lishers of music; and all others in any fashion identified or allied to the coin operated machine industry as well as all finance firms, banks and other financial institutions expressly interested in the financing of coin operated equipment of all types.

THE CASH BOX has been recognized by various associations of coin machine operators thruout the United States as their official weekly magazine.

"The Confidential Price Lists" gives prices of all new and used coin operated machines of all kinds, weekly reporting all market changes and continually adding on all new equipment. "The Confidential Price Lists" is officially recognized by many cities and states throughout the country as the "official price book of the coin machine industry." It is an integral part of *The Cash Box*. The "Confidential Price Lists" is used in settlement of estates, in buying, selling and trading of all coin operated equipment. It is the one and only officially recognized price guide in the coin machine industry. "The Confidential Price Lists" is used by finance firms, factors and bankers to guide them in making loans to the members of the coin machine industry.

Talking It Over

The cup drink vendors, just like the cigarette machines, have won a very special place for themselves in the coin machine industry's sun.

It seems that it was just yesterday when the first of these vendors was introduced and the battle started. There were pros and there were cons. The arguments waxed hotter and hotter with some saying "yes" and just as many saying "no" regarding their success.

But, in the long run, over the tried and tested course of location experience, the cup drink vendors have come thru with flying colors and are, today, regarded among the very best of the automatic merchandisers.

And no wonder. Here is a machine which, without any doubt whatsoever, meets the demand of the American public for speedy and efficient service—the one thing everyone in this grand nation admires.

There was a time when the health authorities in every city looked with askance upon any cup drink vendor. They tested and examined and took bacteriological tests.

In the long run the constant continued demand of the public for beverages automatically vended won over the keenest scrutiny and the very fact that engineers of every kind in every industry from paper cups to compressors joined in the search for a clear, pure, beautiful and exceptionally fine carbonated drink, brought the automatic cup vendors to the fore. But, with such outstanding glory that anywhere in the nation man, woman or child knows just how to operate these machines, regardless of what dress they come in or what vending method they use.

It is one of the outstanding triumphs of the automatic vending industry and of the nation's automatic merchants to look back on the many years of hard and ceaseless effort that went into building the cup vendor as one of the "staple" products of an industry where too much stability is not the fact.

There are, actually, three types of drink vendors on the market. The bottle vendor which is well known to thousands on thousands of peoples from coast to coast. The mixer vendor which mixes the syrup with the carbonated water right before the eyes of the purchaser. And the prepared drink vendor where the drink is placed in barrels and prepared before hand and then vended in the quantity desired.

Regardless of the fact that the drink vendors are not too cheap in price, because the cost of steel and components and raw materials keep prices up and, furthermore, because highly skilled and specialized labor is needed for their completion in manufacture, they march ahead more rapidly than any other types of vendors now being offered to the coin operated merchandising machines industry.

Now soups, coffees, and other beverages are being offered to the public and because of the fact that the soft drinks which have been automatically vended are so pleasing to the palate of the average publican these, too, have been winning popularity.

It will not take long before the beer vendors which were talked about for many, many years will be appearing in busy bars and taverns and these, too, just as the others will win their way into the public's hearts. Tho, of course, here is a problem of the minor, this can be overcome with clever placement of the coin chutes for above the average minor's reach and in such locations where minors are not allowed.

But, just keep your eyes peeled for what's coming forth in drink vendors. What you have seen to date is only the beginning of a tremendous era. At Lymo Industries in Chicago there are plans going on which will probably astound the entire automatic merchandising industry when they are completed.

Can the Manufacturer Cut Prices?

Much of the discussion regarding the fact that a better fall season can be expected by the industry is based on the question, "Can the manufacturer cut prices?"

Regardless of the fact that the country's leading economists and Washington's noted statisticians have come out very boldly with the statement, "Prices must be cut!" no one has yet told the manufacturer "how" this can be done.

In the midst of a possible fourth labor wage increase and with the fact that the producers of raw materials as well as the manufacturers of component parts haven't substantially lowered prices, it is impossible to see where, how and when the average manufacturer can lower the price of his finished product.

It is well known to all in the coin machine industry that to manufacture any type of coin operated machine today a tremendous financial investment is required.

Yet even the extent and size of the financial investment means very little when other factors are considered. For example, the ingenuity necessary to present the sort of products which will meet trade approval and, better still, public approval.

The need for engineering, experimental development and production, staffs which can efficiently and quickly produce a sufficient number (should the product be in demand) to cover all overhead costs and produce a decent margin of profit so that the manufacturer will find it profitable to continue in business.

These are only a few of the many problems which have to be considered by the average factory in the coin machine industry today.

For example, the fact that someone states, "Prices must be cut," doesn't mean that prices "can be cut." This is statement without thought. Without the background of facts and without the substance of understanding of manufacturing processes.

How in the world can any factory cut the price of its finished product if each worker wants more money per hour for his efforts? How can this factory cut when the raw materials producers and the components manufacturers want just as much if not more for the same products they have been serving the factory with all this time? How can any factory anywhere cut if the promotional and exploitation work which is required to "sell" the product is just as great as ever and, at the same time, engineers, production experts, and large clerical staffs are required to keep the manufacturer in business so that he knows in just what direction he is moving at all times?

Just to say, "If the manufacturers will cut prices on all equipment, this Fall season may be one of the best in history," isn't substantiated by facts. And facts are what count.

So many sheets of steel are required to stamp out so many component units. So many men must be employed to do this job. Labor wages are so much dollars. All other factors involved in the stamping, delivery, etc., of these components are also so much dollars. How, then, can prices be cut?

The logical answer, then, seems to be to cut down on profits. But, is there sufficient profit so that it can be cut to a point where enough cut will be shown to bring prices down considerably?

The average factory today works on a very small profit margin. This is due not to the fact that the factory management wants to work on a small profit margin, but, more due to the fact that it is forced to

do so because of the many price rises and labor wages it has assimilated in an effort to "maintain its present price structure."

As the demand for price cuts continues and as the surrounding factors to production of coin machines lower their prices to meet this demand, then, and only then, will prices fall sufficiently in this field to make way for price cuts by manufacturers in every category.

All that it requires is for the average coinman to walk thru any coin machine factory and note what is today required in the construction of any product. The surprises which many have had thru taking this advice has culminated in a better understanding of the problems of the average manufacturer.

Too many fly-by-night manufacturers have entered the field with the statement, "Our prices are lower because we don't have the overhead of our big factory competitors."

But, where are these people today? What's happened to them? Simply this—that one after the other they have failed, and failed miserably, and in the meantime left those who bought their products high and dry without parts and without anyone to go to in an effort to keep their equipment working.

One high priced bowling alley is a glaring example of what can happen. Many a shuffleboard manufacturer has left customers hanging on the ropes with units which won't last for a month.

Other types of manufacturers have also entered the field and have practically wiped out jobbers, distributors and operators who had faith in them—because of their story that they could produce at a lower price because they were so much smaller.

Those who were caught in these traps would today pay a much higher price for equipment and know that at least they had somewhere to go to get parts and materials which would at least keep their equipment working. And not have to junk it or attempt to sell it to someone else—which is no different than cheating.

Yes, there will be price cuts by all manufacturers. But, these will only be because of the ingenuity and efficient methods used by the manufacturers—until—the time comes when labor stops screaming for higher and ever higher wages and when the raw materials and components come to the manufacturers at lower prices—and when exploitation and promotion can be substantially cut to a lowered point—then, and only then, will it be logically possible for the manufacturer to cut prices to meet the demand of the trade to "buy cheaper."

Everyone loves to buy cheaper. Yet, logical business people must consider the facts as to whether such cheaper products as they demand will be what they want and will stand up for years to come as ten year old games and phonos are standing up today and are still bringing in very fine returns tho they were amortized and paid for years and years ago.

The field must reckon with facts. It must not go off half cocked. It must remember that everyone in the manufacturing business wants to do more business to insure the continued growth and progress of the factory and the entire organization, but, that this cannot be done under present conditions until the entire economic situation has leveled itself to a point where this is practical and possible.

"I Found A Million Dollar Baby"
(2:40)

"Arms And Legs Polka" (2:42)
BOB MANNERS ORCH.
(Fortune 117)

Some light, pleasing wax by the Bob Manners ork comes up here, with "I Found A Million Dollar Baby" and "Arms & Legs Polka" in the offing for music operators. Top deck is a nostalgic rendition of a great oldie that has long won favor with music fans. This rendition should do more than hold its own in the juke boxes. On the other end, the gang switch to the metro of a polka, and turn in a very effective musical performance. Both sides are there for the asking—music ops take note.

