My Destiny

SONIC THE HEDGEHOG - 2006

Performed by Donna De Lory

Lyrics by Candie Y

Music by Mariko Nanba

In this world... His world
Got to make your own way
Where life is strong
In this world... His world
Life is just a game you play
Life's an open book
In this world... His world
Nothing's forever here to stay
Where compromise does not exist
In his world of worlds every step meets the risk

In this world... His world
Got to make your own way
Where one is all
In this world... His world
Life is just a game you play
Never fear the fall
In this world... His world
Nothing's forever here to stay
Where compromise does not exist
In his world of worlds every step meets the risk

Light the fuse he's a rocket and he's ready to go
Cuz now the countdown's started and its ready to blow

In this world
Where one is all

Intergalactic continental champ running things
Hyperactive instrumental in pulling strings

In this world
Never fear the fall

The only way to break free is to break the mold
He can't stop now, lock and load
I said he can't stop now, lock and load
Don't stop now, come on, rock and roll

I remember memories from a long long time ago
I can hear you calling me, to never let you go
As the sun shines down on me, I hold the key to give
Take hold of the destiny, I may give you life

Can you stay forever more?
Or are you gonna leave from me?
No matter what it takes for me, I'll find you
Just to be with you one more time

A smile will find the way, my love
You've taught me that life can be revived
With a smiling face,
The meaning of my destiny can be changed for your love
I can rule the world my love
Can't you see that, we can all survive
If you'll be my side, the world will be a better place for us all

Ever since I met you, I want you by my side
Should I go on my way or let you go for a ride
If I ever worry, then I will run to you
You gave me your everything, and my heart can be true

Can you stay forever more?
Or are you gonna leave from me?
No matter what it takes for me, I'll find you
Just to be with you one more time

Stay close to me, my love
You've taught me that life can be revived
With a smiling face,
The meaning of my destiny can be changed for your love
I can rule the world my love
Can't you see that, we can all survive
If you'll be my side the world will be a better place for us all

I will make my way, my love
I know I will never be the same
Sharing of my life,
destiny will never be for your love, you know
I will rule the world, my love
Memories of you, my heart's fulfilled
Trusting in your love,
the peace will come to you and me and the world
Forever more

Seven Rings In Hand

SONIC AND THE SECRET RINGS - 2007

Performed by Steve Conte

Lyrics by runblebee

Music by Kenichi Tokoi

* Make-believes reborn
Myths, in mind, re-thought
Question all that's known
Legends blurred and torn

* repeat

No such thing as fate for those who speed
A path out of time, instead of just living it
So many things erased before they begin
Hopes un-dream,
instead of what could have been

Fortune fades, like words in the sand
Just like that, it nothing, it all just seems
Nothing, it all just seems
Fortune shines, with seven in hand
Back to fact, make real of all that seems
Make real of all that seems

** Seven rings in hand
(Speed through) nights with feet in sand
Seven rings in hand
(Wonders) all under command
Seven rings in hand
(Wild) with just one single hand
Seven rings in hand
(Arrowed) hearts catch fire now

* repeat

No such thing as an arrow through who dreams
Hopes may burden, but, forever, last to give in
So many things need a push or pull to begin
Un-free to move, unless another hand gets in

Be it all the same, it's never the same
Just like that, just nothing, it all just means
(Nothing, it all just means)
If all as is, then it's never as is
Back to fact, make real of all that seems
(Make real of all that seems)

** repeat

Memories that dance
Fairytals in trance
Know what to believe
Nothing is up to chance

* repeat

** repeat

Seven rings in hand
Nights with feet in sand
Seven rings in hand... Seven rings in hand

* repeat

Seven seas in hand
Speed of sound through sands
All our hopes and plans
In one single hand

A New Venture

SONIC RUSH ADVENTURE - 2007

Vocals by Tahirih Walker

Lyrics by Sakae Osumi

Music by Tomoya Ohtani

Life starts with a sunny day
Let's feel our ocean breath
We are cruising overseas
Can't wait for a new venture

LaLa-, LaLa-, LaLa-
A new venture
LaLa-, LaLa-, LaLa-
A new venture
LaLa-, LaLa-, LaLa-

Nothing's gonna stop us now
We'll conquer the seven seas
No one's getting left behind
Get ready for a new venture

LaLa-, LaLa-, LaLa-
A new venture
LaLa-, LaLa-, LaLa-
A new venture
LaLa-, LaLa-, LaLa-

Life starts with a sunny day
Let's feel our ocean breath
We are cruising overseas
Can't wait for a new venture

LaLa-, LaLa-, LaLa-
A new venture
LaLa-, LaLa-, LaLa-
A new venture
LaLa-, LaLa-, LaLa-

Race To Win

SONIC RIVALS 2 - 2007

Performed by Ted Poley

Lyrics by Ted Poley

Music by Jun Senoue

I always race to win
Keep runnin' till the end
I gotta move and stay one step ahead
Stay back and watch me go
The only way I know
Cause nothing's gonna slow me down oh no!
I'm running really fast
Sit there and watch me pass
Doing my best to stay ahead of you
Won't let you catch me
Not gonna pass me
Because I think I know a trick or two
Not gonna look back 'cause I don't want to see
Not gonna worry who is gaining on me
Race to win, Race to win, Race to win
The race is getting rough
But I just won't give up
This competitions getting really tight
Not gonna happen
Cause I'm not stoppin'
No way now how, I know the end's in sight
I always race to win
Keep runnin' till the end
I gotta move and stay one step ahead
Stay back and watch me go
The only way I know
Because you know I always race
Always race...
Always race to...
Win!

