#### CORPORATE LOGO

This logo is the official Acura logo with Advance tag. It is for Corporate and Dealer use, to be used on all marketing-materials. Always use this stacked configuration.

#### LOGO PRINCIPAL

Il s'agit du logo officiel de la Division Acura, sans la signature. Il doit être utilisé pour les documents de l'entreprise et des concessionnaires. Toujours utiliser cette configuration..

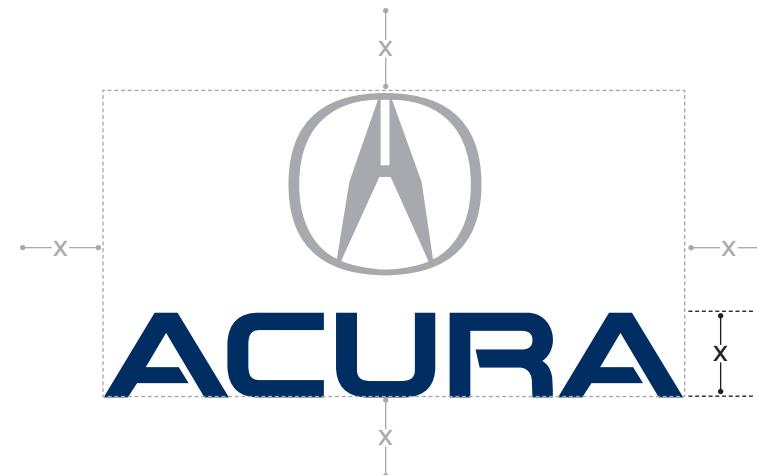

#### CORPORATE LOGO – ALTERNATE

This logo is the official Acura logo with no tag. It is for Corporate and Dealer use, to be used where Acura Advance logo cannot be used. Always use this stacked configuration.

#### LOGO D'ENTREPRISE – ALTERNATIVE

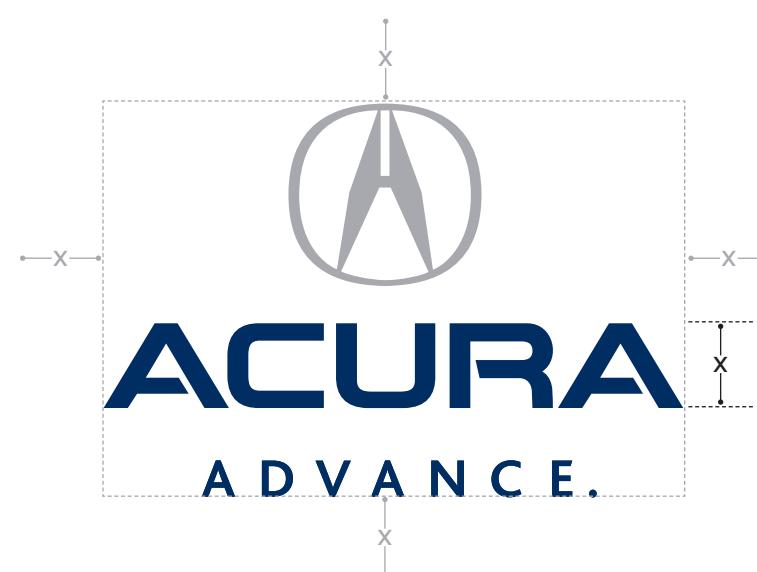

Il s'agit du logo officiel de la Division Acura, avec la signature DEVANT. Il doit être utilisé pour les documents de l'entreprise et des concessionnaires. Toujours utiliser cette configuration.

#### CORPORATE LOGO – AREA OF ISOLATION

As demonstrated here, the clear space surrounding the logo cannot be less than the equivalent space of the height of the typography.

It is important to maintain a sufficient amount of space around the logo to ensure that the logo is distinct and easily identifiable at all times. The same rule applies to the Acura Advance logo.

#### LOGO D'ENTREPRISE ZONE – DE PROTECTION

Comme on peut le voir ici, l'espace libre autour du logo ne peut pas être inférieur à l'équivalent de la hauteur des lettres. Il est important de laisser suffisamment d'espace

autour du logo afin de s'assurer qu'il soit facile à distinguer et à reconnaître en tout temps. La même règle s'applique pour le logo Acura Devant.

## CORPORATE LOGO – COLOUR USAGE

The colours shown here are the only acceptable logo colours. Never substitute colour.

The preferred Acura Blue (PANTONE® 282) – Coated/Silver (PANTONE® 877) version should be used whenever possible. It has an exceptional look on coated paper stocks.

When it is not possible to use the Acura Blue – Coated/Silver version due to the use of uncoated paper stocks or other considerations, the alternate Acura Blue (Pantone® 282) Uncoated / Gray (40% Black) version may be used.

The preferred one-colour version is Acura Blue (PANTONE® 282) – Coated. The white logo should be used on a contrasting background such as Acura Blue (PANTONE® 282) or black.