"My Baby Missed The Train" (2:53)
"Slider" (2:48)

RAY ANTHONY ORCH.
(Capitol 57-721)

The band with that new sound, echoing with a ton of top drawer fare for music ops to latch onto, comes up with a sure-fire click. It's Ray Anthony and his gang, knocking out a winner in "My Baby Missed The Train." Essentially a choo-choo story, the instrumental flavor of this platter rides out to make for some excellent listening. Vocal refrain by the Skyliners in subdued tones is grade A from start to finish. It's a melody that makes you wanna play this thing time and again. On the other end with "Slider," the Anthony ork continue to keep the wax hot with another great side that should score heavily. It's a straight instrumental tune that seems a cinch to clinch with music fans. Don't miss this platter!

"Miami Beach Rhumba" (3:13)

"Cansion Del Mar" (3:05)
CARMEN CAVALLARO ORCH.
(Decca 24706)

Pair of sides by the Carmen Cavallaro ork, and the set-up of "Miami Beach Rhumba" and "Cansion Del Mar" in the offing for music operators. Top deck is a widely known piece that has long won the acclaim of music fans throughout the nation. This rendition is one of the best around and should add to the popularity of the tune. The flip has the maestro tinkling the ivories behind a plush background of strings on a semi-classical piece. This side should do well in wired music locations. Ops who have a call for this brand might listen in.

"You're Different" (2:47)

"Let Me Grow Old With You" (3:11)
LES BROWN ORCH.
(Columbia 38574)

Orkster Les Brown kicks off another pair that should satisfy his many listeners. Balladeer Ray Kellogg and a vocal choir handle the lyrics on the coupling, with the top deck, "You're Different," getting the nod. Ditty is a slow, infectious ballad, offered in smart hush-hush manner throughout. It has that comely taint about it that spells the difference between hit and mediocrity. The band really shows its stuff on the other end as they offer a very dramatic musical presentation in "Let Me Grow Old With You." Tempo is slow, with the vocal expression purred by Ray in soft tones that satisfy. We like both sides, with a slight edge going to "You're Different."

DISK OF THE WEEK

"Let Her Go, Let Her Go, Let Her Go" (3:15)

"The Wedding of Lilli Marlene" (3:09)

FRANK SINATRA
(Columbia 38555)

FRANK SINATRA

Hot on the heels of the sensational success he scored with "The Huckle-Buck", Frank Sinatra comes up with another waxing that looms to cop an avalanche of silver in the juke boxes. Both

sides of this biscuit show up as grade A phono fare that should wear white in the boxes. Top deck, titled "Let Her Go, Let Her Go, Let Her Go" has Frankie wailing smoothly throughout, while the Hugo Winterhalter ork make mellow music in the background. Ditty has a lilt to it and is extremely easy listening. It's one of Frankie's best in many a moon, and should have his large clan of fans howling loud and long for more. The coupling, "The Wedding Of Lilli Marlene", with Maurice Stoloff on the bandstand is another excellent recording. Song is a slow romantic ode that is currently climbing in popularity. This rendition by Frankie definitely is one of the best around. Music ops can safely climb on the bandwagon—especially so with the top deck.

"Some Day" (2:40)

"When You Wore A Tulip" (2:50)
PHILADELPHIA STRING BAND
(Tempo 658)

A string band arrangement of "Some Day" and "When You Wore A Tulip," as offered by the Philadelphia String Band turns up as a potential coin winner. Top deck is a hot phono item—this rendition, altho corny, might catch on and go, especially so with the tavern set. The flip shows as a fairly good version of an old standard. Chorus vocal work on the pair is there for the asking. Music ops who have requests for this variety might take a look-see in this direction.

"Pretty Girl" (2:48)

"The Last Mile Home" (2:23)
MILT HERTH TRIO
(Coral 60096)

The Milt Herth Trio cut some fair wax with this rendition of "Pretty Girl" and "The Last Mile Home." Top deck is a waltz, adequately handled by the group. Organ work by the maestro makes for fairly pleasant listening time. The flip is a current pop item that might catch on and go. Ditty is in the sentiment vein, and is offered effectively. Music ops in the market for filler material might listen in.

"A-Tisket A-Tasket" (2:36)

"Undecided" (3:15)
ELLA FITZGERALD—CHICK WEBB ORCH.
(Decca 25434)

Music ops, young and old alike, can't possibly mistake this item! One of the best bits of wax ever is reissued with thrush Ella Fitzgerald and the late Chick Webb displaying mellow music in "A-Tisket A-Tasket" and "Undecided." The platter has been one of the most sought after biscuits for ever so long. Ella's great chirping on both sides of this disk is nothing less than sensational. Music ops who have the locations that want to listen to great jazz oughta climb on the bandwagon with this one—but pronto.

"My Bolero" (3:02)

"All's Well That Ends Well" (2:55)
REGGIE GOFF
(London 491)

The deep vocal effort of Reggie Goff is displayed in excellent manner on this up and coming ditty tagged "My Bolero." Vaguely reminiscent of "Poinciana," the song definitely bears the trademark of a potential winner. Reggie's vocal on the side is rich throughout, as is the glowing orchestral and choir work in the background. The other end is a smooth, romantic ballad with the lyrics weaving their way about the title. Top side is the one to watch.

"Hop Scotch Polka" (2:51)

"I Knew From The Start" (2:46)
BILL GALE ORCH.
(Columbia 12419)

The Bill Gale ork offer their rendition of "Hop Scotch Polka," with the music echoing fairly nice throughout this waxing. Vocal refrain on the side by Gwen Davies & The Highlanders is effective enough. Taint of a Scotch brogue in Gwen's vocal adds luster and polish to the platter, while the band makes merry in the background. The flip is a better than average waltz tune which can be used to excellent advantage. Music ops who have the locations should listen in.

"Hop Scotch Polka" (2:39)

"The Story Of Annie Laurie" (2:50)
ELLA LOGAN
(Bluebird 30-0003)

Some wax by thrush Ella Logan, patterned in a Scotch brogue as only Ella can do it, and the set-up of "Hop Scotch Polka" and "The Story Of Annie Laurie." Top deck should be quite familiar to music ops at this stage since it is rapidly rising to a top spot on music fans' popularity lists. This version, with Ella purring the lyrics in light, attractive style, should certainly boom juke box play. The flip is a dainty wax story which Ella handles in capable fashion. Both sides should do well with the tavern set.

"The Wedding of Lilli Marlene"
(2:58)

"It All Depends On You" (2:50)
RALPH FLANAGAN ORCH.
(Bluebird 30-0002)

Fresh wax on the Bluebird label shows heavy promise of becoming a top notch juke box item. Orkster Ralph Flanagan is in the driver's seat, with piper Harry Prime on tap for the vocal refrain on "The Wedding Of Lilli Marlene" and "It All Depends On You." Top deck is a smartly styled, romantic ode, with Harry pitching smoothly throughout. The band refrain is excellent, and sounds quite like the old Glenn Miller ork. "It All Depends On You" is a cute rhythm tune handled in fashionable manner by Prime and the Flanagan ork. Both sides bear music operators' close attention—and more.

"The Rest Will Depend On You"
(2:56)

"Beneath The Tropic Moon" (2:57)
SAL VASTA ORCH.—DON DENNIS
(Gold Medal 954)

Pair of sides that might prove to be fairly hot phono items are these rendered by the Sal Vasta ork and piper Don Dennis. Top deck is the side to watch. It's a strong ballad that makes for excellent listening. Don's vocal work on the tune is superb, as is the orchestral background. Tempo is slow and styled to fit the mood of the moon-in-June kids. On the other end with "Beneath The Tropic Moon," Don switches to a strong romantic lilt, with a Latin beat in the background. Ditty is a fair one and should hold its own. Top deck rates ops' avid listening attention.

"If I Ever Love Again" (3:00)

"Every Man Should Marry" (3:04)
FRANK SINATRA
(Columbia 38572)

Frank Sinatra comes up with a pair of bright ones in this waxing of "If I Ever Love Again" and "Every Man Should Marry." It's the top deck we're ga-ga about. The tune is patterned after Frankie's "I'll Never Love Again," made years ago with the Tommy Dorsey ork. Set in ultra slow tempo, Frankie and a vocal team tabbed the Double Daters team up to spoon the inviting lyrics of this tempting tune. Ork backing by maestro Hugo Winterhalter is superb throughout. The coupling, with Morris Stoloff twirling the baton, is another slow, romantic affair that should hold its own. Wordage of the song is effective and rolls around the title. "If I Ever Love Again" is a juke box winner—get with it!

