . . Downey's M. V. Connor . . . Harold Sharkey of Huntington Park . . . B. G. Snyder of L. A.

MINNEAPOLIS—ST. PAUL, MINN.

This area was very fortunate in not getting any part of the severe snow storm which by-passed us and went on to the East. Of course, Frank Mencuri, of the Exhibit Supply Company, might state his views differently. Frank made a quick trip with Hy Sandler, salesman for Lieberman-Hy-G Music Company, into Northern Minnesota and in order to get back to Chicago in time for Thanksgiving, Frank had to take a plane from Hibbing to Minneapolis and then sweat out a plane from Minneapolis to Chicago. The last we heard, he made it just in time to cut the turkey . . . Pete VanDerhyde, of Dodge City, was in town and purchased several bowling games and he stated that they were the games that are making him a lot of money . . . Harry Nold, of Cambridge, seconded the motion by adding a couple of more bowlers to his route . . . Leon Kell, of Alma, Wis., was in town doing a little shopping . . . Roy Foster, the genial gentleman from Sioux Falls, S. D., was in town visiting the various distributors and also purchasing various items for his South Dakota operations.

Harold Drew, service man for Lieberman-Hy-G Music Company, finally tied the knot and was married Saturday morning, November 25th . . . Esther Gershone Lane, wife of Robert Lane, passed away last week and was buried on November 19th. We tender our sincere condolences to Bobby, who is the parts manager for Silent Sales Company . . . Urban Kost, of St. Cloud, stopped in and looked over the bowler situation and he stated that he had two purposes in mind, to look over the bowlers and to hang around for the wrestling matches in the Minneapolis auditorium that night. Sol Rose has left the employ of the Lieberman-Hy-G Music Company to go into business on his own. Sol is now in the liquor business and we wish him all the luck in the world.

Elgin E. McDaniel, of Wadena, made a quick trip into town to purchase phonograph equipment and bowlers for several new locations which just came up. Evidently, Mac doesn't let any grass grow under his feet, even though all the grass is covered with snow . . . Harold Havenor and wife, of Eleva, Wis., were in saying "Hello" to everybody and looking over the premium situation.

CHICAGO CHATTER

The darkening Korean picture was instantly reflected in the attitude of the members of this industry here. Every leader in town planned more war work. All were willing to give up everything to help. Once again the entire industry came to the fore, to help Uncle Sam win. And win as quickly as possible. . . . This means still deeper cuts in new equipment production. It also means that every operator, jobber and distributor should now prepare himself with as much new equipment as he possibly can. To ride out what might prove a barren new equipment production period for years to come. . . . The big Rock-Ola plant already in war production. The rest of the factory working hard to get the new Rock-Ola "Rocket '51-50" on the market. . . . O. D. Jennings cut down deeper on regular production. Have a small night shift also going now on their war work.

Retailers expect this to be the biggest spending Xmas in history (some say it may pass the \$20 billions mark) and while this spending spree under way ops report biz undergoing a lull, which is only seasonal. . . . Lots of Chi's leaders in Minneapolis at Hy Greenstein's, Jonas Bessler's and Harold Lieberman's grand opening of their new offices. . . . Earl Moloney, who can, and loves to play the piano, was gifted with some autographed pro copies by writers of latest tunes. . . . Bill DeSelm, with Johnny Casola in tow, explaining new products now on United's production lines. . . . Over at ChiCoin much action as their new "Band Box", full orchestral speaker, is readied for the music market. . . . Sam Stern so busy this past week he didn't even realize that the weather had dropped to zero. He kept the wires that hot trying to dig up materials. "And," he told us, "unless we can get a few parts from somewhere we may have to forego building some new products." . . . Vince Shay reached the half-century mark on his last birthday just a few weeks ago.

Ben and Trudy Coven much thrilled with their trip East. Ben promises a real surprise very, very soon. . . . Bill Fitzgerald, AMI adman, advises firm's distribts will be passing out unique pencil containing floating miniature replica of AMI's Model "C". . . . Les Rieck and Rex Shriver, whose pics appeared here last week moving their desks into the new H. C. Evans offices, now reported completely settled. . . . Frank Mencuri, Joe Batten and Ford Sebastian thrilled with the fact that Exhibit won the NAAPPB show award for their gorgeous and interesting booth for the second consecutive year. The "Dale Six Shooters" getting terrific action at this display. . . . Ray Moloney was thrilled on receiving an autographed disk from Perry Como for his daughter, Patricia. ("Patricia" being Como's latest click tune.) . . . Roy McGinnis had a brand new product "photographed for the record." May not be produced for a year or so, but when it does start into production, this photo is sure to prove of interest to all.

