Holding that bag of gold he snared with his sensational dinking of "Hair Of Gold", young Jack Emerson beams as he shakes hands with local phono merchant Dan Kipnis of Young Distributing Company, New York distributors for the Rudolph Wurlitzer Company. "Hair of Gold", Jack's first dinking zoomed to the forefront of the nation's juke boxes and is currently one of the hottest items around. The terrific popularity of Jack's dinking spotlighted the youthful balladeer and prompted General Artists Corporation into signing him. Jack is now set for a hectic appearance tour throughout the nation. Jack Emerson is exclusively featured on Metrotone Records. Direction: General Artists Corp. Personal Manager: Jay Mayer.

THE CASH BOX exclusively covers the coin machine industry, including operators, jobbers, distributors and manufacturers, and all those allied to automatic coin operated music equipment; automatic coin operated vending machines and service machines as

well as all coin operated amusement equipment; the music and record business, recording artists and publishers of music; and all others in any fashion identified or allied to the coin operated machine industry as well as all finance firms, banks and other financial institutions expressly interested in the financing of coin operated equipment of all types.

THE CASH BOX has been recognized by various associations of coin machine operators throughout the United States as their official weekly magazine.

THE "C. M. I. BLUE BOOK," also known as "The Confidential Price Lists," gives prices of all new and used coin operated machines of all kinds, weekly reporting all market changes and continually adding on all new equipment. The "C. M. I. Blue Book" is officially recognized by many cities and states throughout the country as the "official price book of the coin machine industry." It is an integral part of *The Cash Box*. The "C. M. I. Blue Book" is used in settlement of estates, in buying, selling and trading of all coin operated equipment. It is the one and only officially recognized price guide in the coin machine industry. The "C. M. I. Blue Book" is used by finance firms, factors and bankers to guide them in making loans to the members of the coin machine industry.

Talking It Over

As one noted operator puts it, "Can we continue to buy new machines at the prices being asked and only take in an average of \$5 or \$6 per week—and still amortize the cost of the machines as well as show a decent profit?"

And that question is now being asked by more than one coinman throughout the nation. Each one of these men realizes that he simply cannot continue to go along on this basis. His labor costs are up over 150%; his cost of supplies, parts, etc., are up far over 100%; new machines are up over 150% in a great many instances and, therefore, if he is to amortize all these costs plus pay for the new machines and show a profit—especially at collection averages of \$5 and \$6—he knows now that the time has come for him to immediately change his complete set-up.

The picture is not too rosy to a great many coinmen today. They see the falling averages in their machines as a definite indication that people are returning to more normal ways and they believe that the time has come when they must meet this with an increase on their part.

The average operator realizes that he cannot continue in business today, with the overhead he now endures plus the prices he is asked to pay for new equipment, on the present collection averages. *The Cash Box* has been suggesting to him for over four years that he jump to at least 70% of the gross collection and that he even improve this figure if necessary to assure him remaining in business.

There is no other way out for the man who wishes to remain in this business. He must make a change and do so rapidly. He must arrive at some agreement with all the other men in his area and they must work together.

The one and only way in which any coin machine operator can combat this is to raise the percentage he receives from the gross collection to the point where he can continue on in this business on a profitable basis.

PINBALL LEADS SALES FOR THIRD QUARTER

More and More Ops Swing Over to Games. Find Pinballs Boost Averages. Expect Many New Type Amuse. Games for Fall Season.

Once more, as during the past six months, pinball leads the field for the third quarter (July, August and September) 1948.

More and more operators have swung over to pinball. They have found the new and exciting games to their liking and, what's most important, appealing to the public.

As one noted operator stated, "If not for my pinball games boosting my overall average for all my equipment, I would have quit long ago."

A terse, simple statement which gives the reason why pinball leads thruout the field. It has been capable of keeping coinmen in business.

Pinball leadership came about the latter part of 1947 and has continued without halt. From all present indications this leadership will continue thru the balance of the year.

Pinball led the field during the third quarter because the games made it possible for coinmen to continue forward, even while the general public and all small business was in a recession period.

Most coinmen now look forward to many new types of amusement games being presented by the manufacturers with the opening of the Fall season.

Some conversions have already appeared in the amusement field, the larger type machines, and a few of these have met with approval.

A return has been noted to the bowling games. Many of these have been sold, traded and exchanged these past few months, opening new locations in the east and many of the midwestern states.

Rolldown games, some converted, have also entered into the limelight again. There is now a belief that there may be some new ideas in the rolldown game field.

Shuffleboards have won great popularity in the western states and are traveling into the midwest areas. The east has had non-coin-operated shuffleboards for some years.

But, after all other games are studied, pinball again comes back to lead the field. The lead which pinball has taken over the former "king of coin operated machines," the automatic phonograph, is so definite that unless something of a revolutionary nature is presented in automatic music then pinball is bound to continue leading the entire market.

What's more, the new type pinballs have met with great approval. The public like them and that means that the averages will continue to hold up.

The manufacturers have been building the finest machines in their history from a mechanical and play standpoint. The pinball factories are to be given all credit due them for being the first with sufficient fortitude to attempt to break down the summer slump period. Every major factory presented new games during the past torrid months.

Also interesting is the fact that pinball manufacturers have been the most daring of the pioneers in the field. They have been the one and only manufacturers to present new play ideas. They have continued to mechanically improve their products. And the net result is that the operator no longer fears mechanical trouble from pinballs.

The hope now is that the players will be able to once again invest in pinball entertainment like they used to when inflation wasn't as vigorously in effect.

All is being based by the nation's ops on the manufacturers presenting entirely new, different and better ideas which will once again capture the interest and play of the public.

The fact that pinball continues to be the most outstanding of all the nation's economical entertainments bids well for these games to lead the way from now on.

"Ah, But It Happens" (2:56)

"That's The Way It Goes" (3:00)

NICK DeLANO

(Black & White 868)

● Love the boy—there's no mistake about it. Offering one of his best vocal jobs ever, piper Nick DeLano turns in a dazzling performance on this cookie labeled "Ah, But It Happens" and "That's The Way It Goes." Music ops should know the topside well since it has meant repeat play for some time now. Nick's silvery polished pipes spoon pleasure all over the place and add up to a grade A needling. On the flip with "That's The Way It Goes," Nick keeps the metro down low and sweet with this teeming, torrid hunk of wax. You've gotta listen to this boy to really appreciate him—and that's just what we recommend. Run out and stock up—but pronto!

"Buttons & Bows" (2:55)

"San Antonio Rose" (2:47)

THE DINNING SISTERS

(Capitol 15184)

● Charming vocal elegance supplied by the Dinning Sisters and the metro of this click ditty on deck for music operators shows as one that is heavily loaded with the stuff that makes for coin winners. The ditty, "Buttons & Bows," from the Paramount picture "The Paleface" shows the gals in superb vocal styling throughout this cookie. The song itself has all the top notch qualities that go toward making a phono winner. Vocal performance is in there all the way and is sure to be appreciated by The Dinning Sisters' many fans. On the flip with a western ditty titled "San Antonio Rose," the gals spoon their pleasure in effective manner beside this standard. "Buttons & Bows" for the moola.

"Cow Cow Boogie" (2:48)

"House Of Blue Lights" (2:56)

FREDDY SLACK ORCH. WITH

ELLA MAE MORSE

(Capitol 15188)

● Pair of reissue sides by the great Freddy Slack crew with chirp Ella Mae Morse in the vocal spotlight are these done up brown. Probably one of their best ever, Freddy and Ella combine to give out with the old familiar eight bar beat to "Cow Cow Boogie." Music ops should know the wax well since it scored like mad a number of years ago. Ditty retains all of its freshness and might be just the right thing for sagging phono take. The flip, "House Of Blue Lights" is also another ace out of the deck and should win its fair share of phono play too. We'll bet on "Cow Cow Boogie."

DISK OF THE WEEK

"You Started Something" (2:50)

"The Click Song" (3:00)

TONY PASTOR ORCH.