"Circus" (3:01)

"Song Of Surrender" (2:56)
DICK HAYMES
(Decca 24700)

Balladeer Dick Haymes into the spotlight, spooning the melodic refrain of "Circus" and "Song Of Surrender." Top deck is currently climbing in popularity. Dick's vocal work on the side, in addition to the Jeffry Alexander Chorus and the music of the Victor Young ork, makes for excellent musical fare that should satisfy the multitude of Dick's fans. The flip is the title tune from the Paramount flicker of the same name, and as such, should receive some heavy bally. Ditty is a plush arrangement of a better than average ballad, with the piper holding down a well deserved bit of limelight. Ops should spin this platter.

Record Reviews

"Katrina" (2:42)

"My Street" (3:01)

ART LUND
(MGM 10508)

● Long missing from the phono spotlight, balladeer Art Lund comes up with a ditty that very well may re-establish his coin-culling power. It's "Katrina," from the new Disney film "Ichabod & Mr. Toad" that Art handles in top notch manner. Ditty is a light, lilting girl tune that makes for wonderful listening pleasure. The tune has to be heard in order to be fully appreciated—and that is just what we recommend. The flip, "My Street," is a dreamy, romantic bit aimed at the lovey-dovey set. We go for "Katrina"—we're sure you will too.

"Dime A Dozen" (2:56)

"Everything They Said Came True" (2:50)

SAMMY KAYE ORCH.
(RCA Victor 20-3532)

● Ditty kicking up a storm in many locations is this tasty dish of music served up by maestro Sammy Kaye. With the Kaydets to render "Dime A Dozen," the platter proves to be a side that has loads of promise of scoring as a juke box winner. Novel use of a steel guitar on the side makes the recording all the more attractive. The flip is styled in the well-known and widely popular Sammy Kaye manner and features the vocal group once again. It's a tempting ditty that could very well catch on. Both sides should satisfy the many Sammy Kaye fans.

"Land Of Love" (3:01)

"Yes, Sir, That's My Baby" (2:56)

KING COLE
(Capitol 57-716)

● Latest waxing by Nat "King" Cole turns out to be a platter that should make music fans sit up and take notice. Coupling "Land Of Love" and "Yes Sir, That's My Baby," Nat proves his potent coin-culling ability by coming thru with a pair of hot juke box tunes. Top deck is patterned after Nat's "Nature Boy" epic. It's a plaintive melody that makes you wanna listen all the more. Vocal work is excellent, as is a superb bit of musical assistance rendered by maestro Pete Rugolo. The flip is the oldie which Nat and the trio give new life to. Tempo is light and merry and very easy on the ears. Both sides will nab some heavy play.

"That Lucky Old Sun" (3:19)

"Make Believe" (2:45)

SARAH VAUGHAN
(Columbia 38559)

● Fresh wax by Sarah Vaughan, and her rendition of "That Lucky Old Sun" and "Make Believe." While the top deck receives a wonderful orchestral push, Sarah's vocal on the side just doesn't quite sound as rich as many of her former waxings. Nevertheless, the platter is one that will definitely meet with better than average approval, especially so from many of Sarah's fans. The flip is a smooth, slow, sentimental tune that shows Sarah's wonderful vocal style to excellent light. Maestro Joe Lipman rates an extra special round of applause for the exciting musical backdrop on both sides.

SLEEPER OF THE WEEK

"You're In Love With Someone" (2:37)

"Top O' The Morning" (2:48)

BING CROSBY
(Decca 24709)

BING CROSBY

● Crooner Crosby pops up with a pair of fresh tunes that seem certain of nabbing a whale of juke box coin. Both songs are from Bing's new Paramount film "Top O' The Morning" and as such should

attract heavy attention. It's the top deck we're wild about. Titled "You're In Love With Someone," Bing displays a world of tuneful vocal allure about this slow, tempting ballad. Vocal backdrop provided by the Jeffrey Alexander chorus adds luster and polish to an already glowing bit of music. The song is a smooth affair that makes for wonderful listening pleasure. Bing's vocal refrain is first rate throughout the platter. On the other end with the title tune from flicker, Bing adds a touch of the Irish to this cute ditty. Tempo is light and refreshing, as is the excellent musical fare under the direction of maestro Victor Young. Ops should get with this platter—especially "You're In Love With Someone."

"There's A Bluebird On Your Window Sill" (2:42)

"Be Goody, Good, Good To Me" (2:30)

JOHNNY BOND ORCH.
(MGM 10510)

● Fair enough sides that might be used by music ops as filler items are these offered by the Johnny Bond ork. Chirp Rosemary Calvin handles the vocal work on the pair and turns in an effective performance. Both sides have been around some, and are styled in light, mellow manner. Better of the pair is the flip, with a pleasing shuffle tempo that might catch on. Music ops should take note.

"A Man Could Be A Wonderful Thing" (3:16)

"Good For Nothin' Lover" (3:07)

JULIE WILSON
(Columbia 38578)

● Pair of sides by chirp Julie Wilson that may be used as filler items are these songs tagged "A Man Could Be A Wonderful Thing" and "Good For Nothin' Lover." Top deck is a tune that was around some time ago. This rendition is nothing more than a bit of special material, rendered in torchy vocal manner by Julie. The flip keeps in the same vein, with the lyrics beating a patch around the title of the tune. Wax won't stop traffic.

"That's My Weakness Now" (2:50)

"Button Up Your Overcoat" (2:52)

BENNY STRONG ORCH.
(Capitol 57-718)

● Music in the sweet vein by the Benny Strong ork, and the set-up of a pair of oldies in "That's My Weakness Now" and "Button Up Your Overcoat." Benny handles the vocal refrain on both sides and turns in an effective performance, while the band plays gently and sweetly in the background. Arrangement of the tunes makes for fairly pleasant listening time. Wax should receive its fair share of juke box coin—especially so in those wired music locations.

"Mexican Hot Foot" (2:44)

"Lingering Down The Lane" (2:48)

IRVING FIELDS' TRIO
(RCA Victor 20-3539)

● Pair of light, pleasing sides by the Irving Fields' Trio and the refrain of "Mexican Hot Foot" and "Lingering Down The Lane" are headed ops' way. Top deck is an easy-going instrumental ditty, with the maestro tickling the ivories in top notch manner. Flip has an effective vocal on it, altho the instrumental work shines quite brightly. The platter should earn its fair share of buffalo hide.

"Katrina" (2:36)

"Ichabod Crane" (2:40)

LAWRENCE WELK ORCH.
(Mercury 5317)

● Some wax from the new Walt Disney film titled "Ichabod & Mr. Toad," with maestro Lawrence Welk serving up "Katrina" and "Ichabod Crane" for music operators' pleasure. "Tex" Cromer handles the vocal work of the top deck in fair manner. Tune is a light, playful girl song that might be headed for a top spot on the nation's music machines. The flip is a cute novelty song, with piper Dick Hill purring the lilting lyrics. "Katrina" is the side music ops should keep their eyes peeled for.

"If Love Is Trouble" (2:59)

"Body And Soul" (2:56)

BILLY ECKSTINE
(MGM 10501)

● Billy Eckstine seems quite certain of remaining in the spotlight, especially so via this latest coupling. The pop ballad is a side that will draw loads of jitney. Billy's easy-going, relaxed vocal manner makes for excellent musical fare. His rendition of the standard "Body & Soul" is offered replete with loads of vocal quivers that show off his versatile vocal manner to perfection. The coin-culling power of Eckstine will continue heavily, with "If Love Is Trouble" leading the way on this biscuit.

"Ya Gotta Buy, Buy, Buy For Baby" (2:48)

"Break It To Me Gently" (2:43)

KAY STARR
(Capitol 57-718)

● The kid with the bell in her pipes, chirp Kay Starr, comes up with some great wax in this duo titled "Ya Gotta Buy, Buy, Buy For Baby" and "Break It To Me Gently." Kay's vocal work on songs of this sort is hard to beat. The gal's jazz intonation is easily some of the best we've ever had the pleasure of hearing. Top deck is a mellow up-tempo ditty, with Kay spicing a world of wonderful lyrics. Flip slows down to a blues ballad, with the lass turning in another excellent performance. The guys and gals who go for this brand won't hesitate a second.

"A Breathless Promise" (2:48)

"Lingering Down The Lane" (2:45)

RICHARD HAYES
(Mercury 5318)

● Balladeer Richard Hayes steps into the vocal limelight via this new, stirring ballad titled "A Breathless Promise." Dick's big voice is extremely pleasant, and resounds with mucho feeling on this side. The tune is an excellent sentimental item that should satisfy the kids who love to dance up close. Wonderful musical background under the direction of Mitch Miller rates an extra salute. The coupling shows Dick's versatile vocal style in effective manner as he offers "Lingering Down The Lane," a light, easy-going ditty that is currently causing wide talk. Top deck is the better of the pair.

