NIGHT CREATURE™

TurboChip
Action Game
1 player

A vampire from the dark world has changed the life of a farmer. The farmer must set out on a long journey in order to undo the curse of the vampire.

Collect information you need from various characters in the game. You have to have all the information to get through tough spots. Go to the Wise Woman and ask for help to get the first piece of information.

Each monster uses a different method of attack. Get down on your knees when you're fighting against a strong enemy, and don't forget to jump to avoid enemy attack.

You can change weapons depending on your enemy, even while you're fighting. And power-up items with limited use are shown at the bottom of the screen.

In Night Creature, the world of horror movies surrounds the player. It's a totally new type of horror-action game. One night, under a full moon, the hero, a farmer, was attacked by a vampire and cursed with the magic of the undead. He must search and destroy the vampires to undo the curse and return to his life as an ordinary farmer. This game involves not only destroying all the vampires, but also gathering information to solve the mystery of the evil curse. The many available weapons for destroying vampires are one element of the game which gives it its eery atmosphere. And the fact that destroying monsters gives more power to the hero is also a cool feature of this game. Experience the horror and the excitement of this game by joining the cursed farmer on his journey.

mini advice

In the ruins, you must collect items in the right order, otherwise you can't advance to the next item. You'll find a gun at the first underground stage.

BALLISTIX™TurboChip
Action Game
1 to 2 players

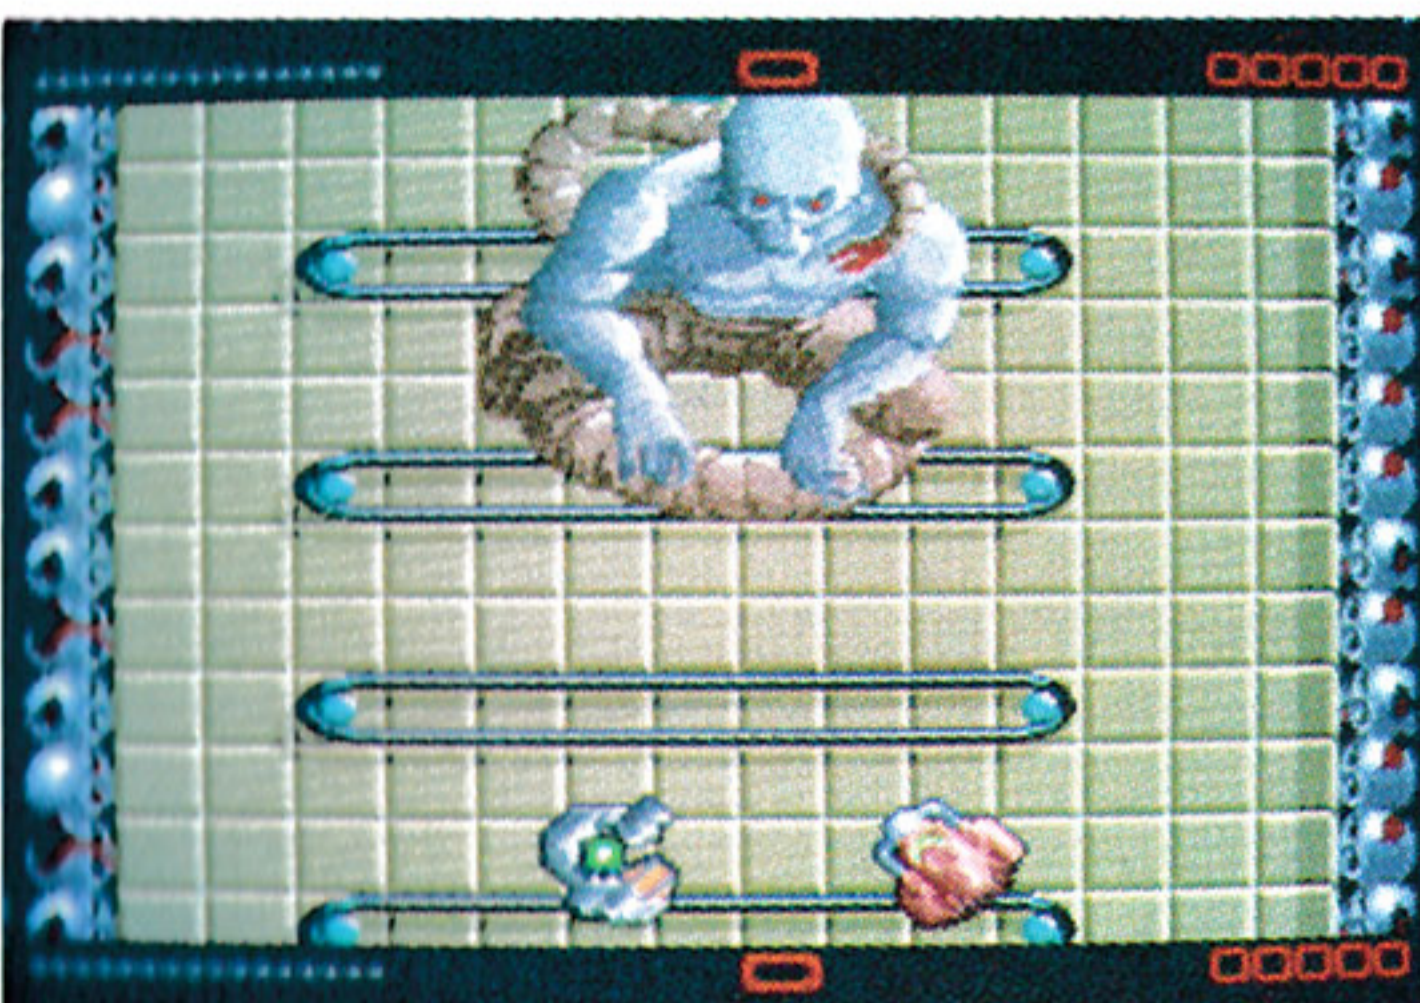

This powerful and ferocious battle begins with the sound of the starting buzzer. Can you survive this grueling, no-holds-barred game and beat your opponents?

Shoot, shoot and deflect the ball into your opponent's goal. Special items and bonus pieces are activated when they're hit, so shoot everything in sight and collect all the items and pieces.

Put the Turbo Switch on your pad in continuous firing position and go after the ball. The screen will be filled with your and your opponent's bullets, but you'll get used to it in no time.

You can have either one machine or two machines to control. And the gun turret automatically tracks the ball.

Two fighting machines compete by shooting the ball into each other's goals inside a confined playing field. You can move the ball by hitting it with your shots. Ballistix is the ultimate action game, with elements of a sports game.

The awesome opening scene and the demonic look of the fighting machines will stir your excitement. The playing field is full of unusual traps and features. An arrow painted on the field changes the direction of the ball. Deflecting bumpers are placed everywhere. There are also sticky pads, explosive land mines and a hole that sucks the ball in. All these traps multiply the fun. Some of the bonus pieces have unusual effects, such as the explosive item that shoots multiple balls. You never know what's going to come out of these pieces. Ballistix will keep you on your toes constantly.

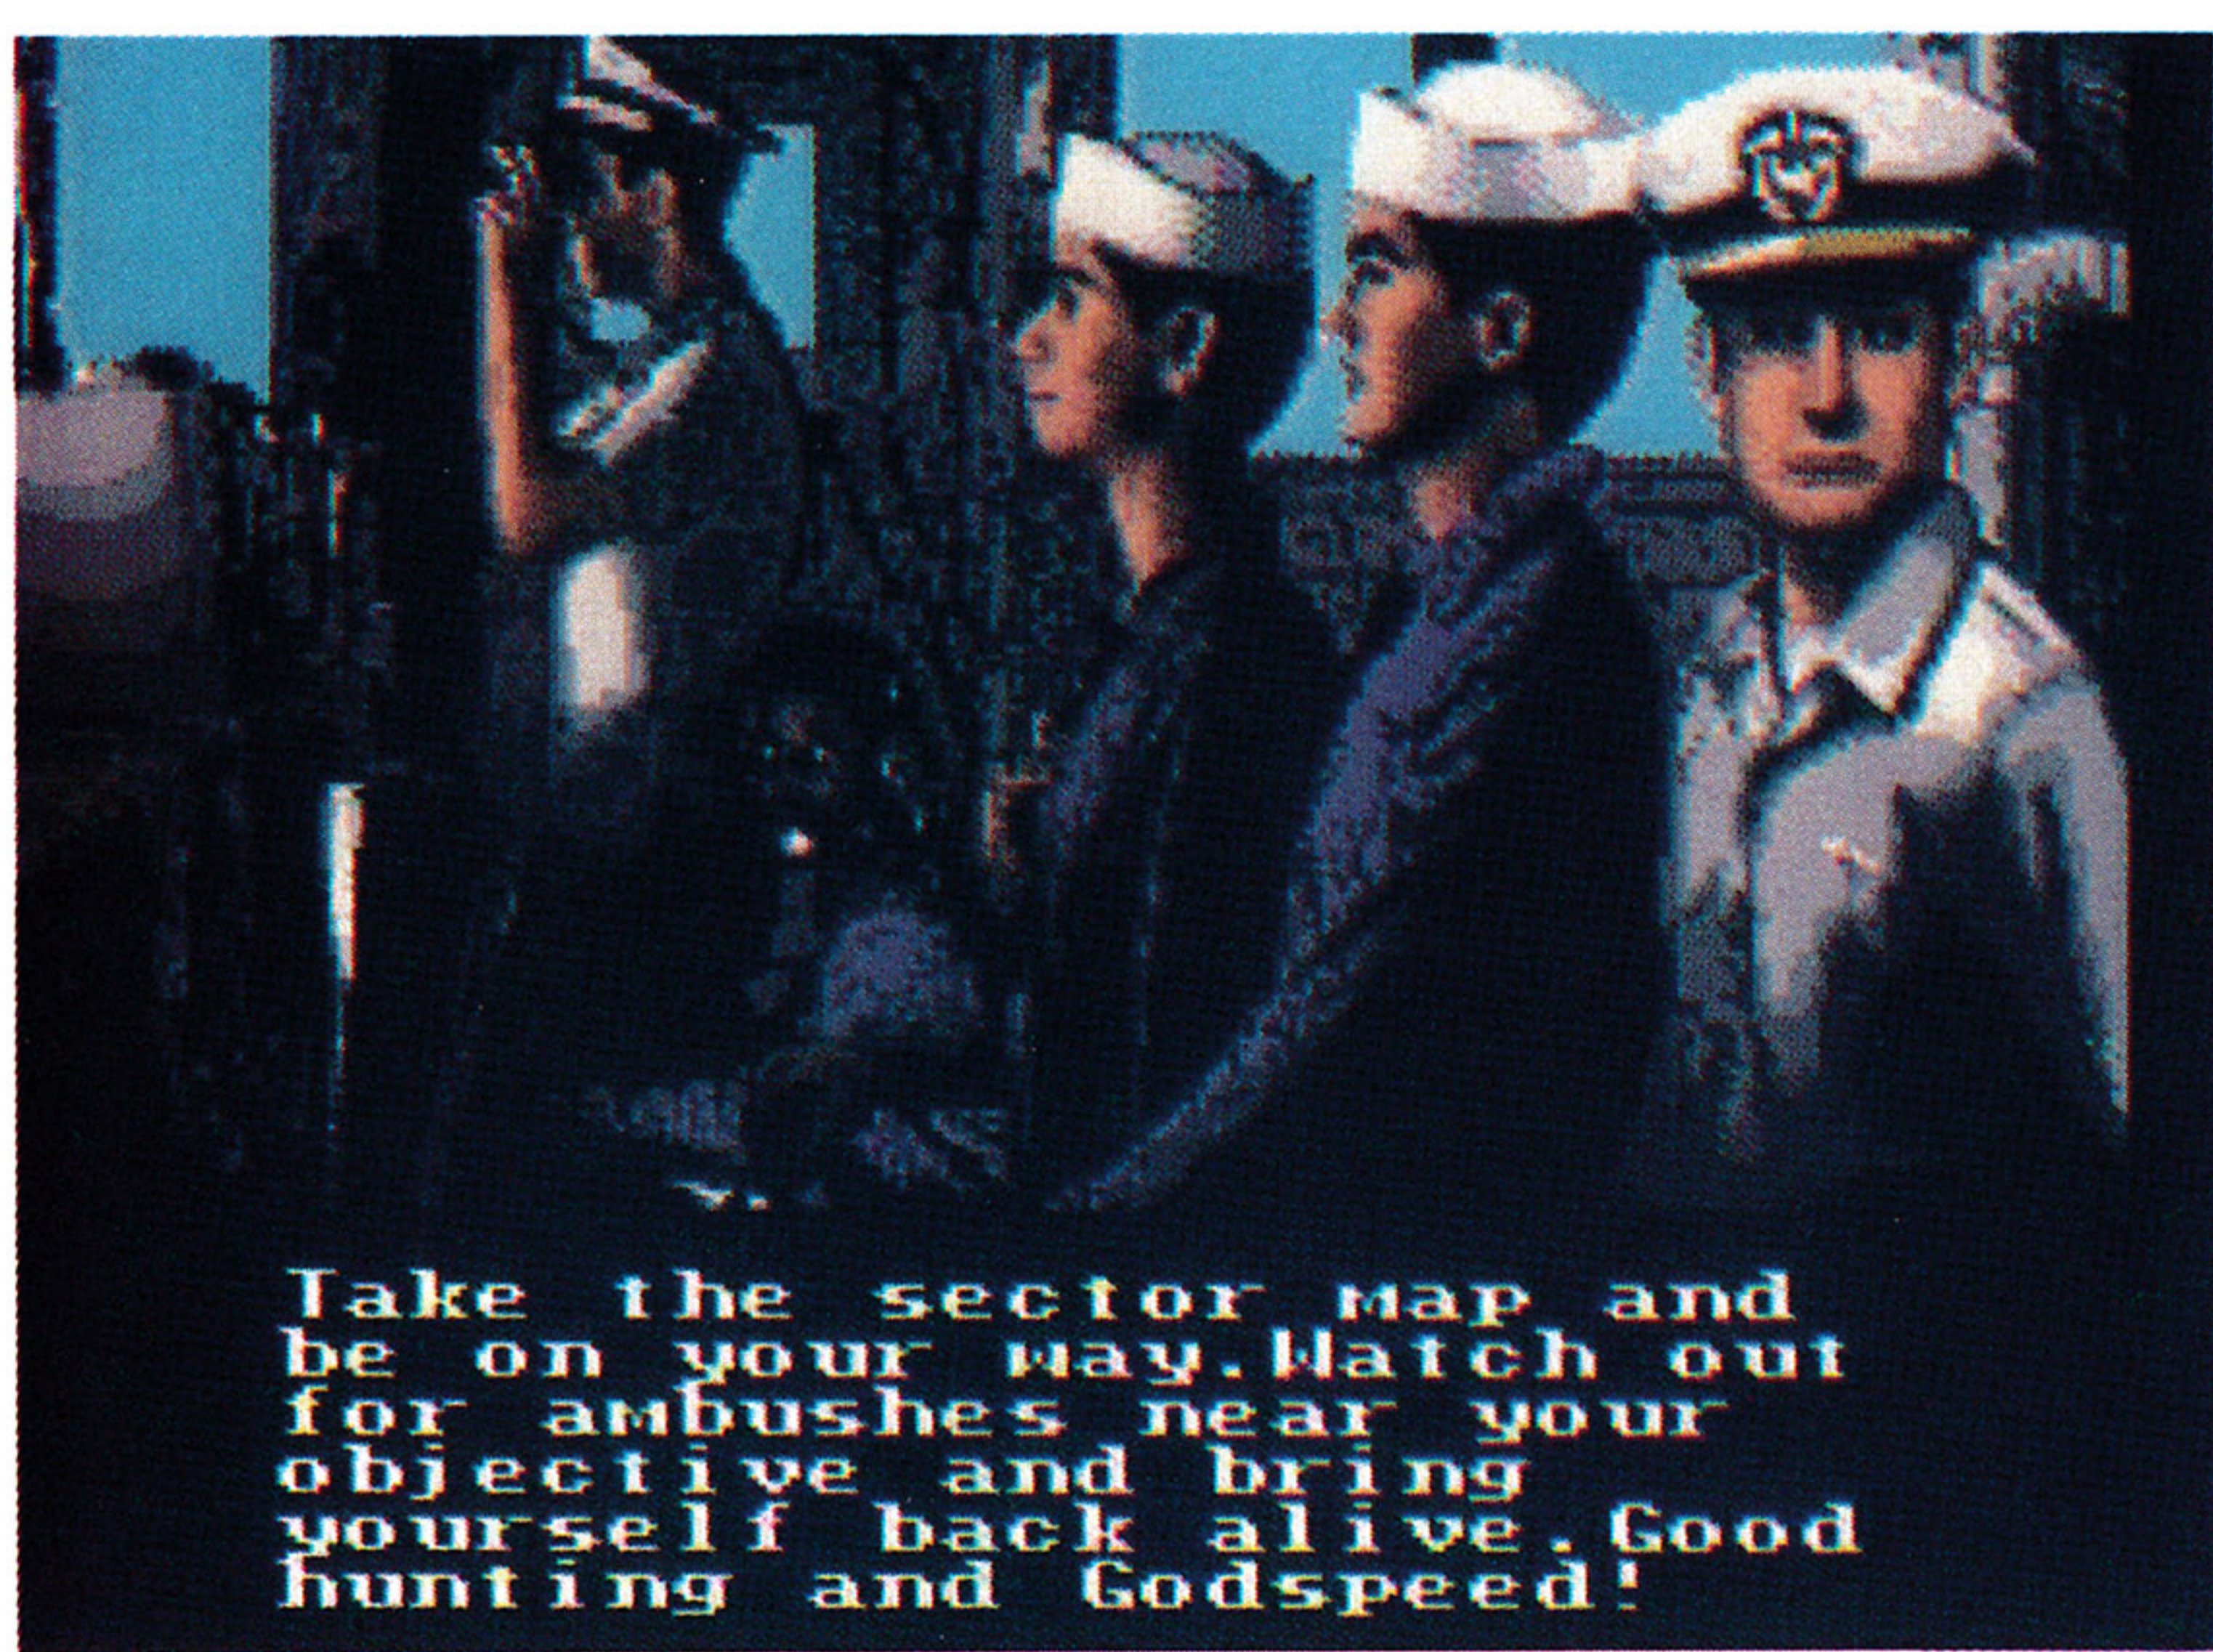

mini advice

You should concentrate more on hitting the ball than on collecting bonus pieces and special items. However, if the ball is near your goal, you should stop shooting and move your machine in front of the goal to block the ball.

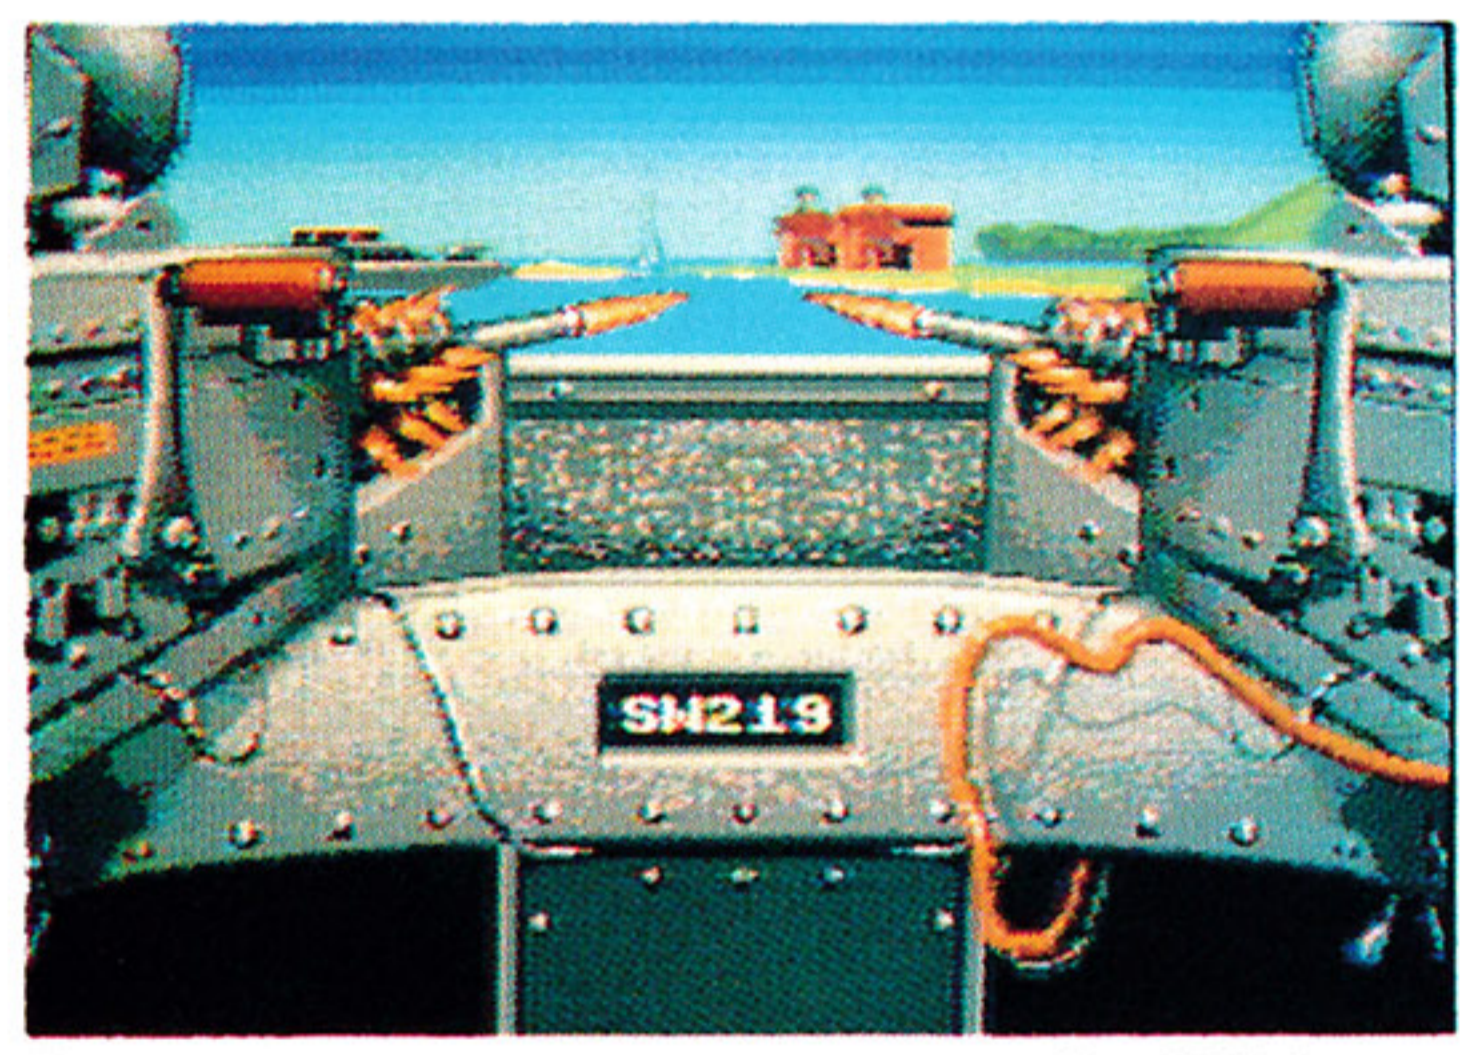

GUNBOAT™

TurboChip
Shooting Game
1 player

Playing this game will make you feel like you are a hero in a war movie. Maneuver along the jungle river and attack the enemy headquarters.

Gunboat's movie like opening scene is great for those who like games with a realistic atmosphere. Because it's made using data from the Vietnam War, its missions and maps are very realistic, like those of a simulation game.

There also are ominous messages like "Welcome to Vietnam" and "Good hunting and Godspeed." There are several different types of gun boat you can choose from.

It's hard to see where you're going in the jungle, so keep your eyes on the compass in the middle of the screen. Steer the boat, so that the red arrow on the compass stays in the center.

Gunboat is a shooting game that uses the Vietnam War as its battle ground. You make all the decisions, including the name of the mission, which mission to carry out and what weapons to use. It's guaranteed to satisfy the soldier inside you with all its details.

Once you're on the boat you have the machine-gun operator's view. You can also switch between the forward and the aft view. You drive the boat according to the mission you've selected, and destroy the enemy boats and headquarters. When an enemy comes into view, the screen turns red and gives you a warning message to let you know that you're in danger. And when you destroy the enemy, using the machine gun or the rocket launcher, the screen will give you a confirmation message. Control your speed and steer the boat according to the mission map towards the final target.

mini advice

Since the bow of the boat is unstable and the aft targets are easier to hit, it's better to set the large-caliber gun pointing forward where you need more destructive power and keep the small-caliber machine gun pointing aft of the boat.

FALCON™TurboChip
Simulation Game
1 player

Fly the newest and most powerful version of the F16 Falcon fighter and engage in exciting dog-fights. The ultimate fighter plane simulation is finally available for TG-16.

In close air-to-air combat, you have to maneuver your ship to keep the enemy ship in your gunsight. Will you return to base in triumph, or be lost forever in the sky?

At the beginning of the game, you'll be briefed on the mission in the briefing room. In Falcon, there are many different missions to complete. When you complete all of them, you'll be a real fighter ace.

There are many different weapons you can carry on your F16 Falcon. Remember what you learned during the briefing and pick only the weapons you need for the mission.

Falcon has been an extremely popular fighter simulation game among personal computer users. Now, it's been made even more exciting and playable for TG-16. You fly the state-of-the-art F16 Falcon fighter, and take on lots of difficult missions. This game's main feature is its super-real simulation of the plane and the mission. For example, for each mission you choose from a variety of weapons systems. And all these weapons are the ones actually used by the U.S.A.F. such as Maverick and Sidewinder missiles. Of Course, not all missions involve simply shooting down enemy planes. There are many different mission types, just as with a real F16. And if your friend also has Turbo Express, you can connect two machines to engage in a dog-fight. It's great fun.

mini advice

You have a limited number of missiles, so make sure the weapon is locked on to the target before you fire. Always pay attention to the radar screen to identify the enemy. Use missiles for medium to long range targets.

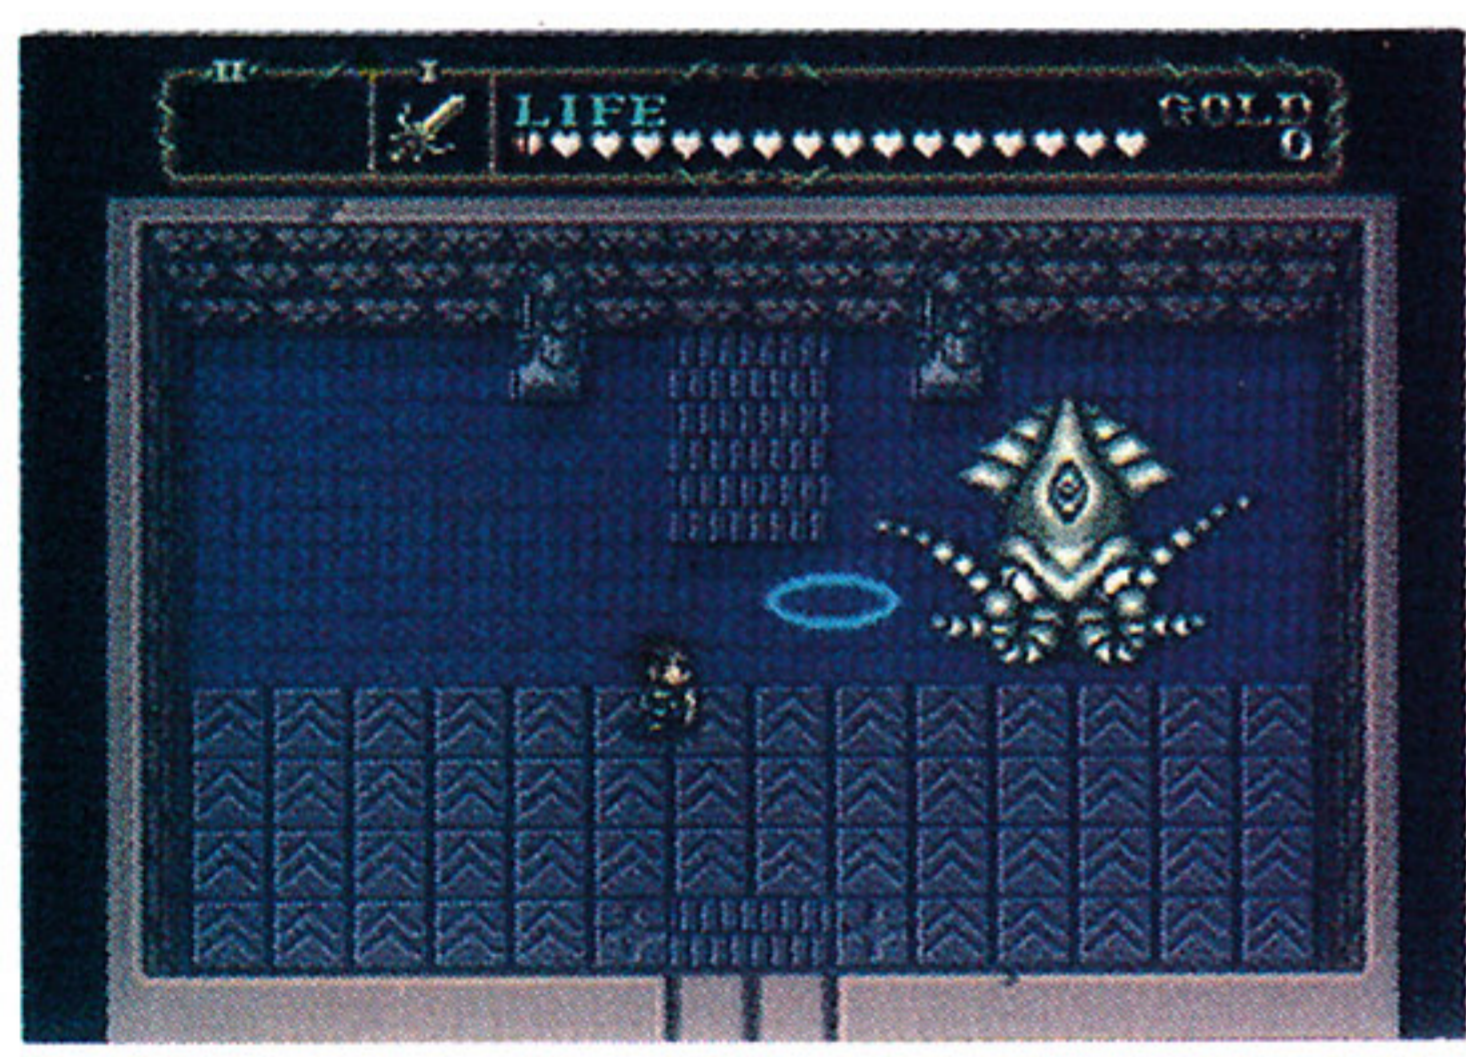

NEUTOPIA II™

TurboChip
Role Playing Game
1 player

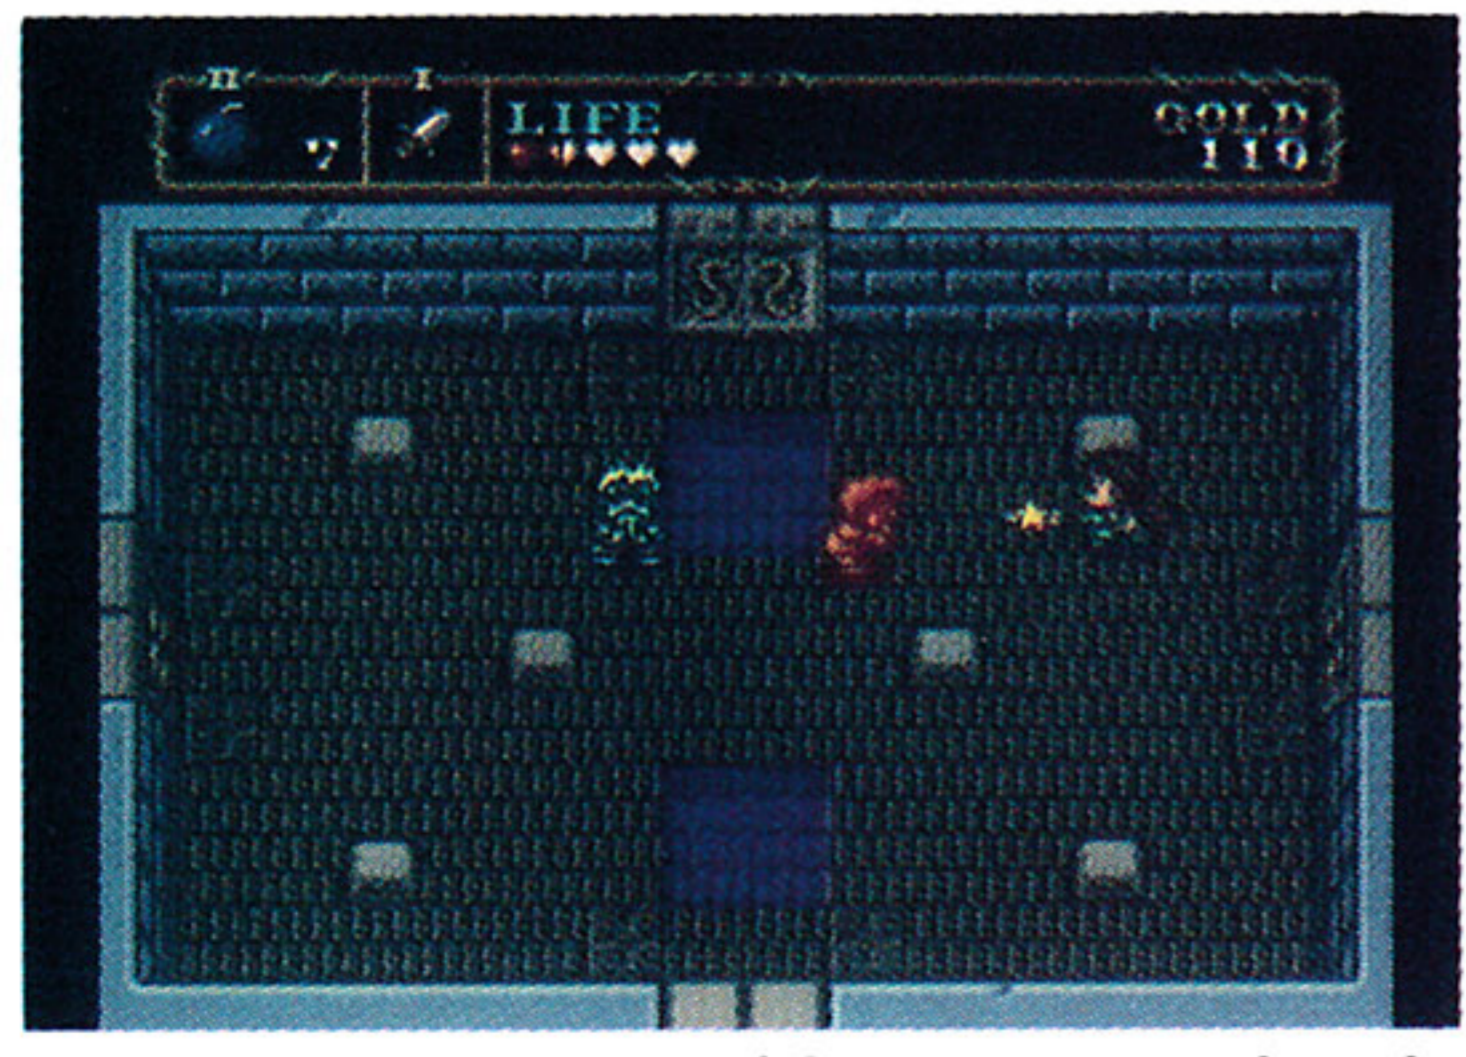

The hero must search for his lost father and save his people from the monsters. Neutopia is a new type of role-playing game with elements of an action game.

The beautiful land of Neutopia is infested with monsters back from the dead. You must destroy the Evil Demon Dirth as soon as possible to bring back peace to the land of Neutopia.

As soon as you start the game you see a nightmarish scene of Jazeta fighting a huge monster. Is Jazeta really dead, as in the images in the nightmare?

In the dungeon, powerful monsters and tricky traps stand in the way of our hero. Use your brains and skill to get through tough spots. There are also rooms that don't show up on the map.

This is the sequel to the popular role-playing game, Neutopia. After defeating the Evil Demon Dirth, in the previous Neutopia, the hero, Jazeta, disappeared. Since then, Neutopia has been invaded by evil monsters, and the people have been terrified. In Neutopia II, the son of Jazeta must search for his lost father and face the reborn Evil Demon Dirth. Can he bring back peace to the land of Neutopia? And is his father, Jazeta, still alive? Neutopia II takes place in a vast field and an underground dungeon. You must find the entrance to the underground world by moving rocks and destroying statues. The underground dungeon is full of monsters, traps, and hidden doors and rooms. Neutopia is waiting for you to come and save it. Now, It's all up to your skill and brains – can you bring back peace to Neutopia? It's super-exciting and easy to play. If you've never been satisfied with the role-playing games you've played, try Neutopia.

mini advice

If you look closely at the map, you'll see areas where the hidden rooms might be. Using bombs, destroy the walls in those suspicious areas. Even tough-looking bosses move in simple patterns. Watch how they move and plan your attack.

