## Teen-Angle Albums Following Hit Trail Blazed by Singles

The slight pickup in LP sales which started in mid-July continued last week, sparked mainly by hit LP's with pop artists and a number of movie sound tracks. Though this was true in most markets there were a number of areas where LP sales were still sluggish. Where LP business ranged from good to strong it was the fast sales pace of the hit items, especially the newer LP's, that created most of the traffic. Hit LP's appear to be jumping to the top of charts at a much faster rate than they used to, and grabbing sales immediately upon release instead of after a month or two on the market. More and more the LP business, according to dealers, is following the hit trend of the singles record market, perhaps because so many of the new albums are teen-oriented.

Meanwhile, singles business continued to flow its happy way, with dealers and rackers reporting that this summer's 45 sales are the best in the last three summers. This has happened even though manufacturers release albums containing the hit singles while the hit still is getting action on the "Hot 100" chart. At the moment, for instance, Bobby Vinton's LP of "Roses Are Red" has jumped high on BMW's mono LP chart, while the single record is in the No. 1 slot for the fourth week in a row.

## Chi Distribs Offer Hot Deals

CHICAGO—"We're getting good deals on just about everything—singles and albums—even stuff that's in the Top 10 on the charts," said one of the city's leading one-stop operators, summing up what is perhaps the most unusual thing about the city's bullish summer record business.

Dealers, rack jobbers, discount stores and distributors are all reporting sales well ahead of last year. But despite the strong sales—or maybe, because of it—deals continue to swing left and right.

Dealers report 20 and 25 per cent deals on singles, and as much or more on LP's. Even some of the new fall plans being introduced by the majors are carrying discounts over and above what is stated in the plans.

The best explanation seems to be that distributors seem anxious to sustain their volume and are making whatever deal is feasible to do just that. "I don't know what the reason is, but it's shooting some spirit into my outfit," said one big dealer, perhaps speaking for everyone in the city.

Singles are still the big item though lately albums have started to move again. Many of the hot albums are those by hot singles artists: witness LP's by Bobby Vinton, David Rose, Rick Nelson and Elvis Presley—all doing very well in the Windy City.

Discounting appears to have leveled off with prices ranging from \$2.50 to \$3 for a \$3.98 album. The rumor continues that Korvette is planning an outlet here, but to date, the rumor has no real basis in fact.

## 'Best Summer in Years'—SF Reports

SAN FRANCISCO—"Best summer business in years," some distributors and dealers were saying in this town, last week. A batch of hot singles, and strong album product for indie as well as major record distribrs, were being credited with the upswing. And on the radio front, distribrs were looking more favorably on paid radio time. (One label rep, A. H. Meyer, uses radio spots as a regular exposure format for the Victor album product.)

Among the singles, the new Ray Charles disk was the big scorer, with initial sales moving as well if not better than the "I Can't Stop Loving You" smash. In addition, Little Eva's "Loco-Motion," Bobby Darin's "Things," the three "Taste of Honey" records, by Eddie Cano, Reprise; Martin Denny, Liberty, and Victor Feldman, Infinity, were all doing well. In addition, the two "Beach Party" sides by King Curtis and Dave Yorke on PKM were showing some action. "Ramblin' Rose," by Nat Cole on Capitol was also getting calls.

Among the hot local singles, "Danny," by Nancy Claire on the Rona label had moved over from strong sales action in Seattle. Other local new sides getting wide air play were

## BONANZA FOR ARTISTS

# There's Gold in Them Thar Record Contract Concessions

By BOB ROLONTZ

NEW YORK — The frenzied scramble among record companies to acquire—or to hold—top-selling record acts has resulted in a bonanza of contract concessions for the talent. Though these concessions, for the most part, haven't bent the rather rigid contract conditions for brand-new artists, they give the young talent something to shoot for if a couple of hits come along.

Name artists have managed to secure concessions ranging from high royalty payments to advertising allotments on every single or LP they do. Many have applied pressure by intimating they would join another label at the end of their contracts, thus forcing companies to tear up current pacts in favor of more liberal ones.

Not all of these concessions turn out badly for the record firms. Sometimes (as in the case of a top-selling artist getting royalties over a period of years for income tax purposes), the piled-up loot has restrained an artist from jumping the label because it would mean he would get his royalty money in one taxable chunk.

At the same time, some of the other concessions, such as guarantees, have got record companies

embroiled in high pay-off, long-term contracts that are costly—particularly when the artist drops off in sales.

### Artists' Inroads

Areas where name recording artists have been able to break existing standards include:

**1. Cost of recording sessions.** Most artist contracts call for the singer to pay the cost of the sessions—to be charged against his royalties. However, many top artists now insist that the record label pay the entire cost. This often inhibits an a.&r. man from experimenting as he might if the artist was picking up the tag. And it often, also, makes the a.&r. man keep a closer eye on the clock.

**2. Royalty payments.** A slice of 5 per cent of the list price on single records used to be the going rate for pop artists. This has been breached many times, with artists like Paul Anka, Bobby Darin, and others getting a much higher royalty figure. Some artists are reportedly getting as high as 10 per cent. (For obvious reasons, firms like to keep this quiet.) Outside producers, like Lieber and Stoller, or the Aldon Music team, get better than 10 per cent royalty and they pay the artist out of their share.

**3. Material.** Top artists today

are much more likely to insist on choosing their own material. Many of the younger artists write their own tunes and only record their own tunes. And, of course, they get paid as writers, or in some cases as both publishers and writers.

**4. Advertising budgets.** There are contracts today that call for ads in trade papers and specific consumer advertising on each single or album released. This is an increasing trend.

### Artists As Producers

**5. Separate set-up.** Some of the new artists contracts make the artist his own producer-a.&r. man-

## Jobbers to Meet Mfrs. at NARM

PHILADELPHIA—Special person-to-person meetings between rack jobbers and record manufacturers have been scheduled as part of the NARM mid-year meeting and sales conference to be held August 26-29.

The meetings, which will be held at the Edgewater Beach Hotel in Chicago, are to be held on separate days, August 27 and 28 from 9 a.m. to 5:30 p.m. The manufacturers will hold 20-minute confabs with each NARM member over the two days.

The person-to-person meetings are being arranged by the NARM committee and Jules Malamud, executive secretary. Dates and times will be distributed prior to the opening of the sales conference. These talk sessions have been set up to facilitate buying and selling for both parties. Executives of both the disk firms and the racking companies will be on hand to iron out individual problems, and the record makers will have an opportunity to show new fall and Christmas merchandise.

## FCC Links FM Channels to Size of Cities

By MILDRED HALL

WASHINGTON—A whole new channel allocations picture for FM radio service was proposed by the Federal Communications Commission last week, along the lines of television's 80-channel table. The agency also made major changes, effective in the near future, in rules governing classes of FM stations, zones, power and mileage separations, with reasonable latitude for stations not meeting all requirements.

The FM face-lifting operation begun a year ago would allocate the proposed 80 channels on a population basis: 10 to 15 channels for cities with population of one million and over, 6 to 10 channels for 250,000 to 1,000,000 city population, 4 to 6 channels for 100,000 to 250,000 population, 2 to 4 with cities of 50,000 to 100,000, and 1 or 2 channels allocated to cities with less than 50,000 people.

Comment Due August 31

Comment on this proposed rule-making is due August 31, when FCC commissioners will be return-

ing from their annual August vacation period.

Priority considerations in preparing the new allocations table would be given to: (1) Existing FM stations; (2) first FM service (particularly where there is no nighttime primary AM service); (3) providing each community with at least one FM station, as far as possible; (4) providing at least two FM services to as much of the population as possible; (5) providing two local FM stations to all communities able to support them; (6) provide a substitute for inadequate AM service, and (7) assign channels to communities on the basis of their size, location and number of outside services available.

Listing by communities will be proposed later by the Commission.

### Three Zones

In the report and order on new rules for FM, the FCC divides the country into three zones, instead of the present two, again following the TV service pattern. Zone 1 includes part or all 18 Northeastern States, plus the District of Columbia; Zone 1-A is confined to the southern portion of California, from 40 degree latitude above San

## CSIDA, LUPPINO NAMED TO NEW BMW POSITIONS

NEW YORK — Andrew Csida this week was named Director of Sales for Billboard Music Week. Csida, who joined The Billboard Publishing Company in 1943, has been Advertising Co-Ordinator since 1961. Prior to that time he handled advertising and promotion management functions for BMW, High Fidelity and the Television Department of The Billboard.

Frank Luppino this week was named Promotion Manager for BMW. Luppino joined The Billboard Publishing Company in 1948. He has been in charge of International Sales for BMW, a function he will retain in addition to his new duties. Luppino's previous responsibilities included promotion and sales functions for several divisions of The Billboard Publishing Company.

## 3-M's Tape Cartridge to Get Special N. Y. Press Showing

NEW YORK—Minnesota Mining & Manufacturing Company (3-M's) is expected to unveil its long-awaited tape cartridge recorder-player this week at a special press showing here Wednesday (1).

A demonstration of a pilot model

of the unit was held more than two years ago, in March of 1960, at a meeting sponsored by the Institute of Radio Engineers here. At that time, Dr. Peter Goldmark, of CBS Laboratories, who pioneered in the research and development of the unit, explained its operation and demonstrated its playback quality. The trade has awaited the coming of factory-built, commercial units since then.

The unit employs a device which allows users to stack as many as six cartridges on the player, similar to the way records may be stacked on a disk changer. A revolutionary feature of the unit is the operating speed of 1 1/2 i.p.s., heretofore considered unsatisfactory for full fidelity reproduction.

It is understood that a number of the units have undergone extensive rugged testing, over a period of 90 days, and have been found satisfactory in the eyes of engineers on the project.

The set is expected to be marketed under the brand name of the Revere Camera Company, a wholly owned 3-M's subsidiary.

It is also understood that some consideration has been given to making an alternate model of the unit available for commercial background music purposes. This, it is reported, would incorporate a speed of 15-16 i.p.s., but tests with this extremely slow speed have been inconclusive.

Repertoire for the prerecorded tape cartridge is being made available by Columbia Records, as well as various background music library suppliers. The extent of the

## Decca Shows 32 Albums at Meets

NEW YORK — Decca unveiled 32 new albums—including five Gold Label classical, seven Coral and two Brunswick—part of its fall promotion program introduced to its field men at regional sales meetings throughout the country last week.

The meetings were conducted by Sydney N. Goldberg, vice-president in charge of sales, and Claude Brennan, Louis J. Sebok and Jack Kiernan, members of Decca's home sales organization.

The full-day meetings covered merchandising plans along with a dealer incentive plan, details of which are available from Decca distributors. The program is carrying the slogan of "Sales Unlimited."

## Dot Outlines Fall Program

HOLLYWOOD—The Dot Records Fall Program, shooting for a \$5,000,000 sales target during August alone, will offer dealers an optional discount plan, four months' dated billing, a 100 per cent exchange privilege, plus a discount on prepacked singles.

On the album side, dealers will have the option of choosing either of two discount plans: buy 10 LP's and receive 12 (i.e., two free for each 10 purchased), or a straight 15 per cent cash discount on what is ordered. Thus, dealers do not have to accept free merchandise,

## Gotham Businessmen Ready to Open Distrib-Racked Discount Chain

By JACK MAHER

NEW YORK—A new concept in record merchandising will make its bow in this city when the first in a planned string of discount, rack record shops opens in the near future. The shops, which will be racked by distributors, will be owned by a business syndicate with no previous experience in the record industry. Besides LP's the shops will also sell paperback books on a rack basis.

The merchandising concept for these new discount shops follows one being tried in other areas of the country (see BMW, July 21). In essence it makes the distributor a rack jobber and the dealer a landlord.

The New York businessmen responsible for the planned stores have three things uppermost in mind: utilization of space, low overhead and a minimum of personnel. As a result, they are approaching the city's distributors with a proposition in which the distributor takes a specific amount of wall space, equips it with racks and services the racks with LP product. The store takes a percentage of each album sale. Wall space would be allotted for all important lines. The owners of the proposed chain believe they can sell LP's for between \$2.37 and \$2.78. Ultimately the group intends to have some 100 stores on the East Coast.

This Manhattan move follows similar plans in other areas of the country where discount store and rack jobber competition has been roughest. Distributors and dealers are teaming up in this distrib-rack jobber and dealer-landlord relationship in a number of key areas; San Francisco for one.

# Olds WINS Appointment Presages Music Changes

NEW YORK—Mark Olds was named general manager of WINS here last Friday (27), a move presaging what are expected to be substantial programming changes in the city's top-rated rock and roll outlet.

Olds, a onetime Westinghouse Broadcasting Company official, and a 20-year veteran of the broadcasting industry, has been program director at WNEW, New York's highly rated "good music station."

Sale of WINS to Westinghouse was closed last Friday (27) following approval of the move by the Federal Communications Commission, July 13.

Ted Steele, long-time manager at WINS, indicated he would stay with the station to "effect a smooth and orderly transition and take-over." Steele said he would announce his plans shortly.

## Slow Transition

Though Westinghouse officials have made no comment, WINS is expected to move slowly toward a "softer sound." Format has ranged from a program of soft rock in the morning to out-and-out, swinging rock and roll at night featuring the top-rated teen-age show handled of Murray (The K) Kaufman. Westinghouse is noted for a programming format consisting of heavy news, public service programs and a so-called "middle-of-the-road" musical sound.

Westinghouse is certain to bring in its highly vaunted news operation along with several other specialty shows such as its program "PM." An official noted, however, that it would be at least three months before the "WBC sound" was established.

Donald H. McGannon, Westinghouse president, said he was

"pleased that Olds had rejoined the chain," noting that he had an "outstanding record of experience and accomplishments at KYW (Westinghouse outlet in Cleveland) and WNEW."

In other changes at WINS last week, Paul Sherman took over Bob Lewis' Freedomland remote show, Saturday, 1-5, and Sunday 3-6 and 8-10. (Lewis was expected to join WABC here.)

Bud Breeze, formerly with WPEN, Philadelphia, joined WINS to take over Sherman's staff duties.

Olds originally joined Westinghouse as a producer-director for KYW, then in Philadelphia. He became program manager in 1955, moving with the station to Cleveland. In 1959, he joined WNEW.

# Scramble on for Disk Artists Among 1400 Once on MCA List

NEW YORK—The exiting of MCA from the talent business last week caused one of the biggest scrambles in the history of the agency business—for clients and for agents who could bring with them some of the names of the 1,400 names in the record business—that MCA used to represent.

The divestiture by MCA of its world-wide talent agencies was accomplished by a stipulation and order negotiated with the antitrust division of the Department of Justice on Monday (23), but MCA had previously dropped most of the important parts of its agency work. MCA had originally intended

to get out of the agency business on July 18 and devote itself to TV shows under Revue Productions, and eventually to movies through its merger with Decca Universal. The Decca Universal merger with MCA, however, also was under fire by the Justice Department.

MCA's income last year from its talent agencies amounted to \$8,500,000. Its income from Revue Productions amounted to \$72,000,000 for the same period.

But though MCA's talent agency income was much less than its income from Revue, the firm still maintained the largest talent agency in the world, and had most

imposing roster of stars — from actors to writers, from singers to literary figures, from ballet performers to bands.

## Everybody Freed

Under terms of the government order signed by MCA the corporation freed all of its clients. Some of these clients have stayed with their agents, and are going with them to new set-ups. Others have not yet decided what to do, and some clients have decided not to stay with their old MCA agents at all but to go with other agencies.

As for the agents themselves, they have selected many paths. Some are joining other agencies—and taking key clients with them. Others are opening up shop for themselves. And some seem—at this point—very undecided about what steps to take.

It is reported that Dave Baumgarten, who was in the vaude slot at MCA, will go into business for himself with a number of top acts. Herb Brenner and Howard Rubin have formed their own outfit, called International Management Associates, Ltd. Herman Citron and Arthur Park have formed Artists Agency Corporation. Irving

# U. S. Suit to Bust MCA-Decca Tie Still On

NEW YORK — MCA's decision, at the behest of the federal government, to dissolve its talent agencies throughout the world, does not affect in any way the government's antitrust suit for dissolution of MCA's recent merger with Decca Records.

There will be a hearing Monday (30) to continue the injunctions that prevent MCA from co-mingling its assets with those of Decca and Universal-International. The takeover of these firms is one of the major concerns of the civil antitrust action filed by the government on July 13.

There are trade observers who believe that the government's case in its divestiture suit against MCA is less strong now than it was before the MCA talent agency was

disbanded. However, few doubt that the U. S. will continue to press its suit.

If MCA was forced to dissolve its merger with Decca-Universal, it is assumed that Decca-Universal would continue as before. Decca has had strong grosses over the past two years and currently is rid-

ing high with hit singles and albums.

There has been much comment in the trade that the major interest of MCA in taking over Decca-Universal was to obtain the facilities of the Universal Pictures Studios for its Revue Productions operations.

## THE SINATRA FIRM

# Heaviest Program Yet Launched by Reprise

HOLLYWOOD — Reprise Records has launched its heaviest release program to date, with 20 new albums tabbed for a saturation fall promotion. The plan is called "The Bonanza."

The release represents a number of different categories, one of them a "sound" series. The program is backed by an all-out push, including the dispatch of 13,000 LP samples to regular AM and FM and college stations, a "stiff" program of 5 cents per LP sold for distributor salesmen, and incentive contest with a \$500 first prize for promotion men, special taped messages from the head man, Frank Sinatra, to important dealer accounts, and a "make your own discount" plan for distributors.

### Basic 10 Per Cent

This involves a basic 10 per cent discount, provided that at least one of each of 10 selected new releases is purchased, plus a graduated scale of extra discounts.

For every two selections of the remainder of the new releases, of which distributors buy at least one, an additional 1 per cent discount is earned on the entire order, up to a total discount of 15 per cent.

At a recent distributor meeting, it was also brought out that Reprise is going to be heavily involved in the singles field. At one time the label was almost entirely album-minded, but it is now in the midst of a completely revamped singles operation, headed up by Nick Venet and Chuck Sagle. High hopes are expressed for such artists as Nancy Sinatra, the recently signed Dorsey Burnette, and other lesser-known talents now being pacted.

### Sound Series

One of the highlights of the release is the new sound (6000) series of four albums. These were recorded under what was called a new process, incorporating an increased tape speed of 120 centimeters a second. The sets, which carry a regular price range of \$3.98 mono and \$4.98 stereo, are by Esquivel, Les Baxter, Chuck Sagle and a package titled "Frank Sinatra Conducts Music From Pictures and Plays."

This series is being promoted by a special seven-inch, stereo single with a band from each of the four albums. There will be 50-

# King Records' New Bonus Plan Offers Dealer 1st Edition Singles & Albums

NEW YORK—Dealers will receive "first edition" singles and albums as part of King Records' new bonus plan running July 23 through August 31. The plan applies to the firm's entire catalog as well as its August release of 20 new singles and six albums.

The first edition disks — available in stereo and monaural—have not been previously released by King or any of its labels. The plan calls for dealers to receive five bonus singles for every 25 singles bought from the King, Bethlehem, Federal, Deluxe and Queen lines.

Dealers also will receive three bonus LP's for every 10 albums bought in the King or Bethlehem lines.

## Buying Multiples

All purchases must be in multiples of 25 for singles and 10 for albums. The bonus merchandise will be shipped to dealers prepaid from the King factory in Cincinnati.

On the King label, dealers can

choose any of the following singles for their bonus record: James Brown's "Mashed Potatoes U.S.A." b-w "You Don't Have to Go"; Hank Ballard's "When I Need You" b-w "Dream World" and Little Willie John's "Doll Face" b-w "Big Blue Diamonds."

Bonus albums include: Bob Kames' "Show Stoppers," Earl Bostic's "By Popular Demand," and the Stanley Brothers' "Folk Song Festival."

Bethlehem's bonus albums include: "The Masked Marvel Band From England," "Golden Jazz Instrumentals," and "Jazz Vocal Award Album."

All the bonus albums and singles will carry a special label and packaging and will be non-returnable and non-exchangeable.

King President Syd Nathan said all the bonus disks will appear as future King or Bethlehem releases.

# TRADE PRACTICE FTC DECISION OFF FOR MONTH

WASHINGTON—Decision on trade practice conferences for the record industry may have to go over until after Labor Day, FTC spokesmen indicated.

The matter is under active consideration at the Federal Trade Commission, but speeches and conferences scheduled for commissioners will keep them out of Washington for a time. (See Billboard Music Week, July 21.)

# WB Signs Trio At Long Last

## Peter, Paul & Mary Had Only Handshake Deal

HOLLYWOOD — Peter, Paul and Mary, the top-selling folk act on Warner Bros., has signed a long-term contract with the diskery. Surprisingly enough, up to now the trio has worked with the label on the basis of a handshake, and never has had a contract.

Even though the group has had many other offers as a result of its best selling album on the label (over 80,000 copies), and its hit single, "Lemon Tree" (over 200,000), the trio respected its gentleman's agreement with the firm. Manager Al Grossman and Warner Bros. head Mike Maitland reached an agreement on the contract last week.

Meanwhile, Warner Bros. is throwing its heaviest promotion guns behind its new fall LP releases, consisting of 10 new albums. New sets spotlight top stars on the label like Dorothy Provine, Connie Stevens and others. Firm is also adding concentrated sales pitches on current moving efforts like "Peter, Paul and Mary," "The Music Man," "Johnny Get Angry" and "The Golden Hits of the Everly Brothers."

