# **BUCKLEY BILL MAY PASS** Entire Juke Box Industry Urged To Immediately Fight

# Rep. Chas. A. Buckley's Bill (H. R. 3190) Now In The House Patents Committee. Union Affiliates Asked To Help. All Employees Of Mfrs., Distribs, Jobbers, Operators And Allied Industries Must Lodge Protests Immediately. All Pending Bills Scheduled For Quick Passage.

WASHINGTON, D. C. — In view of the fact that the Congress of the United States is now anxious to terminate its present session and that all bills which have been pending are being scheduled for as rapid passage as possible, the Charles A. Buckley Bill (H.R.3190) to amend the Copyright Act of 1907, which is still in the Patents Committee of the House of Representatives, may soon be pushed out of the House and into the Senate—where it can, in very short order, become Federal law.

And, as is well known thruout the juke box trade, should the Buckley Bill become Federal law then every owner of a juke box in the nation is liable for payment of a yearly license for the use of the copyrighted music which his juke box may be playing. In short, as in the wording of this Bill, each juke box would then be giving "a public performance for profit" and would be no different from a theatre, nite club, or any other spot where an admission is being charged and a copyright license fee is paid to ASCAP, the (American Society of Composers, Authors and Publishers) or to BMI (Broadcast Music, Inc.).

It is further well known that in an editorial of three pages in the July 24, 1945 issue of *The Cash Box*, this publication not only analyzed the entire contents of the Buckley Bill but even reprinted the bill itself in its entirety. *The Cash Box* warned the juke box industry at that time (and has continued to warn them ever since, week after week) that as long as this bill remained in the Patents Committee of the House of Representatives in Washington that there was always the danger that some one of the representatives might come to the front for it and push it thru its three necessary readings. (It seems that statements have already been made in Washington by certain representatives to push this Buckley Bill thru the House.)

There is no earthly doubt that this bill (which originally also included the movies in its demand, and which demand was immediately removed from the bill by the quick action of the film people) is now completely and solely directed at the juke box industry. This bill will make each and every juke box owner in the nation pay anywhere from \$100 to \$200 or more per year per machine license for the privilege of playing the music copyrighted by ASCAP and BMI.

To get some idea of the extent of this bill and its financial meaning to ASCAP and to BMI—let us suppose that this bill was being pushed thru now and that the approximately 400,000 juke boxes in these United States would have to pay at least \$100 per year license to ASCAP for each individual machine, and maybe that much more to BMI. This would mean a payment of about \$40,000,000.00 per year to these organizations from the juke box industry. Is it any wonder then that they are going to continue the battle to get the Buckley Bill thru the House Patents Committee and into the Senate where they can then try to make it a Federal law and force each and every owner of a juke box to pay whatever fee (whether it is \$100 per yearly license or even \$1,000 per year) they may desire?

The Cash Box has been the one and only force in this industry which has been warning the trade about this bill. Should it ever become law this entire juke box industry would halt right where it is at present and perhaps fall down to just a small industry with very little future ahead of it. As one man stated, "That would be that as far as canned juke box music is concerned". And this is one gentleman who means to do away with "canned juke box music".

It is now up to every single member of this juke box industry to get into immediate action and attempt, by every possible means, to halt this bill in its tracks. Not only the operators, jobbers, distributors and manufacturers of juke boxes—but also the entire field allied to this industry. And, in addition, every union affiliate of this industry directly as well as all the union affiliates of the allied industries.

It is necessary to bring labor into this battle at this time for politicians like to count votes before they take a definite stand on any bill. And labor's vote is

individual machine, and maybe that much | the one power which can hold back legismore to BMI. This would mean a pay- lation of this type.

> The union affiliates of every single division of this industry protesting this Buckley Bill because it would hurt their labor members to the extent where they would lose wages and revenue would force a decision in the matter of the Buckley bill. There is no doubt that the unions of the cabinet makers, motor manufacturers, etc., etc., in addition to the union affiliates directly connected with this industry and their widespread affiliations into other fields would be of great value to squash this Buckley Bill.

> As these reports come in from Washington that many pending bills will be hurried thru as fast as possible, it is up to the members of the juke box trade to as hurriedly offset any obstacle which may be thrown in their paths. This Buckley Bill must be stopped before it can become law. Once it becomes law then this industry will face a fight for negative legislation which is one of the toughest jobs that any group of men could choose for themselves.

> At the present time there is no lobby and no committee composed of members of this industry residing in Washington to watch this bill. Certainly there is no one there from this industry working to halt this bill. There must be put together, by the leaders of this field, the proper committee of men who will spend their time in Washington, in the House Patents Committee if necessary—at each meeting of this committee — to watch carefully that the Buckley Bill is squashed before it can raise its ugly head to knock-out the members of this trade.

> Furthermore, every single member of this trade must now get into instant action to protest this bill. Not only from his own office to his Congressman, but letters and wires from his employees, from their families, from his locations, from the firms and the employees of the firms from whom he buys, from his union and association affiliations and from all friendly union affiliations as well as from every sort of supplier and every dealer he can push into this picture who would be affected by the passage of this bill in loss of monies and labor.

Unless this juke box industry immediately gets back of this effort the word from Washington is now to the effect that the Buckley Bill (H.R.3190) has all possibilities of passage. It is therefore absolutely necessary for the individual members as well as the associations and unions in this juke box trade to get right into action and not halt until the Charles A. Buckley bill is killed once and for all time.

PHILLY PHONO ASSN. ELECTS

# Goes On Record For Nat'l Tax Council By Unanimous Vote

PHILADELPHIA, PA. — In the most important meeting of the year the Phonograph Operators Association of Eastern Pennsylvania and New Jersey, held at the Schaff Building in this city, elected new officers to serve for 1946.

President of the association remains, Raymond C. Bernhardt; Vice-President: Benjamin Fireman; Secretary: Elsie W. Zercher and Treasurer: Harry Stern.

The following were elected to serve on the Board of Directors: Philip Frank, Frank Fromowitz, Herman Scott, Louis N. Sussman, Louis Klein, William L. King and William Appel.

The entire organization was tremendously pleased with the officers and the Board of Directors. Expressions from phono ops who attended the meeting were unanimous to the effect that, "the association will continue to do a grand job in 1946."

Most important vote held during this meeting was on the proposal made by *The Cash Box* for some years now that the industry create a "National Tax Council" for the complete protection of the trade so that when new and higher taxes are attempted the men will have some central source where they can obtain complete information, data, precedents, former cases, expert tax advice, etc.

This organization unanimously voted into their records that they would immediately enter into a "National Tax Council" and have set aside sufficient monies for such entrance.

At the present time the organization is fighting a proposed revenue bill here to raise the present license fee to \$25.00 per year per phono. They need experts who have been engaged in such tax revenue raising efforts before. But since there is no "National Tax Council" in existence in the industry today they have continued to fight on alone.

The organization calls to other associations thruout the country to get back of *The Cash Box* proposal that a "National Tax Council" be created. They ask that all associations contact them and start such an organization into being. They believe that the entire country wants and desperately needs a "National Tax Council".

President Bernhardt of this association stated, "We should like to be kept informed of any and all moves anywhere in the nation to get a 'National Tax Council' under way.

#### **RAY WILLIAMS IN HOUSTON**

HOUSTON, TEX. — Jess B. Skiles, manager of the Commercial Music Co., this city, reports that Ray B. Williams who heads the firm visited here after a trip to Chicago and brought news of the forthcoming "National Wurlitzer Days" which excited all the music machine trade in this city.

Skiles reports, "Mr. Williams was met by many music merchants here who were waiting to hear him tell them about the new Wurlitzer phonogrophs and remote control equipment for 1946. These music merchants were tremendously impressed and all eagerly look forward to the forthcoming 'National Wurlitzer Days'."