SONIC RIDERS ZERO GRAVITY - 2008

Performed by Cashell

Lyrics by runblebee

Music by Kenichi Tokoi

In no way any other way will do
Fly, ride, any weather, nothing new, in blue
Speeding in a stream with a sense that no one else can define
Floating as a cream, in a bliss that you no longer feel time

Right through gravity
Just right through what earth planned
Right through gravity
Right through, now, let them loose (let 'em loose)

Ride through gravity
For all that's not, falls down
Right through anomalies
With one worth believing in

All within the speed of a light that one will fight to command
Just maybe ready never, still we do
For none is ever better, win or lose it all
Beaming just to be on a path that's set to shatter the grounds
Although it's but a dream, but in dreams are where the nevers unfound

Rise and let go
Uprise until unbound
Keep rising, evermore
Let all go, let them loose (let 'em loose)

Ride and let go
In light in which sun drowns
Break and make it all
Don't stand down, against the rules

Don't stand down, break through
Through light in which sun drowns
Don't stand down, break through
Let all go, break them loose (break 'em loose)

Right through gravity
Just right through what earth planned
Right through gravity
Right through, now, let them loose (let 'em loose)

Ride through gravity
For all that's not, falls down
Right through anomalies
With one worth believing in

With one worth believing in
With one worth believing in
Just ride on until it's through

Endless Possibility

SONIC WORLD ADVENTURE - 2008

Performed by Jaret Reddick of Bowling For Soup

Lyrics by Jaret Reddick

Music by Tomoya Ohtani

This is my escape
I'm running through this world and I'm not looking back
And I know I can go
Where no one's ever gone and I'm not looking back

But how will I know when I get there
And how will I know when to leave
We've all gotta start from somewhere
And it's right there for me and
the possibilities are never ending

* I see it, I see it
And now it's all within my reach
Endless possibility
I see it, I see it now
It's always been inside of me
And now I feel so free
Endless possibility

1991

And so I'll carry on
My time to shine has come I feel it
As fast as I can go
Straight to the top I know you'll see it
So please wake me up when I get there
It feels like I'm lost in a dream
I know in my heart that it's my time
And I already see and the possibilities are never ending

* repeat

Drop that smile 'cause you're beaten again
No, this is where my journey begins
You're losing speed - You're losing your flow
But inside me is a power you'll never know
Then let it out, it's inside you
You better all stand back
'Cause coming through

I see it, I see it
And now it's all within my reach
I see it, I see it now
It's always been inside of me

* repeat

Endless possibility x4

Knight Of The Wind

SONIC AND THE BLACK KNIGHT - 2009

Performed by Crush 40

Lyrics by Johnny Gioeli

Music by Jun Senoue

Hey all, welcome to the greatest storm
I know, you have waited much too long
And I, I will be your shining star
I'm here, here to conquer near and far...

* Like the sun I run into the heat of day
Like the night I fight until the fight is won
In a rage I'll save each and every each and
every each and everyone
Till this war is won

** And I live to rule by the sword
Slashing thru the every inch of the power the power in you
As I sit and as I stand by the table I command my kingdom
I'm the knight of the wind...

Hey all, welcome to the end is near
I know, I will bring you pain and fear
On the ground to the sky
Faced with you and I
In a flash I'm gone holding your crown high
In a rage I'll save each and every each and
every each and everyone
Till this war is won

