IN THE GOOD OLD SUMMERTIME

he Cash Box

Most heartening, most fascinating ity blanketing the largest part of the naand most thrilling, is the game boom that is under way this good old summertime of 1952.

From everywhere in the nation come reports from outstanding operators that the games they are receiving at this time are, by far, the greatest that they've ever seen.

Right in the very heart of one of the most torrid and most humid summers in history, the amusement games manufacturers simply cut loose, and presented the finest products they've ever built.

Every game has the stamp of approval of operators who already have them on locations.

One operator after the other has reoorted, "There's never been anything like this during the summertime.

"The games the manufacturers are shipping us are the best we've ever operated.

"And that", they conclude, "takes in the past Spring and even the big Fall-Winter season of '51."

In short, there's a games boom under way the like of which no one believed would ever happen during the hot dog days of the summertime.

Furthermore, the games the factories are shipping have the finest play-appeal elements even old-timers in the trade have even seen.

Some of the resort operators claim that the new games are simply winning friends for them everywhere they are placed and in the largest numbers they've ever enjoyed.

(In addition to all this, even tho this is being written all about the big boom in amusement games this summertime season, the phono manufacturers are also enjoying a tremendous boom. Their problem is simply "delivery".)

What's most impressive is the fact that, regardless of the heat and humidtion, the games are getting better play action than anyone ever dreamed they would.

"In fact", as one outstanding distributor stated, "this definitely proves that there is no such thing as a 'season'."

The manufacturers have proved to themselves, as well as to everyone engaged in the field, that regardless of summertime heat or wintertime cold it's the products that count.

And when they can produce games, such as the games they are now shipping thruout the trade, there is no such thing as "a season".

The public isn't interested in the inner-trade definitions of "season".

The public likes entertainment. Especially so economical an entertainment as coin operated amusement products.

Players will cluster about the games, provided of course, that the games appeal to them. Interest them. And, especially, entertain them.

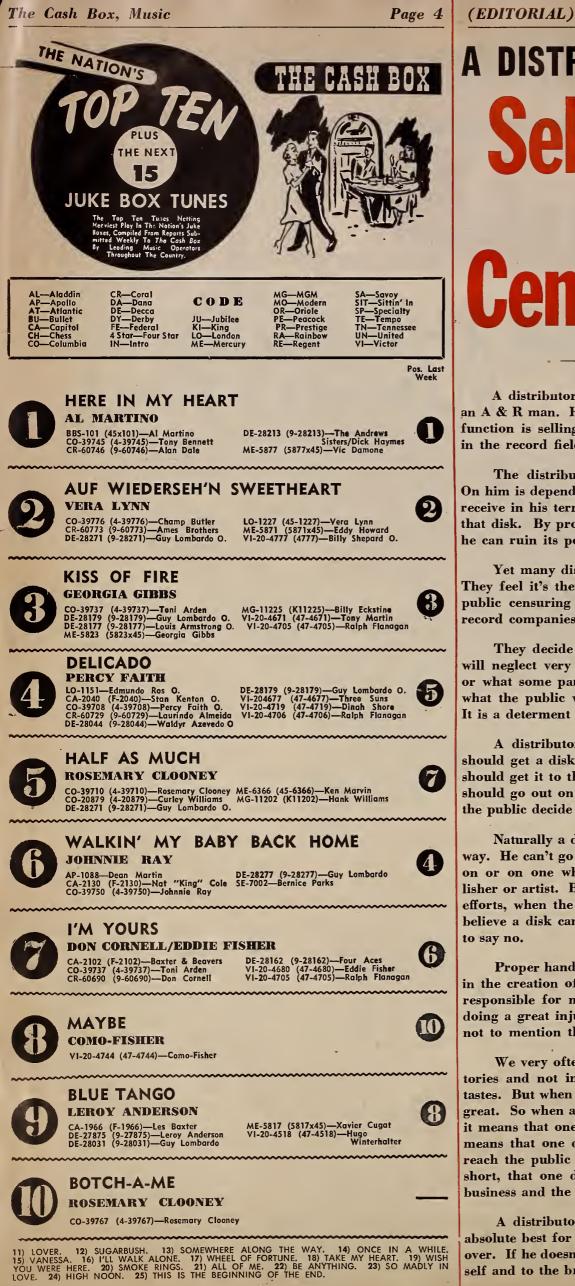

And that's just what is happening right during this torrid, humid summertime of 1952.

The games are so outstanding in play appeal; so interesting from an entertainment standpoint; and so novel from the public's viewpoint; that they are attracting bigger and more lucrative attention than ever before.

This good old summertime season of 1952 should, once and for all time, dispel the irritating and illogical statement:

"Well, the seasonal slump is now here."

There ain't no such animal as a "seasonal slump", provided that the manu-facturers will continue to produce as outstanding, play-appealing, interesting, and entertaining products, as they are producing in this good old summertime of 1952.

A DISTRIBUTOR'S JOB IS TO Sell Records NOT TO Censure Them

August 2, 1952

A distributor is a seller of records. That's his job. He's not an A & R man. He's not a musical director. He's not a critic. His function is selling—and that in itself is an important enough job in the record field without adding extraneous duties.

The distributor has a unique place in the record business. On him is dependent the kind of treatment any one disk is going to receive in his territory. On him very often depends the success of that disk. By proper handling, he can make it; by poor handling, he can ruin its possibilities.

Yet many distributors have a misconception of their function. They feel it's their duty to judge records, to act as a sort of prepublic censuring agency. In effect they usurp the duties of the record companies, the A & R men and the artists themselves.

They decide what they will give a big play to and what they will neglect very often on the basis of what they themselves like or what some particular salesman likes instead of on the basis of what the public will like. This is extremely short sighted policy. It is a determent to the distribution of records.

A distributor is there to expose records to the public. He should get a disk played as much as possible in his territory. He should get it to the juke box operators, retailers, disk jockeys. He should go out on it in every way possible. And then he should let the public decide whether it wants to buy it or not.

Naturally a distributor can't work on every record in the same way. He can't go all out on a disk which a company isn't going out on or on one which isn't getting any cooperation from the publisher or artist. But when all the others are putting forth their best efforts, when the diskery, publisher and artist say yes, when they believe a disk can make it, it certainly is not up to the distributor to say no.

Proper handling by a distributor is possibly the most vital step in the creation of a hit, after it is recorded. A distributor who is responsible for neglecting a record that could have been a bit, is doing a great injustice to everyone else concerned with the record, not to mention the fact that his own income suffers.

We very often hear of a disk which is going big in some territories and not in others. True there are regional differences in tastes. But when you take the country as a whole, they are not that great. So when a disk goes in one place and doesn't go in another, it means that one distributor is doing a job and the other isn't. It means that one distributor has had the imagination to be able to reach the public with his disk and the other hasn't. It means, in short, that one distributor is fulfilling his function in the record business and the other isn't.

A distributor of a record assumes a trnst. He must do his absolute best for each disk which he has the power of life or death over. If he doesn't fulfill that trust, he is being untrue both to himself and to the business from which he earns his living.

BING CROSBY and ANDREWS SISTERS (Decca 28256; 9-28256)

B "I'LL SI-SI YA IN BAHIA" (2:52) Another cute novelty from the flick "Just For You" is given a fine vocal going over by Bing Crosby and the Andrews Sisters as the fast Latin tempo is appropriately orked by John Scott Trotter's crew.

G"THE LIVE OAK TREE" (2:45) The grand sounding recording mates offer some more novel vocaliz-ing as this moderate beat cutie from the same movie. Ork credits again go to the Tructure mon to the Trotter men.