(Columbia 38297)

TONY PASTOR

● Here's a double-barrel winner if there ever was one! Two sides of hot wax, sure to be featured in the very near future are these done up in top styling by the great Tony Pastor ork. It's some of the best music we've heard from Tony or anybody in quite some time, and bound to be a coin winner very shortly. Thrush Rosemary Clooney hogs the limelight on the top song,

titled "You Started Something." Believe us this gal certainly does start something with her terrific rendition of this teeming, torrid song. Rosemary displays a ton of feeling and warmth in her delivery in this ballad. Wordage of the song is plu-perfect and makes for wonderful listening pleasure. The kids who love to love are bound to go for this song in a big way. The gal's sensational delivery rates orchids galore—it's that good. On the back with another sure-fire winner, Tony and the boys deliver the extremely cute lyrics to another coin culler "The Click Song." Wordage is aimed at the famed nitery of the same name interwoven with "clicks" that click from start to finish. Add the wonderful music the Pastor boys give out with and ops have a pair that can really do it. For sure coin in the boxes get next to this platter!

"Buttons and Bows" (2:56)

"I Know Where I'm Going" (2:57)

EVELYN KNIGHT

(Decca 24489)

● Top notch ditty sure to be found in the phonos in the very near future is this bit offered in exceptionally wonderful manner by chirp Evelyn Knight. Song, tagged "Buttons and Bows" is a natural for the juke box trade. Evelyn's pleasant and charming voice spoons the light, delightful lyrics in captivating manner, with some wonderful music pitched up in the background by maestro Mannie Klein. Tune is from the Paramount flicker "The Paleface" and should come in for some heavy publicity. On the flip with "I Know Where I'm Going," Evelyn once again turns in a first rate performance. Song is patterned after the top deck in that same light refreshing style. "Buttons and Bows" is a cinch to clinch with phono fans.

"I Go In When The Moon Comes Out" (2:51)

"Ah But It Happens" (3:00)

CARMEN CAVALLARO ORCH.

(Decca 24488)

● Sprightly piano rhythm of the wonderful Carmen Cavallaro ork combined with some wonderful vocalizing by piper Al Cernick offers the incentive for music operators on this hunk of wax. Sure to stir up loads of noise in the music biz with this duo, Al displays some wonderful pitch in his offering of "I Go In When The Moon Comes Out" and "Ah But It Happens." The kids vocal styling is nothing short of terrific and makes you stop and listen time and again. Smoothly fashioned phrases spill throughout both sides of this platter, with the top side grabbing the glory. Deck is cute as a bug in a rug, with some wonderful spots of fine piano interwoven. "Ah But It Happens"

should be well known to music ops. This rendition is one of the better around. The wax deserves a spot in your machines.

"Cuddle Up A Little Closer, Lovey Mine" (3:01)

"By The Light Of The Silvery Moon" (3:02)

GUY LOMBARDO ORCH.

(Decca 25405)

● Pair of reissue sides by the Guy Lombardo ork and "Cuddle Up A Little Closer, Lovey Mine," and the old favorite "By The Light Of The Silvery Moon" on deck for music ops to take a peek at. Both songs undoubtedly are well remembered by music operators. They're offered in the best of Lombardo fashion, with piper Kenny Gardner displaying his vocal talent on the pair. The wax may come in for some rejuvenated coin play in the tavern spots. Ops who have a call for this brand, would do well to take a look-see at this duo.

"I Ain't Gettin' Any Younger" (2:41)

"It's Different When It Happens To You" (2:46)

ANITA O'DAY

(Signature 15217)

● Tricky chirping of thrush Anita O'Day and a pair which might boom ops take. Wax titled "I Ain't Gettin' Any Younger" and "It's Different When It Happens To You," shows Anita in a gorgeous display of vocal splendor. Top deck bounces around in sprightly fashion with Anita echoing the title. Ork backing by the great Benny Carter crew hypo the needling all the more and add to its brilliance. On the flip, Anita tones down the tempo a bit as she switches to "It's Different When It Happens To You." Wax won't stop traffic, but then again you can never tell about the Anita O'Day fans. Ops take it from here.

"This Is The Moment" (3:04)

"On A Slow Boat To China" (2:49)

LARRY CLINTON ORCH.

(Decca 24482)

● Pair of sides by the widely popular Larry Clinton ork and the musical set-up of "This Is The Moment" and "On A Slow Boat To China" kicking up for music operators. Topside from the 20th Century flicker "That Lady In Ermine" is currently creating a bit of a storm and attracting its fair share of coin play. This rendition, with piper Lloyd Strang on deck for the vocal rapture should add to its popularity. On the backside with "On A Slow Boat To China," chirp Helen Lee and The Dipsy Doodlers display their vocal charm on this pleasant hunk of wax. The biscuit spins in moderate tempo and is suitable for the dance and listener crowd alike. Both sides rate ops listening time.

"Jalousie" (2:47)

"Stardust" (2:49)

BILLY BUTTERFIELD ORCH.

(Capitol 15189)

● The wonderful instrumentality of the equally wonderful Billy Butterfield orchestra are shown in a dazzling display on these sides. Billy's fine trumpet work on this wax should merit him wide praise in music circles and garner loads of play in the phonographs. Offering his rendition of the beautiful "Jalousie," Billy shows his unique musical styling to best advantage. The music as rendered here makes you wanna listen all the more. On the flip with the standard "Stardust," Billy and his boys once again give out with more pleasant music that's hard to beat. Both sides of this cookie should perk up phono play. Get 'em.

"My Old Fashioned Girl" (2:45)

"I'll Always Have Memories Of You" (2:52)

AL DONAHUE ORCH.

(Crystal-Tone 523)

● Long missing from the phonos as a name attraction, orkster Al Donahue sets with a ditty that is sure to put the spotlight on the maestro again, and boom him to the forefront of the music world. Offering the beautiful strains to "My Old Fashioned Girl," chirp Charlene Bartly displays some superb vocal elegance to set the stage for a slew of coin play. The wax rates like a spade flush—that's how good it actually is. Her vocal performance is full of captivating pleasure and is sure to win wide favor from music operators. On the flip with "I'll Always Have Memories Of You," the Donahue crew bounce back with another potential coin culler. Piper Jaye Pace tees off this one and turns in a hunk of musical charm. "My Old Fashioned Girl" should net ops loads of silver—hop on!

ROUND THE WAX CIRCLE

NEW YORK:

Joseph Green, younger son of A. B. Green, prexy of National Records, in New York to assist the plattery in production and promotion. Miss Sylvia Langer, right hand gal to Mr. Green, reports an upswing in sales. And speaking of sales of records, loads of diskers have been found to be more optimistic than ever, recording ban and all. Seems as if the bulk of the nations record manufacturers are looking forward to their best fall season ever. . . . Charley Kenny and Mike Zarin at the Waldorf's Flamingo Room in confab over a very cute ditty tagged "Violin." . . . Love the way Bernie Cummins at the Terrace Room, Hotel New Yorker talks about the "old days." Quite a band the lad has. . . . Jake Friedman, one of the south's largest disk distributor's showing the town to his missus and his cute little dotter. . . . Jimmie Parks, well known and beloved to the music trade has been hospitalized for the past three months. He's at the White River Junction Veteran's Hospital, Manchester, N. H. Jimmie, composer of "Maybe I Love You," and a super disk salesman if there ever was one has undergone two serious stomach operations. We're sure Jimmie would get a helluva kick if his many friends would send those get well cards pronto. . . . That "Real Gone Gal," Nellie

NELLIE LUTCHER

Lutcher, whose recordings have established a new sales high for Capitol Records opened to thunderous applause this past week at New York's Cafe Society Downtown for a ten week engagement. Judging from her recent performance at the Click in Philly, the management had best prepare for standing room only. Nellie's "Cool Water" is a top Capitol seller. . . . Jack "Hair of Gold" Emerson is now fronting the former Chet Howard ork. The band is booked solidly by GAC. . . . Race record fans all hepped up over the latest National Record release. "Once In A While" by The Ravens, backed by "September Song" and "You're My Everything" and "Cool Breeze" by Billy Eckstein. Early word has it that both are top notch platters. . . . Gene Krupa show at the Capitol Theatre really rockin' 'em with his wonderful rendition of "Stompin' At The Savoy" . . . a terrific platter too. . . . Tommy Dorsey's "Until" a sure thing to click with phono fans . . . and speaking of "Click" we love that song.