** repeat

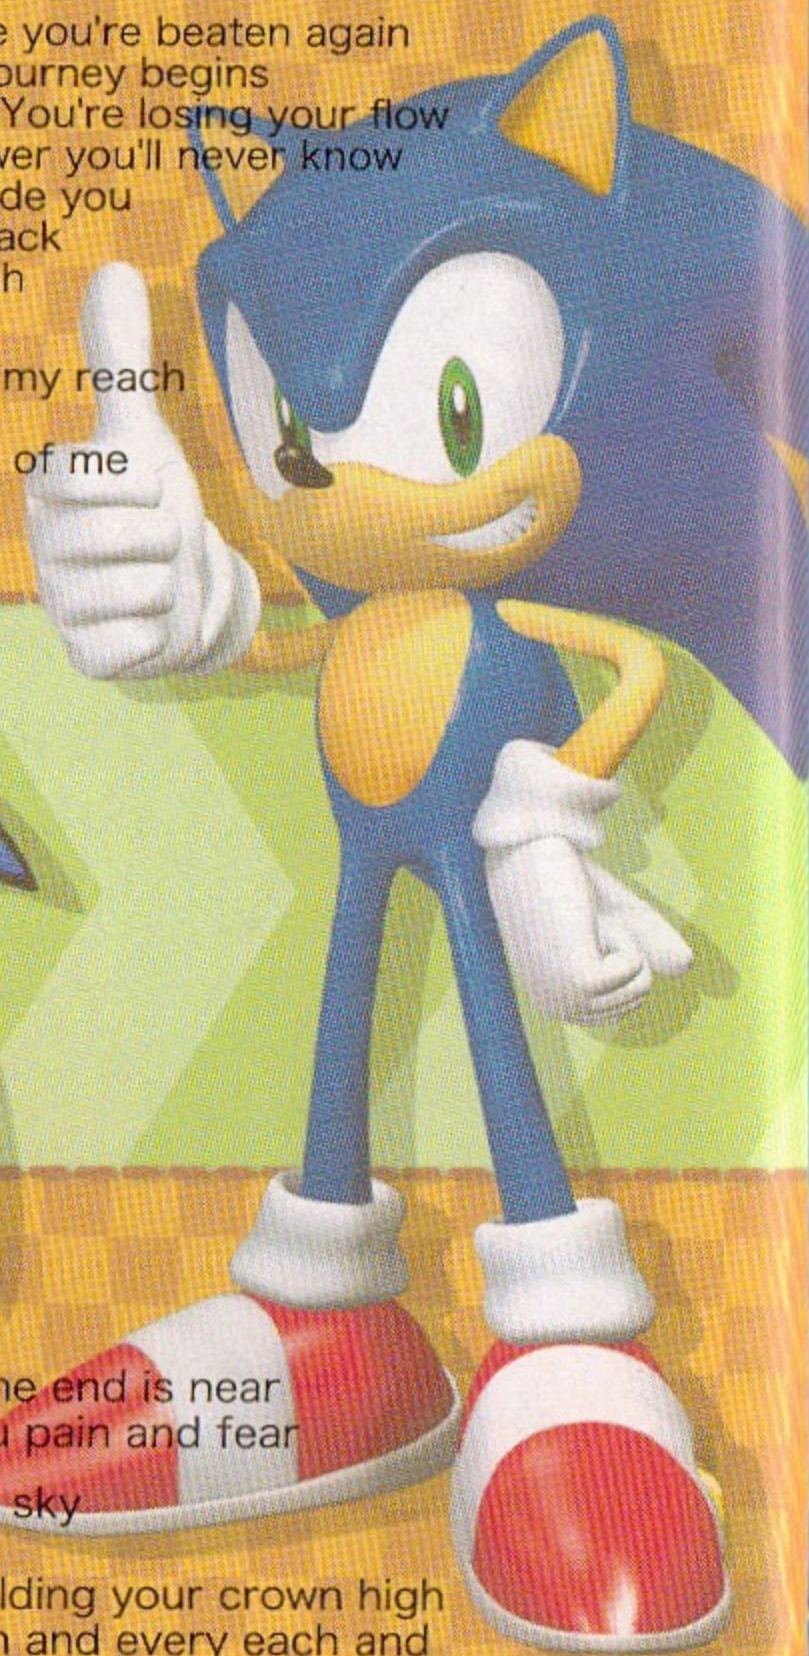

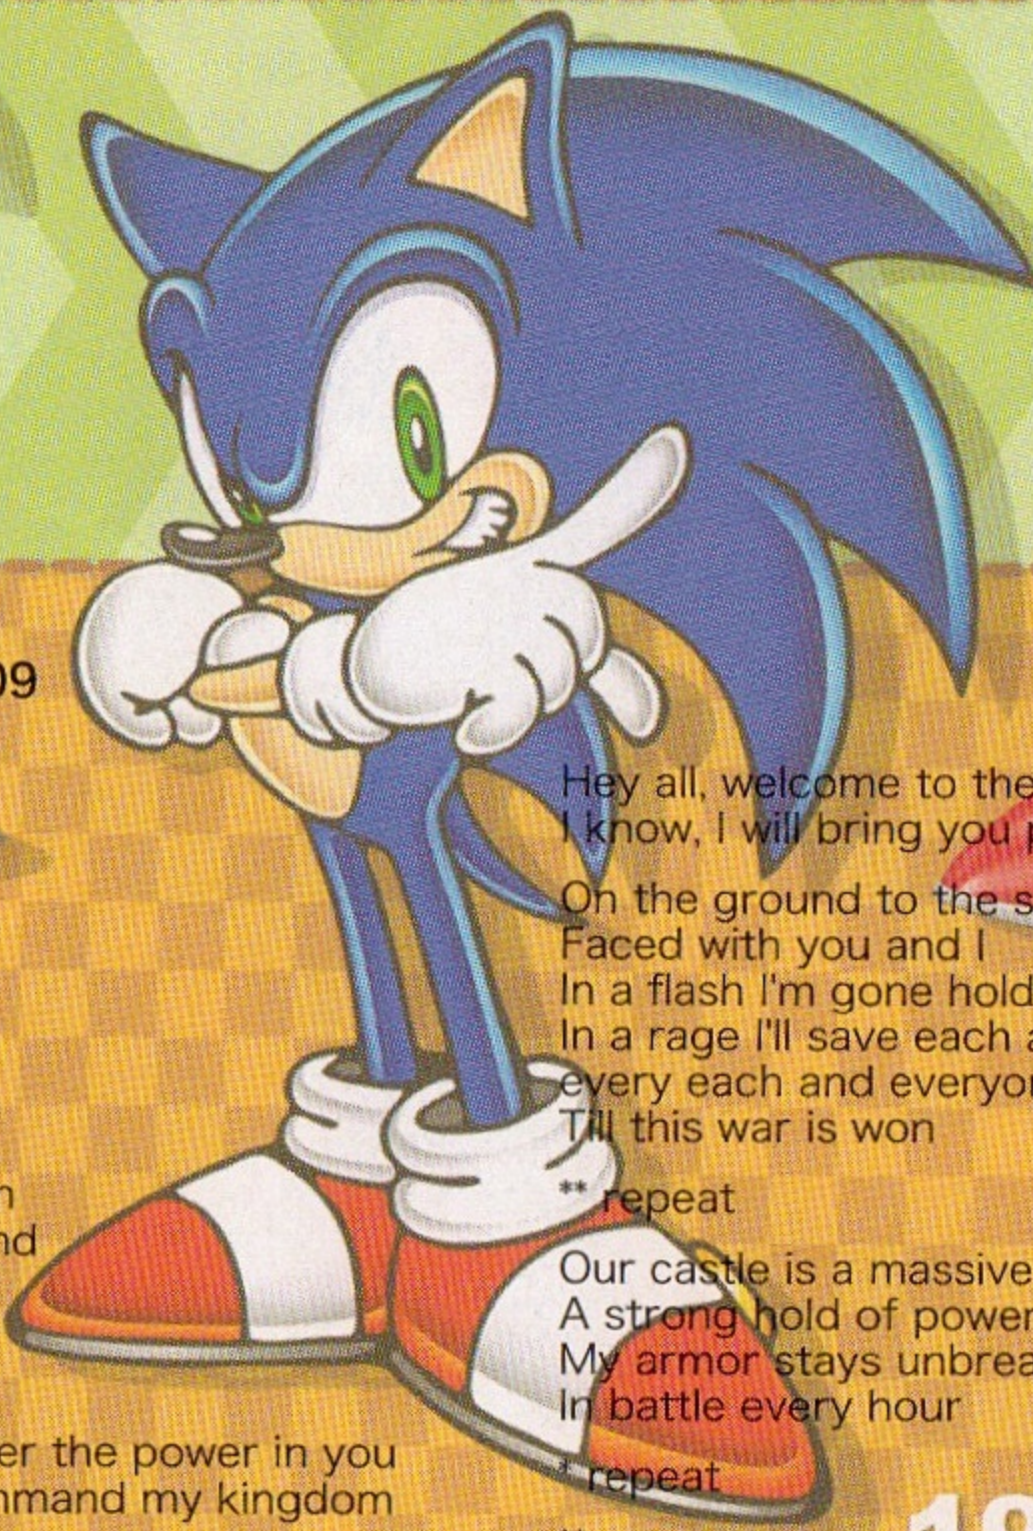

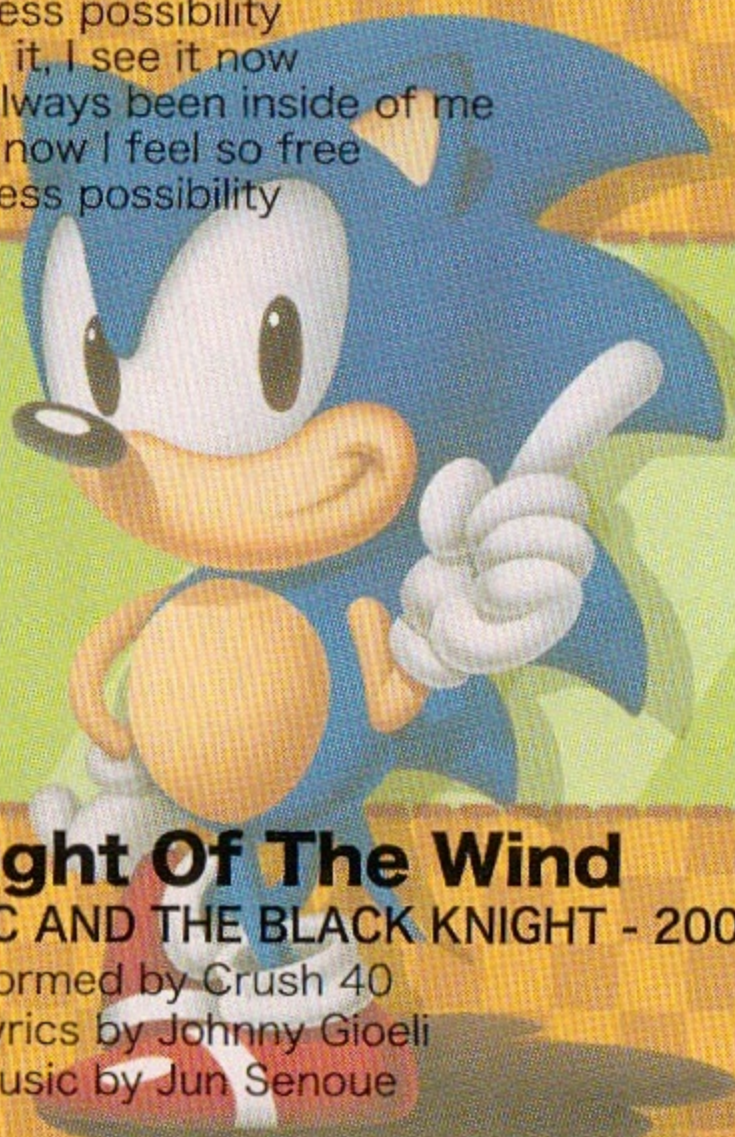

Our castle is a massive force
A strong hold of power
My armor stays unbreakable
In battle every hour

* repeat

Free

SONIC FREE RIDERS - 2010

Performed by Chris Madin
Lyrics by Johnny Gioeli
Music by Jun Senoue

* I'm falling free in the wind, in the wind
Free to be me in the wind, in the wind

What would it feel like to be speed of light
and rule the night and day
Watch as it passes by you as the masses try you
but they just can't keep up
Into the free, into the me, into the ever knowing
Felt so refrained, felt so constrained
But now I'm breaking out and Free...