GUY LOMBARDO (Decca 28308; 9-28308)

(2:47) The Latin beat title song from the musical "Wish You Were Here" gets a fine instrumental going over by the Guy Lombardo ork and some fitting vocalizing by Kenny Mar-tin tin.

B "HONKY TONK SWEET-HEART" (3:06) The Lombardo quartet lends some vocal backing to Kenny Garner as he warbles a senti-mental number. Guy and the crew pro-vide the lovely waltz backing.

SAUTER-FINEGAN ORCHESTRA (RCA Victor 20-4867; 47-4867)

B "STOP! SIT DOWN! RELAX! THINK!" (2:48) The newly formed Sauter—Finegan ork comes up with an agreeable side. This jump number is rhythmic and has a cute vocal by the band.

B "RAIN" (2:45) The two talented leaders conduct a most unusual in-strumental with some fine effects. The moderate beat oldie is given an instru-mentaly treatment that makes you feel as though you are out in the rain. Sound is terrific.

AND THAT'S WHY THE JUKE BOX IS FUNDAMENTALLY SOUND BECAUSE IT LETS THE PEOPLE PLAY what they want to hear and for as long as they want to hear it ! !

E WORLD'S JUKE BOXES!

There's an old expression . . . about fooling some of the people some of the time, etc., etc.

This same expression holds true as far as the juke box, and the operator of that juke box, is concerned.

Yes, a fast moving, fast talking, hot jigging salesman, can sell some juke box operator boxes and boxes full of records.

But, he isn't fooling that operator and, especially, and most definitely, he isn't fooling the juke box itself.

Why?

Because the people pick the tunes (make the hits) and, thereby, control all the world's juke boxes and, conclusively, all the music in those juke boxes.

The juke box operator can only go by what the play-meter back of each record he puts in his juke boxes reads.

If that meter hasn't moved then he knows that the people don't even want to play that recording.

If it's moved just an eighth or a quarter of an inch, then he knows that the record definitely does not meet with the approval of the patrons of that location.

If the meter has swung all the way around, and he then doesn't even know how many times that very record has been played, then he has a "hit".

And that's why the juke box can't be fooled!

That's why it's fundamentally sound!

Because the people can play what they

want to hear, for as long as they want to hear it, ONLY ON A JUKE BOX!

No other medium in the world can bring such perfect reproduction of any artist's voice, orchestra, or any other musical entertainment factor which can be recorded, and yet so definitely (without any revocation) prove the factual and actual success, or failure, of the end-product.

Yes! The people pick the tunes! And, what's more, thereby actually control the world's juke boxes.

It's their coin that decides.

It's their choice that brings in that coin.

And, beyond that, there's no reasoning power on earth that can change the resultant fact.

Whatever the artist thinks. Whatever the publisher believes. Whatever the recording manufacturer feels. The end result is "THE PEOPLE PICK THE TUNES".

And therein lies the great success of the 550,000 or more juke boxes in these United States. And the many thousands of others in Canada, Mexico, Brazil, Argentina, Venezuela, Cuba, Germany, France, Iceland, England, Korea, Japan, all over the Pacific Islands, and the rest of the known world, this side of the iron curtain.

Never before the advent of the Juke Box has such a tremendously powerful, fact-finding, factual showcase, existed in all the history of the World's Music Industries!

Here, in this striking, attention-getting and, therefore, garishly beautiful, entrancingly great, perfection of artistic sound (which every record is supposed to be ac-

- 4

. . cording to the artist as well as the manufacturer who creates it is *THE ANSWER* to the music of today, tomorrow and the days yet to come.

This is IT!

This is the **PEOPLE OF THE WORLD** EXPRESSING THEIR PREFERENCE!

This is something that never before has happened to benefit everyone engaged in the music world.

This tells the artist whether his latest rendition is, or is not, A HIT!

This is the beginning of greatness! Or the beginning of the end

This is the one medium where the people of the world tell the artists whether they like them, or dislike them, or think highly of their efforts, or think nothing at all of their efforts.

You can't fool a juke box!

That meter, that gauge, that instrument, that's the thing that tells the juke box operator how wrong, or how right, his choice was.

And that can not be fooled! (Because that mechanical thing has no sentiment).

Because that meter back of every record in every juke box TELLS THE STORY OF THE PEOPLE!

Tells the artist! Tells the band leader! Tells the publisher! Tells the recording manufacturer. Tells everyone and anyone engaged in the world of music that:

THE PEOPLE PICK THE TUNES AND CONTROL THE WORLD'S MUSIC VIA JUKE BOXES.

Steve's "Sudden Fear" Gets Big Push

- Song "Sudden YORK -NEW Fear," from Joe Kaufman's picture by the same name, is getting one of the most intensive plays ever given a tune by Mutual Network.

Deal was staged by Fred Norman, director of music promotion for RKO, which is releasing the picture. Norman, president of Fredbee Music Corporation, is publisher of the song, which was written by Art Altman and Irving Taylor, and has been recorded by Steve Lawrence for King label.

Gimmick is a six-week contest conducted by Paula Stone, Mutual's new celeb-interviewer, who is heard over 530 stations across the U.S., Monday through Friday. Listeners will be asked to answer in 100 words or less "What Was My First Sudden Fear and How Did I Overcome It?"

Page 14

Mutual's stations will plug Steve Lawrence's recording heartily through diskers during the contest August 4 through September 12. Copies are going out to all, with complete contest instructions as well.

RKO's thirty-odd field men are also receiving copies of tune, for plugging through all radio stations in their territories covering over 150 key cities, where picture will play during this period.

Buddy Deane (WITH-Baltimore, Md.) has come up with a gimmick that is a terrific attention getter, but my! oh! my!—could it get out of hand. The show is called "Wake Up Baltimore" and an announcement is made on the air that any listener who desires a call at a specific time while the show is on the air will receive that "wake up" call if he makes the request. In addition, at the time the call is put through to awaken the interested party, his or her favorite song, if requested, will be played, thus making getting out of bed as painless as possible. Buddy's better half makes the calls from the Deane home but the job is geeting to be more than she can handle. . . A program that is fast growing in popularity is the Sabby Lewis Show (WBMS-Boston). Sabby, equally at home on the bandstand and before the mike, has been in the music business for some time and has worked many famous spots through-out the United States and Canada. Sabby's band is currently appearing at the successful Boston night spot, the Mayfair-Sugar Hill. The Sabby Lewis show is heard six days a week, Monday through Saturday, from 6 to 7 p.m. Sabby has entertained such guests as Errol Garner, Ella Fitzgerald, Billy Strayhorn, Marion McPartland, Arnett Cob, Edna McGriff, Josh White, Slam Stewart, and many others. Stewart, and many others.