CHICAGO:

Woody Herman, booked for the reopening of the Panther Room on Oct. 14th, will not open now until perhaps the first week in November due to decorations and scarcity of materials. . . . The China Doll, scheduled to open this Friday with Alvino Rey, is reported to be in difficulty with the China Doll in New York over the use of the same name. . . . The Aragon and Trianon Ballrooms booked solid into next year. Maestro Eddy Howard skedded to step into the north side Aragon after Orrin Tucker, with Dick Jurgens following. . . . Clark Dennis in town for a singing engagement at the Cook County Fair. . . . Ted Travis, Randolph Street music man, doing a five time a week disc jockey show on WJJD. . . . Frankie Carle penciled in for Milwaukee's Riverside Theatre in late September. . . . Eddy Howard's record of "Maybe You'll Be There" kicking out like mad in this area. . . . Gene Autry's opening at the Oriental was such a big success it required the policing of the entire square block of the theatre. . . . Billy Bishop at the Walnut Room of the Bismarck until Oct. 4th, then to the Carnival in Minneapolis. . . . Griff Williams back home again and doing a swell job in the Empire Room of the Palmer House. . . . Bud Chase, the up and coming disc jock of station WEMP in Milwaukee is none other than the son of Mac Churvis, well known ad man around town. A few of the celebs who have guest starred on Bud's show are; Illinois Jacquet, Stan Kenton, Larry Clinton, Nellie Lutcher, and many others. Bud has a free and easy style that is rapidly catching on. . . . Ray Mc Kinley hotter than ever with a slew of smash RCA-Victor platters. . . . Herbie Fields and his sextet wowing the crowds that flock to the Club Silhouette to hear him give out with his renditions of "Jalousie," "Star Dust" and that old time favorite "Dardanella." . . . Sarah Vaughan going over big with her audience when she gives out with her blue notes at the Blue Note in the loop's newest nite spot.

RAY MCKINLEY

LOS ANGELES:

Black & White steps into the local indie spotlight this week on several counts. . . . The new Black & White office set up in New York by Paul Reiner, who picked Larry Newton to head it up and handle all shipments to East Coast distrib. . . . Reiner's associate Ben Pollack (who is not a lawyer but a former top band leader, maestro of his own Jewel label and, to our knowledge, not even related to attorney Dave Pollack) was passing through Cleveland when last heard from by John Blackburn, a very busy and happy boy at the B & W Hollywood headquarters these days. . . . That goes for the Al Patrick Supreme label new chirp, Paula Watson, whose "Pretty Papa Blues" (cute and original title, eh?) and "A Little Bird Told Me" should put this gal right up in the Nellie Lutcher-Camille Howard class and fast. . . . We'll also climb out on that limb to say that T-Bone Walker on the new Comet label with "Westside Baby" and "Lonesome Women Blues" is at his best yet. . . . A young local lad who used to do a lot of singing around the hospitals for vets and GI's, is Nick Delano. It's time record fans discovered he sounds like Sinatra and Damone all in one. . . . As long as this is B & W week, don't miss Highway's "Is It True" if your spots go for a terrific guitar done up in "Hair

DORIS DAY

of Gold" style. . . . Doris Day's platters keep spinnin' hot. . . . Bill McCall of 4-Star touring Chicago, Cincy, Cleveland, Detroit, New York and then to Nashville en route home, setting up deals with distrib. who are clamoring for his "Pretty Mamma Blues." . . . Bill will also huddle with New York music publishers over a tie-in for the fine western numbers 4-Star has on hand. . . . John Davis of Specialty honeymooning and boss man Art Rupe busy on a big deal. . . . Capitol's "Twelfth Street Rag" by Pee Wee Hunt catching on locally and promises to top tunes twelve years younger and then some on the boxes. . . . Belated recognition, too, on general locations for Louis Jordan's great Decca disc, "Run Joe" . . . Getting a great play wherever ops put it in.

Morty Shad Named Sales Manager Of Lenox Records

NEW YORK—Morty Shad, president of Georgia Music Distributors this past week was named sales manager of Lenox Records, subsidiary firm of Donald Gabor's Remington Record enterprise. Shad replaces Bill Simon, who has been named to head the sales managers post at Continental waxery.

It was learned that Georgia Music will distribute the Lenox platter's throughout the New York, New Jersey and Connecticut areas. The Lenox line, consisting of race recordings is thus far the only one of Gabor's Remington's platteries to function.

Foch Allen, general manager of the Lenox label is presently touring the South and mid-Eastern areas setting up distribution and sales arrangements.

Plattery Announces Price Slashes In List Of 100 Selected Records. Nationwide "RCA Victor Value Week" Set. Disks Go For 35c

"Masked Spooner" Newest RCA-Victor Artist

NEW YORK—RCA Victor Records has announced the first nationwide factory-sponsored price markdown program in its history in order to stabilize inventories of record dealers so that they may capitalize fully on the peak season of consumer buying in the final quarter of 1948.

The plan was announced to RCA Victor's 48 independent record distributing organizations this past week. The program will be launched nationally September 13th for a five-day period and will be supported by an intensive newspaper and radio advertising campaign.

The markdown program will be confined to a specially selected list of 100 cut-out records in the Popular, Country, Western, Blues and Rhythm categories, and will be promoted nationally as "RCA Victor Value Week." The selected items will be advertised and sold at 50% off suggested retail list price on the basis of 35c for a single 10-inch Black Label record, or three records for one dollar.

RCA Victor distributors in all areas where Fair Trade agreements are in force are notifying dealers that fair trade contracts are being amended for the period covered by "RCA Victor Value Week." All dealers are to revert to fair trade price listings upon conclusion of the markdown period. Authorized price reductions for a period coinciding with "Back To School" promotions will add tremendous impetus to "RCA Victor Value Week" and will offer an excellent opportunity to consumers generally to secure a wide selection of records at half-price, asserted James W. Murray, Vice President in Charge of RCA Victor Record Activities.

The factory-sponsored markdown period will also prove to be a tremendous aid to retailers currently confronted with unbalanced inventories as a result of seasonal declines in popular record sales, which were more pronounced this year than at any time since the end of the war.

This has been reflected in overstocks which, coupled with subsequent overcautious buying by dealers has deprived customers of the opportunity to purchase new releases.

"As a result, dealers would be forced to enter the peak volume sales period with bad inventory ratios unless we came to their aid with a factory-sponsored program that ensures quick disposal of slow-moving and surplus records," Mr. Murray said.

"This sponsored program will enable distributors and dealers to sell merchandise at authorized markdown prices instead of being forced to compete with 'gypsy' operations. Activities of 'gypsy' operators and non-franchised dealers who concentrated on wildcat price-cutting have placed franchised dealers at a distinct com-

petitive disadvantage," Mr. Murray said.

RCA Victor record distributors also have been notified that the company's advertising department is preparing a special series of 800-line newspaper advertisements which will herald "RCA Victor Value Week." The ads will be made available to distributors in mat form and will list the 100 selections scheduled to be merchandised during the price markdown period. The advertising is to be placed by RCA Victor distributors, with provision made for participating dealer listings or exclusive dealer representation.

Meanwhile, RCA Victor announced the addition of the "Masked Spooner" to their roster of popular recording artists.

"The Masked Spooner," West Coast radio star has zoomed to nationwide prominence via an unusual new microphone technique called "spooning."

The Spooner himself recently appeared in RCA Victor's New York offices wearing a mask and hood which covered his head and face completely, and a long black opera cape. It was his first visit to New York since he assumed the mask and cape which have cloaked his entire personality in anonymity.

Novelty of his recording contract is the fact that in order to retain his masked identity, the Spooner's contract with RCA Victor had been signed by Jack Rourke, West coast radio producer who manages the masked artist.

In previous radio appearances, Rourke has insisted that payments be made in cash to the Spooner as insurance against revealing his identity.

The Spooner's style is a careful blend of singing and crooning which he calls "spooning." The technique he uses is that of speaking love poems to music. Fan reaction to the novel radio style has been remarkable, with thousands of fan letters pouring in confirming Rourke's contention that by now the public does not want to know the identity of the Spooner but just wants to hear his voice. The Spooner is described as about 30, is over 6 feet tall and weighs in at 175 pounds.

He has variously been identified as Walter Pidgeon, Joseph Cotten and Gregory Peck, but Rourke has neither confirmed nor denied any of these clues.