Firm is shipping its distributors large quantities of a new fall display featuring the top albums from the release for use in its store windows and counters. Shipping with the release will be a new four-color catalog illustrating all albums in the Warner Bros. line.

Warner's, which is currently hot in the singles as well as the album field, also made a deal last week to distribute the Rona Records waxing of "Danny." Disk features Nancy Clair. Record has been showing some action in Seattle and San Francisco.

## A Correction

NEW YORK—The new record by Jimmy Clanton on the Ace label being distributed by Vee Jay Records is called "Venus in Blue Jeans" not "Venice" as shown in an ad on Page 31 of last week's (28) issue.

HOLLYWOOD — "Capitol certainly is not attempting to run Frank Sinatra out of the record business. It owns many masters made by Sinatra. Capitol paid for these recordings and can sell them lawfully at any price it wishes." Furthermore, the charge that Capitol has engaged in price discrimination "is absolutely false."

Thus, last week, Capitol Records president, Glenn Wallichs, in quite but determined tones flatly refuted

charges leveled in the Frank Sinatra firms' suit against Capitol (BMW, July 21). The action was filed earlier this month, accusing Capitol and its distributing subsidiary firm with violation of the Sherman and Robinson-Patman acts, and asked \$1,050,000 in treble damages. The Sinatra suit came on the heels of Capitol's special discount program devoted exclusively to the singer's albums, offering a free LP for each one purchased.

The complaint specifically charged Capitol with restraint of trade, the attempt to create a monopoly by destroying Sinatra's Reprise firm, and practicing price discrimination by selling Sinatra product at varying prices to different dealers. Wallichs answered:

**Welcomes Competition**

"During the 20 years we have

been in business, it has been common knowledge within the record industry that Capitol has always welcomed and encouraged competition. We have never and will never make a business move designed to eliminate a competitor.

"In offering Sinatra's albums for a limited period at what is essentially 50 per cent off, Capitol Records Distributing Corporation is merely utilizing a common and successful marketing tool—make profits by volume instead of higher mark-up.

Wallichs concluded by stating that the complaint contained "many other nuisance-type allegations," but that no "worthwhile purpose would be served" if he answered these. According to Capitol's legal eagles, none of the charges in the complaint "is legally sound."

## Marks, Tutti Form New French Firm

NEW YORK — Edward B. Marks Music Corporation together with Editions Tutti, publishing affiliate of Philips Records, has formed Marks-France, new French firm to handle copyrights for the entire popular and standard catalogs of the American Marks firm.

Negotiations were completed last week between Gerard Tournier, general manager of Tutti, and Bob Marks, vice-president of the U. S. firm.

The arrangement represents the first time that Marks has formed its own foreign company. It will continue its previous free-lance agreements in England, and its exclusive representation agreements in such countries as Italy, Germany, Scandinavia, Holland, Spain and Australia.

Marks-France will continue to deal with such firms as Leduc of Paris on classical music.

The new organization will share offices with Philips and Tutti in Paris. Tournier will be supervising director, and a special professional manager is being sought to handle promotion.

Marks also signed agreements to give exclusive rights to its catalog to Musicvertrieb AG, Zurich, for Switzerland.

The firm also has acquired several European copyrights, including world-wide representation (excepting Germany) for the Neapolitan standard "Tik-A-Tea, Tik-A-Tay," known in the U. S. as the "Tic Toc Polka."

## UA Signs With Stacy, Names Picone to Post

NEW YORK—In product and personnel moves this week, United Artists Records signed a long-term distribution deal with Stacy Records, Chicago, and named Phil Picone Eastern regional sales manager.

The Stacy deal, which begins with the current "Jivin' Around" Al Casey disk, was consummated between UA's Art Talmadge and Stacy's Jim Gaylord. The records will be issued on the Stacy label but will carry a UA number.

Picone joins the United Artists sales staff after posts with Time and Mercury Records. Along with naming Picone, the label appointed Marv Browdy, working out of Cleveland, as Midwest chief.

The label also signed the Mod-ernaires to a new recording pact.

## More Distributors Added by Colpix

NEW YORK—Colpix Manager Jerry Rakey has named six new distributors for the label. The new distributors include Superior in New York, Allen in Richmond, Main Line in Cleveland, Topps in Miami, and Music Merchants in Detroit. In Canada, Colpix will be represented by Compo, Ltd., of Quebec. Last week the firm named Beckerman as the firm's distributor in Milwaukee.

## German Anti-Monop. Probe Spreads to Mfrs., Distribs

BONN, W. Germany — The Federal Cartel Office, West Germany's anti-trust enforcement agency, has announced that it is considering the expansion of its monopoly investigation of GEMA, the German ASCAP organization, to include phonograph manufacturers and distributors.

Anti-trust charges were filed against GEMA by the Central Organization of German Coin Ma-

chine Operators (ZOA). ZOA complained that GEMA's copyright control in effect gave the society a monopoly on juke box music programming.

GEMA presently collects annual royalties of 78 marks (\$19.50) on each juke box, and proposes to boost the amount to 93.60 marks (\$23.40).

Operators contend that the increase is unjustified because of steadily rising costs and declining collections. ZOA charges GEMA with driving operators to the wall.

Operators are now asking to have manufacturers and distribu-

## Col'bia Keeps Nippon Distrib

NEW YORK — Columbia Records has renewed its deal for distribution of its product in Japan through Nippon Columbia Co. Ltd. The new agreement was negotiated by Columbia President Goddard Lieberson and Dr. Kohki Naganuma, board chairman of Nippon Columbia, during Lieberson's recent visit to Japan.

All product produced by Columbia, its American subsidiaries Epic and Okeh, and its wholly owned overseas affiliates, Discos Columbia de Mexico, Columbia Argentina and Columbia do Brazil, is covered by the pact.

Dr. Naganuma and his colleague, Hizuru Kaneko, sales manager of international repertoire at Nippon Columbia, have been in this country since July 17. During their visit, they attended the Columbia sales convention in Miami Beach, Fla.

## Atlantic People on Go

NEW YORK — Two executives and some of the talent of Atlantic Records are having a busy time traveling this continent and crossing the Atlantic (Ocean, that is) in pursuit of recording activities.

On a recent visit to the West Coast, Neshui Ertegun recorded a new Mel Torme LP and signed two new acts. On the Torme date the singer is backed by the Shorty Rogers band. The firm also landed and recorded Jerry Mathers, who is star of the "Leave It to Beaver" TV'er. While on the Coast, Ertegun also signed Vi Redd, femme jazz singer and alto saxist.

Overseas, Mirian Beinstock, vice-president and director of foreign operations, is on a four-week swing around the Continent and will visit the firm's foreign licensees Stops in Spain, France and England are definitely set.

## Dave Hubert Bows New Horizon Label

HOLLYWOOD—Dave Hubert, former head of the Omega label, has formed a new firm, Horizon Records, and has concluded a domestic and foreign distribution deal with Dick Bock's World Pacific firm. Horizon will concentrate in the commercial folk music field, rather than the ethnic type available on other labels, Hubert said. Label kicks off August 15 with a six-LP release plus one single, and will be launched with a two-for-10 special discount program.

Horizon will retain its own label identity, but its wares will be handled through Bock's network of distributors. Hubert will be responsible for all facets of Horizon's product production, including artists, repertoire and packing.

Hubert has recorded a considerable amount of material on location in various folk music night spots here and across the U. S., and plans to bring to the fore established names as well as deserving newcomers in the commercial folk field.

Horizon's first release features albums by Barbara Dane, Katie Lee, Travis Edmonson (of the former Bud and Travis duo), Hoyt Azton, Jim and Art, and Judy Mayham. A single, "Greenback Dollar," by Azton, will be issued as part of the initial release.

## Sign Auld, Newkirk

NEW YORK — Georgie Auld, veteran jazz saxophonist, and Bob Newkirk, vocalist who just completed a four-week stint on ABC's "Breakfast Club," have been signed by Philips Records. Newkirk is currently appearing at the Dunes Hotel, Las Vegas, and his first session is slated for September.

## Bernie Lowe Inks 'Rawhide' Star In 1st Coast Cameo-P'kway Move

HOLLYWOOD — Cameo-Parkway President Bernie Lowe last week signed TV thesp Clint Eastwood, of the "Rawhide" series, to a recording contract as the first step in a projected drive for more Coast-based talent and material. Lowe told BMW he will concentrate for a greater share of the Cameo-Parkway recording attention on Hollywood than in the past.

Lowe said that studies of today's market reveals that more than 25 per cent of today's top sellers emanate from here, and that he is determined that his Cameo-Parkway combine will move in for a share of the Coast-born hits. He told BMW that he will be adding TV and movie people to his labels' artist roster. In addition, he wants his firms to aggressively pursue TV and picture material, including sound tracks.

Lowe is here to record a Bobby Rydell album, while Rydell currently is being filmed in a feature role by Columbia Pictures in "Bye, Bye, Birdie." Lowe said that in addition to signing Eastwood, he plans to make other Hollywood talent acquisitions before he departs for his Philadelphia home base.

Lowe, who heretofore visited the Coast infrequently, intends to make regularly scheduled trips to personally conduct the Cameo-Parkway forays on Hollywood's talent

pool. According to his research, all the major labels have stepped up their recording activities here to where the Coast today commands a far greater share of product origination than ever before. Furthermore, Lowe has been impressed by the increasing share of top sellers that Coast-based independent firms have been getting.

The Lowe labels, currently represented on BMW's Hot 100 with five entries (three of which are in the top 12), have been enjoying their top success with such artists as the Orlons, Chubby Checker, Dee Dee Sharp, Rydell, the Carroll Brothers, among others, and have remained within the forefront of the industry's singles field. Its strength in this realm has spilled over into the package field, riding the current BMW "Top LP's" list with four albums in the first 50.

Lowe feels that greater attention to Hollywood will further expand his firms' share of the total market, and looks upon this as a form of "marketing diversification" destined to pay off in increased sales. He revealed that his company, a publicly held corporation, plans to expand along other levels as well, including the acquisition of other labels as well as publishing entities to add to the already existing Cameo and Parkway music publishing firms.

## International Copyright Group Convenes in Berlin Next Month

WEST BERLIN—The International Copyright Society, representing 22 countries, will hold its 1962 congress in West Berlin from September 15 to 16.

GEMA, West Germany's copyright society and ASCAP counterpart, will be host for the congress.

The Berlin congress, GEMA said, will focus on the reform of composer-author rights in West Germany, as a symbol of the urgent need for the drafting of uniform universal copyright legislation.

GEMA intends using the Berlin

congress to rally world composer-author support behind its demand for drastic reform of German copyright law. A GEMA statement assailed the Bonn government's copyright reform draft law as obsolete.

GEMA is miffed because West Germany's Bundesrat (Upper House) struck from the draft law paragraphs which would compel private citizens to pay royalties for tape recorders and other musical reproduction equipment.

GEMA also is demanding a tightening up of radio and TV royalty rights.

## INDUSTRY BRIEFS

### Colpix to Detroit Distrib

DETROIT — Merchants, large independent distributorship here headed by Harvey Kahn and Marv Jacobs, has taken on the Colpix line for Michigan.

### Dudley Master to Jay-Gee

NEW YORK—Jay-Gee Records has acquired a country and western master in "Under Cover of the Night," by Dave Dudley, which originally appeared on the New Star label. The master is being released on the Jubilee banner.

### Ambassador Names Prost

NEW YORK—Ambassador Record Corporation (formerly Synthetic Plastic Records) last week announced the appointment of Chris Prost to handle sales in Georgia, North and South Carolina and Virginia. Prost will be in charge of the Southeast territory headquartered in Georgia. Pat Keating is covering Missouri, Kansas and Nebraska. This brings the sales staff on the road to a total of 12 men.

The company's annual sales meeting will be held in New York August 4 and 5, at which time

Ira L. Moss, executive vice-president, will disclose the company's extensive expansion program.

### Switches at Disney

"There's a Reason," by the Cascades; "Stand Up," by Freddy Hart and "Susie Was a Good Girl."

The Meyer buy of air time for LP product has done much to hypo sales on a score of artists. The distrib air time buys are 30 second spots. The original ones on KYA played selections from the albums with talk over the music. The current ads on KSFO are solid talk. The distrib is also planning to co-op this radio ad time with dealers in the near future.

Celebrities in town were also helping to hypo sales. Lena Horne, Sophia Loren, ("Boccaccio 70"), Mel Torme, and the "Irma La Douce" tour were all generating excitement.

## Radio Battles Enliven Miami Scene

MIAMI—Record Service Company, rack-jobbing arm of Pan American Distributors, was most active here last week. Just a few weeks ago the firm took over virtually all Florida stores of the W. T. Grant chain formerly serviced by the now defunct Miami branch of L. & F. of Atlanta, Record Service, which already services many of the outlets of Kress, Kresge, Murphy and Grandway chains, was busy moving product into the Grant locations.

On the radio front, a battle royal for top ratings between WQAM and WFUN continues. Both stations employ a 24-hour-a-day machine-gun-like brand of programming, of top 40 hits with commercials and musical station breaks barreling out over the air at a frantic pace.

WQAM's latest gambit in the struggle is the offer of a free kit which shows how any station can get to be No. 1 in its market. "Don't get kit No. 1, another station here is already using that," goes the pitch, "be sure to ask for kit No. 2."

The struggle for new record exposure remains as tough as ever. WFUN now has a "dig it or ditch it" feature, in which one new record is selected by listeners for full exposure for a week. The disks that don't make it are never heard from again on the station.

WMBM, Miami Beach r.&b. outlet, has its jocks vote on one new record a week for the full exposure treatment. The famous "Butterball," who once selected his own platters, now depends on the jockey panel on WMBM for the new programming selection.

## Seattle Air Battle Royal Spurs Sales

SEATTLE—This town continues to grow as a significant exposure city for new records. There's some wild and woolly battling going on in this area for air play, and the high rate of exposure for new records is reflected in strong singles sales throughout town and the amount of new product getting action.

Aside from the big national hits, new singles getting action and air play out here are "Devil Woman," by Marty Robbins; both sides of the new Ray Charles c.&w. single (which, as in San Francisco, is selling briskly as its smash predecessor); "Silly Boy," with the Lettermen, and John Loudermilk's "Callin' Ben Casey." Two local records have also caused considerable stir, "Hey Mr. Jones" with Tony and the Statics on Bolo and "Danny" with Nancy Claire on Rona. The latter has been picked up by Warner Bros. Other sides getting good action are "Mr. Songwriter," Connie Stevens; "Poor Little Puppet," Cathy Carroll, and "Surfin' Safari" with the Beach Boys.

A number of singles have been receiving enormous air play in the area. Among them is David Yorke's "Beach Party" which, at press time, had stood off challengers on KOL's King of the Hill show for 16 straight times. The KOL King of the Hill competition pits records against one another. Winners are named by audience response.

## Solid Product Makes Twin Cities Zip

MINNEAPOLIS—Summer business here hasn't been as good in a long time, and now, with the fall album programs on the way, the record industry is really smacking its chops in anticipation of what's ahead.

Two reasons stand out for what is generally conceded to have been an unusually strong summer: (1) Good commercial

## N. Y. GRAND JURY DOESN'T LAUGH AT HA HA DISK

NEW YORK — A New York County Grand Jury has returned a 19-count information against Gilbert Snapper, 34, of Brooklyn, operator of the Ha Ha Record label. Snapper is charged with possessing and selling so-called party records. The allegedly obscene record involved goes under the title "Take Care of Business."

Snapper was arrested Monday (23). Now free on bail, he will face trial in Special Sessions Court September 25.

An investigation by operatives of the office of District Attorney Frank Hogan was sparked last March when parents complained to Hogan that copies of obscene disks were being sold over the counter to minors in the Times Square area and other parts of the city with no questions asked. Investigators then purchased copies themselves. Information from the Grand Jury held that the record in question was particularly offensive and would form the basis of a good test case.

Presentation of evidence to the Grand Jury was handled by Assistant District Attorney Archibald Murray. (The Monday arrest was exclusively predicted in BMW, July 28.)

## NO ONE STOP FOR NANNI

PHILADELPHIA — BMW was in error when it mentioned that Joe Nanni opened his own one-stop in this city. Nanni is presently employed at the I. J. Morgan one-stop here.

## ARMY BLACKING OUT ITS 'ROLLING ALONG' SHOW

WASHINGTON—For the first time since 1955, the annual All-Army Entertainment Contest, featuring the winning talent from global contests at Army installations, will not be held, and the Army's "Rolling Along" show will not go on tour.

The blackout of the international showcase for talented young servicemen which brought music, song and dance from the tundra to the tropics and won a "common market" of good will for American servicemen throughout Europe is not due to lack of funds or lack of its acknowledged effectiveness. It is apparently due to an administrative block, a change of mind, somewhere along the echelons.

In Congress, just last week, Rep. Carroll Kearns (R., Pa.) paid high tribute to the U. S. Service bands which have toured Europe and the Far East, where crowds welcomed both the music and the young Americans in the uniforms of the Army, the Air Force, the Navy and the Marines.

### Well Worth the Money

"The few dollars that it costs us to send (them) all around the world is well worth the money spent. . . . We can win victories with music because it is the most universal language. Why not use it when we can?" said Representative Kearns.

These bands do yeoman service, but they do not provide what one Special Services spokesman calls the "uniquely American type of variety" that the "Rolling Along" show has offered. The show was an inspiration to servicemen and a promotion of incalculable value abroad, with its universal appeal of singing voices, dancing feet, cheerful miming and youthful exuberance.

Recent showings of the final

"Rolling Along" show, now coming to an end, on German television, with a German-speaking U. S. emcee, conducting informal interviews, won tremendous response from the German nationals, Special Service notes. Such a show is worth a thousand pictures and brochures in winning good will for contemporary American service youth from contemporary global youth—on both sides of the Iron Curtain and the newer Iron Wall.

### Talent Contests Not Abandoned

Army talent contests have not been abandoned at installation and post level, even with the loss of the big showcase which sparked a major inspiration in the service. The Second Army and other branches hold talent contests and tour their area with a show, and some of the installations exchange shows. But all of this promotion is conducted on this side of the water, while a crying need is to bring the good will and good cheer of these young people to other nationalities.

Congressmen who are conducting their annual wailing session over the cost of professional name talent might be interested in looking into this source of free, eager young talent, which Army Operations arm can schedule and transport via fa-

## LATE POP SPOTLIGHTS

### Pop

#### RAY CHARLES' GREATEST HITS

ABC-Paramount ABC 415 (M); ABCS 415 (S)—AB has a winner here. One of diskdom's hottest acts swings through 12 tracks of top singles material. Charles sings and plays on the set which features such potent items as: "Unchain My Heart," "Hit the Road Jack," "Ruby," "Georgia On My Mind" and "One Mint Julip." A perfect companion to Ray's "Country and Western" LP.

### Comedy

#### MOMS MABLEY BREAKS IT UP

Chess LP 1472 — Moms Mabley, the vet comedienne, should have another winner with this sassy and witty new album. As usual Moms shows off her knowledge of world affairs, and affairs of the heart, on this live presentation recorded at the Tivoli Theater in Chicago where Moms starred last spring. Routines include "Jackie K. and Jackie M." and "Old Men-Young Men."

### Pop

#### FLORRAINE DARLIN

LONG AS THE ROSE IS RED (Lyle, ASCAP) (2:37)—Here's the answer song to the smash "Roses Are Red," and a strong side it is. The thrush shows real promise and she does a winning job with this new lyric to the "Roses Are Red" melody. Watch it. It can move. Flip is "I Don't Know" (Pageant, BMI) (2:08). Epic 9529

### Band

#### SOUSA'S GREATEST MARCHES

Henry Mancini, Warner Bros. W 1465 (M); WS 1465 (S)—The Mancini name and the standard marching fare offered here might, once again, pull sales for this album. The set contains march music of the most traditional type, conducted and arranged by the leader, and everything is done to the most exacting standards. There are no liberties taken with the march melodies at all.

## Juke Box Play Ups Houston Oldie

HOUSTON — Once again this year the record business in this city has been influenced by a specific juke box location. The spot is Garner State Park, a popular teenage recreation area, where many of the city's kids go to dance and socialize during summer vacation. The impact Garner State Park has on the city's record trade, once the kids get back to town, is imposing. The teeners go all out for their Garner State Park favorites and they flood deejays and dealers with requests for the tunes that dominate the park juke box. This is evident because the juke box contains a large supply of old records . . . sides that have been out

of circulation in some cases for one, two and three years.

One of the current best sellers here is a perfect example of this out-of-the-past action. "Something Precious," with Skeeter Davis, made little dent with the teen pop audience hereabouts when it was initially released on Victor a year and a half ago. But, since the disk has been getting strong play on the Garner State Park juke scene, radio stations and dealers have been inundated with requests for the disk. Copies of the side are pretty hard to come by in the area, too. Becky Lancaster, of the Music Box One-Stop, says that she was only able to get 300 copies of the side and isn't sure where her next supply is going to come from.

## Army Blacks Out 'Rolling Along'

Continued from page 8

cilities already established — and without fees.

The Department of the Army never loses sight of the need for good will and good understanding of its functions. Both at home and abroad, the Armed Forces Radio and TV services feature service music and beam to over 800 commercial stations on this side of the water, in addition to Army installations here and abroad. Overseas, some millions of "eavesdropper" listeners from the Adriatic to the Baltic can tune in on the network.