Bud Brees (WPEN-Philadelphia) tapes his daily 8:05-9 p.m. show at 2 p.m. each afternoon in the largest of Sun Ray's 150 drug stores, 12th and Markets Streets. Bud does his show with an audience from the Philadelphia Room, which is a very smart restaurant on the mezzanine of the store. The show features all kinds of gimmicks—women participating from the audience, prizes, famous guest stars every performance, and of course, Bud's singing. "The Brees" is also singing MC of the Wilson Lines, sailing the Delaware River Wednesday's thru Sunday nights on the "Delaware Belle." . . . Joe Delaney (WJMR-New Orleans), Dick Martin (WWL-New Orleans) and Frank Donaldson of the same city have really gone overhoard for the new Acouaviya-MGM release. Delaney city have really gone overboard for the new Acquaviva-MGM release. Delaney has picked it as his instrumental of the week. MGM also clicked with Joe when he picked Billy Eckstine's "Strange Sensation" as the best vocal of the week.

businessman, but will devote a large percentage of his time to the record company. Johnny Anz, secretary and treas-urer, is a veteran in the field of music. An accomplished composer, arranger and conductor, he will be on hand to personally supervise every recording session. Artists under contract, include: Bob Keene, clarinetist; Joe Yukl, for-mer Dorsey brothers trombonist; Larry Noble, ballad type singer with Ted Weems, Nick Stuart and Jimmy Dorsey; Jerry Wallace, vocalist; Ar-tie Wayne, vocalist; Herm Sanders, instrumentalist with Meredith Wilson, Bob Crosby, David Rose and others; The Republic Rhythm Riders, musical and vocal aggregation who work for Republic Pictures; and the Morgan Sisters, vocal quartet. Vogue will have five key promo-tion men in Los Angeles, New Orleans, Chicago, Atlanta and New York that will promote through disk jockies and control sales through distributors. In the belief that the juke box and deejay is today the most important cog in creating a market for records, they are selecting men for these five key cities who have the acceptance and good will of the disk jockey in each given territory.

A Saga of Courage; the Sandy Solo Story

NEW YORK—Prior to his enlist-ment in the Air Corps the current singing hopeful Sandy Solo was a commercial artist with ambitions to-ward a career as a sculptor. One of his pieces, The Tumblers, won the Na-tional Scholastic Contest and as a consequence he received a four year scholarship to Carnegie Institute of Technology. He abandoned the schol-arship to enlist in the Air Corps in 1942. 1942

Page 20

During the course of his enlistment, he flew 49 missions and won the Dis-tinguished Flying Cross, Air Medal with four clusters, Purple Heart with two clusters, the Asiatic Pacific rib-bon, Philippine Liberation ribbon and three battle stars.

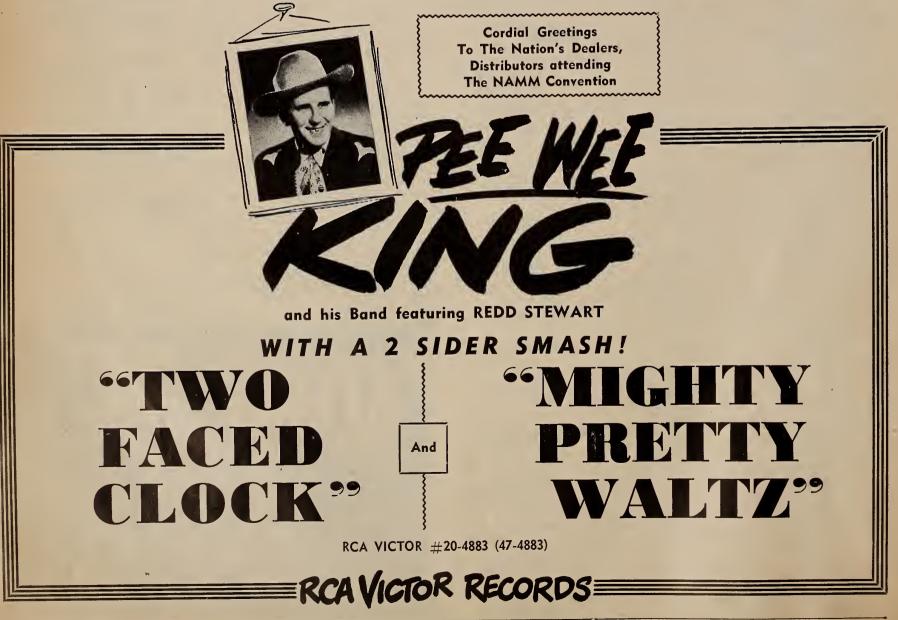

three battle stars. In 1944, during a raid, Sandy's plane was hit; two of the crew were killed and Sandy was severely in-jured. His life hung in the balance for fifteen days until he was transferred from the emergency aid station on Palawan to the Army hospital on Leyte. He was there five days when the doctor came into his room to tell him they would have to amputate his arms. Tortured thoughts raced through his mind, thoughts of the end of the ca-reer he built his life around, thoughts of going through life without arms. After the operation, he was trans-

of going through life without arms. After the operation, he was trans-ferred to the McCornack General Hos-pital in Pasadena, California. There, the call for entertainers among the patients went out and Sandy volunteered to do his part. He went from ward to ward singing with a small musical group. After singing at one of the hospital shows he was contacted by a Special Services Officer who paved the way for a singing spot over KXLA Pasadena. Sandy had his own show there for three months son, who immediately signed him to a

thirteen week contract, as featured singer on the Canada Dry Show. At the culmination of the contract Sandy traveled to New York, where he appeared on, and won the Arthur Godfrey Talent Scout Show. From there he spotlighted on his own show over WMGM New York for 20 months and has since appeared on numerous television shows, among them, Jackie Gleason's Cavalcade of Stars, The Steve Allen Show and the Frances Langford-Don Ameche Show.

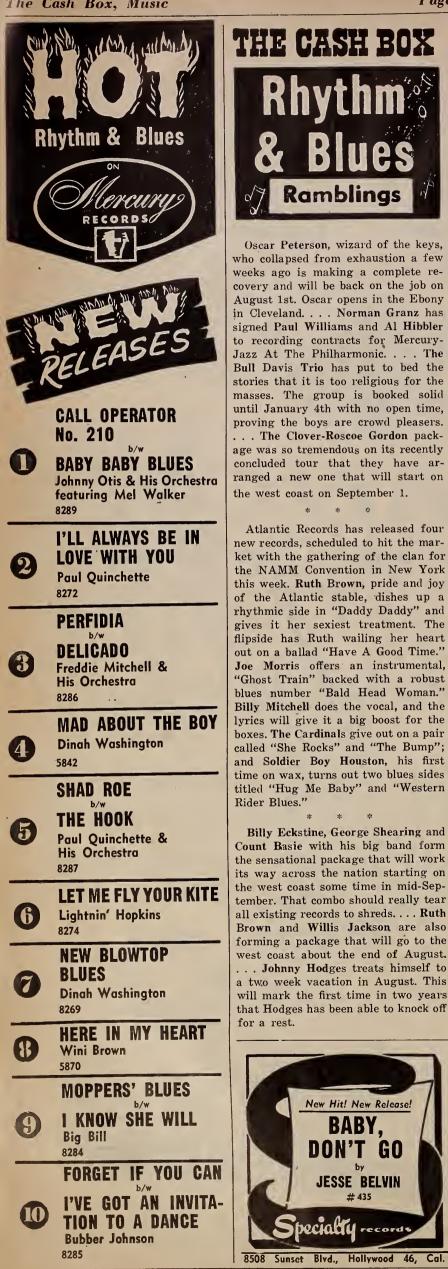

Signed to an exclusive record contract with Abbey in June, 1952, Sandy's first sides for the label are "La Rosita" and "I'm Through With Love."

"It's What's in THE CASH BOX That Counts"

Oscar Peterson, wizard of the keys, who collapsed from exhaustion a few weeks ago is making a complete recovery and will be back on the job on August 1st. Oscar opens in the Ebony in Cleveland. . . . Norman Granz has signed Paul Williams and Al Hibbler to recording contracts for Mercury-Jazz At The Philharmonic. . . . The Bull Davis Trio has put to bed the stories that it is too religious for the masses. The group is booked solid until January 4th with no open time, proving the boys are crowd pleasers. . . . The Clover-Roscoe Gordon package was so tremendous on its recently concluded tour that they have arranged a new one that will start on the west coast on September 1.