#### Terrence Corriston Passes Away

CLIFFSIDE PK., N. J. — Terrence Corriston, father of Eddie Corriston of Palisade Specialty Company, this city, passed away this past Monday (December 17) at 9:30 P.M. of complications following a serious operation at the Holy Name Hospital in Teaneck, N. J. He was 66 years old.

Mr. Corriston had been a resident of this city for over 30 years and was extremely active in all civic affairs. He was one of the most noted and best loved men in this community. He had, for many years, been the leader in all efforts to benefit this city and was known for his welfare work thruout the community.

All civic leaders and a great many noted citizens here felt the loss very keenly. All acclaimed the work which Mr. Corriston had done to help beautify this community and to win it greater acclaim.

In his youth, Mr. Corriston was a very noted athlete. He was one of the walking champions of the New York Athletic Club. He continued active in athletic events until the time of his demise.

Many coin machine friends are mourning with Edward Corriston the loss of his father.

#### ARCADE OWNERS CHOOSE OFFICERS

**NEW YORK** — The AOA (Arcade Owners Association of America) 1776 Broadway, this city, announced this past week thru their executive secretary, Barnett R. Berkens, that a general election of officers, in conjunction with their regular meeting, will take place at the Park Central Hotel in this city on Thursday evening, December 27.

Those members who cannot appear in person to cast their votes are urged to vote by mail. Such votes will be honored and duly recorded.

The candidates to be elected are listed as: A. W. Blendow president; L. Fox, 1st vice-president; S. Holzman, 2nd vicepresident; F. McKim Smith, 3rd vicepresident; A. Meyers, recording secretary; M. Webster, corresponding secretary; B. Katz for treasurer.

The following three regional directors are also listed for election: Ken Wilson of Chicago, Ill., Joe Ash of Philadelphia, Pa. and Meyer Wolf of Atlantic City, N. J.

#### COINMEN FLOOD MAILS WITH 1946 CALENDARS

**NEW YORK** — From everywhere in the nation coin machine buyers are being flooded with colorful calendars being issued by leading distributors and jobbers in the trade.

Last year was supposed to have set a record with the number of calendars which arrived to coin machine buyers from jobbers and distributors, but from information already at hand it seems that 1946 will find some of the buyers with as many as 20 and 30 calendars from as many different firms in the trade.

# **NEW OFFICERS** R & S Sales Aireon Distribs In Virginias

MARIETTA, O. — Ted Snearly and R. D. Rose of R & S Sales Company, this city, report that they have been appointed distributors for Aireon Manufacturing Corp. phonos and remote control equipment for the states of Virginia and West Virginia.

The firm are planning new offices in Richmond, Va. and also in West Virginia very soon in addition to their present offices here in this city.

Both men are extremely enthusiastic over the Aireon music line and believe that this will be the leading line for '46.

Ted Snearly stated, "After being connected with the automatic music business as long as I have I believe that I can state with complete honesty and also with complete knowledge of what the operators want. I have seen the Aireon phonographs and also the Aireon remote control equipment and I feel sure that when the operators also see this line of automatic music merchandise they will agree with Mr. Rose and myself that it is what they need."

#### XMAS TIME FACTORY MUSIC CIVES OPS COOD RENTALS

**NEW YORK** — Phono ops report that many factories thruout this territory are leasing juke boxes for the entertainment of their employees during Xmas parties. Rentals range anywhere from \$20 to \$35 per day for each instrument.

Some of the coinmen here are pulling in low take machines to turn these over to factories in this area who have been phoning to get juke boxes. One leading op reports, "We are asking \$35 per day to rent these factories a phonograph for the entertainment of their employees during their Xmas parties. We believe that this is a fair charge for we have to not only service the machine but it must play continuously and, many times, it receives tremendous abuse at these parties."

#### EAST AND MIDWEST STORMS TIE UP EQUIPMENT

**NEW YORK** — Leading jobbers and distributors here report that much equipment has been tied up en route to them by the blizzards which have been raging thruout the East and Midwest.

All equipment being shipped over New York Central Railroad lines is being rerouted out of the Buffalo, N. Y. area due to the great blizzard which this city underwent and which left over four foot of snow piled up in its wake.

New York City itself was struck by a storm of blizzard proportions this past Wednesday which practically halted all shipments of coin machines from this city to other parts of the nation.

Chicago coinmen, too, who have been in phone communication with the trade here, report that storms in the Midwest have slowed up shipping and tied up many machines which were en route to them.

## AOLAC HOLDS BIGGEST MEETING OF Samuel "Curley" Robinson Unanimously Voted Contract For Five Year Additional Term As General Manager. Forsee 6,500 Games Operating In Los Angeles County Before 1946 Is Over.

LOS ANGELES, CAL. - The Associated Operators of Los Angeles County, Inc., this city, held the largest meeting of this year this past week with over 175 of their members attending.

than just a regular meeting of this noted organization. There was a gala feeling in the air with the holidays approaching, with the fact that peace was here at last and that n e w machines had started to appear in this city from manu-

Samuel (Curley) Robinson facturers' production lines.

Great interest was evidenced thruout the meeting in the new, forthcoming equipment and many questions were asked as to when members would be able to purchase these. There were distributors on hand to answer these questions as well as they could.

Some interest was also shown in the prices of the new machines. The distribs who attended the meeting gave as much information as they could in this direction. Tho there was some sentiment shown in regard to the fact that prices were higher than pre-war, it was generally accepted with the labor and materials costs so much increased that this was to be expected. The ops who attended agreed that as long as new equipment was arriving the price didn't much matter.

The highlight of the meeting was the tremendous enthusiasm shown in the unanimous vote given to the managing director of AOLAC, Samuel (Curley) Robinson, who was asked to retain his present office for an additional five year term. A contract is being signed and given to "Curley" for these forthcoming five years.

"Curley" spoke before the entire assemblage and brought forth the many problems which the organization had faced during the war years. He explained how locations of association members, who had joined the armed forces, were maintained and preserved for them during the period they were in the Army or Navy. He also pointed out that the organization had actually grown more closely knitted together during these past war years. He vehemently attacked "malicious rumor mongers" whom, he claimed, were attempting to create strife and dissension in the organization and who also were directing much of their rumors against him, personally.

Curley then introduced Col. Marshall Micon, Los Angeles representative of "The Cash Box", who made a speech to the group regarding the general work of this publication as well as its policies in regard to the entire Pacific Coast trade.

Among the distributors who were called upon for short talks regarding the factories they represented and what they expected would help the first official publicity released regarding trade were: Al. Griebahn of California Amuse-Leonard Micon of Pacific Coast nv: Distributors; Paul Laymon of the Paul Laymon Company; Jack Simon of Sicking, Inc. and E. Ray of D. Gottlieb & Company, Chicago.

One of the most effective statements made by Curley Robinson during his speech to the men present was that at this time there were approximately 4,600 games operating in Los Angeles County. He also explained that this figure had dropped down to about 1,700 during the war period. "But", he stated, "we expect that before 1946 is over there will be 6,500 machines in operation in Los Angeles County alone."

# NEW DISTRIBS SEE AIREON PHONOS

KANSAS CITY, KANS. - Aireon Manufacturing Corporation, Radio and Phonograph Division, played host to sev-It was more eral new distributors this week and plan to continue with several private showings here, prior to the nation-wide distributor showings to be held throughout the country after the first of the year.

The men were enthusiastic over their first glimpse of Aireon's new automatic phonographs and remote control equipment. All agreed with their host, R. R. "Rudy" Greenbaum, Vice-President of Aireon, that "As far as the automatic phonograph is concerned, Aireon has certainly made a reality out of 'the shape of things to come'."

Reoding fram Left to Right: E. H. Cashion, Hermitage Music Co., Noshville, Tenn.; J. L. Brown of the C. E. Howard Co., Birmingham, Ala.; C. V. Hitchcock olso of Hermitoge Music Co.; R. R. (Rudy) Greenbaum, Vice-President of Aireon Mfg. Carp. and representing the H. M. Bromson Distributing Co., Louisville, Ky. are H. M. Bramson ond Gil Brawner.