One report has it that the Spooner is a movie actor who was suddenly seized with the urge to be a "crooner." He did not want his studio to know what he was doing which accounts for the mask. Whatever the true legend is, the Spooner has definitely set thousands of tongues wagging and RCA Victor looks forward to his initial waxings as a further means of piquing public curiosity about this unusual artist.

PLATTERIES REVOLT AGAINST DISK BAN AS BIG FALL SEASON LOOMS

“Redcap, Suh?”

NEW YORK—Manie Sacks, vee pee of artists and repertoire over at Columbia Records continues getting ribbed over a little episode the recording chief had with Jack Benny upon the latter's return from Europe.

Music Corporation of America had asked Manie to facilitate Benny's custom routine since Manie knew all the boys. Things were running smoothly until Benny offered Manie a \$20 tip. Manie had all he could do to politely refuse Benny's gesture of extreme generosity.

New National Record Release Wins Ops Favor

NEW YORK — Latest National Record release to hit the disk market was greeted with wide favor this past week by music operators throughout the East. The platters, two sides by The Ravens tagged “Once In A While” and “September Song” and a Billy Eckstine platter titled “You're My Everything” and “Cool Breeze” indicate that the pair will shortly be top race favorites.

National's Billy Eckstine recording of “Sophisticated Lady” continues surging in popularity polls throughout the nation meanwhile.

Diskers Rebel Against Petrillo Ban As Top Sales Season Opens. British Ban Against U. S. Cutting And New Musical Season Has Nation's Record Execs Hot. Music Publishers' Slump Continues

Diskers Continue Sales Hypo With Music Ops

NEW YORK—With the record season beckoning huge sales during the fall months, disk manufacturer's throughout the nation voice open “revolt” against the recording ban imposed by the American Federation of Musicians last December 31st.

Since the British Musicians Union imposed its ban against the recording by U. S. musicians, diskers on this side of the pond have, in recent weeks, allegedly begun using AFM tootlers.

Since the recording ban is not a “strike,” the nation's plattery execs are fortified with the knowledge that the Taft-Hartley Law will afford protection against any union reprisals.

The Taft-Hartley Law and its provisions calls for severe penalties in the event that employees are kept from earning a living by reasons of coercion, fear or other pressure.

Prior to the British imposed ban, diskers were going across to England and cutting wax there or importing background music which was then shipped to this country and then dubbed in with vocal chorus'. Altho the major platteries in this country still have a large backlog of masters, new songs from legit musicals and films have cropped up which look very promising. The lack of new song material is also cutting in sharply on the music publishing business.

Recording execs state that they expect their biggest fall season ever this year. There is no doubt that the Petrillo ban would slice into it's sales tremendously.

Prior to the recording edict, the top major platteries in this country had a record on every one of the “top ten tunes.” With the recording ban in effect many diskers have seen sales virtually “fly out the window.” It is also open knowledge that many of the major's disk distributors have had to take on independent lines to make up for the loss in sales thus experienced. Witness the case of “Manana” where only two of the majors had recordings on that song. Other platteries with large distribution channels could undoubtedly have sold a raft of recordings; with the disk ban on they couldn't sell hardly one copy.

Sheet music sales continued to slump this past week, while record sales had taken on a noticeable increase. One well noted publisher stated, “I don't know how much longer the public is going to take the songs that have been virtually forced upon them.”

“We've got loads of top song material just itching to get off the shelf.”

“This disk ban hasn't only hit the music business. It's affecting other industry's as well, printing industry, supply houses and loads of other people.”

The nations diskers continued to hypo sales this past week with music operators by close personal contact. Disk distributors were quick to agree that a large percentage of their total sales volume had increased immensely

as a direct result of their contact with music operators. Plan among most distribs was that of sincere “honesty”—no pushing of platters which they, the distributors did not believe the music operators could use.

One mid-western readily stated, “I've found that selling operators is an easy as pie, just as long as we, the record distributors are honest with them, and don't try and push records down their throat. The ops, for one, aren't going to eat wax any more than we care to.”

“Add to the fact that we're selling more records to operators than ever before,” he continued, “our credit department tells me that the music op represents a better financial risk than the retail dealer.”

Bogus Platters Invade Eastern Market - Many Diskers Switch Labels

NEW YORK—The bootleg record business which had been in operation on the West Coast for the past few months, this past week began invading the Eastern market, it was learned late this week.

Independent disk manufacturer's, hardest hit by the bogus racket, sought to overcome the difficulty by switching the color of their record labels. Altho several diskers stated that they had noticed a decline in the bootleg practice upon the switch, still others readily admitted that the bootleggers fell right in line and switched labels along with them.

Legislation against the bootlegger's which had been forthcoming on the West Coast was apparently temporarily stalled this week.

JUKE BOX BIZ JUMPS

Ops Report Averages Going Up. Disk Mfrs Arrange Special Coverage as Sales Figures Rise. See Best Season Ahead.

NEW YORK—Reports started to flow in from the nation's juke box ops this past week to the effect that, "Averages are again spiraling upward."

As one well known op advised, "It was sudden and it was also surprising. The collections we enjoyed this past week are among the best we've had all year. From all present indications looks to us like these are going to continue upward."

He also reported, "Taverns are telling us that business has picked up and that more customers are coming in once again. Much of the loss in juke box play was attributed to loss of tavern customers. Now that they are returning once again, with some of the taverns telling us that they are enjoying anywhere from 20 percent to better than 50 percent more business, we note that play has jumped to the same extent and we believe that this is the first indication that the Fall season is well under way with play sure to go up even higher."

The above is a "sample" of the type of reports being received from well known juke box operators.

The reports of the various tavern owners associations that their members were enjoying a business "lift" corresponded with the fact that ops,

too, were suddenly enjoying better collections.

It is also noticeable that juke box ops have been buying disks in larger quantities than for many past months. This is also attributed to the general biz rise and the further fact that the new records have been helping the operators to get better play action.

In keeping with the rise in play action it is reported that some of the leading disk manufacturers have started an intensive coverage of the juke box field. Salesmen are now working far out in the hinterlands meeting with juke box ops at odd and uncertain hours.

"Formerly," one leading disk manufacturer reported, "our salesman found that they believed they were 'wasting' too much time trying to catch up with the juke box operators. But," he says, "after we urged them very strongly to meet with the operators and they found that they could enjoy quantity business when they did, they are now making intensive coverage of the field."

He also said, "The average operator has to be reached before 10 A.M. or after 5 P.M. and the hours in between are now devoted to retailer and distributor coverage with 'orders' to our men to contact juke box operators in

every territory. One salesman was amazed to receive an order totaling over 1,500 records from just one juke box operating firm. This was more records sold to this one firm than he had sold all that week to all other outlets."

Another and very important factor is that the average operator is mighty pleased by direct contact from the record manufacturer's representative for he then is not only assured of obtaining what he wants in faster time, but, also gets to know what's new and what has been placed on the market in the latest releases.

As this manufacturer stated, "The juke box business can save the entire record market for the men in this field simply 'eat' up the disks. They want the best they can get and are in constant need of records. Our men now realize this and are going far out of their way to help every juke box op by telling him just exactly what we have released, playing the new disks for him and also arranging for a fast delivery schedule."

The fact that the juke box business has once again started to jump is also somewhat due to the newer equipment which many ops installed and which they continued to play along with even during the past bad summer sea-

son. Many even pulled in machines and stored them during the summer months. These machines are now again being placed on locations.

One well known op reported this past week, over the long distance phone, "I pulled in 40 machines over the summer months. But, I'm putting them out now and only on a guarantee minimum with the locations. I find that we can once again see some real profits from the equipment and we are making it a definite point not to place any machines unless we are guaranteed a minimum service fee. The result has been that we are again showing a very nice profit."

In the meantime juke box distributors are trying to arrange for a better finance plan with banks and factors. These distributors report that sales would be at high peak if they would have finance backing as they used to get prior and during the war period.

Used phono sales are at peak right now. Most of the later models going at extremely reasonable prices and the action is fast in this field. The belief is that the newer machines will also be moving faster once the trade settles down to a better commission percentage basis and also arranges for minimum service fee guarantees.

Deanna Bartlett Eyes New Song Material On Continent

NEW YORK—Deanna Bartlett, president of Cherio-Rytvoc Music Publishers Inc., this city, was learned to be scanning new song material in Europe this past week.