Atlantic Records has released four new records, scheduled to hit the market with the gathering of the clan for the NAMM Convention in New York this week. Ruth Brown, pride and joy of the Atlantic stable, dishes up a rhythmic side in "Daddy Daddy" and gives it her sexiest treatment. The flipside has Ruth wailing her heart out on a ballad "Have A Good Time." Joe Morris offers an instrumental, "Ghost Train" backed with a robust blues number "Bald Head Woman." Billy Mitchell does the vocal, and the lyrics will give it a big boost for the boxes. The Cardinals give out on a pair called "She Rocks" and "The Bump"; and Soldier Boy Houston, his first time on wax, turns out two blues sides titled "Hug Me Baby" and "Western Rider Blues."

Billy Eckstine, George Shearing and Count Basie with his big band form the sensational package that will work its way across the nation starting on the west coast some time in mid-September. That combo should really tear all existing records to shreds.... Ruth Brown and Willis Jackson are also forming a package that will go to the west coast about the end of August. ... Johnny Hodges treats himself to a two week vacation in August. This will mark the first time in two years that Hodges has been able to knock off for a rest.

The Atlantic Record Story; **Five Years To Tops In R&B Field**

In the five brief but colorful years of its history, ATLANTIC RECORD-ING CORPORATION, headed by Herb Abramson and Ahmet Ertegun, has soared to the lead spot in the Blues and Rhythm field. Statistical surveys show that the youthful label cops over 50% of all R & B hits and grabs a large part of the total juke plays throughout the nation's R & B locations. As of mid-year, 1952, ATLANTIC holds a commanding lead in total place-ments in this mag's "Hot" charts, often placing as many as four records in the major columns simultaneously. With the Rhythm and Blues segment of the record industry increasing in importance every day, ATLANTIC'S definite lead in the field makes them an important factor in the industry. Herb Abramson, the indie's prexy, declared that the clear cut and con-scientiously planned policy which guides the ATLANTIC operation is respon-sible for the label's success. Abramson outlined the five-point policy by which Atlantic operates as: (1) thorough knowledge of every facet of the R & B field, (2) logical spacing and limiting of Atlantic releases to 'milk every hit dry', (3) a distinctive recording technique which provides an inimitable and home office, and (5) an awareness of responsibility to a loyal public following which has learned that the music they like best is on Atlantic records.

Tight Co-op In Distrib Set-up Assures Sales

A well organized and equitably es-tablished liaison between Atlantic's national distribs and Atlantic Sales Company, is responsible for the high degree of efficiency with which the indie handles distribution. "Distribu-tion," stated Ahmet Ertegun, veep in charge of sales, "is the key to success-ful selling. Meeting consumer demand in time to catch sales is THE impor-tant phase of distribution that can make or break a record company." Ertegun, expressing appreciation for the role played by Atlantic's distribu-tors in the company's rise, pointed out that ATLANTIC strives to attain and maintain a day-to-day and even hour-to-hour close relationship with its distribs. It was also pointed out that Lou Krefetz duracing the sales of the sales the sales of the sales of the sales of the sales of the sales distribs.

distribs. It was also pointed out that Lou Krefetz, dynamic head of Sales Rela-tions for Atlantic devotes an average of 20 days per month to personal visits with distribs throughout the country. Meanwhile, through its or-ganizational news letter edited by Jack Walker, the label's Director of Publicity and Promotion, Atlantic maintains unusually close contact with the nation's deeiays and distribs as well as retained.

Four New Atlantic **Discs Just Issued**

Four new releases, timed for the current NAMM Convention and primed for August market, were re-leased by ATLANTIC this week. The fabulous 'First Lady of Style', Ruth Brown leads this batch with a solid pairing of hot and torch. Ruth, treating the rhythmic side of this new disc, "Daddy, Daddy", with a 'New Orleans beat' gives with more than usual verve and bounce.' Backing "Daddy" is "Have A Good Time", a new ballad which Ruth handles in a manner reminiscent of her debut disc, "So Long". (Atlantic 973) The Cardinals, meanwhile, come up with a rhythmic blues coupling which showcases their new styling and fea-tures their recent addition, Lance Tarber. Cardinals offering is "She Rocks" backed with "The Bump" a pair for which teen-agers will go in a big way. The Blues Calvacade of maestro

The Blues Calvacade of maestro Joe Morris returns in this batch with a wailing instrumental tone-picture, "Ghost Train", backed with blues singer Billy Mitchess's best-to-date, the raucous and delightful "Bald Head Woman". "Ghost Train" is an eerie and compelling mood piece, musically depicting a spirit train high-balling through the night.

FOUR SEASONS AND SEVEN DAYS AGO UNITED RECORD COMPANY BROUGHT FORTH ON THIS CONTI-NENT A NEW LABEL CONCEIVED IN RHYTHM AND DEDICATED TO THE PROPOSITION THAT ALL RECORDS ARE NOT CREATED EQUAL.

NOW WE ARE ENGAGED IN A GREAT SALES WAR, TESTING WHETHER THIS COMPANY OR ANY COM-PANY SO CONCEIVED, CAN LONG ENDURE.

WE ARE MET HERE ON A GREAT MUSICAL BATTLEFIELD OF THAT WAR. WE HAVE COME TO DEDICATE A PORTION OF THAT FIELD AS A FINAL RESTING PLACE FOR THOSE MANUFACTURERS WHO HERE LOST THEIR PANTS, SHIRTS, DIGNITY AND HONOR THAT RHYTHM AND BLUES MIGHT LIVE. IT IS ALTOGETHER FITTING AND PROPER THAT WE SHOULD DO THIS. BUT IN A LARGER SENSE WE CANNOT DEDICATE, WE CANNOT IMITATE BUT WE CAN HOPE TO SURPASS. THE BRAVE MEN, SUCCESSFUL AND OTHER-WISE, WHO STRUGGLED HERE, HAVE IMITATED FAR ABOVE OUR POWER OR INTENTION TO SO DO. THE INDUSTRY WILL LITTLE NOTE NOR LONG REMEMBER WHAT WE SAY HERE, BUT IT WILL NOT SOON FORGET THE CONTRIBUTION OF SUPERIOR MUSIC THAT UNITED HAS SO PROUDLY GIVEN. IT IS FOR US, THE STAFF AT UNITED, TO BOAST NOT OF "WINDY CITY BOOGIE"; "BECAUSE OF YOU"; "HANDS ACROSS THE TABLE"; "SIN"; "NIGHT TRAIN"; "MARY JO"; NOR THE STRING OF HITS THAT HAVE ELECTRIFIED THE INDUSTRY DURING THE YEAR PRECEDING. IT IS RATHER FOR US TO BE DEDICATED TO THE GREAT TASK REMAINING BEFORE US TO PRODUCE MORE AND BIGGER HITS— THAT FROM THESE HONORED PAST ACHIEVEMENTS WE TAKE INCREASED DEVOTION TO THAT CAUSE FOR WHICH OUR COMPETITORS HAVE LONG STRIVEN—THAT WE RESOLVE THAT THESE NOBLE CONTEMPORARIES SHALL NOT HAVE RECORDED IN VAIN—AND THAT MUSIC OF THE PEOPLE, BY THE PEOPLE, AND FOR THE PEOPLE SHALL NOT PERISH FROM THE EARTH.