* repeat

Beg, borrow, steal, you've made your deal
and with no hesitation
Crawl, walk or run you've had your fun of
which is very certain
Into the free, into the me, into the ever knowing
Felt so constrained, felt so to blame
But now I'm breaking out and Free...

I'm falling into the Free, into the Free
Free to be me, I am Free... I am Free

What would it take for you
to make a simple speed transition
Into the known from the unknown
and feed this wild temptation
Into the free, been starving me, into the ever knowing
Felt so constrained, felt so ashamed
But now I'm breaking out and Free

I'm living in, in the Free, in the Free
Free to be me, I am Free I am Free
* repeat

Reach For The Stars

SONIC COLORS - 2010

Vocals by Jean Paul Makhlouf of Cash Cash
Lyrics by Alex Makhlouf & Samuel Frisch
Music by Tomoya Ohtani

Take off at the speed of sound
Bright lights and colors all around

I'm running wild livin' fast and free
Got no regrets inside of me

* Not looking back
Not giving up
Not letting go
I'll keep on running

I'm gonna reach for the stars
Although they look pretty far
I'm gonna find my own way
And take a chance on today

A sky with stars so bright
The colors feel so right
I've never felt like this
I'll keep on running

A sky with stars so bright
The colors feel so right
Just take my hand we're gonna
Reach for the stars tonight... tonight...