Miss Bartlett, who recently left for the continent with Winnie O'Keefe of the Langworth Transcription firm is expected to remain in Europe for another month and then return home. The dearth of song material and the lack of recording means in the United States supposedly prompted Miss Bartlett's trip abroad.

RACE DISK O' THE WEEK

"Rub A Dub" (2:35)
"Stop Breaking Down" (2:48)
SONNY BOY WILLIAMSON
(Victor 20-3047)

SONNY BOY WILLIAMSON

● John Lee (Sonny Boy) Williamson, with two tunes he composed, walks away with the "Disk" this week. The topside, "Rub A Dub," is one hunk of wax that'll get 'em listenin' if ever shellac did before. His beat, rhythm, vocal and general backgrounding, makes this one of the best sides cut in many and many a moon. Just listen to Sonny Boy spill the wordage to this side

—just once—and your feet start tappin', your hands start clappin', your body swayin', and you're goin' right along with him thru every word in the lyrics. It's, "I'm just a'rubbin'," and "Better start to rub," and "Keep on rubbin' on the same old thing," but, with beat and rhythm that's gone. On the flip, "Stop Breakin' Down," Sonny Boy gets hotter than hot and simply pleads, "Baby, please, stop breakin' down," in such fashion that he just draws every bit of tune out of the wax and rolls it into the best hunk of beat he's ever cut. This is shellac that's gonna have 'em arguin' as to which side is the topside. Frankly, our choice is "Rub A Dub." Just listen in. Then grab a boxful and spread 'em around your spots. This platter is simply filled with moneymakin' dynamite.

"Lazy Lady Boogie" (2:55)
"As Times Goes By" (3:04)
THE PHIL MOORE FOUR
(Victor 20-3046)

● Here's a platter that'll win a zillion friends for The Phil Moore Four. Phil Moore proves himself one of the grandest of the vocalists on both sides of this disk and it wouldn't be at all surprising to see this disk cop top spot in many and many a juke box. On the topside, "Lazy Lady Boogie," Phil goes 'way, 'way out to present one of the hottest pieces of wax cut in a long time. It's that good it simply zings off the platter. On the flip, "As Time Goes By," Phil does a warbling job on this great old tune that'll set 'em right back on their heels. Grab this platter and learn for yourself.

Walker simply cuts, "Lonesome Women Blues," into the bluest of blues sides. And, he does it in speedy time, something all juke box ops are going to appreciate. On the flip, "West Side Baby," T-Bone tells a story in the lyrics here that's gonna have many a guy agreeing with him. Just listen in to this disk. It has every possibility of climbin' to the top.

"Stardust" (2:12)
"Ratio And Proportion" (2:10)
LORD NELSON
(King 4235)

● King Records can be mighty proud of this new release. Lord Nelson and his Boppers produce instrumental wax here, in speedy timed spinning, which is sure to win lots more friends for them everywhere in the nation. With the great Hoagy Carmichael's "Stardust," Lord Nelson cuts a unique and different interpretation that's sure to win friends everywhere. On the flip, "Ratio And Proportion," he goes into medium fast tempo and lets his gang go 'way out to bring wax to the juke box trade that's got nickels, dimes and quarters pressed right inside of it. This is one disk you can latch onto and know it'll pay off.

"Mood By Midnite" (2:36)
"Stampede With Van" (2:41)
CANDY JOHNSON'S SEXTETTE
(Alben 101)

● Talk about hot instrumental, well, here it is, with Candy Johnson and his Sextette taking over the beat and carrying it right thru to a bang-up finish to produce a platter here that has all the earmarks of being a moneymaker anywhere in any man's juke box. On the top deck, "Mood By Midnite," Candy simply rolls rhythm and bop together into a unique and different beat. On the flip, "Stampede With Van," the boy goes all out and Candy gives the Sextette every chance to show off their instrumental artistry. This is one platter that will go great in many and many a spot. Don't hesitate to latch on, it's got "it."

"Hogan's Alley" (2:34)
"Why" (2:55)
CECIL GANT
(King 4231)

● Plunkin' at the 88's like they were something out of this world, comes Cecil Gant, always a juke box favorite, with two sides that are hotter'n hot. The topside, "Hogan's Alley," which Cecil announces before he gets deep into the tune, "... is in Cleveland right down 51st Street," simply rolls off his fingers like water off a duck's back. On the flip, "Why?," with the melody simply jumping off the platter, Cecil takes over the vocal and does another grand, grand job. Here's wax that's sure to please and will win Cecil Gant even more friends than he now has. Latch onto this platter for a filler that'll really pull in coin.

"Lonesome Women Blues" (2:28)
"West Side Baby" (2:41)
T-BONE WALKER
(Comet 50)

● T-Bone is back again. This time he cuts a disk that will jump his fan club into top spot on many a spot. With the hottest of hot blues, with grand vocal and with beat and rhythm for which he's famous, T-Bone

Hit Tune Parties By Music Operator Associations Hypo Disk Sales

Nation's Disk Jockeys, Record Companies Back Automatic Music Merchants Platter Promotion

NEW YORK—Hit Tune Parties, sponsored by music operator associations throughout the nation continue to attract the leading disk jockey's and record manufacturer's and promote increased record sales.

The parties, currently being presented by trade groups in Detroit, Cleveland, Washington, D. C., Cincinnati, Philadelphia and several other cities have attracted wide attention in recent months.

Working in close cooperation with the juke box leaders, disk jockey's in the above cities all readily admit that the parties have been most beneficial to all concerned, and have served to bring light upon the wonderful work the juke box industry is doing in their effort to combat juvenile delinquency.

A recent party, sponsored by the Michigan Automatic Phonograph Owners Association played to more than 5600 enthusiastic teenagers, who danced and were entertained by Capitol Recording artist Stan Kenton and his orchestra. A statement from Roy Clason, business manager of the association read, "We are pleased to report that our last Hit Tune Party, which was held September 5th, with the music of Stan Kenton and his band, featuring vocal by Christy, certainly came up to our highest expectations."

"The tune out was the largest we have ever had. A record crowd of 5,600 teenagers danced to the music of Stan Kenton and listened delightedly to their favorite disk jockey's who were Larry Gentile of station CKLW and Allan Douglas of station

WKMH." "Our Hit Tune for October will be picked at a later date by the membership."

Similar parties are held each month in the cities mentioned above. Juke box associations in other cities were learned to be planning Hit Tune Parties also. Disk jockey's who are co-operating with the associations have stated that their listening audience has increased immensely since their line-up with the juke box people.

London Records Set-Up Canadian Distrib Outlet

NEW YORK—London Records this past week announced the addition of its own distribution set-up in Canada.

The plattery, owned by British Decca, exported disks only to the U. S. Their Canadian distribution was handled by the McKay Distributing Company, Ottawa.

It was learned that McKay will continue to distribute platters but only in the Ontario province, while London Gramophone of Canada, Ltd., takes over the rest of the territory.

Jim Landay and Fraser Jamieson who have been with London's New York office since it was established last year will head the Canadian branch it was disclosed. This branch will serve the McKay outlet with records, whereas the latter formerly got its platters from New York's London office.

"Folk" and "Western" Record Reviews

"Is It True?" (2:38)

"Where The Apple Blossoms Fall" (2:32)

DON PAULL

(Highway 3457)

DON PAULL

● A gorgeous new voice comes to the folk tune country in Don Paull who, with Flynn's Hollywood Haymakers to background him, cuts a platter that is sure to meet with approval everywhere in the hills and plains. Don opens the topside, "Is It True?," singing, "It is true this is my lucky day?," and can sing that line again for the way this boy simply swept this reviewer

off his feet to grab himself the "Bull's Eye." It's a grand tune and made even better with the gorgeous tonsilling of Don Paull. There's no doubt that this boy is goin' far in the folk tune parade and should make himself a host of fans wherever this disk is featured. On the bottom deck, "Where The Apple Blossoms Fall," the warbler again goes to town, this time in medium fast tempo, to bring a tuneful hunk of shellac to the juke box business. The back-grounding he gets from Flynn's Hollywood Haymakers makes this a great platter from any angle. And, what's more, there'll be lots and lots of arguments as to which side is "topside" for both sides terrifically impress. Grab a boxful and spread 'em 'round your locations, they've got lots of coin pressed right into 'em.