In Chicago he earned the re-putation of being the hardest work-ing man in radio and TV, at one time handling a three-hour daily radio program, a nightly 15-minute tele-vision program that established a record for longevity, plus a half-hour television variety show once a week. By the time this hits the streets the air will have quieted from the strong, hoarse voices of the Democratic convention, and the public will be back to buying records and attending shows (we hope). . . . Chess records very hot weather, sweeping the country, and the hottest disc from that shop in many a moon. Titled "Juke" and played on a mouth harp by Little Walter, tune has lots of that stuff the R & B market will buy. Talent has long been a meanistay with the Muddy Waters group, which means plenty of savvy in the blues field. . . . Lou Krefetz has a one track mind. He claims that everything great in records, both begins and that each record mfr. has a man with the same convictions. Charity begins at home and a man who can't boost his own products is a poor salesman. . . . Gene Howard, west coast promotion man, has a striking stationery stunt for Peggy Lee. Gal's picture takes up ¼ of the sheet, and it's a real good looking Larry Newton, topper at Derby, happy these days with the initial kick-off

reggy Lee. Gal's picture takes up ¼ of the sheet, and it's a real good looking picture of a real good lookin' gal.
Larry Newton, topper at Derby, happy these days with the initial kick-off of "Cracklin' Bread." Tune has clever lyrics, the bounce and beat reminds us of "Hambone." Ed Barron brings to the recording a mature sense of timing and showmanship that can push this up on the Hot charts. . . Irv Victor, head wrapper at Record Pak, cooling for the summer until the fall mail order buying picks up. His label, Irene, named for his wife, features mostly western and hill-william. Irv is remembered as one of the first western styled deejays. Long airing over the nation's big stations with the mail order pitch at late nite hours. After years of making gelt for others, he now has his own Fort Knox. . . The Fontane Sisters with a string band backing, do up brown the Arnold Sundgard-Al Lafett tune "There's Doubt In My Mind." . . Ernie and George Leaner, Midwest distributors for some of the nation's fastest moving independent record companies, recently held a swank cocktail party, to which the entire trade was invited. Reason for the guzzlin' event was the grand opening of their new and enlarged quarters. The boys are handling Apollo, Swingtime, Prestige, RPM, Peacock United and several others. This writer remembers not too many years ago when the brothers were both working for Milt Salstone, where they got their know-how of the business. After a short stint with Monti Passos, they hit out with one label and a will to do business for themselves. Today the Leaner Bros. are an ever growing factor in the record distributing business. Good-luck to two smart young operators.

Good-luck to two smart young operators. John Dolphin, the wizard of L. A.'s Central Ave., comes out with one of the most unusual records to hit the stands in a long time. Called "The River," tune has a character named Little Ceasar who sobs his heart out through the record and then it gets sq good to him that he jumps in the "River," and you can hear him splashing around and, I guess, go down for the third time. . . . RCA Victor people are using for the summer months a guest type deejay show. Plan is being worked in about 50 key markets to hypo sales on radios and records. In each town used, the deejays of various stations come in for one show, thus keeping the program alive and changing each week for the 13 week cycle. Stor-ies coming in attest to the selling punch of this new and different show. One of the outstanding news commentators in the mid-west, is NBC-

One of the outstanding news commentators in the mid-west, is NBC-WMAQ's Clifton Utley. Gabber, long a favorite with local audiences, finally came to the attention of the eastern bigwigs due to Clifton's masterful handling of the Republican convention. Brass is handing a bigger slice of chores to newsman for the Democratic confab, with plans for a build-up to making him a figure in the national eye. . . Omaha joins the growing list of cities adding a R & B show. KFAB see's in the 40,000 plus, Negro market, a sales potential long overlooked. Show will hit 7/29—11:30 to 11:55 PM. Reid Whatley will do piloting. . . Chick Finney, writer for the potent St. Louis Angus, is having success with his Talent Scout show, aired from a local station. . . . Invites are out to the trade for the preview showing of Paramount's "Son Of Paleface." . . . Otto K. Eitel, who owns Chi's big and plushy Bismarck Hotel, and the adjacent Palace Theater, throwing a reception royal on 7/29. Occasion will mark the completion of a 3 month run of the movie "The Greatest Show On Earth." Victor Young, who did the score, will plane in as special guest. . . . Jack Gale passing thru town from the west enroute to the east, and raving about Nat Cole's "Somewhere Along The Way." By the way this is one of the best Nat has done in a long time. . . . High Noon is the time set for the opening of the picture "High Noon" with a feature song named "High Noon." Oddly enough we here in Chi. do not have a theater named High Noon. The date—7/31. . . . Mona Lee who writes the publicity for Art Rupe, sends good word on Percy Mayfield, Lloyd Price & Lester Williams, money makers for the stable. . . . *(Sam Evans is the Jass and Blues expert heard nitely on WGN, Chicago's Mutual outlet, and on WBKB-TV.)*

ELIZABETH, N. J.—Mrs. Ethel Levin of Elizabeth has created quite a bit of excitement with her successful ballad called "You're My Destiny," which has brought her a contract with the Wemar Music Corp. Husband and son are simply amazed with the reve-lation of her hitherto undiscovered musical talent, dozens of fairly well known people in the entertainment world have thrust contracts at her, but no one is a bigger booster of the five foot-100 pound ball of fire than her neighbor and friend, Dave Stern, pop-ular music machine distributor, and operator of Seacoast Distributors, Elizabeth. PEE WEE KING

PEE WEE KING

PEE WEE KING • Pee Wee King spins a slow beat waltz that could take off in both pop and western. Titled, "A Mighty Pretty Waltz," the gliding tune is given a first rate treatment by Pee Wee and his instrumental group. In the fashion that has won him so many plaudits, Redd Stuart delivers a smooth vocal of a sweet melodic item as the ork provides a light lilting backdrop. The under siding offers another disking that is equally as good. "Two Faced Clock" is a rhythmic, moderate tempo ditty that Pee Wee bounces through gayly as Redd Stuart handles the gayly as Redd Stuart handles the cute romantic lyrics, backed with the steady tick-tock of the clock, in light hearted fashion. Both ends are coin-catchers and we split the honors on this release.

CHICAGO, III. — Prospective exhibitors (manufacturers of phono-graphs, records and associated equip-ment, as well as other firms closely associated with the music machine business) have been notified by George A. Miller, president of Music Opera-tors of America, Inc., of the forth-coming MOA Convention to be held September 11, 12 and 13 at the Con-gress Hotel in Chicago. Trior to the notifications, application blanks for exhibit rooms were mailed out listing entrance fees as low as \$150 to a maximum of \$250 for the larger deluxe rooms. The exhibit rooms are completely furnished and expected to be nicer than anything the convention has previously had. The exhibit rooms can be set up a day before the convention and taken form a day after. Room rent at the Congress Hotel is \$13 or \$14 per day for a minimum of five days. The en-trance fee for the exhibitor, which is additional to the room rent, goes to MOA to defray the cost of pro-moting the Convention, plus the pos-sibility of bringing some money into the treasury. However, this is unlikely, as in past years the intake was just enough to cover the expenses of run-ning the show. It is important that MOA realize a surplus as the cost of running the organization over the evar is costly. Business meetings by MOA will be held from 10 a.m. to 1 p.m. Exhibitor

Recount Reveals Frankie Laine - Sammy Kaye "That's My Desire" Tie

Our listing of the top ten records of 1947 in our Anniversary Issue, June 28, places the Sammy Kaye recording of "That's My Desire" in third place. Further investiga-tion reveals that the Frankie Laine version, which established the singer as a top recording artist, should have shared billing with the Sammy Kaye record for they were tied.

VENDOR BONANZA Many Former P.O. Machine Ops Switch to Vendors. **Open Big and Lucrative Market.** These Ops Already Have the Locations as Well as the Cash to Buy

Page 33

CHICAGO - It is becoming more and more apparent each week to leaders thruout the industry, that the payout machine operators who have been undecided about which direction they would take since U.S. Public Law 906 went into effect, that these ops are now switching over to vending machines of all types.