The Army's Special Services spokesmen point out that while this is of prime importance, it still does not bring the live and breathing presence to audiences at home and abroad, as the "Rolling Along" show did. Nor is it quite as representative of the grass-roots democracy of talent and opportunity in the services.

Proposals to set up some other type of grass-roots opportunities for competitive talent in the services, and bring this music to the attention of U. S. and overseas listeners, are believed to be under discussion by the Department of the Army. Such a program would at least partially fill the vacuum left by the ending of the all-Army entertainment contest and the show, where each contestant vied for the honor of representing the whole service and the whole country.

It is said in some areas of the department that some of the higher up feel the "Rolling Along" show has "accomplished its purpose." But as every militarist knows, in this era of skirmish and cold war, nothing stays accomplished. Few would argue that there has been any more successful infiltration into the hearts of other nationals than that of the young musicians, singers, choruses and fledgling comic talents of the U. S. Army in live performance.

## Buckley Launches Own Record Label

NASHVILLE — Louis Buckley, veteran coin machine operator, owner of Buckley's Discount Records and operator of Record Department of Harvey's, Nashville's largest department store, has launched his own disk label here known as Buckley Records.

## WITH THE COUNTRY JOCKEYS

By BILL SACHS

Country music has returned to the night scene in the Houston area, with Station KWBA, Baytown, Tex., now serving a four-hour block from 6-10 each night. Show is titled "Country Music Jamboree" and jocks are Bob Wolfe and Jerry Lee, who welcome anything in the way of c.&w. releases and promo tapes. . . Jay Drennan has bought into KCEY, Turlock, Calif., which spots a 12-hour block of country each day. They also welcome releases—oldies and newies.

Mike Hoyer, of KMA, Shenandoah, Ia., invites brother deejays to write him for a copy of Dave Dudley's new platter, "Under Cover of the Night" b.w. "Please Let Me Prove." Put your request on your station letterhead. . . "If it weren't for the publishing firms," writes Tom Matteson, manager of KNOG Radio, Nogales, Ariz., "we

wouldn't be able to program c.&w. music. We get real good co-operation from RCA Victor and Mercury, but we get nothing from Capitol and Decca. Recently, on my 'T-N-T Show' (6 to 9 a.m.), I played the Don Gibson, Ray Charles and Tab Hunter recordings of 'I Can't Stop Loving You.' I played them back to back each morning for a week and asked tater-diggin' buddies to call in their preferences. The vote was: Don Gibson, 120; Ray Charles, 80, and Tab Hunter, 20. As a result, we are bombing all but the Gibson disk."

Deejays needing a copy of Warren Smith's "160 Pounds of Hurt" b.w. Book of Broken Hearts; Wade Ray's "It's My Way" b.w. "Little Ole Lovemaker"; Webb Pierce's "Crazy Wild Desire" b.w. "Take Time"; Johnny and Jonie Mosby's "I'd Fight the World"; Al Dexter's "I Won't Be Number

# Presley Rates Tops On British Charts

By **DON WEDGE**

LONDON—Elvis Presley again showed up as the outstanding artist on the British singles charts in the first half of 1962. But eight of the Top Ten placings during the period were occupied by British artists.

Cliff Richard again took second place to Presley. Chubby Checker, largely through the success of his "Let's Twist Again" hit, was third. He was followed by seven local artists—Acker Bilk, Karl Denver, Kenny Ball, Billy Fury, the Shadows, Eden Kane, Helen Shapiro and Danny Williams.

Presley collected 805 points, Richard 671 and Checker 614. The table was compiled by Derek Johnson of "New Musical Express," based on the individual weekly charts published by that paper and **BMW**. 30 points were allocated for No. 1 position, 29 for second

place and down to one point for No. 30.

### Early Lead

Checker's points were all collected in the first part of the period. He has not added to his total since early in May. Most of Acker Bilk's ratings were also based on one record, "Stranger on the Shore," which nears two million sales on a world basis. Bilk was the only artist to appear on the chart every week during the survey.

The Shadows, who finished No. 7 during the period, headed the charts for nine weeks with "Wonderful Land." In addition to being a potent attraction in themselves, they figure on all Cliff Richard's records and accompany him on stage. The singer and the group amassed together more than 1,000 points.

Top girl singer was Britain's Helen Shapiro, although she dropped from No. 3 in 1961 to No. 10 in the first half of 1962. Nearest American girl to Shapiro was Brenda Lee (21) place with 226 points, followed by Kitty Lester (23) with 202. Connie Francis did not repeat her outstanding successes of recent years, dropping from No. 15 last year to No. 80 in this survey, collecting only five points.

### Males Dominate

It has mainly been a period for male singers and groups. The outstanding Americans were: Del Shannon (12) with 296 points, Sam Cooke (16) with 257 points, Roy Orbison (17) with 254 points, Bruce Channel (18) with 253 points, Bobby Vee (19) with 215 points and Neil Sedaka (20) with 233 points.

Apart from the established success of the Shadows and the hits of the trad leaders—Bilk and Ball, the only group to show in the top bracket was B. Bumble and the Stingers at 15th with 266 points.

A 33-r.p.m. single "Rebel-Rouser" and "Ring of Fire" by Duane Eddy, issued by Producciones Fermata for Jamie, has been received well. The same record company has just released the "Tiger Twist" (Twist del tigre), recorded by A. Sciascia, and the first Dee Dee Sharp record "Gravy" (Salsa) backed with "Baby Cakes" (Pastelitos) for Cameo.

### More Disk Shorts

## MANTOVANI-LED ORCHESTRA 1ST TO TOUR JAPAN

LONDON—Mantovani makes history next year when he takes a 45-man British orchestra to Japan for a tour. It will last three weeks and involve 16 concerts and a color TV spec. In addition, he is being asked to form a Japanese "Mantovani Orchestra" led by Ryoji Ogata, a leading figure in Japanese light music.

It begins on May 20 in Tokyo. On the journey Mantovani may also play concerts in Turkey, Hong Kong and Australia. He returns to the United States on September 26 this year to begin another concert tour.

bourne via import copies being played on the radio. This prompted London Records to release the Imperial disk August 2.

Deejay exposure of the ABC-Paramount single, "Sheila," by Tommy Roe, has created a demand in the record stores. . . . Johnny Devlin, who has been out of the charts for some time due mainly to business commitments, has put down two sides for Festival, "Staying Out Late" b-w "Angel of Love," which have been scheduled for release in August. Festival has struck pay dirt with the local album release featuring diminutive Judy Stone, who won a TV award as last year's outstanding female vocalist. This week they released the album by the new, grown up Miss Stone entitled, "I'll Step Down."

EMI is rush-releasing a single by Sydney vocalist, Frank Ifield, who migrated to England three years ago. Imported copies of the English disk are receiving considerable air exposure which has encouraged the local company to release the single, "I'll Remember You."

### Talent and Trade

After a sojourn in the States, under contract to the Pat Boone organization, Johnny Rebb has just signed a recording contract with the Australian Record Company for release on the Coronet label.

## AUSTRIA

### U. S. Tunes Sung in German Lift Sales

By **FRED ZILLER**  
Mollwaldenplatz 1  
Vienna 4

Summer sales in the Austrian market have taken a firm 6 per cent rise over the same period in 1961. At least partially responsible for this climb are the records of American tunes done in the German language. "Dear One" sung by Michael Holm (Telefunken), "Mein Reklame Boy" (When I'm With You) by Peggy Brown and the Kurt Wilden ork, "Dass muss Amore Sein" (Ring-A-Ding) by Silvo Francesco (Decca) and Perry Como's "Catarina" have all scored. German language versions of "Catarina" by Willy Haga (Philips), Lou Van Burg and Silvo Francesco (Decca) are solid entries in addition to the Como disk.

Among the album best sellers are "Ebbtide" by Earl Grant (Brunswick), Eartha Kitt's "Bad But Beautiful" (MGM) and Bill Doggett's "People Danced 'Til 4 A.M." (WB).

### Hot Wax

Italian-American singer Johnny

Dorelli arrived in Vienna to make his first recordings in German language. Producer Gerhard Mendelson picked special numbers for him. Dorelli also stars in a new music pic, "Thousand Stars for You." Ex-G.I. Gus Backus, German teen-age idol Peter Kraus, Mina from Italy and Swedish star Lil Babs appear. The Scharfenberger-Feltz team wrote both music and lyrics for this film. Producer is Gerhard Mendelson.

### Changes

Former managing director of the Philips Record Department, Walter Reichsfeld, has been appointed as co-ordinator of the European market. New executive here is Wolfgang Arming. Arming just returned from a tour through Germany, Holland, Belgium and Switzerland. . . . Eldon Walli, now supervising the Columbia exhibit at the Salzburg Festivals, will leave the Columbia firm by August 31. New rep for Austria is Jean Claude Reymond. New manager of the Vienna office is Ernst Schmickl.

### Visitors

Willem Langerberg from Baarn, Holland, will visit Vienna August 14 for a special meeting with director-general Gerrit Hanneman of Philips, DGG director-general Walter Betcke, DGG deputy chief Kurt Kinkele and Austrian rep of DGG, Gerhard Gebhardt. Main points of this meeting will be the future co-operation of both firms on the Austrian market and immediate action on Austrian sales, distribution and retail trades.

### Disk News

Peter Blum was officially appointed by Eddie Barclay as a.&r. man in Paris to handle most of the recordings of Dalida and Charles Aznavour.

According to Anvers Radio, the distributor of the ABC-Paramount label in Belgium, more than 8,000 copies of Ray Charles' "I Can't Stop Loving You" were sold in Belgium last week. In order to fill the heavy demand, ABC in Brussels asked Artone in Holland and Teldec in Germany to press disks for them. Pat Boone's "Speedy Gonzales" is another hit. Although this one is not selling as well as the Charles record, still more than 2,000 copies are leaving the factory every week. Considering the slowness of the season, these are outstanding sales.

### Twist News

Discobel released the new Joey Dee and the Starlitters record, called "Money" b-w "Everytime I Think About You." Immediately the record climbed to the first place in the best seller list at Discobel. More, it is very interesting to notice the first five of this list include: "Money" and "Shout" by Dee, "My Real Name" by Fats Domino, and "Ya Ya" and "Mashed Potatoes" by Dee.

It is remarkable that among the first five, there are four Joey Dee records and only one by Fats Domino, which proves that the Twist is not yet dead in Belgium.

## BRITAIN

### Britons Remember 'I Remember You'

By **DON WEDGE**

News Editor, New Musical Express

Britain's hit of the summer seems to be "I Remember You" recorded by Frank Ifield for EMI-Columbia. In its first three weeks, sales exceeded 400,000. This included 102,500 copies ordered in one day (July 17) when the disk reached No. 1, but the fact was not generally known. The previous day, sales were 63,000, a very high figure for the time of year. Disk sales usually slump during the vacation period.

Vee Jay has acquired U. S. rights to the record. It is an American song, written by Johnny Mercer and Victor Schertzinger for the 1942 Fred Astaire-Ginger Rogers movie, "The Fleet's In." The American publisher is Paramount Music and it is handled by Chappell here.

### Disk News

Capitol has issued a Frank Sinatra album as a rush-release under the title "London by Night." It was a package of previously available LP tracks and the second Sinatra LP issued in July. The other is "Point of No Return," made with Axel Stordahl. Sinatra first recorded the "London by Night" title song in 1950. It was also one of the tunes on the set he cut here this June for his forthcoming Reprise album "Great Songs From Great Britain."

### Disk News

Sales of Acker Bilk recordings of "Stranger on the Shore" throughout the world now exceed two million copies counting the single and the album from which it stems, according to Denis Preston, the British indie producer responsible for the disk.

At least three versions of "Roses Are Red" will be competing on the British market. Bobby Vinton's U. S. chart-topping waxing goes to Columbia here through EMI's deal with CBS for the Epic catalog. Philips, the U. S. firm's affiliate for the main CBS label, has a rival version by Ronnie Carroll. Pye's cover is by David Macbeth, and a Decca disk is anticipated.

### Showbiz

Essex Music, the British publisher, reports more than 40 versions of songs from the Anthony Newley-Leslie Bricusse musical "Stop the World" when the score is released in America August 1. The American production, with Newley starring, is to get under way in Philadelphia September 1.

### Visitors

Stanley West, European co-ordinator for CBS Records, visited London for the second time since his appointment. Now the Paris-based West's main purpose was to prepare for the visit of Ray Coniff, who was due here August 2 through 8 on the last leg of a continental tour before returning to New York. West also had routine talks with the CBS affiliates, Philips and EMI.

Also visiting London were Bobby Weiss, Warner Bros. international chief. . . . Conductor Dave Stevens, after completing recordings in Germany for Cameo. . . . U. S. publisher Norman Petty flew out to Hamburg and Paris between stays here. . . . George Scheck, on the way from the French Riviera where Connie Francis was filming to New York. . . . George Alexander, an executive of EMI's international a.&r. department at the Hayes

headquarters left for a visit to the U. S.

#### Record Business

Factory holidays mean few if any releases on most labels in the coming weeks. There seems to be more staggering of product to maintain production than in previous years. Pye has contracted out its pressing to maintain supplies. Decca keeps only its smaller plant operative. Oriole released its first singles from the U. S. Time group: Billy May's version of the "Advice and Consent" film theme and Bertha Tillman's "Oh My Angel."

Pye acquired "Bongo Stomp" by Little Joey and the Flips from Joy. The firm also completed a long-term deal with Kapp to release Jimmy Justice disks in the U. S. . . . Decca waxed Jimmy Savile, one of the d.j.'s presenting the group's sponsored shows on Radio Luxembourg. He made a cover of "Ahab the Arab," current U. S. chart entry for Ray Stevens.

### 'Allegro 2-3-4' Boosts 'Em Up

By KEN STEWART  
Dublin Evening Mail

The new Telefis Eireann weekly non-stop musical program, "Allegro 2-3-4," is proving to be quite valuable as far as exploitation of a new songs is concerned. Featured on the show are Mark Dwayne, Sandra Kirk and the Viscounts Quintet. Dwayne's latest disk, "Little Bitty Heart," released through Solomon and Peres on the British Oriole label, is getting wide publicity. It could prove to be a good seller, as country music is becoming increasingly popular here.

#### Disk News

In spite of the fact that Petula Clark's "Ya Ya Twist" is sung entirely in French, Pye managed to move it into the Irish chart. Sales of the label's EP of four previously issued Michael O'Duffy sides, entitled "A Crock of Gold," are mounting steadily.

More than ever before, Irish collectors appear to be paying greater attention to LP's. Though for the most part there is no difference in price between stereo and monaural records, comparatively few buyers have stereo equipment. . . . Irish Record Factors issued "The Music Man" movie sound-track LP on Warner Bros. The film will open shortly at the Adelphi, Dublin. The group also marketed the track of "West Side Story," which is coming to the Savoy. . . . Among the current best selling albums are "Blue Hawaii" and "Pot Luck," Elvis Presley, RCA; "Sinatra and Strings," Frank Sinatra, Reprise, and "The Young Ones," Cliff Richard, Columbia.

The July 21 column announced that Columbia-Holland would exclusively release the Epic and CBS lines in Holland. This statement came as a result of a misunderstanding of available reports. My apologies to the record firms involved.

#### Disk Shorts

A rush-release here is Bobby Vinton's "Roses Are Red" which appears on Bovema's Columbia label. . . . Artone just released the Padre Twins' record of "Roses Are Red." . . . ### Tie Fashions to New Recordings

By SAM'L STEINMAN  
Piazza S. Anselmo, 1, Rome

An unusual promotion tied RCA Italiana's entire current series of disks with the semi-annual Rome fashion and boutique shows.

Each costume in man and woman fashion fields was given the title of a record and, during its showing the recording was played. It was the first time that music was used

during a major fashion parade. RCA provided 39 different numbers for the event which drew an attendance of 500 international press and buyers.

Instead of the usual two directors, the orchestras of the 10th Naples Song Festival this year had nine different directors for the 20 tunes. . . . CGD has come along with a most unusual 45 in "Sonnofis" which is guaranteed to put babies to sleep. Initial music is followed by heartbeats which simulate the fetal sound to which infants become accustomed before their entry into the world. The reverse side is for the adults in the family—Johnny Dorelli singing "Come Out of Heaven."

Zurich's Sixth Festival of Italian Song will take place September 29 and will once again be carried on the Eurovision network.

#### 'Rinaldo' in TV

RAI-TV paid \$64,000 for the rights to the hit musical, "Rinaldo in Campo," which Domenico Modugno, composer and star, and Delia Scala have just taped over a 10-day period at the Teatro Sestina. The Pietro Garinelli-Sandro Giovannini musical will be aired during the forthcoming Christmas season.

The new association will be affiliated to the Latin American Federation of Phonographic Producers and will attend its second Congress in Lima, scheduled for October.

#### Disk News

Belart Records recorded an LP of military marches and songs from the revolution, performed by the Military Band of the Presidential General Staff. . . . Publisher Rogelio Brambila signed a contract of representation with Travis Music and its associates.

Juke box owners, music composers and performers of Mexico are jubilant. After years of squabbling between the Society of Authors and Composers and the juke box industry over the payment of royalties for public performance of records played in juke boxes, the Secretary of Education put an end to the controversy. On July 19 an amendment to the Federal Law of Author's Rights was issued which introduces a new system of payment.

The record companies are obliged to add to the wholesale price of singles 8.8 cents (in the case of 78's, 5.2 cents) and to retain this royalty for payment to authors and performers. An additional 1.2 cent will go to the record company for the administration of the royalty. The wholesale price of singles will thus increase from 52 cents to 62 cents. On this occasion, the government took a revolutionary step. For the first time the performer will participate in the royalties of his recordings (about 15 per cent; the rest fall to the author and composer).

The record companies expect a temporary decline of the singles market as a result of the increased price. On the other hand, juke box owners predict that a possible decrease of sales to the public will be compensated by greater purchases for coin machines once the industry is free of legal harassment.

### Philips Kicks Off Mercury Series

By FRED GEBBIE  
Box 5051 Auckland

Keith Richardson, the popular disk jockey from Napier, was threatened with dismissal unless he stops helping local talent get on records. As reported earlier in BMW (April 28), Richardson has been helping Pacific Records to produce disks of local talent. His Top 40 show is one of the hottest programs beamed from a New Zealand radio station, and programming is his own responsibility.

The broadcasting corporation brass heard of his actions in the record business, and threatened him with dismissal unless he leaves record producing alone. Since he has never received a penny for his work with Pacific, and since his record producing was done on his own time, Richardson bucked, and so did his fans and the local press. Result, he is still broadcasting and still producing for Pacific. But many of his supporters feel that the mater is not yet finished and could cost Keith his show.

N. Z.-born jazz musician Derek Heine is back in the country after a long sojourn in the States. While here he will organize a big band.

### RCA Gets Disks Straight From U. S.

By ESPEN ERIKSEN  
Verdens Gang, Oslo

RCA of Norway is importing LP's directly from the U. S. A. on titles where Teldec (Telefunken-Decca of Germany) does not find it profitable to press in Europe.

Among the first records, which have not necessarily been imported to other European countries, are Duane Eddy, "Twistin' 'n' Twangin'"; Don Gibson, "Girls, Guitars and Gibson," and Jim Reeves, "The Sound of Velvet."

Gibson and Reeves are more popular in Norway than in any other European country, according to sales manager John Johanson of RCA.

The direct import means that the "dog" on the RCA Victor label will have to be replaced since another diskery, HMV, carries the trade-mark.

#### Souvenirs

RCA this week also issued a Tourist Record LP No. 3 in a series. The first one, "Holiday in Norway," came two years ago and featured Norwegian pop music. The second one, "Norway in Song and Music," came last year and featured more serious music. This year's record, "Souvenirs From Norway," is strictly instrumental, featuring the music of the Oslo Philharmonic Orchestra and the

Norwegian folk dance trio of Henry Haagenrud. This record is one of the first stereophonic records to be produced in Norway.

#### New Records

Young Norwegian songstress Grynnet Molvig, who went straight to the top of the Norwegian charts with the tune "Det var du som sa nei" on RCA, is back with a recording of the Danish tune "Jeg snakker med meg selv" (I talk to myself) c/w the Swedish song "Hit men ikke lenger" (Here, but not closer). . . . RCA has two records on the Norwegian Top 10: Elvis Presley's "Good Luck Charm" and Jim Reeves' "Adios Amigo." Norway is the only country in Europe where "Adios Amigo" reached the charts.

At the time of his death he was director of service production support for the Grumman Aircraft Engineering Corporation, but he is probably best remembered in the music industry as the writer of such evergreens as "Crazy Rhythm," "Imagination" and "Nobody Loves Me." He wrote scores for such Broadway shows as "America," "Here's Howe" and "Vogues of 1924." He is survived by his widow, Edith; a daughter, Virginia; a son, Peter, and a sister and a brother.

**CHLOE SAYS 'WHERE ARE YOU?' . . .**

Thrush Chloe Grilli is trying to find the whereabouts of guitarist Jimmy Rollins and lyricist Jimmy Blakely, who penned an inspiration tune with her about six years ago. It seems that the Singing Sergeants of the Bolling Air Force Base in Washington are now preparing the tune—called "When a Cowboy Learns to Pray"—to include it in their concerts, and she wanted her fellow composers to know about it. Miss Grilli is now appearing at the Hotel Graymore in Portland, Me.