# G. E. PRESENTS HOT DOG VENDER

SCHENECTADY, N. Y. - After a year of experimentation, General Electric Manufacturing Co., this city, believe that they have at last perfected an electronic, automatic "hot dog" vendor.

For one dime the public can now step up to the machine, which is much similar to any juke box in the attractiveness of its cabinet, and get a hot dog broiled right in the roll. As yet the firm haven't perfected any method for also vending mustard along with the electronically broiled hot dog.

The "dog" is cooked from the inside out and is reported to be extremely tasty. The machine is expected to go into immediate production at the factory here. Quite a demand is anticipated.

Rumors have been rife thruout the trade for sometime now that G.E. was producing such a machine. This is the the fact that this firm are entering into automatic merchandising field.

The belief is that a great many small restaurants and lunch counters thruout the country will buy this unit, not only because of its novelty, but also because of the fact that it will save them much time and money.

There are many operators in the trade who believe that they can very profitably operate such machines in their penny arcades and at park concessions as well as at many other spots in their communities.

#### HAROLD KLEIN VISITS AIREON PLANT

MILWAUKEE, WIS. - Harold Klein of Klein Distributing Company, this city, has just returned from a visit to the Aireon Manufacturing Corp., Kansas City, Kans., and report-

ed that he was very

much impressed with

According to Klein,

"After seeing the new

Aireon line of phonos,

and also the accessories

what he saw there.

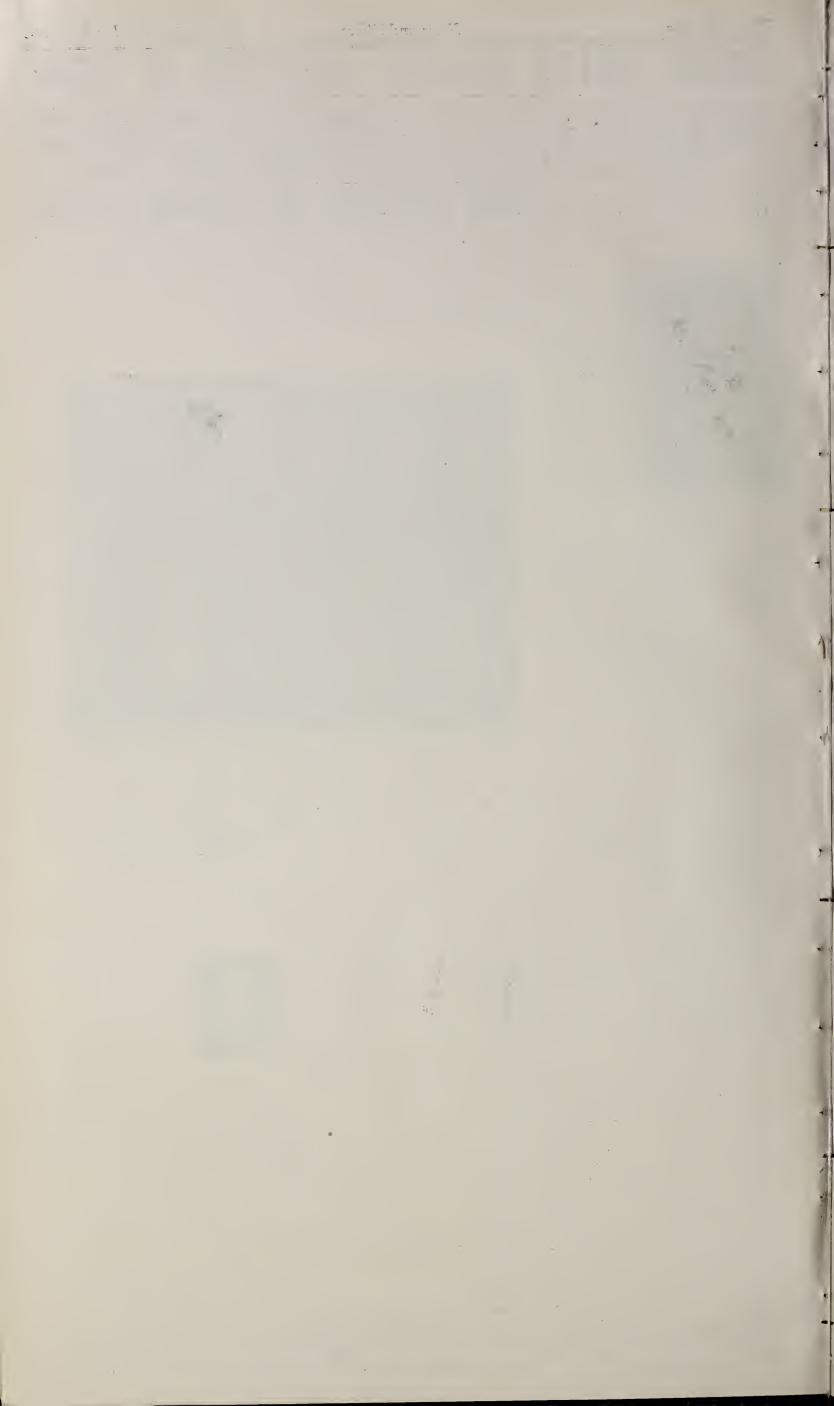

Harald Klein

and other equipment the firm will have for the trade sometime right after the New Year, I can only report that we are enthusiastically easer to get going with sales once again and give the music operators in this territory something which they have been looking forward to for many years.

"We are preparing to hold a very outstanding showing for the Aireon phonographs here as soon as they arrive. We believe that the music trade in this area will admit that they have never yet seen some of the brand new innovations in design and mechanism which they are going to see on these phonos."

Klein also reports that he intends to send some of his mechanics to the Aireon plant and have them become fully acquainted with the Aireon mechanism.

## Maj. Byram Sends AMI Service Photo To Doc Eaton

CHICAGO — DeWitt (Doc) Eaton, General Salesmanager of AMI, was thrilled this past week, he reports, to receive a photograph from Major Ira T. Byram, Jr., (Silent Sales Co., Washington, D. C.) showing one of the pre-war model AMI phonos being serviced on the Isle of Capri at an Army Air Forces rest hotel. Major Byram took the picture with a captured German camera.

Doc Eaton also reported, "We have received many pictures of AMI phonos being used all over the world by our armed services. This one was most interesting in view of the fact that it is being serviced by a general mechanic who has little or no knowledge of automatic phonographs."

#### Juke Box Gets China's First Lady Hep To Jitterbugging

**PEIPING, CHINA** — Mme. Chiang Kai-shek, China's first lady, saw her first demonstration of American jitterbugging at the swank Red Cross Legation Club in this city when she visited here on a Saturday night.

With the juke box located in the club playing "In The Mood" someone informed Mme. Chiang that this was good jitterbug music. She promptly replied that she had never yet seen it danced.

Sgt. Thomas Kearns of New York and Prudence Hemenway of Buffalo volunteered for the command performance.

With the introduction of jitterbugging to China's many young people, juke boxes are expected to grow more popular thruout this huge country.

#### Majestic Records To Have Plastic Disk

**NEW YORK** — James J. Walker, former Mayor of New York and president of Majestic Records announced this past week that phonograph records made of a plastic material known as Duraflex are now being produced by the firm.

Walker stated that the records produce "studio presence", fidelity of tone and reduction of surface noise and scratch "unobtainable with ordinary records."

### Guy Lombardo Wins Radio Editors' "Best Band" Title

**NEW YORK** — Guy Lombardo's sweet music has captured the title of "The Country's Best Dance Band" in the Motion Picture Daily's annual poll of 600 radio editors and columnists thruout the country.

Many juke box coinmen carefully watch this poll for it usually reflects a steep rise in the records of the band chosen for this number one position.