"If You Ever Fall In Love Again" (2:59)

"Jealous Heart" (2:47)

BILL LAWRENCE
(RCA Victor 20-3539)

● The vocal allure of piper Bill Lawrence is displayed in effective fashion on this latest pairing. Top deck has Bill purring a plaintive cupiditty that should hold its own on the boxes. Bill's vocal work is warm and sincere throughout the waxing. Song has a whale of winning potential and rates ops' listening time. The flip has Bill offering his rendition of a current hot musical item. This version is by far one of the best around and should increase the popularity of the song immensely.

"That Lucky Old Sun" (3:04)

"Make Believe" (2:54)

VAUGHN MONROE ORCH.
(RCA Victor 20-3531)

● Maestro Vaughn Monroe should continue his streak of hot wax via this recording of "That Lucky Old Sun" and "Make Believe." Music ops should be well acquainted with the fervor created by the top tune. Vaughn's rendition, with the Moon Men offering a vocal backdrop, is a very effective one, and should receive some lively coin play. The flip is a smoothly styled piece of music that might prove to be a sleeper. Vocal work by the maestro and a chorus is tops on the side. Platter rates a spot in ops' machines.

"Every time you said, 'Take Five,' they went thru your pockets." Stinson Records enter the long-play field this week, with their announcement of four Burl Ives recordings. Wax is available on 33 rpm . . . the heat had been laying New Yorkers low these weeks, but one of its silliest gremlins got loose in RCA Victor's studios during a recent Sammy Kaye recording session. After about a dozen takes at waxing a hit tune, the boys were finally beating heat back and were well into the fatal thirteenth stab. Suddenly the sax man stood up for a solo and his ankle cracked. The ankle survived, but not the record—the snap sounded like a pistol report on the delicate master. Chalk up another one for the weather bureau.

LOUIS PRIMA

LOS ANGELES :

With some folks concentrating strictly on the blues when it comes to the record business, it's refreshing to see several enterprising young men cast their destinies and loot into a new label that looks to us like it could pay off, and before long . . . Label is "Holiday" and its sole owners, backers, brains, talent and muscle are several artists and songwriters of our acquaintance who have asked us to hold off on quoting their monickers in the public prints for the time being, for reasons best known to themselves . . . Their first release, just coming off the presses and probably to be handled by Mercury Distribs here and elsewhere, is "Mr. Sears and Roebuck," the Ray Gilbert-Al Gannaway-Bill Oakie tune tying in neatly with the release of the Robert Lippert film, "Square Dance Jubilee" . . . Don Barry and Dana Gibson, who sing it in the picture, also provide a fine vocal on the record, with excellent musical backing from The Black-Smith Trio . . . Same music combo on the other side, "The Big Go By," Stuart Music's No. 1 plug penned by Hal Levy and Dana Gibson and featuring the very pleasing voice of Larry Neal . . . For a fine femme voice and all the

KING COLE TRIO

charm that goes with it, we recommend Ronnie Gibson, now at the Ambassador Hotel Casino Room, to some disc exec. . . Now that Dick Contino has brought the accordion to a new popular acceptability on wax, Tempo comes up with a very interesting combination of Italy's reputed two greatest accordionists, Wolmer Beltrami on "Slightly Frantic" and Francisco Ferreri on "Harem Serenade," both on the same record, the gimmick being a "Battle of the Accordions" . . . You pick the winner . . . Tempo has also signed up clever pianist Mel Henke, now drawing the supper crowd to Victor's in Hollywood and formerly doing more of the same at Chicago's College Inn . . . Cap Records folk jus' going wild about King Cole's "Land of Love."

RCA VICTOR OPENS ALL OUT 45 RPM CAMPAIGN

New Player Available At \$12.95

CAMDEN, N. J.—RCA Victor announced that its completely automatic 45-rpm record-playing attachment will be offered to the public, effective September 20, with a new price tag of only \$12.95, making it the lowest-priced automatic record playing instrument ever put on the market.

The repricing of the 45-rpm instrument, originally listed at \$24.95, is the heart of an all-out advertising, promotion, and sales drive designed to speed the mass distribution of 45-rpm instruments and spur the sales of the new 45-rpm records. The campaign opens September 20 and will continue through the Christmas buying season, it was revealed by J. B. Elliott, Vice President in Charge of RCA Victor Consumer Products.

Following the pattern of the campaign which introduced the 45-rpm system last March, RCA Victor will make use of flying squads of top company executives and special distributor-dealer meetings to completely familiarize its distributor-dealer organization with the details of the promotion.

"We are completely aware of our responsibilities to our dealers in connection with the repricing of the automatic record playing attachment," Mr. Elliott said. "An arrangement has been made which will adjust the cost of dealers' inventories of these instruments. Details of this arrangement will be disclosed to dealers by their distributors at the forthcoming meetings."

This 45-rpm campaign will have a profound and profitable effect on the entire record and phonograph industry, Mr. Elliott predicted. "It represents the most inviting offer ever made to the music buying public," he said—"the finest music reproduction system ever developed, available at a mere token price. The fruits of ten years of laboratory development can now be enjoyed by everyone. They include distortion-free music, instrument and record of complementary design, noise-free reproduction, non-breakable records, each in a translucent color, identified with its musical classification, for easy grouping and selection, wafer-thin records of a single small size for all classifications to eliminate home record storage problems. Never, in the entire history of recorded music, have so many advantages been offered at so attractive a price."

Indicating the magnitude of the campaign and confirming RCA Victor's repeated statement of faith in the future of the 45-rpm system as the industry standard, the intensive advertising and promotion schedule disclosed by the company will employ newspapers, magazines, radio, television, and point-of-sale display material to tell the 45-rpm story.

Planned to gain the advantages of initial impact and to coincide with the opening of the fall buying season, the various phases of the campaign will break simultaneously on September 20.

"That Lucky Old Sun" (2:50)

"If My Dream Would Come True" (2:48)

HERB LANCE
(Sittin' In 524)

HERB LANCE

● There shouldn't be any doubt at all about this one. Sure to reap harvest for music operators throughout the nation, and likewise result in the beaming of a na-

tional spotlight on balladeer Herb Lance, is this rendition of "That Lucky Old Sun." Herb isn't a crooner—he sings right down deep from the heart on this one. His rich, sincere vocal effort on this rapidly rising song hit is nothing less than sensational. The magnificent depth and feeling displayed by Herb is sure to result in this platter becoming a big winner. On the other end with "If My Dream Would Come True", Herb once again comes thru for music operators, with an equally great diskings. Tempo is slow, while the comely lyrics, patterned in the romantic vein make for excellent musical fare. Music ops shouldn't miss this diskings by any means. The wax will wear white!

"When You Love" (2:51)

"Crying Blues" (2:47)

CLIFF BUTLER
(King 4311)

● Some great wax in the offing for music ops is this diskings by piper Cliff Butler. Top deck is a soft, hush-hush ballad, purred by Cliff in smooth tones that ring true. Music is toned down enough to make you wanna listen time and again. The flip has Cliff coming back with a bit of ballad blues that should do well in the boxes. We like the top deck, "When You Love."

"You Satisfy" (2:53)

"Blues For My Baby" (2:39)

BILLY WRIGHT
(Savoy 710)

● Piper Billy Wright on deck with some mellow blues, and the metro of "You Satisfy" and "Blues For My Baby" seeping thru the wax. Both sides of this platter are rendered in slow, tempting tones that satisfy. It's smooth blues, the kind you just wanna sit and relax with. Billy's pipes pitch effectively throughout the platter. Ops should get with this biscuit.

"Don't Blame Me" (2:49)

"Yesterday" (2:57)

FOUR SHADES OF RHYTHM
(Swingmaster 33)

● Pair of fair sides which music ops can use to fair advantage are these by the Four Shades Of Rhythm titled "Don't Blame Me" and "Yesterday." Top deck is a novel rendition of this old standard. Vocal work is effective, as is the light instrumental patter in the background. The coupling switches to a slow, dreamy ballad, which the vocal combo handles in smooth style. Ops who have the room on their machines might listen in.

"Landslide" (2:47)

"A Tenor Plays The Blues" (2:47)

VON STREETER & HIS WIG POPPERS
(Coral 65015)

● Ya' ain't heerd nothin' yet, 'till you've heard this side tagged "Landslide." Mustering more drive rhythm than we've heard in a long while, Von Streeter and his Wig Poppers come up with a side that's gonna have the jump fans going wild. Up tempo isn't the word for this—it's some of the wildest and wooliest ever. Sax work is featured throughout, and is offered in top notch style. The flip is just what the title says. Put your money on "Landslide."