# ALBUM REVIEWS

**Pop**

**A YOUNG MAN'S FANCY**

**Johnny Crawford. Del Fi DFLP 1223**—Young TV star Johnny Crawford proves he's not a one-shot singer on this most attractive new album. It contains both new tunes and standards and the youngster shows off a nice style with each. The newies are his current hit "Your Nose Is Gonna Grow," "Cindy's Birthday," "Sittin' and a Watchin' plus "Mr. Blue," "Little White Cloud" and "Young at Heart." Most attractive teen wax.

**PARADE OF HITS**

**Various Artists. MGM E 4078 (M); SE 4078 (S)** Here's a strong entry for the current market, offering a collection of good recent singles from MGM neatly packaged and using a colorfully designed cover, listing the titles. Included are such as Richard Chamberlain's "Dr. Kildare Theme," Sue Lyon's "Lolita Ya Ya," "The Stripper," with David Rose, Sheb Wooley's "That's My Pa," and numerous others by Jaye P. Morgan, Conway Twitty, the Wanderers and LeRoy Holmes to mention a few.

**SENTIMENTALLY YOURS**

**Patsy Cline. Decca DL 4282 (M); DL 74282 (S)**—Real heart songs and some great ones here by Patsy Cline, with many in the weeper groove of some of her biggest recent hits. With tasteful strings and voices and with the familiar rhythm guitar sound, she sings such sentimental favorites as "Heartaches," "You Were Only Fooling," "I Can't Help It," "You Made Me Love You," and her recent hit, "She's Got You." Powerful wax here with plenty of strong programming material.

**1,837 SECONDS OF HUMOR**

**Ray Stevens. Mercury MG 20732 (M); SR 60732 (S)**—Stevens, who is the writer of an earlier hit tune, "Sergeant Preston of the Yukon," has a lot of talent packed into his bones, as these humorous selections quickly show. They were all written by Stevens as was his current smash, "Ahab the Arab," and they're all just about as full of laugh potential. Another one of his hit tunes of awhile back, "Jeremia Peabody's Pills," is here, along with "Pop-eye and Olive Oil," "PFC Rhythm and Blues Jones," "The Rockin' Waltz," etc. Mighty clever material delivered with much effect.

**RECORDED LIVE! KENNY BALL AND HIS JAZZMEN**

**Kapp KL 1294**—Another outing by England's biggest trad attraction, and the first live performance LP released here. The boys choose a number of items closely identified with the Dixie field—"Alexander's Ragtime Band" and "Basin Street," for example, plus the interesting recent single, "I Shall Not Be Moved." The crowd shouts and claps at the proper moments and the band responds in a way that should please all the fans.

**THAT HAPPY FEELING**

**Bert Kaempfert and his Ork. Decca DL 4305 (M); DL 74305 (S)**—As if the Bert Kaempfert name weren't enough, the cover shows the cutest gal you've seen in a long time giving her guy a big hug, and its worth the price of admission. The album title "That Happy Feeling," couldn't have been gotten across better. The selections—all beautifully done—do a fine job of setting mood, too. Kaempfert, who penned his previous hit, "Afrikaan Beat," wrote five of the tunes here. Among the best are: "A Swingin' Safari," "Take Me," "Happy Trumpeter" and "Tootie Flutie." Other fine sides: "Wimoweh," "Sunday in Madrid" and "Black Beauty."

**EARL GRANT AT BASIN STREET EAST**

**Decca DL 4299 (M); DL 74299 (S)**—Great in-person performance from Grant here. The singer-organist trots out some of his best material for the B.S.E. audience and disk listener alike. It's a well-paced set that swings, in high style, and has its lush moments, touches of comedy and soulful sound. A big band accompanies the lad during his singing and playing chores. Among the instrumental winners is "Sweet Sixteen Bar," while "Fever," "Learnin' the Blues" and "Too Close for Comfort" are some of the better vocal tracks.

**THE NEW ORLEANS SCENE**

**Pete Fountain and Al Hirt. Coral CRL 57419 (M); CRL 757419 (S)**—Two of the Dixie-type dynamos are teamed on four of the eight tracks of this LP. The material comes out of the Decca catalog and it's swinging, punching Dixie at its most rhythmic. The tracks, which feature Hirt, also contain other Dixie practitioners Jack Delaney and Roy Zimmerman; while the tracks which feature Fountain alone have him playing along with his usual rhythm section: Stan Wrightsman, Jack Sperling and Morty Corb.

**THE HANK WILLIAMS SONG BOOK**

**Connie Stevens. Warner Bros. W. 1460 (M); WS. 1460 (S)**—Connie Stevens has a hot one here. The young lass, who has been strong on singles for some time, scores on just about every track here. The material, naturally, is top flight, coming from the pen of the late Hank Williams. The tunes are some of the best ever produced in the c&w field: "Cold, Cold Heart," "Your Cheatin' Heart," "You Win Again," and "I Can't Help It." Superb arrangements by Bunny Bodkin that mix the country and the pop, share the spotlight on the LP. Solid wax that can score.

**OH YOU KID!**

**Dorothy Provine. Warner Bros. W 1466 (M); WS 1466 (S)**—Dorothy Provine has celebrated the "Roarin' 20's" in two other Warner Bros. albums and here she is with a selection of 24—count them, 24—songs, all taken from the "Gay 90's" era. She's backed by the very appealing piano work of Joe (Fingers) Carr. Very cute picture of Dorothy on a two-seater bike on the cover adds plus appeal. Sides include "I Don't Care," "Ida," "Cuddle Up a Little Closer," "Ta-Ra-Ra-Boom-De-A," and "Alice Blue Gown."

**TWELVE GREAT SONGS OF ALL TIMES**

**Clebanoff and his Ork. Mercury MG 20720 (M); SR 60720 (S)**—A dozen great old standards are given the full Clebanoff treatment with the accent very much on the lush string arrangements. Every one of the titles is over 25 years old, and include "Stardust," "Begin the Beguine," "Lazy River," "Night and Day," "Melancholy Baby" and seven others. Should join Clebanoff's previous efforts as a best seller.

**Jazz**

**CANNONBALL ADDERLEY GREATEST HITS**

**Riverside RLP 9416 (S)**—The label here has packaged some of the most potent Adderley material in one album. There are seven tracks in all, which feature the alto saxist and his cornet-playing brother Nat. "African Waltz," "This Here," "Work Song" and "Sack o' Woe" were top sellers for Adderley in LP and singles form. This compilation of hot material should go well with some action expected on the top front through the "Waltz" side.

**★ ★ ★ ★ MEMORIES OF MARIA**  
**Jerry Byrd. Monument M 4008 (M); SM 14008 (S)**—Steel guitarist Byrd does a fine job on this LP. The album is composed of instrumentals, mostly in the drama-ballad groove, that showcase the instrumentalist in lush production numbers. Strings and horn are the order of the day with vocal chorus in some spots. The title tune, "Last Date," "Golden Earrings" and "Ebbtide" are among the better tracks.

**Pop**

**PAUL ANKA**

**EVERY NIGHT (WITHOUT YOU)** (Spanka, BMI) (2:20)  
**—THERE YOU GO** (Spanka, BMI) (2:25)—Two sock vocals by Anka here. The first is a dramatic tune that swings with a Latin touch and with Ray Ellis arrangement that features organ and chorus. The flip is a weeper-ballad against strong triplets. **RCA Victor 8068**

**JOHNNY TILLOTSON**

**SEND ME THE PILLOW YOU DREAM ON** (Four Star, BMI) (2:50)—**WHAT'LL I DO** (Irvin Berlin, ASCAP) (2:37)—Two sides bound to bring wide exposure for the lad. The first is a strong pleader tune in the country vein, handled in wide style by the singer against strings and chorus. Flip is the old standard that should garner play on other than Top 40 stations. Both can draw strong action. **Cadence 1424**

**BOBBY BLAND**

**YIELD NOT TO TEMPTATION** (Don, BMI) (2:32)—**HOW DOES A CHEATIN' WOMAN FEEL** (Lion, BMI) (2:27)—The "blue" lad has a two-sided hit here. The first is a power-packed side that builds in a gospel groove, to a high point of excitement. The flip is touched with a deep quality of sadness in a slow but imposing rhythm. **Duke 352**

**PETER, PAUL AND MARY**

**IF I HAD A HAMMER** (Ludlow, BMI) (1:58)—**GONE WITH THE RAINBOW** (Peppamar, ASCAP)—The folk-oriented threesome has another strong single which had been plucked from their most recent LP. The top side is a rousing reading of the folk tune which whirls along on strong vocal and roaring guitar work. The second side is a soft lullaby-like tune that's crooned in fetching fashion. **Warner Bros. 529**

**SHIRLEY AND LEE**

**DON'T STOP NOW** (Travis, BMI) (1:55)—Here's a fine rockin' tune done neatly by the pair to a solid, New Orleans-type backing. Great strut rhythm here shows off Shirley and Lee's fine earthy quality. Flip is "A Little Thing" (Travis, BMI) (2:03). **Imperial 5868**

**JACKIE DeSHANNON**

**JUST LIKE IN THE MOVIES** (Metric, BMI) (2:25)—A first-rate ballad is sung with much heart by Jackie DeShannon over a sparkling ork arrangement. Could go far with the teens. Flip is "Guess Who" (Michele, BMI) (2:24). **Liberty 55484**

**PEGGY LEE**

**TELL ALL THE WORLD ABOUT YOU** (Progressive, BMI) (2:31) **AMAZING** (Leeds, ASCAP) (2:35)—Here are two of the best sides by Peggy this year and both could turn out to be strong. First is the bright Ray Charles ditty sung by Peggy with sparkle over swinging support. "Amazing" is a warm ballad by Norman Gimbel, sung movingly by the lass. **Capitol 4812**

**RICK NELSON**

**TEEN AGE IDOL** (Nelson, ASCAP) (2:25)—**I'VE GOT MY EYES ON YOU** (Four Star, BMI) (2:04)—Here's another potential two-sider for Nelson. First up is a ballad with an intensely personal touch, about the thoughts and feelings of a big record star. The flip is a funky, rhythm item, turned out in solid, rocking fashion. Either can go. **Imperial 5864**

**THE FOUR SEASONS**

**SHERRY** (Bobob, ASCAP) (2:07)—The Four Seasons, a rocking teen-style group, come through with a wild performance of a rhythmic effort here, supported neatly by a femme chorus and a pounding band beat. For the youthful set. Flip is "I've Cried Before" (Bobob, ASCAP) (2:21). **Vee Jay 2570**

**Country & Western**

**JIM REEVES**

**PRIDE GOES BEFORE A FALL** (Tuckahoe, BMI) (2:38) **I'M GONNA CHANGE EVERYTHING** (Tuckahoe, BMI) (1:58)—Reeves' velvet pipes are in fine form again on these two sides. First up is a soft, mellow ballad effort with a fine teaming of voices and instruments behind Reeves' vocal. Flip is a smart piece of material, done more uptempo style. Either can move. **RCA Victor 8080**

**ANITA BRYANT**

Meaux and Lester Sill. **BOOKING OFFICE:** Continental Booking and Cliff Aronson. **AGE:** 20. **HOME TOWN:** Beaumont, Tex. **EDUCATION:** High school. **HOBBY:** Football enthusiast. **BACKGROUND:** A rocky romance in real life lead the versatile Miss Lynn to write and record her initial disk hit for Jamie Records, "You'll Lose a Good Thing." The single was recorded in New Orleans

under the supervision of her personal manager, Huey P. Meaux. With a hot platter to plug, Barbara Lynn is currently on a personal appearance tour through the South. She recently completed a recording session for Jamie, waxing her forthcoming album and some new singles. Several of the songs cut were her own compositions. In addition to Miss Lynn's vocal and songwriting talents, she is an accomplished musician, playing a left-handed guitar.

**LATEST SINGLE:** "You'll Lose a Good Thing" moves into the No. 13 slot on the Hot 100 this week making a strong bid for Top 10 honors.

**TOMMY ROE**  
(ABC-Paramount)

**REAL NAME** Thomas David Roe. **AGE:** 19. **HOME TOWN:** Atlanta. **EDUCATION:** High school. **BACKGROUND:** Young Tommy Roe became a full-time member of show business immediately upon his graduation from high school in Atlanta. He formed his own band three years ago and has traveled throughout the Southwest on personal appearance tours. The ambitious and versatile new record artist is also a songwriter and guitarist.

**LATEST SINGLE:** Tommy Roe's debut disk for ABC-Paramount, tagged "Sheila," is scoring well on the Hot 100 and zooms into the No. 43 spot this week as a Star Performer.

**PROGRAMMING PANEL**

If you have a provocative question to ask the nation's disk jockeys, please send it to this department, 1564 Broadway, New York 36, N. Y. Your name will be credited when it appears.

**THE QUESTION:**

How accurate are listener-telephone polls ("Battle of the Sounds," etc.) in predicting the potential of new releases? (Submitted by Alan Kaltman, Teaneck, N. J.)

**THE ANSWERS:**

**JOE KOLSKY**

Diamond Records, New York

Where the listener-telephone polls are taken in quantity (several hundred calls) I believe the results can be indicative of the potential "hit" possibilities of a new record release. However, where the opinion of a panel of three or four listeners is used,

I believe the second, third or fourth panelists might be influenced by the opinion of the first panelist when asked his or her opinion.

**JERRY MARTIN**

KCII, Washington, Ia.

I'd say that listener polls and "Battle of the Sounds," and similar devices are about 50 per cent accurate. I don't use quite this method, but I believe that if a deejay does use this that he should steer away from artists and exploit the new, good

disks. I would pair two unknowns to every one name artist. To me this is the only fair way to check out how a record will go over with the people.

**SOL HANDWERGER**

MGM Records, New York

In many cases listener-telephone polls can act as a possible barometer in predicting potential of new releases. Disk jockeys who use such polls on their shows are assuming they are reaching a buying audience at home — housewives and teenagers. However, in some cases disk jockeys should beware of special "hypes" engineered by artists' fan clubs. Such "hypes" can readily be recognized by form postal cards and letters and even by the type of telephone conversation. In my personal experience, there have only been a few disks recognized as potential hits through telephone-listener polls. In view of the possibilities of inaccuracy and pressure, it is doubtful whether such polls can be true barometer.

**VOX JOX**

By JUNE BUNDY

**DEPT. OF CLARIFICATION:** In answer to those puzzled "Does-she-or-doesn't-she?" queries from the trade, I would like to put the record straight. As of May 25, I resigned from Billboard Music Week as a full-time staffer, but I am still writing "Vox Jox" and handling the Programming Panel as a free-lance correspondent. Thanks for your kind inquiries.

**"TRIBUTE" PROGRAMMING:** "Tribute" shows are the big trend in programming this season, starting with a flock of salutes to Irving Berlin on his 74th birthday in May and continuing on into celebrations in June of Richard Rodgers' 60th birthday. . . . Bill Randle, WCBS, New York, came up with a new gimmick for Rodgers' birthday on a remote show (Randle's first) from Freedomland. The program was devoted to works written by Rodgers when he was in his teens. The medley include the all-time Rodgers-Hart hit, "Manhattan," from "Garrick Gaieties."

Station KITY-FM, San Antonio, also paid tribute to Rodgers on his birthday—playing Rodgers' compositions exclusively for half of the day. In a letter to Rodgers, E. D. Isaacs, KITY program director, noted: "We are featuring the popular selections from a different play (musical) each half hour. These plays will be heard chronologically, along with other compositions that bear your name." . . . The 25th anniversary of the death of George Gershwin, July 11, was observed by NBC's "Today" show. The full two-hour program was devoted to the performance of Gershwin music and a discussion of his career.

**THIS 'N' THAT:** Bruce Parsons, who recently returned from a tour of Europe's jazz centers, has joined WTID, Newport News, Va., and is hosting "Jazz on a Sunday Afternoon" from 2 to 5 p.m. In a move to create the flavor of a live jazz concert, Parsons is dubbing in applause and other crowd reactions. His programming covers "all phases of jazz from the soul delivery to New Orleans Dixie and the traditional level." . . . Station CHUM, Toronto, celebrated five years of pop music programming with a 72-hour "Memory Music Marathon" on June 30, July 1 and 2. The outlet featured only top hits of the past five years.

**JOCKS SWIM "CHANNEL":** Arch Yancey and Chuck Addams, KNUZ, Houston, celebrated July 4 in a unique way. The jocks doubled up to spend the Fourth swimming under water the full width of the English Channel in a large Houston pool—a 22-mile swim. They donned skin-diving garb at 8 a.m. on the Fourth and swam in relays in a set pattern until 3:10 a.m. the next day, surfacing only to change air-supply tanks. They averaged 58 minutes to the mile over a period of 19 hours and 10 minutes. Several thousand people watched the marathon promotion stunt.

**CHANGE OF THEME:** Bill Dawes, program director of WCPO, Cincinnati, for the past 13 years, has been upped to station director, responsible for the entire operation of the Scripps-Howard outlet. In addition to being program director, Dawes emceed a top-rated morning show on WCPO. Buddy MacGregor was recently inked by Dawes to take over the morning spot. He also succeeded Dawes as program director. . . . Bob Collins, ex-KAPE, San Antonio, has joined KITE, same city, as music director and 12-4 p.m. deejay.

# Dirty Stuff on Radio Won't Wash, FCC Says, Denying Lic. Renewal

WASHINGTON—Broadcasting stations will have to watch that double entendre, spoken or sung, if they want to avoid the fate of AM Station WDKD, Kingstree, S. C., whose license renewal was denied by the Federal Communications Commission last week. An initial decision looking toward this penalty for bad taste on the part of the station was handed down by a Commission hearing examiner last December.

The FCC says that owner-manager E. G. Robinson Jr. knew full well that his employee, Charlie Walker, was broadcasting material which was "coarse, vulgar, suggestive and of indecent, double meaning." Robinson's denials only made matters worse, when the FCC decided that they were "purposeful

misrepresentations and false statements."

Robinson's fate is a warning to other station managers and owners to exercise the "appropriate degree of control and supervision over programming expected of a licensee," if he is to be considered a fit applicant for control of a station.

## First Turndown

The Commission action was believed to be its first refusal to renew a broadcast license on grounds of obscenity.

The station's owner, E. G. Robinson Jr., was given until September 25 to wind up the station's affairs.

Station WDKD was Kingstree's only radio outlet, servicing an area roughly within a 35-mile radius of the city.

Walker, whose "rural were jokes with hidden meanings" (so described by a Commission examiner), was discharged last year. He had been on the air four hours a day, handling numerous recorded music shows.

In addition to criticism of Walker, the FCC examiner called attention to other aspects of the station's programming. He cited these figures:

Only 17 per cent of the 14½-hour broadcast day was devoted to material other than musical records and spot commercials. As many as 420 spots were presented in one broadcast day.

# Reviews of New Albums

Continued from page 26

**★★★★ YOUR FAVORITE SINGING GROUPS**  
Various Artists. Hull 1002—This set is aimed squarely at the teens and these oldies but goodies should interest the 12 to 18-year-olds who dig the rock Artists include the Monotones, the Elegants, the Desires, the Avons, the Beltones, the Pastels, the Sparks, the Legends, the Miller Sisters and the Carousels. Many of the tunes were semi-hits, and some were hits. Set has good potential.

**★★★★ HONOLULU HONKY TONK**  
Frankie Carle, His Piano and Ork. RCA Victor LPM 2540 (M); LSP 2540 (S)—The combination of Honky Tonk and Hawaiian songs may seem unusual but under Carle's touch it jells neatly and turns into a listenable combination. Carle takes such tunes as "My Little Grass Shack," "On the Beach at Waikiki," "Lovely Hula Hands" and "My Isle of Golden Dreams" and turns them into happy honky tonk tunes. Unusual enough set—with an attractive cover—to appeal to many.

**★★★★ HUGO WINTERHALTER GOES CONTINENTAL**  
RCA Victor LPM 2482 (M); LSP 2482 (S)—Bright, cheery performance of a flock of European-based tunes could help this album grab a lot of air-play and over-the-counter sales. The lush and winning Winterhalter arrangements add a lot of sparkle to such tunes as "Volare," "Wonderland by Night," "Oh My Papa," "Never on Sunday" and "Anna." One of Winterhalter's best this past year and a set that could be a steady seller.

**★★★★ GIFT OF LOVE**  
Jack Jones. Kapp KL 1292—Standards are the diet here for Jack Jones' smart, crooning style and he does his selections to a listenably scored ork background under the alternating batons of Chuck Sagle and Glenn Osser. "I See Your Face Before Me," "Time After Time," "In Other Words," "Too Late Now" are among the better and more satisfying samples. Like all material by this artist, this new album is a likely candidate for major airplay.

**★★★★ JACKIE WILSON AT THE COPA**  
Brunswick BL 754108 — Here's the live waxing of Jackie Wilson at the Copa, showing off his exciting style and powerful pipes on an unusual collection of tunes, from pop to r.&b., from standards to swingers by Ray Charles. He sells them in his usual driving style, aided by smart arrangements, and a femme group on the gospel kick. Best sides are his medley of favorites called "I Love Them All," plus "To Be Loved" and "Lonely Teardrops." Good, exciting wax that should appeal to his many followers.