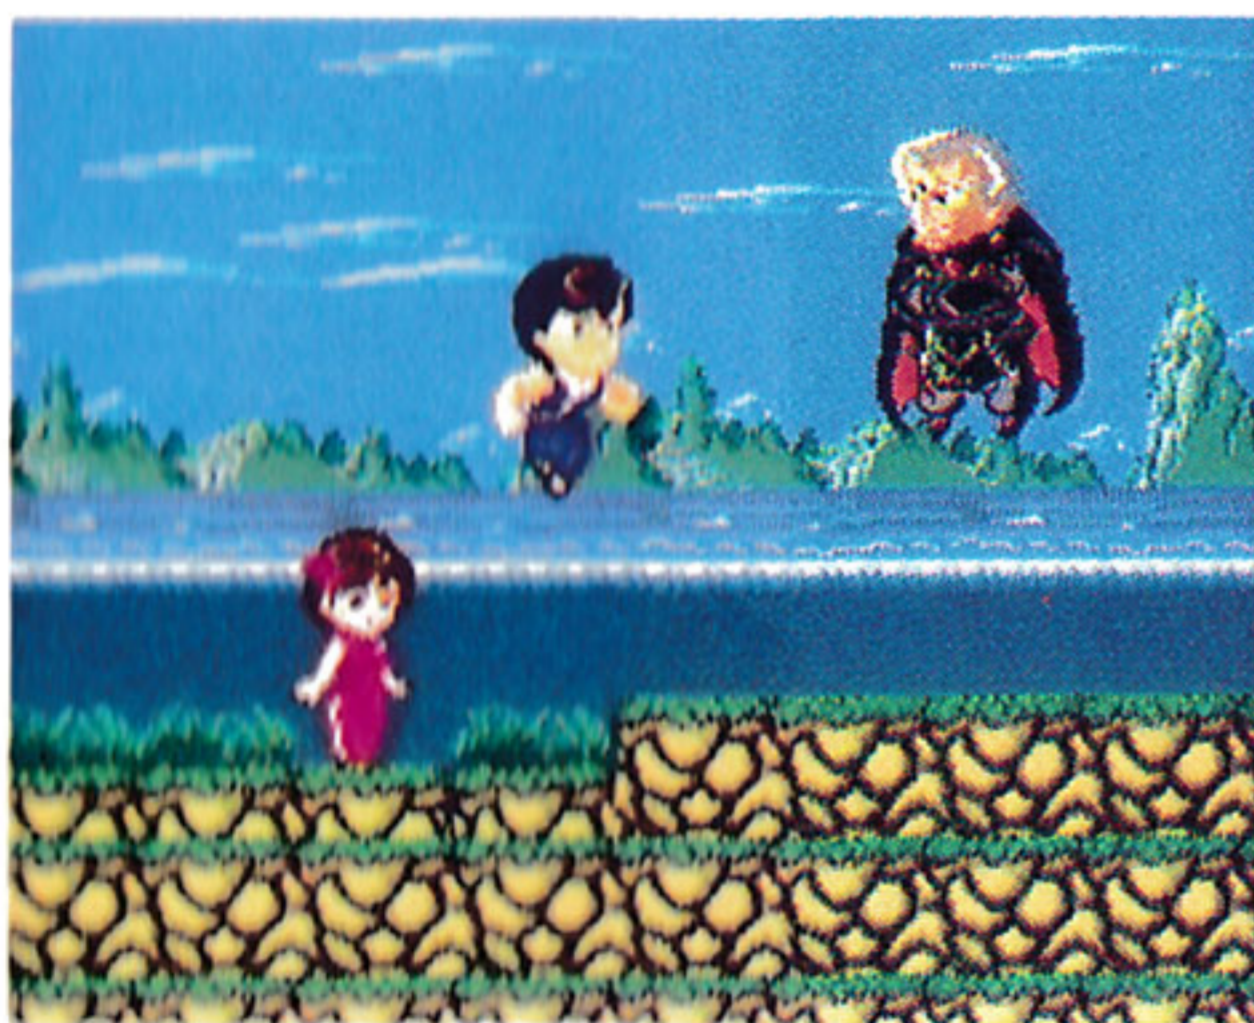

JACKIE CHAN ACTION KUNG FU™

TurboChip
Action Game
1 player

Jackie Chan is an exciting Kung-Fu action game. Fight, Jackie! And Save May Lin.

Jackie can beat anybody or anything, even a tiger. He must fight his way to find his girlfriend and rescue her. Fight, Jackie!

Who kidnapped May Lin? Play the game to the end and find out for yourself. Of course, you'll have to defeat all the enemies.

This game's hero is modeled after the world famous Kung-Fu star, Jackie Chan. The story begins when Jackie's girlfriend May Lin is kidnapped by an unknown enemy. After training under his master, Jackie starts his adventure to rescue May Lin. It's a whole new action-adventure game combining realistic Kung-Fu action and comical characters. Jackie fights enemies with his kicks and punches. But, by collecting power-up items, he can also use a variety of fighting techniques like spinning-kicks and powerful energy pulses. You'll love the realistic Kung-Fu action in Jackie Chan.

Jackie and his master stand in total darkness wondering where they are. What's going to happen to them?

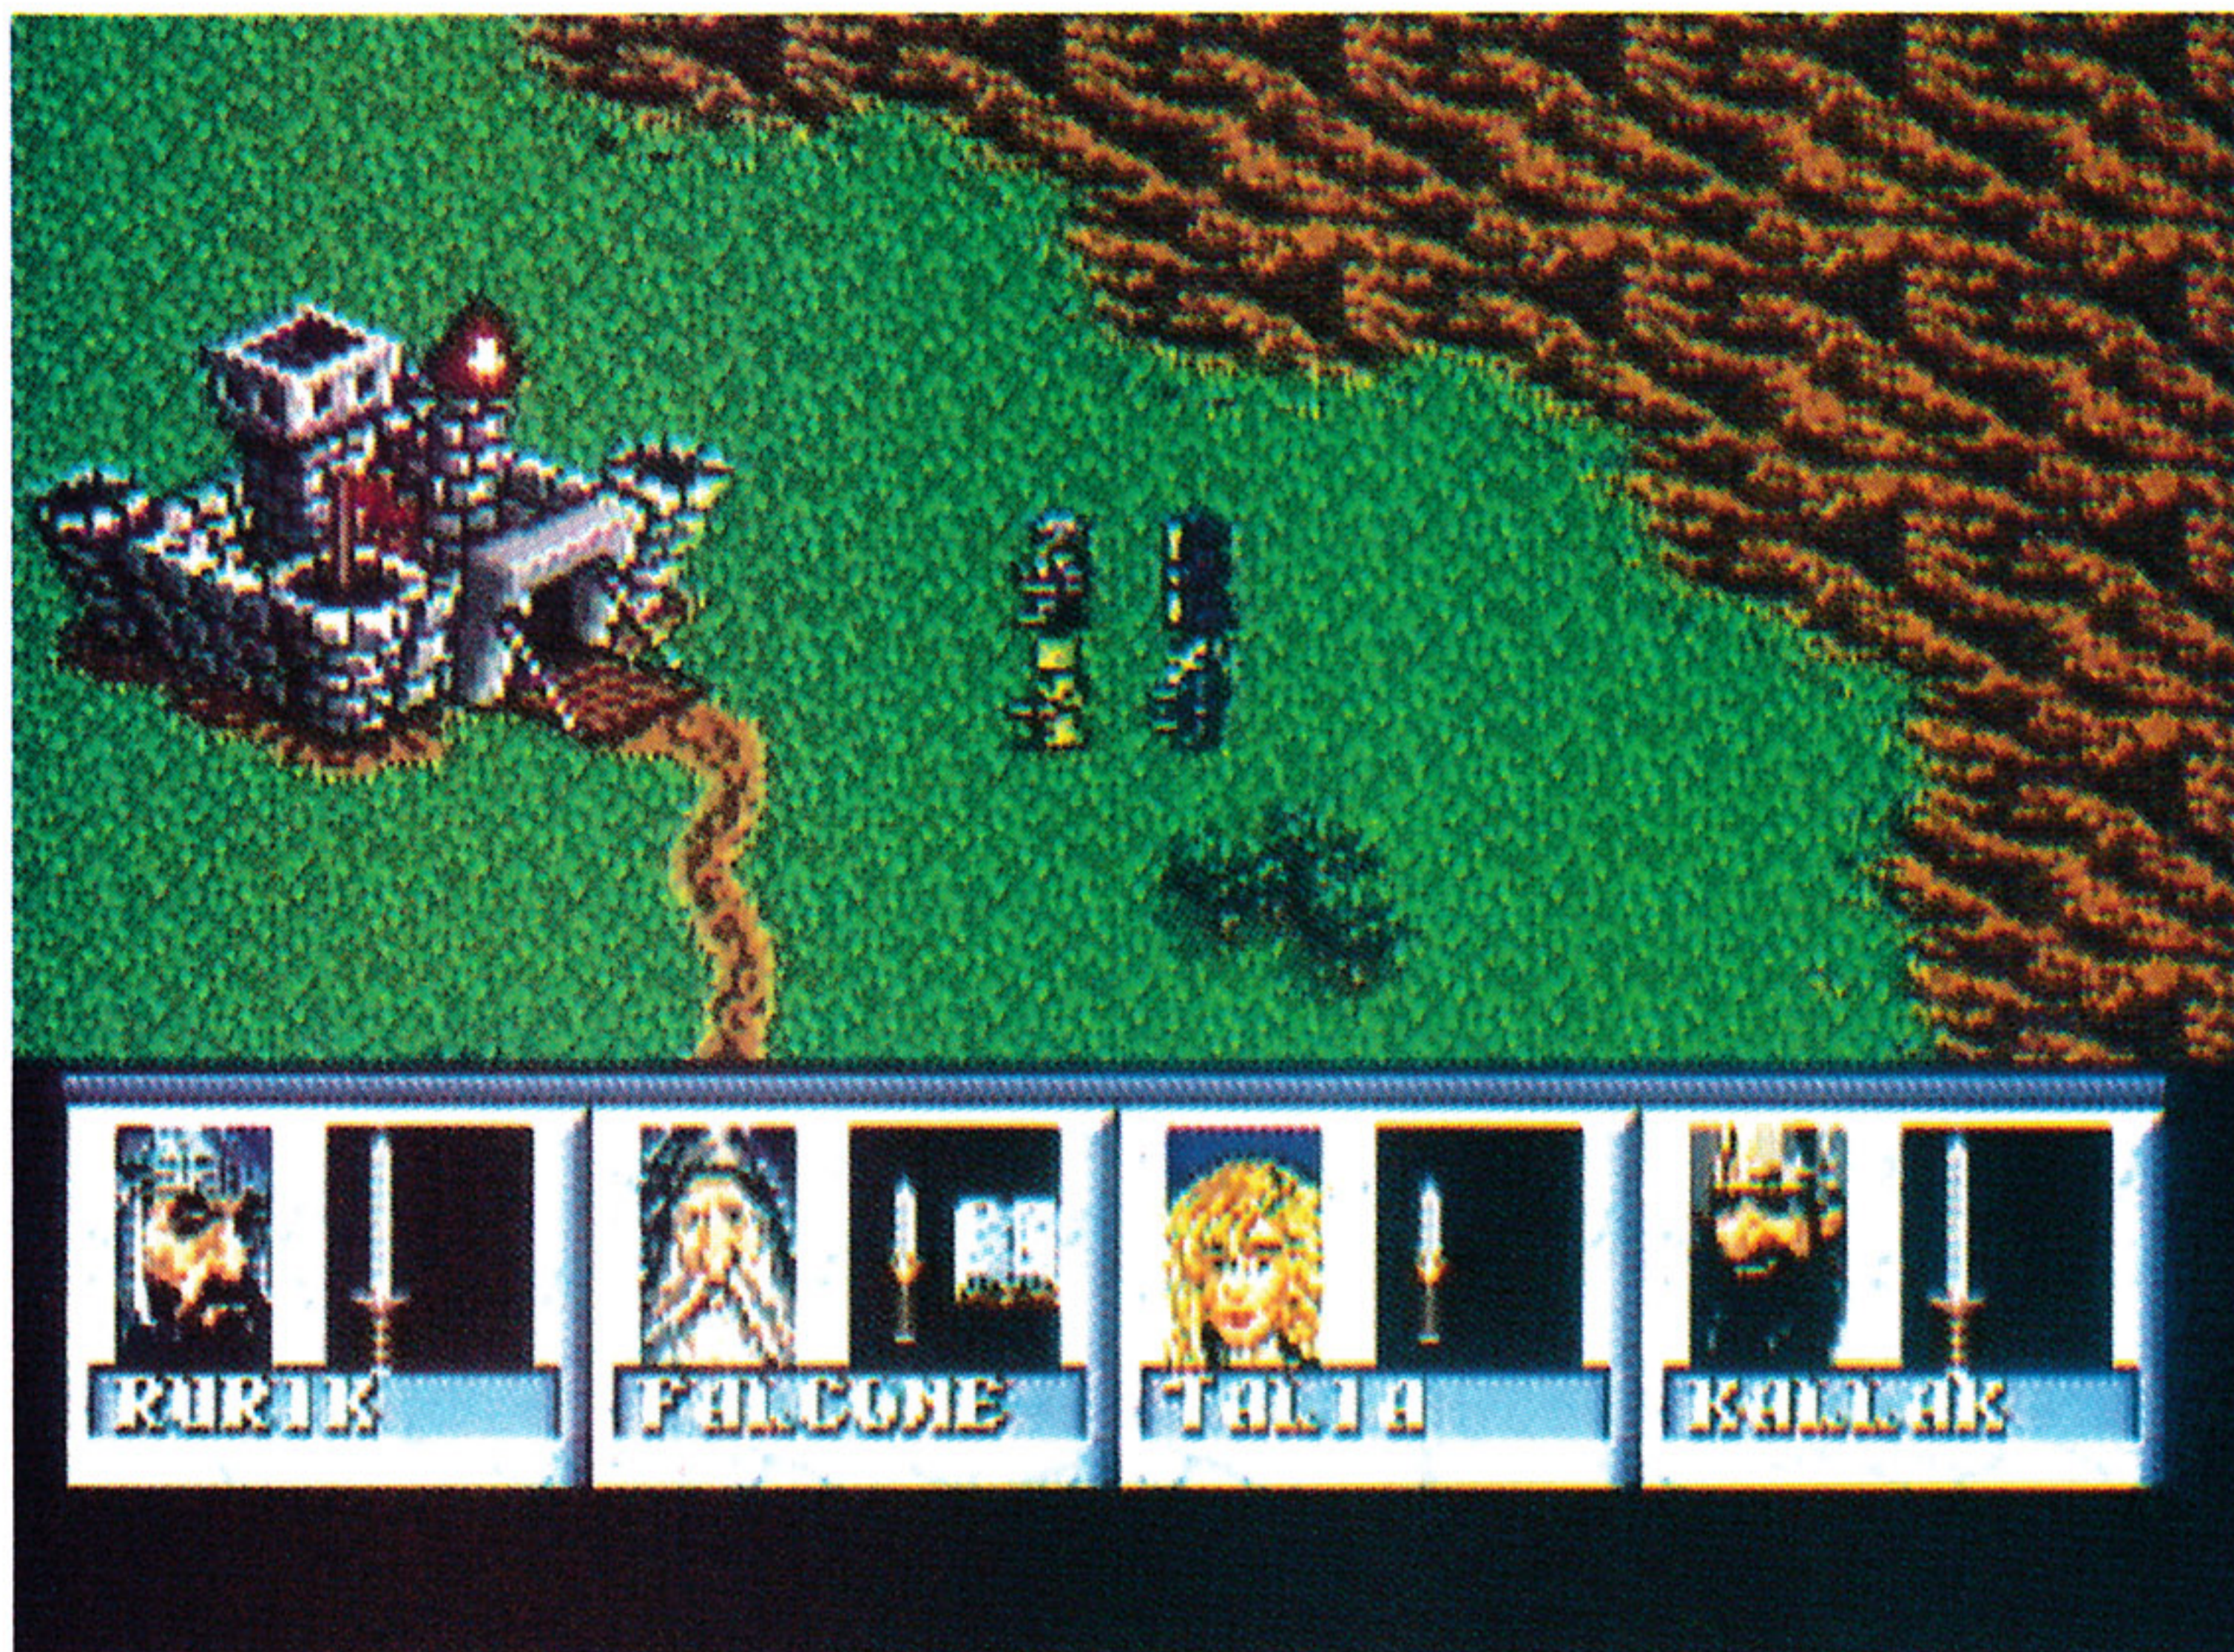

mini advice

By attacking the frogs, you can obtain power-up items. Search for them, especially in the water where they often hide.

ORDER OF GRIFFON™

TurboChip
Role Playing Game
1 player

A full-blown role-playing game, Order of Griffon, is now available for your TG-16. Use your group's power to defeat the evil monsters.

Your group is walking across a prairie. What is at the end? Is it a castle or ...? And what kind of adventure is there?

At the beginning of the game, you must choose your four characters in seven different trades with three characters in each trade.

Once you start fighting monsters, you decide whether each character will fight or use magic. If you're not careful, you'll get all your characters killed in one battle.

Order of Griffon is the TG-16 version of the board game of the same name.

First, you form your group of characters, then you journey into the world of the Order of Griffon. Once inside you encounter lots of vicious monsters waiting for your group, and have many adventures. While you travel from place to place, you'll see a detailed map of the world, with awesome graphics. And you'll love the realistic battle scenes, which feel like those of a simulation game.

You can play Order of Griffon by yourself. Or play with four people, each controlling one character. Either way you'll love this game all the way to the end.

mini advice

You'll find useful items in villages and in the labyrinth. Collect as many items as possible before you take on monsters.

GHOST MANOR™

TurboChip
Action Game
1 player

This boy's adventure starts from a ghostly subterranean labyrinth.
What's going to happen to him?

An eery looking title screen appears as if to symbolize the gruesome adventure the hero is about to face. It's all up to you overcome the obstacles and get to the end of the game.

There are ghosts everywhere in the labyrinth. And they attack the hero from all directions. How can you get out of here?

This is a falling magma trap. Avoid the magma and move forward. You lose one player when the medicine bottle at the top of the screen disappears.

Ghost Manor is a high-powered fast action game. You must control the hero and avoid frightening ghosts, collect keys and items and fight your way to the exit of the labyrinth. As long as the hero isn't touching a ghost or a trap, he can jump or fall from any place. He is just as tough as the heroes in action movies. And even if he gets hit by ghosts, he can survive as long as his life-gauge doesn't hit zero. So, take your time to explore the mysteries of the labyrinth.

Ghosts and traps in the labyrinth and monster fish in the water are waiting for the boy. Though he's tough, if you're not careful, he'll end up as one of them. You'll need all your skills and reflexes for this game.

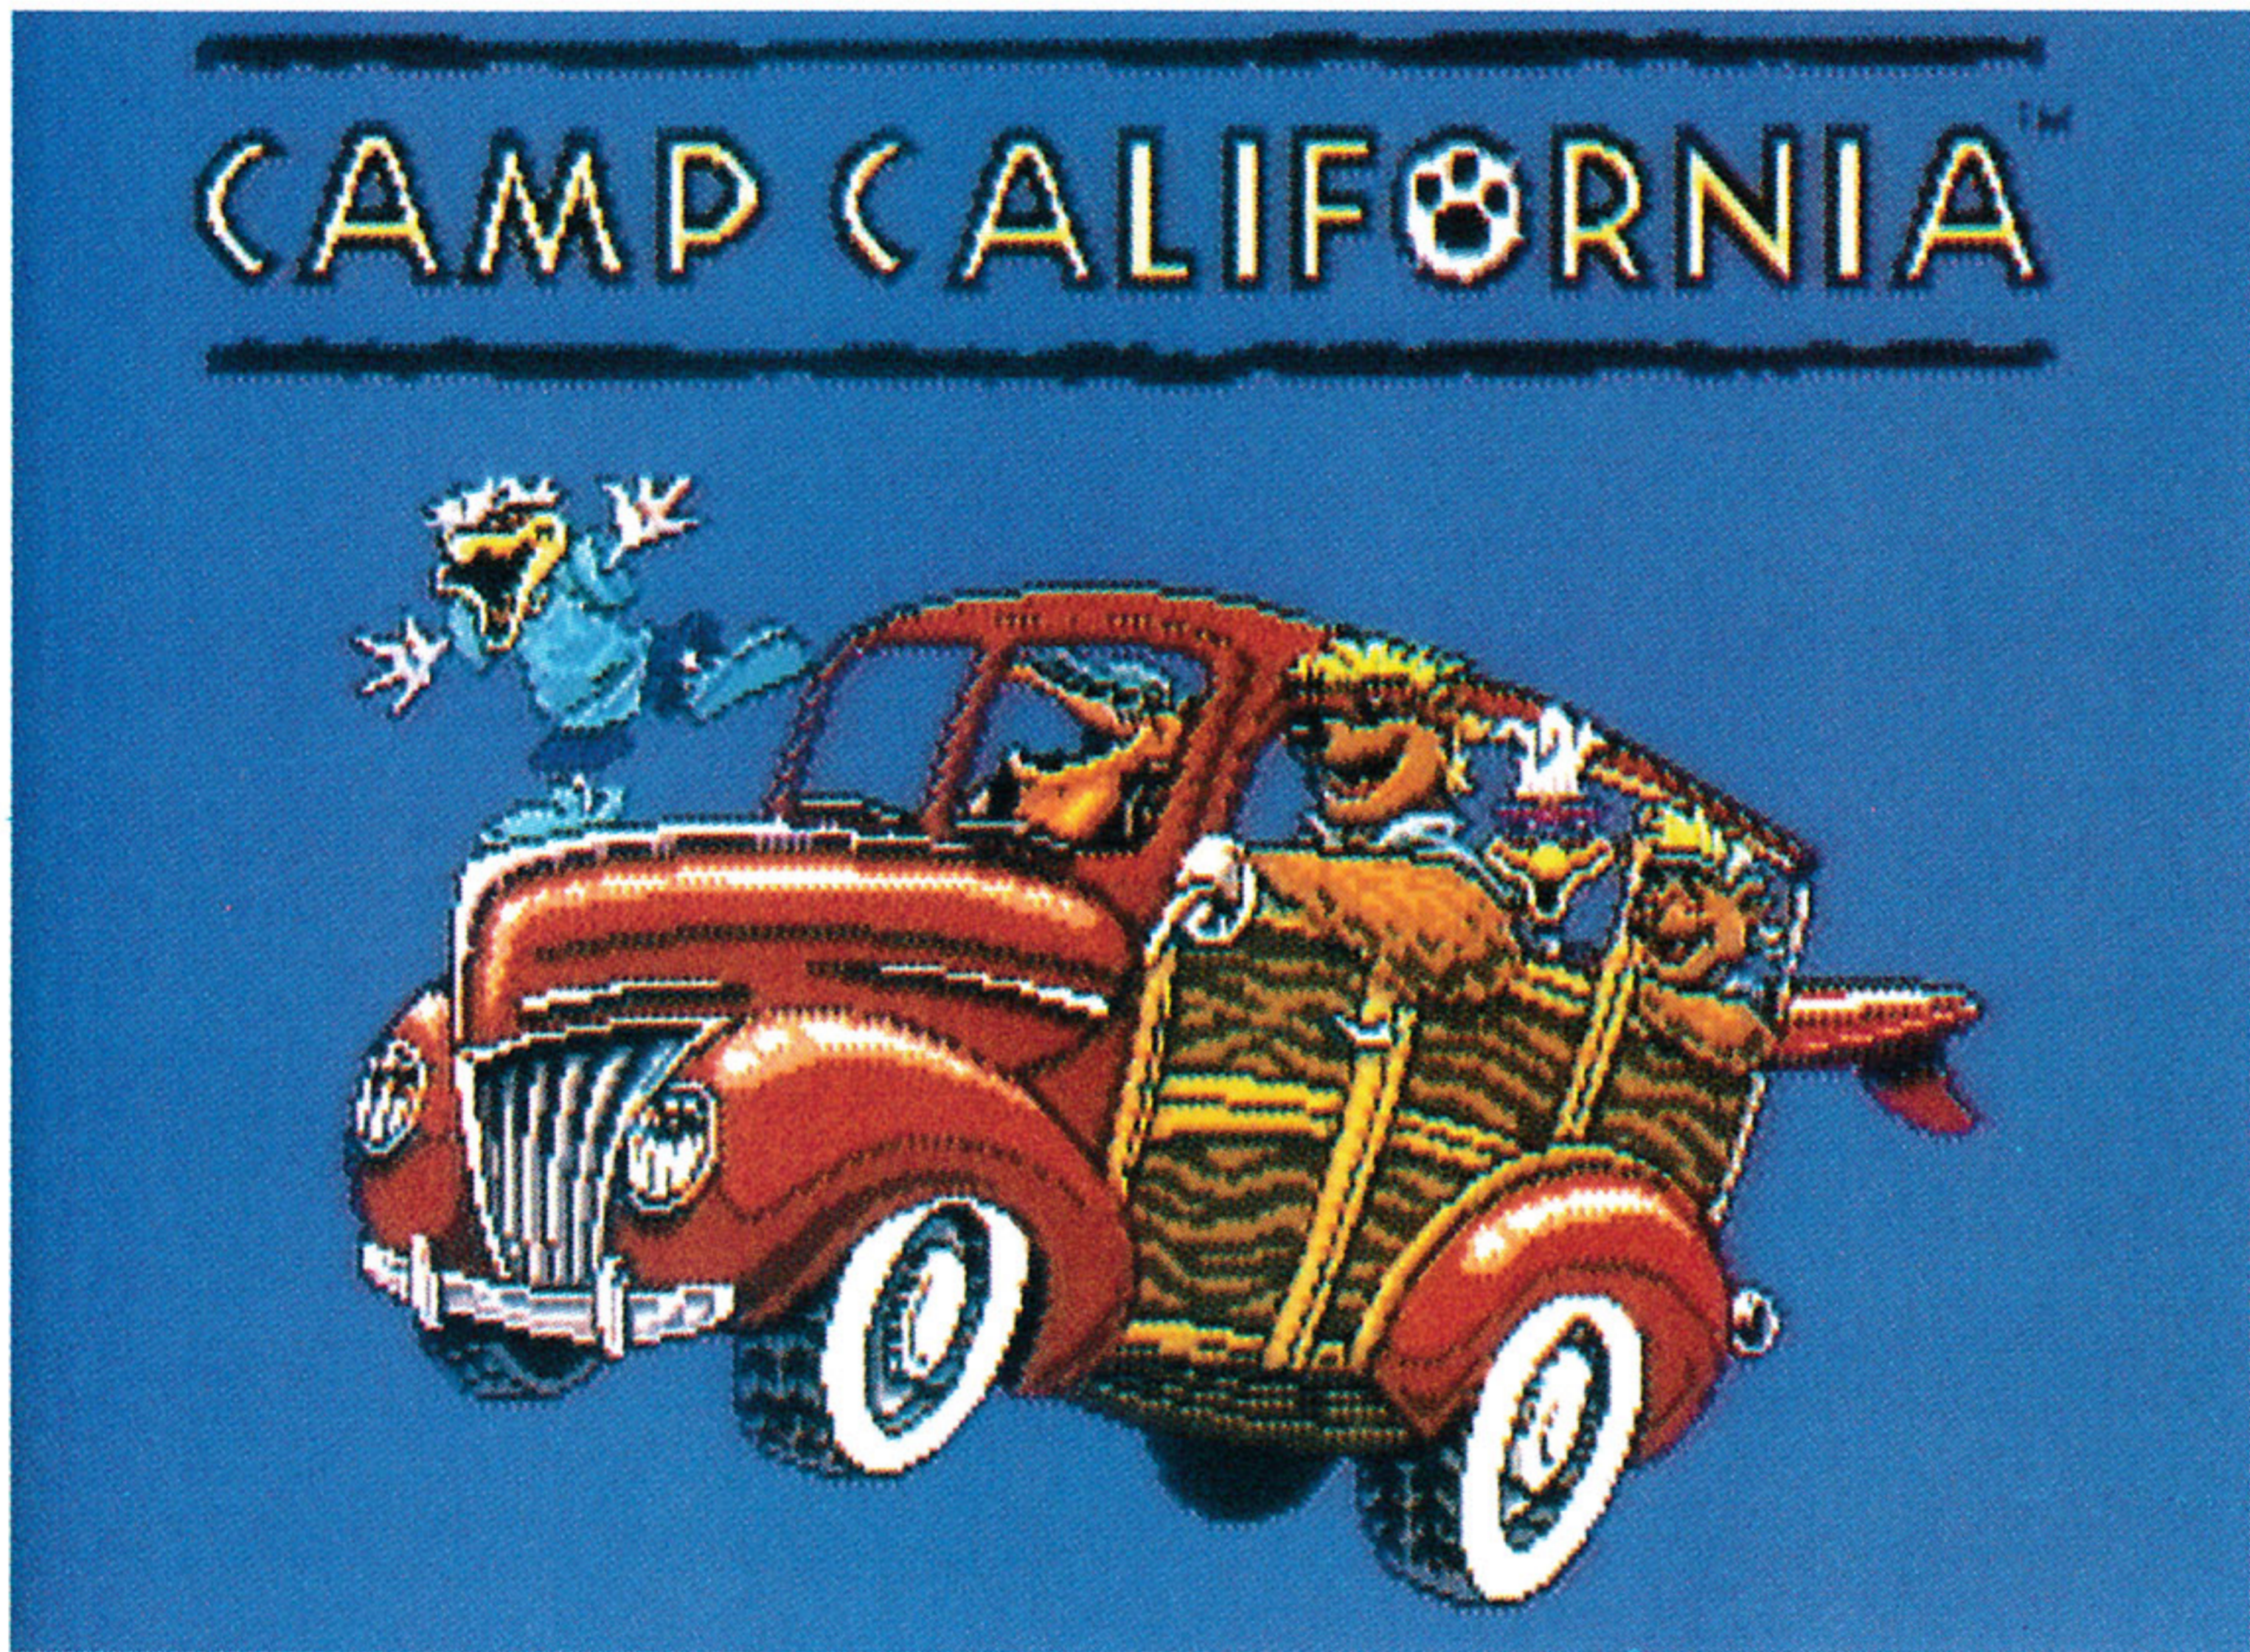

mini advice

Visit the house in the beginning of the game to obtain a weapon. It's powerful, but you have limited number of bullets, so use it carefully.

CAMP CALIFORNIA™

CD-ROM
Action Game
1 player

Your playful friends have come to the West Coast to save the environment of California.

This is the title screen of Camp California. Five fun-loving friends have just arrived in their beat-up old car.

At the beginning of each stage you choose one character to fight the stage. Each character has different capabilities: the birds can fly and the bears have powerful punches but can't jump.

You're suddenly attacked by a sea gull who throws dumbbells at you. There are more cans to pick up and crabs to avoid. What are you going to do?

In Camp California, a group of playful animals fight for the environment of California. They can go anywhere on the map of California, and stop at buildings and beaches to fight enemies and clean up the environment by picking up cans and bottles. In each stage, you get to choose one of five characters to fight the enemies in that area. It's like watching cartoon characters on TV.

The CD-quality music includes the opening theme and cool tunes by the Beach Boys. It's always summertime at home with Camp California

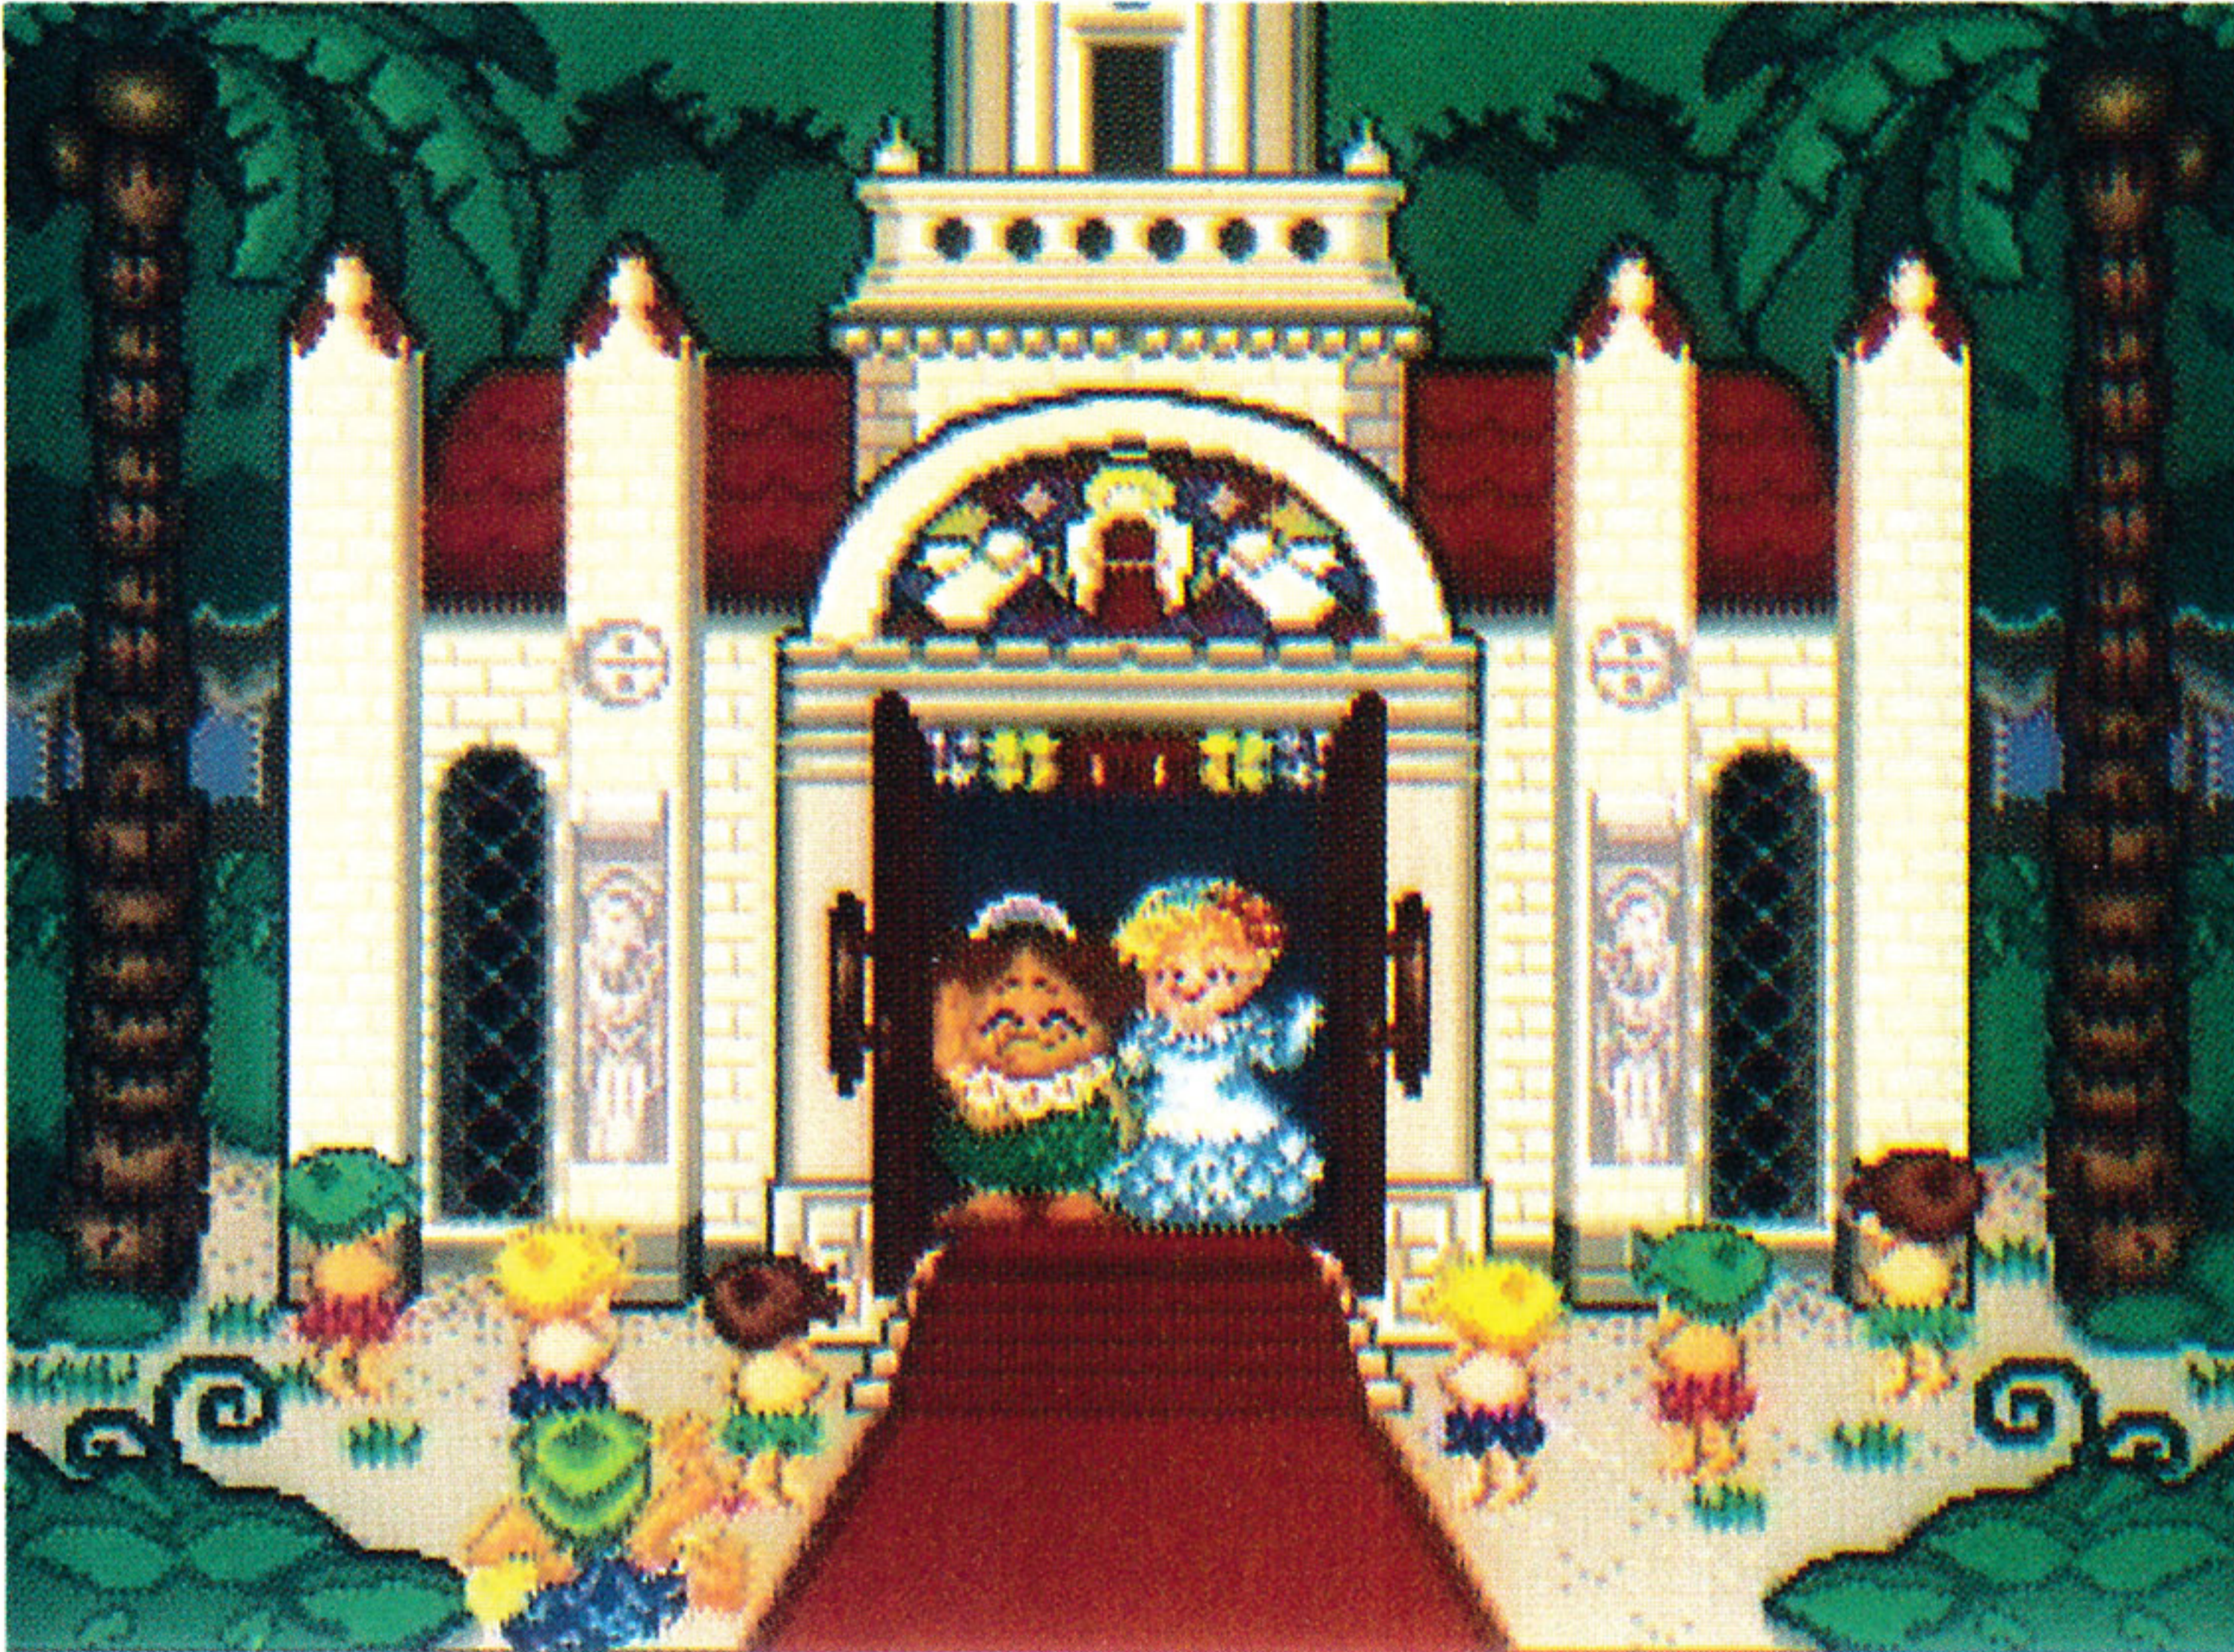

mini advice

There are many different stages. You'll need to use every character to get through this game.