"As I Love You" (3:02)

"Lovely In Her Evening Gown" (3:00)

BUDDY JOHNSON ORCH.
(Decca 24716)

● The wide following of Buddy Johnson and his gang should result in some heavy coin play for this duo. The top deck, with chirp Ella Johnson wailing the vocal expression is a strong, teeming blues ballad that makes for mellow listening pleasure. Ella's pipes make you wanna listen on the side. Arthur Prysock takes over on the flip and turns in a very effective performance on another plush ballad. We like the top deck.

"Let The Power Of The Holy Ghost Fall On Me" (2:12)

"I Can Put My Trust In Jesus" (3:08)

MAHALIA JACKSON
(Apollo 213)

● Wherever you can place a gospel disk place Mahalia Jackson's latest platter and there's no doubt that either side will please tremendously. The gorgeous voice of this gospel singing thrush is absolutely thrilling. It's one of the most outstanding of all the gospel platters produced in a long, long time. Latch on.

INTEREST IN MOA CONVENTION SOARS AS RECORD COMPANY EXECS FORMULATE PLANS FOR PLATTER FORUMS WITH OPS

Diskery & Needle Firm Officials To Be In Attendance At MOA Meet In Chicago Nov. 7, 8, 9. Suggestion And Proposals To Be Received From Music Operators At Planned Panel Discussions

15 MAN EXECUTIVE COMMITTEE TO MEET SEPT. 12, 13 TO ARRIVE AT PROGRAM FOR CONVENTION.

NEW YORK — Trade executives from recording and needle manufacturing firms throughout the nation this past week were learned to be formulating plans for joint panel meeting and discussion sessions at the forthcoming Music Operators of America Convention in Chicago, November 7, 8, 9.

Long suggested by several members of the industry, the planned meetings will give both the music operator and the record company an opportunity to get together and discuss their mutual problems, for their mutual benefit.

It was learned that suggestions and proposals for arriving at a most beneficial mode of operation with regard to recordings, would be received from music operators at these planned panel discussions. Several executives of the major recording companies have even gone one step further by suggesting that regular scheduled clinics be arranged thru the firm's distributor organization to promote the sales of recordings and at the same time take up any matter of importance the music operator may have. Thru the means of a clinic it was pointed out, the music operator will have direct contact with the record manufacturer, and therefore both the point of purchase individuals will be available for discussion.

A statement from George A. Miller, national chairman of the Music Operators of America said, "First and most important of all will be the opportunity for the operator to discuss the real economical problems that face the music operator as of today. Executives of the phonograph manufacturing companies will be invited to attend our meetings for one entire day to work out such problems to the advantage of all concerned. Further, representatives from record companies will be present to receive suggestions and proposals by the music operators; and last, but not least, representatives from the leading needle manufacturing companies will be on hand."

"The fifteen-man executive committee, which represents as many states, will meet in Chicago September 12 and 13 for the purpose of arriving at a program that will be most valuable and interesting to every music operator in the nation from a mercenary standpoint. This meeting is considered so important that members of the executive committee are going to Chicago from all parts of the nation at their own expense to arrange the most important program that has ever been presented to the music operators at any time during the existence of the automatic phonograph business. There will be no time for play during this three-day convention because matters of such importance will take up the entire three-day period."

"Secondly, a sound program will be arranged to eliminate the present federal tax of \$10 per phonograph which has worked a hardship on the music operators due to the fact that it has set a precedent for every city and county in the nation to shoot at. Also, the excise tax which was supposed to have been a war-time measure and has never been removed should be eliminated at the earliest possible date. We talked about these particular matters at the last convention but very little has been done about them."

"We solicit all suggestions and constructive criticisms from the manufacturers, jobbers and operators so that the MOA convention will be a huge success and something that all parties concerned will be proud and satisfied with. What we really would like to know is just exactly what the manufacturers and operators want at this convention. The executive committee is arranging a large constructive program."

Benny Goodman & Martha Tilton Do "The Huckle-Buck" At Recent Fun Fest

NEW YORK—Maestro Benny Goodman and chirp Martha Tilton took time out recently and really let go with their version of "The Huckle-Buck", the dance craze that resulted in one of the nation's top song hits. Benny and Martha seem to be having quite a wonderful time too. Pictured in the background is Benny's record promotion chief Bob Brenner.

RCA Victor Launches Nationwide Promotion On Three Popular Disk Hits

NEW YORK—RCA Victor has launched a nationwide distributor-dealer promotion on three outstanding new popular discs, Spike Jones' "Dance of the Hours", Perry Como's "Give Me Your Hand" and Vaughn Monroe's "Someday". Each record will be given equal emphasis in a large-scale exploitation program utilizing trade paper, disc jockey and RCA Victor promotion media, supported by special publicity, stunts and contests. The national campaign will be augmented by local distributor tie-ins and point-of-scale promotions.

A national distributors and dealers contest to estimate which of the three discs will sell the most copies by November 30 has lent strong impetus to the promotion, according to D. J. Finn, Advertising Manager for the RCA Victor Record Department. Distributor record sales managers as well as dealer sales personnel can indicate their choice for the "biggest of the big three on self-addressed postcards supplied by RCA Victor, with dealer personnel also having to guess an estimate of their choice's total retail sales by November 30 to qualify in the contest.

The winning distributor record sales manager will receive a personalized gift from the artist he has chosen

as the best seller. Three winning dealer salesmen will each receive a radio-phonograph combination and \$50 in RCA Victor records. Awards will be announced in mid-December, says Finn.

A special contest with three hundred disc jockeys will spearhead promotion on "Give Me Your Hand." The participating jockeys have asked their listeners to write a letter telling of their "most unusual marriage proposal" for the grand prize of a \$1,000 Feature Locke Diamond ring, with additional jewelry for local prizes to the best letters. A display piece has been prepared by the Locke Company for 34,000 retail jewelry outlets, promoting the contest throughout the country.

A shipment of two special transcriptions to two thousand disc jockeys, in addition to regular shipments of the three records to 850 key jockeys has added comprehensive air coverage to the promotion. The transcriptions are "Vaughn Monroe's Own Story Set to Music", backed with a recording of "Someday" on a 12 inch record, and Spike Jones describing the "City Slicker" musical instruments on a 10-inch disc, backed by "Dance of the Hours". Perry Como's "Give Me Your Hand" also was sent to the 2,000 additional jockeys with a white label pressing supplied each distributor as an advance for special jockey promotion in his territory.

"Folk" and "Western" Record Reviews

"Lost Highway" (2:58)
"You're Gonna Change" (2:59)

HANK WILLIAMS
(MGM 10506)

HANK WILLIAMS

● Currently riding hotter than ever before, Hank Williams seems intent on keeping his string of recorded successes intact by coming up with another brilliant pair of sides in this diskings of "Lost

Highway" and "You're Gonna Change." Hank's sensational following and undoubtedly a flock of new fans, are sure to take to this platter. The top deck is a smartly flavored song which Hank handles superbly throughout. It's a tune with a story, and is one that makes for top notch listening pleasure. The flip has Hank in equally excellent voice, and adequately shows his winning and potent coin-culling ability. Lyrics of the song weave about the title, and are sure to meet with tremendous approval on the part of music operators and fans alike. Both sides of this recording appear to be headed for peak phono play—music ops should get with 'em—but pronto!

"New Song Of The Islands" (2:37)
"Ua Like No Alike" (2:40)

EDDIE MARTIN
(King 807)

● Some wax styled in the Hawaiian vein with the Eddie Martin gang to serve up "New Song Of The Islands" and "Ua Like No Alike". Both sides make for fairly pleasant listening pleasure and should earn their fair share of juke box coin. Vocal work on the sides are effective, as is the instrumental background. Ops who have the locations might listen in.

"Molly & Tenbrooks" (2:42)
"I'm Going Back To Old Kentucky" (2:54)

BILL MONROE
(Columbia 20612)

● Bill Monroe and his Blue Grass Boys come up with some nice music, especially so in the top deck, "Molly & Tenbrooks." Ditty is offered with loads of spice, and make for excellent listening. It's a wax story that should meet with wide approval. The flip is just what the title says, an ode to Kentucky, with Bill Monroe and Lester Flatt handling the vocal work. Ops should listen in.