**★★★★ THE VERY BEST OF EYDIE GORME**  
United Artists UAL 3189 (M); UAS 6189 (S)

(S) — The fine, sensitive voice of Eydie Gorme is combined here with a mood-type chorus, some very appealing ork backing by Joe Guercio. Selections include some of the best "late-hours" standards, like "You'll Never Know" and "I'll Never Smile Again," along with some exciting up-tempo sides like "Granada" and "Frenesi." Cover shot is good, too. It's really some of the very best of Eydie Gorme, and lots of spins should follow.

**★★★★ THE VERY BEST OF STEVE LAWRENCE**  
United Artists UAL 3190 (M); UAS 6190 (S)—Steve Lawrence has had a number of good albums, some alone and some with his wife, Eydie Gorme. He goes it alone here and does a fine, sensitive job. Joe Guercio's ork provides some very classy backing. It all adds up to a very appealing package that should go over well with his many fans. Selections include some of his single hits plus songs he's known for doing in personal appearances: "Portrait of My Love," "When You're in Love," "While There's Still Time," etc.

**★★★★ THE McGUIRE SISTERS SING SONGS EVERYBODY KNOWS**  
Coral CRL 57415 (M); CRL 757415 (S)—The selections here are all fine, old standards and they do them with a wonderful sense of harmony. Great "remember-when" music. Dick Jacobs' ork backs them nicely. Sides include "You're Driving Me Crazy," "I Really Don't Want to Know," "Old Devil Moon" and "If Love Is Good to Me," among others.

**★★★★ STRONG SALES POTENTIAL**  
**JAZZ LP'S**

**★★★★ SOMETHIN' SPECIAL**  
Les McCann and Richard (Groove) Holmes. Pacific Jazz PJ 51—A very swinging package from the West Coast. The album features pianist Les McCann and organist Groove Holmes in six tracks, five of which are sizzling swingers. Also featured is a tenor saxist working here under the musical nom-de-plume of Joe Splink. Some fine guitar work is also contributed by Joe Pass One of the leading up-tempo tracks is "Me and Groove" while the lovely "I Thought I Knew You" is also a winner.

**★★★★ NICE AND EASY**  
Johnny Lyle Quintet. Jazzland JLP 967—The vibrant is caught in a standard combo organization here. The lad has some first-rate jazz men as allies on this date Bobby Timmons is on piano and Johnny Griffin is the tenor saxist. The rhythm section has a good feeling and there are an abundance of swinging solos. "Nice and Easy" and "That's All" are standout tracks.

**★★★★ STRONG SALES POTENTIAL**

**SPECIALTY LP'S**

**COUNTRY & WESTERN**

**★★★★ BASHFUL BROTHER OSWALD**  
Starday SLP 192—Big, fun-loving "Bashful Brother Oswald" has been a featured performer with Roy Acuff and the Smokey

Mountain Boys on the Grand Ole Opry for some 25 years. Here's his first album for Starday. He's backed with such name country performers as Cowboy Copas on open-string Martin guitar, Howdy Forrester on fiddle, Jimmy Riddle, harmonica, and Junior Husky, bass. Sides include "Mountain Dew," "Southern Moon," "I Like Mountain Music."

**★★★★ LIVE IT UP AND LAUGH IT UP**  
Johnny Bond and his Friends. Starday SLP 187—Johnny Bond, along with Cowboy Copas, Archie Campbell, Justin Tubbs, Cathy Copas and others, has a lot of fun here as he sings and tells stories on this lively recording. Set was recorded with a large audience at the Starday Sound Studios in Nashville last March. Included on the set are "Oklahoma Hills," "Ten Little Bottles," "Alabam" (sung by Copas), "Down Yonder" and "San Antonio Rose." Good wax.

**★★★★ MY FAVORITES OF HANK WILLIAMS**  
George Jones. United Artists. UAL 3220 (M); UAS 6220 (S)—Some of the great songs penned by Hank Williams as well as tunes that he made famous are sung attractively here by George Jones over good backing by the band. The songs include "Your Cheating Heart," "Take These Chains From My Heart," "A House Without Love," "You Win Again," "Mansion on the Hill" and "Lonesome Whistle." The singer sells the material with authority and feeling. Good wax here for country and pop maris.

**COMEDY**  
**★★★★ SEVEN CHARACTERS IN SEARCH OF EDDIE LAWRENCE**  
Coral CRL 57411 (M); CRL 757411 (S)—The Old Philosopher is back again, with a brace of new "philosopher" and other sketches, authored by Lawrence himself. Possibly the most topical item here is "The Philosopher Twist," but there are other funny ones, too, including "Lawyer's Philosopher," and the "Deejay Philosopher Returns." These are by far the best of the sketches, which also include such titles as "Pay the Rent," "Uncle Ned's Amateurs," etc.

**SACRED**  
**★★★★ ARTHUR SMITH AND THE CROSSROADS QUARTET**  
Starday SLP 186—The Crossroads Quartet, with Arthur Smith, has been singing together for eight years and its performance is beautifully polished. This album features a series of gospel songs—all about Jesus Christ. Tommy Faile's fine bass voice comes through excellently on "The Fourth Man," "Wake Up Lazarus" and "I Love to Sing the Songs About Jesus." Other fine sides: "In the Garden" and "The Old Rugged Cross."

**★★★★ GOSPEL SPECIAL**  
Lewis Family. Starday SLP 193—The Lewis Family has been featured on WJBF-TV in Augusta for eight years and regularly tours the Southlands. Wallace plays guitar and composes much of the material; Little Roy picks the 5-string banjo, Talmadge plays the fiddle, (Pop) plays bass and sings, and the three gals, Polly, Janis and Maggie sing. Of the sides, "Ain't No Room in This Church for Liars" and "My Lord's Gonna Move This Wicked Race," can be traced to Negro spirituals. Little Roy sings "Honey in the Rock." Other sides are traditional Southern hymns.

**★★★★ BRIGHTEN THE CORNER WHERE YOU ARE**  
The White Sisters. Word W 3170—A female singing group comparable with any first-class group sound, the White Sisters' pop-styled approach to sacred music has won them wide audiences both for their personal appearances and their three previous LP's on the Word label. Especially bright here are their performances of "Brighten the Corner," "I'm Going Higher" and "Sailing Home." Geared for mass sale to those who buy religious disks.

**★★★★ HOMECOMING IN HEAVEN**  
George Jones. United Artists UAL 3219 (M); UAS 6219 (S)—George Jones turns in a moving reading of a strong collection of sacred tunes on this new album. The songs include "He Made Me Free," "Beacon in the Night," "Peace in the Valley," "Wandering Soul" and "He's Good to Me." The chanter handles them with sincerity over good support by the combo. Good wax for

# SPOTLIGHT ALBUMS OF THE WEEK

Strongest sales potential of all albums reviewed this week.

Continued from page 26

**THELONIOUS MONK'S GREATEST HITS**  
Riverside RLP 9421 (S)—Some of the most preferred tracks from the Monk catalog are collected on this one LP on Riverside. The album spotlights the composer-pianist throughout with a variety of groups. Among the supporting players are top instrumentalists like John Coltrane, Sonny Rollins, Gerry Mulligan and Coleman Hawkins. Top Monk material like "Off Minor," "Brilliant Corners" and "Round Midnight" are some of the fine tracks included. There are six in all.

**JAZZ MISSION TO MOSCOW**  
Colpix CP 433 (M); SCP 433 (S)—This should be a big one for the label. The set comes hard on the heels of wide press coverage and controversy. The band is composed of musicians that toured Russia with Benny Goodman, and top flight men they are too. The album showcases the first-class soloists playing arrangements by Al Cohn that are touched with excitement and humor. Zoot Sims, Phil Woods, Willie Dennis, Markie Markowitz, Gene Allen and Eddie Costa all come in for kudos. The tunes out of the B. G. book, are refreshingly charted by Cohn: "Midnight in Moscow," "Mission to Moscow," "Let's Dance" and "Russian Lullaby" are top tracks.

**"BIRD" SYMBOLS**  
Charlie Parker PLP 407—Here's a collector's item. Great Charlie Parker performances (some say his greatest) originally recorded and released on the West Coast by Dial Records are packaged beautifully in double-fold album. The tracks cover a variety of artists playing with Parker; Miles Davis and Erroll Garner are only two. "Embraceable You," "A Night in Tunisia," "Ornithology," and "Cool Blues" are only a few of the historic tracks.

**Comedy**  
**THE BUTTON-DOWN MIND ON TV**  
Bob Newhart. Warner Bros. W 1467 (M); WS 1467 (S)—This is one of the best and funniest Bob Newhart recordings in a long time, since his first in fact. He has two routines "Introducing Tobacco to Civilization" and "Defusing a Bomb," that will be talked about for months to come. And another routine, "A Friend With a Dog," is no slouch either. In all of them, in his own zany way, Newhart stands things on their heads and makes life very funny indeed. This should be a hot seller to the millions of Newhart followers.

**Low Priced Pop**  
**ACCENT ON STRINGS**  
Clebano and his Ork. Mercury MGD 16 (M); SRD 16 (S)—A Clebano sampler that should win new friends for the conductor and his highly successful series of LP's for Mercury. These excerpts from his albums include some real gems that feature refreshing orchestration as well as heavy emphasis on strings, and also make use of arresting sounds and instrumentation to add zing and lightness. Should be an outstanding seller, with the mono listing at 99 cents.

**Country & Western**  
**THE HIT PARADE OF AMERICAN COUNTRY MUSIC (2-12")**  
Various Artists. Starday SLP 184—Thirty eight of the top country hits of the past decade are sung on this two-LP set by such names as George Jones, Cowboy Copas, Buck Owens, Red Sovine, Frankie Miller, Moon Mullican, Justin Tubbs and many others. It adds up to a hit parade of country music, including such recent items as "Walk On By," "I Fall to Pieces" and "Last Date," to older efforts like "Chained to a Memory," "I'll Sail My Ship Alone" and "Bouquet of Roses." Solid wax, well packaged and well recorded.

# SPECIAL MERIT ALBUMS

**Jazz**  
**CALIFORNIA CONCERTS**  
Gerry Mulligan. Pacific Jazz PJ 50—Here's a winning set for the collector. It contains some of Mulligan's most swinging material, recorded at concerts, played by a number of his small groups. All but one of the tracks are re-issues and they feature Zoot Simms, Bobby Brookmeyer and Jon Eardly as soloists along with Mulligan. "Red Door," "Little Girl Blue" and "Blues Going Up" are all first-rate efforts.

**FIRST TIME OUT**  
Clare Fischer. Pacific Jazz PJ 52—Clare Fischer, best known for his arranging talents, shows off a highly individual and imposing ability at the keyboard here. He combines an acute musical ear, with much knowledge and an intrinsic warmth. The soloist has swing and tenderness and projects them in a quiet but compelling way. Gary Peacock is a superior bassist and Gene Stone a solid drummer.

★★★ That's The Way It Is—(Elm Drive, ASCAP) (2:49)

★★★ Smart Boy—(Tree, BMI) (2:20)

**MIKE CLIFFORD**

★★★★ She's Just Another Girl—UNITED

ARTISTS 489—The lad makes his debut on the label with a lovely ballad here. Clifford is lushly backed by strings in a date written and produced by Leiber-Stoller. (Trio, BMI) (2:26)

★★★ Close to Cathy—(Arch, ASCAP) (2:40)

**THE PROFILES**

★★★★ That Watusi Wobble — GOLDIE 1103—Here's a title that combines two dance titles and the boys pound out the rhythmic message in shout style, with a big, blaring band backing. Good bit of excitement here that could generate some play. (Armada, BMI) (2:12)

★★★ Take a Giant Step (Walk On)—(Armada, BMI) (2:30)

**FRANK IFIELD**

★★★★ I Remember You—VEE JAY 457—The oldie is handed a most unusual reading by the singer over a country-styled backing. It has a nice lilt and a chance to happen via the singer's gimmicky and catchy reading. Watch it. (ASCAP)

★★★ I Listen to My Heart—(ASCAP)

**GARY PAXTON**

★★★★ Alley Oop Was a Two-Dab Man—LIBERTY 55485—Paxton does another version of the "Alley Oop" hit of some time ago. The side has a cute sound that might score with pre-teens. It features infectious rhythm with vocal chorus. (Garpax, BMI) (2:56)

★★★ Stop Twistin' Baby—(Garpax, BMI) (2:06)

**JOHNNY LOREN**

★★★★ Snake Bracelet, Painted Eyes, and a Cleopatra Wig — PHILIPS 40044 — Fine Nile sound as the lad sings a story about his gal who ears all the nonsense mentioned in the title. Great teen sound with just enough novelty appeal to attract attention. (Marna, BMI) (2:13)

★★★ Dream of Home (And My Love)—(Merrimac, BMI) (1:52)

**TERRY NOLAND**

★★★★ Long Gone Baby—APT 25065—Sweeping arrangement sparks this unusual country-pop tune about a gal who is long gone but she is still the only one he wants. This interesting disk has a sound (Dundee, BMI) (2:23)

★★★ There Goes a Girl—(Dundee, BMI) (2:54)

**MEL HENKE AND HIS ORK**

★★★★ 77 Sunset "Strip" — WARNER BROS 5295—Here's a "Stripper-type" version of "77 Sunset Strip" that could grab a lot of air exposure. The band hands it a rousing instrumental performance that moves. (M. Witmark & Sons, ASCAP) (2:22)

★★★ Oliver's Twist — (Henke - Stern, ASCAP) (2:15)

**CHUCK SEDACCA**

★★★★ Busy—SMASH 1773—A cute teen item, dealing with the cat's futile attempt to reach his gal on the phone. The line's always busy and the deep-toned bass vocal gimmick emulates the busy single. Has a chance. (Arkay, BMI) (1:57)

★★★ I Don't Wanna Know—(Arkay, BMI) (2:27)

**THE HOLLY TWINS**

★★★★ Potato Chips — RENDEZVOUS 180—Here's a cute novelty sung by the twosome. It's all about a boy who eats potato chips in the movies. Might score with the teens. (Mardon, BMI) (2:25)

★★★ Okefenokee—(Mardon, BMI) (2:03)

**THE PIPS**

★★★★ Darling—FURY 1067—A chorus of guys tells the story about "Darling—let me tell you how I love you." The chicks answer back in appealing fashion. Good beat and some listenable organ work. (Fast, BMI) (2:44)

★★★ Linda—(Fast, BMI) (2:28)

**MARILYN BRITTON**

★★★★ Big Mr. Heartbreaker—VEE JAY 2486—This is a side with an insinuating beat, and its nicely sung by the lass against strong rhythm and good piano work. Infectious quality of the beat could very well score with teens. (Tree, BMI) (2:02)

**THE DUKE EARL**

★★★★ You Left Me—VEE JAY 2560—The Duke has another ballad here. He handles the weeper type lyric well against strong backing which features strings, guitars and tympani. Can grab plays. (Conrad-Karian, BMI) (2:10)

★★★ I'll Follow You — (Cromwell, ASCAP) (2:27)

**DEL RICHARDSON**

★★★★ The Boys Night Out—MGM 3088—Here's the new movie title theme done by the lad in fine, happy fashion. The tune is appealing and is done to classy ork backing. Beat is good for Twisting. (Miller, ASCAP) (2:18)

★★★ Come Ste—(Robbins, ASCAP) (2:44)

**THE APPLEJACKS**

★★★★ Anytime—CAMEO 222—This is a bright side that should make happy tavern juke box programming. It's the old standard done in sing along style with saxes and banjos in accompaniment. (Hill and Range, BMI) (2:05)

★★★ Struttin' in the Summertime—(Kalmann, ASCAP) (2:08)

**JOHNNY (BIRD) PARKER**

★★★★ Beach Time U.S.A.—WELLS 199—This is the beach theme again, this time done to a Bo Diddley type beat. Side swings with good rhythm vocal by the lad and fine sax blowing. (Instant, BMI) (2:07)

★★★ For Goodness Sake—(Instant, BMI) (2:00)

**IVORY JOE HUNTER**

★★★★ Somebody's Stealing My Love—VEE JAY 2482—Ivory Joe sings a blues ballad here with conviction. He adds a touch of gospel to the tune and is adequately backed by horns, piano and rhythm. (St. Louis, BMI) (2:38)

★★★ You Only Want Me When You Need Me—(Roosevelt, BMI) (2:20)

**JERRY MCGEE**

★★★★ Solitude—REPRISE 20098—This pretty new tune—not the Ellington "Solitude" is played in a warm, Floyd Cramer style by McGee and the ork. It has a chance for much exposure. (South Mountain, BMI) (2:48)

★★★ Jam Up—(South Mountain, BMI) (1:51)

**DAVE KENNEDY AND THE AMBASSADORS**

★★★★ That's Where Lonesome Lives—CUCA 1093—The lad tells a sad story about himself here. His girl has left him and he's lonesome as can be. Chorus joins him in his misery. (2:17)

★★★ Little Red Rented Rowboat—(2:00)

**McKINLEY MITCHELL**

★★★★ I'm So Glad—ONE-DERFUL 4810—The chanter shouts out the news that his baby's comin' home on this emotional dinking which also features good combo and fem group support. Pounding vocal could help this take off. (Vapac, BMI) (2:18)

★★★ All of a Sudden—(Vapac, BMI) (2:30)

**BILL BRYAN AND THE GOLD TONES**

★★★★ Rocking Chair — PIKE 5913—Here's a bright upbeat ditty with touches of "Bo Diddley." The lead spouts out the message with answering phrases from the group. Has a sound which could create some interest. (Flowers, BMI) (2:17)

★★★ Wasted Words—(Flowers, BMI) (2:14)

**MARIE GLADNESS**

★★★★ Cops and Robbers—ABNER 7004—A lot of wild singing by some gals and maybe guys brings Marie on with a story of her guy who's a bad guy and a good guy, too. Fine r.&b. sound, and Marie sings with a lot of feeling. Some fancy fiddles, too. (Conrad, BMI) (2:10)

★★★ I'm Anxious—(Conrad-Irving, BMI) (2:05)

**SONNY JAMES**

★★★★ A Mile and a Quarter—DOT 16381—This is a song-story about three men who break out of Alcatraz. The tune has topical quality for it comes hard on the news stories about the recent break from the Rock. Fine country-type side here has good singing from the boy who is backed by vocal chorus and country-type combo (Lo-Ja, BMI) (2:29)

★★★★ I Wouldn't Know Where to Begin—On this side the chanter sings a heart-breaker with deep feeling and the combo work is appropriate. A touching tune that shows off some tender work on Austin's part. Two sock sides. (Central, BMI) (2:25)

## Philadelphia

Summer season finds for the first time in years a marked interest in the "big band" for dance promotions with two major eating spots turning dance hall for the experiment. The Four Chefs, a giant catering establishment in the Frankford section of the city, scheduled a series of seven Thursday night dances, kicking off with Si Zentner who attracted 700 dancers for the inaugural. Promoted by Al and Bob Backauskas, owners of the establishment, they had WRCV's Jack Pyle emceeding with the station doing a remote from the spot.

Keely Smith is asking \$17,500 for a week in October at the Holiday House. . . Bobby Vinton's new Epic LP, "Roses Are Red," is really doing well here. His "Roses Are Red" single has topped 100,000 in Pittsburgh sales alone. LEONARD MENDLOWITZ

"Mademoiselle Modiste," "Babes In Toyland," "Roberta," "The Student Prince," "The Vagabond King," among others.

Each operetta covers one side of an LP, about 22 minutes, and is a miniature reproduction of the original work, with overture, solo tunes, ensembles and finales. Rene handled the arranging and the orchestrations, with Chuck Gerhardt producing and Lehman Engel conducting. About 2,500 pages of orchestra score were needed to provide the background for the flock of operettas. To make the recordings 25 singers, among them Anna Moffa, and 55 musicians were used.

Rene, Gerhardt, and Engel, are flying to London this month, with the leading soloists to record six more operettas for the English Reader's Digest package. These are "No No Nannette," "The Chocolate Soldier," "Bittersweet," "White Horse Inn," "Countess Maritza" and "The Gypsy Baron." Meanwhile, Rene, now in California with his bride June, has just had an album issued on the Decca label called "Paris Loves Lovers."

## Cincinnati

Ralph Marterie, sporting a brand-new band and a new book clefted by writers Bill Potts and Mannie Albam, closed a four-day stand at Coney Island here ended Sunday (29) and departed for Buckeye Lake Park, Buckeye Lake, Ohio, and Cleveland, after which he hopes to keep alive with a string of Midwestern dates. The unexpected developments in the MCA case sort of left him sitting on the lot, Marterie says. He reports satisfactory action on his new United Artists album, "Marterie Plays Again." . . . A new label, Saxony Records, headed by Bud Reneau, Paul Trefzger and Joe Sheets, made its bow here recently. Firm's initial releases are "Whenever I Get Lonely" b.w. "That's the Way," by Rollie Willis and the Contenders, and "Times Is Tough" b.w. "There Must Be a Way," by the Cabarets.