Wake up livin' day by day
Do what I want and I'll do it my way

The world is flying right below my feet
Got no regrets inside of me

* repeat

2006

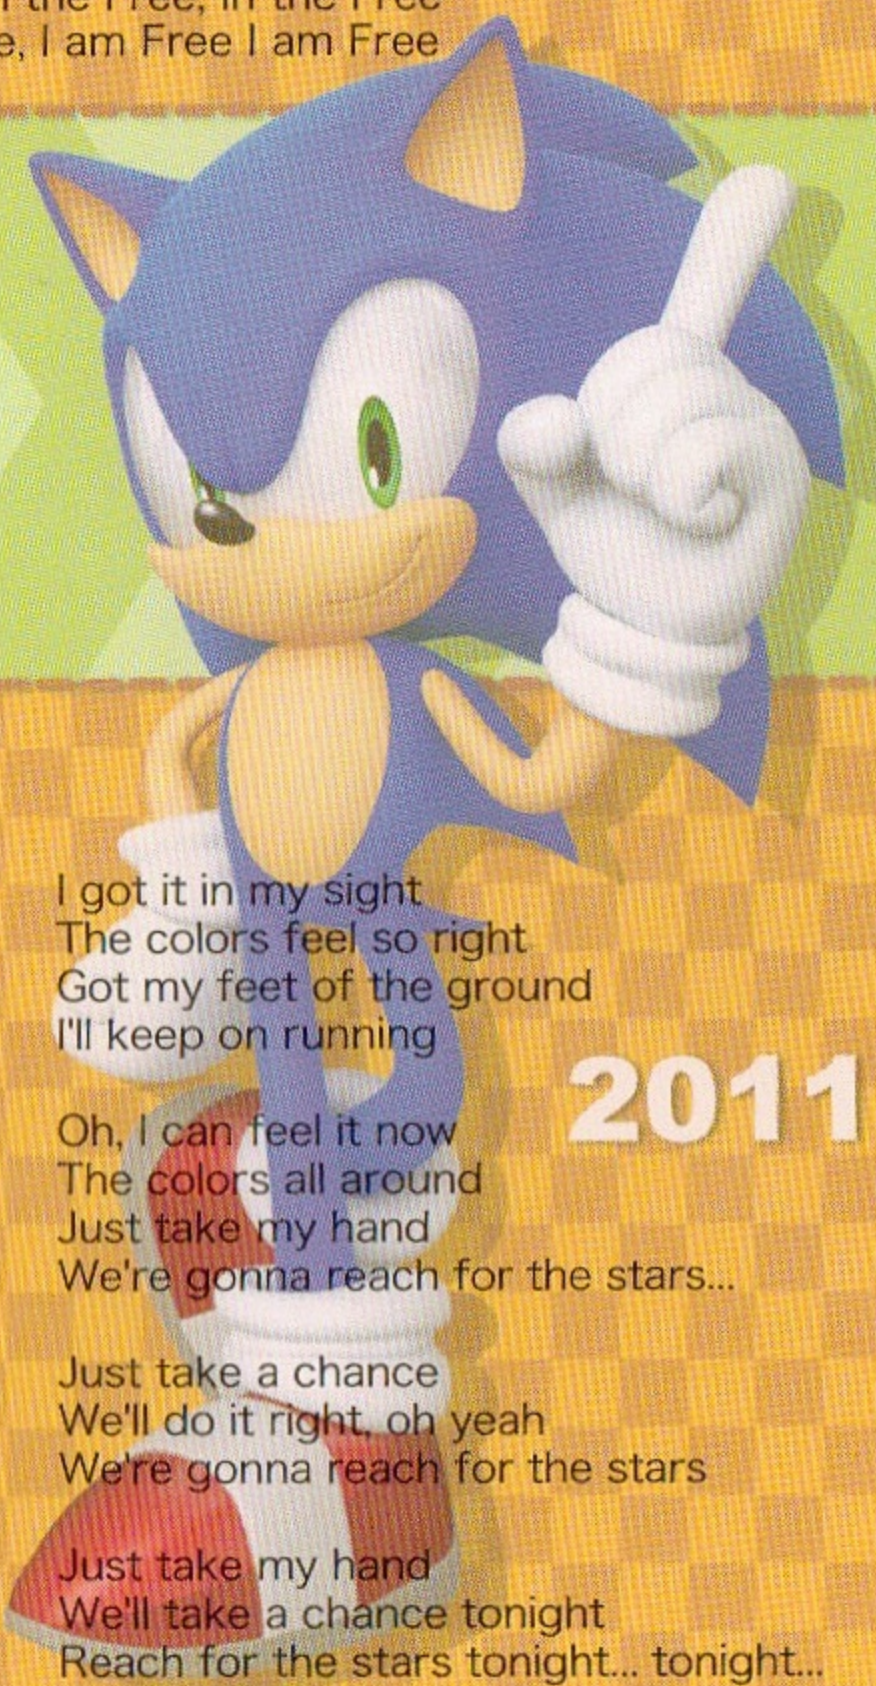

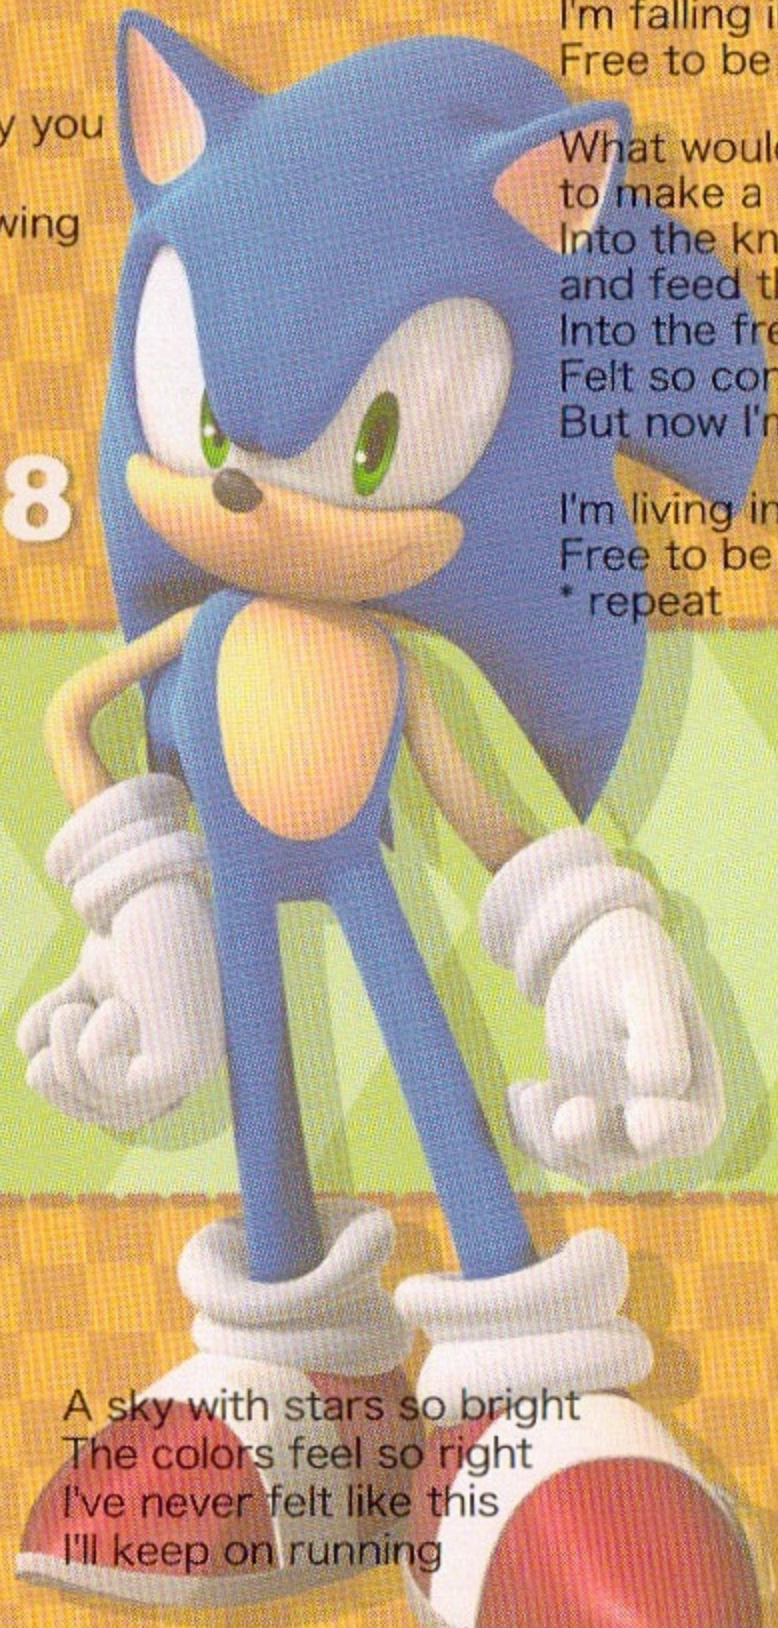

I got it in my sight
The colors feel so right
Got my feet off the ground
I'll keep on running

Oh, I can feel it now
The colors all around
Just take my hand
We're gonna reach for the stars...

Just take a chance
We'll do it right, oh yeah
We're gonna reach for the stars

Just take my hand
We'll take a chance tonight
Reach for the stars tonight... tonight...

Come on run away, you don't have to stay,
We're nearly out of time, but you're doing fine,
So stay on track, and don't look back,
Just feel the pace, come on now RACE!!

* Everybody's supersonic racing,
try to keep your feet right on the ground,
When you're supersonic racing,
there's no time to look around,
We're just supersonic racing,
running to the point of no return,
Everybody's supersonic racing,
come on let the fires burn

To a place, where you can feel my heart just race

Open Your Heart

SONIC ADVENTURE - 1998

Performed by Crush 40
Lyrics by Jun Senoue
Music by Jun Senoue & Kenichi Tokoi

Thunder, rain, and lightning
Danger, water rising
Clamour, sirens wailing
It's such a bad sign

Shadows of dark creatures
Steel clouds floating in the air
People run for shelter
What's gonna happen to us!?

All the steps we take,
all the moves we make,
all the pain at stake
I see the chaos for everyone
who are we what can we do
You and I are same in the way
that we have our own styles that we won't change
Yours is filled with evil and
mine's not there is no way I can lose

* Can't hold on much longer - But I will never let go
I know it's a one-way track - Tell me now how long this'll last
I'm not gonna think this way - Nor will I count on others
Close my eyes and feel it burn - Now I see what I've gotta do

Open your heart, it's gonna be alright

Ancient city blazing
Shadows keep attacking
Little children crying
Confusion, hopeless anger

I don't know what it can be but you drive me crazy
All your cunning tricks make me sick,
you won't have it your own way

* repeat

Open your heart... and you'll see...

If it won't stop, there will be no future for us
Its heart is tied down by all the hate, gotta set him free