There is no doubt that Guy Lombardo recordings will get a very good play at this time, as the results of this poll are made nationally known to the public.

#### RFC OFFERS SURPLUS HAND TRUCKS FOR SALE

**NEW YORK** — More than 35,000 surplus hand trucks of the two wheel type, used for handling cases and barrels, have been placed on sale nationally to wholesalers and retailers on a fixed price basis by the Reconstruction Finance Corporation, New York Regional Director Frank L. Seymour of the Surplus Property Division-Consumer Goods, announced this past week.

Approximately 30,000 of the trucks are new and have ten-inch metal wheels. Some are equipped with rubber tired wheels.

For this region the sale will be conducted at the regional offices of the RFC, 61st floor, Empire State Building.

#### CANDY AT NEW HIGH

**WASHINGTON** — Operators of candy machines will be happy to hear that the Department of Commerce reported that 1944 candy production was at an all time high of  $2\frac{1}{2}$  billion pounds, an average of 20.5 pounds person.

This year, with the sugar shortage even more acute, production is high enough for an average of 18.6 pounds per person.

The department conceded that last year "the market for candy was not entirely satisfied". It said that the nation could have absorbed an additional 700 million pounds, if they had been available. (More than 25 percent of last year's production was bought by the Government for the armed forces.)

#### England's Decca Records Has Financial Ad in N. Y. Times

NEW YORK — Sir Cyril F. Entwistle, chairman of the Decca Record Co., Ltd. of London, England, reports on the 16th annual general meeting of the company in a large ad in the financial pages of the New York Times this past week.

He advises of the firm's work in accurate navigational systems as well as other war materials developments. At the same time he reports the firm's worldwide interests and also tells of the stock of Decca Records, Inc. of the United States.

Most interesting part of this report is the fact that this company believe they now have a revolutionary "gramophone" and that new type records will be made which are a great advancement over prewar type records to go along with this unit.

He also reports that export has started to Sweden and that the company believe they are on the way for their biggest business boom.

#### No Relief On Lumber Until Spring 1946 Survey Shows

**NEW YORK** — The Lumber Survey Committee with J. L. Miller, chief, lumber unit, Bureau of Foreign and Domestic Commerce as secretary, report that with production still declining in the face of unprecedented demand, lumber continues in short supply and there is very little prospect for relief before next spring.

Civilian demand, pent-up by years of war, has replaced the military demand, the report added. The Army and Navy are using their own stock-piles to meet their reduced requirements.

Stocks now are at the lowest recorded level. Lumber is moving to consumers at the rate of 2,000,000,000 feet per month, about the same rate as during the Fall of '39.

With the demand in the cointrade for cabinets of every kind growing daily, it is generally believed that this very short supply will hold up full production of all coin machine products using lumber in any quantity. The trade cannot expect to see volume production until the lumber supply loosens sufficiently to insure greater delivery.

# DAVE ROSEN GIVES BIG OFFICIAL OPENING PARTY

PHILADELPHIA, PA. — Dave Rosen, genial and smiling distributor here, officially opened his new showrooms and offices this past Saturday (December 15) to the cointrade and received many hundreds of compliments on the marvelous rebuilding job he had done to house his firm at 855 North Broad Street, this city.

Rosen took over this building sometime ago and then spent much time and money to make it one of the most outstanding distributor's headquarters in the coin machine industry. The building is three floors high and has an unusually large elevator to transport equipment up and down between the floors.

It features a main floor showroom, offices and parts department as well as a very large record department. The firm represent DeLuxe Records in this area. Upper floor is for display of used equipment. Here, too, there is a very large repair department featuring the latest equipment as well as a complete spraying shop.

Many new and modern innovations have been constructed into this new building. There is a drive-in for autos and trucks so that operators do not have to unload their equipment on the outside. They can now drive right into the building and unload their machines.

Rosen gave one of the largest and gayest parties ever held in this city to officially open his new quarters. There was unusually good entertainment featuring the famous Paul Slater, hypnotist, who has gained fame in leading publications for his work in relaxing people. He was written up in Reader's Digest for the fact that people who suffer from insomnia phone him at all hours of the night and he puts them to sleep by just talking to them over the phone. Slater is making a series of records for DeLuxe along this line. His demonstration lasted over an hour and was very well received by the large crowd.

In addition to Slater, Ted Martin, young singing star of DeLuxe Records, The Three Macs and the Four Blues performed to entertain the crowd.

There was an abundance of food and drink for all who attended. A bar was set up on the second floor as well as a table running the length of the entire showrom weighted down with food of all types.

Leaders from all divisions of the industry were present with many coming from New York, Chicago, Baltimore, Reading and other cities to help Dave Rosen celebrate his official opening. Distributors from everywhere in the east were present. Many manufacturers sent their representatives. DeWitt (Doc) Eaton, General Salesmanager of AMI, came all the way from Chicago to wish Rosen the best of luck.

It is generally believed here that this was the most outstanding opening in the coin machine history of this city.

#### ANOTHER PLASTIC RECORD

**NEWARK, N. J.** — The Plasmatomic Record Company of New Jersey, manufacturer of an unbreakable plastic record, will market its product in the popular music field at standard prices, with distribution scheduled for early 1946, it was announced yesterday.

Made of a new plastic material for which the company has the exclusive formula, the new record, it is said, does not break, crack or warp and is durable. The records will be made in the standard seven, ten and twelve inch sizes.

#### WESTERN CITY MAG REPORTS ON COUNTY'S POWER TO LICENSE PINBALLS

SEATTLE, WASH. — "Western City" magazine gives a most complete report on a "county's power to grant pinball licenses within city limits" which should prove of good interest to all the trade.

There may be other rulings to this effect in various other states. The above applies to the State of Washington. It reads as follows:

"COUNTY'S POWER TO GRANT PINBALL LICENSES WITHIN CITY LIMITS. We are asked whether a county has power to impose and collect a license fee for the privilege of operating pinball machines within a city.

"Section 11 of Article XI of the State Constitution provides that "any county, city, town or township may make and enforce within its limits such local police, sanitary and other regulations as are not in conflict with general law.

"Section 4056 Rem. Rev. Stat., granting powers to Board of County Commissioners, provides in part that they shall have power 'to license and fix rates of ferriage; to grant grocery and other licenses authorized by law to be granted by them.' These are the only provisions of law which we have been able to find which might be relied on by counties as authorizing them to license pinball operations within the county either inside or outside of cities.

"The constitutional provision referred to relates to police power matters. The licensing of pinball machines may be done as a police power measure if the license is in an amount sufficient only to cover the cost of regulation; i.e., if the licensing is not done as a means of raising revenue. However, a police power regulation or a licensing for police power regulation, or for that matter any other regulation prescribing a course of public conduct, could only be enforced by means of penalties imposed for violation of the regulations. We find no law authorizing County Commissioners to impose penalties for violation of its police or other regulations and fixing the amount or nature of the penalty which can be imposed.

"We find no law expressly authorizing Boards of County Commissioners to grant pinball operators licenses or to grant any licenses which can be said to include pinball operators. The deficiences in the law with respect to penalties would also apply to such licenses.

"There is specific statutory authority for cities to grant licenses and to impose penalties for violation of the license ordinance.

"While it is true that cities are included within the territorial limits of counties, and for certain purposes are regarded as a part of the county, from the course of state legislative action and lack of action it seems plainly evident that the legislature intended the power granting cities to license and regulate businesses and to enact police regulations to be exclusive in cities, except in so far as the state itself may have preempted that field and excluded cities therefrom. In this connection insofar as county officers act in enforcing state penal statutes they are doing so as agents of the state and not as agents or officers of the county.