Charley Pieri on the road again. Believes that there will be more converting than ever before as materials controls continue to get tougher. . . . Wally Finke and Joe Kline licked the zero weather by opening a coffee shop in their showrooms at First Distribts. It clicked big with ops. . . . Lenny Goldstein of T. & L., Cincinnati, O., has a grand bunch of used machines for sale. . . . Samuel Wolberg of ChiCoin received a phone call from one out-of-town mfr., asking him if he were building a selective music machine. Wolberg replied, "That's the first I've heard of it." . . . Anthony Hesch, music op of Arlington Heights, will be disappointed at results of national questionnaire regarding 10c play. . . . Harry Brown says, "I'm gonna ride it out all the way. Make it or break it." . . . Many a distrib looking forward now to losing good men in the 26 and under class, to the draft. Remember women mechanics and collectors in the last war? Helen Cusson, of Portland, Ore., trained an entire fem crew for the late Jack Moore.

Willie Blatt writes up from Miami Beach, "Sun's shining. Swimming's fine." . . . Willie Cohen of Minneapolis reported to have sold out most of his coinbiz. . . . Bumped smack into Bill Billheimer of Como. Bill is on his way to the park show where "Hollycrane" displayed. Showing some fine complimentary letters received on firm's "Hollycrane" and conversions. . . . Vic Weiss and Billy Knapp of Allied, reported taking things easy these days. . . . Mike Hammergren, whose SuperVend sales force selling like mad, was approached by another bev dispenser mfr. about "a deal." But Mike scurried down to Dallas to just keep SuperVend production zooming. . . . Col. Lew Lewis, just returned from an extended buying trip, reports, "Prices are going up everywhere for good used machines." . . . Vic Comforte and Lou Koren (Lou is down in Miami Beach) poppin' plenty with "Popperette," automatic corn popper.

Will ops soon pay higher license fees? The nation's 37 cities of 250,000 population and over were all in the red in '49. And are deeper in the red in '50. Perhaps higher license fees, bigger income taxes, greater overhead expense plus inflated dollar, will force ops to seek a more equitable commish basis or front money service guarantee. And last, but not least, 10c play for amusement games. . . . Bally "Turf King" breaks firm's all-time record for consecutive weeks in production. And still going strong. . . . Regardless of rumors, as yet no official announcement from Permo regarding 45 rpm phono. . . . Many distribts, and a few mfrs., too, reported to have large inventories on hand. But, none worried. . . . "The Cash Box's" annual "Holiday Special," the once-a-year holiday greetings issue important (more important than ever) to all in the trade. Rush your ad in today. . . . Sen. Malone's eleven-hour filibuster of the Johnson Bill cost \$5,236 to print in the Congressional Record. \$72 per page for 73 pages. . . . Dave Lowy of N. Y. C., in the Bismarck cocktail lounge enjoying a cocktail.

You who attend Chicago conventions "provide the fastest flowing dollar in the city" according to the Greater Chicago Hotel Assn. Out of each conventioneer's dollar, about 24c goes for his hotel room and incidentals, 12c for hotel restaurants, about 8c for beverages, Chicago's retail stores get about 17c, taxi fares about 3c, theatre tickets about 3c, nite clubs about 10c, and the remaining 23c goes for a variety (?) of other items. . . . Joe Westerhaus should be supported by all Cincinnati ops in his effort to explain sales prices and depreciation to Ohio Tax Commission. . . . Vernor's ginger ale will be driving for vendor biz here and in all other big centers.

Happy birthday to my associate Joe Orleck this past Friday, Dec. 1. . . . and happy birthday to Mike Munves this past Sat., Dec. 2. . . . Gil Kitt reported in Florida. . . . Bill O'Donnell of Bally, gets our vote for outstanding effort to help firm's distribts. . . . Feature writer for Harper's Bazaar magazine in town, seeking for history of juke box business. Wants to give it outstanding spot in one of this fashion mag's forthcoming issues.

New Faster-Scoring
AND NO-WAIT UPRIGHT FLY-AWAY PINS
SPEEDS UP PLAY... STEPS UP PROFIT...

SHOOT a puck through the Hook-Lane at proper speed . . . and see the puck actually swerve into the pins for a smashing high-score hook-shot! Watch the players flock to the only shuffle-bowling game that permits all styles of bowling skill, including hook-shots and straight-shots . . . the only game that brings out players' speed-control skill as well as aiming skill! Watch the lightning speed of puck-rebound, score-totalizer and pin-reset! You'll quickly see why HOOK-BOWLER is the fastest profit-producer in the shuffle-class. Order HOOK-BOWLER today!

Bally
TURF KING

THE GREATEST PIN-BALL GAME OF ALL TIME!

Press a button . . . and your favorite features pop out at you in concentrated brilliance on the backglass. Selections! Odds! Double Scores! Feature! The revolutionary new Player's Choice idea permits every player to play the game his way . . . to test his judgment before the final skill-test of shooting the ball. The result is complete player-satisfaction and the greatest earning-power in pinball history.