"When The Roses Bloom Again" (2:54)

"Pretty Quadroon" (2:43)

CLAUDE SHARPE

(Columbia 20476)

● Claude Sharp and The Old Hickory Singers, male quartet with string band, cut a disk here that has lots of possibilities. It's a good filler for juke boxes. On the topside, "When The Roses Bloom Again," the boys go into a tear jerker in slow tempo and offer some very nice harmony. On the flip, "Pretty Quadroon," the boys really get together and with the backing of piano, bass and guitar, make this as good as the topside. Listen in. It's good filler material.

flip, "The Tramp's Mother," Slim goes into a tear jerker that is sure to meet with approval from ops who need this sort of wax. It's slow and soulful thruout, but, it has good melody and great lyrics. Listen in. This platter may be just what you need.

"When I Was Young And Handsome" (2:42)

"Sad Heart" (2:49)

TEXAS JIM ROBERTSON

(Victor 20-3039)

● Texas Jim Robertson and The Panhandle Punchers cut one of the most tuneful, most liting disks with grand, grand lyrics heard in many and many a moon on the topside, "When I Was Young And Handsome," any juke box op could ever ask for. Here's a side of wax that's bound to bring in coin wherever it's played and is sure to stay put in any juke box for months and months. On the flip, "Sad Heart," Texas Jim's basso does wonders with this tear jerker. Just listen to the grand bass voice of this boy. In fact, ops can buy a boxful of these right now and be sure that they'll bring back their weight in coins. This is really good wax.

"Green Light" (2:30)

"You Remembered Me" (2:31)

HANK THOMPSON

(Capitol 15187)

● In medium slow tempo and gorgeously tonsilling the melody, Hank Thompson, backed by his Brazos Valley Boys, cuts very, very fine wax in, "Green Light." Hank's well known to all juke box ops and once again produces a side here that has lots and lots of moolah written all over it. On the flip, "You Remembered Me," Hank goes into slower tempo with a really beautiful tune and does one grand warbling job. The boy's got a grand voice. There's no doubt that this is one platter that'll please. It's got all that's necessary to fill in on any machine. Listen in and decide for yourself.

"Forever Far Apart" (2:43)

"It's So Hard To Smile" (2:41)

JIMMY OSBORNE

(King 725)

● The new star in the firmament of hillbilly artists, Jimmie Osborne, proves why he's goin' places with this grand disk. On the topside, "Forever Far Apart," Jimmy goes right to town and sings this lament to a fare-thee-well. Here's a side that's going to win a zillion new friends for this boy. It's a side that has plenty of nickels, dimes and quarters pressed into it. On the flip, "It's So Hard To Smile," with grand backing from the string band, Jimmie once again sings a tune that's got everything anyone wants from wax. It's very, very good. Latch onto this disk for real profits.

"The Midnight Train" (2:52)

"The Tramp's Mother" (2:45)

MONTANA SLIM

(Victor 20-3038)

● With a tune that's fast climbing to the top, "The Midnight Train," Montana Slim does one of the best sides he's ever yet cut. In slow tempo, and with the lyrics clear and sharp, with the melody carried beautifully thruout, Slim cuts wax here that has lots and lots of possibilities. On the

New York Truck Strike Hits Disk Biz. Shipments Widely Curtailed

New Platters Pile Up In Piers, Garages

NEW YORK—With the recording business coming out of its worst summer sales slump ever experienced in the history of the industry, the trucking strike underway in the vast Metropolitan New York market this past week put a tremendous bite in the sales and shipment of records to points in this area.

All platteries in the New York market were hit by the strike, with the London Gramophone Corporation, hit the hardest blow.

Piers, garages and warehouses were loaded with new recordings as the trucking strike went into its second week.

Disk distributors and record manufacturers alike were threatened deeply late this week as no signs of settlement were in view.

Many in the industry pressed airlines, railroad cars and private automobiles and trucks into service in an effort to remove their records from congested warehouses.

London Records were hit the hardest blow in the strike. The plattery had a huge shipment of records arriving on the Mauretania and Queen Mary. Well over 100,000 records were loaded on trucks from the Mauretania shipment, but were not allowed to make delivery when the strike was called. Records received on the Queen Mary, estimated at over 150,000 are also lying around in West Side warehouses and piers. The London plattery also had a jump on other diskers on the rapidly growing popular "Say Something Sweet To Your Sweetheart." It was learned that these recordings were among the shipments curtailed.

Other diskers servicing vast distribution set-ups throughout the nation were making plans to press their products in other cities should the truck strike become a prolonged labor dispute.

Damon Platter Hits Over 75,000 Mark In Sales—"My Happiness" Passes Million

KANSAS CITY, MO. — Damon Records Inc., this city, this past week passed the 75,000 mark in the sale of their latest Jon & Sondra Steele release "I Want To Be The Only One" and "Love Don't Get You Nothin' But The Blues."

The second Steele platter to be released was sold to record distributors and phonograph operators for more than two weeks without the song title having been released. It was reported that Damon had sold over 40,000 records thru this method the first week of the release.

"My Happiness," the smash first Jon & Sondra Steele recording eclipsed the million mark in sales this past week, altho many other platteries cut the song also.

By releasing this latest Jon & Sondra Steele platter without disclosing the title of the recording, Damon will undoubtedly get the jump on a host of diskers who have been waiting and watching for this next release. "My Happiness" continues to remain quite popular nevertheless with sales of the Damon platter continuing in heavy numbers.

Advance reports on "I Want To Be The Only One" tag the release another winner for Jon & Sondra Steele and Damon Records. Copyrights on both songs are held by Blasco Music, Inc., Kansas City.

Industrial Music Locations Increase

See More Juke Boxes In Active Use As Draft Call Starts

NEW YORK—Industrial music locations continued to increase this past week as the nations defense and Universal Military plans continued to operate more widely. Operators specializing in this type of music installation stated that they expected the increase to continue also.

At the same time, music operators throughout the nation were placing more phonographs in Army installations it was learned. With the draft call in active operation industry leaders expected more phonographs than ever to be in active operation shortly. At the present time there are more than 500,000 juke boxes in active use. Record industry executives stated that they too expected sales from the automatic music industry in increase as a result of these new locations.

GIANT PINBALLS BRING \$\$

Games Getting Big Play By Public Resulting In Dollar Gain For Damon Runyon Memorial Cancer Fund

NEW YORK—The tie-up public relations program now being conducted by CMI and United Artists, who are cooperating in the exploitation of James Cagney's "The Time Of Your Life" movie and the display of a giant sized pinball machine in the city where the picture is being shown, is working out better than was ever believed possible.

The pinball manufacturers built six of these giant games for display in six cities simultaneously with the movie. The machines are spotted in the most prominent location in the city, where the public is invited to play it for 10c. All receipts are being donated by CMI to the Damon Runyon Cancer Memorial Fund.

Not only are the machines bringing in considerable money for the cancer fund, but the industry is reaping the benefits of thousands of words of publicity in the press and radio, plus the appearance of many photos in all types of mediums.

These six oversized games have al-

ready appeared in about a dozen cities, and are being forwarded to other cities where the movie opens. Two of the cities where the machine will next appear are Los Angeles, California and Dallas, Texas.

Altho a few hitches occurred due to the many details that both the coin industry and the movie company had to contend with, the program is now running with the ease and speed of a sprint champion. CMI, and coinmen in the specific cities are to be congratulated for the enterprise and efforts being put into this program.

A very interesting report emanates from Atlanta, Ga., where the giant pinball was placed in the State Capitol building. Atlanta pinball addicts were so happy to get the opportunity to play the machine that they crowded into the building to the extent that government business was interrupted.

Inquiries have been received by *The Cash Box* from operators in smaller communities asking if these games will be available for their towns. How about it, CMI?

Interest in the giant sized pinballs are reflected in the above pictures. The photo at the left shows players in action at Taylor's Drug Store in Louisville, Ky. This city did a wonderful job and collected considerable money for the Damon Runyon Cancer Fund. The pic on the right features a show girl who initiated the play in Washington, D. C.

Genco Game Breaking All Sales Records

CHICAGO—Dave Gensburg, Genco Sales & Manufacturing Company, this city, reports that the demand for their new five-ball "Screwball" is far and away the greatest ever experienced by the firm in all its existence.