"So far as we are aware there is no Supreme Court decision on the question but it is our opinion that the Board of County Commissioners has no power to require a license and the payment of a fee for the privilege of engaging in the business of operating pinball machines within city limits." # NEWARK EVENING NEWS FEATURES Story on Making Gambling Legal

## Study of Chicago Crime Prevention Expert Suggests Electing "Gambling Commissioners"

NEWARK, N. J. — The Newark Evening News, one of the largest papers in the country heavily featured a story on the perils of making gambling legal. Part of this story was devoted to Jersey City wherein political tie-ins are said to have made gambling possible. The story is based on the study by Virgil W. Peterson, operating director of the Chicago Crime Commission.

Thruout this study Peterson is very much against placing the licensing of gambling in the hands of any local or state political machine. Otherwise, he reports, the entire licensing program is sure to fail.

He states in part, "Licensing proposals are based primarily on the contention that because of the human desire to gamble it cannot be suppressed and, therefore, should be licensed and legalized with the people sharing in the profits instead of allowing the hoodlum element to reap all the gains.

"If these proposals are based on sincerity then it is clear that only one type of proposal is worthy of any consideration at all. If gambling is to be legalized it should be completely controlled and operated by the state with all the profits accruing to the people.

"A state agency should then be set up to operate and control the gambling business. It should be completely removed from politics. A commissioner of gambling should be elected directly by the people at a separate election."

Mr. Peterson then suggests, "Candidates for office (that of 'gambling commissioner') should carry no political party appelation. Rigid restrictions should be placed in the statute to make it impossible for anyone who holds, or had held, any political position, including that of a ward committeeman, alderman or precinct captain, from having any connection with the administration of the state agency that is set up to operate the gambling business for the state.

"It should be illegal for any political party to indorse or actively work for the election of the gambling commissioner. The salary of the commissioner should be sufficiently great to attract the most ably qualified men in the state.

"He should then be empowered to select his own administrative staff. The complete responsibility for the operation and control of the legalized gambling business thruout the state should be fixed with the commissioner.

"The law should have sufficient 'teeth in it' to assure that there could be no shifting of responsibility. All of the profits would go to the benefit of the people of the state."

Peterson states that perhaps this scheme would fail but he feels, "there is no justification whatever for the business of gambling to be legalized and permitted to operate for private profit, nor is there any justification for the non-productive lucrative business of gambling being operated for the benefit of any political organization".

Peterson also stated that indorsement of legalization proposals is not confined to gamblers and politicians. He says, "A considerable number of outstanding citizens without political ambition or affiliation and who are sincerely interested in civic betterment, believe that the licensing of gambling is the solution to the troublesome situation."

Peterson also writes, "There are many who enjoy gambling and can do so under proper circumstances without affecting the crime problem in any manner and with little, if any, detrimental effects on social welfare. Only moralists or reformers have any interest in such private conduct."

#### MATHENY BECOMES AIREON DISTRIB

WICHITA, KANS. — H. A. Matheny of Matheny Vending Co., this city, has been appointed distributor for the Aireon Manufacturing Corp. for the state of Kansas.

Matheny stated that the firm were going all out for Aireon and that they intended to show the music ops in this state the way to greater profits with this line.

Matheny also reported that the firm would have a most complete display and a special showing of the Aireon music line when the machines became available.

At the present time the firm are devoting themselves to contacting the various music operators in this state.

# NO TAX RELIEF

WASHINGTON, D. C. — Tho many coinmen are of the belief that some tax relief will come about right after the New Year, especially in the excise tax division, and in the \$100 counter games tax division, the arcade taxes, etc., very little hope is being held out for such relief according to reports from Chairman Doughton of the House Ways & Means Committee.

Such nuisance taxes as those on furs, jewelry, telephone calls, admissions, etc. will be first on the list for revision, reports state. There will be some fights to change present excise levies with special lobbies again arguing for special favors. But lowering taxes will be only a secondary consideration in the new tax bill which will come up sometime in April.

The primary aim will be to shift the present tax structure to a more workable peace time arrangement. While this may mean many tax changes, it doesn't mean tax cuts. Corporations may not get any relief until sometime in 1947.

Tax experts of Congress and the Treasury have been collecting and analyzing tax data for many weeks now and they have ideas as to how and why and where taxation should be exerted.

Since this is the big Holiday week many of the firms will close their doors on Friday evening not to reopen until Wednesday morning—so this column takes this opportunity to wish every single one of its readers — A Very Merry Christmas and a Happy and Healthy New Year. And, by the way, we sure do hope you all did get what you wanted in your stocking this Xmas morning.

# **CHICAGO CHATTER**

Regardless of the blizzards and snow storms raging thruout this region and the fact that so many of the coinmen are down with cases of "flu" or bad colds—there is still that Merry Xmas spirit in the air and a great many of the factories are giving their

employees a holiday that will extend from quitting time Friday until Wednesday morning. At the same time many of the factories are also running parties for their employees and some are even going to the extent of giving Xmas presents the like of which was never done before in the coin-biz. In general, then, it sure is going to be Merry Xmas for evermore in the trade and just as happy a New Year.

Great celebration over at the Dick Hoods' this Xmas with Mrs. Hood here from Florida for the first time during Xmas week and Dick's son back from the Navy and his son-in-law back from the Army and six grandchildren to be present at the Hoods' home in St. Joe, Mich. for one of the grandest reunions the family have ever yet enjoyed . . . Dick Groetchen, too, gets all imbued with the Christmas spirit and leaves for Hollywood, Fla. where he will be with Mrs. Groetchen and his family over the Xmas and New Year weekends . . . The very charming Mrs. Harold Baker comes up from Florida to be with Harold for Xmas and keep the home fires burning brightly . . . Art Weinand of Rockola Mfg. Corp. is one of the very busient execs in town these days. With A. R. Kelso out of town with phone calls coming in at the rate of one every minute and with so many, many newcomers in the town to ask about the Rockola "Phonograph of Tomorrow"—it loks like Art will be up to his ears for sometime to come.

And all the Seeburg distribs from all over the nation are in town enjoying the showing of the new Seeburg phonos at the Belden-Stratford Hotel. It is reported that the new machine was unveiled on Tuesday evening and the men actually applauded long and loud when they saw it . . . Nate Gottlieb was out for just one day this past week with a cold but came right back to his offices when he heard how Dave was being rushed about by callers from everywhere about the nation asking for more and still more games . . . And, by the way, Sol Gottlieb is on a trip thruout the east contacting their distribs and all coinmen there . . . Gil Kitt rushes down south but not for pleasure—this is a business trip and is reported reliably to involve one of the biggest deals this handsome, enterprising young man has ever yet made for Empire Coin . . . And Jimmy (Globe) Johnson actually dancing a jig all over his place for he reports he'll be ready right after the New Year to bust wide open with a surprise that he has been holding up for sometime now.

John Chrest of Exhibit Supply Company also comes out with the big news that the factory will present their first new post-war game right after the new year. "And", says John, "this is the most sensational machine we have ever yet produced for this industry"... Dave Yaras of American Amusement Co. dashes out to Tucson, Ariz. to spend Xmas and New Year's with his son who is in military school there. Dave is expected to make a hurried visit to Los Angeles and San Diego and other points in California while there and then come back home for a fast trip down to Florida... Harry H. Brown of American Amusement Co. reports that the firm are holding "open house for all the trade during Xmas and New Year's week"—and, at the same time, are also giving a big private party for all of their employees ... Gerry Haley of Buckley Mfg. Co. is plenty happy this Xmas with the fact that his son is back from service and the whole family feel swell and all are going to make this the most pleasant Xmas they have ever yet enjoyed.

Over at the O. D. Jennings' plant all of the employees are seen walking around with grand, big smiles on their faces for the firm announced that there would be bonuses from now on for all and not based on seniority either—but, instead, on merits . . . There were very, very few visitors in town this past week which is attributed to the fact that all coinmen like to stay close to home for the Xmas holidays. But, seen about the town were: Joe Rakowitz of Muskegon Music Co., Muskegon, Mich., C. R. Wells of Decatur, Ill., Floyd Wasson of Monmouth, Ill., C. B. McDaniels of Enid, Okla. and Cliff Bailey and Angelo Delaport of Syracuse, N. Y.'s famous Rex Amusement Co. . . . Over at Mills this past week the caroleers are all about the factory singing for the benefit of employees as well as all visitors and the happiest sort of Xmas spirit prevails all over the place. Vince Shay, as per usual, is the busient man in the place with out of town calls coming in at the rate of lightning and with visitors calling on him and with others wiring and writing him and Vince going thru it all like a General planning his formations.