"Reaching For The Moon" (2:43)
"Two Hearts Are Better Than One" (2:41)

ELTON BRITT & THE SKYTOPPERS
(RCA Victor 22-0092)

● Music ops in the market for a better than average bit of folk wax are sure to find it in this diskings by Elton Britt and The Skytoppers. Titled "Reaching For The Moon" and "Two Hearts Are Better Than One", the gang display their great vocal and instrumental flavor throughout the platter. Top deck is a slow romantic lilt, while the flip picks up in tempo some, and the lyrics beat a path about the title. The wax rates a spot on music ops machines.

"Save The Next Waltz For Me" (2:46)

"Dust On My Telephone" (2:56)

JIM BOYD
(RCA Victor 22-0094)

● Jim Boyd steps into the vocal spotlight with his latest pair titled "Save The Next Waltz For Me" and "Dust On My Telephone", and comes up with some very effective wax for the juke box trade. Top deck rolls along in slow, waltz tempo, while Jim spoons the lamenting lyrics of the tune. The flip picks up a bit and has Jim offering a bit of traditional music. Jim's many fans should go for this duo.

"Room Full Of Roses" (2:47)
"Weddin' Day" (2:51)

CASS COUNTY BOYS
(Decca 46174)

● The Cass County Boys offer their rendition of a pair of tunes that are current winners, and adequately prove their versatile vocal style on "Room Full Of Roses" and "Weddin' Day." Vocal harmony displayed on this duo is effective as it stands, with some pleasant instrumental backing round out the wax. The platter won't create havoc in the boxes—it will hold its own though.

"Oceans Of Love" (2:53)
"Waltz With Me" (2:44)

COWBOY COPAS
(King 802)

● Pair of sides that should prove to be hot juke box items are these offered by Cowboy Copas. Top deck titled "Oceans Of Love" has Copas wailing a slow romantic theme that makes for nice listening. Guitar and fiddle work in the background adds to the winning incentive found here. The flip is a slow waltz tune that has heavy potentiality of becoming a hot winner. Wax has to be heard in order to be fully appreciated—that's just what we recommend.

Chicago Disk Jockeys Join In Heavy Promotion On New Al Jolson Pic

CHICAGO, ILL.—Chicago's disk jockeys got together for this one, part of the tremendous campaign currently being waged about the new Al Jolson film, "Jolson Sings Again." Caught holding the Decca package of records from the sound-track of the picture are, left to right: Marty Hogan, WJJD; Claude Kerschner, WIND; Bill Evans, WGN; Mal Bellairs, WCFL; Myron Barg, WMOR; Dick "Two Ton" Baker, WGN featured entertainer; Rosemary Wayne, WJJD; Linn Burton, WIND; John McCormack, WBBM; and Eddie and Fannie Cavanaugh, WAIT. Seated at the piano is Jolson, and Harry Akst, piano accompanist for Jolie. All indications point to a huge success for the sale of platters from the film.

Decca Signs Josephine Premice—Jerry & Sky

NEW YORK—David Kapp, vice-president of Decca Records, Inc., announces the signing of calypso-singer Josephine Premice and the country singing team of Jerry and Sky to exclusive Decca recording contracts.

Josephine Premice, a native Haitian arrived in this country at the age of 10, later graduating from Columbia University and then taught anthropology at Cornell before taking up singing as a profession. Currently appearing in Montreal, Canada, she will soon sail for Paris for a two month stand at Club Le Florence. She has cut several exciting sides for Decca, scheduled for early release.

Jerry and Sky, country singing team, have their own weekly coast-to-coast radio show over Mutual Broadcasting System. The program emanates from the Albany (N. Y.) outlet WROW. Inseparable buddies since their boyhood days in Knoxville, Tenn., Jerry and Sky have just waxed a number of original songs featuring a unique style of singing and playing.

Godfrey Disk Looms As Promising Hit

NEW YORK—Big Chief Arthur Godfrey came back from his summer vacation to find his record of "Heap Big Smoke But No Fire" the third best seller for Columbia Records. Written by Buddy Kaye and Dick Manning for Godfrey in time to beat the record ban, "Heap Big Smoke," recently released, looms as the heap-biggest novelty for Godfrey since his "Too Fat Polka." Orders for sheet music copies have reached as high as one thousand in a day for publisher Bobby Mellin, presently working on "You're Breaking My Heart." This, incidentally, makes it two in a row for lyricist Buddy Kaye, co-writer of "A-You're Adorable."

Why Every Music Operator In America Should Plan To Be In Attendance At The Music Operators Of America's Convention November 7, 8 and 9

By **GEORGE A. MILLER**, National Chairman, **MUSIC OPERATORS OF AMERICA**

First and most important of all will be the opportunity for the operator to discuss the real economic problems that face the music operator as of today. Executives of the phonograph manufacturing companies will be invited to attend our meetings for one entire day to work out such problems to the advantage of all concerned. Further, representatives from record companies will be present to receive suggestions and proposals by the music operators; and last, but not least, representatives from the leading needle manufacturing companies will be on hand.

The fifteen-man executive committee, which represents as many states, will meet in Chicago September 12 and 13 for the purpose of arriving at a program that will be most valuable and interesting to every music operator in the nation from a mercenary standpoint. This meeting is considered so important that members of the executive committee are going to Chicago from all parts of the nation at their own expense to arrange the most important program that has ever been presented to the music operators at any time during the existence of the automatic phonograph business. There will be no time for play during this three-day convention because matters of such importance will take up the entire three-day period.

Secondly, a sound program will be arranged to eliminate the present federal tax of \$10 per phonograph which has worked a hardship on the music operators due to the fact that it has set a precedent for every city and county in the nation to shoot at. Also, the excise tax which was supposed to have been a war-time measure and has never been removed should be eliminated at the earliest possible date. We talked about these particular matters at the last convention but very little has been done about them.

Our legal counsel and committees will be instructed as to what procedure to take immediately after the coming convention and all music operators in the nation, whether they be members of Music Operators of America or not, will have a voice in these matters.

There shall also be much discussion regarding the full time employment of a legal counselor who shall be authorized to assist every operator in the United States to eliminate unfair taxation and whatever other assistance is needed to make the automatic phonograph business one of the leading industries of the nation.

The next important matter to be discussed will be left entirely to the vote of the operators present and that will be in regard to whether we continue on as a national committee or whether we become a national association with a full time secretary-manager. Much legislation is being planned at the present time regarding automatic phonographs and wired music equipment that should cause great concern among the operators and which will call for the services of a full time secretary rather than the procedure that is being employed at this particular time. The executive committee can and will be increased from 15 to 30 or more if that is the consensus of the music operators present.

GEORGE A. MILLER
National Chairman for Music Operators of America

One of the very important features of the meeting in November will be the election of the national officers and the period of time which they should serve. It is the writer's opinion that a time limit should be set, whether it be one year or five years; but so that the organization can remain strictly democratic, no one should be allowed to hold office indefinitely.

And last but not least, there will be a meeting of the music operators which will be strictly of a confidential nature to discuss some important features of the music business to improve conditions for the far-ahead future. This meeting will exclude all others except bona fide music operators.

Remember that every music operator in the nation is invited to attend and take part. You need no membership card; all you need is the proof that you are a legitimate phonograph operator from anywhere in the nation.

THE PART THE MANUFACTURERS WILL PLAY

Manufacturers of automatic phonographs, wall boxes, speakers, phonograph needles and phonograph recordings will be invited to play a large part at this convention. The foremost thought in everyone's mind is that this is the first time the music operators have held a convention of their own and all parts of the music industry should be vitally interested in this procedure. It is going to be most important now and in the future.

Manufacturers will be invited to have their own displays in various rooms at the same hotel where the convention is to be held at a very small cost to themselves because this convention is strictly a non-profit convention. Register desks and room registrars with the name of each company and their room numbers will be posted and provided by the MOA convention representatives. Many of the manufacturing representatives of various types of phonographs and auxiliary equipment will be invited to address the operators in convention meetings so that a better understanding on what constitutes good business and what will prove a benefit to both operators and manufacturers can be arrived at.

We solicit all suggestions and constructive criticisms from the manufacturers, jobbers and operators so that the MOA convention will be a huge success and something that all parties concerned will be proud and satisfied with. What we really would like to know is just exactly what the manufacturers and operators want at this convention. The executive committee is arranging a large constructive program.

We sincerely hope that many suggestions will continue to pour into the office of Music Operators of America as they have in the past few weeks. Address your correspondence to George A. Miller, National Chairman, Music Operators of America, 128 East 14th Street, Oakland, California.

CHICAGO—Twenty-three additional manufacturers and suppliers of vending machines, equipment and merchandise have contracted for exhibit space at the 1949 Convention and Exhibit of the National Automatic Merchandising Association (NAMA), to be held in Atlantic city, November 27 to 30, according to an announcement by the association. The latest exhibitors, who are in addition to 92 firms previously signed, will have from one to three booths each.