NEW ADVENTURE ISLAND™

TurboChip
Action Game
1 player

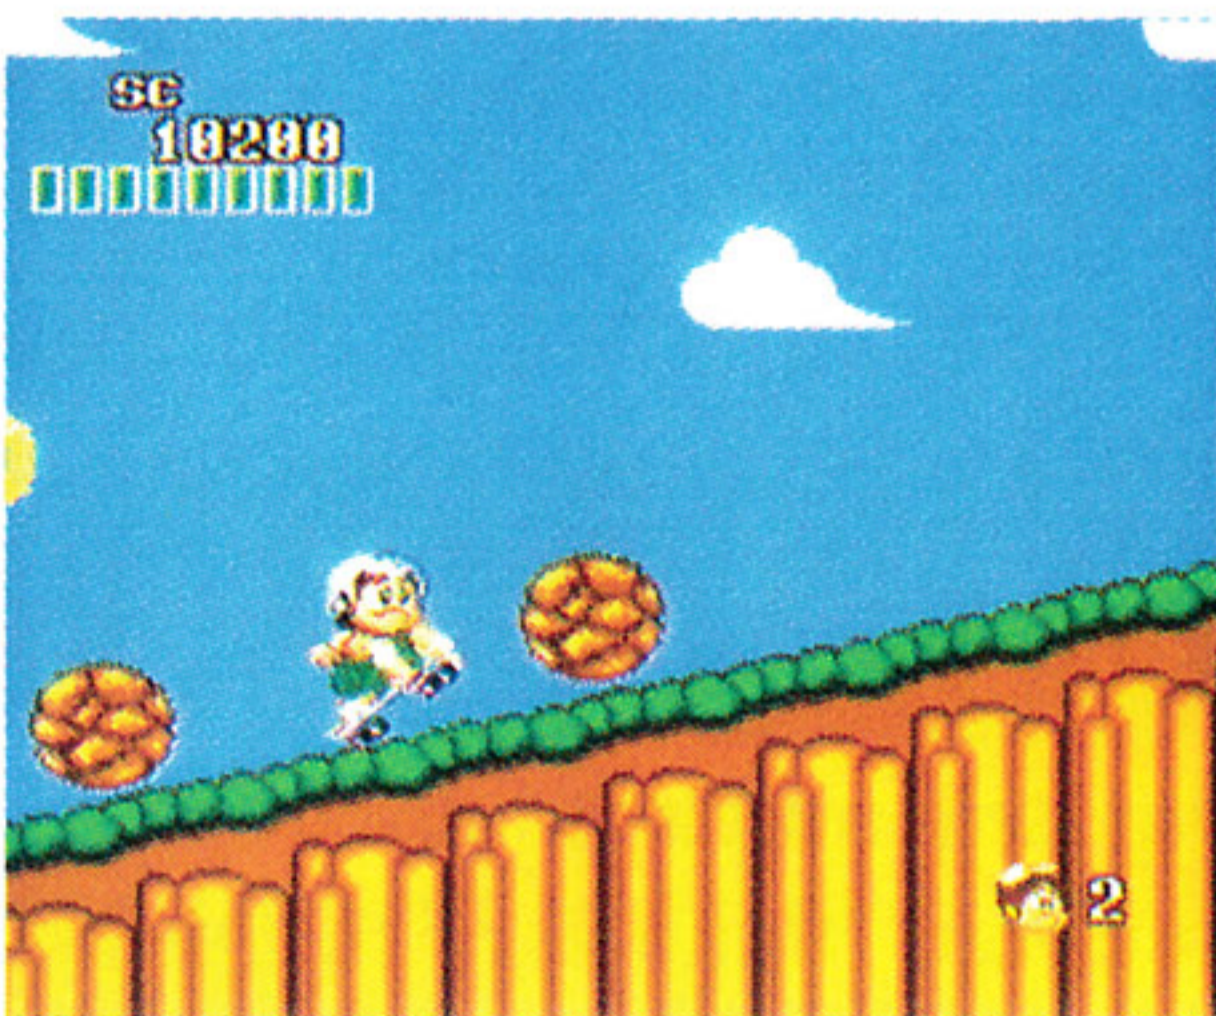

Rescue your kidnapped bride. This is an epic adventure in the South Seas.

In the beautiful setting of the South Sea islands, the hero sets out on an adventure to save his bride. Power-up items like the skateboard make this game fast and exciting.

There are comical scenes like this in between stages. Use them to rest up for a minute before the next stage.

What should've been a happy wedding on a South Sea island has been turned into a disaster by the evil villain. Can you rescue the bride and bring back her smile?

Adventure Island is a fast new action game that takes place on the islands of the South Seas.

The hero must rescue his bride who has been kidnapped during their wedding by an evil villain. It will take all your skill and finesse to defeat hordes of monsters, get through the maze and overcome obstacles to get to the evil villain. This game uses a damage-point system, so the hero can withstand a certain amount of damage without dying. And since you have more than one hero to start the game, you should be able to complete the game without too much difficulty. The game stages include jungles, mountains and subterranean caves. In each stage there are several power-up eggs, and by picking them up you get weapons like an axe and a boomerang. There are also hidden fruits which give you bonus points.

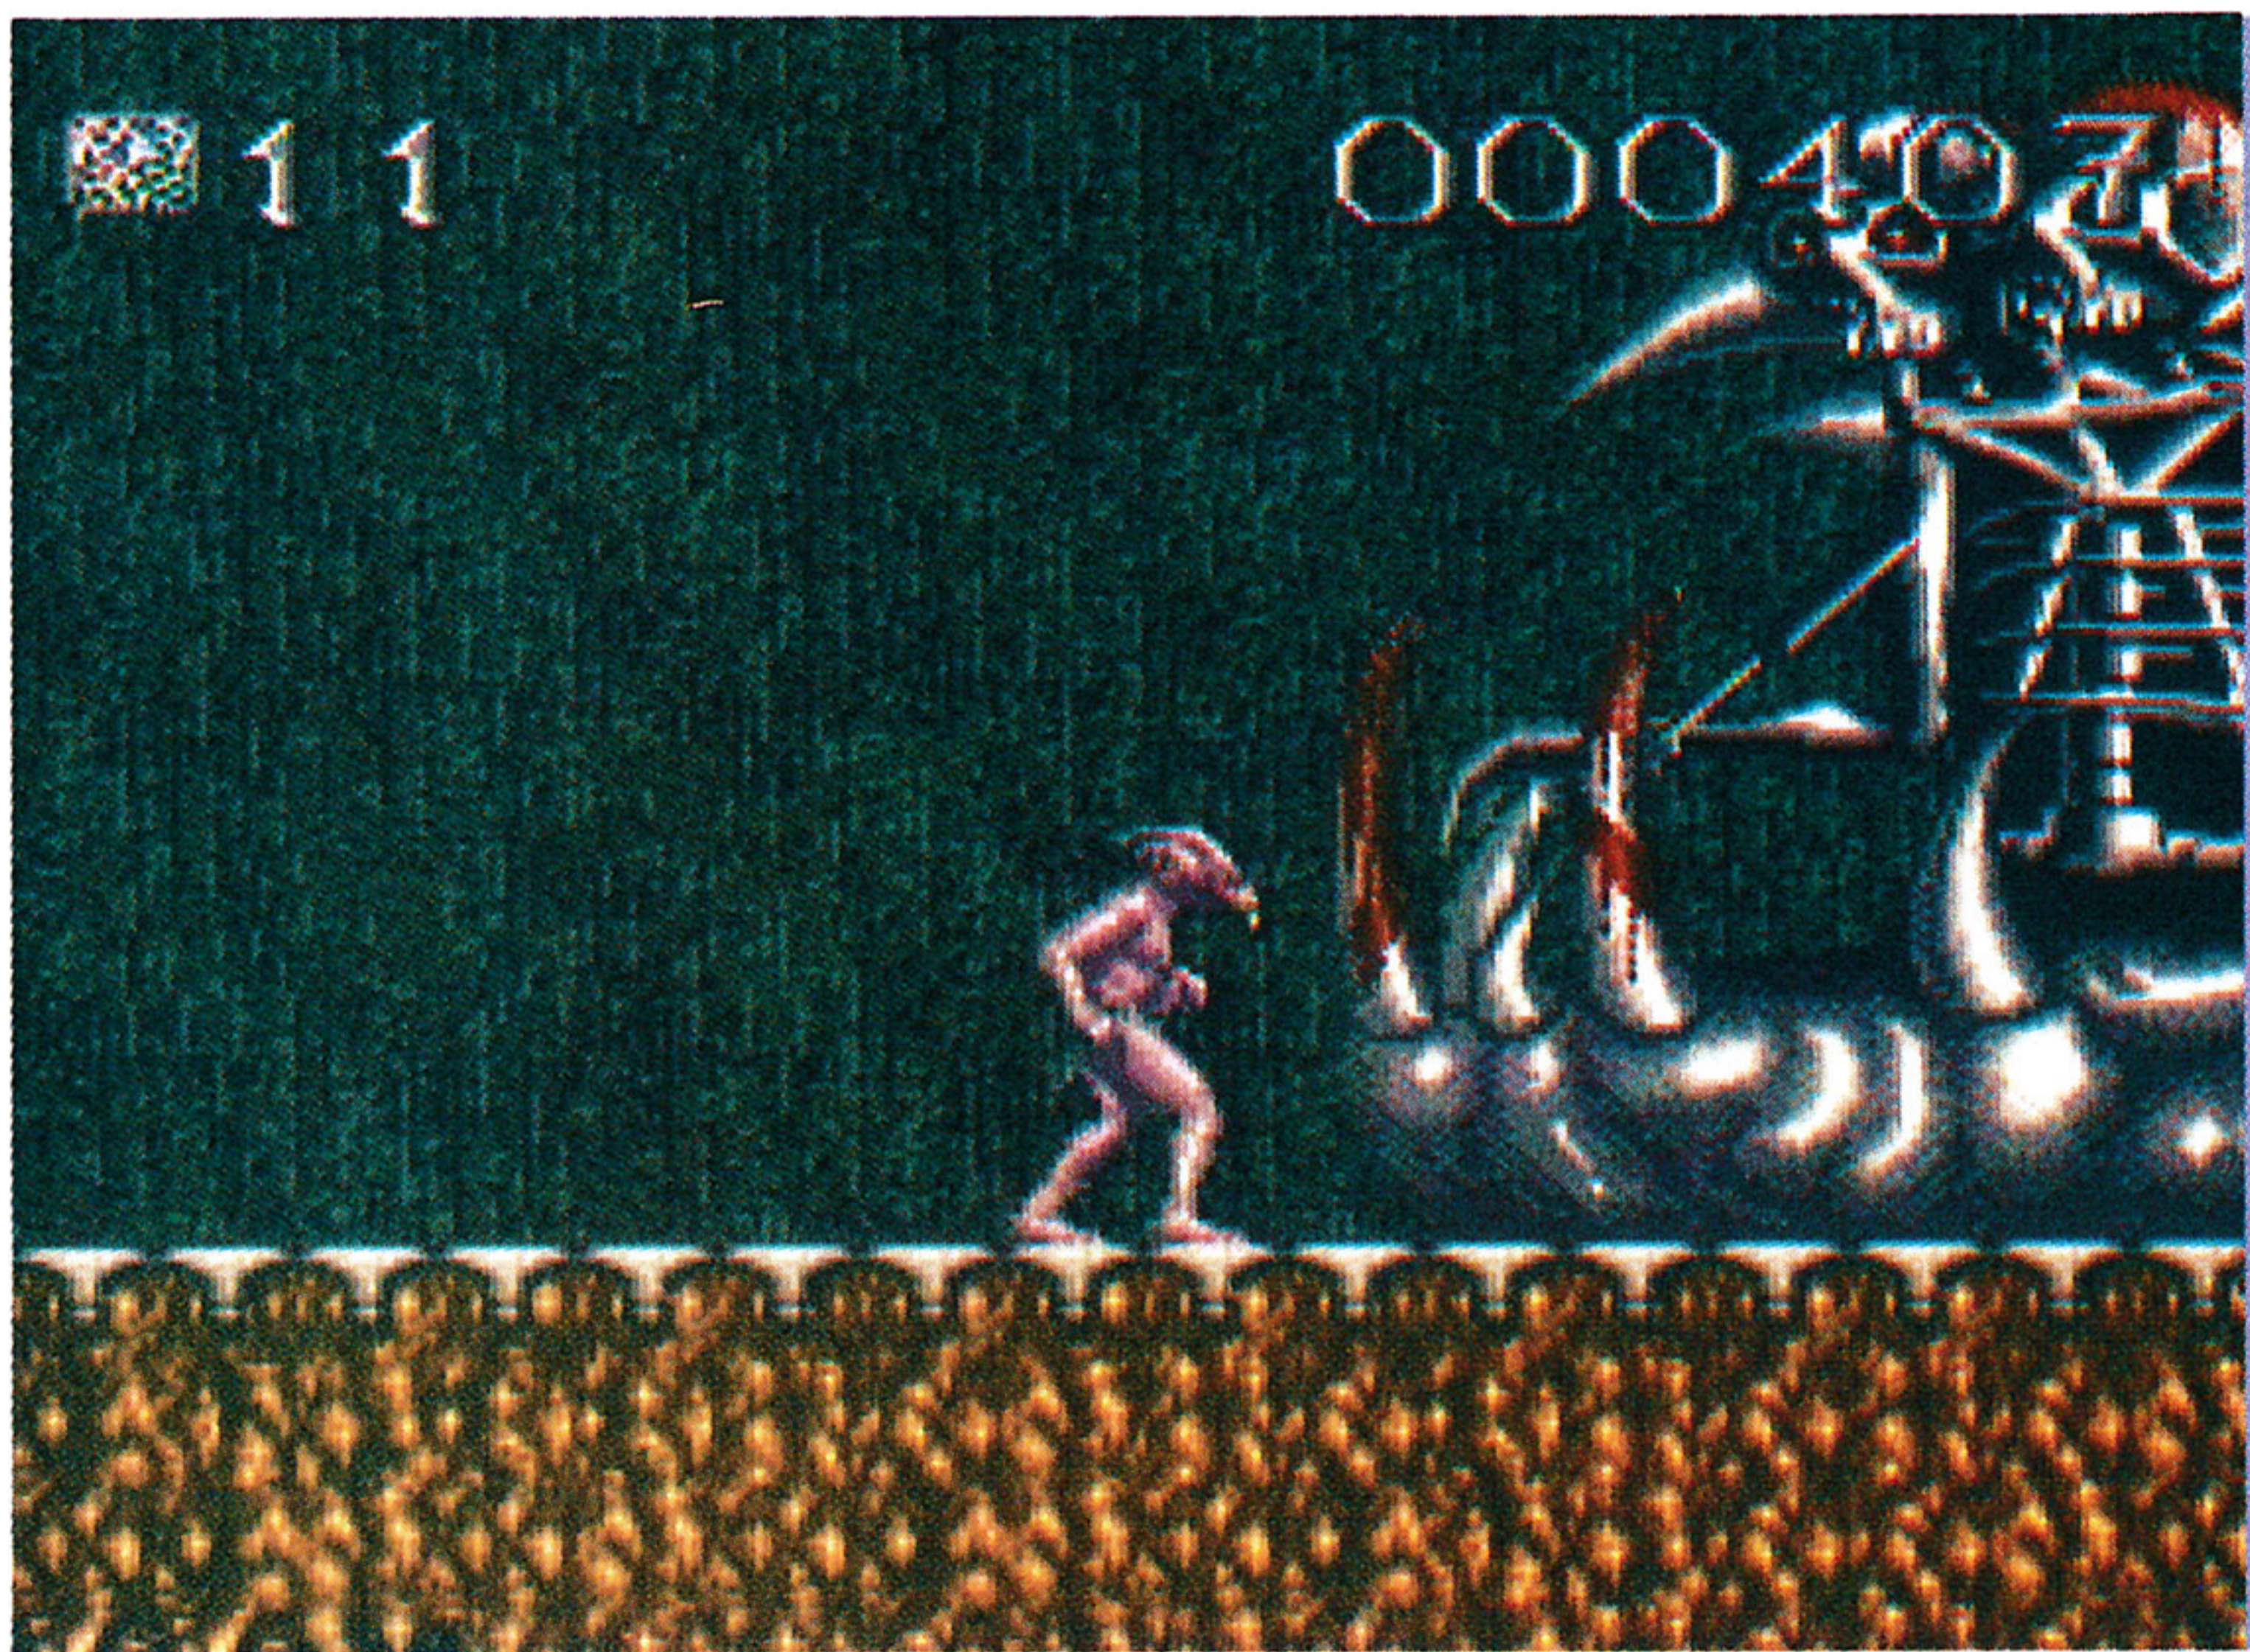

mini advice

Make sure to jump over even small rocks on the ground. When you get the skateboard, don't go too fast or you'll fall flat on your face.

SHADOW OF THE BEAST™

CD-ROM
Action Game
1 player

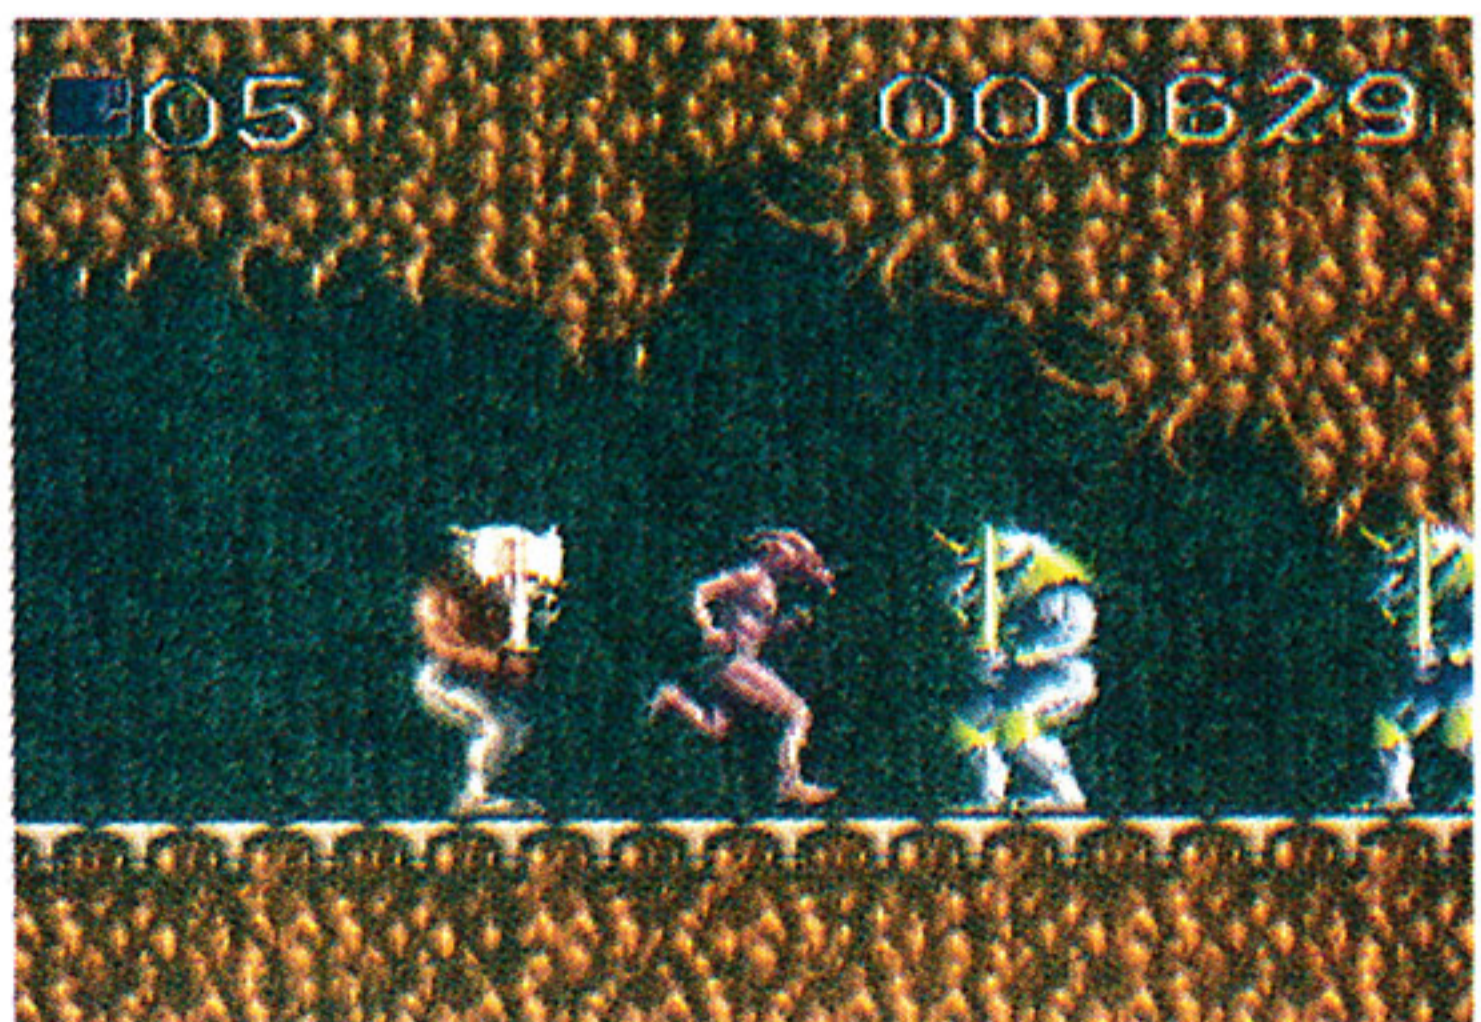

Shadow of The Beast is an action game filled with the strangest-looking creatures. Can you survive till the end and regain your human form? Or die trying?

Fighting against bosses is really exciting. Avoid the boss monster edging towards you and attack him. The detailed graphics really show the creepiness of the boss characters.

A creeping beast hides in the darkness. Its silent but horrible and dangerous image suggests gruesome monster-battles that will follow the dead calm.

You're running for the exit of the dungeon, being attacked by evil monsters. Take the jewel and increase your power, destroy the monsters. Now, go after the boss.

Shadow of The Beast is a horizontally scrolling action game which takes place in the medieval world. The hero, who's been turned into a beast, must journey into dark caves and labyrinths in search of his true form. Along the way, he must defeat countless monsters and collect clues to uncover the secret of becoming human again. In this game the hero must fight with his bare hands, but since a damage-point system is used, he won't get killed easily. The game contains many mystery solving elements, so you won't get fed up with non-stop fighting scenes. At the same time, the difficulty level is not excessively high. So you'll never get bored playing this game. As you would expect from a CD-ROM game, Shadow of The Beast is packed with realistic visual scenes and sounds. The opening demo-scene is so awesome, it'll bring out the beast in you.

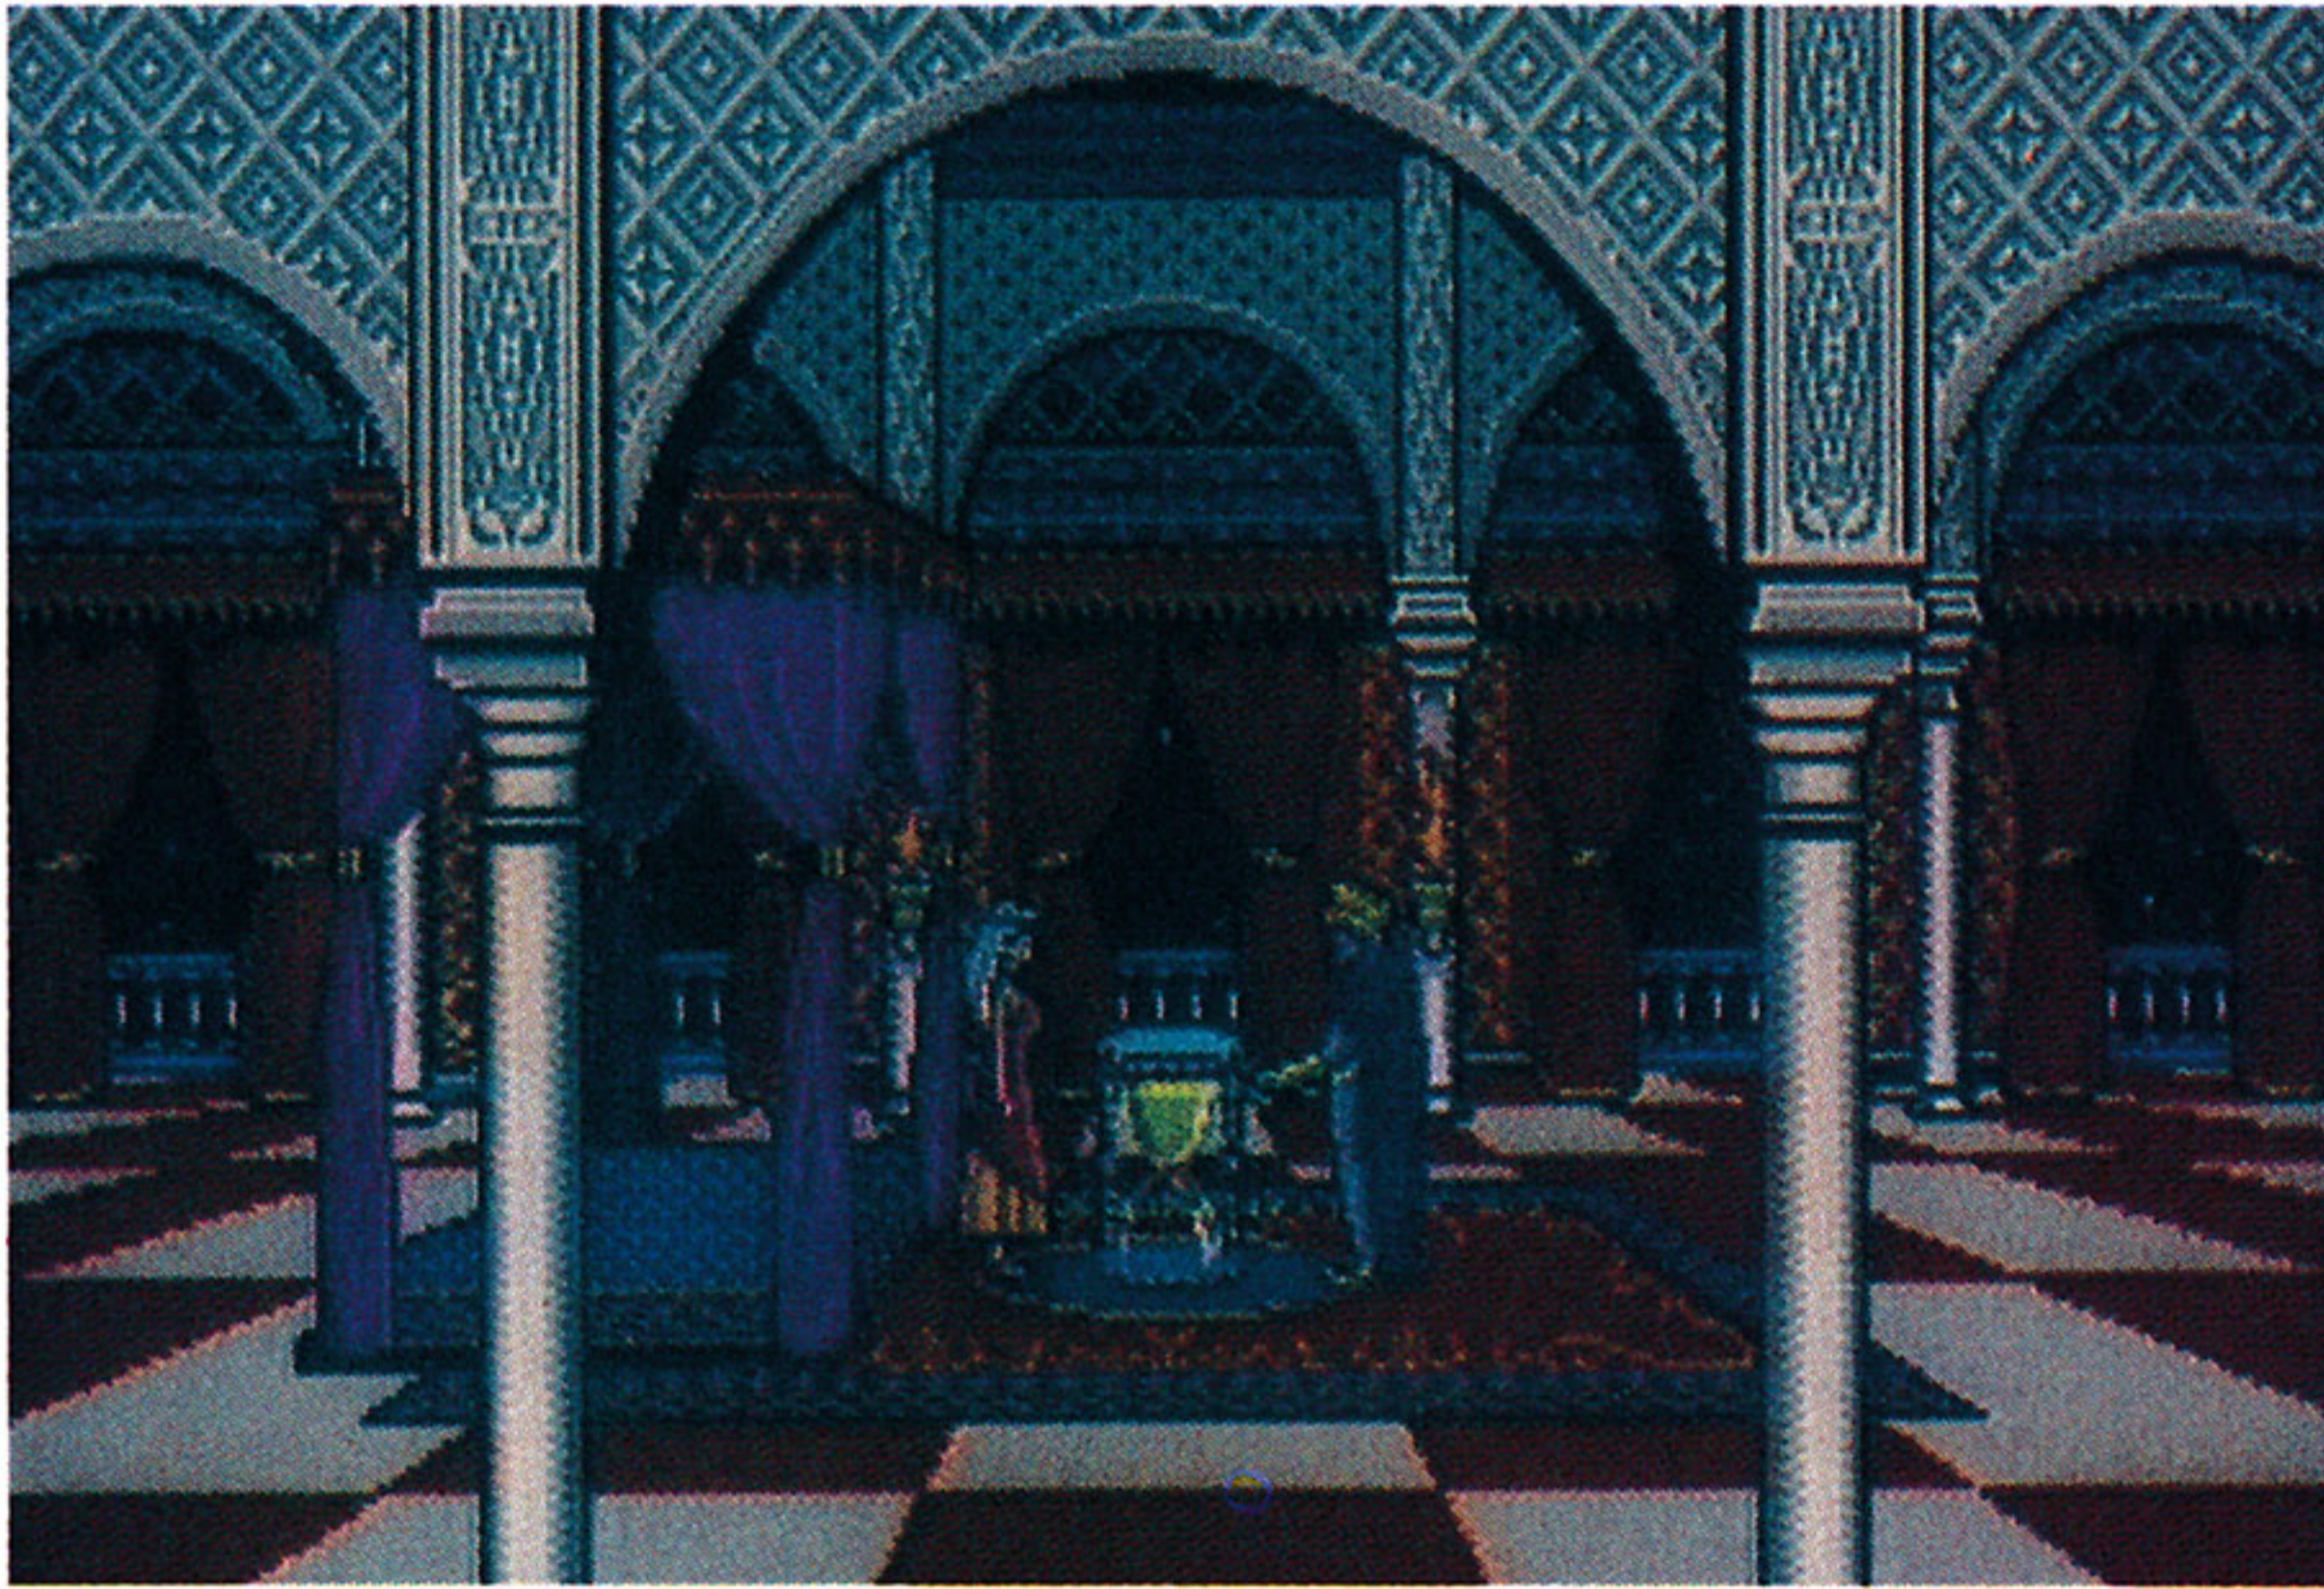

mini advice

There are a power-up item and a stamina-recovering item in each dungeon. Make sure to get both before facing the boss.

PRINCE OF PERSIA™

CD-ROM
Action Game
1 player

You have only an hour to save the Princess from the evil minister.

This game's best feature is the life-like action of its characters. There is no other action game whose characters move so realistically and smoothly. You haven't played a true action game till you've played Prince of Persia.

At the beginning of the game you have no weapons. The first thing you must do is find a sword to fight with.

The time limit to rescue the captured Princess from the evil minister is just one hour. You must enter and get through the underground labyrinth filled with dangerous cliffs and death traps. One false move will get the prince killed. This game will push your courage and

intelligence to the limit. If you lose, you'll have to watch your character die in a death trap.