Many a manufacturer in town terribly disappointed over the news that the plastic factories have been cut down again and that they wouldn't be able to get any of the plastic cabinets which they had been planning for since lumber is so tight. This will again probably hold up many of the factories from turning out bigger volume than they have been but there is nothing which can be done about it at this time. Yet, there is sufficient ingenuity and optimism noted to believe that right after January 1st there are going to be plenty more machines manufactured and delivered to all the trade. It is expected that the bottleneck will be broken all of a sudden and let loose like a flood.

Just in case you didn't know DeWitt (Doc) Eaton who is General Salesmanager over at AMI is a collector of unusual snake rings. He is said to have one of the very finest collections in existence. Almost everyone of the snake rings is either of solid gold or of solid platinum. In seven trips around the world he was able to buy specimens for this collection, which now numbers several hundred, in Honolulu, Hong Kong, Canton, Cairo, Ceylon, Calcutta and many other ports . . . Al Sebring of Bell Products is reported to be ready to make this one of the merriest of the holiday seasons and Al's beautiful quarters should be a real gathering place right after the New Year . . . Ray Moloney hasn't been heard from this gala holiday season but there is no doubt in anyone's mind that Ray will probably make every single employee of the firm happier than he or she has ever been before. You can depend on Ray . . . Some of the boys here are looking forward to a visit from Bill Alberg of Brooklyn Amusement Machine Co. right after the New Year.

Week of December 24, 1945

LOS ANGELES Len Micon of Pacific Coast Distribs tells the boys here that he has just received word from H. C. Evans & Co. that a complete shipment of brand new Evans' machines can be expected very, very soon. And did this make Lenny one of the very happiest guys in town . . . Len Kelly of K & M Distribtors claims that the quality of the Memo and Rich label discs have been greatly improved and should give every music machine op the most complete satisfaction. Len reports that they now use plenty of first grade shellac in the disc processing. In addition, K & M are going to announce some new recordings which they believe will click big with the trade in a week or so. "And", Kelly says, "they'll be ready for instant delivery when we make the announcement" ... Jimmy Rutter of Operators Service is a poet, in case you don't know it. He has been writing poetry for the papers here and it has been published, too. And-very good . . . Jack Simon of Sicking, just back from a trip to Tucson reports that he passed plent of eastern cars rolling to sunny California. "Looks like the east has decided to move west at last", says Jack. In the meantime he's preparing plenty of space for the new games he expects will start rolling in after the 1st.

The boys miss Jean and Dolores Minthorne. They're at that Seeburg meeting in Chicago. And, we hope, thoroly enjoying themselves . . . H. M. DeGovia of Dee's Service has opened a separate mechanical dept. in his shop which will be under the supervision of Johnny Post, well known service man. DeGovia is enlarging and remodeling his place . . . Looking for what they can find on coinrow, three ops from Visalia, Cal.; Claude Tomlinson, Bill McGowan and Ivan Wilcox . . . Paul and Lucille Laymon report that their showroom looked like Hollywood and Vine on New Year's eve when they reported that they had received their first sample of Bally's new Victory Derby-the one-ball the trade had been waiting to see. And now Paul is talking more on the phone than ever before-while Lucille is writing down those figures faster than ever before-and both praying that deliveries will start rolling in by the double carloads from now on in.

Ed and Mrs. Wilkes entertained the boss man and the boss lady this past weekend, Mr. and Mrs. Paul Laymon . Harold and Charles Hallgreen just out of the Seabees and both back operating immediately . . . Stewart Metz of S & A Novelty Co. just out of the Navy and so very glad to be back home again . . . That there travelin' man-Bill Wolf-of California Amusement Company Bill Wolfs-claims that he sure will not be travelin' east again for quite a spell. No sirree, not unless the weather reports come in a lot better than they have been of late. (But, we're betting that Mr. Wolf will be in Chicago just about the middle of January and will he be surprised-but good.) ... Nels Nelson is giving us a blow by blow description of how his new showrooms are getting back into action again. "In fact", says Nels, "I'll be ready for my great, grand, official opening in just about no time at all, at all."

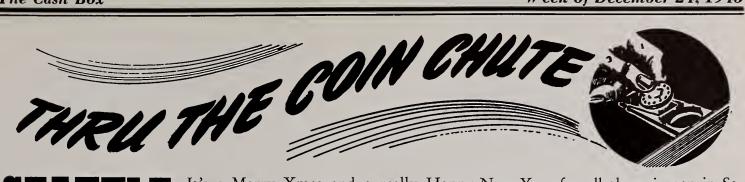

Bill Happel of Badger Sales Co. is celebrating these days because of the cables he received with nice, juicy orders for Manila. These are the first that he has had since V-J Day and buhlieve me, from what Bill says, it sure do look like the Manila boys want plenty of games and phonos there-and in a hurry, too . . . George Davison of Sydney, Australia, was seen shopping along coinrow this past week . . . The music ops got together for another meeting this past week but Sammy Ricklin whom the music ops are now calling "the little spark plug" was missing due to a severe cold. Anyway, Dick Gallagher, who is president of the organization, presided over the meeting and made it one of the most interesting the music coinmen had ever attended . . . Seen around town this past week were: Marvin C. Jones of Hanford; Henry Kusher of L.A.; C. E. Peddicord of N & P Amusement Co., Annaheim and B. A. Holloway of San Bernardino.

Jack Gutshall has just returned from a visit to the Bay City and reports that his new offices will soon be opening there. Jack is busier than ever before with plenty of news to tell the trade, plenty of records going like hot cakes, music machines in mind, and a dozen other ideas trying to break loose . . . Ken Brown of Coinmatic reports that the firm will release some new and sensational discs right after the New Year and Preston Jarrel of the firm reports that they look forward to a tremendous lift in the record sales business right after the 1st of January . . . Fred Gaunt of General Music reports that the new skee roll game of the firm is being very well received by the ops . . . Bill Luenhagen is planning on a salesboard featuring some of the better ciggy lighters but had to postpone the announcement due to the fact he couldn't get supplied with as many as he wanted.

Ray Powers of E. T. Mape Music Co. here reports that they are planning to release some news of really great importance to all the trade-and very, very soon, too . . . Bill Nathanson is now in production on 3 minute 16 mm shorts for the movie machines and is planning a big announcement about these very, very soon . . . Norman Glover, well known op here, just out of the Army was very badly hurt in an auto accident. Mrs. Glover died from the injuries received . . . The Cash Box

**SEATTLE** It's a Merry Xmas and a really Happy New Year for all the coinmen in Seattle this time. Especially the news that the Scavatto bill which endeavored to limit pinball licenses to 2,000 has been permanently shelved . . . Since Al

Sleight and his Missus (he's the Bally regional manager) were in town it looks like more and still more of the Undersea Raiders and Bally Victory Derby machines are coming to town . . . Earl Everett and Sam Grossman of Seattle Coin Machine Co. have done a really nice job of revamping their place. The boys are getting a great kick out of their "Coffee Bar and Jack Pot Corner" which is exclusively reserved for members. (Wonder if Earl and Sam will be making membership cards for this neat little spot?)

Lyn Ivey is reported to be working harder than ever trying to get his route into perfect shape ... Paul Pollock reports that business is better than good and looks forward to even bigger and better things for '46 ... Haven't seen Cliff Knowles around of late. Wonder where he's keeping himself these days? ... Johnny Michaels is keeping himself plenty busy these days. He's a booster for George Schnabel's Electric Coin Chutes and claims all the nation would use them if George told the trade more about them ... Art Andrell just back from a short vacation and seen making the rounds down coinrow. He visited all leading spots ... Frank Counter one of Seattle's really popular music ops tried the impossible just a week or so ago. Frank walked up and down coinrow looking for a new phono.