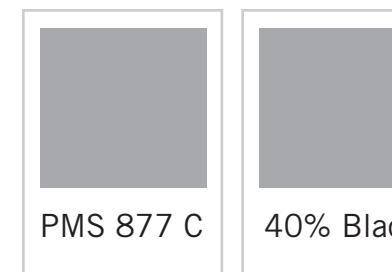

### ACURA BLUE

When possible, PANTONE® 282 should be used as the Acura Blue. The standards are shown in the current edition of the PANTONE Colour Formula Guide. The colours shown on this page and throughout this manual have not been evaluated by Pantone Inc. for accuracy and may not match the PANTONE Colour Standards.

PANTONE® is a registered trademark of PANTONE Inc.

In lieu of PANTONE® 282, CMYK breakdown may be used in instances where you cannot print a solid colour: C-100 M-68 Y-0 K-54.

### ACURA SILVER

When possible, PANTONE® 877 should be used as the Acura Silver, the standards for which are shown in the current edition of the PANTONE Colour Formula Guide. The colours shown on this page and throughout this manual have not been evaluated by Pantone Inc. for accuracy and may not match the PANTONE Colour Standards.

PANTONE® is a registered trademark of PANTONE Inc.

In lieu of PANTONE® 877, you may use 40% BLACK.

### BLACK

In instances where colours cannot be printed, solid black may be used.

## LOGO D'ENTREPRISE COULEURS ACCEPTABLES

Les couleurs présentées ici sont les seules qui sont acceptables pour le logo. Ne jamais changer les couleurs. Le bleu Acura version couché (Pantone<sup>MD</sup> 282)/ argent (Pantone<sup>MD</sup> 877), à privilégier, doit être utilisé lorsque possible. Il procure au logo une allure exceptionnelle sur du papier couché. Lorsqu'il n'est pas possible d'utiliser le bleu Acura version couché/argent, à cause de l'utilisation de papier non couché ou pour d'autres raisons, le bleu Acura version non couché/gris (Noir 40%) peut être utilisé. La version en une seule couleur à privilégier est le bleu Acura, version couché. Le logo blanc devrait être utilisé sur un fond contrastant, comme le noir ou le bleu Acura couché.

### BLEU ACURA

À la place du bleu Acura, il est possible d'utiliser le PANTONE<sup>MD</sup> 282, dont les normes d'utilisation figurent dans l'édition actuelle du guide de couleurs PANTONE.

Les couleurs présentées sur cette page et dans le manuel n'ont pas été évaluées par Pantone, Inc. afin de vérifier leur exactitude et pourraient ne pas correspondre aux normes de couleurs de PANTONE.

PANTONE<sup>MD</sup> est une marque déposée de PANTONE, Inc.

Si vous ne pouvez pas imprimer une couleur PANTONE<sup>MD</sup>, veuillez utiliser la formule suivante pour 282 CMYK. C-100 M-68 Y-0 K-54.

### ARGENT ACURA

À la place de l'argent Acura, il est possible d'utiliser le PANTONE<sup>MD</sup> 877, dont les normes d'utilisation figurent dans l'édition actuelle du guide de couleurs PANTONE. Les couleurs présentées sur cette page et dans le manuel n'ont pas été évaluées par Pantone, Inc. afin de vérifier leur exactitude et pourraient ne pas correspondre aux normes de couleurs de PANTONE.

PANTONE<sup>MD</sup> est une marque déposée de Pantone, Inc.

### NOIR

À la place du gris PANTONE<sup>MD</sup> 877, il est possible d'utiliser le noir 40%.

### PROMOTIONAL LOGO USAGE

The corporate logo may be used as a secondary design element for carefully determined promotional items. The corporate logo can be applied to clothing, caps, mugs, etc.

## UTILISATION DU LOGO SUR LES OBJETS PROMOTIONNELS

### INCORRECT LOGO USAGE

Demonstrated here are examples of unacceptable logo applications. These examples do not necessarily represent all possible cases of unacceptable logo usage. Do not alter the logo artwork in any way. The size relationships, drawing and colour of the logo elements have been carefully refined for maximum impact and readability. Do not incorporate the logo or any of its individual components into any other design or artwork. The logo is intended to stand alone without any type of embellishment.

### UTILISATION INCORRECTE DU LOGO

Voici des exemples d'utilisations inacceptables du logo. Ces exemples ne représentent pas nécessairement toutes les possibilités de mauvaise utilisation du logo. Ne pas modifier le logo de quelque façon que ce soit. Les proportions des dimensions, l'illustration et les couleurs des éléments du logo ont été soigneusement établies pour assurer un impact maximal et pour en faciliter la lecture. Ne pas inclure le nouveau logo ni aucun de ses éléments dans toute autre illustration. Le logo est conçu pour être utilisé seul, sans aucun ornement.