I know it's a one-way track - Tell me now how long this'll last
Close my eyes and feel it burn - Now I see what I've gotta do

Gotta open your heart, dude!

* repeat

Open your heart, it's gonna be alright

It Doesn't Matter

SONIC ADVENTURE - 1998

Performed by Tony Harnell
Music & Lyrics by Jun Senoue

Well, I don't show off, don't criticize
I'm just livin' by my own feelings
And I won't give in, won't compromise
I just only have a steadfast heart of gold

I don't know why, I can't leave though it might be tough
But I ain't out of control, just livin' by my word
Don't ask me why, I don't need a reason
I got my way, my own way

* It doesn't matter now what happens I will never give up the fight
There is no way I will run away from all of my frights
Long as the voice inside me says go, I will always keep on running
There is no way to stop me from going to the very top
It doesn't matter who is wrong and who is right

Well, I won't look back I don't need to
Time won't wait and I got so much to do

Where do I stop, it's all a blur and so unclear
Well, I don't know but I can't be wrong

This fight is not for anybody, this is purely for myself
There is no way I'm gonna give up 'til the very end
I can't tell what is wrong and what is right,
I've got to find the answer
But I do there's no way I will ever give up
Place all your bets an the one you think is right

* repeat

Live & Learn

SONIC ADVENTURE 2 - 2001

Performed by Crush 40
Lyrics by Johnny Gioeli
Music by Jun Senoue

Can you feel life moving through your mind
Looks like it came back for more
- yeah yeah yeah
Can you feel time slipping down your spine
You try and try to ignore

But you can hardly swallow
Your fears and pain
And you can't help but follow
And puts you right back where you came

* Live and learn
- Hanging on to the edge of tomorrow
Live and learn
- From the works of yesterday
Live and learn
- If you beg or if you borrow
Live and learn
- You may never find your way

Can you feel life tangle you up inside
And now your face down on the floor

But you can't save your sorrow
You've paid in trade
And you can't help but follow
And puts you right back where you came

* repeat

There's a face searching far,
so far and wide
There's a place where you dreamed
you'd never find
Hold on to what if...
Hold on to what if...