Most impressive is the fact that these men have the locations and, what's more important, have the cash with which to purchase new equipment.

This opens a tremendous market for the vending machine manufac-turers and, it seems, they have not only learned of this market, but, are already sending their salesmen out to visit with these men, and point out the value of the equipment they are manufacturing manufacturing.

Also interesting is the fact that the greater majority seem to have taken to cigarette vending machines as a starter.

Others have delved into experi-ments with drink dispensers. These men have also added on other vendors so that, generally, their routes are well diversified.

In addition to the music and games which these men are already operat-ing, and will continue to operate because, as they report, the locations know of the service they offer them, they are adding on vending machines of all kinds, with cigarette vendors and drink dispensers in the lead at this time.

Many of the leaders here have taken cognizance of this trend. They, too, admit that the former payout ma-chines operator is now finding that "vendors are bread and butter" when added to present routes.

It all comes down to the fact that those operators, many of them of very long standing in the field, realize that, "It's the locations that count."

The result is that the average operator is making it his business to handle all the equipment in his locations, ranging from games to music to vending machines.

In the meantime, as far as the vendor manufacturers and distribu-tors are concerned, this is sudden bonanza on which they had never counted.

The rush for their products has backlogged almost all the leading factories in the vending machines field.

Furthermore, many of the vendor manufacturers are up against the lack of steel and other materials, and these new orders plus their regular sales, are bound to bring about a jammed situation which will probably not be relieved for some months to come, according to some of the vending machine makers.

prior to this tourney, and which held down the crowd. The banquet this past Wednesday evening at Bunker Hill Country Club brought out about the largest crowd in the history of the association. What was most impressive was the fact that the entire event was handled much more efficiently and graciously than was the affair last year. The golf tourney championship trophy this year went to Floyd Camp-bell of South Central Novelty Co. Floyd shot an 82, no handicap. The guest tourney trophy went to Steve Hegedus of Capitol Records who came in with a 78. Two of the younger voices now in town made themselves pleasantly heard at this affair: Bobby Wayne and Johnny Holiday. He has been honored many, many times by the operators of New York State. He is respected by operators, jobbers, distributors and manufacturers. His observations of the problems of this industry show a deep and sage understanding, as well as a very shrewd regard for the continuation of the industry. Al Schlesinger's letter speaks for itself. It is, herein, reproduced in full, without any editing whatsoever.)

AL SCHLESINGER

Mr. William Gersh, The Cash Box, 32 W. Randolph St., Chicago 1, Ill.

Dear Bill:

I am sure you would want only constructive criticism on your tenth anniversary issue. I can understand why you gave so much attention to the record industry, which by the way was excellently covered.

While looking at the past decade, you neglected to explain to your read-ers why the game manufacturers have reached the end of the trail. You and I recall, all the great promises that were made after the war about the new revolutionary ideas that were rained to be incomported in games new revolutionary ideas that were going to be incorporated in games manufacturing. Do you know of one successful idea outside of the bowling, shuffle theme? Why? I am certain your readers would like to know! Your readers would also like to know if that age old cry of new blood would not now be applicable to the manufac-turing of games! It was this segment of the operating industry which was antirely responsible for the foundaentirely responsible for the foundation of the present juke box operator. The operators would also like to know why every juke box manufacturer wants his customers to operate their products at a profit and then proceeds to put a price on their equipment that makes it almost a rat race to get one piece of equipment paid off before the new model appears on the scene. Every manufacturer knows we need dime play to pay for our equipment and make a living. So what! The new machines continue coming off the production line with the same old nickel coin chute as they did twenty years ago. If they are the leaders, why in heaven's name don't they get together and say on such and such a date all machines coming off the line will only be equipped with dime play. That's it brother, take it or leave it! Those that can't take it, are not long for this business anyway. The others will make a real business out of it and also eventually be in a better position to buy new equipment in greater quantities than heretofore.

I regret going off into this tangent, but they are vital problems that confront every operator in America. If your journal is to continue to lead the operators, these are questions that are vital to their very existence

and let me further add, to yours. For as this industry prospers, so does every allied line. Let the seed of pessimism enter and grow and it will eventually tear our house down.

In conclusion, let me express the hope that *The Cash Box* in the next decade, with its courage, forthrightness and crusading spirit, continues to be the operator's "bible."

With my best wishes, I remain

Cordially yours, AL SCHLESINGER.

Plans For Harry Rosen Testimonial Dinner In Behalf Of U. J. A.

NEW YORK—A large group of coinmen comprising the committee for the Harry Rosen Testimonial Dinner in behalf of the United Jewish Appeal (UJA) met at the headquarters of the Automatic Music Operators Association on Tuesday, July 22, to consolidate all plans.

The dinner is scheduled to be held on Tuesday, September 9, at the Moderne Room of the Belmont Plaza Hotel. However indications are that the attendance will be so large it will be necessary to change the location, altho the date will remain the same.

The program this year includes entertainment, dancing and a prominent speaker from the UJA to acquaint the folk with the problems facing the people for whom the money is being collected. Coinmen are being asked in advance to pledge donations, and it is definitely promised that there will not be any fund raising or solicitations at the dinner. Members of the industry are being asked to bring the women folk.

Those who attended the committee meeting were: Sidney Levine, Al Denver, Carl Pavesi, Seymour Pollak, Al Botkin, Jack Gordon, Meyer Parkoff, Barney Sugerman, Joe Young, Larry Serlin, Bob Luttman, Lou Hirsch, George Holzman, Jack Semel, Max Weiss, and Sal Trella.

PRAISE FLOODS IN FOR "E. O. M." ISSUE

Distribs, Ops, Their Attorneys And C.P.A's Join In Praise Of "End-Of-Month Inventory Issue". All Agree Issue Is "Invaluable". Acts As Proof For Tax Purposes And Especially For Depreciation Rate Schedules.

NEW YORK—Very few times in the history of any publication has praise flooded in at such a phenomenal rate as it has this past week since the appearance of the first edition of *The Cash Box "End-Of-Month Inventory Issue.*"

Operators, jobbers and distributors everywhere are praising the "E.O.M." issue because of the fact that, for the first time, it gives them a simple and direct method for ascertaining the capital valuation of their business quickly and easily.

In addition, because it gives a complete market value of their equipment, and what attornies and Certified Public Accountants associated with these men call, "a fair market value," it answers a great many tax problems and can, therefore, be used for tax purposes of various types.

Most important to many around the nation, is the fact that the "End-Of-Month Inventory Issue" helps, in a most definite fashion, to ascertain depreciation rate schedules for those who are having difficulties in this direction with local tax officials.

In short, by showing drop in price value (or: 'fair market value') of equipment from month to month, a depreciation rate can be arrived at, definitely based on valuation of the equipment, so that this should prove acceptable to tax authorities, it is the belief of many.

This will be the very first time in the entire history of the industry whereby everyone will be able to present "market value" of equipment, as well as the value of their own bussinesses, for any and all type of tax purposes, as well as for general sales and valuation purposes.

This is so different in its arrangement, yet so simple and so easy to understand, that all who have acclaimed the "E.O.M. Inventory Issue" believe that, for the first time, the industry has tremendously advanced from the standpoint of better understanding of capital investment and taxation.

As one noted operator wrote, simply and tersely:

"This 'End-Of-Month Inventory Issue' of 'The Cash Box' is absolutely invaluable to everyone in this business."

Attorneys as well as Certified Public Accountants have stated that it isn't necessary to have the lists appearing with the "End-Of-Month Inventory Issue" notarized.