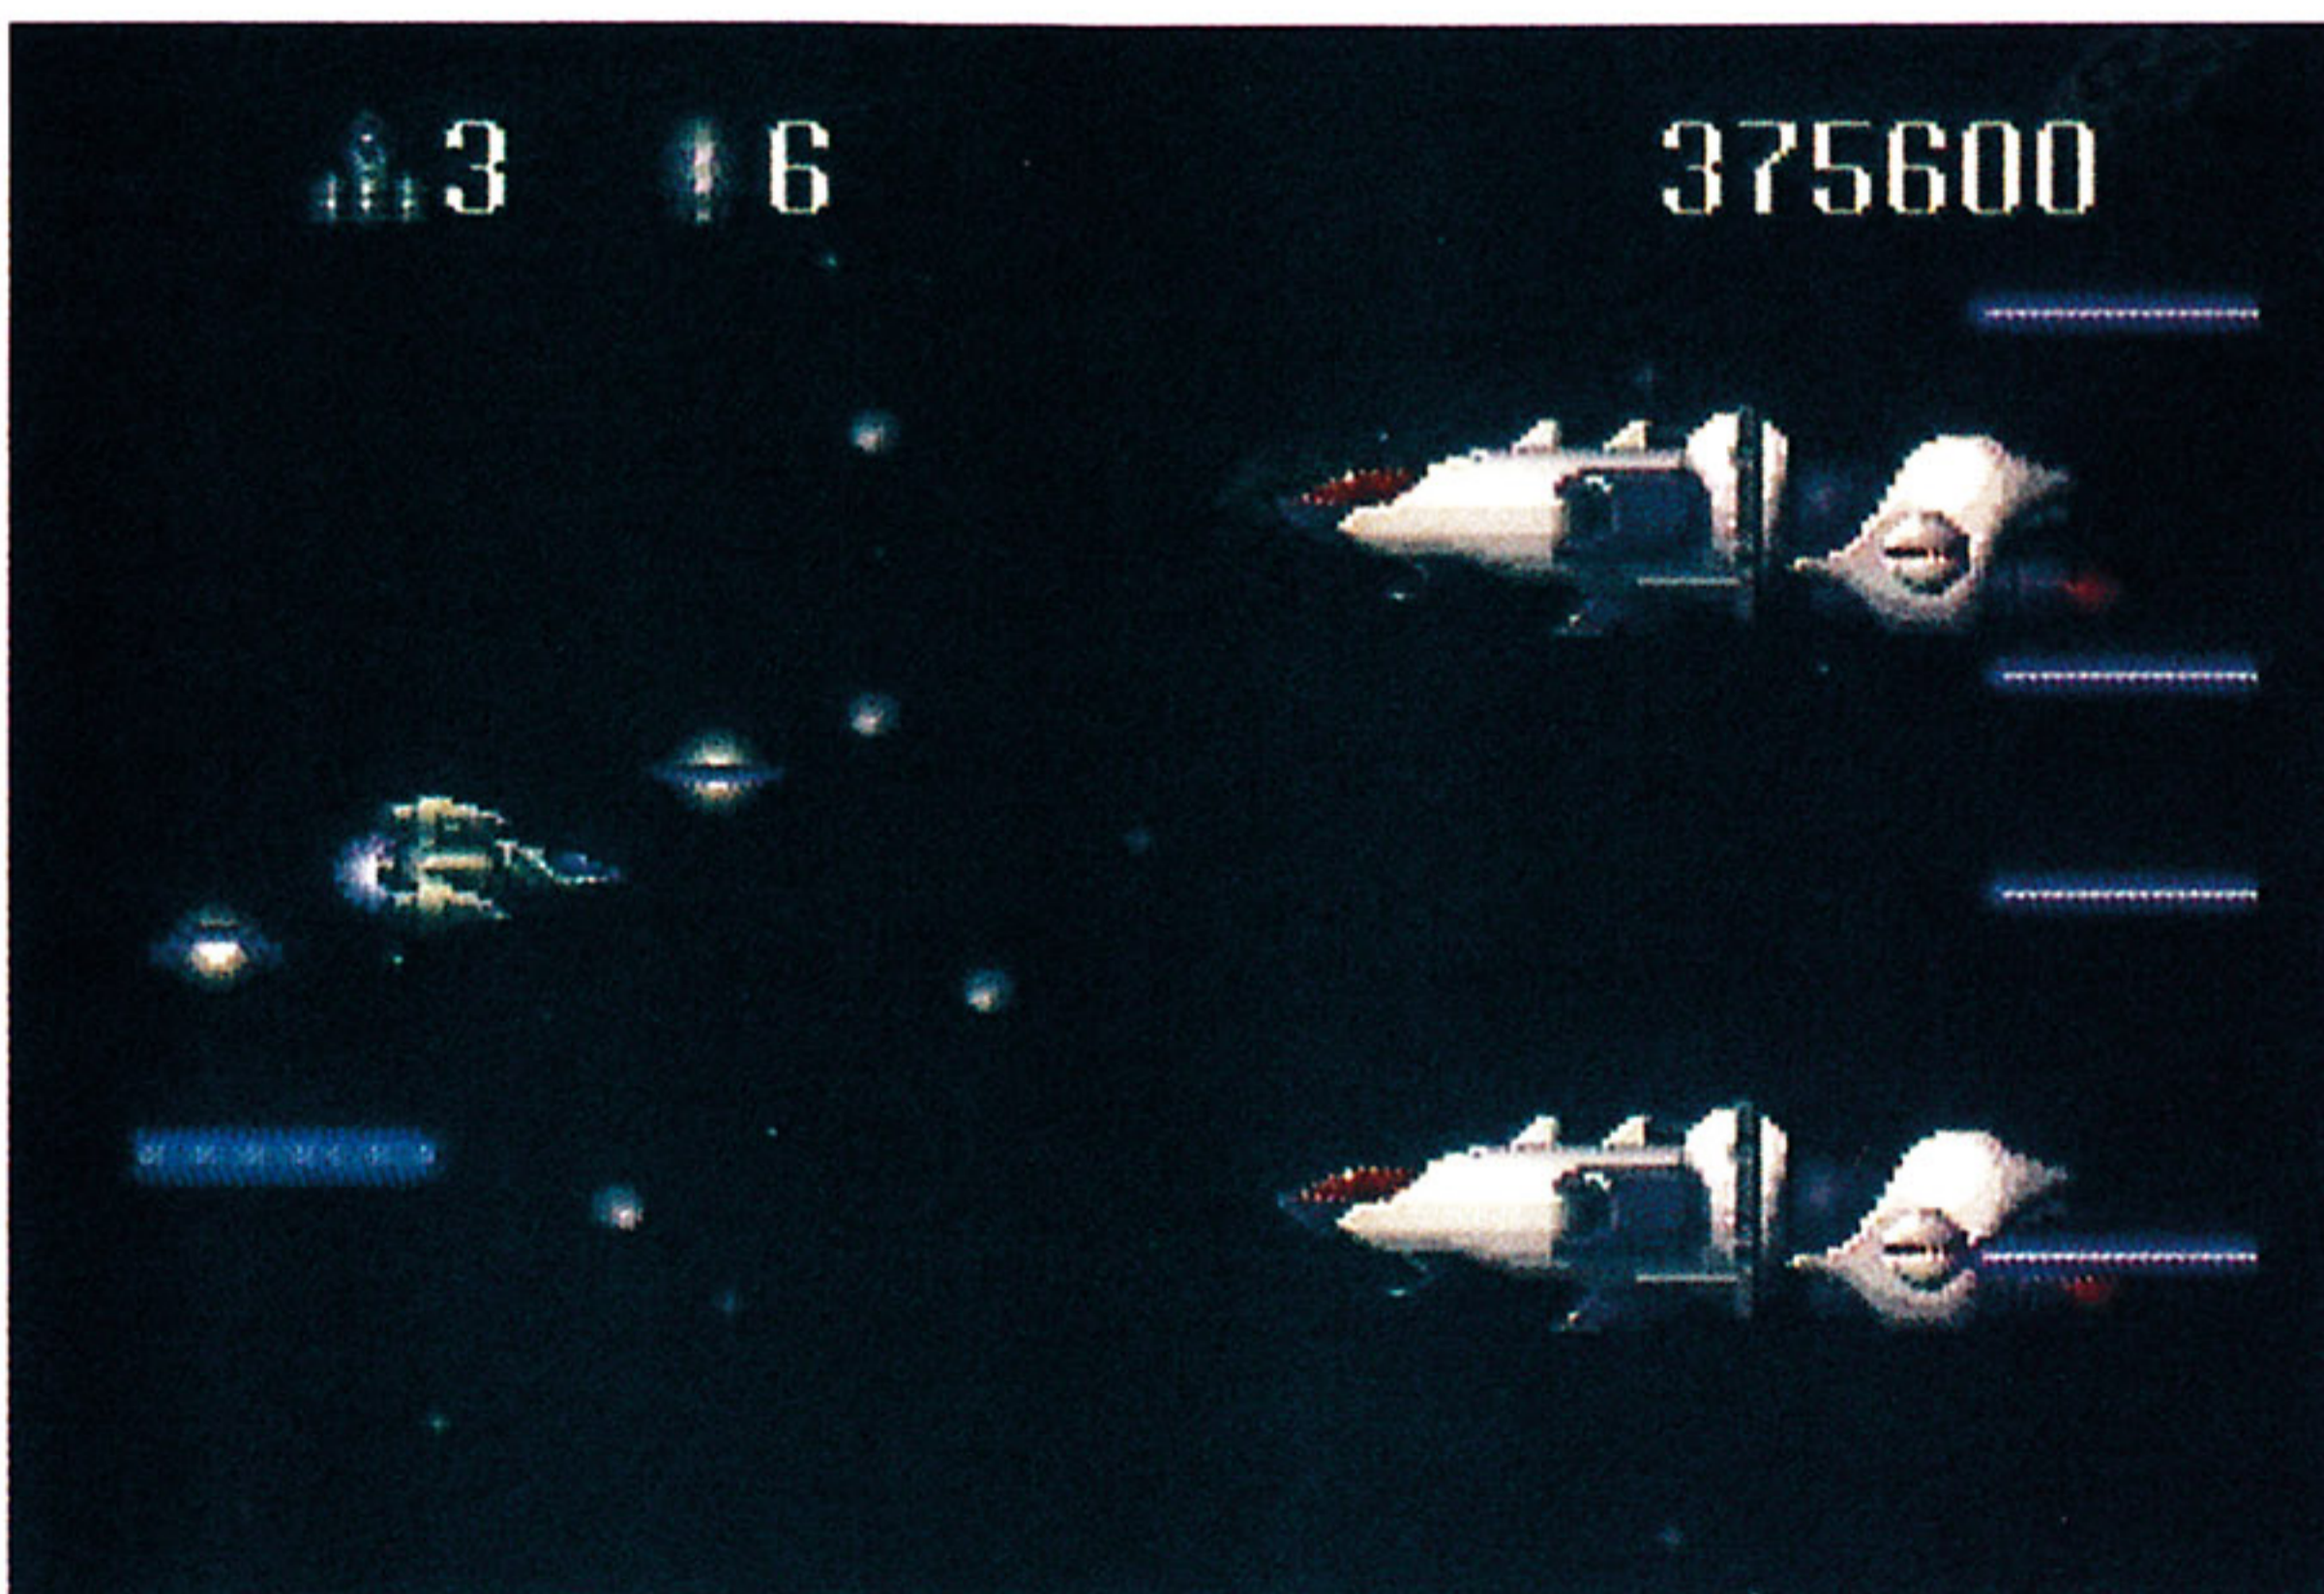

mini advice

Even if a gap looks too far to jump across, you may still be able to jump and hang on to the edge on the far side.

DEAD MOON™

TurboChip
Shooting game
1 player

Can you survive this grueling shooting game?

Avoid the enemies and shoot your way through stage by stage.

Dead Moon is a horizontally scrolling shooting game where you pick up lots of power-up items while fighting vicious enemies. The battle against the aliens takes place on Earth and inside the Moon. The detailed and eerie graphics are truly out of this world. And its

dynamic sound effects really draw you into the action. Persistent enemy attacks make this game extremely tough. If you're unsatisfied with slow shooting games, Dead Moon is for you.

mini advice

Save the Special Bombs till you fight against the boss. Collect power-up items that best suit your tactics.

DRAGON SLAYER™

CD-ROM
Role Playing Game
1 player

Fighting monsters and making many friends, a young warrior becomes a true hero.

The sound of your sword hitting enemies and of magic at work make this game really exciting.

Dragon Slayer is an excellent top-view, role-playing game. The hero must talk to villagers and defeat evil monsters to find and destroy his father's enemy. The awesome graphics and real sounds are something to be experienced. The highly intelligent auto-battle capability

will let you concentrate on the game rather than spending all your time fighting enemies. Once you start playing Dragon Slayer, you'll never want to put it down.

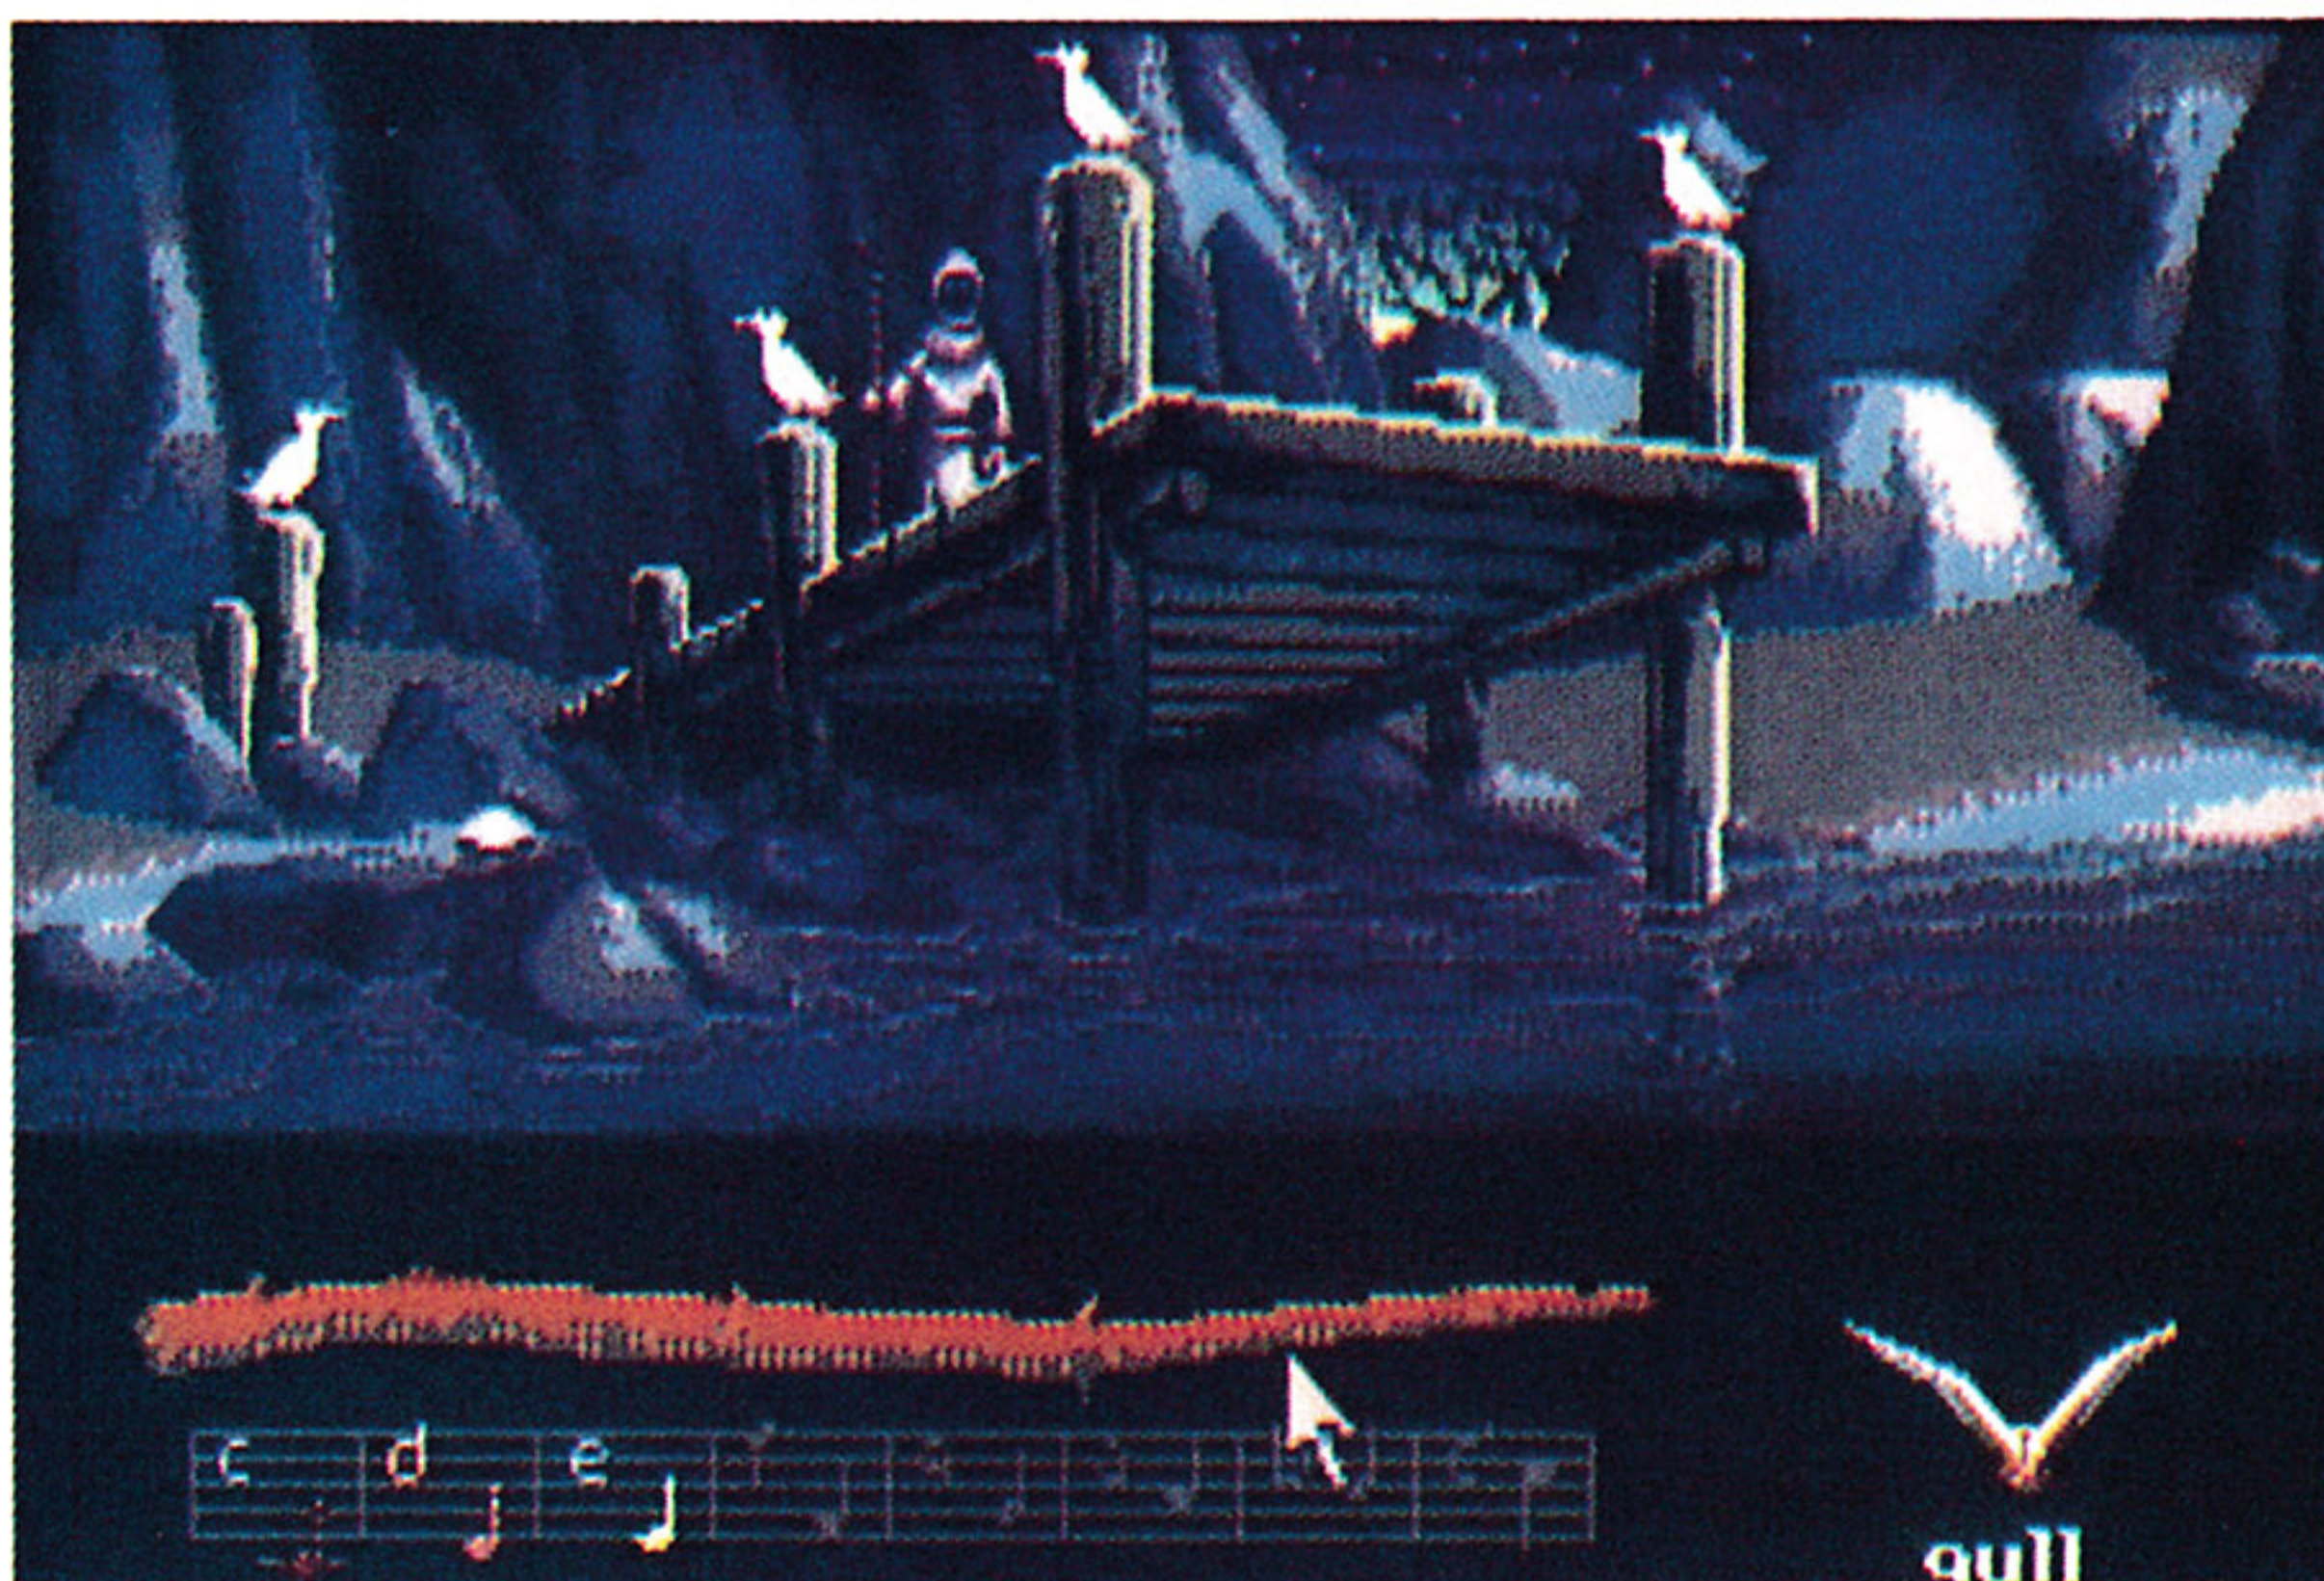

mini advice

Use the auto-battle mode to gain experience and power quickly. Then you can spend more time enjoying the game.

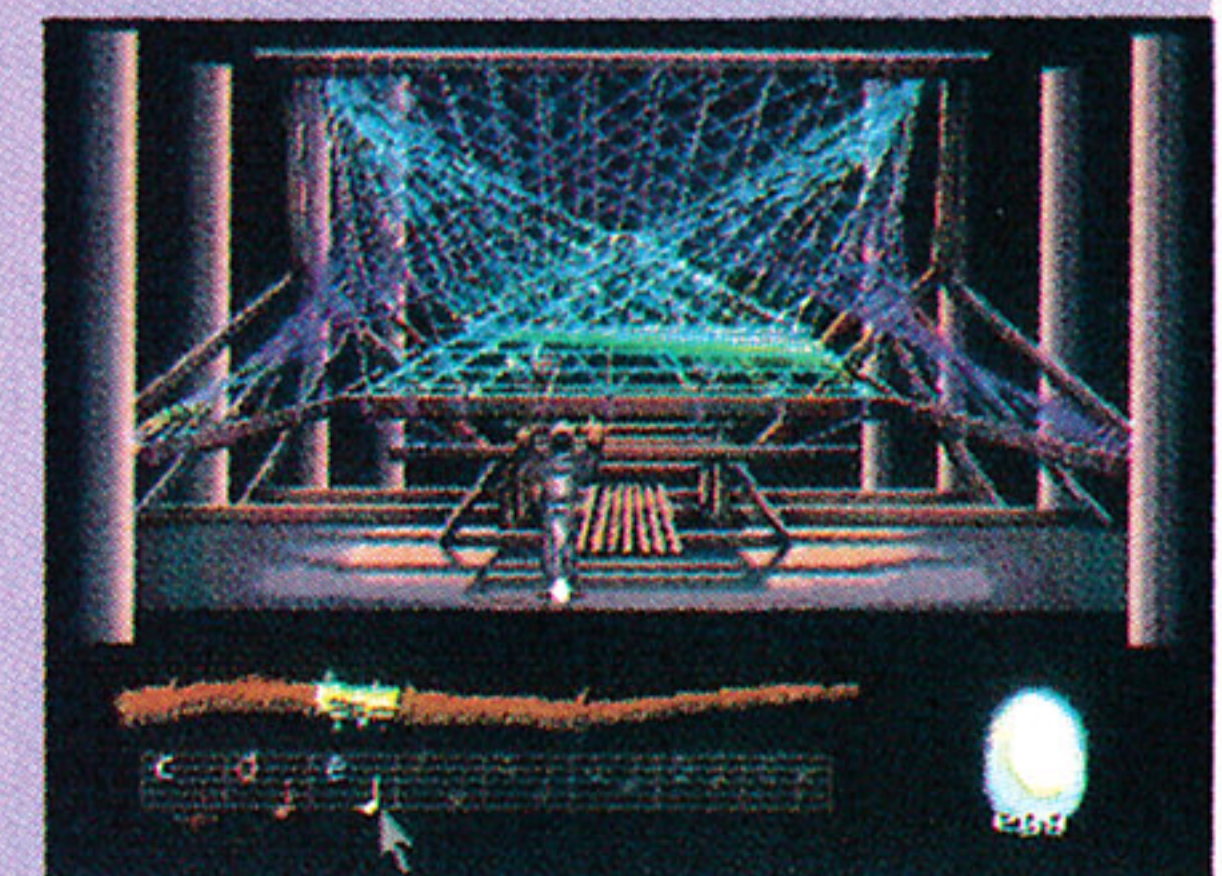

LOOM™

CD-ROM
Role Playing Game
1 player

Loom is a masterpiece adventure game from Lucas Film. You'll love this fantasy story.

As you would expect from Lucas Film, with all its film-making knowledge, the story line of "Loom" is so well written that no other role-playing game can match it. And the beautiful graphics and music are first class by any standards. You can use magic by playing musical notes in the right sequence. As you gain experience, the number of notes you can use increases.

The world of "Loom" consists from people working in many different guilds. The story's hero, Bobbin, belongs to the textile guild, which has a mysterious history. In this game, his fate is to go on a solitary journey in order to save the world of "Loom." The only thing Bobbin

has is a magical spool which provides him with magical powers when various musical notes are combined. You must control Bobbin and use the magical spool to overcome many difficulties in your adventure to save the world of "Loom".

mini advice

Make sure to write down the musical notes you can use. And remember that if you play the notes backward, you can reverse the effect of the magic.

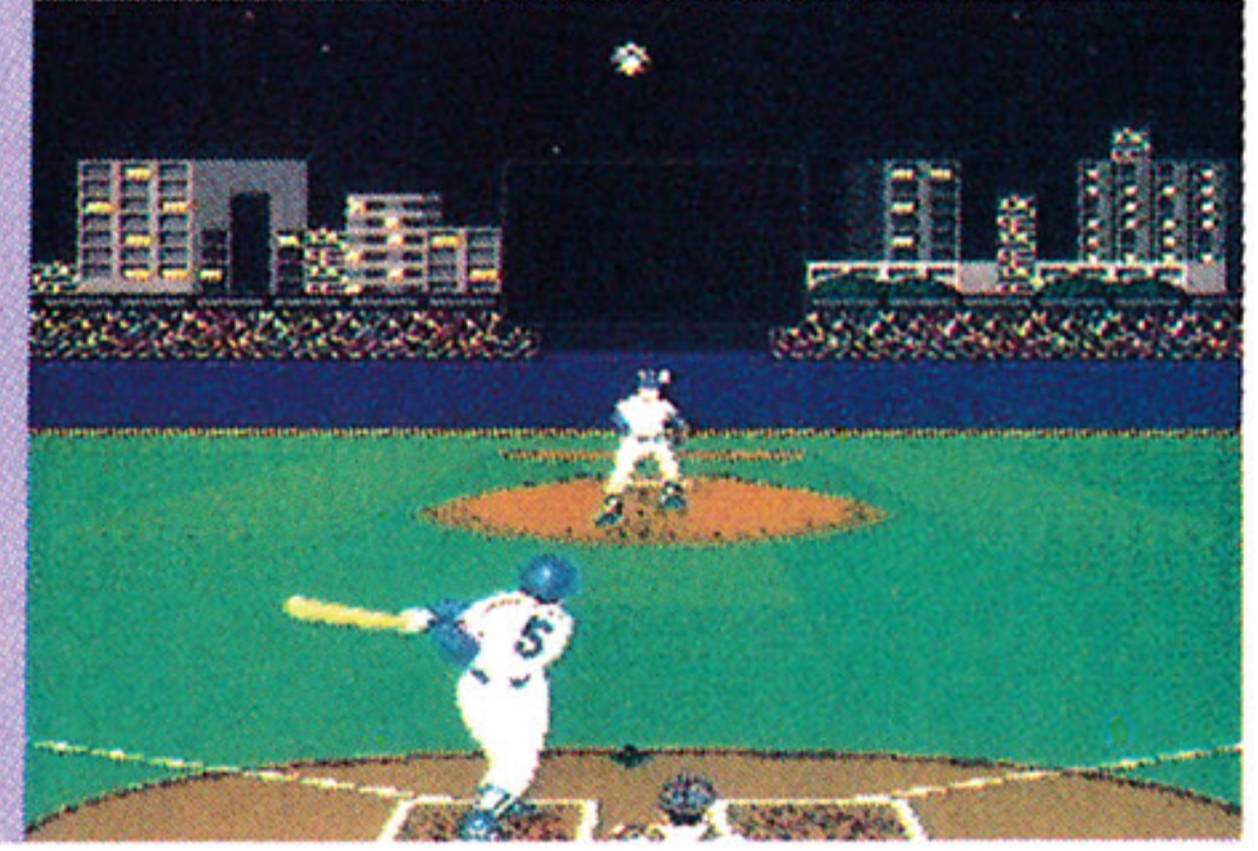

WORLD CLASS BASEBALL II TM

Turbo Chip
Sports Game
1 to 4 players

Part 2 of this super baseball game is finally out. And it's even more high-powered.

This is the exciting moment of a home run being hit. You can even see the ball disappearing into the night sky. In the home run contest mode, you get to see this scene again and again.

This is the sequel to the super-popular World Class Baseball. You have more stadiums to choose from and a wider variety of plays in World Class Baseball II. Despite the many new features, the basic controls are the same as in the previous version. So, you won't have to

relearn everything. The home-run contest mode makes it even more exciting. If you've played the original World Class Baseball, this new version is a must.

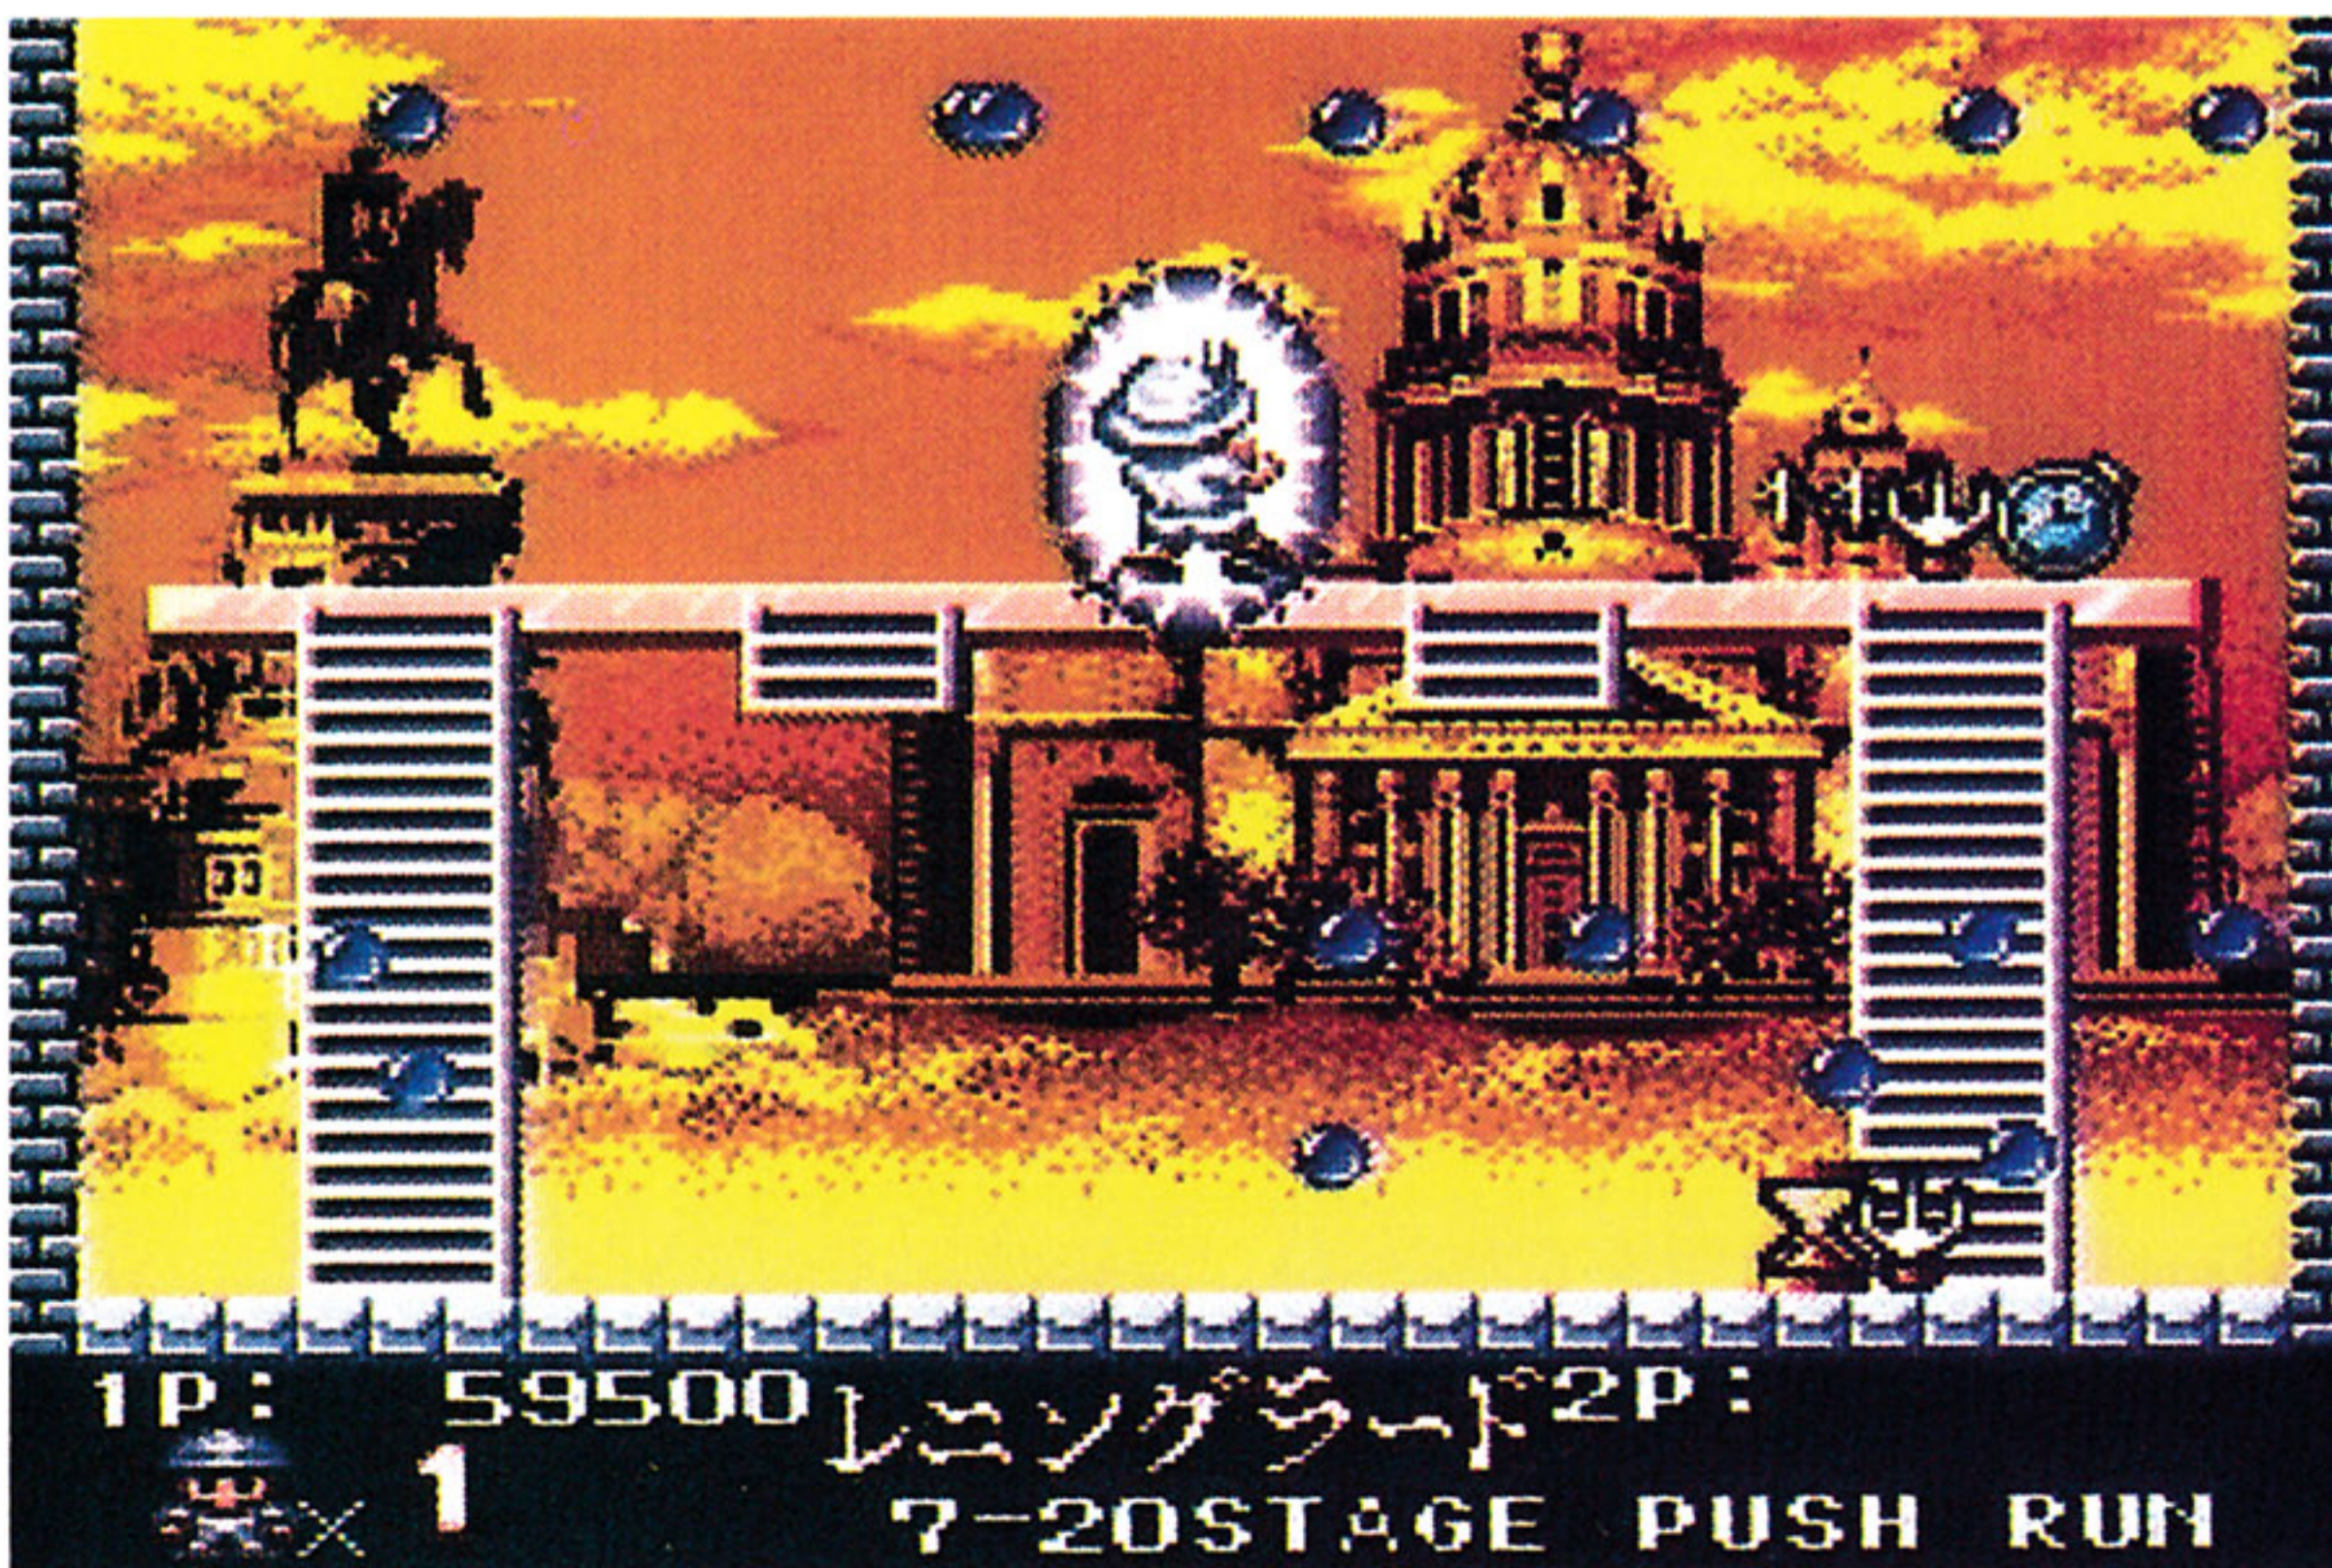

mini advice

As the game has become more high-powered than before, your opponents have also become tougher. Choose a team that you feel comfortable playing.