Betty (Kapp) Maier, who formerly handled the press for a number of niteries in the area and for the last 12 years a resident of Las Vegas, has mended from a five-year illness and is handling publicity for the Mary Kaye Trio and the Bernard Brothers. . . The Cincinnati Summer Opera Association ended its four-week season (its 42d) at the Cincinnati Zoo Sunday (15) with an all-time record gross of \$136,000, a 25 per cent increase over the 1961 take. The association expects to wind up with a \$25,000 surplus. Last year's season wound up with an \$80,000 deficit. . . Hugh Watkins, of Acme Records, in town last Wednesday (18) to promote the wares of the Torques, a six-piece instrumental group plus three male voices. Their first on the Acme label, cut recently at the Bradley Studios, Nashville, is "Sticky," Parts I and II. Mike Thompson and Bob Remington did the writing. . . The Cozy Cole Quintet began a fortnight's stand Monday (23) at Mel Herman's Living Room downtown. . . Pianist Saul Striks, formerly with Sumthin' Smith and the Redheads, concluded an extended stay at the Living Room Saturday (22).

## Boston

Many Bostonians are complaining this year because the famed Castle Hill concerts in Ipswich are limited to only three nights with room for only 500 on each occasion. Also because the charges are \$20 a couple and \$10 single. Last year George Wein ran the show, but passed it up this time. He had big name bands and noted artists.

Ken Capurso, music director of WHYN, took part on the "Tonight" show with Jimmy Dean and did "Sounds of a Mambo Record." So far he has no agent. . . Vaughn Monroe opens at the Surf Club in Revere and will do interviews with deejays for the date. He's on Dot label.

Ernie Moresco, Dot artist, in town to push "Mary Jane," and "Down on the Beach," and both sides appear to have caught on here. . . Bobby Gordon, also with Dot, around promoting his "Old South, New Sound."

Sammy Dale and his orchestra have completed 14 years at the Statler Hilton. The hotel is booking acts for its Terrace Room show next season. Vicky Autier, French pianist, has been signed, and there is talk of Russell Nye, Toni Arden, Florian Zabach, Hildegard and Kitty Kallen. . . Pat Rainey, Boston's internationally renowned chanteuse, is seeing lots of bachelor Earl Wilson, no-hit pitcher of the Boston Red Sox. Pat missed a good chance to work for Sammy Davis Jr. when she bit on a stone in a beef pie and broke several teeth.

Bert Johnson, public relations chief for Dumont Distributing, has taken his wife and has gone on a trip to Sweden. Dumont is making hay out of its large list of record artists performing at the Brockton Fair. These include Joe Dowell of the Smash label, Linda Scott of Congress, Bobby Vinton of Epic and Freddy Cannon of Swan. . . Four of the local musical tents opened the season with non-musical productions and found generally that straight plays just don't go in the round. Biggest trouble was the sound systems. # George Wein Jazz Festival Set for Cincy

CINCINNATI — Arrangements have been completed for the Ohio Valley Jazz Festival to be presented at Carthage Fairgrounds here, August 24-26, with George Wein producing. Dino Santangelo, Cincy press agent, is fronting the local promotion for several anonymous backers.

Opening night's features will be Duke Ellington, Dave Brubeck and Louis Armstrong. Other jazeers tentatively set are organist Jimmy Smith, Joe Williams, Maynard Ferguson's band, Gerry Mulligan, Carmen McRae and Sonny Rollins. Others being considered, according to Wein, are Thelonious Monk, Nancy Wilson, Charles Mingus, Stan Getz, Clara Ward's Gospel Singers, Anita O'Day and Mark Murphy. Father Norman J. O'Connor, Paulist chaplain at Boston University and well-known jazz authority, will emcee the proceedings.

Original plans to use the fairgrounds grandstand's 2,500 seats, plus 4,000 chairs on the race-track where stymied for a time early last week when Don Hunter, city building commissioner stated that the jazz fest patrons would be restricted from the grandstand. He stated that the old stands could accommodate a "normal, sedate gathering," but that there is no assurance that they would stand up under a stamping and stomping jazz crowd.

The city dads relented, however, and granted permission to use the fair's grandstand provided the crowd in the stands is limited to 2,600, that they do not smoke and that the police stop the show if any stomping of feet occurs during the performance.

**BEST SELLING PHONOGRAPHS,  
RADIOS & TAPE RECORDERS**

These are the nation's best sellers by manufacturers based on results of a month-long study using personal interviews with a representative national cross-section of record-selling outlets (only) that also sell phonographs, radios and/or tape recorders. A different price group is published in the space each week. Each category appears approximately every 14 weeks.

The percentage figure shown for each brand is its share of the total number of weighted points derived from all dealer responses. Point tabulations are based on the rank order of manufacturers' sales at each dealer, and weighted by size of outlet. Only manufacturers earning 3% or more of the total dealer points are listed below.

**PHONOS LISTING BETWEEN  
\$61 AND \$80**

Pos. This Issue	Pos. 8/5/62 Issue	Pos. 2/3/62 Issue	Brand	% of Total Points
1	1	2	Decca	21.1
2	3	1	Magnavox	20.7
3	4	—	Voice of Music (V-M)	12.7
4	7	6	RCA Victor	12.3
5	2	3	Webcor	5.6
6	—	7	General Electric	5.3
7	—	—	Admiral	4.6
Others				17.7

Since this chart is based on the previous month's sales, it is conceivable that certain brands will appear at one time and not at another because of many influencing factors. Thus it does not indicate that the above ranking applies for any period other than the previous month. Those brands that appeared in previous issues for this category and do not happen to merit a listing above are shown below with their rank order in the issue indicated in parenthesis.

5/5/62 Issue: Capitol (5); Motorola (6); Arvin (8); Philharmonic (8); Zenith (8).

2/3/62 Issue: Motorola (4); Capitol (5).

**Novel Proposal Offers Dealers  
Protection Against Overstock**

ST. LOUIS—A realistic method of protecting dealers and at the same time holding on to those dealers who have not yet gone entirely over to one-stops, has been proposed by Norm Wienstroer, head of Norman Distributing Company here.

Wienstroer has instituted a change from the normal 5 per cent return on singles to a 100 per cent return policy. In return for that, the dealer takes 5 cents less credit for unsold records than the price he paid for them. In like manner

the distributor also takes a 5-cent rap in returning singles to the manufacturer.

**Diskery Covered**

The 10-cent margin involved thus at least covers the manufacturer on his pressing cost for a single.

"The crux of the offer is that dealers have a 100 per cent protection for a small premium for those records that are returned for credit," Wienstroer pointed out. "When they pay a premium price at a

**30 DISPLAYS  
OF HI-FI UNITS  
IN BOSTON SHOW**

BOSTON—The first New England high fidelity music show will take place at the Mid-Town Motor Inn here, September 21-23. More than 30 separate displays will show many varieties of new stereo components.

Special exhibits will include a "kit" clinic where onlookers may watch kits being made into working units. Experts will explain how to build kits and will answer questions on construction techniques. Another feature of the show will be laboratory test apparatus showing.

Those attending will be free to bring in their own amplifiers for professional check-outs.

Boston station WCRB will conduct live stereo auditions, providing attendees with a chance to hear their own voices in stereo. In addition, there will be door prizes of many types of equipment. A trade and press preview will be held Thursday, September 20.

**Motorola Program  
Offers Variety of  
Aids for Service**

CHICAGO—"Operation Service Aids" is a new dealer service program, inaugurated by Motorola Inc., under which many new service aids will be made available to the service fraternity.

Included in the new service, aimed for the nation's more than 60,000 phono, radio and TV outlets, are such diverse items as service uniforms in blue and gray, tube totes, identification materials and promotion matter, such as back-of-set stickers, door-knob hangers, matchbooks and other advertising devices.

Under a promotional plan operating during the summer, service dealers and servicemen can obtain the aids as premiums with the purchase of Motorola tubes and other parts.

The plan is so complete that even letterhead stationery, business cards and want lists are included in the material offered.

**Ford Stereo Auto  
Display Highlight**

NEW YORK—A "concert hall on wheels," sponsored by the Ford Motor Company, will be a feature exhibit at the forthcoming New York High Fidelity Music Show. The show will be held October 2-6 at the New York Trade Show Building.

The Ford display will be highlighted by an auto, fitted out for FM reception, to tie in with the theme of the show—"A new dimension in sound... FM stereo." The car utilizes a new type rear-seat speaker called a reverberator, to produce a stereo-type sound in car radio music. The reverberator, utilizing a separate amplifier, reproduces a second set of sound waves, delayed by three one-thousandths of a second over the original signal.

Raymond Pepe, president of the Institute of High Fidelity Manufacturers, sponsor of the show, said:

**Road to Accessory Sale  
Often an Offbeat One**

CLAYTON, Mo.—Asking customers who complain of poor sound reproduction to bring any unsatisfactory records for a demonstration of proper cleaning accessories is helping sell around \$7,500 worth of record accessories every year for the High Fidelity Showroom here.

John Marshall, owner, feels that few record retailers put enough emphasis on accessories, not only for the extra profit involved, but because they keep the customer sold on his phonograph he has purchased.

"We also plan to feature other forms of transportation utilizing high fidelity components. These will dramatically illustrate the great potential of this new sound in entertainment."

For that reason an eight-foot display case alongside the cash register, where every customer must pause at least briefly when entering the big Missouri dealership, displays a \$2,000 stock of accessories, all of which are ready for active demonstration.

In the accessories inventory are special lightweight phonograph arms, static brushes, static cloths, cleaning pads, magnetic equipment, record changer covers for turntables, delicately balanced leveling arms, cartridges, timers, cases, record albums and racks, aerosol spray cleaners and other items.

With this array of accessories thus prominently shown, it is standard procedure for every salesman to bring up the subject of accessories as soon as a customer enters the store.

**ALBUM COVER OF THE WEEK**

**A SUP OF GOOD WHISKEY—IRISH DRINKING SONGS**—Patrick Galvin, Offbeat OLP 4022. Kenneth R. Deardoff designed and photographed this eye-catching jacket. The attractive cover should draw business to the purveyors of spirits as well as record stores interested in leading customers to the specialty sections.

**THE HANK WILLIAMS SONGBOOK**—Connie Stevens, Warner Bros. WS 1460. A most appealing full-color cover photo of the pretty blond songstress by Gene Trindl. The photo, predominantly in vivid colors of pink, yellow and orange, is attractively set on a white background. Potent display material for pops counters and windows.

## NEW DEALER PRODUCTS

### Telectro Makes Changes

The new Telectro Model MS123 is one of four new

tape recorder units embodying new styling changes, based on the precept that the tape recorder is part of the standard decor of a room and not something to be hidden. Fine, clean-cut, modern lines are featured in the housing which provides for two-speed, four-track stereo playback and four-track monaural record and playback. Suggested list is \$179.95.

### 'Silent Listening' Console

Model S 373 (the Squire) is one of four new console phonos recently announced

by Clairtone Sound Corporation of Canada. The unit has built-in FM stereo, a 50-inch cabinet in early American styling and contains Clairtone's silent listening feature, which incorporates special sockets for Clairtone's own stereo headphones and an accompanying speaker silencer switch. The stereo phones are available separately.

### 'Drop-In' V-M Tuners

V-M has introduced this new Model 1451 AM, FM

and FM stereo "drop-in" radio tuner. The new unit can be dropped into most current VM console models. It features separate tuning and function controls and high impedance output jacks for connection of dual channel amplifier. Retail guide price has been set at \$99.95.

### Road to Accessory Sale Is Often Offbeat One

Continued from page 39

tomer has made a record or a phonograph purchase.

#### No Hard Sell

Marshall deliberately underplays the salesmanship angle. The customer is always told that in buying a new, sealed record he is getting a disk in absolutely perfect condition. He is told it will give him satisfaction until it becomes scratched, dust collects in the grooves, or other problems arise.

Then the salesman points to the accessories display and simply says, "That's what this accessory equipment is for—to keep your record, and your phonograph, at its absolute best. Remember that if you have any problems."

Women have proved surprisingly easy to sell on accessories. They often buy up to as much as \$35 worth—to add to the usefulness of, say, a \$400 phonograph. The point which makes possible such sales is to remind women that they must constantly keep the family automobile up with proper attention and maintenance and indicating that the phonograph needs the same sort of care. This makes sense to the better-income customers, says Marshall.

#### Offbeat Approach

Marshall, who does one of the St. Louis area's biggest record volumes, likes to be somewhat offbeat in the techniques used to sell his customers. One of his most unusual steps, both in selling records, phonographs, or even accessories, is to invite the customer to sit down with the salesman in a large, comfortable lounge, furnished with an exceptionally large

### Webcor Forms Own Components Division

CHICAGO—Webcor, Inc., has formed a components division. The new division has been organized to make available the firm's complete line of stereo tape recorder decks, record changers, and related accessories and components through established sales representatives in the radio and electronics field.

New models of disk changers and tape decks are being added to the line, which will also include for the first time tuners and amplifiers, according to marketing vice-president, James McLaughlin.

McLaughlin said the new division will enable Webcor "to better serve the growing stereo component field and also pioneer in the development of a vast untapped potential market."

number of tile-type coffee tables. Magazines of interest to audiophiles and music lovers are scattered over the tables. The customer is somewhat surprised when the salesman, after talking about a particular record, takes it out of stock, and suddenly places the record on the coffee table stool, at one end—where it begins playing.

The secret, of course, is that inconspicuous turntables are built under the coffee tables, projecting through to the top, with controls set back two inches or so from the underlip of the table. There, volume, treble-base adjustments and so on are completely out of sight. Connected by nearly invisible, fine wire to speakers around the lounge, any of five coffee tables thus is an actual phonograph, a gimmick which not only amuses customers, makes sure that they talk about the experience to friends, but also has resulted in orders for custom-made coffee-table phonographs.

### Novel Proposal

Continued from page 39

one-stop for this same protection, it means less profit on each sale. With my policy, they pay a premium only on the records unsold and make their full mark-up on everything they sell.

#### Cites Advantages

"I see these advantages: First, dealers get 100 per cent protection and the worst that can happen is that they take a 5 per cent mark-down on unsold singles. Most dealers consider overstock their most important problem and many desirable dealers have discontinued singles for this reason.

"Second, distributors can get far greater exposure for manufacturers and sell more singles. Distributors can keep dealers from going to a one-stop for this protection against overstock.

"Finally, for the manufacturer, it would at least give him back the cost of making the record that was never sold. As it is, they eventually take them back on a full credit basis from distributors.

"So far, my dealers are going for the idea and I hope the policy can be picked up by other distributors. It would be a help, too, if manufacturers would agree to go along with the plan."

### Moonglow Exec to Europe

HOLLYWOOD—Ray Maxwell, of Moonglow Records, has taken off on an extended tour of Europe and will conduct meetings at his firm's European headquarters in Belgium. Label currently has "There She Goes," by the Paramours in release. Its subsidiary music firm, Ray Maxwell Music, has "Renetta" in the No. 3 spot on Italy's chart.

# Reviews of New Singles

Continued from page 36

**JAMES O'GWYNN**  
 ★★ Does He Mean That Much to You — MERCURY 72008—The chanter asks his girl to think again before she breaks up with him for another on this country weeper. The backing adds a fine flavor to the disk.

(Hill & Range, BMI) (2:29)  
 ★★ What Do You Want From Me—A lilting backing on this three-beater aids O'Gwynn's performance on a potent weeper that could catch exposure in the market. (Tree, BMI) (2:24)

**BLACK and TAN FANTASY**  
 David Rosa Orch.—MGM  
**DON'T WORRY 'BOUT ME**

★ If I Can Slip Away—(Pacific Coast-Metric, BMI) (2:10)

**CLAUDE GRAY**  
 ★★ Daddy Stopped In — MERCURY 72001—Here's a real weeper from Claude Gray, penned by singer Joe Dowell, that could turn into a solid seller in country and pop. Singer explains how he dropped in to see his kids and his divorced wife on this tale of heartbreak Strong wax. (Sure Fire, BMI) (2:10)

★ Three Times—(Arch, ASCAP) (2:18)

## RHYTHM & BLUES

**JOHN LEE HOOKER**  
 ★★ She's Mine — VEEJAY 2207—A strong, pounding Latin rhythm here backs the lad on this swinger. There's a powerful vocal by Hooker on the "Keep Your Hands to Yourself" theme. It's a swinger—that might follow the "Boom Boom" action. (Conrad, BMI) (2:23)

★ A New Leaf—Misery and the blues are coupled on this side. It's a slow blues in which the singer proclaims his new outlook on life. Both are from the new LP "Burnin'." (Conrad, BMI) (2:29)

## JAZZ

**ZOOT SIMS-MEL LEWIS-PHIL WOODS-WILLIE DENNIS-BILL CROW**  
 ★★ The Sochi Boatman (Parts I & II) — COLPIX 648—This is a single from the forthcoming album "Jazz Mission to Moscow" played by a group of the members of the Goodman big band. They play the "Volga Boatman" here in a slow tempo with strong tenor sax work from Zoot Sims, piano work by Eddie Costa and bass playing by Bill Crow. Band arrangements are by Al Cohn. (Gower, BMI) (2:33, 2:46)

**CATERINA VALENTE AND SILVIO FRANCESCO**  
 ★★ Corporation — LONDON 1001—Miss Valente and her partner here embark on a swinging dual-scat session, on an upbeat tune with a solid big band backing. Neat vocal harmonies of a somewhat out nature are featured. Good jock material. (Marks, BMI) (2:05)

Bud Crowder, former deejay and long-time country musician, is now appearing with his own band four nights a week at the Lakeside Hotel, Lakeside, Calif. . . . C.&W. singer-guitarist Jack Roberts is featured with his Evergreen Drifters on a new 30-minute seg, "The Evergreen Jubilee," telecast each Saturday afternoon via KOMO-TV, Seat-

tle. Fiddler Marty Dahlgren and the Maddy Brothers, of Everett, Wash., are featured on the show, with guests spotted on occasion. In addition to the TV-er, Roberts is still doing a country record show five days a week over KNBX, Kirkland, Wash., and playing weekly dances with his band at Heiser's Shadow Lake Ballroom near Seattle.

Dave Barnes, editor-pub-

lisher of England's Country Western Record Review, with headquarters at 437 Folkestone Road, Dover, Kent, writes: "Hope to get over for the Nashville music festival again in November. Our magazine is now in full print and its circulation is now 3,000 copies a month. We urgently need releases for review from all the labels, as well as all type of promotion material. The demand for country music over here the last year has been very heavy and we expect it to break into the pop market soon. The new Frank Ifield number, "I Remember You," is heading for the No. 1 spot here. This is Frank's

first attempt to do a country number in England. He is, of course, well known for his material in Australia."

Currently touring Germany for the Jim Denny office, Nashville, are Billy Grammer, Johnny Bond and Johnny Tona. . . . Tommy Jackson has been engaged to handle Pappy Daily's Glad and Starrite music lines in Nashville. . . . Harry Weger, of Harry Weger Enterprises, 501 Wabash Avenue, Terre Haute, Ind., has taken over the management of the "Brown County Jamboree" at Beanblossom, Ind., which had its formal opening July 1 with a show headlining Bobby Edwards and Merle Kilgore. Regulars on "Brown County Jambo-

ree," besides Weger, are Ramblin' Red Richey, Jerry Kelly, Country McCullough and the Hoosierland Sweethearts.

New England Records, Houston, has arranged for Emerald Records, Ltd., to handle distribution in Ireland on Hank the Drifter's "Hank, You're Gone But Not Forgotten" b.w. "Painted Doll." Both tunes were penned by Daniel Raye Andrade. . . . Bill Phillips (Columbia), Connie Hall (Decca), Little Becky Shepard and Bill Lanham (Ark), J. Country music fans filled The News Sentinel Outdoor Theater at Franke Park, Fort Wayne, Ind., to overflowing recently for a program billed as Country Music Festival, featuring area talent. Sponsoring the event were the Fort Wayne Park Board; Local 58, AFM, and the Musicians Trust Fund of the Recording Industry. Among the artists participating were Joe Taylor and the Indiana Redbirds, with Patty Corbett; Nancy Lee and the Hilltoppers, Jack Harmon, the Country Cousins, with Vic Rigsby, Maudy Mae Rigsby, Bob and Brian and the Stewart

Brothers Band, and Lee Miles. Sam DeVincent handled the emcee chores. . . Pappy Daily, who heads up United Artists' country and western division, has signed Frankie Miller and Bill Mack to recording pacts.

### Sims and Thompson Merge To Form New Label Line

ROGERS, Ark.—Russell Sims, of Sims Records, and G. Don Thompson, president of Cimarron Records, have merged their interests and will henceforth operate as an indie c.&w. label under the name of Cimarron-Sims.

Sims artists Johnnie Lee Wills and Dub Dickerson, the latter formerly on Capitol, will continue on the Cimarron-Sims label, with Cimarron contributing talentwise Leon McAuliff, Ray Hendrix and the recently signed Floyd Tillman.

## There's Gold in Record Concessions

Continued from page 4

writer-performer, reducing the record company to a releasing outfit, similar to movie firms that release independent product. Some labels will finance the recording dates as long as they release the disk.

6. **Guarantees.** Many years ago record firms, caught with big guarantees on artists who stopped selling, swore off such pacts. But increased competition has made them renew the offers, and today there are artist pacts that call for close to \$1 million in guarantees over a 10-year period.

7. **Overseas distribution.** This is an area that is just starting to be cracked. But even here some name artists have signed contracts with American firms that limit their recordings to sales just in the U. S. The artist then makes his own deal with firms in European or Asian countries to handle his records

abroad. This usually takes place only with an artist who has a contract provision giving him rights to his own masters. And more artists than formerly now have such a clause.

### Other Breakthroughs

Others, besides artists, are getting concessions from record firms.