"We have had some big hits in the years gone by," smiled Dave, "but it looks like 'Screwball' will break all sales records. We're pushing our production line, running practically twenty-four hours a day to meet the current clamor of our distributors.

It looks like we'll be busy for quite a long while even at this pace."

The big feature of "Screwball" is that it hasn't any bumpers, the ball being shot around the playing field by live rubber bands placed at strategic points. In addition, the new reward action, giving the player the opportunity to run up a large total of free plays, is meeting with great approval. A skill hole in the center of the board, kicks out a ball for ten additional free plays after player lights up the first ten free plays.

Dave Gottlieb Interviewed On Radio About "Health Bowl" Game

DAVE GOTTLIEB
President, CMI

CHICAGO—Dave Gottlieb, president of CMI, was heard by radio listeners in thirty states when he was interviewed on Sunday, September 12, about the plans of Coin Machine Industries' "Health Bowl" football game, which will take place on December 4 in Soldier Field, huge lake front stadium.

The "Health Bowl" football game was spotlighted by Don Elder, nationally known sportscaster, when he interviewed Gottlieb on his popular 11:15 p.m. broadcast over station WMCA. The interview is one of a series conducted by Elder as a pre-season roundup of expert opinion on this fall's football picture.

The names of the teams who will participate in the "bowl" contest weren't disclosed, but it is understood

that they will be among the foremost colleges in the country. Gottlieb pointed out that the game will be Chicago's first intersectional, intercollegiate "bowl" game.

All proceeds of the game, after expenses, will be donated to cancer research institutions thru the Damon Runyon Memorial Cancer Fund. Allocations will be approved by the American Cancer Society.

CMI and the entire coin machines industry came in for much praise thruout the nation in 1947 for its accomplishment in raising a quarter of a million dollars for cancer research. It is hoped that this sum will be surpassed this year. The industry's second annual fund-raising effort is already under way, with receipts from the "The Time Of Your Life" giant sized pinballs, accumulating. The "Health Bowl" should bring in a huge amount. These two efforts, plus individual donations are expected to put the industry away over the top.

"Scoreboard" Clicks With Shuffleboard Ops

LOU WOLCHER

SAN FRANCISCO—"The Coin-Operated Electric Scoreboard," introduced by Lou Wolcher of Advance Company, this city, is keeping the firm busy making shipments, according to a report by Wolcher.

The "Scoreboard" is made for the convenience of the Shuffleboard players, as it keeps score on the games, and for the coin machine operator, who accumulates the coins in the machine.

"The 'Scoreboard' can be placed on a base or hung on a wall near the shuffleboard," explains Wolcher. "There are two sets of scoring numbers—red and blue—on a mirror-finished scoreboard field. Each player inserts a dime per game. We have found that shuffleboard players go for it in a big way, as it keeps an accurate score, and there isn't a possibility of any scoring errors cropping up."

Wolcher reports that he is looking forward to even more business now that the cooler weather is approaching.

Jennings Flies Machines For Mississippi And New Jersey Showings

CHICAGO—Preparing for its two big showings, O. D. Jennings & Company officials rushed its new machines by air to the Edgewater Gulf Hotel, Edgewater Park, Miss., and the Berkeley-Carteret Hotel, Asbury Park, N. J.

Jennings will show its new 1949 "Monte Carlo Series, described as 3 new super-jackpot machines, plus the mystery attraction—the "Live Jackpot." Operators have been invited to attend the Edgewater Gulf Hotel showing on September 17 and 18, and the Berkeley-Carteret Hotel showing on September 22 and 23.

Many elaborate plans have been made to entertain visiting coinmen.

There will be entertainment, awarding of door prizes, and a large banquet on the opening evenings. In addition factory technicians will conduct service schools for operators and their mechanics. Distributors in these territories will be on hand to meet with their operators and acquaint them with the new equipment and see that they have a good time.

Pictured above are members of the Jennings staff checking the equipment into an air liner. Left to right: H. Jeske, vice president in charge of production; John Neise, who arranged and set up the showings; and M. Kelly, of the shipping department.

\$19,270,940 Paid By Operators To US Gov't For 1948

WASHINGTON, D. C.—According to figures just released by the Internal Revenue Bureau, operators of amusement machines (including bells, one-balls, consoles, pinballs, etc.) paid the government federal taxes totaling \$19,270,940 for the 1948 fiscal year, ending July 1.

The report wasn't broken down by states, but records of tax stamps are available to anyone at the local district offices of the bureau of law enforcement agencies.

This is the seventh year these special federal taxes have been in effect, giving the government a tidy revenue each year. Altho certain machines may not be permissible in certain territories, federal taxes must be paid, and the government isn't interested in local ordinances.

Figures show that 1020 special tax stamps were issued during the year ending July 1 in New York State for bell machines. New Jersey's total for the same period was 254, and Connecticut coinmen paid for 273 stamps.

In addition, a bureau official reported that 33,867 stamps were issued during the year for amusement machines (pinballs and arcade machines) in New York. In New Jersey 14,264 tax stamps were bought by operators, and figures show that 5710 were issued to Connecticut coinmen. These machines pay \$10 per year for the tax stamps.

EASTERN FLASHES

Altho business did not spurt too sharply with the passage of the Labor Day Holidays, reports from both operators and wholesalers claim an upward surge. The weather continues unbearably hot, but operators believe their collections were better due to the increased patronage of the taverns. Many people who were away for the summer are back home, and others will return this week. Wholesalers tell us that there is an indication of increased sales, with operators buying some new equipment, and demanding substantial amounts of the better used machines. It's a consensus of opinion that as soon as the weather takes a turn, and cools off somewhat, business will then show a marked increase.

* * * * *

Local wholesale business slowed up as far as "export" sales go due to the truck strike. Deliveries in and around the city were taken care of thru the use of company trucks, but it was impossible to ship equipment thru rail or water routes as the drivers couldn't pass thru picket lines. Everyone is hoping the strike will be settled quickly . . . Dan Kipnis and Joe Young, Young Distributing, Inc. (Wurlitzer distributors), who do considerable export business, stymied at this time. However, they report that their own trucks are delivering machines thruout the city . . . New Jersey operators will have the opportunity to have themselves a good time, as well as view the new Jennings machines, on September 22 and 23. O. D. Jennings & Company is having a big showing at the Berkeley-Carteret Hotel on those days.

* * * * *

George Glassgold, CMI attorney, flies to Chicago for a board meeting at the end of the week, and then flies back for an important luncheon date on Friday. One of the matters that will be discussed is the forthcoming "Health Bowl" football game scheduled for December 4 in Soldiers Field, Chicago. CMI is practically assured of two nationally famous football teams for the "bowl." All receipts will go to cancer research institutions thru the Damon Runyon Memorial Cancer Fund.

* * * * *

Ben Becker, Ben Becker Sales Corporation (Bally Eastern regional representative) returns from a visit to the factory, and tells us he'll have some very important news for the trade in a week or so. Ben tells us to pass along his thanks to George Jenkins, Bally's sales manager, for all the courtesies extended him during his stay in the Windy City . . . The cartoon appearing daily in the World-Telegram, "Curly Kayo," continued all week featuring a character called "Pinball" the world's foremost inventor of pinball games. They let us in on his last name in one of the strips. His full name is Pinball Tilter . . . George Ponsler, George Ponsler Company of New York, on Tenth Avenue, visiting the wholesalers. George's conversion of the Total Roll into a skee-ball "Hoop-A-Roll" is meeting with great success among Jersey operators . . . Dave Lowy, Dave Lowy & Company, reports that he's doing a nice job of buying and selling used music. However, he's handicapped this week due to the truck strike.

* * * * *

Barney (Shugy) Sugeran, Runyon Sales Company, off the road, and expects to stay around the office for the next few weeks. Shugy is delivering the AMI model "B" phonos to ops with his own trucks. The deliveries are slowed down naturally, as his trucks cannot carry too many phonos, and cannot cover too many stops . . . Meanwhile Morris Rood, office manager, on the phone explaining the situation to those impatient ops . . . Hymie Rosenberg, H. Rosenberg Company, displays American's Shuffleboard, and has many interested lookers . . . Mike Munves, plans on moving to larger quarters in the very near future.