BUSTER BROTHERS TM

CD-ROM
Shooting Game
1 to 2 players

Destroy all the balls, and save the world. Buster Brothers a completely new type of shooting game.

There are lots of small bouncing balls, and they bounce faster than the big ones. Keep cool, you'll get them all.

In Buster Brothers, you travel around the world and destroy the bouncing balls to save the world from the sinister Ball Demon. When you shoot a bouncing ball it splits into two smaller balls. You have to keep shooting them until all the bouncing balls are destroyed. There are other ene-

my creatures, like bees and crabs, that attack the hero. There are several power-up items, such as the sandglass, which slows down the bouncing balls, and the gun, which lets you shoot faster. You can also play Buster Brothers with two players at once.

mini advice

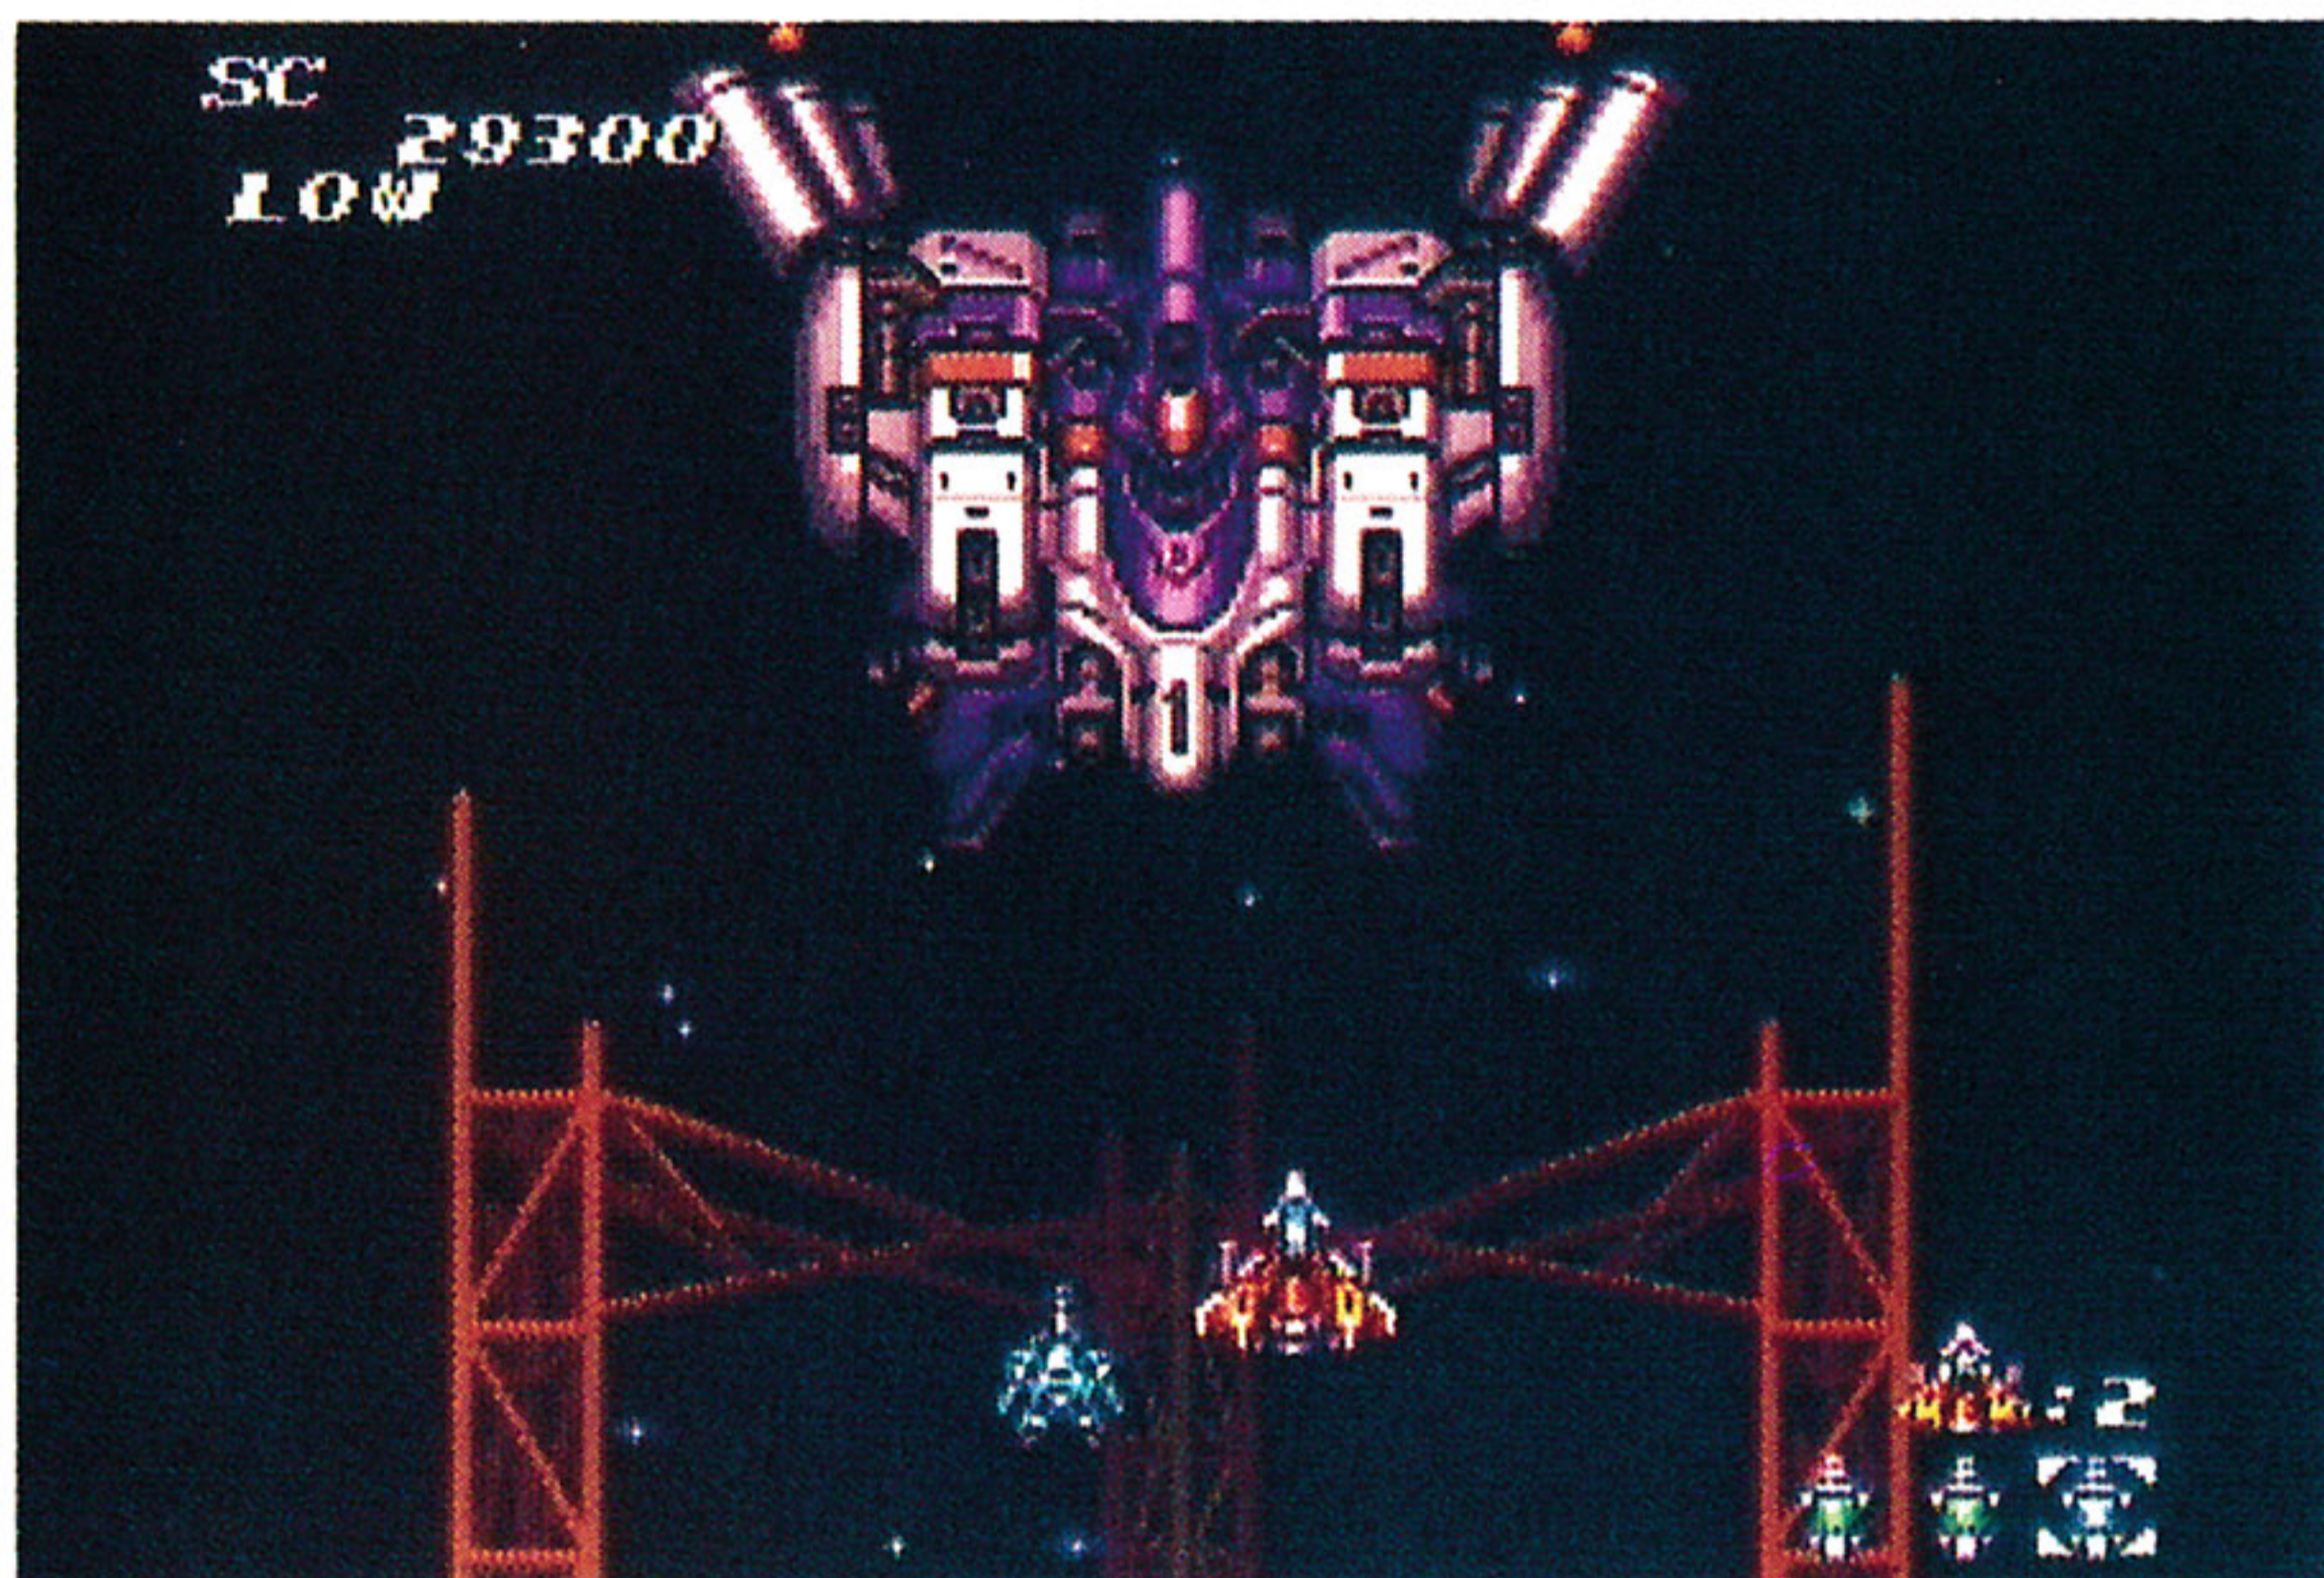

When there are two players, try not to get the same power-up items. Destroy the smaller balls first and the larger ones later.

(Name may change)

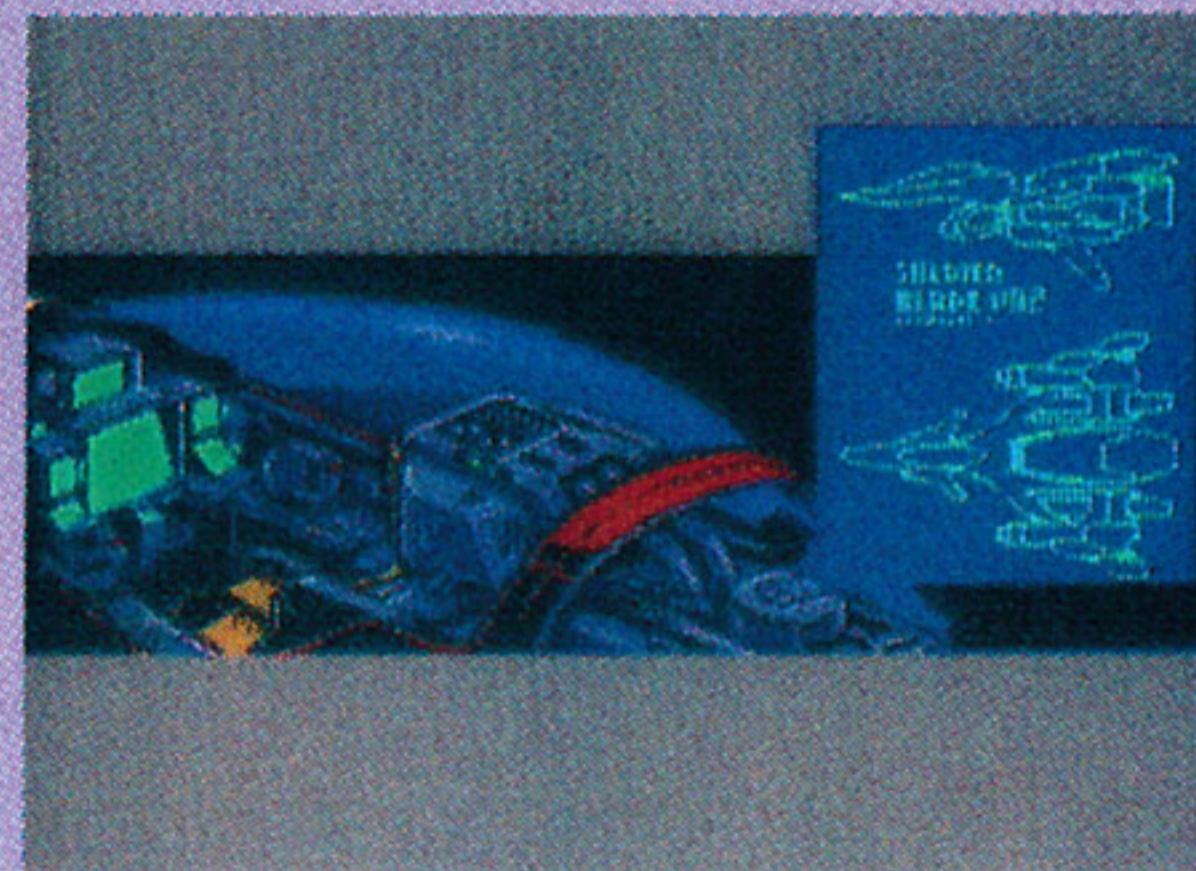

SUPER STAR SOLDIER™ II

TurboChip
Shooting Game
1 player

Super Star Soldier 2 is even more powerful and exciting than the original.

You can change the speed of your ship by changing the shape of its wings.

This is the sequel to the popular shooting game, Super Star Soldier. Super Star Soldier 2 has more new exciting stages and new tough enemies. Collect power-up items of the same color to increase the power of your weapon. Continue collecting the power-up items and get a

up items and get a satellite which you can use as an extremely powerful special weapon. You can carry up to three such satellite weapons. This is a super-fast shooting game that's guaranteed to be even more exciting than the original Super Star Soldier.

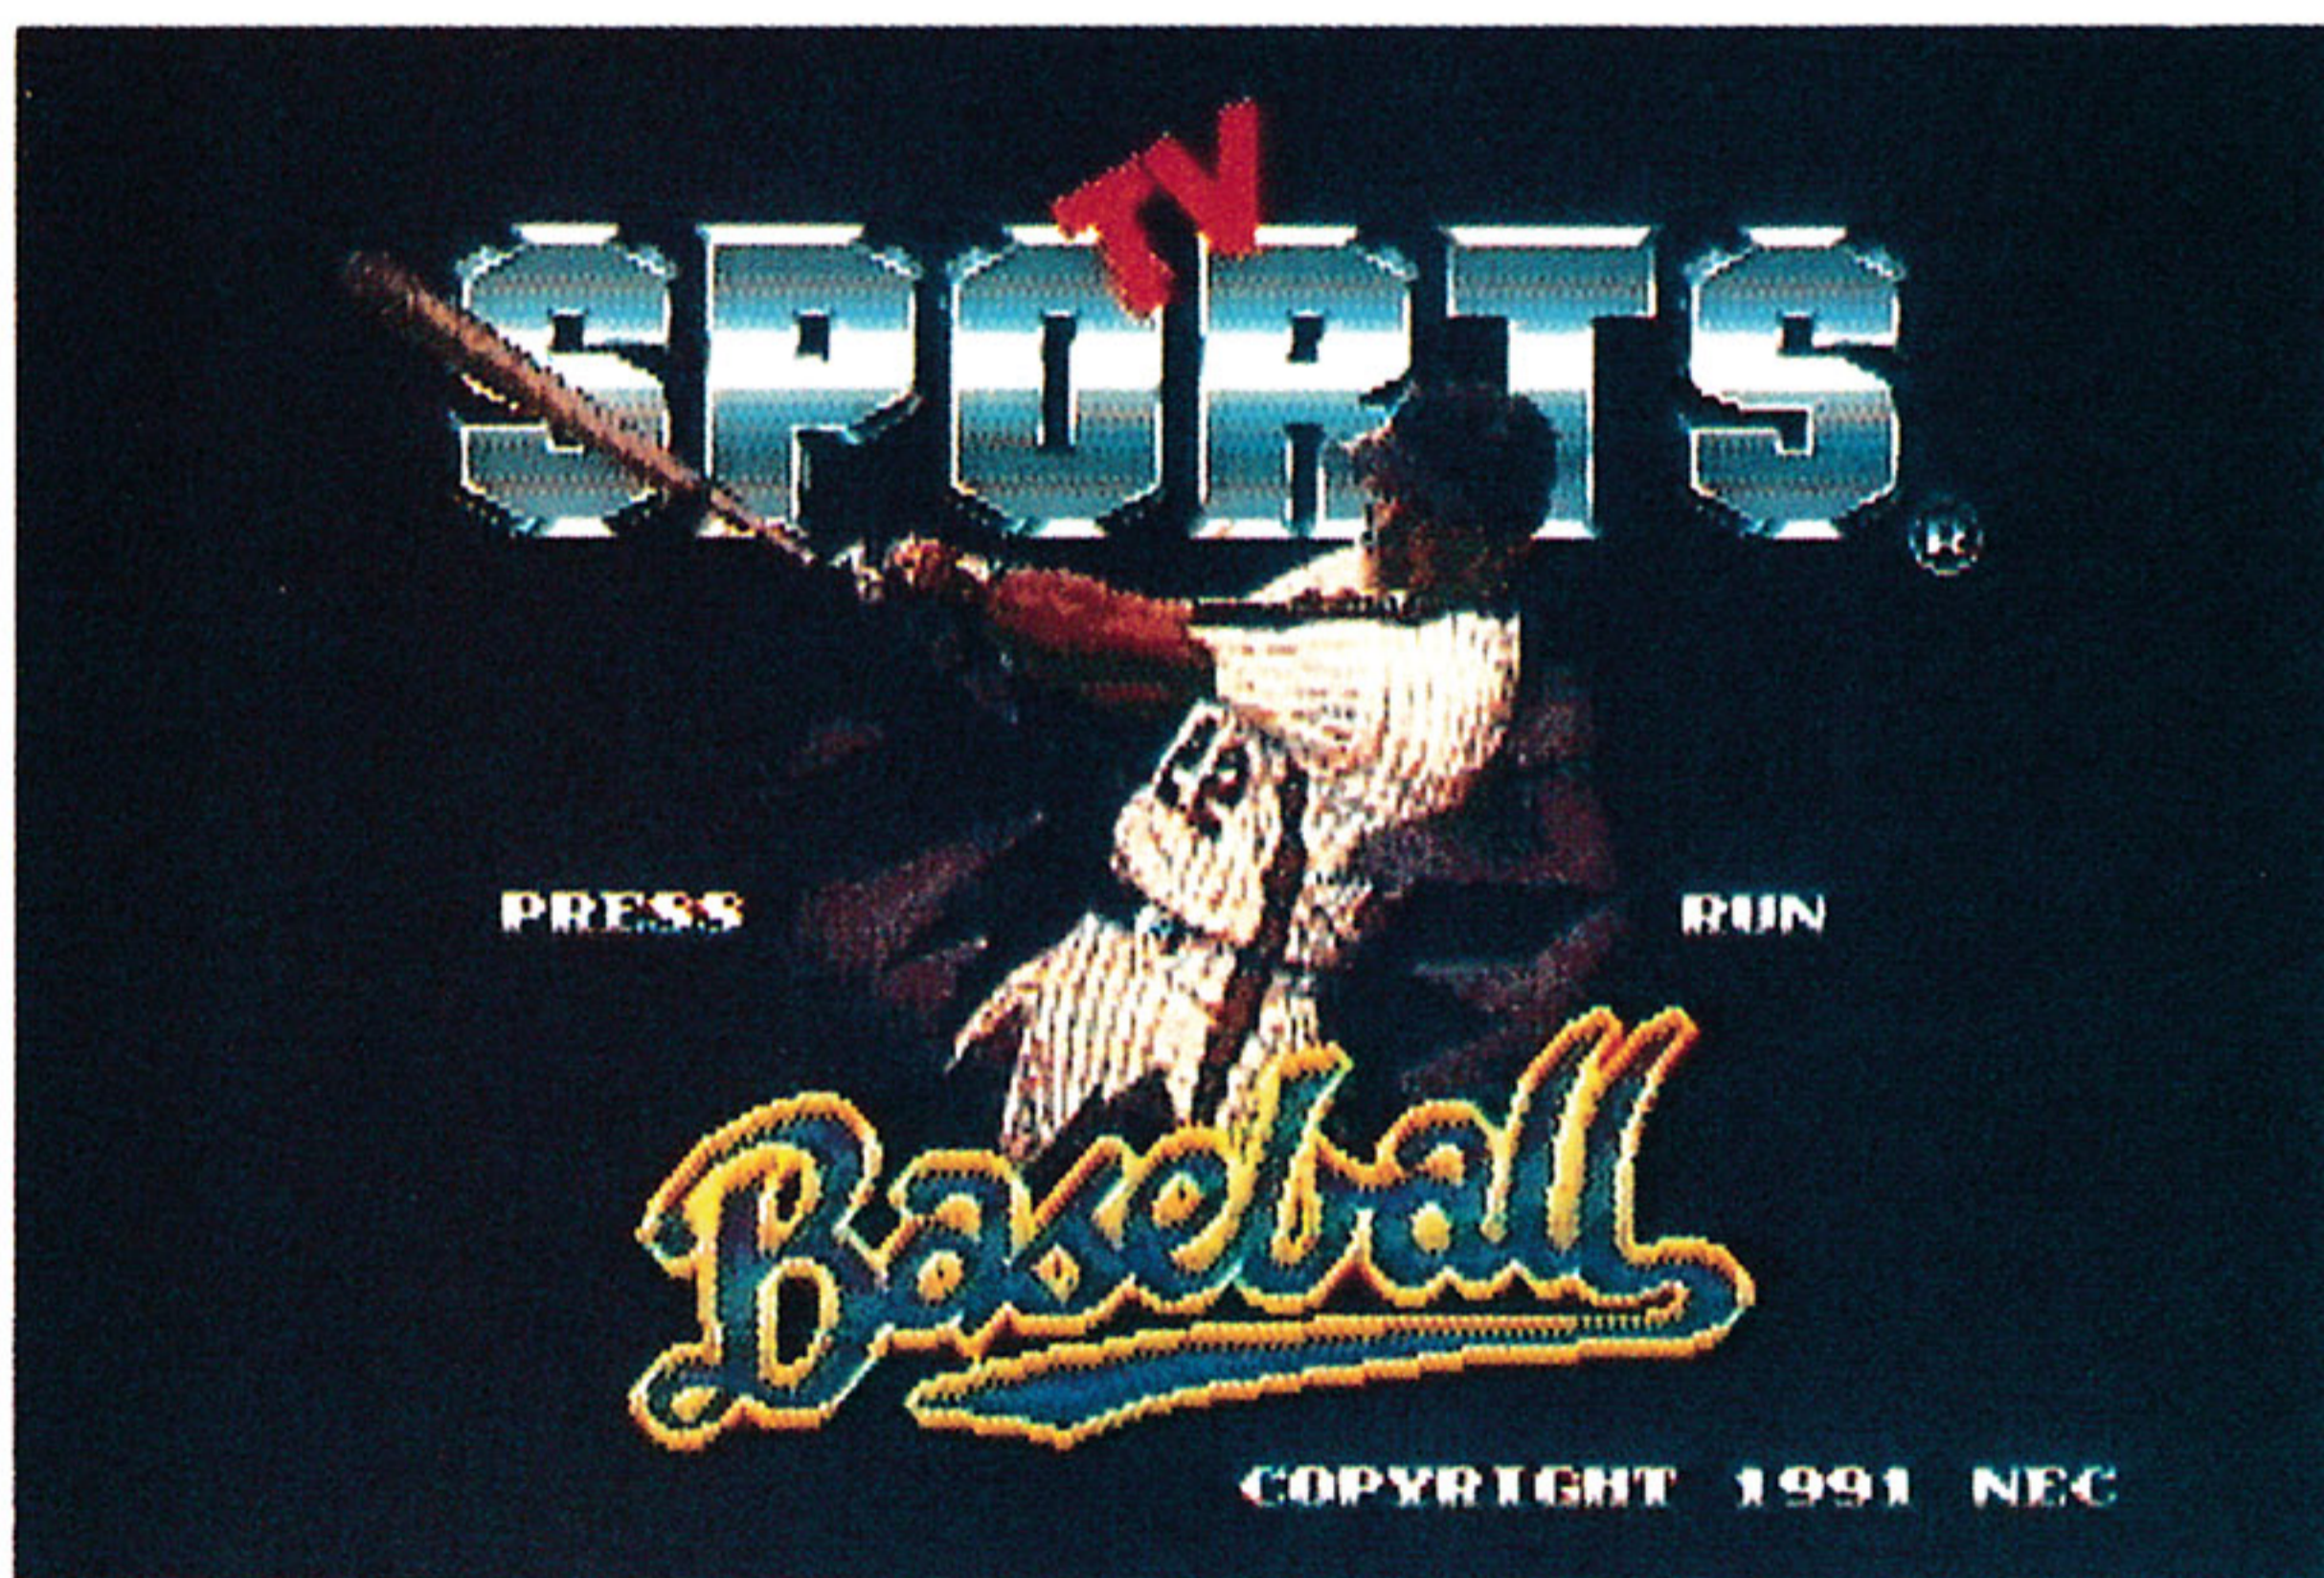

mini advice

At the beginning stage, there are certain enemy missiles that can't be destroyed. Keep your eye on those missiles and avoid them.

TV SPORTS BASEBALL™

TurboChip
Sports Game
1 to 4 players

You can enjoy the excitement of playing in the Major Leagues.

TV commentary comes in when a batter hits a home run.

TV SPORTS Baseball is an exciting video baseball game which lets you choose your favorite Major League ball club and stadium. You'll be able to control every aspect of the ball game from the pitching speed to how the batter hits the ball. You can even use relief pitchers and

pinch hitters. When you have a man on base, you can see him on a screen within the screen. It's just like watching and controlling a Major League ballgame on TV. Play against the computer or play against your friends in multi-player mode.

mini advice

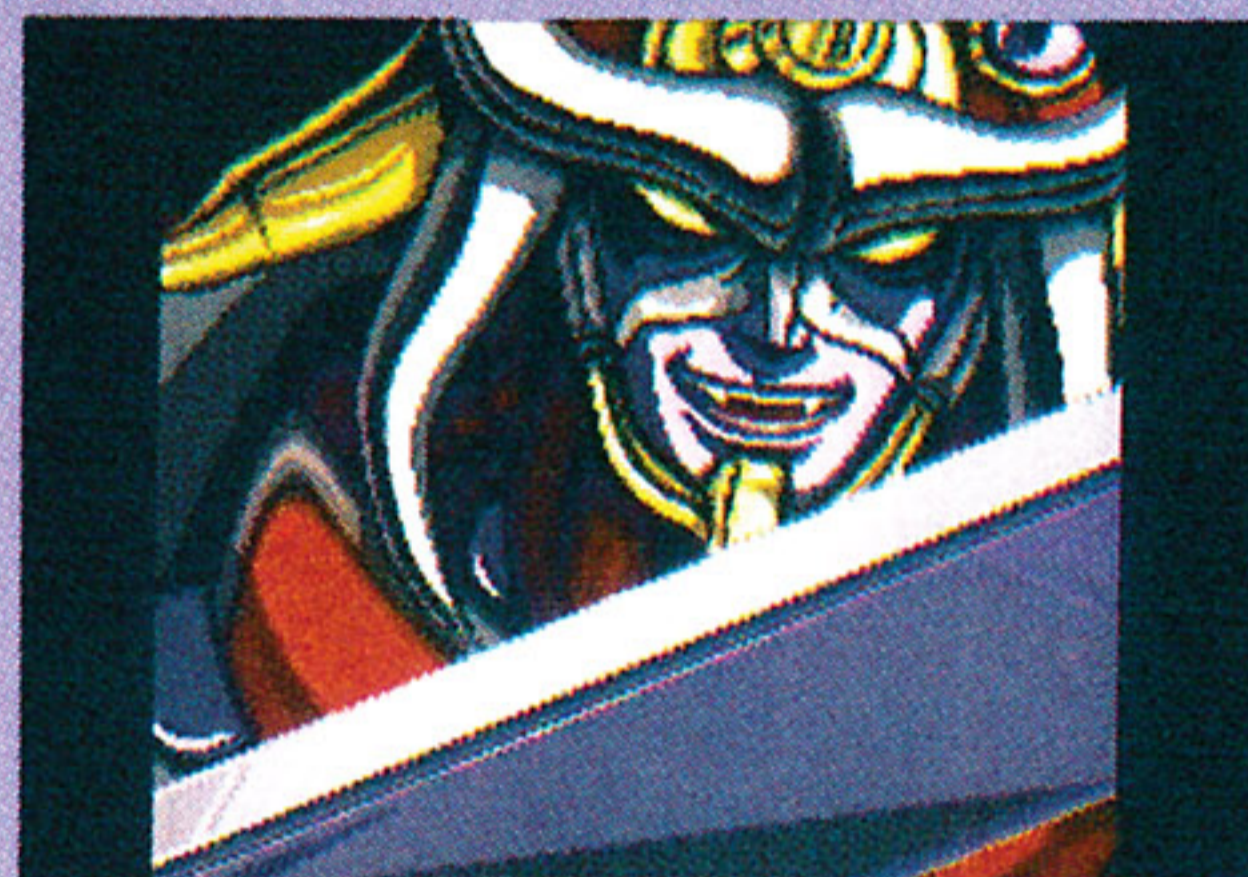

Multi-player mode is more fun to play with lots of friends.

VALIS III™CD-ROM
Action Game
1 player

The invasion by Ramses, evil lord of the Spirit World, has just begun.

Slide through tight spots. Yuko can't be hurt while sliding.

You start the game by choosing your favorite warrior: Yuko, Vernal or Char. In between action filled fighting stages, you can watch the story progress through awesome animated scenes. When Ramses learned that the Spirit World is doomed by fate, he decided to invade

the Dream World of Vecanti and capture the mighty Valis. Yuko, the user of Valis, princess Vernal and Char must overcome the evil forces of Ramses and save Vecanti. Valis is an excellent action game with a great story line and distinctive characters.

mini advice

If you run into a strange man, play the game again after you've completed it once. Something interesting will happen.

WHO IS HE?

1. A mysterious character has suddenly appeared. Who is he?

3. Check out the new game magazine, coming this summer, for more details.

2. Is he a man or a machine? No one knows who he is, but... he looks a little like Bonk.

AVAILABLE SOFT LIST

CD-ROM

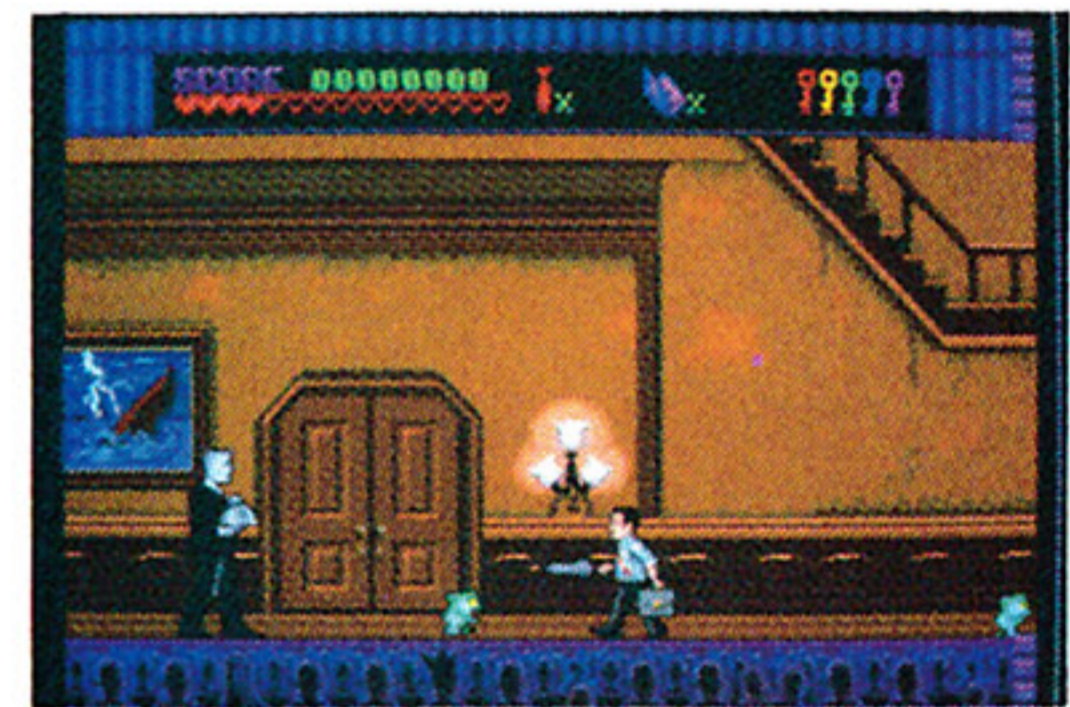

THE ADDAMS FAMILY™

CD-ROM
Action Game
1 player

The popular Movie "the Addams Family" has become an action adventure game.

This is an action game with the familiar charming characters of the Addams Family. Basically, it's a straight forward horizontally scrolling action-adventure game, but be careful, the Addams Family mansion where the game takes place is full of creepy rooms and traps. Can you find the Family Vault and come out alive?!

You control Tully Alford, the family lawyer, and venture deep into the mansion while fighting quick-moving bats and spiders.