Original Broadway cast shows recording contracts, for instance, call for many concessions to the producer. His royalties on an original cast set, once pegged at 10 per cent, is reported to be as high as the 18 per cent granted one of the forthcoming fall shows. And advances of sizable amounts are being given on producer's royalties.

Many show producers also own their masters. They merely release them through the record company that has the rights. There is now

pressure on both show producers and record companies from all the stars of a show, as well as top names, the ork leaders, arrangers and orchestrators, as well to get some sort of royalty on an original cast album, rather than a flat fee. This trend could become even stronger in the future, and where it'll stop, nobody knows.

## Scramble on for Disk Artists

Continued from page 5

Salkow and Henry Alper have joined GAC. Mike Levee Jr. will join Rosenberg-Coryell. Plans of top echelon MCA execs George Chasin, Marty Kummer, Herb Rosenthal, and Larry Barnett have not yet been disclosed.

Three key MCA New York agents, Kay Brown, Phyllis Jackson and Jay Sandford have been signed to the fast-growing Ashley-Steiner Agency, which will now inherit close to 100 new clients. They include top writers, playwrights, actors, screenwriters and you name 'em.

### Powerful Names

Though MCA had not gone in as deeply for rock and roll talent as have some of the other agencies, the firm has represented some powerful names for records who were as strong on wax as in other areas of show business.

Among the clients represented by the MCA agency were Harry Belafonte, Frank Sinatra, Percy Faith, the Four Preps, Henry Man-

cini, the Fleetwoods, Bob Newhart, Tex Ritter, Neil Sedaka, Roger Williams and Woody Woodbury. There is sure to be a lot of tugging and hauling to get these acts with established agencies.

However, it would not be prudent to assume that there may not be a strong new agency developed by any one or two of the top agents who have been so important to the growth of MCA over the past decade. Steeped in the hard agency school of MCA it is entirely probable that in a few years there will be a number of new agencies formed by ex-MCA agents that will be giving top agencies a good run for a client.

## Damone TV Show Spurs New Album

HOLLYWOOD—Capitol Records, with an eye to TV's sales prowess, is coinciding the release of a Vic Damone album with the kick-off of his NBC-TV summer series.

The album uses the show's title, "The Lively Ones," its title tune (plus 11 standards), and the cover features the show's two blond eyestoppers, Joan Staley and Shirley Yelm. LP's arrangements are by Jack Marshall and Bill May, with May conducting the accompanying orchestra. LP release is scheduled for July 30.

Regarding Sinatra, it was noted that all future albums by the singer-disk executive would be in double-fold package form. It was also stated that the label will have the soundtrack package to the picture, "The Manchurian Candidate," and that Sinatra is considering a Broadway show with Marilyn Monroe, score to be done by Harold Arlen and Johnny Mercer.

# MOA APPOINTS NON-MUSIC MAN

## JUKE BOX HEARINGS OFF; MAYBE DEAD FOR SEASON

WASHINGTON—Hearings scheduled for last week on Representative Celler's anti-juke exemption bill were suddenly called off, due to hospitalization of the Copyrights Subcommittee chairman, Rep. Edwin Willis (D., La.). No date has been set for rescheduling the hearings. It is the general feeling that they may be out of the picture for this rapidly closing session.

Representative Willis is reportedly undergoing a check-up at the Bethesda Naval Hospital, and tests could not be finished in time for the scheduled hearing date (July 25).

Hearings were to be held on House Judiciary Committee chairman's two juke box bills, the early H.R. 70, to eliminate the copyright law's exemption for performance royalty on juke box play, and the new H.R. 12,450, which would set over-all performance fees of between \$5 and \$25 per box per year. Fees would be collected, administered and distributed by a special board of three trustees, who would be appointed by the Attorney General and who could review the performance fees for juke play every five years. (See Billboard Music Week, July 21.)

## Laundries Joining to Ban Juke Boxes Invite Antitrust Action, FTC Aid Says

CHICAGO—Agreements to bar juke boxes from coin-operated dry cleaning plants would constitute violations of two federal laws, according to the Chicago office of the Federal Trade Commission.

An effort to keep coin-operated phonographs out of dry cleaning stores was initiated in the spring of 1961 by the Chicago-based National Automatic Laundry and Cleaning Council. Other elements of the new industry, after an early inclination to embrace the income possibilities of the music machines,

now are supporting the position assumed by the Council.

Henry M. Anding, a legal expert attached to the FTC office here, pointed out that any concerted attempt to prevent the use of juke boxes in coin laundries could invite the possibility of action under Section 5 of the Federal Trade Commission Act or Section 1 of the Sherman Act.

### Restraint of Trade

Any such effort, Anding explained, would be an agreement in restraint of trade and unfair method of competition—the prohibited acts covered by Section 5.

Section 1 of the Sherman Act is administered by the Department

## Optical Illusion Boosts Action For Rifle Game

WORLD'S FAIR RIFLE GALLERY

CHICAGO—Chicago Coin reports heavy response to its "World's Fair Rifle Gallery," which was placed in distribution last week.

Probably the most conspicuous feature of the product is the shooting distance which by means of double mirror reflection creates the illusion of a target at least 20 feet away.

Another feature is the novel target which was developed to assure the player a genuine test of his marksmanship.

Other targets spell out words and new spinning targets provide continuous action after a direct hit.

## Dennis Hyland in New BMW Post

NEW YORK — Dennis Hyland has been named East Coast advertising representative for Billboard Music Week's coin machine section. Hyland joined BMW in January 1961 as a sales promotion man.

Prior to joining BMW, he had worked in advertising and sales promotion for the Music Corporation of America's television syndication division and as an advertising and sales promotion man for Columbia Records.

He is a graduate of Manhattan College (1955) and a veteran of the U. S. Navy (1955-1957). Hyland is married and has three daughters.

## This Celler Bill Dead for Year, Declares MOA

CHICAGO — George Miller, president of Music Operators of America, declared that the Celler Bill is dead beyond the possibility of resuscitation for at least this session of Congress.

Dispelling some reports to the contrary, Miller said that he would serve out his term as president.

After the expiration of his term, he will continue as MOA insurance administrator and legislative representative, he said.

He announced also that plans are in the making for the addition of major medical health plans to the group life insurance now held by the organization.

## New Exec Blundered Is Association Expert

ROBERT H. BLUNDERED

CHICAGO — Robert H. Blundered, professional organization expert, is the new managing director of Music Operators of America.

His selection was announced Wednesday (25) after a two-day session of MOA's executive committee which was convened to fill the vacancy left by the resignation of Edward R. Ratajack.

A resident of Elmhurst, Ill. the 42-year-old Blundered brings 15 years of experience in the manage-

ment of professional organizations to his new tasks.

### Professional Background

For the last nine years, he has been serving as executive secretary of the Chicago-based Screen Process Association. Prior to that, he directed the Washington office of the American Bakers Association. Before that, he was director of the Washington office of the American Municipal Association—an organization of city officials—a position he obtained after employment as assistant secretary of the Chamber of Commerce in Trenton, N. J., and Hammond, Ind.

Blundered was born in Syracuse, where he attended public schools and Syracuse University. Later he taught political science at the University of Illinois, where he met his wife, Pauline. They have an eight-year-old son, Lawrence.

Twenty applicants were invited for interviews by the committee after a sub-committee had spent weeks in screening applications.

### Miller Participates

George Miller, MOA president, participated in the decision which led to Blundered's appointment.

### EDITORIAL

## Choice Sounds Wise

The appointment of Robert H. Blundered as managing director of the Music Operators of America has all the earmarks of a wise selection. The new MOA official has a solid background in professional trade association management—a background which is sorely needed by the operator organization.

Blundered has no background in the music machine industry which he will serve. However, this lack of background is no handicap. An intelligent man with experience in directing trade associations should be able to run any industry group competently.

The temptation to appoint a managing director whose primary experience had been in the coin machine field must have been great. We are happy that the MOA committee responsible for the selection of the managing director resisted that temptation.

Blundered will face a difficult, but not impossible, chore. He will have to rebuild MOA membership by instituting programs calculated to hold operators' interest 12 months a year. He will have to repair relationships with manufacturers. He will have to entice both juke box manufacturers and record companies into the MOA show. He will have to get a national public relations program operative.

We wish Blundered and MOA the best of luck. And while we will retain our editorial prerogatives to criticize the association when we think criticism is merited, we offer our wholehearted co-operation in making MOA an effective organization.

# How Not to Be Left Holding the Bag

By AARON STERNFIELD

NEW YORK—Whenever two or more coin machine operators get involved in a trade discussion, it's even money that one stock phrase will crop up. That phrase is: "The operator is his own worst enemy."

The statement generally refers to high commissions, bonuses or location loans. In New York it often refers to a simple case of fraud with the operator as the victim.

Recently, Gotham operators have been played for patsies by location owners who move into a vacant store and begin accepting advance commissions from juke box amuse-

ment machine and cigaret operators (BMW, July 21).

### Holding the Bag

When the location owner gets what he considers enough, he vacates the premises, leaving the operators holding the bag.

The local district attorney's office has been investigating the situation, but indictments are difficult to get.

When confronted with what he has done, the location owner will explain that he had every intention to get in operation, but that his initial expenses were so high that he just couldn't get started. The

advance commissions, of course, were spent in fixtures and legal fees.

### Liquor Licenses

In rare cases, the location owner is telling the truth. For example, the location owner may take over a bar which has lost its liquor license. He may feel confident that he can get another license and begin operation. He'll sign a lease and hire a lawyer. After a couple of months, he'll make the sad discovery that he isn't going to get that license.

When the location owner throws in the sponge, the advance commissions have already been spent. The

operator can recover his money if he wants to sue. But this is expensive recovery, and chances are the location owner just doesn't have it.

What causes the coin machine operator to take chances that any prudent businessman would pass up? Why will he sink hundreds, and in some cases more than \$1,000 in a location which may never open?

### Fear of Competition

In most cases its fear that if he doesn't cough up the money in a hurry, his competitor will. And, on the off chance that he may be

**BULK VENDING**

**'Horribles' as Vending Items Work Like Charm on Kiddies**

NEW YORK—Children have always been fascinated by the macabre, the slimy and the untouchable. Items which would cause most adults to shudder are often coveted by youngsters as pets.

Hence, the idea of keeping snakes, lizards and other vermin as pets is seldom understood by the adult world; to children it seems the natural thing.

The hottest charm item in the bulk vending trade this year has been the miniature reptile or insect, with the miniature shrunken head running a close second.

Paul A. Price, who introduced the item nearly eight months ago, reports that 75 per cent of his business is devoted to the Scare 'Em series, and 1962 sales are currently running more than double what they were a year ago.

And the recently dissolved Eppy-Guggenheim combine (now oper-

ating as Eppy Charms, Inc., and Karl Guggenheim, Inc.) reports that sales of the firms' Horribles are about 50 per cent of the companies' total volume to bulk operators.

Oak Sales Company is also doing heavy business in shrunken heads, as is Price.

One feature of the new vermin series is the use of soft vinyl or polyvinyl chloride plastic. This material makes the charms feel "squishy" and gives the toddlers the sensation of handling live reptiles.

**Capsule Problem**

A drawback of this feature is that the charm items emit a secretion which tends to corrode the capsule which houses them. Both Price and Eppy-Guggenheim had devised capsules which resist this corrosion, and the charms in their original capsules have stood up.

However, the problem arises when the vermin-type charms are inserted in standard polystyrene capsules.

George Eppy of Eppy charms announced this week that his firm is in production on a Horrible charm series of specially formulated vinyl items. Eppy says that this series may be packaged in any standard capsule and that the items will not corrode the capsule.

**Cellophane-Wrapped**

Some operators, using vermin-type charms and polystyrene capsules, had been hand-wrapping the charms in cellophane. But this process has proved time-consuming and expensive.

Paul Price has noted that the Scare 'Em series has enabled operators to switch to 10-cent vending with little resistance because of the heavy demand for the plastic bugs, reptiles and worms.

**THEY'RE YELLOW!**

**German Vend Units Accused Of Impersonating Mail Boxes**

BONN—The Federal Ministry of Posts is investigating complaints that German bulk vending operators are sowing confusion by painting machines the same bright yellow of mail boxes.

Post ministry officials said they have received numerous complaints that the distinctive mail box shade of yellow is being duplicated by bulk vending operators.

Complaints allege that at a distance some of the bulk vending machine batteries resemble mail boxes, their bright yellow paint serving as a false beacon for unwary burghers.

Some bulk vending operators concede privately that they are experimenting with the peculiar post box shade of yellow because of its tropistic effect. But they deny that it is illegal.

**Others Do It**

"The Post uses this shade, true, but so does the autobahnen sign people, and so do business firms generally. The same yellow is even popular for golf course tee markers," a bulk vending operator protested.

Ministry of Post officials conceded that its mail box yellow hue

is not the exclusive preserve of the post, but they said there is a question whether bulk vending operators might not be open to charges of deliberately seeking to mislead post patrons.

"Let's face it," a senior Post official commented, "the citizen who sets out looking for a mail box and homes on the familiar shade of yellow to a peanut or ball gum machine has been bilked."

**Mail Interference?**

"Our paint has the single purpose of setting mail boxes apart from other objects on the landscape, and when this purpose is frustrated by the bulk vending operator, he is interfering with the mail."

"It would be comparable to American operators painting their equipment the same olive drab that your post office uses for its letter drops, and even arranging equipment so as to simulate a mail box."

Most bulk vending operators say it is ridiculous to suppose that anybody wanting to mail a letter will settle instead for ball gum or peanuts. They say they are using bright yellow paint for the same reason the Post does: because it attracts the eye.

**Eppy Changes Name Again; Keeps Novel Distrib Set-Up**

JAMAICA, L. I., N. Y.—The Eppy organization here has changed its name for the second time in six months. Early this year Samuel Eppy & Company and Karl Guggenheim, Inc., two of the nation's largest and oldest charm manufacturers, merged to form Eppy-Guggenheim, Inc.

A month ago the merger was dissolved and the two firms went back to the status they held before the merger. Karl Guggenheim, Inc., retained its original name.

However, as Samuel Eppy, founder of the firm which bears his name had retired about a year ago, the firm is now known as Eppy Charms, Inc.

George Eppy is president and

Sidney Eppy is vice-president. Both men are brothers of Samuel Eppy. Bob Guggenheim continues to head the firm founded by his late father.

When Eppy and Guggenheim merged, the new firm set up a unique system of distribution. Instead of shipping to distributors or selling directly to operators, the company appointed factory warehouse outlets, with each outlet getting the full line and selling to operators at the same cost per thousand no matter how large or small the order.

The distribution system worked so well that both companies are maintaining it with the same outlets and the same flat price per thousand policy.

**Tenn. Machine Sale Of Cigaretts Up 25%**

MEMPHIS — Cigaret vending operators here sold an estimated 10,081,238 packs of cigarettes through vending machines the first six months this year, an increase of 2,606,715 packs or more than 25 per cent over the same period in 1961.

The city controller's office reported the 1-cent per pack city tax on cigarettes brought the city \$302,437 for the six months, \$26,067 more than the \$276,370 collected during the first six months last year.

It is a record high tax collection on cigarettes by the city for a six-month period, Controller C. W. Crutchfield reported.

Crutchfield said a total of 30,243,715 packs were sold. Officials estimate that one-third of all cigarettes sold are sold through vending machines.

**Firm's Latest Scare: A Frightening Bug**

NEW YORK—Karl Guggenheim, Inc., last week released a new 10-cent capsule vending Horrible series. The 16-item line contains assorted soft plastic reptiles and bugs.

The firm also went into production on a 5-cent capsule series, Frightening Bugs. Items in this series are a dragon fly, butterfly, large beetle and praying mantis.

Bob Guggenheim, president of the company, said the firm will begin moving into its new headquarters in Jamaica this week.

BOSTON BRIEFS

Marshall Caras, assistant general manager of Trimount Automatic Sales Corporation, returned from a deep sea fishing expedition at Montauk, Long Island, and reported it a decided success.

The sea is in the blood of music operators these days. A few who are enjoying life on the briny are Ben Ross of Mattapan, Ray Faini of Framingham, Bob Sylvester of Somerville and Bill Cowan of Quincy.

We saw Guy DiGiovanni, Allston operator, for the first time in ages. Guy hasn't been around town much lately, but says his route is doing exceptionally well.

Golfers are getting in plenty of licks these days with the fine weather conditions, and Tony Joseph, of Cranston, can't get his work done quickly enough to get out on the links.

MILWAUKEE MENTIONS

Business reports for July range from "spotty" to "a little ahead of last year." Very few operators are complaining, however.

Glenn Geadtke, G. & W. Vendors, South Milwaukee, is enjoying a vacation. Meanwhile, his partner, Herb Wagner, is neck high in work on the annual South Milwaukee Spectacle of Music.

Volume at the Airport Arcade has been holding up very well, according to Erv Beck, Mitchell Novelty Company.

Morrie Fuhrman, Morrie's Amusement, is pleased with conditions. "Business is better than last year at this time," he says.

Leo Dinon, H. & G. Amusement Company route foreman, is vacationing up north. Stop-ins at the Badger Novelty Company this week included Ollie Marks, West Bend.

Experts Say Torch Best Unfreezing Bet

NEW YORK — While regular cleaning of equipment is generally the best guarantee of trouble-free bulk vending machines, the operator who acquires equipment that has been unserviced for long periods often runs into a problem.

In many cases, salt or sugar deposits that should have been removed but weren't will cause parts to freeze. Oil or hot water soaks will generally do little good in these cases.

Best way to unfreeze the parts is by application of flame from a moderately hot torch, according to service experts here.

Meetings Off, But Pa. Group Organizes

PHILADELPHIA — Manny Rake, president of the newly organized Pennsylvania Bulk Vendors Association, said that his group will not meet during the summer but will continue to try to build membership.

He admitted that the bulk operators have been a little slow in responding to the call to join the group.

Ernie Feight, Rhinelander, also visited the Rock-Ola headquarters. . . Figures for the first half of the year show volume running a few points ahead of 1961, according to Sam Hastings, Hastings Distributing Company.

Robert Bangle has been added to the Wisconsin Novelty Company payroll as a service trainee, according to the boss, Doug Opitz. . . Music receipts have shown exceptional strength in recent months, notes Opitz.

Building industry strike has stopped progress of the remodeling work on the new headquarters for Pioneer Sales & Service, says Joel Kleiman. Sales of music and pool table equipment nevertheless, says Kleiman, are at a healthy level, despite the lagging remodeling schedule.

# EUROPEAN NEWS BRIEFS

## Renotte to Make Phonos in Spain

MADRID—Renotte, the Belgian coin machine manufacturer, will manufacture its juke box in Spain, the first European producer to gain entry to the burgeoning Spanish market. Renotte is sending a team of technicians to Spain to direct the installation of manufacturing facilities. It is setting up its Spanish operation under Generalissimo Francisco Franco's recent currency liberalization, which permits foreign firms to repatriate profits and capital as desired. Renotte will import the basic phonograph mechanism from Belgium and manufacture the housing and subassemblies in Spain. Renotte officials state that it is very difficult to get skilled Spanish labor, and that, therefore, the Spanish operation will be based on Belgian technicians for a long period.

## Juke Boxes Rule Britannia's Ships

SOUTHAMPTON—Britain's phonograph trade is all at sea this season as United Kingdom cruise liners ship aboard record numbers of phonographs. It is estimated that British-flag liners now carry a total of nearly 2,500 phonographs. The placing of sea-going phonographs is being stimulated by the switch to single-class tourist accommodations and the everyman's travel surge. Nearly every passenger liner now has at least six juke boxes as standard passenger recreation equipment. The latest vessel boasting juke boxes as a major item of recreation gear is the Shaw Savill Line's Northern Star, which, equipped with a dozen juke boxes, has just sailed on her maiden voyage around the world with 1,412 passengers. Juke boxes blared "God Save the Queen" and "Anchors Aweigh" as the \$18,000,000 ship slipped her moorings here and headed for Las Palmas, Cape Town, Sydney, Wellington, Panama, Trinidad and other sunshine ports. In the bar, juke boxes flank the world's longest nautical bar—69 feet long.

## U. S. Firm Closes English Games Pact

LONDON—Williams Manufacturing Corporation of Chicago has appointed London's Phonographic Equipment Company, Limited, factory representative for the United Kingdom. The deal was closed on a visit to London by Williams' chief, Sam Stern, and Cyril Shack. Phonographic will stock the latest Williams machines and a full line of spare parts. The Williams-Phonographic pact anticipates an upsurge in games in Britain, which trade experts believe to be the biggest potential games market on this side of the Atlantic. U. S. games dominate the British market, and there is no real Continental competition yet in sight.

## Coin Bowling on Rise in Germany

FRANKFURT—Globus Automaten GmbH of Frankfurt has been appointed general sales agent for Germany for United bowling equipment. Globus is organizing a large Germany-wide sales promotion program, a feature of which is the organization of local bowling clubs. Tavern and ice cream bar proprietors are providing special club facilities in connection with the United bowlers on their premises. Clubs have bowling uniforms and meet regularly at the sites for tournament competition. Globus is also experimenting with international tournaments, based on United equipment. The first such international match was held between Strasbourg (France) and Bastatt (West Germany). Globus is also sponsoring a Germany-wide competition. Bowling is just becoming popular in West Germany, and Globus believes the coin bowler is better adapted to German conditions than full-scale alleys with pinsetting equipment.