Bob Farrell of Oak Harbor, Wash. came to town to stay for a few days but when he found how tough it was to get a hotel room he went right back home that very same day... Funny how the ops here are asking who has who when it comes to the leading music machines — and mighty few answers being given the boys these days ... Here we are this past week right in the midst of a real dust storm what's that weather man thinking about these wintry days? ... George Schnabel claimed that he needed an entire floor to give the new Rockola "Phonograph of Tomorrow" the proper atmosphere so he called together all his best cement busters and they are hard at work doing this little thing for George ... "Russ" Wells expert phono man, formerly of the Preston & Wells team for Jack R. Moore, has just opened up a new parts and service shop over in Puyallup, Wash. ... And Vern Preston has joined forces with Walter (Solly) Solomon of Western Distributors where some music news is reported to be in the making ... Art Bentz of the Portland offices of Jack R. Moore Co. has been transferred here to Seattle. This is reported to be a real break for Seattle music ops for Art is reported to be "the expert who teaches the experts" ... Lyle Tenney formerly with Puget Sound Novelty Co. and recently returned from Minneapolis was seen in conference with his old boss, George Schnabel. Here's wishing you the best of luck whatever you decide on, Lyle.

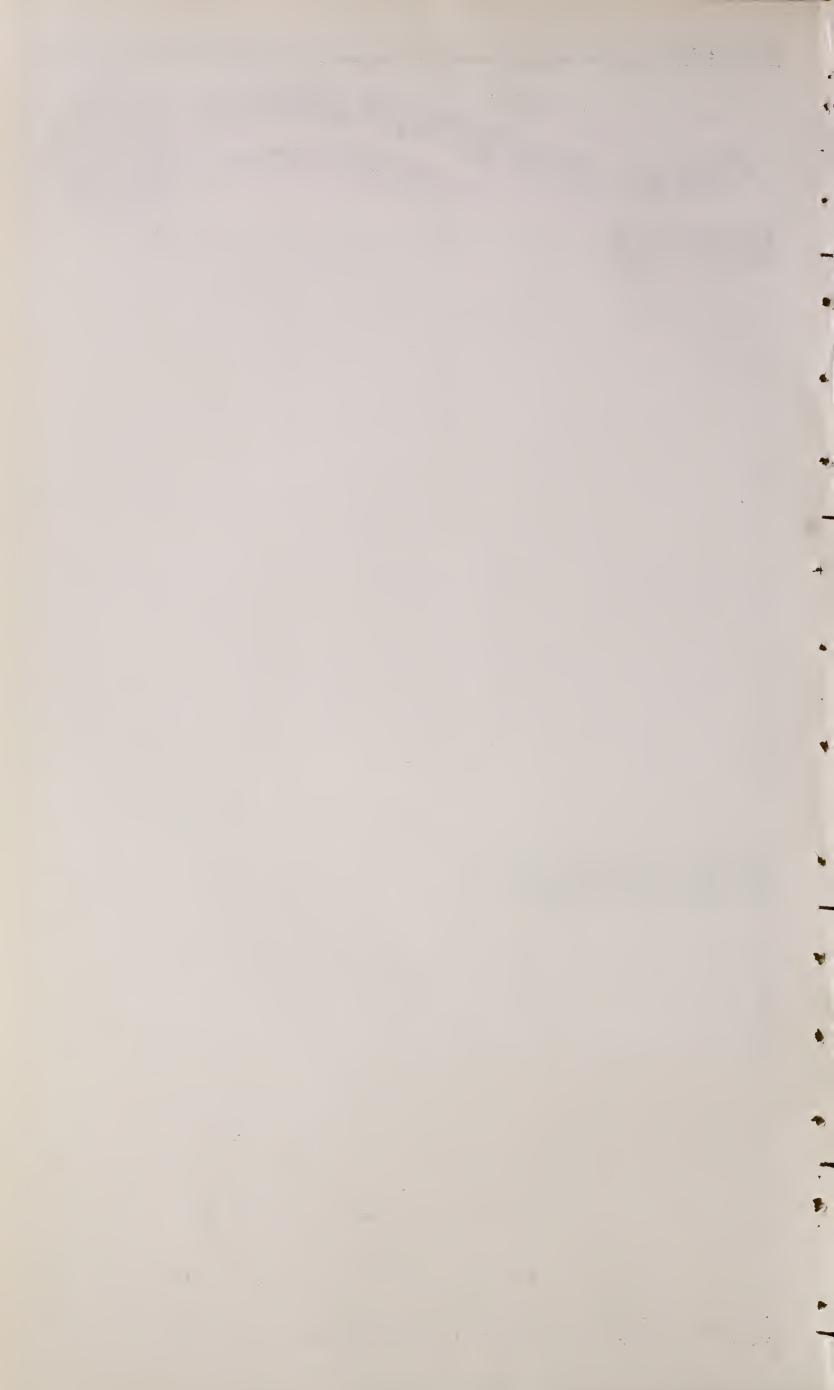

# MINNEAPOLIS

Well, everyone knows that it's really Xmas time out here. We're getting that 15 degrees below zero weather—and, brother, that is weather— and no foolishment, either . . . Bill Nowak, new

partner of Gus Swenson at Detroit Lakes, in town this past week and looking for the new phonos that he has been hearing so much about. We sure don't blame you, Bill, we all are looking for them . . . Lawrence Seig who recently came out of service immediately returned to his route. Mrs. Seig did a really marvelous job handling the route for the past 3 years while Lawrence was away . . . Ralp Meyers of Mitchell, S. D., in town for a few days all by his lonesome. "Just for fun", Ralph claims . . . Don Hegeman, who just got out of the Army, so it seems, is already tremendously enthused about the new machines he hears will be making their way into the Twin Cities after the first of the year. And Don is getting ready to do some expanding when the new equipment does arrive.

Roy Foster and Jim Hooker wheezed into town this past week dressed in about 456 pounds of woolens from the tip of their toes to the tops of their heads—both looking just like Eskimos—and got some of the Twin Cities' boys all hot and bothered. It's a heck of a lot colder up in Sioux Falls—you two Eskimos . . . Mr. and Mrs. Jim Wilcox came into town this past week to do their Xmas shopping. And both seemed to be having a really swell time getting around the stores . . . Joe Perkins who came breezing into town this past week from Cour d'Alene, Idaho, wearing nothing but a light topcoat and a sunny smile—was actually surprised to learn that Minneapolis and St. Paul do get that "below (and away belwo) zero weather". Buhlieve me—Joe dashed for home just as fast as he could get back.

And Ted Bush of Bush Distributing Co. is reported to be tranpezing all over the country. It seems that he just won't set—not even for a little while. And Ken Willis is working harder than ever to get ready for a grand showing of their new music line . . . Hy Greenstein and Jonas Bessler of Hy-G Amusement off to Chicago this past week to attend the showing of the new Seeburg phonos . . . Max Moses is contemplating a trip to Phoenix, Ariz. right after the first of the New Year.

Abe Kalif operator from McComb, Miss. comes to town to pick

LEANS up odds and ends for his phono route and see what's doing in New Orleans . . . Ray Augrain, Abie Chesser and Fletcher Blalock arrive in town from the big Wurlitzer distributors meeting in Chicago and bring along a new member for the F.A.B. Distributing family. He's V. L. (Jack) Grantham, a native of Crystal Springs, Miss., who, after 15 years with a large meat packing plant in Chicago (and we sure do wish we knew him during the meat shortage) has switched to the automatic phono biz . . . Dixie Coin Machine Co. is being remodeled from stem to stern-we're betting that by the middle of January you won't be able to recognize the old place . . . Those nifty ash trays and cigarette lighter seen over at F.A.B. this past week were a gift from Dan Cohen of Progressive Music Company.