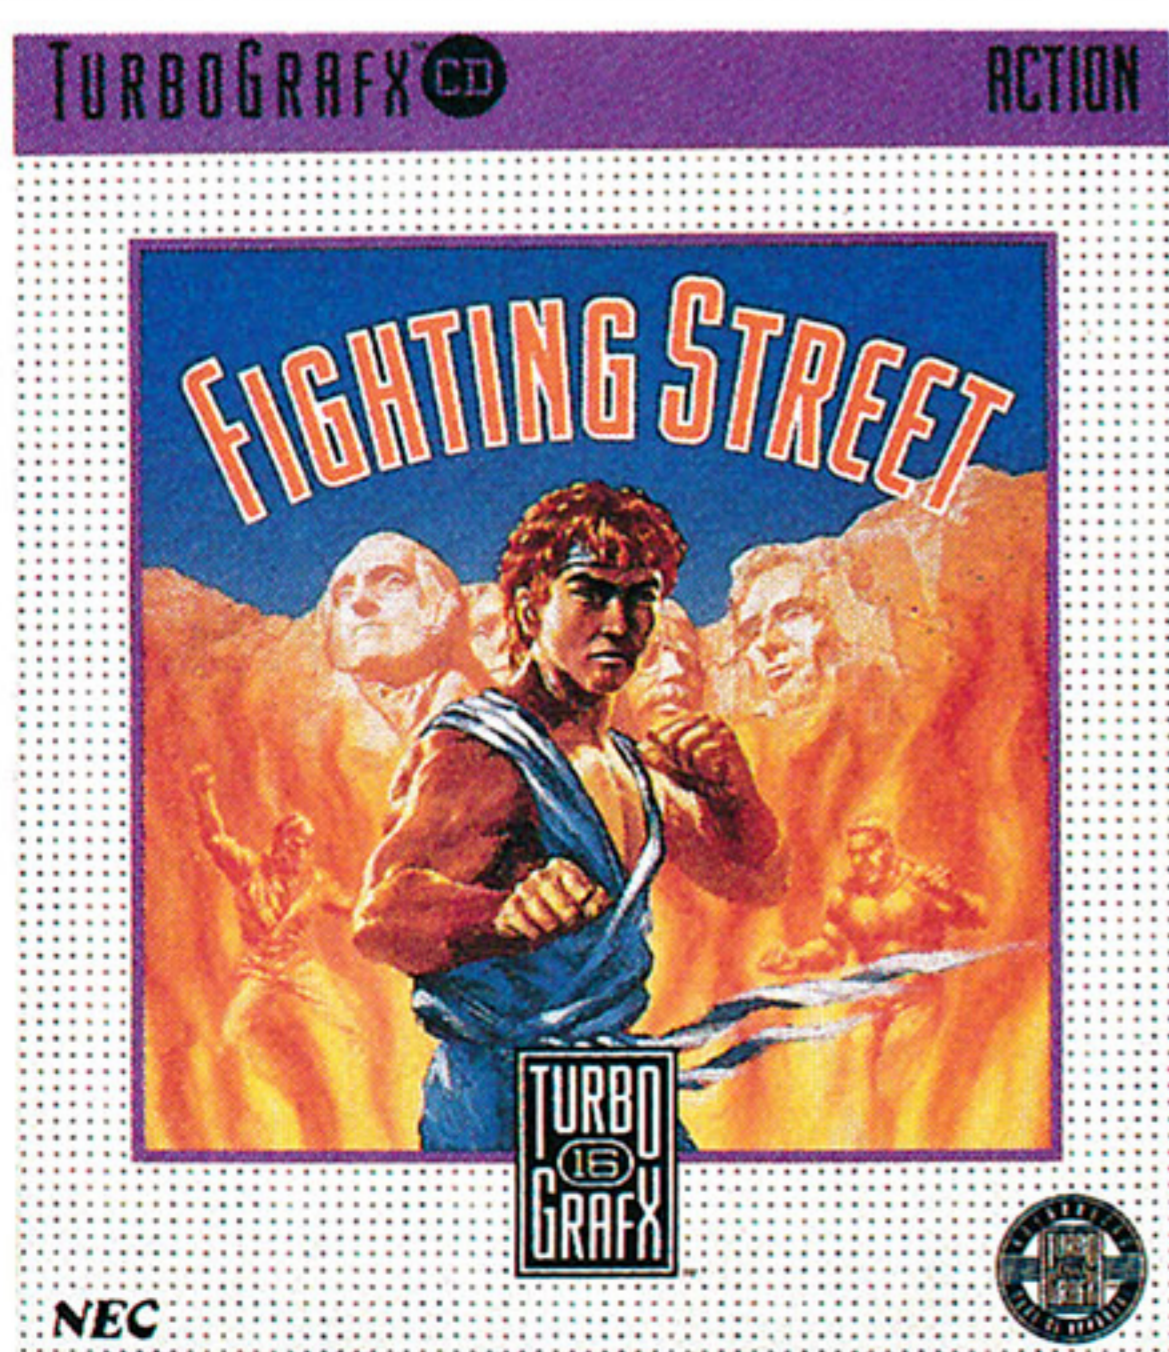

mini advice

Try to avoid the attacking creatures as much as possible.

FIGHTING STREET™

CD-ROM
Action Game
1 to 2 players

You become a super-strong Karate-ka and fight your opponents all around the world.

The Karate-ka "Ryu" must challenge tough street fighters in Japan, the U.S., China and England. You can fight against the computer, or in two-player mode you can play against your friend. It's the most exciting fighting action game around.

There are a total of 8 enemy characters. Each opponent is different and has a unique method of attack. You have to find the best defense for each enemy attack.

mini advice

Blows from a crouching position are very effective. Take advantage of them.

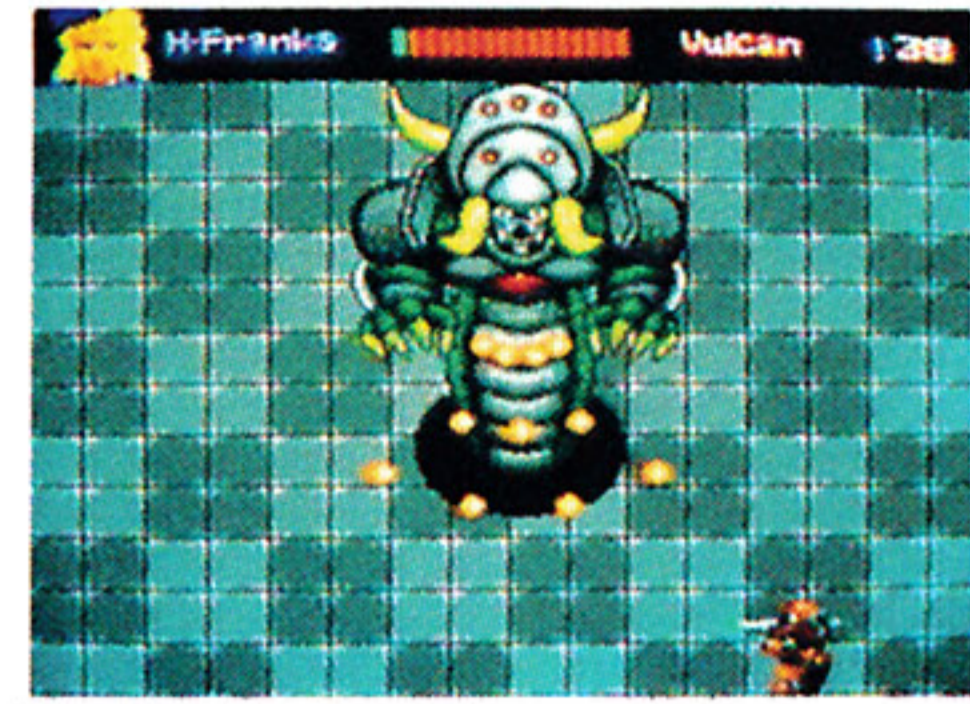

FINAL ZONE II™

CD-ROM
Action Game
1 player

Final Zone II is an action game with many animated visual scenes. Enjoy the hard action.

In this vertically scrolling action game, you use one of 4 NAPS (New Age Power Suits) to destroy the enemies and capture their weapon systems. Also in some area you get to fly a chopper to attack the enemies. Shoot, shoot, shoot your way through the enemies. It's a great game for getting rid of stress.

In the beginning your weapons are the Vulcan Phalanx and Bazooka. Bazooka ammunition is limited, so use it wisely.

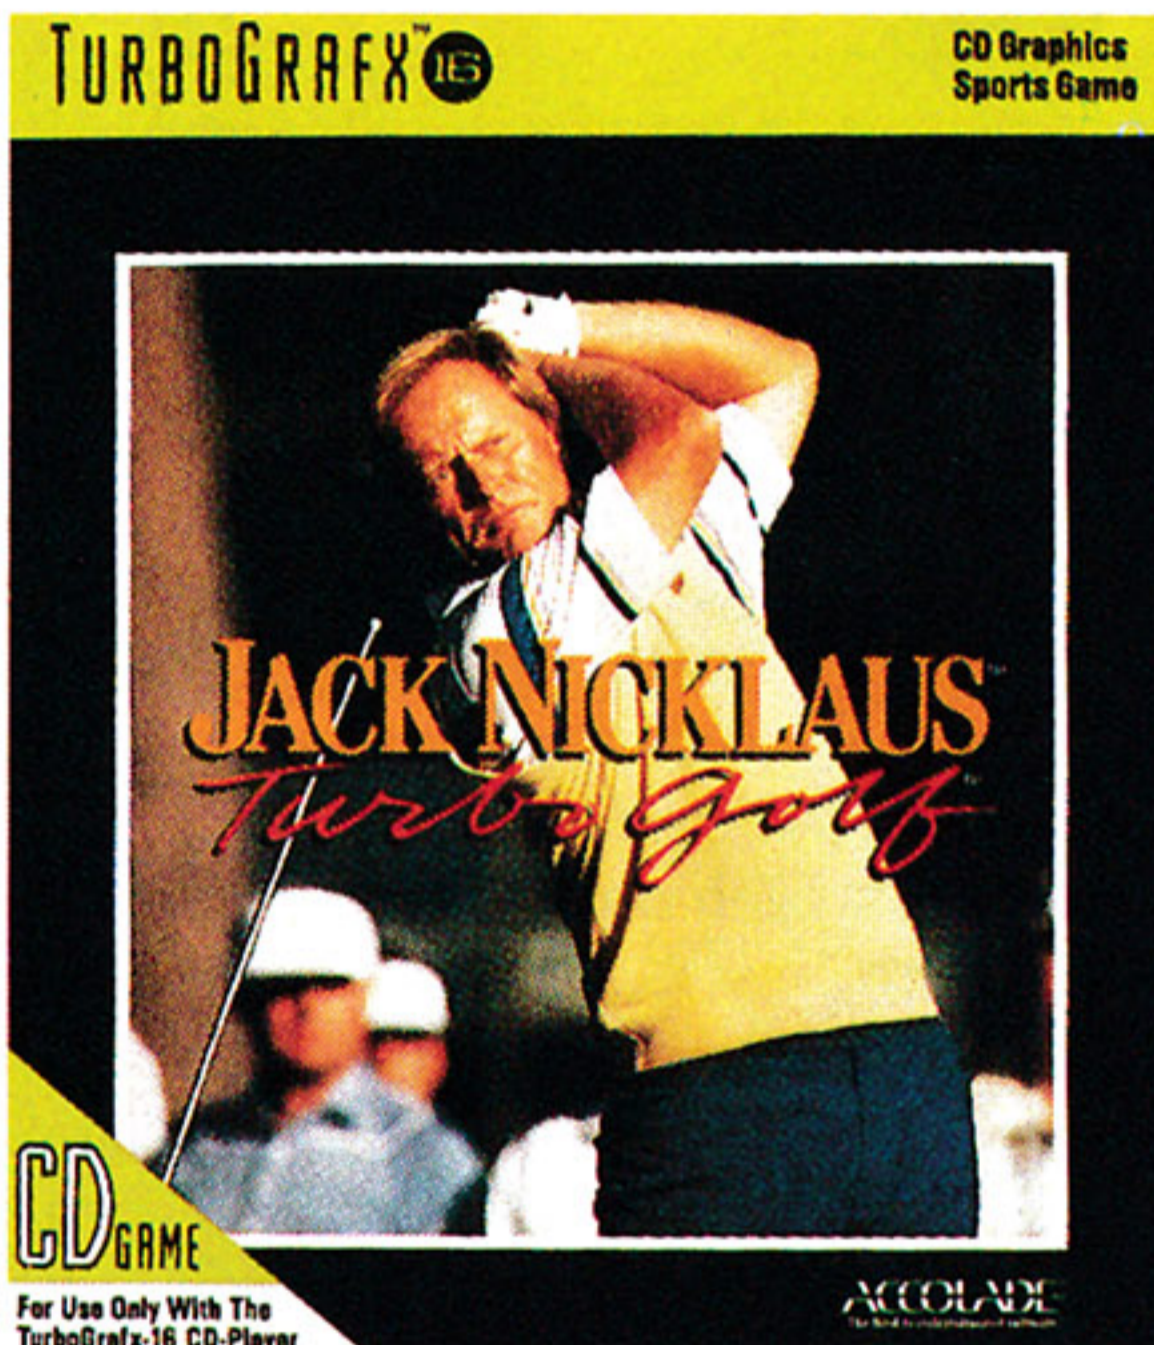

mini advice

The power-up items change constantly through 4 phases. Pick them up when they're in the phase you need.

MONSTER LAIR™

CD-ROM
Shooting Game
1 to 2 players

Monster Lair is a action-shooting game filled with comical characters.

This is a fun comical action-shooting game where the hero fights defend the Monsterland. The fun doubles when you play with a friend in 2-player mode. The forced scrolling makes the game a little tough, but you'll love Monster Lair's shooting action.

The CD-quality background music makes the game even more enjoyable. The easy power-up feature also makes the game fun to play.

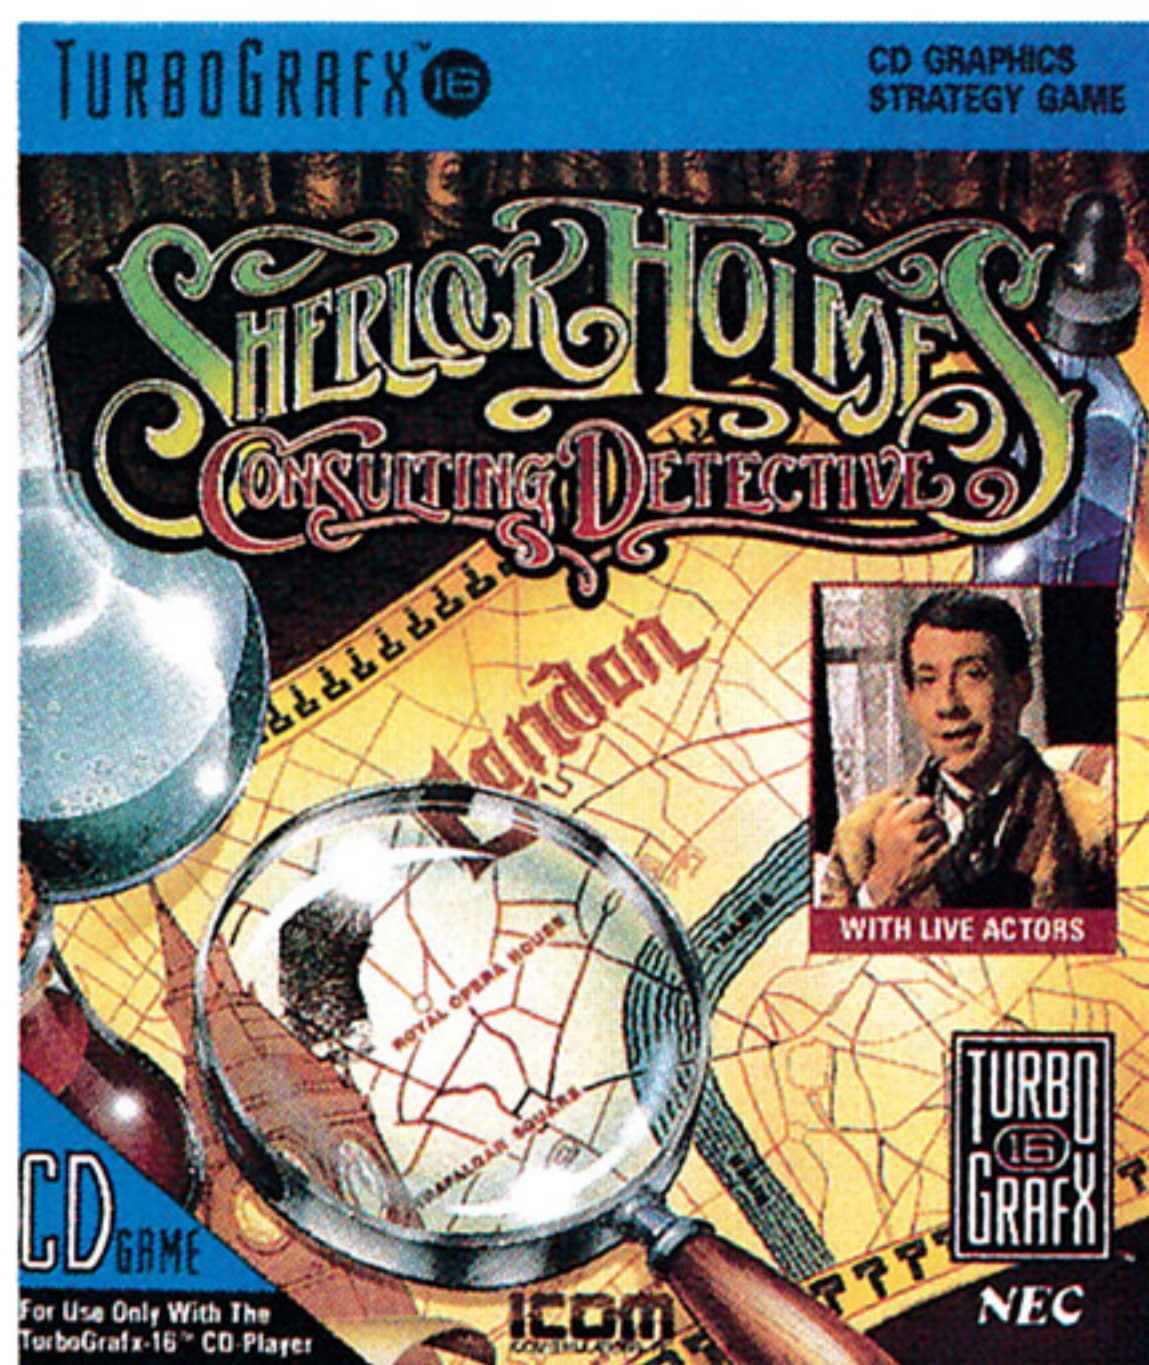

mini advice

Power-up items only last a certain time, so pick them up often to stay powerful all the time.

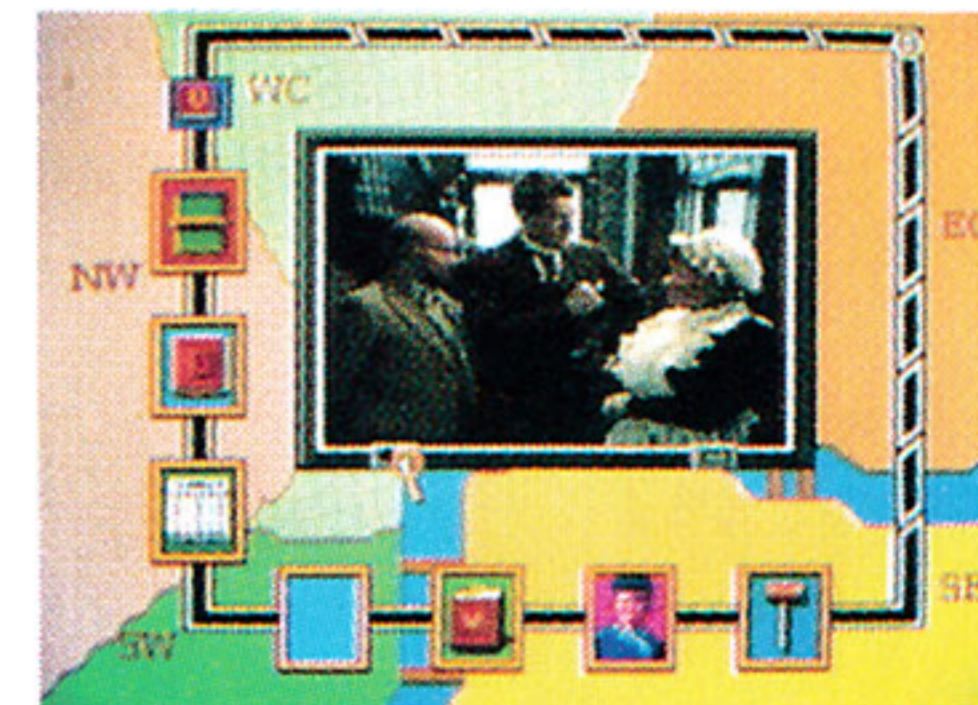

SHERLOCK HOLMES / CONSULTING DETECTIVE™

CD-ROM
Adventure Game
1 player

Experience the adventure and mystery, as you become Sherlock Holmes, the world-famous detective.

Talk to witnesses, read the newspaper, visit suspects, check the crime scene in search of clues to solve the mystery. The live video scenes, throughout the game, make you feel like you're actually in the game. Use your brain, just like Holmes did. Can you find the criminal and the motive?

The live action video scenes are just like watching a movie. Choose your next move using the directory.

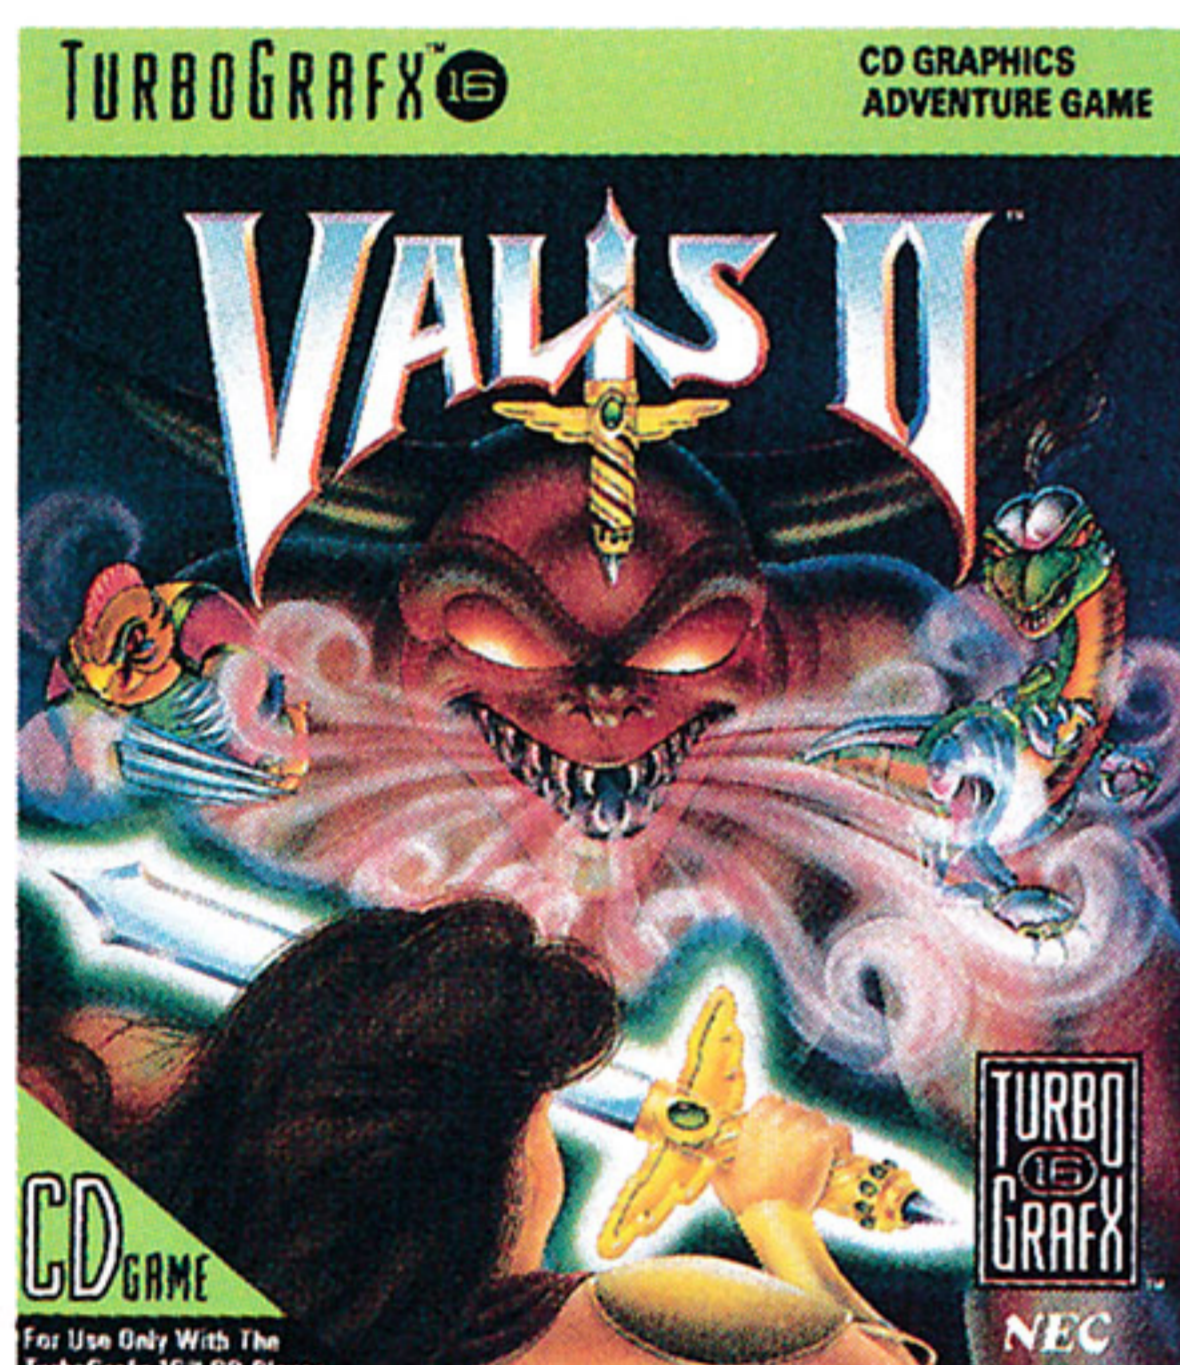

mini advice

In this type of mystery-adventure game, it's crucial to find all the clues. Make sure you haven't missed anything.

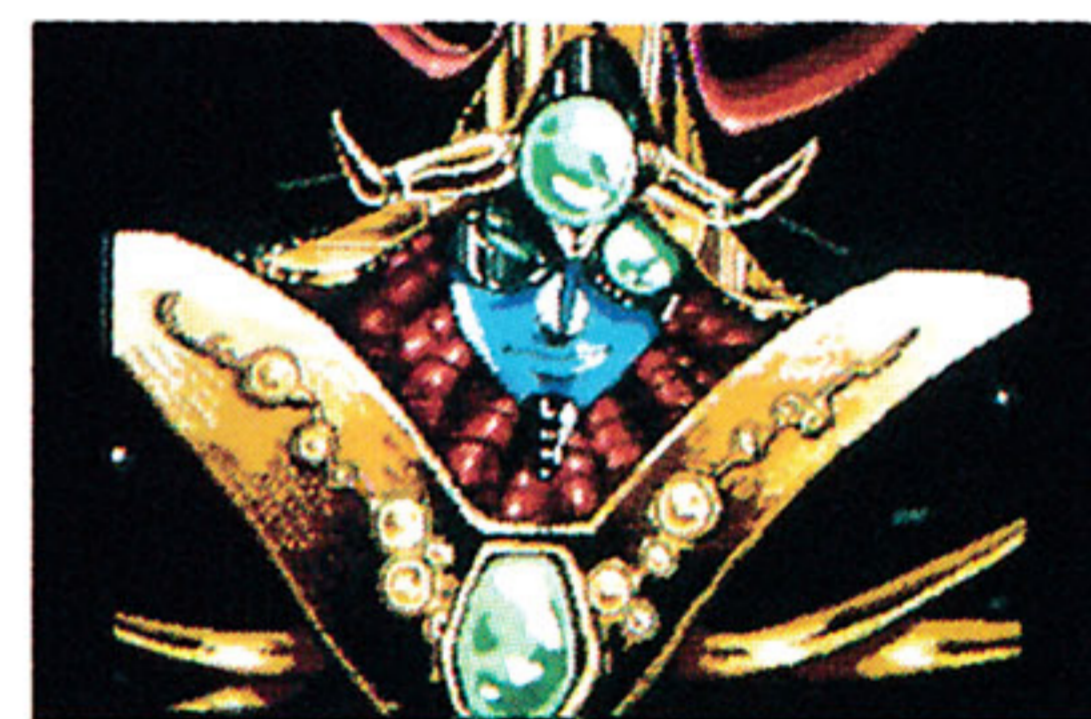

VALIS II™

CD-ROM
Adventure Game
1 player

Valis II is a full blown action-adventure game full of details.

This is horizontally scrolling action game where the heroine increases her power by collecting power-up items. Its difficulty level is high. The animated scenes you can see after you complete each stage are really something.

Another special feature of CD-ROM is that the characters in the game speak to you in real voices. It's a nice touch, that will really draw you into the game.

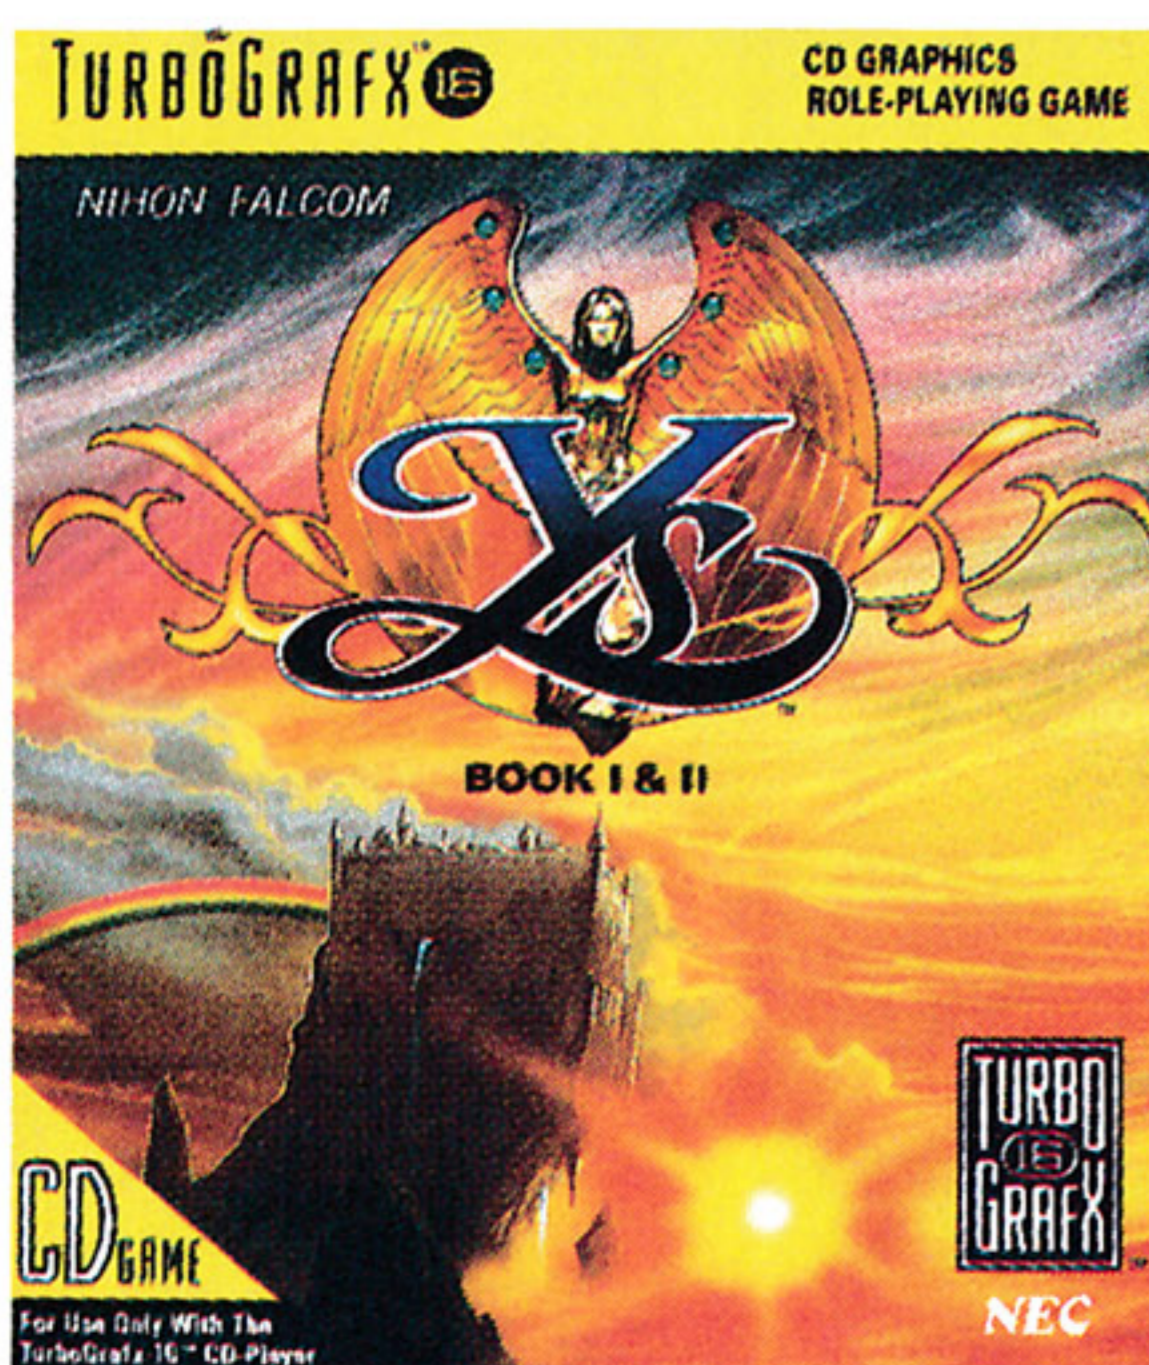

mini advice

Think carefully before you choose a power-up item.

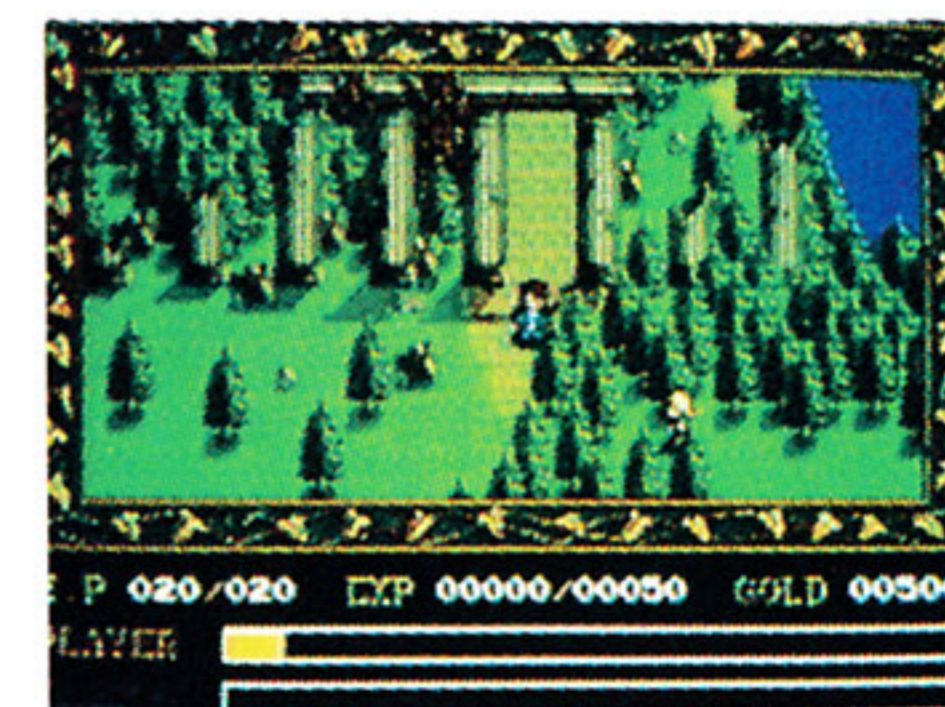

YS™ BOOK I&II

CD-ROM
Role Playing Game
1 player

Ys is a role playing game that makes good use of the large capacity CD-ROM media.

Ys is a super-action role-playing game with a very well-written story. You must solve the great secret of Ys by collecting the 6 lost books of Ys around the world. The excellent animated scenes are really something to watch.

The speedy progression of the story is enhanced by elements of an action-adventure game, such as the real-time combat action.

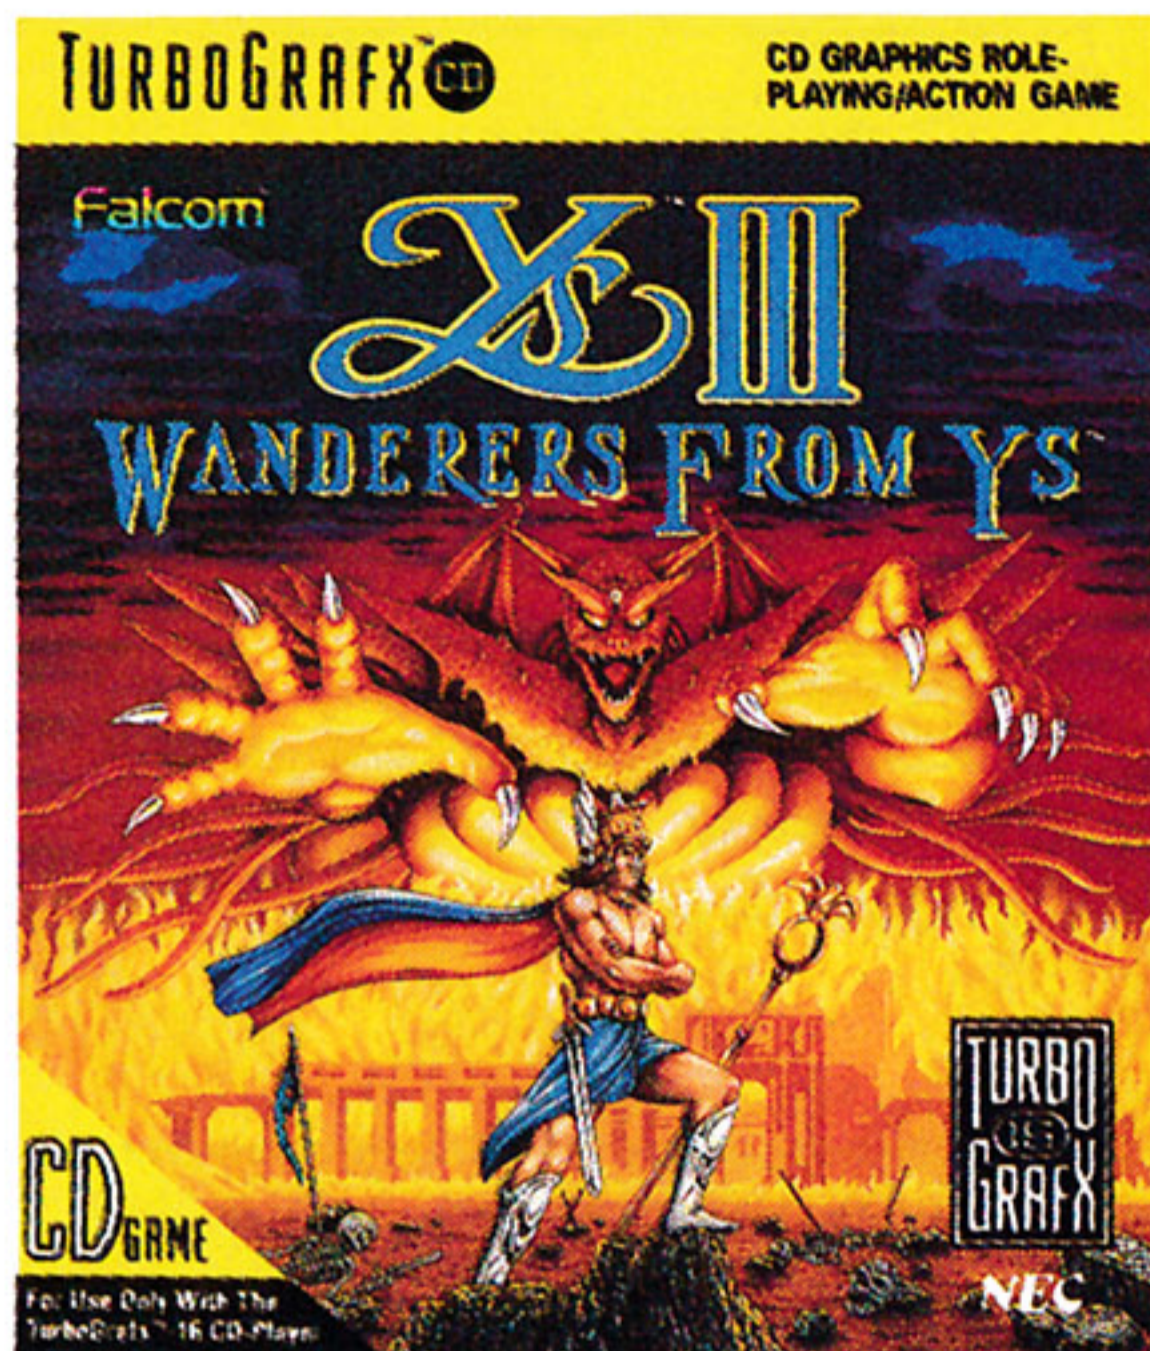

mini advice

While you're traveling, watch the enemy as they move around, and avoid them as much as possible.