They believe that these will prove just as acceptable, when completely filled out, whether notarized or not, to any and all tax agencies, for what these men call: "fair market value."

The fact that the "End-Of-Month Inventory Issue" will appear at the end (last issue) of every month of The Cash Box has also been acclaimed by one and all.

This means, these men state, that they will be able then to show their business valuation from month to month.

Pinball Ops Ask What Would Be Fair Rate Of Depreciation For Their Games

CHICAGO—Now that the atmosphere has been rent asunder once again by some tax officials in various areas about the country questioning juke box ops as to their rate of depreciation, pinball ops come to the fore and question:

"What would a fair rate of depreciation be in the matter of pinball games?"

A study of *The Cash Box*' "Confidential Price Lists" reveals that the average pinball game sells for about 50% of its original list price just about three months after it has been introduced to the field.

This is based on an "average" of all games.

It is understood by all in the pinball field that if a poor game is introduced, it drops in value practically overnight.

Likewise a very good game will hold up in price for some months after its introduction.

In short, based on an average of all games introduced in the pinball classification, it would be safe to state that the game loses 50% of its original list price value in just about three months after its introduction to the trade.

For example, Gottlieb's "Quartette" (original list price \$329.50) introduced about the end of February, 1952, was offered to the trade July, 1952 (depending upon condition, appearance, territory, demand, etc.), at from \$175.00 to \$190.00.

Williams' "Slugfest" (originally introduced in March, 1952, at a list price of \$295.00) was being offered to the trade in July, 1952, at from \$165.00 to \$219.50.

In short, in either case, as well as in the case of other manufacturer's products in the pinball classification, it can be assumed that the "average" loss in value of the "average" pinball game, is about 50% of its original list price in a period of three months after its introduction.

Therefore, as noted pinball ops have reported in the past, an extremely fair rate of depreciation for pinballs, would be:

50% depreciation the first three months;

25% depreciation the next three months;

15% depreciation by the ninth month;

10% depreciation for the 12th and final month.

The pinball to be completely depreciated of all value within the period of one year from date of purchase, provided that the operator continues to hold onto the game for that period of time.

It is understood that some pinball ops have already taken this matter up with their local tax offices.

Some have reported that they have arranged for a better schedule of depreciation.

Others claim they are still having their hands full attempting to prove a depreciation rate to their local tax officials.

Consistent use of "The Confidential Price Lists" of The Cash Box, especially the "End-Of-Month Inventory Issue," should most definitely prove to any and all tax officials the rate of depreciation in the case of pinball games.

Steel Strike Ending Happy Note For Vendor Manufacturers

CHICAGO-With the announcement on Friday, July 25, that the steel strike had been settled, and that the producers were planning on getting started immediately to turn out the much needed steel, manufacturers of coin machines using this metal were in high glee.

Strangely enough, the demand for products of the coin machine industry using steel, particularly vendors of all kinds, reached a high peak just about the time the steel workers went out on strike. Practically every firm reported a huge backlog of orders, which with each succeeding week, kept getting larger and larger.

It is hoped that steel is available to them within a short time so that their production lines can start humming to give the operators sufficient equipment to meet their needs.

Cigarette Taxes Spread Thruout Nation

41 States Extract Cigarette Taxes. With More To Come

WASHINGTON, D. C .- Cigarette taxes have become one of major sources of revenue for practically every governmental body, federal, state, and city. These taxes hit the operator of cigarette vendors, who in turn pass it along to the consumer. However, in doing so, many problems have to be overcome, mostly mechanical in providing for pennies in change. When it was possible to get a quarter for the package of cigarettes, which included the tax, operators were in a most favorable position. With additional taxes placed, which make it necessary to obtain sums over 25c, reaction is harmful both psychologically and on the matter of slipping pennies into the package.

There is at present a proposed tax for Oklahoma, which would be levied at 1c per package containing 10 and less than 21 cigarettes. Oregon will vote on a new 3 cent per package tax in November.

Cigarette taxes have spread more rapidly in recent years than any other single form of state taxation, with new and increased levies expected to be widely proposed next year.

New cigarette taxes have been put into effect since World War II by 10 states-Delaware, Indiana, Michigan, Minnesota, Montana, Nebraska, Nevada, New Jersey, West Virginia and Wyoming. If the Oregon measure passes in November, it will become the 42nd state to tax cigarettes.

The newspapers tell us that the city's heat created a record for consecutive days in which the thermometer ran over 85 degrees, with most of the days hitting around 95 and over. And yet it didn't seem to effect the sale of equipment, which is consistantly high, with wholesalers still asking for more and more equipment, particularly phonos. The only wholesaler who has hit his peak and started to slow up a bit is Mike Munves, who has been traveling at full force these many months supplying arcades. And yet, even Mike is busy. Exhibit "Twin Rotation" is the item he's concentrating on now, and he reports that those operators who have placed them on location are enthused over the high collections. Board composed of Johnny and Andy Ooomens, Jerry Schuman, Bob Gnarro and John Mohill. First bowling date: Monday, Sept. 8 at Fireside Bowl on Fullerton Ave. at 9 P.M. It's a mixed league. . . O.P.S. reviewing some ideas with Chicago ops.

a mixed league.... O.P.S. reviewing some ideas with Chicago ops. Joe Ash's son, Larry, passed thru town on his way to California. Kid's about 17 or 18. Sure makes Joe look older than 39, doesn't it? They say the kid acts like the old man and even talks like him. ... Wally and Mal Finke had us running about in circles this past week. All over a coffeemaker.... Roy Monroe of Cleveland phones to advise that, in his opinion, The Cash Box's "E.O.M. Inventory Issue," July 26 issue, "... is the finest system for saving operators many, many tax headaches of all kinds."... Myer and Lew Gensburg of Genco won't say "yes" or "no." But word has come in from the grapevine that their "400" is bringing in some outstanding collections.... Sam Lewis of ChiCoin visiting distribs in the south on the firm's new "Big Hit" baseball game. Seems the game is clickin' with the boys thruout the south.... Thanks to George A. Miller for his very nice compliments on our 10th Anniversary issue. (Which reminds us, MOA's convention at the Congress Hotel is drawing ever closer. Sept. 11, 12 and 13, Better make reservations now.)... All that Frank Mencuri of Exhibit Supply had time to say this past week was, "The action has started on our 'Super Twin Rotation.'"... What about pinball depreciation rate? Should be no more than a year, 50% the first 3 months; 25% next three months; 15% next three and 10% final three months.

Sincerest condolences to the family of Frank Rowell, Sr., president of Guardian Electric, who passed away last week. . . . Cole Products, mfrs of the Cole-Spa drink dispenser, placed an order for over \$4 Million for equipment. . . . Thanks, thanks, thanks for all those marvelous compliments re: "End-Of-Month Inventory Issue" which appeared last week (July 26) for the first time. . . . Averill W. Harriman headquarters in Conrad Hilton had Coven rush over new Wurlitzer 1500 for entertainment of Harriman followers. . . . Thanks to Lyn Brown of L. A. for his nice letter re: Tenth Anniversary, Issue: Lyn wrote, "Your book was terrific." . . . Condolences to the family of a grand, great personality, Jules Peres of New Orleans, who passed away suddenly from a heart attack.