* * * * *

Murray Wiener, Bill Wiener and Leo Willens of Vendors, Inc. (national distributors for U-Need-A Vendors' new electric cigarette machine) seen in a huddle in their coinrow office. They are looking forward to great things . . . King Records, located on Tenth Avenue, move to larger quarters on the same street. Al Miller, manager of the King office, tells us that they were unable to do justice to the label in the small quarters, but with plenty of room at 802 Tenth Avenue, they really expect to go to town . . . Operators kept flocking into the new Tenth Avenue quarters of Exclusive Records. Gloria Friedman, whom Nick Kenny crowned "The Queen of the Juke Boxes" was on hand to greet all her operator friends.

* * * * *

Harry Rosen, Bert Lane and Meyer Parkoff, Atlantic-Seaboard Corporation, smiling happily over the operator reaction to Genco's new sensational five-ball "Screw Ball." "We've had some big Genco hits" states Rosen, "but nothing ever like this one. It's a great feeling to be worrying only about how fast the factory can ship the game to our customers." . . . Al Blendow, Blendow & Meyers, Inc., tells us that operators are showing more interest in Allite's '48 Bowler, now that the bowling season is getting under way . . . Al Dolins, Pioneer Music Company, Roxbury, Mass., exclusive distributors for Videograph in the New England states (combination tele-juke box), reports machines on location doing very well . . . Jack Mitnick, Beacon Distributing Company (AMI Distributors), Boston, Mass., in town for the holiday week-end. Jack has been traveling thru the New England states with his "showcase" trailer. He's already covered Maine, New Hampshire and Vermont, and will now get going thru Western Massachusetts and Rhode Island. Mitnick tells us the music ops are placing substantial orders for the model "B". Meanwhile Harry Poole, Jack's associate, is doing plenty of business at the home office.

CHICAGO CHATTER

The holiday is over. It's time now to really settle down to business. Get in there and work. And make all those predictions of a wonderful Fall season come true. The Labor Day week end acted as a shot in the arm to many coinmen around these parts, introducing a note of optimism and enthusiasm. Sales are on the increase. Manufacturers, distributors, and jobbers are rarin' to go. All are eagerly looking forward to a tremendous increase in business thruout the entire industry . . . O. D. Jennings & Co. plant has been a beehive of activity this past week. Everyone hepped up over the big success of the showings of Jennings' new 1949 Monte Carlo bell series. John Neise, sales manager for O. D. Jennings & Co., tells us about the service school being held on the second day of each showing and how beneficial this is proving to distributors and their repairmen. The school, which is run by technicians from the Jennings' plant, explains the mechanism of the machines thru lectures, slides and a question and answer session. Neise reports that these demonstrations have attracted much attention from coinmen all over the country. He urges all distributors and repairmen to take advantage of this wonderful opportunity . . . Mr. Baten over at Exhibit Supply tells us about their new game "Circus" and the way it's being received by their distributors. Baten reports "business good" and Exhibit's plant "hummin'" with everyone hard at work trying to keep up with the demand.

Dropped over to AMI for a visit with Lindy Force, who had just returned from the factory, where he had viewed the repairs that were made as a result of their recent fire. Aside from the loading dock and an extension to the building, the fire did very little damage. "But," as Lindy says, "it necessitated several minor changes which made a big improvement in the plant and which the boys are justly proud of." The fire caused no delay in production. It happened during the two week vacation period the factory was closed. The plant is now operating at full speed with the AMI equipment rolling off the line to meet the constant demand. Lindy plans to leave our city the early part of this week for a trip out west, which will include Omaha, Kansas City and Denver. He intends to set up distributorships in these areas. From there he will go on to L. A. to attend Joe Peskin's opening which is set for sometime between Sept. 20 and 30 . . . Spoke with Gerald Haley over at Buckley Mfg. Co. who reports things as being "quiet on the home front." . . . Fulton (Skeet) Moore tells us there's been a steady stream of visitors to the Williams Mfg. Co. to view their new game "Gizmo." It is on display in their beautiful "Starlight Room." Skeet says, "'Gizmo' has made a big hit with the distributors and orders are pouring in."

Milt Salstone of M. S. Distrib. Co. out of town on vacation. Don't ask us where, it's a secret. Ernie Leaner, of the same firm, back at his desk and hard at work after a very enjoyable vacation down south . . . Parker Prescott of Exclusive Records, who is making an extensive tour thruout the country, stopped over in Chicago for a few days this past week to visit some of his friends here . . . We hear Al Greene of National Records is expected in town sometime this week . . . The National Coin Machine Distribs. Association busy preparing for their meetings to be held at the Congress Hotel on Sept. 14 and 15. Al Fingulin, managing director, informs us he has received many calls and inquiries regarding the meets . . . Had a nice chat with Grant Shay of Bell-O-Matic. Grant reports, "Things rather quiet." Attributes this to the let down feeling after the Labor Day week end. "After a holiday, it always takes a few days to get back in harness again," says Grant . . . Alvin Gottlieb, of D. Gottlieb & Co., tells us, "If there's such a thing as a game being too good, then 'Barnacle Bill' is it. This game has made such a smash hit it has been necessary to step up production in order to meet the terrific demand" . . . That genial adman, Mac Churvis, stopped up to our office this past week to discuss things in general and the coinbiz in particular. Mac, who really gets around in coin circles, says, "Most of the boys are very pleased over the pickup in business and reports conditions on the upswing for the coming season." . . . By the way, just as a reminder, be sure and get your ads in for the *Fall Special Issue* of *The Cash Box* which goes to press Sept. 23.

Dale Harrison, former columnist, who is now connected with Bally Mfg. Co., reports a steady stream of visitors to the Bally plant. A few of which include: Bill Marmer of Cincinnati, Jack Rosenfeld of St. Louis, Carl Hoelzel of Kansas City, "Doc" Hammond of New York, Lou London of Reading, Pa., Ben Becker of New York and L. J. Lepic from Texas . . . Billy DeSelm of United Mfg. Co. tells us they're still in the process of moving but hope to get into their new plant in the very near future. The new factory is really a knockout and should attract many visitors to view the beautiful surroundings.

Space Contracts For CMI 1949 Show Mailed To Exhibitors

HERB JONES

CHICAGO—The first step in preparing for the CMI 1948 Exhibition and Convention was made this week by Herb Jones, in charge of arrangements. Space contracts have been mailed to previous exhibitors, giving them the first choice of location for the display of their equipment.

The Convention is scheduled to be held once again at the Sherman Hotel, and the dates are January 17, 18 and 19, 1948. In previous years the show ran four days, but the board of directors decided that the actual business could be conducted in three, so the 1949 show was shortened.

"Weeks before we mailed out our space contracts" stated Jones, "we had many reservations from former exhibitors who wished to be assured that they would have the same location as previous years. From every indication, the 1949 show will be a sellout as it has in the many years gone by. We advise that all those who wish to display at the 1949 show, communicate with us at this time.

CALIFORNIA CLIPPINGS

Looks like a late summer for Los Angeles, with the old barometer trying hard to equal the Eastern heat wave . . . Most of the boys on the Row were too beat from the heat to worry even about the seasonal slump . . . Only thing that cheered them up, and just a little, was when some of the Eastern visitors cracked: "You call this hot" . . . Jimmy Johnson of Globe Distribs in Chicago one of the visiting brigade, on biz and pleaz . . . Dan Gould of the same city jumped from here up to San Francisco and Seattle, then back to L. A. . . . He's in no hurry to get back to the Windy City until the hayfever season is over . . . Dan spent a lot of his time around the Sicking office here, and we don't think it was just because he thinks Jack Simon and Jack Ryan are nice fellows . . . Have a nice vacation, Cele . . . Ray Powers was close to the busiest man on the block when we dropped in . . . Had to keep jumping out of the way of equipment coming and going . . . That J. Peskin opening should be any day now . . . Dannie Jackson of Automatic ditched the heat by taking a run up to Pisco Beach on business and pleasure . . . The Warner man, a kibitzer in any deck, says if business keeps up at its present rate, he's going to retire . . . his jalopy and head for the hills.

Willard from Paso Robles . . . Anaheim's Carl Robertson . . . Wm. Black and Slim Ewing from Bakersfield (cooling off) . . . Perry Irwin of Ventura . . . Colton's Lawrence Raya . . . HOW TO USE THE "C. M. I. BLUE BOOK"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Box acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