YS™ III / WANDERERS FROM YS™

CD-ROM
Role Playing Game
1 player

This sequel to the popular action–role playing game is even more exciting.

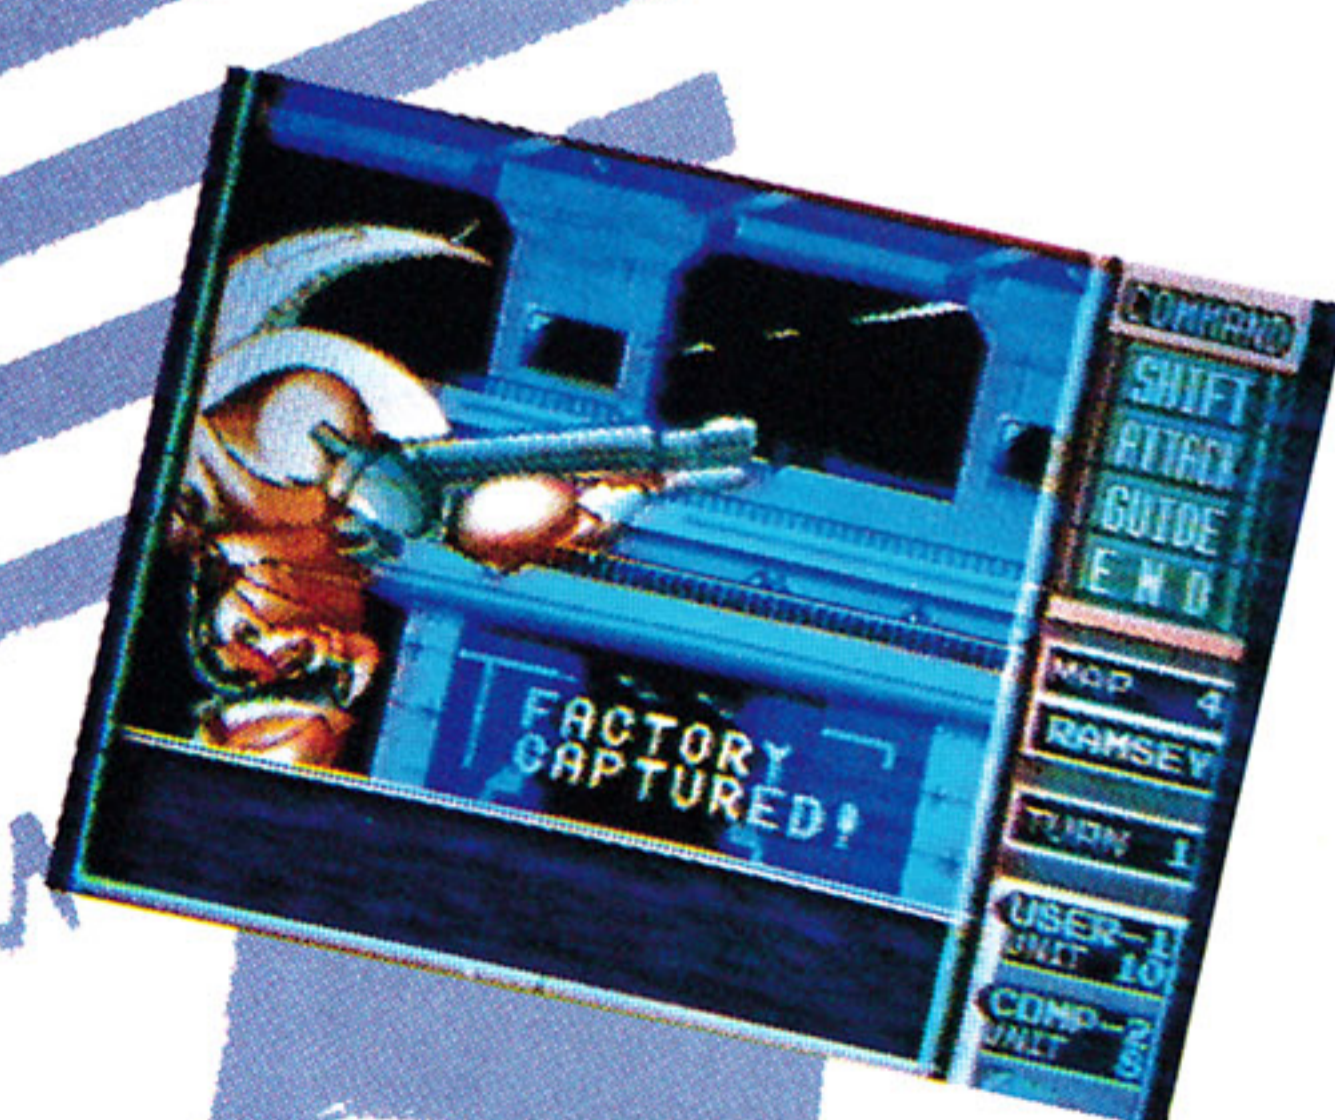

As in Ys book I&II, Ys III is a highly polished action role–playing game with lots of exciting features. Its animated visual scenes, the CD-quality sound and live voices enhance your enjoyment of the game even more than before.

Unlike Ys Book I&II's top-view screen, Ys III uses a side-view screen with more emphasis on action elements.

mini advice

There are more items you can collect than in Ys Book I&II, and using them correctly is the key to completing the game.

TURBO-CHIP

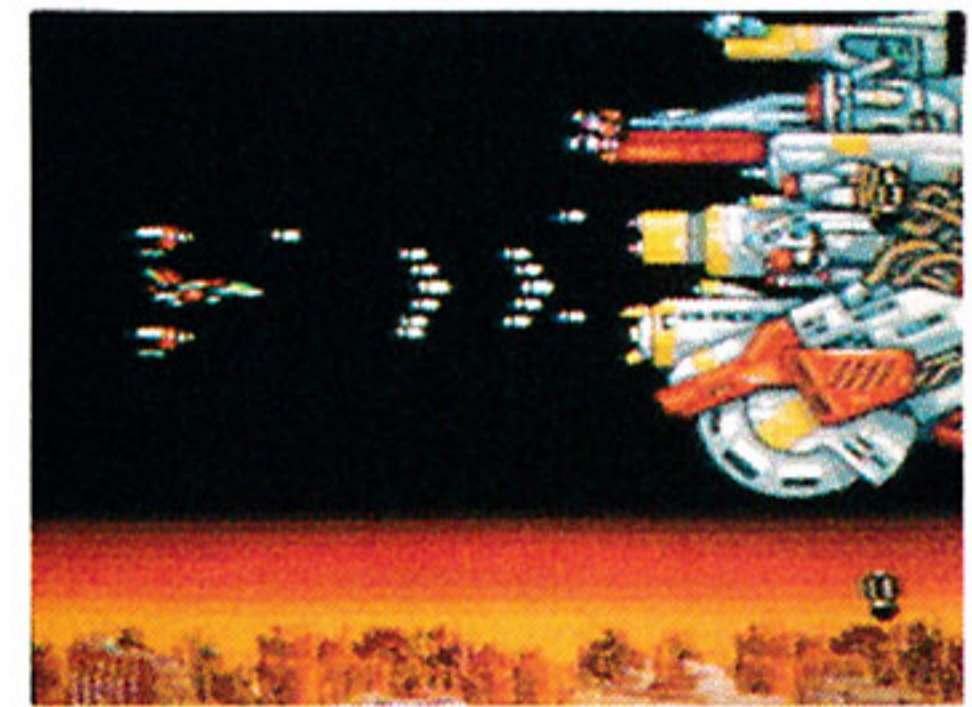

AERO BLASTERS™

TurboChip
Shooting Game
1 to 2 players

A fast scrolling shooting game which up to two players can play at the same time.

Aero Blasters is a shooting game whose horizontal scrolling is so fast and smooth that no other shooting game can match it. In two-player mode you can help each other to more than double the fun. Its continue feature is easy to use.

The scrolling and the speed of the enemies are extremely fast. At times it becomes almost impossible to control your ship and get through the stage, but stick it out and you'll get there.

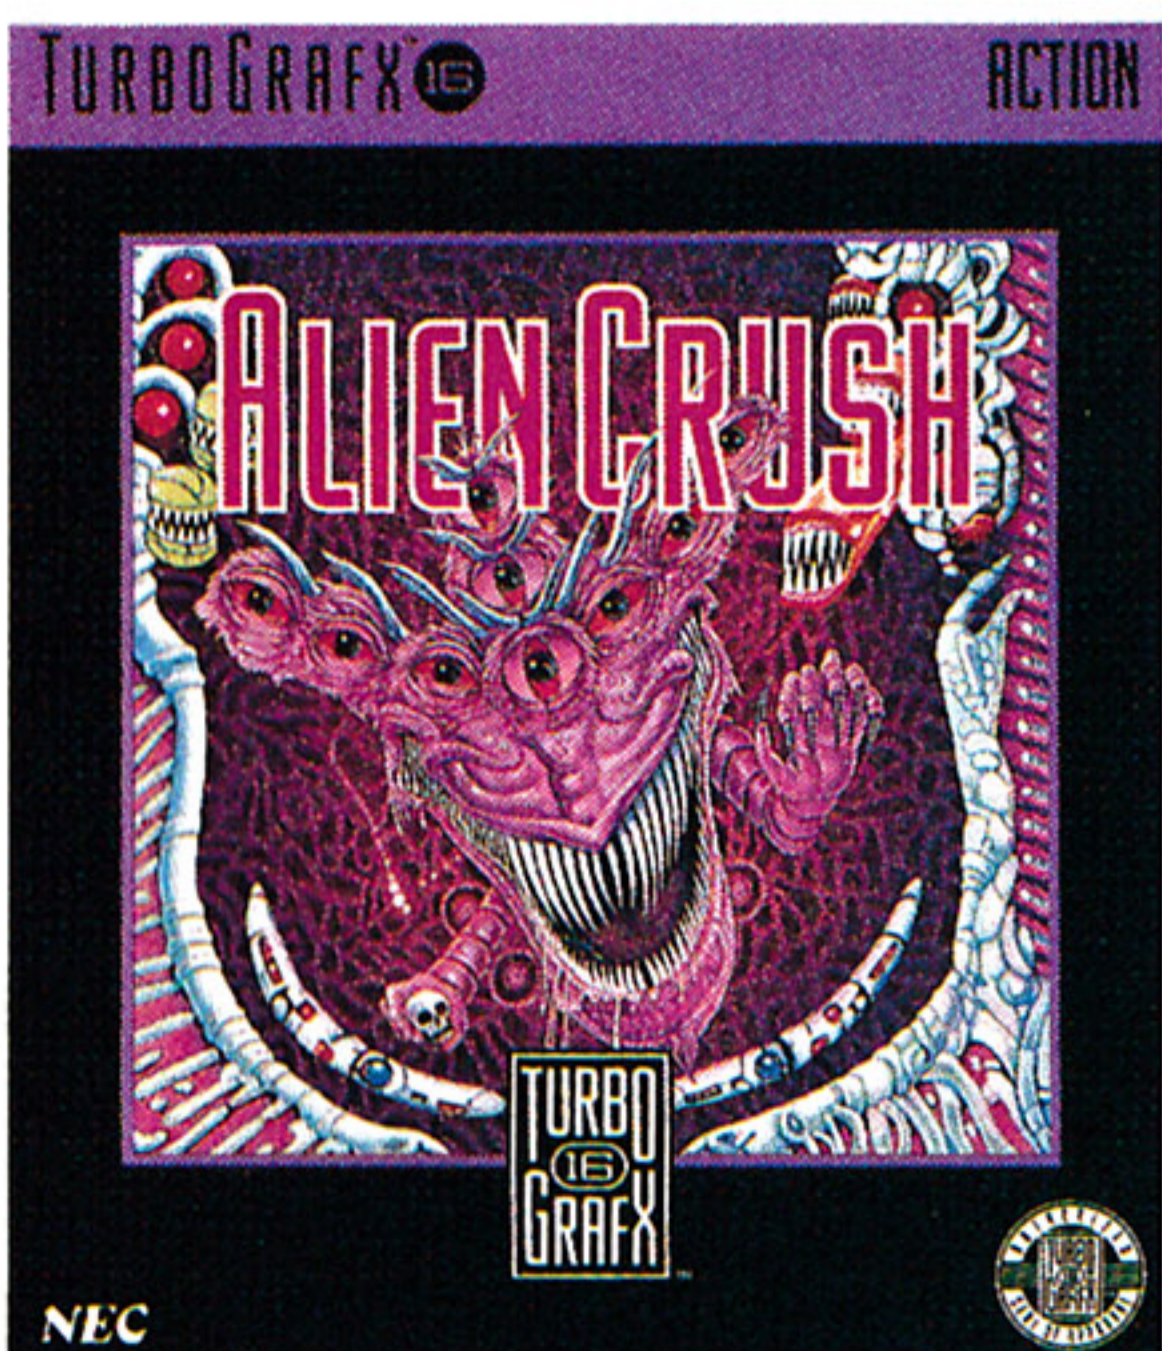

mini advice

Make sure you catch all the power-up items. They make the game a lot easier.

ALIEN CRUSH™

TurboChip
Simulation Pinball Game
1 player

This is a new generation of video pinball machine. It's guaranteed excitement.

Alien Crush is a video pinball game with a sci-fi flavor, very realistic graphics and grotesque aliens. Its large playing field is twice the size of the screen, and is full of bumpers and targets.

You'll love the eery world of Alien Crush. You'll need every technique you know to destroy the aliens. And if you're good, you'll get to play the 4 hidden bonus stages.

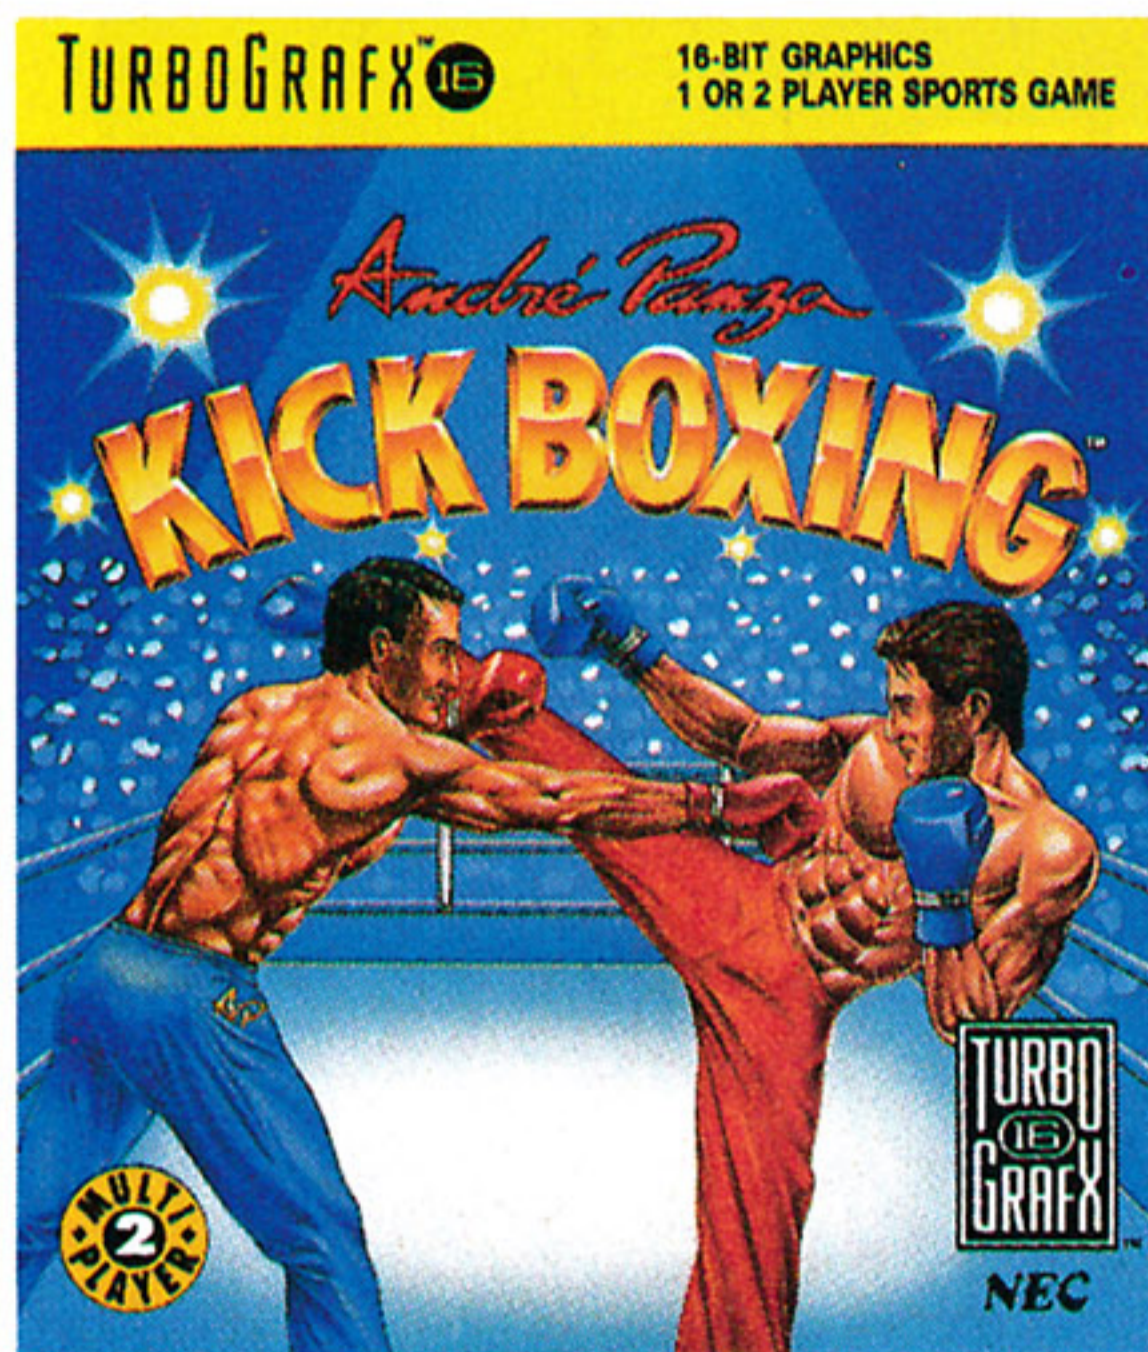

mini advice

Despite its grotesque details and alien characters, Alien Crush is an exciting pinball simulation game.

ANDRÉ PANZA KICKBOXING™

TurboChip
Sports Game
1 to 2 players

This is a kick-boxing game with the realistic action and excitement of a real kick-boxing match.

Andre Panza Kick Boxing is a full-blown kick-boxing game with lots of features. There are many different movements and attack patterns you can use. There's a practice round where you can try all the techniques before you challenge a real opponent. You can fight against the computer, or you and your friend can play against each other in two-player mode.

You and your friend can each create an original fighter by choosing a face and a name.

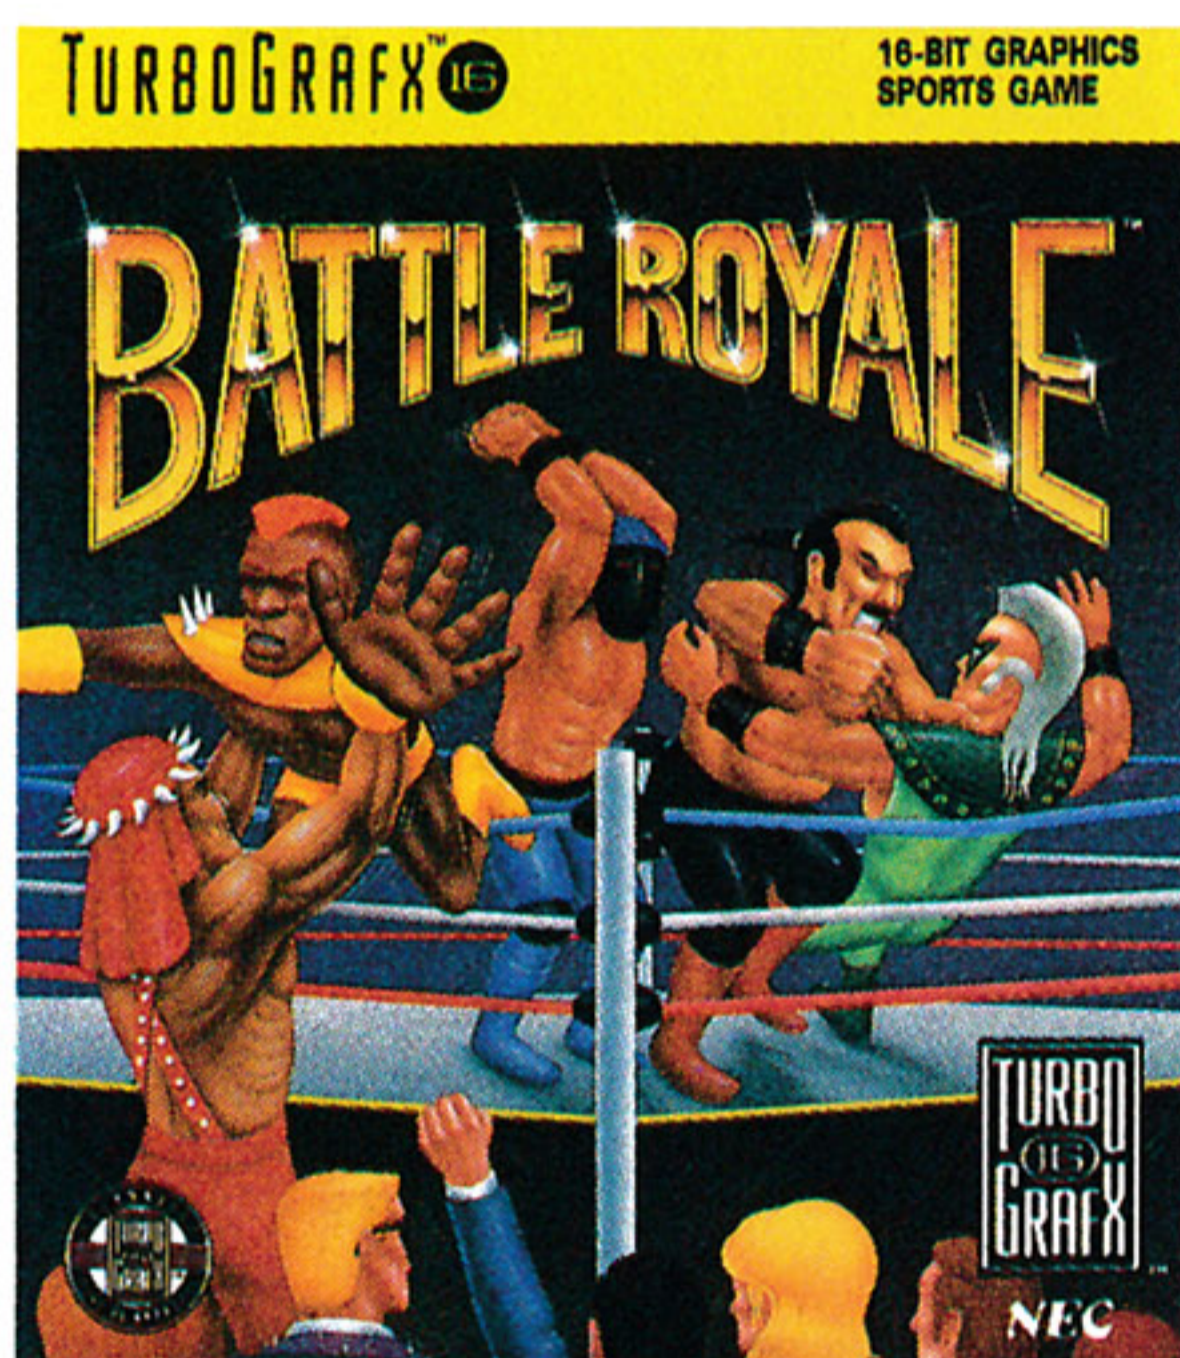

mini advice

Keep some distance between you and the opponent, closing in only when you want to punch or kick.

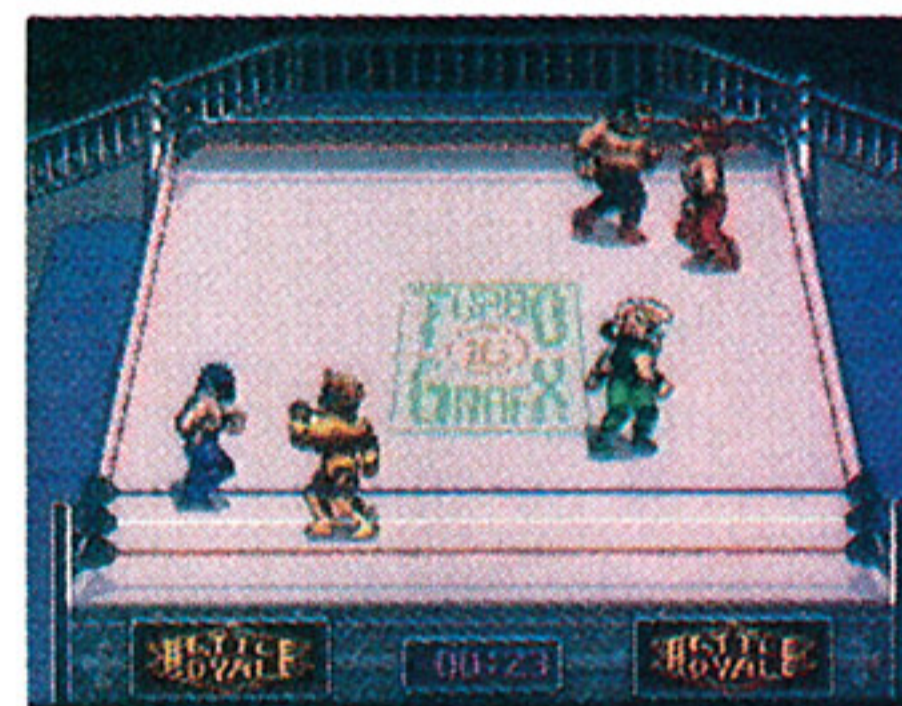

BATTLE ROYALE™

TurboChip
Sports Game
1 to 5 players

Battle Royale is a super hard game where up to 5 wrestlers fight a death match in one ring.

The rules are simple. In this game of survival, the last player left standing in the ring is the winner. You must fight all the others for that last spot in the ring. In one-player mode, you fight against 1 to 4 wrestlers controlled by the computer. It's really exciting to see 5 wrestlers battling it out in the ring.

You can play one-on-one against the computer or your friend. But you'll love the five-player Battle Royale battling with all your friends. They'll all love this exciting game of survival.

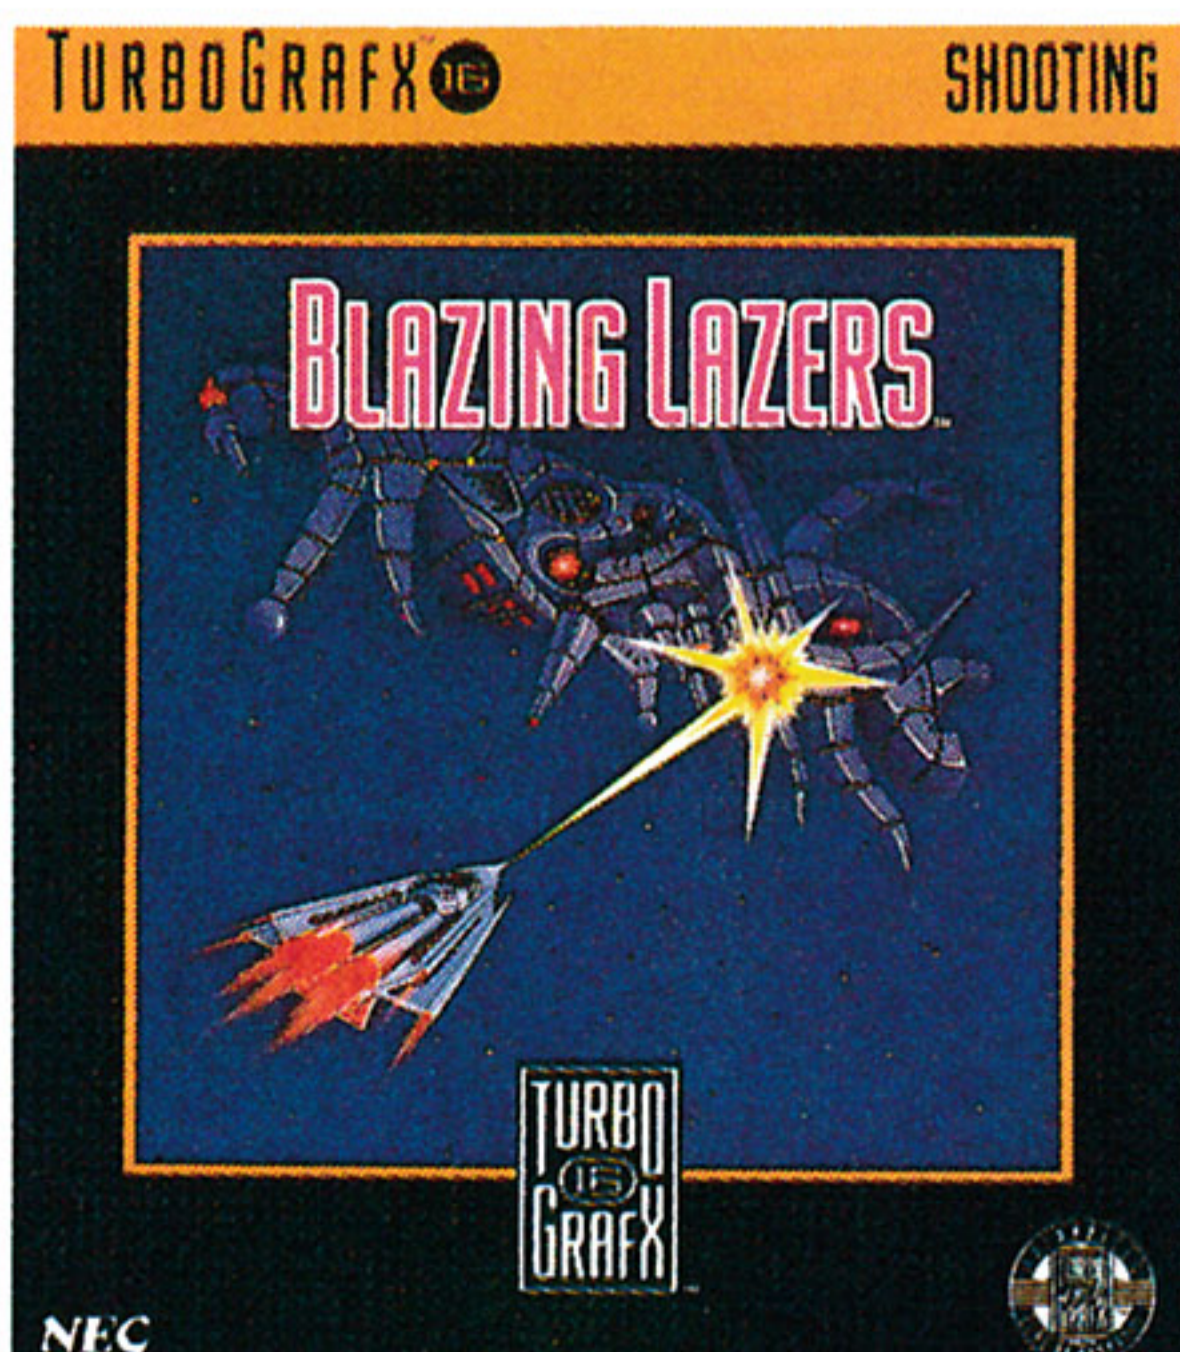

mini advice

You lose once you're thrown out of the ring, so it's wise to avoid tougher opponents and let them fight each other.

BLAZING LAZERS™

TurboChip
Shooting Game
1 player

The flashy graphics and the powerful power-up items make Blazing Lazers a real fun shooting game.

Just shoot your way through. Blazing Lazer is the ultimate vertically scrolling shooting game. There are 9 stages to get through, and you've got 4 different weapons, each with 6 different power levels. It's non-stop fast-scrolling shooting excitement.

Blazing Lazer is a tough shooting game where only sheer power will keep you alive. Powerful bosses await you at the end of each stage.

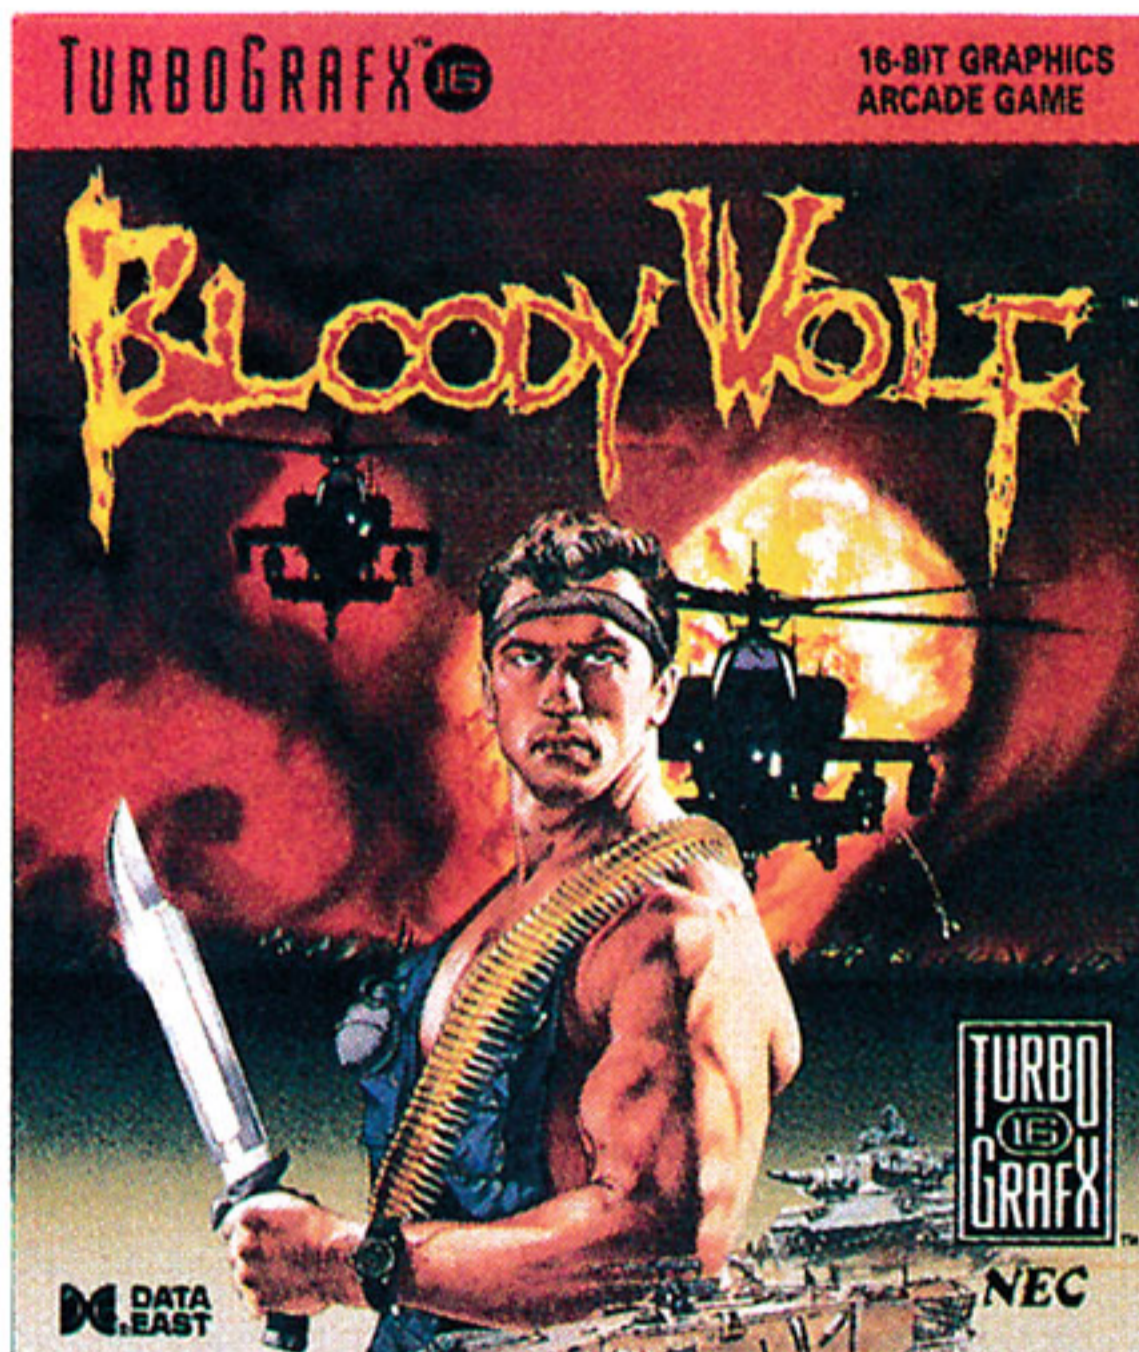

mini advice

Some of the weapons are useless, so don't pick them up.