## Bingo Not Gambling, Ruhr Court Rules

DORTMUND, W. Germany—The court at Dortmund, a major Ruhr city, has ruled that American bingo games do not come under the category of a gambling machine, according to German law. The court's ruling is seen by the German trade as opening the way for the importation of bingos into West Germany on a large scale. The Dortmund court said there was no definite promise of a cash or merchandise reward for winning, and that the mere award of free play to winners did not constitute gaming. Furthermore, the court held that there was no clear evidence that an agreement on free-play prizes existed between the operator and the location owner. The court added that since the bingo is not a payout in the sense of the strict German definition, there is no need to obtain official approval for the operation of U. S. bingos in Germany. Under Germany's "model" payout law, machines must be tested by the federal bureau of standards and licensed for play.

tors associated with their complaint on the ground that GEMA's alleged exorbitant royalty demands are damaging the entire trade.

Domestic sales of machines have dropped precipitously in recent years under impact of the cost-price squeeze, according to ZOA's complaint to the Federal Cartel Office.

A Federal Cartel Office official said it was probably that the manufacturers and distributors would be summoned as witnesses, and that indications were that the current investigation would be expanded to include all facets of the music royalty problem.

GEMA sources revealed that the copyright society is prepared to answer in kind the monopoly charge. GEMA will counter-charge to the Federal Cartel Office that the phonograph trade is organized into what amounts to a trade monopoly.

GEMA will point out, it is disclosed, that manufacturers, distributors, and technicians have banded together into a single organization which is in a position to dominate the trade and suppress competition.

## Trade Fair People Say Coin Industry Ducked Their Bid

CHICAGO — Sponsors of the fourth annual Chicago International Trade Fair which opened Wednesday (25) at McCormick Place promise a "walk around the world" in one short day. They admit, however, that their "world" does not include any coin-operated phonographs.

A spokesman for the Chicago Association of Commerce claimed that leaders of the coin machine industry decided against participation even though they were invited to do so. The Wurlitzer and Seeburg companies were among those specifically asked to display their products, he said.

"These two firms and others in the coin machine industry preferred not to do so," he said. "They explained that their industry had its own annual exposition. We were sorry that they couldn't come in."

Upward of 750,000 visitors are expected at the fair which will display the products of the nations of the world. It closes August 12.

## Keeney Plant Dark For Annual Vacation

CHICAGO—Operation at J. H. Keeney & Company was suspended Friday (20) until August 6 for the firm's traditional mid-summer vacation.

Only Paul Huebsch, vice-president, will remain at his desk during the holiday. He will take his vacation in Wisconsin after the resumption of operations.

Clayton Nemeroff, another Keeney executive, plans a Florida trip with his family.

of Justice. Any joint undertaking to exclude legal equipment from the plants would be conspiracy in restraint of trade and illegal agreement.

Where there are only civil liabilities under the Federal Trade Commission Act, violators of the Sherman Act risk criminal prosecution and penalties which include fines and imprisonment. The government may also bring civil action against offenders under the Sherman Act, Anding said.

Furthermore, the manufacturers maintain links with the operators which constitutes a violation of the spirit if not the letter of the anti-trust law, GEMA will charge.

# Everything From Soup to Shoe Shines Hallmark of Successful Distributor

BOSTON—Despite the poor-mouth attitude in the music business, the most substantial item for the distributor is still the juke box, according to W. S. (Si) Redd, president of Redd Distributing Company here.

But, says Redd, with diversification the key word among operators today, it might be advantageous for the distributor also to look to a variety of ways of bolstering and enlarging his business.

And the Redd firm, New England distributors for Seeburg lines, has done just that by becoming prime distributor for an instant shoe shine called Cinch and selling it to operators with cigaret routes.

When the K. T. Quinn Company of Boston, an old-established manufacturer of shoe polishes and polish equipment, introduced its Cinch in 10-cent packages, Redd immediately saw the possibilities of putting three of them in a package similar to a cigaret pack and vending them in a cigaret machine.

Cinch, not yet on the consumer market, is currently sold to selected hotels and motels who use the product as part of room service. The Redd firm has become exclusive distributor for coin-operated sales. Former music and games salesman, Frank LeBlanc, has been named sales manager for this branch.

### Special Machine

But Redd hasn't stopped at this point. He designed and built a small machine which vends one paper container of Cinch in a cardboard roll for a dime. These machines are being placed in barber-shops, men's rooms of hotels and other strategic

SI REDD

spots. The Redd company sells the machines and the polish product to the operators.

The firm, having gained experience in the Seeburg line of vending coffee and cold drinks, has also gone a step further in this direction by taking on a new drink machine—the Giepen—which dispenses packaged dry coffee, chocolate and soups. Redd has placed five Giepen machines on Mobil Oil Company service stations for a trial run. The set-up with the Giepen is similar to that of the Cinch plan. Redd sells the machines and supplies the packages.

# Laundries Go for Good Music

By JOSEPH KLEIN

CHICAGO—What appeared to be a new area of opportunity only a year ago has become forbidden territory for coin-operated phonographs.

Evident now beyond the possibility of mistake is that a quietly organized campaign, which gathered steam about a year ago, has placed coin-operated dry-cleaning plants off limits to juke boxes.

Inadvertently, however, this boycott of phonographs is giving rise to enhanced possibilities in the field of background music.

The growing tendency to bar music machines as a standard part of coin laundry projects was affirmed here last week by a spokesman for the Associated Coin-Ops of America.

"We definitely exclude juke boxes from our planning," said Jack Whisler, the firm's vice-president and director of real estate. "But no less definitely we want background music in."

Organized last April, ACA operates a chain of coin-operated laundry and dry cleaning establish-

ments. The company anticipates the development or acquisition of 30 plants before the end of 1962.

"There are valid reasons for our policy on juke boxes," Whisler said. "We don't want the customer to feel that we want all her money. Then, of course, there is the consideration of the atmosphere created by the juke box. Background music enables us to provide the kind of music which will lend calm and dignity to the establishment. That could not be accomplished with the kind of music you get from juke boxes these days."

Whisler said, however, that bulk vending equipment, as background music, has a definite place in dry cleaning plants.

"We urge bulk vending participation," he said. "We intend to make the utmost use of bulk vending equipment. We are now exploring the methods by which we would handle this operation."

Whisler said that the coin-operated kiddie rides at his firm's plants have proved to be neither profitable nor practical.

"It would be best for all concerned if children were not brought to the plants," he said. "It is understandable, of course, that the mother may have no choice in the matter. But the kiddie rides suggest an invitation to children which shouldn't be made."

The "anti-juke box" movement was ignited by the National Automatic Laundry and Cleaning Council in Chicago last summer.

In the early part of 1961, while coin laundries were struggling through their infancy, many leaders of the new industry urged coin laundry owners to use juke boxes and other coin-operated equipment as sources of supplemental income.

Prosperity seems to have changed all of that.

In 1961, 2,400 self-service dry cleaning centers, grossing more than \$30,000,000, were placed in operation across the country.

The volume of business in the current year, according to industry estimates, will exceed \$300,000,000 with about 50,000 units sold by 25 manufacturers.

### Warner, Kaufman Firms Join MONY

NEW YORK—Sanford J. Warner, operating under his own name, and Harold Kaufman, Playmore Amusements, have joined the Music Operators of New York.

Warner headed the defunct game association here. Kaufman had previously been a member of the juke box association and has re-joined after a lapse of several years.

# Many Operators Wink at Law, Still Lend to Taverns, Earl Kies Charges

CHICAGO — Chicago's anti-loan ordinance has proved to be largely ineffective thus far, the head of an operators' organization said here this week.

Even though the law has been in force for almost nine months now—it was passed last November—the practices which brought about its enactment still prevail, according to Earl Kies, president of the Recorded Music Service Association.

"The ordinance has helped us on old locations," Kies said. "It has enabled us to say, when asked for a loan, that lending is against the law."

The abuse, however, continues

in the competitive struggle for new stops, he said.

"We would like to believe otherwise," he said. "But we must face facts. We know that the lending and the gifts for new locations haven't stopped. Obviously, the competition is too keen."

The anti-loan measure was enacted as an amendment to the city's liquor control ordinance. A tavern keeper risks revocation of his license under provisions of its penalty section if he solicits and accepts a loan from a juke box operator.

"But not a single license has been revoked for borrowing in the nine months since the ordinance went into effect," Kies observed.

# Beer City July Juke Take Rises

MILWAUKEE—Juke box operators claim receipts during July climbed several points over the similar period of last year. Healthy economic conditions, plus a lengthening list of well-promoted new

disks were credited with spurring the rise.

The hottest new single during the closing days of July, according to one-stops catering to the juke box operator trade, is Johnny Tillotson's "Send Me the Pillow You Dream On." Both Jim Skiba, Third Street Radio Doctors, and Jimm Mayer, Record City, report Tillotson's newest release on Cadence definitely headed for peak sales totals.

Veteran operator Morrie Fuhrman, Morrie's Amusements, listed these as his top money makers: "Devil Woman," with Marty Robbins; "Lolita," with Ray Adams, and Burl Ives' "Mr. In-Between" on Decca.

### 'Ramblin' Rose'

Mayer reports gratifying operator reception for the new Nat King Cole "Ramblin' Rose." According to Mayer, "The operators like its country-western flavor."

Also exhibiting a solid impact at

Record City are "Sealed With a Kiss," Brian Hyland, and "You Don't Know Me," Ray Charles, ABC-Paramount.

"Say Momma," a debut release on Ermine Records by a local combo, the Legends, shows promise of breaking into the charts. Operators claim the number is pulling well in teen-age spots.

### 'Sunny's Polka'

According to Mayer, a new polka release by Bernie Roberts on Pageant Records, "Sunny's Polka," is also doing very well.

Skiba claims operators are racking up good results with both sides of the new Ray Charles single, "You Don't Know Me" b.w. "Careless Love." Also big here are the new Connie Francis' "Vacation," and "Devil Woman" with Marty Robbins.

A single stirring a lot of somewhat belated interest in this area, adds Skiba, is "Counterfeit Friends" with Lloyd Price.

## Wiener Opens Smokeshop HQ In Manhattan

NEW YORK—Bill Wiener, factory representative for the Smokeshop cigaret machine, has set up headquarters at 607 10th Avenue here. He shares the premises with Abe Lipsky of the Lipsky Distributing Company, juke box distributor.

There is no connection between the two firms, though, and the pooling of office and showroom space is merely for convenience.

Wiener will stock the Smokeshop line, parts for the machines, and the Smokeshop 50-cent and penny changemaker. The former takes either two quarters or one half dollar and gives change in nickels. Both units come as attachments to the cigaret machine.

Wiener, a veteran of 25 years in the coin machine business, was a sales executive with the old Eastern Electric Company and with Continental Vending before joining Smokeshop.

## See New Records In Attendance at Chi Empire Schools

CHICAGO — New attendance records at service schools to be sponsored this summer by Empire Coin Machine Exchange were forecast last week by Joe Robbins, the firm's vice-president.

First of the classes will be conducted in August under the auspices of the United Manufacturing Company. Rock-Ola will be in charge of the September sessions.

The school was attended by 90 last year, Robbins said. More than 100 are expected to make use of the courses this year.

Launched Wednesday (25), Empire's "Operation Tick Tock" will run through August 15, Robbins announced. During the period of the campaign, any operator purchasing a Rock-Ola phonograph will receive a new Omega wrist watch, Robbins said. Cameras and radios were given away under similar conditions in other years.

## Bilotta's Recuperation Helped by Boat Cruise

NEWARK, N. Y.—John Bilotta, head of the Bilotta Distributing Company, has recovered from an attack of asthma and pneumonia which had hospitalized him for a week.

After a 10-day recuperation period at home, Bilotta and his wife were joined Thursday, (26) by A. D. Palmer, advertising and promotion manager of the Wurlitzer Company, and Mrs. Palmer.

The two couples cruised down the New York State Barge Canal to Syracuse in the Palmer boat. There they stayed at the Three Rivers Inn as guests of Dom Bruno.

Bilotta, along with Norma Rivers, Vassar Records recording artist, participated in opening day ceremonies at the Sarah Conventry Park here. Miss Rivers was featured on the cover and on a double-page picture spread of Sarah Conventry's Signet, a house organ published by Sarah Conventry, Inc.

## HOME IS WHERE TUNE IS, DENVER OP TELLS TOURISTS

DENVER—Here's a twist toward developing tourist play on phonographs in resort locations which has paid steady dividends for Harold Keller, juke box and amusement machine operator here.

Wherever large groups of tourists congregate, Keller pastes a decal-type label on each machine which reads simply, "Your Home Town Music." Naturally, sight of the decal brings a twinge of homesickness to many tourists, who often come over, peer at the music menu, and if time permits, play a selection or two.

By merely making sure that there are plenty of old favorites on the spindles, operator Keller can make the "Home Town Music" point valid, since he has found music tastes are practically the same everywhere.

He includes a few polkas for the benefit of visitors from such areas as Pittsburgh, a bit of Spanish music for Southwesterners, and a bit of hillbilly music for the benefit of Midwesterners. The net result has been to increase the popularity of his phonographs at almost every location, and certainly an opportunity to test out music tastes of tourists on the basis of the play meter.

chairman of the executive committee also was in attendance. Pierce had made frequent trips to Chicago from his Wisconsin residence to help the sub-committee with its deliberations.

Lou Casola, MOA vice-president and director, also was here.

Blundred has had no connection with any phase of the music industry. That, apparently, weighed in his favor. In making a choice, MOA was determined to refrain from arousing the possibility of competitive suspicions in the industry.

Blundred said that he will immediately undertake an exhaustive study of the problems of the industry.

### Annual Convention

He said he will urge the participation of all manufacturers in the annual MOA show. The record companies and all other firms and organizations associated with the coin machine industry will also be encouraged to join the effort. At all times, he would be alert to legislative attempts to withdraw the royalty exemption from coin-operated phonographs, he added.

In another action, the committee formally adopted a budget drafted at MOA's May meeting.

The Minneapolis city council has passed an ordinance permitting the dispensing of hot chocolate, coffee or tea from automatic vending machines in laundry and dry cleaning establishments. . . . Amos Heilicher, president of Heilicher Bros., Inc., wholesale supplier of records and record-playing equipment, and partner in Advance Music Company, Minneapolis, has been added to the advisory board of the North American office of the Northwestern National Bank. He also has been active in the opening of the new Standard Club headquarters in the Pick-Nicollet Hotel. He is president of the club.

Despite cool weather, the Seattle World's Fair and the stock market slump, Minnesota resort operators are looking forward to good business for the season. The cool and wet weather in June hurt house-keeping resorts, according to Joe Ruttger, president of the Minnesota Resort Association. His own and other resorts operating under the American plan were not hit so hard. Ruttger expects next month "will be the best August we've had in 28 years." The result will be a "very good season," he pointed out. DON LYONS

### DETROIT DOINGS

Music Operators, Inc., virtually inactive for about a year, may be revived this fall, according to Erwin B. Moss, secretary-treasurer of the organization during its active period. Changes in ownership and personnel of operating companies have been one factor leading to suspension of activity, but talks held recently between several juke box industry leaders are expected to lead to a meeting this fall.

With MOI dormant, Michigan juke box operators are without a trade association, and the need for one to properly represent the industry and serve as a common forum is strongly felt.

Moss, recently convalescent from serious illness, has moved his Moss Music Company into a modern new building. He also has expanded operations, going into cigaret vending for the first time, and reports this a profitable addition to the long-established music route. His son Marty is assisting him.

A. P. Sauve & Son, veteran operating-distributing company, has been legally re-registered with the founder, Arthur P. Sauve, and his son, Dale C. Sauve, listed as co-owners.

John R. Pieters and Joel T. Auton, King-Pin Equipment Company, distributor for Bally and Irving Kaye here, have sold their distributing business to Martin and Snyder of Dearborn, Seeburg distributors. Pieters, of Kalamazoo, Mich., was with Bally some 30 years, and was one of its oldest distributors. The King-Pin name is being dissolved. Pieters and Auton will continue their extensive operating company under the name of Michigan Midget Movies. They operate arcades on the Aquarama, Great Lakes cruise ship, and at Walled Lake Amusement Park, together with three kiddielands, plus other ride and arcade

### DENVER DOINGS

Hot weather in July, normally the signal for a drop in collections in all fields, hasn't apparently taken effect in the Denver area, operators report, not without enthusiasm. Most operators ascribe better collections for June and July of this year simply to larger numbers of tourists, and installation of new machines along the routes.

Bob Wiley, who recently bought the Howard Hold route in Del Norte, Colo., is in a quandary. With Del Norte and its famous fishing grounds crammed with tourists, Wiley needs more machines, but at the same time, he must remember that during the winter this section of Colorado shows something like an 85 per cent population drop. His big hope is the establishment of new skiing centers in the area, such as Crested Butte, which will increase winter highway traffic.

Bill Haeffner, of Pueblo Music Company, Pueblo, was in town during early July, adding several pieces of equipment to his Southern Colorado string. . . . Roy Kaiser and Don Kaiser, brother team who operate Kaiser Music Company in Durango, Colo., celebrated their birthdays with a visit to Draco Sales Company, Wurlitzer distributor in Denver, recently. The Kaiser brothers are profiting from the tremendously expanded oil industry in Northern New Mexico and extreme Southwestern Colorado.

Finally satisfied that he has set enough pieces on his mountain resort area route is Wilbur Beyers, of Ft. Collins, Colo., who took a well-earned rest during July at home. Byer probably has the largest number of new 100 and 20-play stereo phonographs in mountain locations of any operator in the country. . . . Pete Jeritz, who underwent two painful sojourns in a Denver hospital last year, has finally returned to his desk on a full-time basis. His busy one-stop, first in Denver, has been keeping him on the go from morning till night.

A newcomer to Denver distributors is Ernie Sossa, of Rapid City, S. D., who was in Denver recently purchasing six new phonographs for his South Dakota small-town routes. . . . Tony Lucero, fresh from a vacation in the Caribbean, didn't enjoy his homecoming as much as he would like. His doctor scheduled him for an immediate appendicitis operation after Lucero complained of violent pain.

Birthdays posted by the Denver coin machine fraternity for June included Roy and Don Kaiser, Durango; Doyle Harrington, Salida; Bill Burbank, Montrose, and Stan Pacino, Trinidad.

Modern Music Company has installed a battery of bookkeeping machines to simplify the big job of keeping track of considerably extended amusement machine routes throughout Denver and its suburbs. Lou Shulman, dean of Denver operators, is planning an early retirement.

### LOS ANGELES ANGLES

Ed Wisler is recuperating from a recent illness at the Hill Haven Manor, 10230 Hill Haven Avenue, Tujunga, Calif., and would like to hear from his many friends. . . . Don Edwards and Jack LaRue conducted a school for the AMI L 200 in Bakersfield. The session was close on the heels of one held in San Diego for operators and service-men.

Jimmy Wilkins, of Paul A. Laymon, Inc., soon returns from his annual vacation. He spent this one hiking with a troop of Boy Scouts along the John Muir Trail in the High Sierras. . . . Dorothy Laymon is on a 10-day jaunt to Honolulu. . . . Britt Abelman, Laymon secretary, is on vacation in Truckee, Nev., where she is visiting her aunt and mother; the latter is here from her home in Sweden.

Other Laymon notes: Randy Elder is opening a restaurant at 12th Place and Valencia. Russell Early, of the shipping department, recently moved into his new home in Eagle Rock. . . . Don Peters, of the service department, enjoyed water sports and fishing on the Colorado River. . . . Gladys Daniels, wife of Charles Daniels, is recovering from a recent illness. . . . ## Don't Hold Bag

missing out on one good location, the operator will sink money in nine bad ones. You don't make money with those odds.

The operator still has some safeguards, if he is willing to use them. If he is really afraid that the competition will move in, he can give the location owner the money as a loan, but he can have the money held in escrow pending the actual opening of the stop.

If the location owner is a fast buck operator, he'll turn down the escrow proposal. In that case, the operator will have saved himself some money. If the location owner is legitimate, he'll make the best deal he can, with the knowledge that the money is waiting for him in the bank as soon as he is open for business.

The Music Operators of New York, local trade association, has been warning all juke box, amusement machine and cigaret operators in the area to investigate thoroughly all unopened locations before lending money.

## WURLITZER PHONOGRAPHS

### WURLITZER PRODUCTION AVERAGES 20,000 PHONOGRAPHS A YEAR OVER 28 YEARS

In 1933 Wurlitzer produced its first coin-operated phonograph. Designated the P-10, it offered ten selections for a nickel a tune. Thus began the popularity of a mode of entertainment which has reached global proportions. Now in mid-1962 Wurlitzer has built its half-millionth phonograph and acknowledges proudly that it has the confidence of music operators which has made possible this continuing success.

Today's Model 2600 offers 200 selections, produces high fidelity stereo-

phonic music, accepts all coins, and features, not a tune for a nickel, but half-dollar play with the Wurlitzer exclusive — 10 TOP TUNES FOR A 50c COIN AT A PRESS OF A SINGLE BUTTON. Exclusive of the war years Wurlitzer has averaged over 20,000 phonographs a year for 28 years. Each has been a tuneful symbol of Wurlitzer leadership. All have brought enjoyment to listeners and honor to a name that means music to millions throughout the world.