HIRSH DE LA VIEZ

WASHINGTON, D. C.—Hirsh de La Viez, national coin machine figure, and head of the Hirsh Coin Machine Corporation, this city, as well as president of the music operators association here, became a grandpop on August 23, when his daughter (Mrs. Fred Weisgal) gave birth to a girl. No doubt, our good friend Hirsh, is getting quite a thrill out of the event, and is preparing a number of surprises for the baby. Our advice to the parents is that they keep the proud grandpa at a distance from the baby. We would particularly like to warn them not to permit Hirsh to diaper the kid—as taking our own experience into consideration—a firecracker will surely find its way into the four-cornered pants.

THRU THE COIN CHUTE

EASTERN FLASHES

With the Labor Day holiday coming along this week-end, coinrow was nice and quiet, as was expected. While most of the conversation was directed toward where to spend a three or four day holiday, every wholesaler was girding himself for concerted action right after this last holiday of the summer . . . and all felt business was available, and they were going to do their utmost to get it.

* * * * *

Al Schlesinger, head of Square Amusement Company, Poughkeepsie, N.Y. was a visitor on coinrow. If there ever was a coinman respected and loved by all, and we mean all, it's Schlesinger. We didn't catch up with him until our final stop on the avenue, but we learned of his visit at the very first stop. Having nothing but friends (is that bad?) Al just had to spend some time with everyone on the row. We caught up with Schlesinger at Alfred Simon, Inc., where he was in a very intense conversation with Al Simon. Most every coin machine man could learn plenty by just listening to his analysis of the business, and by just following some of his business methods . . . Al Simon leaves for Chicago Thursday, and expects to spend the weekend there . . . Schlesinger tells us he will leave on a nice long vacation around the middle or end of September. He will relax somewhere in the southwest . . . Murray Sandow, former New York operator, now active in Buffalo, drives down for a few days. He asks how his former partner, Davy Friedman is doing, and we tell him Davy's doing fine operating in Miami, Fla.

* * * * *

Paul Quackenbush, Royal Music Co., Oneonta, N.Y., celebrates his 20th wedding anniversary on August 31 with a trip thru Canada. He calls it his second honeymoon . . . Another wedding anniversary celebration was held by Irv (Kempy) Kempner of Runyon Sales Company. His method of celebrating was the exact reverse of Quackenbush. Kempy came off the road and gave the missus a break by remaining home for several days . . . Jack Mitnick, the demon eastern sales representative for AMI, home for the holiday week-end, after a successful trip thru the south and southeast . . . Morris Rood, manager of Runyon Sales Company, suffering with hay fever. Moish, not only miserable, but because of continual sneezing, strained several muscles thruout his body. We suggested a visit to Miami Beach for several weeks, but Barney (Shugy) Sugarman, head man of Runyon, almost decapitated us with the Model "B" he threw at our head.

* * * * *

Max Munves, Mike Munves Corp., putting together a scrap book of all arcade equipment from the early days right up to the present. When completed, it'll be a real history of the amusement machine business . . . Harry Berger, West Side Distributing Company, marking time until his entire staff is back from vacations. He will then rush off for a trip south . . . Davy Lowy, Dave Lowy & Company, just about getting over the terrific shock he suffered last week, when his boy was under treatment for polio. The youngster was released from the hospital with no ill effects. "I'll be back in shape" smiles Dave "to get busy after Labor Day." . . . Phil Mason, Mason Distributing Company, now conducting his wholesale business from Irvington, N.J., reports some nice business the past few weeks . . . Harry Koeppl, Koeppl Distributing Company, another wholesaler, awaiting the end of the summer. Harry will get out on the road the day after Labor Day . . . Catch up with Joe Eisen, sitting all by his lonesome. Joe bemoaning the fact that he was unable to get a "gin" opponent. "I guess I'll just have to lose a few games once in a while" sighed Joe "or they'll bar me."

DALLAS, TEXAS

Better late than never say we, as we congratulate Gene Carlson of Tyler, on his August 15th wedding. Gene married his lovely secretary Billy Mac, and from what we hear she is quite a gal . . . Our apologies to John McGhee whom we labeled as Howard. Quoting Mr. McGhee "When I get my name in *The Cash Box*, I want everyone to know who I am." . . . Chatted with Lester Godwin, to learn that Earl Coleman is in a Dallas hospital, seriously ill. We all miss you Earl, so get well soon . . . Mr. J. V. Stone, Dallas, has been trying to entice us all into his Square Dance Club. Sounds like great fun . . . Ed Mahone returned to Marshall following an extended vacation . . . After a two week vacation in Mexico City, George Bury, Hamlin, Texas, has tacked a Senor to his name . . . The latest gimmick on Fred Dobbs red wine has us all in stitches. Fred finally got tired of serving the wine individually. So what happened! He filled his electric water fountain with three gallons of red red wine.

Tom and Dorothy Lambert had no sooner returned from California when they upped and went to Colorado . . . Those Bihari Boys are back again . . . Saul and Jules, Modern Records, are beating round the States visiting distributors . . . Sam Ayo Standard Dist. Co., Houston, has gone into the manufacturing end of records with his "Ayo" label . . . Ft. Worth operators kind of took over Dallas the last couple of days. Benny MacDonald, Harry Hoosier, Mr. Terry, Ray Howell and Johnnie Caldwell are just few seen at the distributing houses. Johnnie Caldwell tells us that out of his carload of phonographs delivered to Ft. Worth, all have been set with the exception of three . . . Glad to see Raymond Williams back in the saddle at Commercial Music Co. Raymond took a short trip to New York and Chicago, to find out what was new in the coin machine biz . . . Guy Kincannon dropped by to say "Howdy Podner" . . . Mrs. R. A. Titsworth called from Corsicana to do her shopping over the telephone . . . Jimmy Garret and Guy Ormand both from Longview, laughing over the fact that every stop one made, the other was there.

Operators in Texarkana are doing a slow burn because of an unmerciful lashing being handed out by a local newspaper editor. We understand, according to reports, that a page ad would have solved this problem before it got started, but the ops wouldn't go for this type of "hammer."

THRU THE COIN CHUTE

CHICAGO CHATTER

The cool winds blowing in from Lake Mich have stirred the spirits of all coinmen here and already better biz is foreseen . . . in fact, one noted music mfr reports that business pickup has been really marvelous and that he is certain the music field has at last reached its level and that operations are under way which meet with this readjustment . . . so those of youse who felt business would pick up this fall can now go around patting yourselves on the back . . . Joe Batten over at Exhibit Supply advises that since the price cut which started with their new five-ball "Play Time" they have had a very definite increase in sales and that this has heartened them to the fact that business could be better all around were their distribs, jobbers and ops to be given a price break . . . Batten reports that it took one battle after another with their raw materials and component suppliers to get their prices down so that Exhibit could get this savings to the trade . . . That reminds us, Charley Pieri of Exhibit just returned from one of the most extensive trips yet made by anyone from this town this year. Charley traveled all the way down from New England to Miami and came back by way of Georgia and Kentucky. In Miami Charley went fishing with Ben Rodins (Washington, D. C.) and caught himself a sailfish which he is now having mounted for his den.

Good news . . . Dotty Billheimer tells me that Bill (The Shadow) Billheimer, Como Mfg., just gained a whole, full pound . . . if this keeps up they won't be calling him "The Shadow" much longer . . . Bell-O-Matic working with a skeleton crew while the vacations are under way, Grant Shay advises. And Grant just returned from his vacation just this past week . . . Jerry Haley over at Buckley much enthused over the orders they've been getting for their Criss-Cross Belle, but downhearted because they can't seem to step up production to meet the demand . . . Dave Gensburg of Genco out of the office this past week attending the funeral of his father-in-law who died suddenly Sunday (Aug. 28) . . . George Lewis dreaming about his vacation this forthcoming October. George plans to visit a city he's never seen and which is one of the most fascinating in the nation—San Francisco—and George going there at just the right time of the year, too . . . Nate Gottlieb talking about the fact that what's needed right now is "a new idea" and believes that every one of the leading five-ball manufacturers are working their experimental departments overtime to get "that idea" under way . . . Lester Rieck over at H. C. Evans & Co. advises that Constellation phonos getting under way very well and that the firm look forward to a very good year ahead.