* repeat x2

Escape From The City

SONIC ADVENTURE 2 - 2001

Performed by Ted Poley & Tony Harnell
Lyrics by Ted Poley
Music by Jun Senoue

Rolling around at the speed of sound
Got places to go,
got to follow my rainbow
Can't stick around,
have to keep movin' on
Guess what lies ahead
only one way to find out

Must keep on movin' ahead
No time for guessin',
follow my plan instead
Trusting in what you can't see
Take my lead I'll set you free

* Follow me - set me free - trust me
And we will escape from the city
I'll make it through
Follow me - set me free - trust me
And we will escape from the city
I'll make it through prove it to you
Follow me

Danger is lurking around every turn
Trust your feelings, got to live and learn
I know with some luck
that I'll make it through
Got no other options only one thing to do

I don't care what lies ahead
No time for guessin' follow my plan instead
Find that next stage
no matter what that may be
Take my lead I'll set you free

* repeat

Follow me
I'll make it through...

Sonic Heroes

SONIC HEROES - 2003

Performed by Crush 40
Lyrics by Johnny Gioeli
Music by Jun Senoue

What goes up must come down
Yet my feet don't touch the ground
See the world spin upside down
A mighty crash without a sound
I can feel your every rage
Step aside I'll turn the page
Breakin' thru your crazy maze
Like a laser beam my eyes on you

Watch me rule the night away
Watch me save the day
Feel my storm is getting close
Headed your way

* Sonic Heroes
Sonic Heroes
Bind you confine
you defying your reign
Sonic Heroes
Sonic Heroes
Setting the stage for a heroes parade

I won't even hesitate
A second left to alter fate
And you try to strike but a bit too late
Got you hooked by my own bait

Watch me rule the night away
Watch me save the day
Trapped by your own crazy dream
and you can't wake

* repeat

You can bet there ain't no doubt
As the words
spill from the mouth of a hero
I can chase another day
Fight you all the way
Like a hero

And together
we stand tall no matter how
No one can bring us down...

* repeat

We Can

SONIC HEROES - 2003

Performed by Ted Poley & Tony Harnell

Lyrics by Ted Poley

Music by Jun Senoue

Look out down below
Sonic is on the go
Can't stop this party till we save the world
This time, not alone
We've got some friends along
And as a team we can become even stronger

* Together, we can, overcome all the odds
It's never as hard as it seems
Everyone can do something special
The secret is sharing your dreams

We can make it
If we all stick together
We won't give up not ever
And everything's gonna be alright
We all bring out
The best things in each other
Together we are stronger
Than anyone else could be on their own

So much better than alone

Sonic's in the lead
Giving us greater speed
Tails keeps us flying high to stay above trouble
And knuckles by our side
Makes this a safer ride
We'll save the world and teach that Eggman a lesson

* repeat

** We can make it
If we all stick together
We won't split up not ever
It's easier with my friends by my side
We all bring out
The best things in each other
Together we are stronger
Than anyone else could be on their own

So much better than alone
Better than alone

Together we can overcome all the odds
It's never as hard as it seems

** repeat

Can't stop us cause together we are strong!

I Am... All Of Me

SHADOW THE HEDGEHOG - 2005

Performed by Crush 40

Lyrics by Johnny Gioeli

Music by Jun Senoue

I hear no speak no evil black writing's on the wall
Unleashed a million faces and one by one they fall
Black hearted evil or brave hearted hero
I am all I am all I am...

* Go ahead and try to see thru me
Do it if your dare
One step forward two steps back I'm here

** Can you see all of me
Walk into my mystery
Step inside and hold on for dear life
Do you remember me
Capture you or set you free
I am all I am all of me...
I am... I'm all of me...

I see and feel the evil
My hands will crush em' all
You think you have the answers
I'll laugh and watch you fall
Black hearted evil or brave hearted hero
I am all I am all I am...

* repeat

** repeat

I am I am everyone,
everywhere, anyhow, anyway, any will, any day

** repeat

His World

SONIC THE HEDGEHOG - 2006

Performed by Ali Tabatabaee & Matty Lewis from Zebrahead

Lyrics by Ali Tabatabaee & Johnny Gioeli

Music by Tomoya Ohtani

Come on and light the fuse
He's a rocket and he's ready to go
Cuz now the countdown's started and its ready to blow
He's got the dope sounds bumpin' and in stereo-eo
Kickin' it fast, puttin' on a show
Go on and get yourself together, there's no time to rest
And if you put the time in, he'll put you to the test
He's like the running man, in his world, more is less
And if you want to test him, you best bring your best
Don't make me spell it out, best bring your best

In this world... His world
Where life is strong
In this world... His world
Life's an open book
In this world... His world
Where compromise does not exist
In his world of worlds every step meets the risk

In this world... His world
Where one is all
In this world... His world
Never fear the fall
In this world... His world
Where compromise does not exist
In his world of worlds every step meets the risk

Running it back again, well whatcha expect?
Coming out to win 10 out of 10, got a real rough neck
Spikes up his liberty and straps on his shoes
Cuz he's the best there ever was haven't you heard the news?
Intergalactic continental champ running things
Hyperactive instrumental in pulling strings
He's the one who understands when the tides will swing
So he's breaking down doors, never following
Come on and psych yourself up cuz its time to play
Bounce to the beats and the rhymes cuz they're here to stay
The one and only marathon man living today
Rollin' up, comin' fast, and he'll blow you away
Cuz the pressures of this world, they can take there toll
And it's tough to get away when they take a hold
The only way to break free is to break the mold
He can't stop now, lock and load
Don't stop now, come on, rock and roll