Peres of New Orleans, who passed away suddenly from a heart attack. Eddy Howard wired Phil Levin that he (Eddy) couldn't get out of his legal contract to play at the Westlake Terrace in Indianapolis. Otherwise, Eddy wired, he'd definitely have beat Phil's ears back for him at music ops' golf tourney. . . Ray Williams had himself quite a time here in Chi, along with Fletcher Blalock and some of the other Wurlitzer distribs, who met with Ed Wurgler of Wurlitzer. Ed then proceeded on to Milwaukee to meet with Harry Jacobs, Sr. and Jr. . . Clarence Adelberg of Stoner Corp., Aurora, advises firm far behind filling orders for their great candy vendor. Firm has other products, too, but due to steel strike and materials quotas, are holding back. . . . Sam Stern of Williams Mfg. Co. clicking with "Caravan." . . . Vending machine sales continue to go on zinging along. Seems many ops have added ciggy and drink dispensers. . . Sid Falk of Ilco Locks claims that we passed him up when taking pics at one convention. (Aside: if we did, Sid, it was completely unintentional.) . . Midge Ryan talking to us from Reno, Nev., advises that Bell-O-Matic biz going right ahead. Firm busy assembling and shipping.

Busiest bunch of guys in town, Bill DeSelm, Herb Oettinger, Lyn Durant, Johnny Casola, and everyone else over at United. Trying to pump up a new high production mark because orders simply piled up while the factory was closed for vacation time...A visit to the "Cream City" of Milwaukee this past week revealed that distribs there are going right ahead. That business is good. Only problem seems, "getting more machines from factories." (That ain't a bad thing to hear, as all will agree). What's more, ops doing fine, too. And believe that biz is getting better every day. Especially with fact that Wisconsin outstanding midwest state for vacationers. Harry Jacobs, Sr. and Jr., Sam Hastings, Sam Cooper, Carl Happel, Ray Jordan, Vic Manhardt and Sam London, all report business okay. . . Steel strike is hitting ops and distribs in steel producing (and coal mining) sections. Many getting worried. . . . Vince Shay favored us this past week at the Chicago jukebox ops golf tournament.

Still on vacations, friend Charlie Daniels over at Paul Laymon's made an in-print fibber out of us by changing his plans at the last minute and not going on that Yosemite and Northern jaunt. Seems Charlie decided there was just too much work to do around the house and spent his vacation so doing. Laymons' Wurlitzer sales man, Jimmy Wilkins, also due back on the job after a home-bound vacation but Wurlitzer chief mechanic Karel Johnson, is one man not letting us down. According to his colleagues, he spent his last day before taking off for Utah, Wyoming and the Yellowstone fishing region at imaginative casting, between checking out a load of Wurlitzers, which had a real spurt last week, Charlie Daniels tells us. Bally's "Palm Beach" has reached the Laymon floor but isn't stopping there long enough to take root. Once again, it looks as if Bally has a hot one that should even top "Atlantic City." High praise for the game was also expressed by Jack Simon, who was really pleased with his getting a floor sample so early and was just hoping that deliveries would keep pace with his customer demand. Jack, who is batching it for a few weeks while his wife attends that hospital convention in Denver, says he's keeping out of mischief via the horses. . . . Abe Chapman's "Buccaroo" is beginning to pay off with repeat orders, he tells us, which is always the acid test of a product's worth.

worth.

Nice to get a phone call from Phyllis Hammond, Joe Peskin's secretary, who was anxious to get a copy of the Tenth Anniversary issue which she'd heard so much about. While Joe's son-in-law is still operating music, in between being a steel company exec, pretty Phyllis and dark-eyed beauty Dolores Moreno are strictly in the steel department now out at Gardena, where the Sierra Steel plant is located. Understand Joe's taking it easy these days and about the only merchandise he still has left from his former Pico Blvd. setup is a fair number of ice cream vendors, many of them out on location.
Jo Ann Lewis, another likely lass now holding forth on behalf of Dan Stewart Co. where the other girls were doing a job for Peskin, tells us that Dan and Co. just can't keep those Rock-olas on the floor, even with a good supply of them coming in. This also applies to the wall boxes, she noted. Games are likewise catching their share of action at Dan Stewart's, with Genco's new "400" due in any day and Chicago Coin's new "Hits and Runs" also awaited.
Larry Atkinson, a Utah neighbor who'd set up a coin machine exchange

... Larry Atkinson, a Utah neighbor who'd set up a coin machine exchange down the street, has closed down and is back full time at his Provo operation, we learned. . . . It's not easy to get started in this town, or any other as conditions of supply are at present, and Larry has to be credited with a good try.

Charlie Robinson tells us that United's "Stars" are bright on his horizon and United's new shuffle game is also expected to be a sure winner, as its predecessors. . . . Nick Carter is one man really on the go, with AMI's new machines continuing to win new friends. ... Bill Happel over at Badger Sales, an Isaac Walton of no mean standing himself, seemed almost as proud of Al Silberman's big catch of yellowtail, calico bass and white sea bass up Essenada way as if he'd caught 'em himself. . . . Vacationing at Lake Tahoe is Badgers' Ray Powers.

On the Row: Jack Faust of Santa Ana ... San Bernardino's I. B. Gayer ... T. H. Loo and three sons from El Centro ... Oxnard's Ken Ferrier ... Perry Irwin of Ventura ... Jack Spencer of Big Bear ... Pomona's Lloyd Barrett... Pete Thelen of Glendale . . . Southgate's Johnny Lantz . . . Fred Ray of Bakersfield . . . E. E. Peterson and Walt Schinkal from San Diego . . . Covina's Bill Bradley . . . Clyde Denlinger of Balboa . . . Jack Johnson of Long Beach...C. C. McGovern from Las Vegas.

Paul Felling of Sauk Center, Minn., took some time off from running his farm and running his route to come into the Twin Cities to see what was new in coin operated equipment. . . . Gil Hanson of St. Peter brought his youngest son along when he came in for some supplies and it looks like he is starting to show him the ropes kind of early.... Claire Nitterburg of Castlewood, S. D., stopped in the Twin Cities on his way into Northern Minnesota for a short vacation. Claire and his brother John have been working very hard running a resort at Castlewood and also running their operation. . . . Also in from the South Dakota area were Whitey Westby and Ralph Myers of Mitchell. . . . T. J. Fischer of Waconia, Minn., had as a guest Earl Rainey of St. Louis, who operates down there. . . . In town picking up supplies and equipment for their routes were Jerry Hardwig of St. Cloud; Charles Sersen of St. Cloud; John Howe of Foley; Ben Jahnke of Hutchinson; and August Quade of Rochester, Minn.

Bill Mashek of Kansas City, Mo., stopped in the Twin Cities on his way up to Northern Minnesota for a vacation. . . . While in the Twin Cities on business Gil Kitt of the Empire Coin Machine Company of Chicago, stopped in and visited the various distributors just to say hello. . . . Seen here and there at the various distributors and supply houses were Pete Vanderhyde of Dodge Center, Minn.; Vince Jorgenson of Mason, City, Iowa; Ted Heil of Gaylord, Minn.; O. L. Coefiled of Annandale, Minn.; and Frank Mager of Grand Rapids, Minn. . . . Even though he is kept quite busy on his route, Elgin McDaniel of Wadena, Minn., states that he and the Mrs. will take a couple of days off to get some fishing in, in Canada. . . . George Cosetti of Brainerd, Minn., reports that business is holding up pretty good due to the large number of tourists.

STHE CONFIDENTIAL PRICE LISTS"

THIS WEEK'S USED MACHINE OUOTATIONS

13th Year of Publication 721st Consecutive Week's Issue

How To Use "The Confidential Price Lists"

[Also Known As the "C. M. I. (Coin Machine Industry) BLUE BOOK"] [Also Known As the "C. M. I. (Coin Machine Industry) BLUE BOOK"] FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange —posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, hav-ing a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the depends on the subscriber to make average price adjustments to fit the peculiarities of his territory. METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.