They tell me that one of the most interesting golf matches of the year was that between Tommy Callaghan and Ray Moloney . . . seems that the boys went out to Bob-O-Link to see who could outdrive, output and outscore whom . . . with the result that Tommy is still gasping in amazement at the game Ray can play when pushed to it . . . Lindy Force of AMI made a very nice report to us this past week . . . advised that AMI's biz for the months of July and August among the best they've enjoyed . . . which certainly should be heartening to all in the field . . . Mr. and Mrs. David C. Rockola dining at Mike Fitzel's . . . C. T. McKelvy of J. P. Seeburg Corp. very optimistic over the future of the phono biz and foresees a grand season ahead for the ops, who seem to have reached their readjustment level, and that the music business has perked up terrifically all around now that the ops are working out their problems and taking advantage of the many merchandising plans which are offered to them by the manufacturers . . . Herb Jones of Bally was a very busy man this past week, dashing here, there and everywhere, and is one of the hardest workers in the entire coin machine industry . . . H. F. (Denny) Dennison stops off in Chi for a few hours to say "hello" and advises that he is on his way to the West Coast where he will make his headquarters and will probably be busy with that coin operated pool table.

Sam Stern of Williams Mfg. Co. busier than a bee between both offices of the firm. Tho the new factory at 4242 W. Fillmore is in action and manufacturing is well under way, most of the office staff is still down in the Loop district and so Sam is torn between both places, running from one to the other all day long . . . Art Weinand has become a golfer . . . but Art likes to shoot for those big scores . . . Says Art, "What's the use of shooting in the 80's? That just isn't as much exercise as you can get shooting 150 or over" . . . In short, Art believes in playing for highest score . . . Presentation of *The Cash Box* awards started this past week with the manufacturers who won the first annual amusement poll quite proud of the trophies which they received. The ops who voted in this First Annual Amusement Poll to pick the outstanding amusement equipment would have been thrilled to see how happy the mfrs were who received the awards . . . All over town this past week, R. F. Jones visiting with various manufacturers and attending the meeting held by the J. P. Seeburg Corp. where a big, new merchandising program was put under way . . . Sam Lewis and the very pretty and charming Charlotte (Mrs.) Lewis with Phil Robinson, West Coast rep for Chicoin, seen enjoying the new show at the Chez Paree and talking it over with Fran Warren, Cee Davidson and Ginger, with Mrs. Lewis proving she knows quite a bit about show business.

Roy McGinnis of J. H. Keeney & Co. very busy at this time with some new models which will be making their appearance in the near future . . . Ray Williams of Dallas, Tex., and Mr. and Mrs. Woolf Solomon of Columbus, O., seen over at the United Mfg. Co. plant with Billy DeSelm, Herb Oettinger, Ray Riehl and Lyn Durant doing the entertaining . . . And United very, very happy over the temporary injunction (No. 49C-8392) obtained here so that Chi's ops can run their new "Shuffle Skill" . . . which makes this machine a legal game according to the laws here . . . Sincerest condolences to Trudy Coven whose Dad passed away this past week . . . with Ben Coven much worried about her and hoping that the very beautiful Trudy will take it easy out in the country for a while . . . Johnny Neise over at O. D. Jennings & Co. working hard to get their new sales promotion program under way . . . the firm being well on the way to some new sales records this year and looking to the fall season to be one of the best in Jennings' history . . . One of the most interesting sights . . . all the coinmen who attended that big football game here with the Philly Eagles walking all over Chi's Cards . . . but not dampening the spirits of this industry's many, many sports lovers.

on hand at all times and every one of the Bally games which the firm have shipped, either new or used, are always praised by those who have received them as, "The best games we've ever yet received," according to Coven.

Coven also stated, "We believed that the time had come when we must greatly increase our present service department due to the business we are enjoying from all over our territory and also due to the fact that operators and jobbers all over the country are now calling for our reconditioned machines because of the expert work which goes into each one of them.

"Each reconditioned machine we ship is guaranteed, regardless of price," Coven continued, "and this alone is one of the most outstanding features of this greatly expanded service department. It has won us a tremendous following everywhere in the country with those operators and jobbers who want used equipment that is in perfect condition."

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Art Crane, Genco's goodwill ambassador to Southern California, flagged us right across Pico Street to pass on the wonders of his firm's new rebound shuffle, "Glider" . . . Just to see what it was, short of life's basic urges, that could so excite a man on one of the hottest days of this or any other year, we hied right over to Sickings, where Art told us the only model in town was stationed . . . It's a fine game all right and, heat and all, we tried a half dozen on her . . . Action is much the same as several other games of the type recently out of Chicago but possibly the upgrading of this one (Hind legs are higher than front) may result in more player appeal for those customers who like to make it the hard way . . . Otis Murphy of Bally in at Paul Laymon's on one of his periodic visits and telling us how nice and cool it was—in San Francisco . . . W. R. Happel, Jr., of Badger Sales up to Hemet this weekend for a change in the weather . . . Said hello at Sicking's to Ronney Malandra, the genial young man who manages the Gittelson Bros. miniature golf courses . . . He's one newspaperman who was smart enough to get further way from the racket than most of the ink-soaked characters we know.

Mark Jennison of Mills flipped a "No News" at us, adding that business had been good all week despite heat wave . . . If that isn't news, and good news, what is? . . . George Warner of Automatic Games insisted on coking us and got off this rare line, "Business is not voluminous, but it's profitable. We had two customers today" . . . Sammie Donin coming along fine after operation and now spending few hours per day at the place . . . Dannie Jackson was out showing a St. Louis friend around the town . . . One of the coolest places on the Row was General Music, where everybody, including headman Bud Parr, goes quietly about their business, come heat or high water . . . C. A. Robinson in Nevada and Al Bettelman glad to be sitting this one out . . . Aubrey Stemler's secy. read us a letter, to the effect that Aubrey is jumping from Seattle to Portland, then Fresno and home for Labor Day, selling NH anti-hangover pills like mad as he goes along . . . Must be this town is really out to lick those mornings after . . . Now it's Nels Nelson sporting a sample display of Pre-Care pills on his desk though Nels himself was visiting Ray Powers up in Sacramento, maybe on a test run for the hangover pellets.

Walter Solomon fighting the heat at Joe Peskin's by throwing open the back door and all the windows but secy. Phyllis had a simpler expedient: she just let her hair down . . . Walt passed on some greetings to Cash Boxers from Allan Wallace of Mineral Wells, Texas . . . On the Row: Mr. and Mrs. Niles Smith of Oildale . . . Inyokern's Jim Murphy . . . R. R. Fossum from Santa Monica . . . Colton's Milton Noriega . . . Bakersfield's contingent of Wm. Black, Slim Ewing, Paul Butts and Fred Allen . . . Al Anderson of Shasta . . . Clyde Denlinger from Balboa . . . Charlie Cahoone and Jack Johnson of Long Beach.

MINNEAPOLIS—ST. PAUL, MINN.

Darwin Leslie of Bonesteel, South Dakota, in the Twin Cities over the weekend, and calling on a few distributors . . . August Streyle of Hazelton, North Dakota, taking time out from his route and farming to spend a few days in Minneapolis to catch his breath . . . Mr. and Mrs. Jack Harrison of Crosby, Minnesota, spending a few days in Minneapolis visiting relatives and bringing their own mess of fish with them for dinner that night.

Charlie Bohnen of St. Cloud, Minnesota, in Minneapolis picking up records . . . Harry Partridge of Mora, Minnesota, also in Minneapolis for the day . . . Mat Engle of the Mayflower Distributing Company, St. Paul, back on the job again after taking time off for a week's vacation . . . Len Roberts of Esterville, Iowa, in town for a few days with his young son, spending part of his bank roll buying his son cowboy clothes, from shoes to the hat . . . Ed Swanson of Moose Lake, Minnesota, taking off a few days to visit his daughter at Bruce, Wisconsin . . . Frank Kummer of Spring Valley, Minnesota, has given up his Oldsmobile Agency and is giving all his time to his route . . . Leroy Roberts of Luverne, Minnesota, spending the last weekend in Minneapolis with his family.

Gil Kitt of the Empire Coin Machine Company, Chicago, in the Twin Cities last Friday and Saturday visiting several of the distributors . . . Urban Kost, of St. Cloud, Minnesota, spending the day in Minneapolis picking up equipment . . . Norman Gefke, his wife, father, and mother drove in from Sioux Falls, South Dakota, to spend a few days in Minneapolis . . . Norman Kady of Grand Forks, North Dakota, spending a few days in Minneapolis to call on distributors and a little vacation at the same time . . . Henry Greenstein of the Hy-G Music Company left for New York City, Tuesday, August 30th, and will embark on the Queen Elizabeth Saturday, September 3rd, for his European trip. While in New York, Hy expects to visit several of his friends in the coin business.

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.