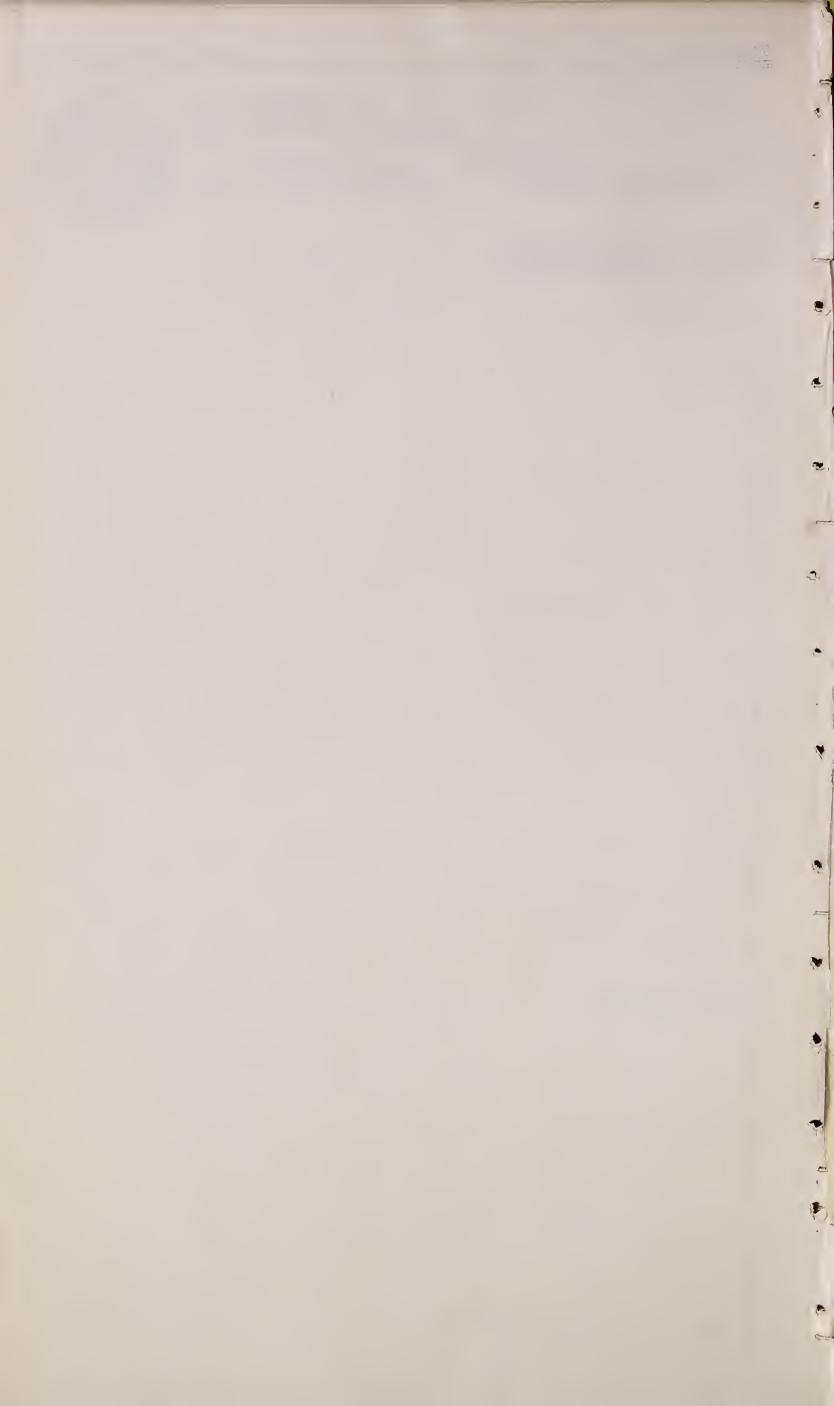

Flu victims, whom we're glad to report are recovered and themselves again, include Bob Dupuy, J. H. Peres, the N. Charles Wicker family, Henry Fox's little brood. Now we hear that John R. Macreadie of F.A.B.'s Columbia, S. C. offices is down with pneumonia. But we're betting that Johnny will be up and around soon-for nothing can keep a good man down long . . . Where's Ed Ponder? . . . Henry (the) Fox motoring on the Gulf Coast with his Missus and O. C. Marshall's better half-and doing business at the same time . . . Ben J. Shear reeturns this past week from a very busy full week's visit to the Windy City (Chicago) and reports that he met with many old friends while there. Saw Harry Batt in Chi who owns the Spanish Fort concession here. We also saw Sam Taron and also Herman Paster. While in Chi Ben purchased a Viking popcorn machine franchise out of Kansas City.

Andy North is back from Buffalo and Chicago thru all the ice and snow. Andy reports that smokes are very inexpensive up north-but meals-whew. And is he gahlad to be back home with his beautiful missus and their 6 months old dotter . . . E. B. Stewart and Les Griffen of Jackson, Miss. down Nola way and seeing what is to be seen around these parts . . . Jules Peres reports that he is again enlarging his showrows in anticipation of a big showing of the new phonos the firm represent sometime in January . . . They're calling that tinted pic of tiny Kelly Ann Chesser-"The Glamour Gal of 1956" . . . C. E. Sherrill in town this past week to attend this 'n' that and so sweet not to collect the bet that Sally lost to him . . . Tony Mele of Hammond, La. finally put in an appearance in town. On this trip, tho, the license plates on his car were in full view.

Allen Becker won't need matches anymore. His gal, Claire Delery, made his happy birthday even happier with the gift of an initialed sterling silver lighter, made down in Old Mehico . . . By the way, forgot to mention that Ben Shear's new partner as of the 1st of the year will be Lou H. Meshbesher, formerly associated with an advertisng concern down in these here pahts . . . That huge, huge basket of assorted fruits received by Jules Peres was an Xmas present to the gang from the William Manufacturing Co. (pin-tables) of Chicago . . . And let me close this column with a Merry, Merry Xmas and a Happy, Healthy, Prosperous New Year to all of its readers. (And we hope that for 1946 everyone of you guys and gals who reads this column will send us plenty of good news-and we do mean pahlenty.)

A few little Xmas items reach us from this important Canadian city and it seems that all the boys thruout the Dominion will be happy to know about them . . . They tell us that Al Siegel who is now the Wurlitzer distributor in this area and in other good parts of Canada is traveling about more than he ever did before. Yet, they say, Al sure is lonesome for one of those sessions at the Bismarck Hotel in Chicago where he learned that the Windy City could be extremely hospitable-regardless of the snow and ice and the very cooling winds ... And, by the way, Nora Kidd, that gorgeous secretary of Al Siegel's, is getting herself married sometime this coming April of '46 to one of the boys who returned from duty with the Canadian Army. It sure will make a lot of the coinmen feel bad to know that Nora will now be a Missus and not a Miss.

Johnny Hamilton ran down to Buffalo the other day to get more parts and supplies for the boys who come to him clamoring for more and still more . . . Jack Schwartz of Quebec Coin Machine Exchange, Montreal, is expected to arrive in town soon to look things over . . . They say that Paul Silver, whose Dad owns the Silver Arcade in Montreal and who has done so very well in the arcade business, may plunge deeply into the music business this coming year . . . By the way food and drink ran rampant this latter part of last week here as some of the jobbers and distribs made it their business to entertain everyone of the coin machine men who showed up in town. There's one thing to be said for Torontoand that is-that it sure is one hospitable place for the coinmen to visit . . . And so-A Merry Xmas and a Happy New Year to everyone.

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. Copyrighted 1945 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.

## FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

## **METHOD**

The C.M.L Blue Book is to be read as follows: First price listed is lowest price for the week: Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.