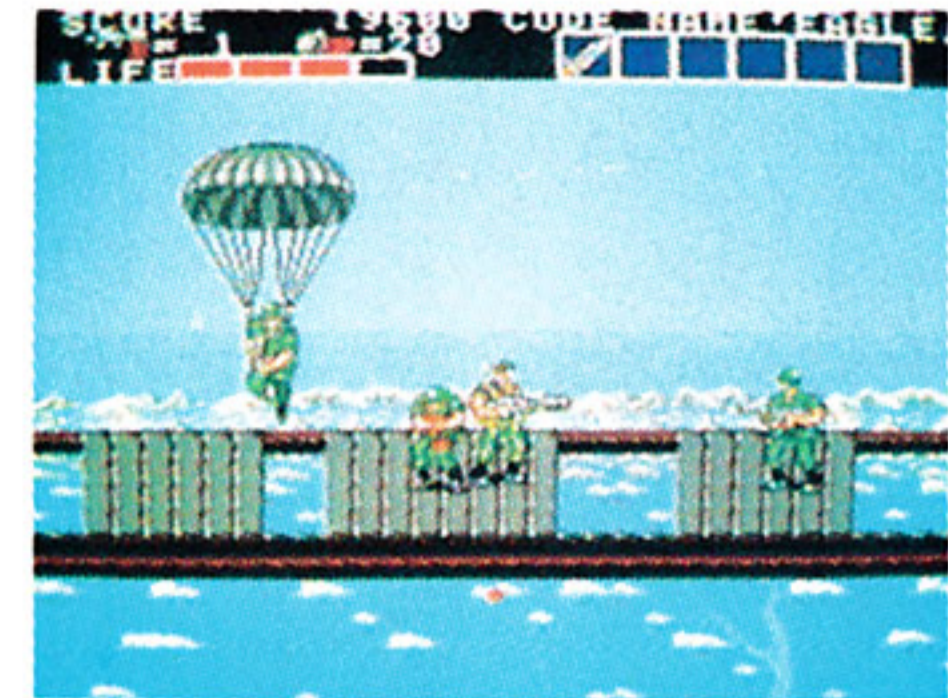

BLOODY WOLF™

TurboChip
Action Game
1 player

You're a member of the elite military fighting unit, "Bloody Wolf". You'll love the intense fighting action.

Bloody Wolf is a top-view type fighting action game with impressive fighting scenes. Your mission is to rescue all the friendly prisoners while destroying enemy strong holds and enemy troops. When you rescue prisoners you can get useful information and weapons from them.

For the ultimate mission of rescuing the President from enemy captivity, you must fight your way through eight enemy-infested stages.

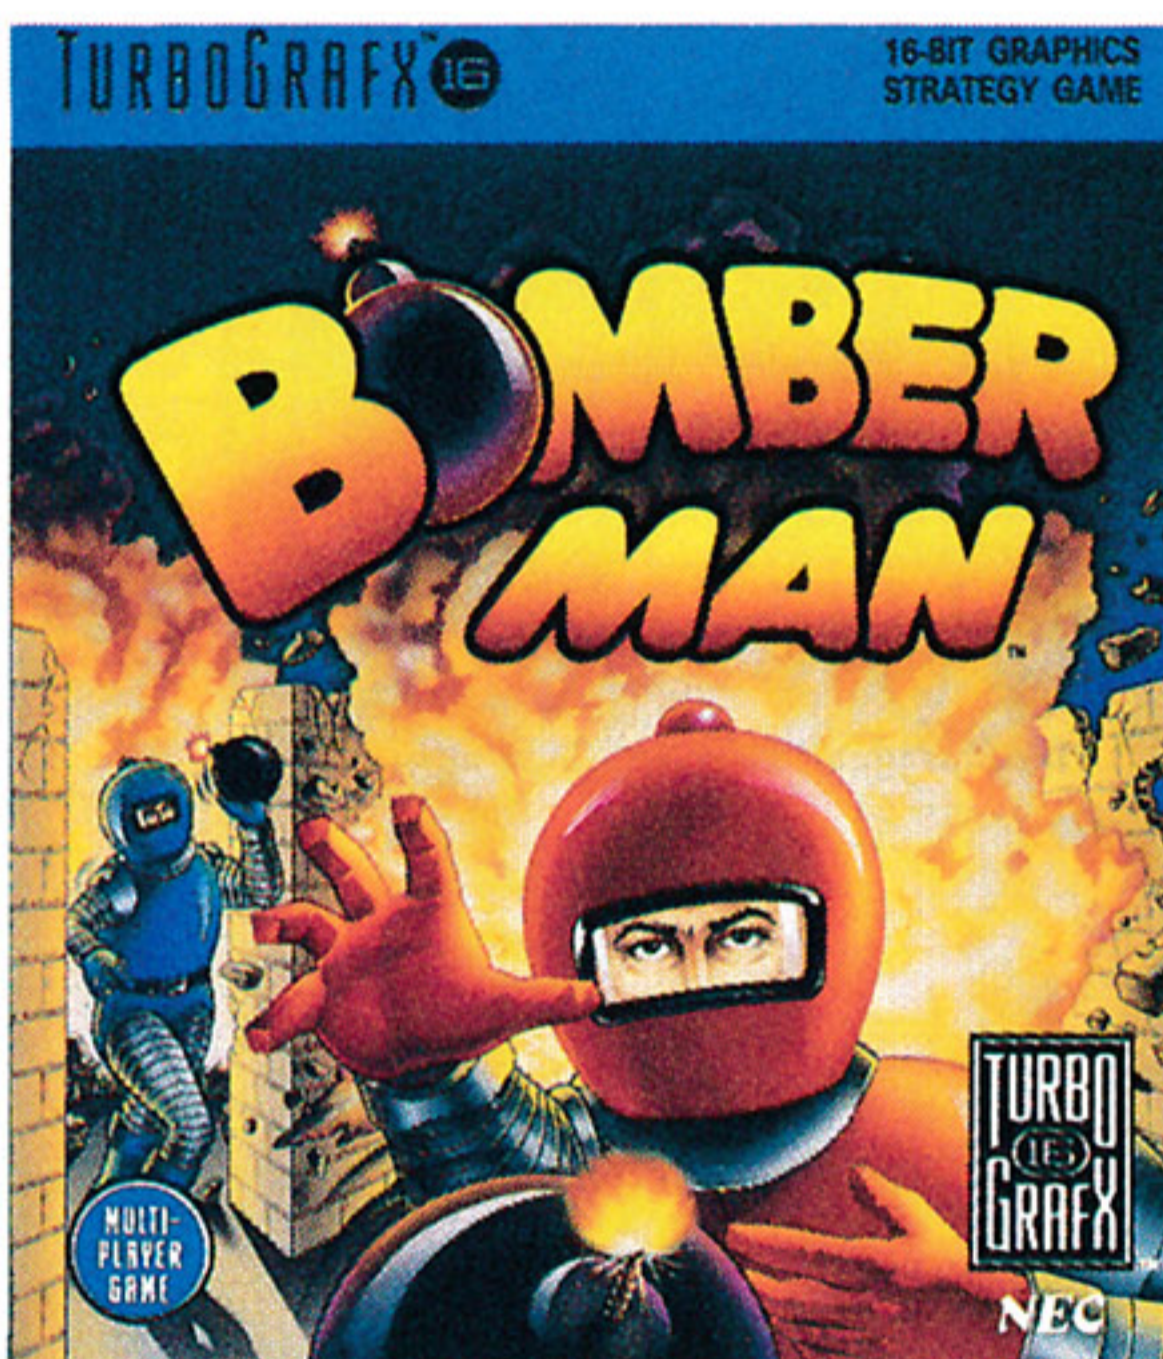

mini advice

The controls are complicated, but you must learn them well to complete the mission.

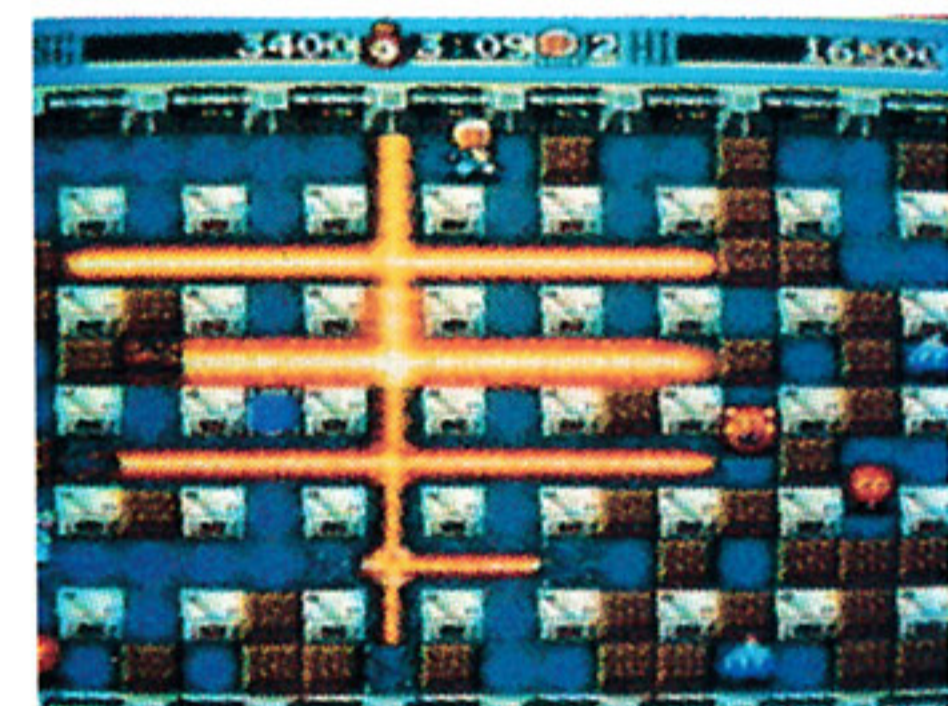

BOMBERMAN™

TurboChip
Action Strategy Game
1 to 5 players

This is a fun action strategy game you can play by yourself or with all your friends.

Bomberman is an exciting action game with some elements of a strategy game. Its best feature is the multi-player mode where you can have up to five players playing against each other. Use bombs to destroy walls and enemies. In one-player mode your enemies are the monsters, and in multi-player mode everybody is your enemy.

There are many useful tools hidden in each stage. You can use them to increase your power, but you'll find technique is your most useful weapon.

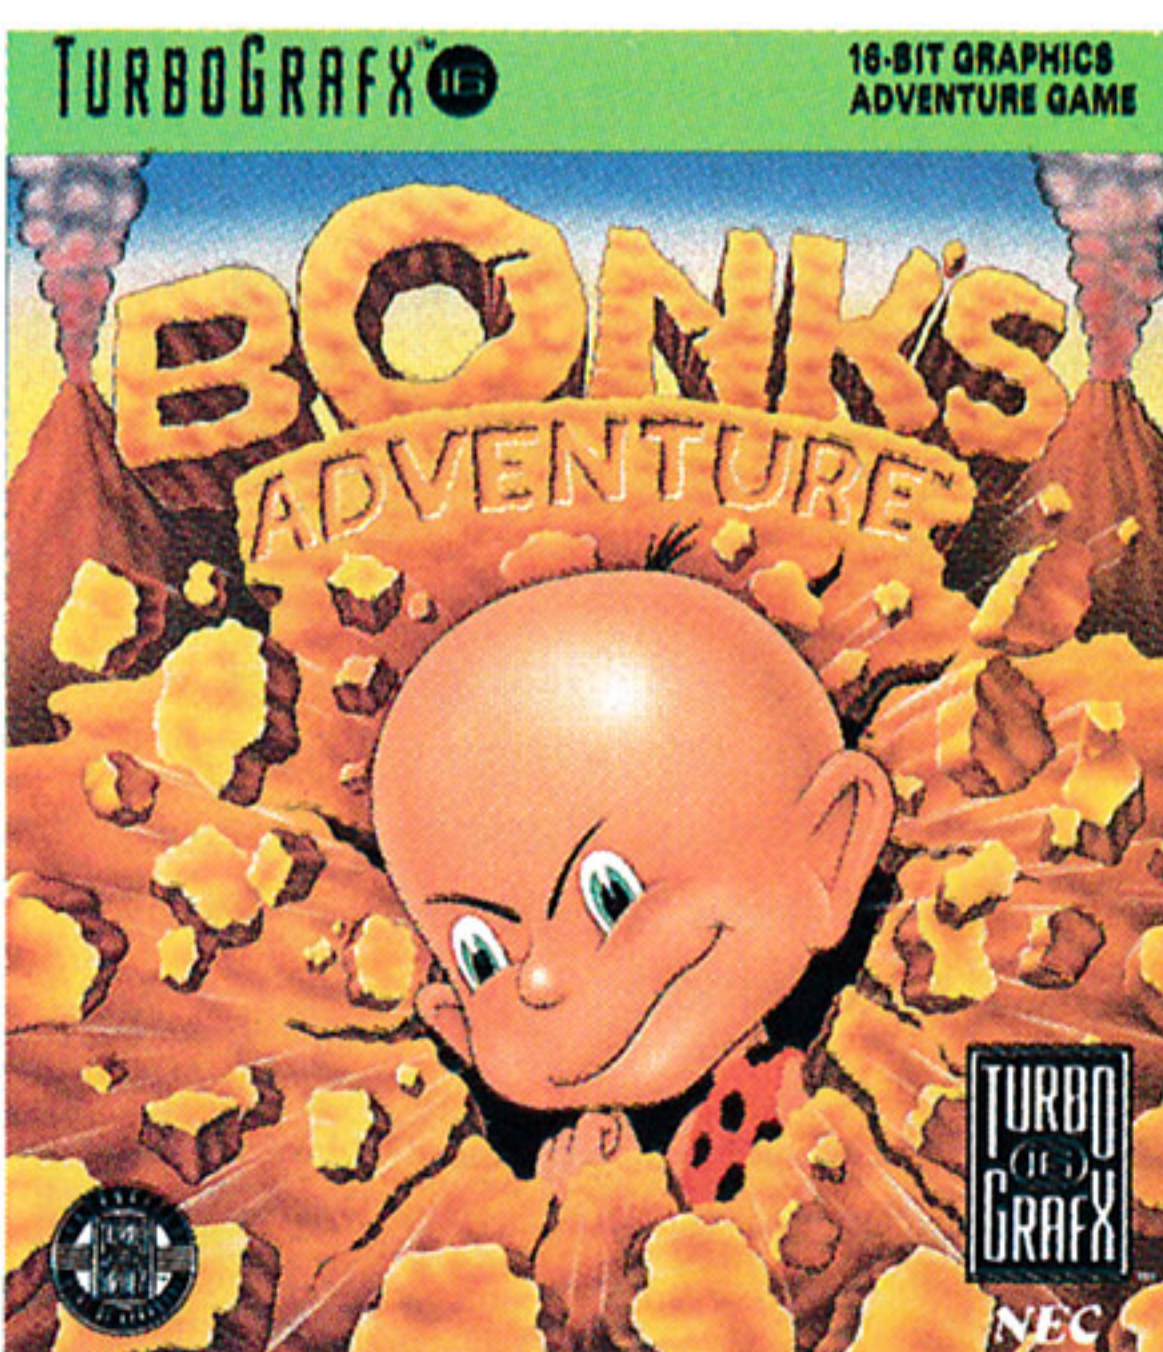

mini advice

Place the bombs carefully so you don't get killed by your own bomb.

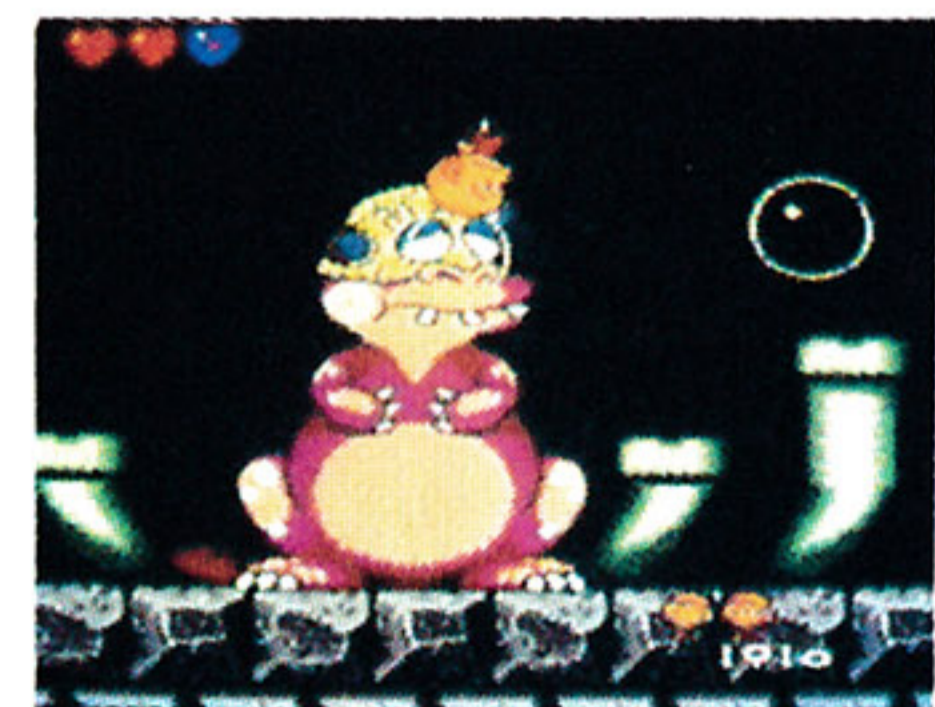

BONK'S ADVENTURE™

TurboChip
Action
1 player

It's a comical action game starring the hero, "Bonk". You won't believe how much action there is.

Bonk's Adventure is a horizontally scrolling action game where our caveman hero "Bonk" sets out to rescue Princess Za in a pre-historic world of dinosaurs. Bonk has a lot of different facial expressions, his weapon is his head-butt, and he can even become invincible when he eats meat.

Despite its comical look, Bonk's Adventure is a serious action adventure game. It's a fun game everyone will love.

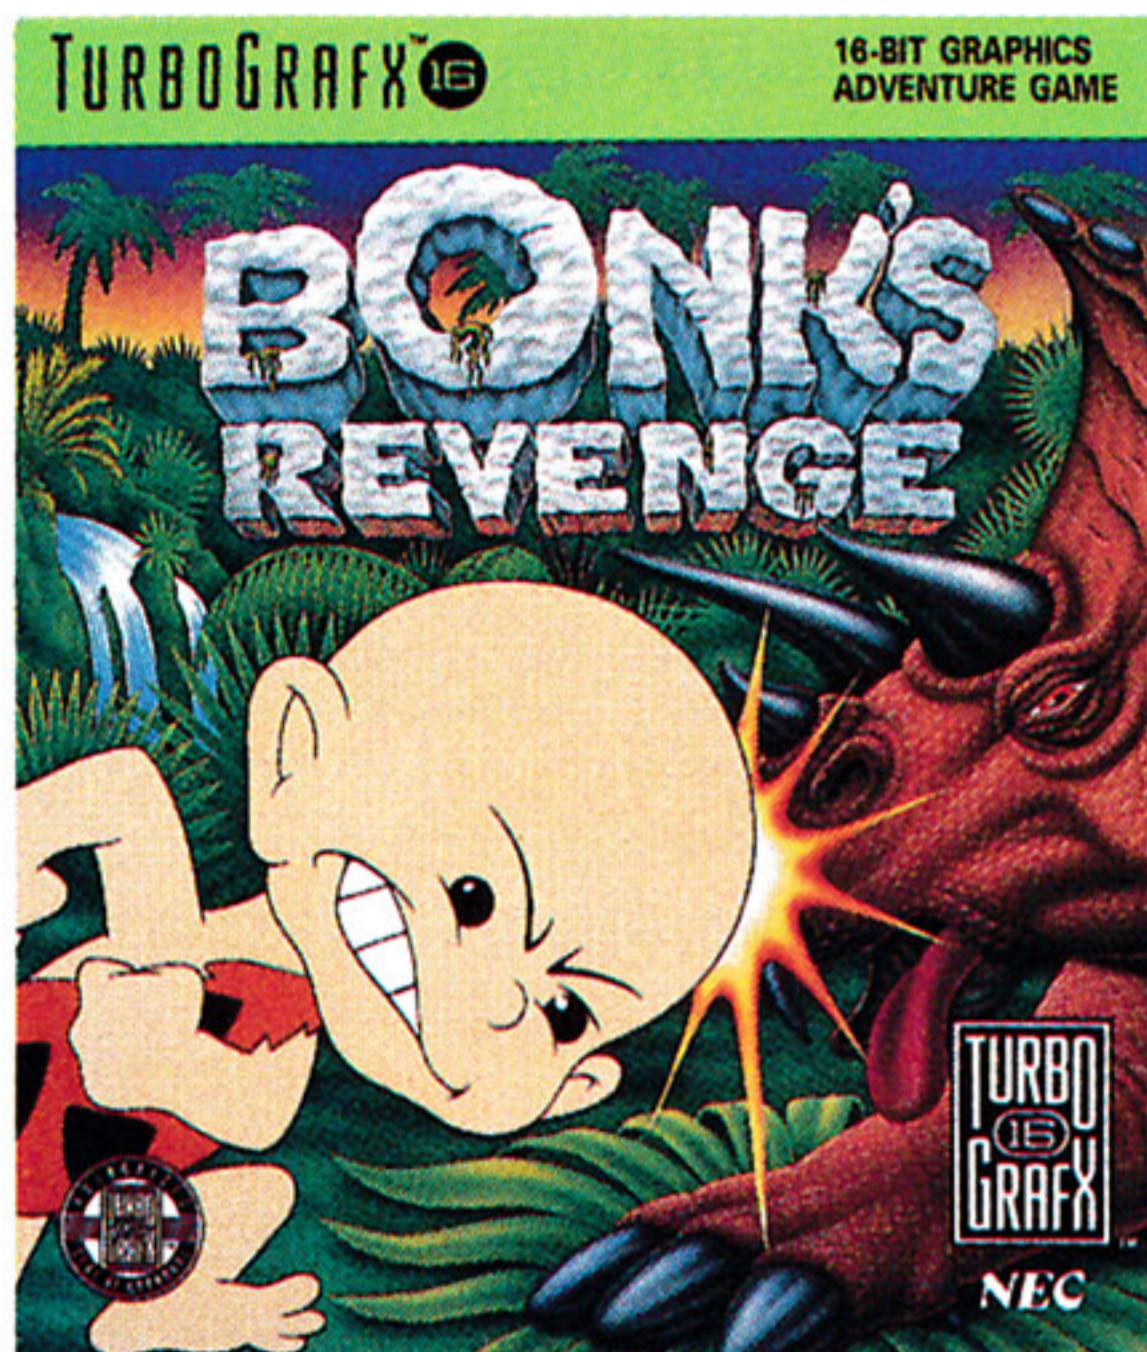

mini advice

Bonk becomes invincible for a while when he eats meat. Use this move ahead as much as you can.

BONK'S REVENGE™

TurboChip
Action Game
1 player

It's the sequel to "Bonk's Adventure". Our hero "Bonk" head-butts his way into another adventure.

Just like the previous Bonk's Adventure, our hero will fight the enemies of the monster kingdom. But, this time he's out to save the world from the evil King Drool III. You'll love the new enemy characters and tricky stages. Bonk's mighty head-butt is even more powerful than before.

There are lots of new characters in the game, and they are tougher than in Bonk's Adventure. The over-all difficulty level is also higher.

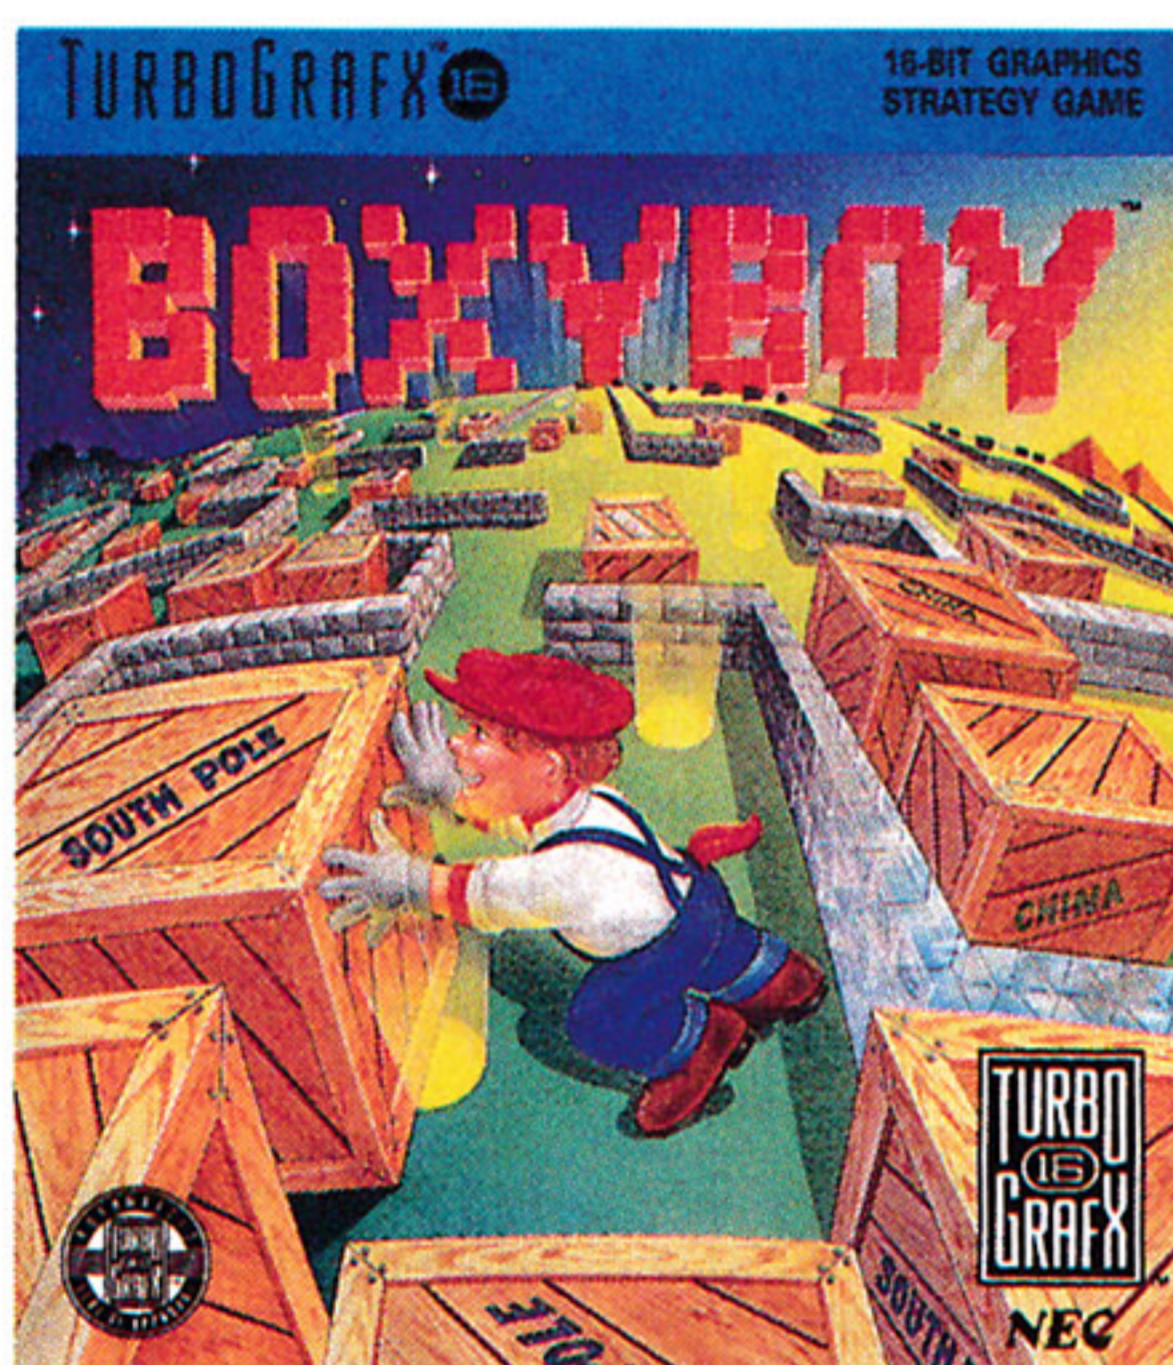

mini advice

Bonk can become invincible by eating meat as in the original adventure.

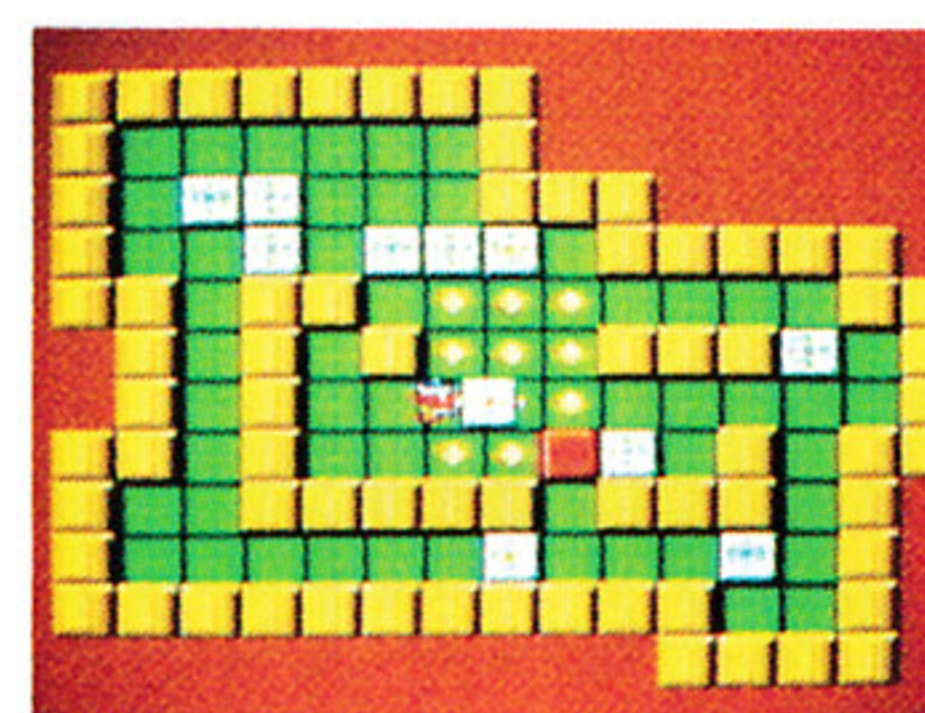

BOXYBOY™

TurboChip
Action Game
1 player

Where you move the crates is up to you. This puzzle game calls for some serious brain power.

You can start the game at any stage. Move all the crates into the designated area. There are 100 stages in all, divided into 5 sections each under a different national flag. Challenge your brain and see how many stages you can clear.

You'll love the mind-boggling fun and all the different stages.

mini advice

You can take back a move by pressing the "II" button. Use the "Construction Mode" to create your own stages.

BRAVOMAN™

TurboChip
Action Game
1 player

Bravoman a comical hero, has to use all his tricks to defeat the evil scientist Dr. Bomb.

This game is filled with fun characters like "Alpha Man" and "The Bomb". The arm-extending "Bravo Punch" and the neck-extending "Bravo Head Butt" are some of the fun tricks Bravoman uses to fight the forces of evil.

Hold down the firing button to throw a long distance Bravo Punch or Bravo Kick. And don't miss the power up items like Onigiri and Ramen.

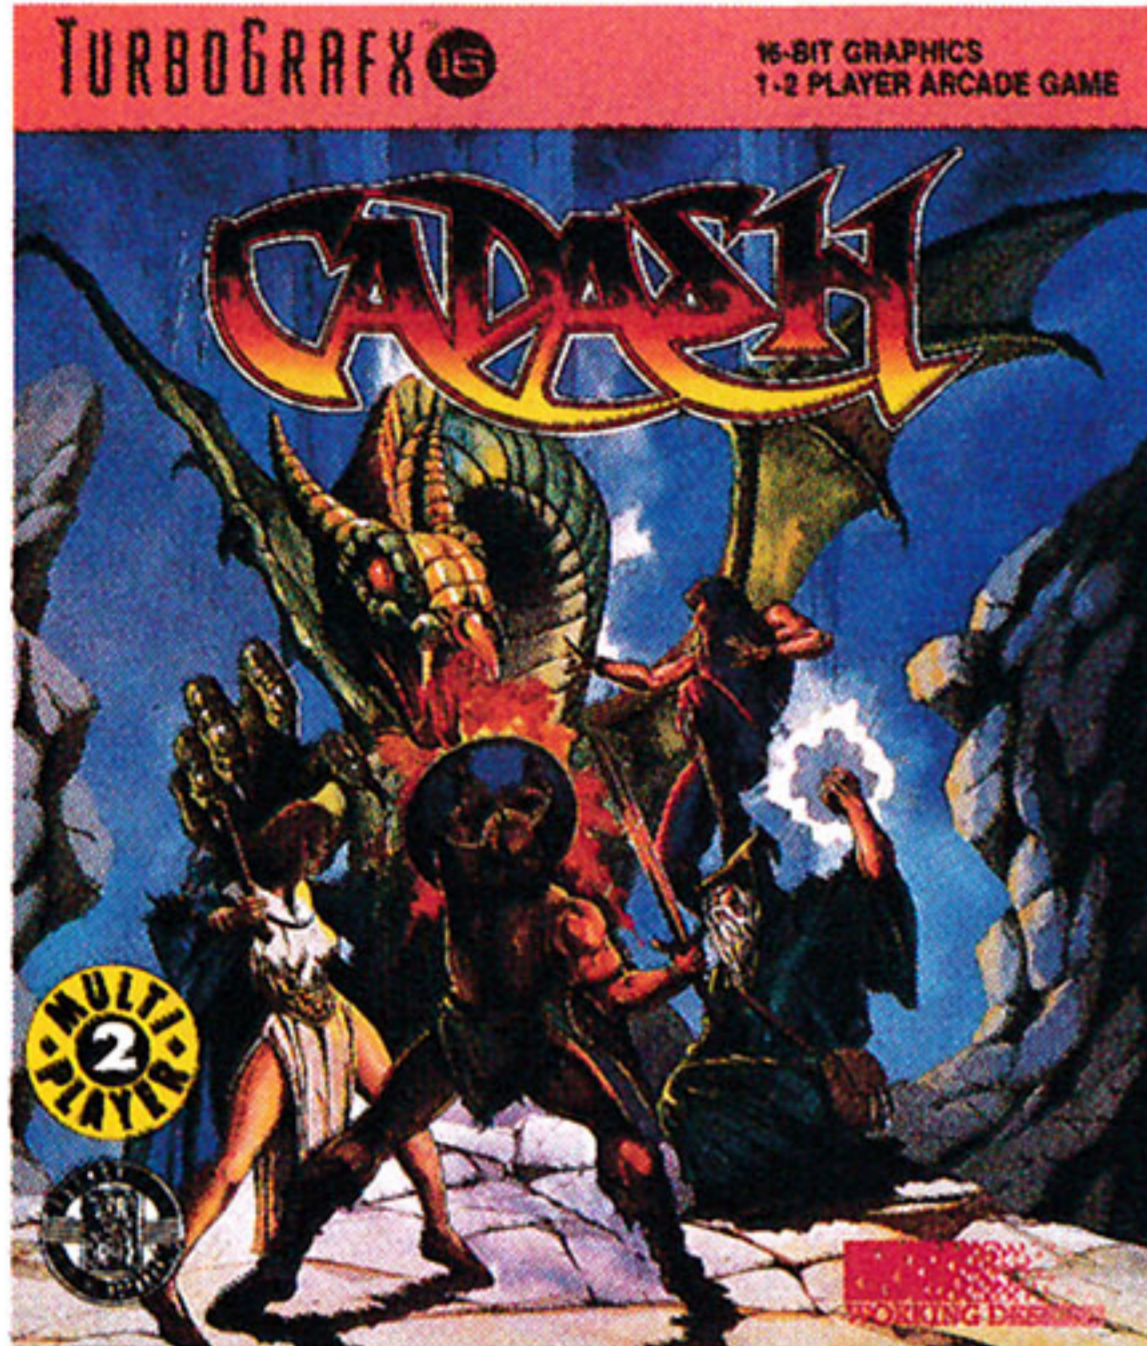

mini advice

Turn off the continuous firing switch while you're on land, and turn it on once you're underwater.

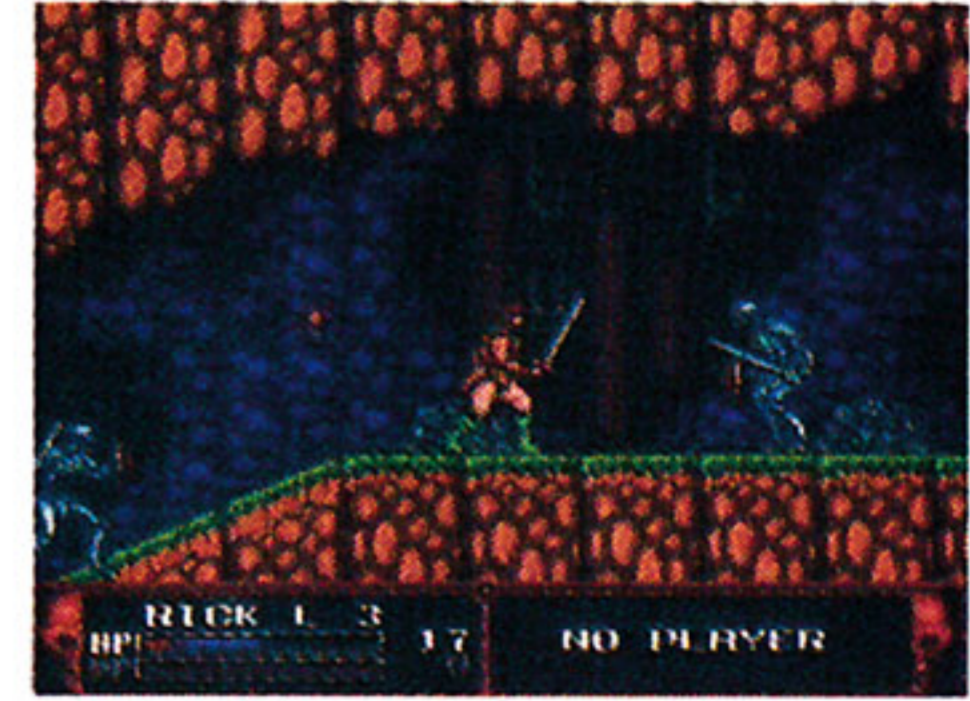

CADASH™

TurboChip
Action Game
1 to 2 players

Rescue the Queen who's been captured by the King of Destruction, Baarogue.

Choose a warrior, a wizard, a priest or a ninja for your character. And set out on an adventure in Cadash. You'll love the exciting action, and the mysteries you have to solve.

You get gold coins by destroying monsters. Use the gold to buy weapons and shields, which are absolutely necessary to fighting effectively.

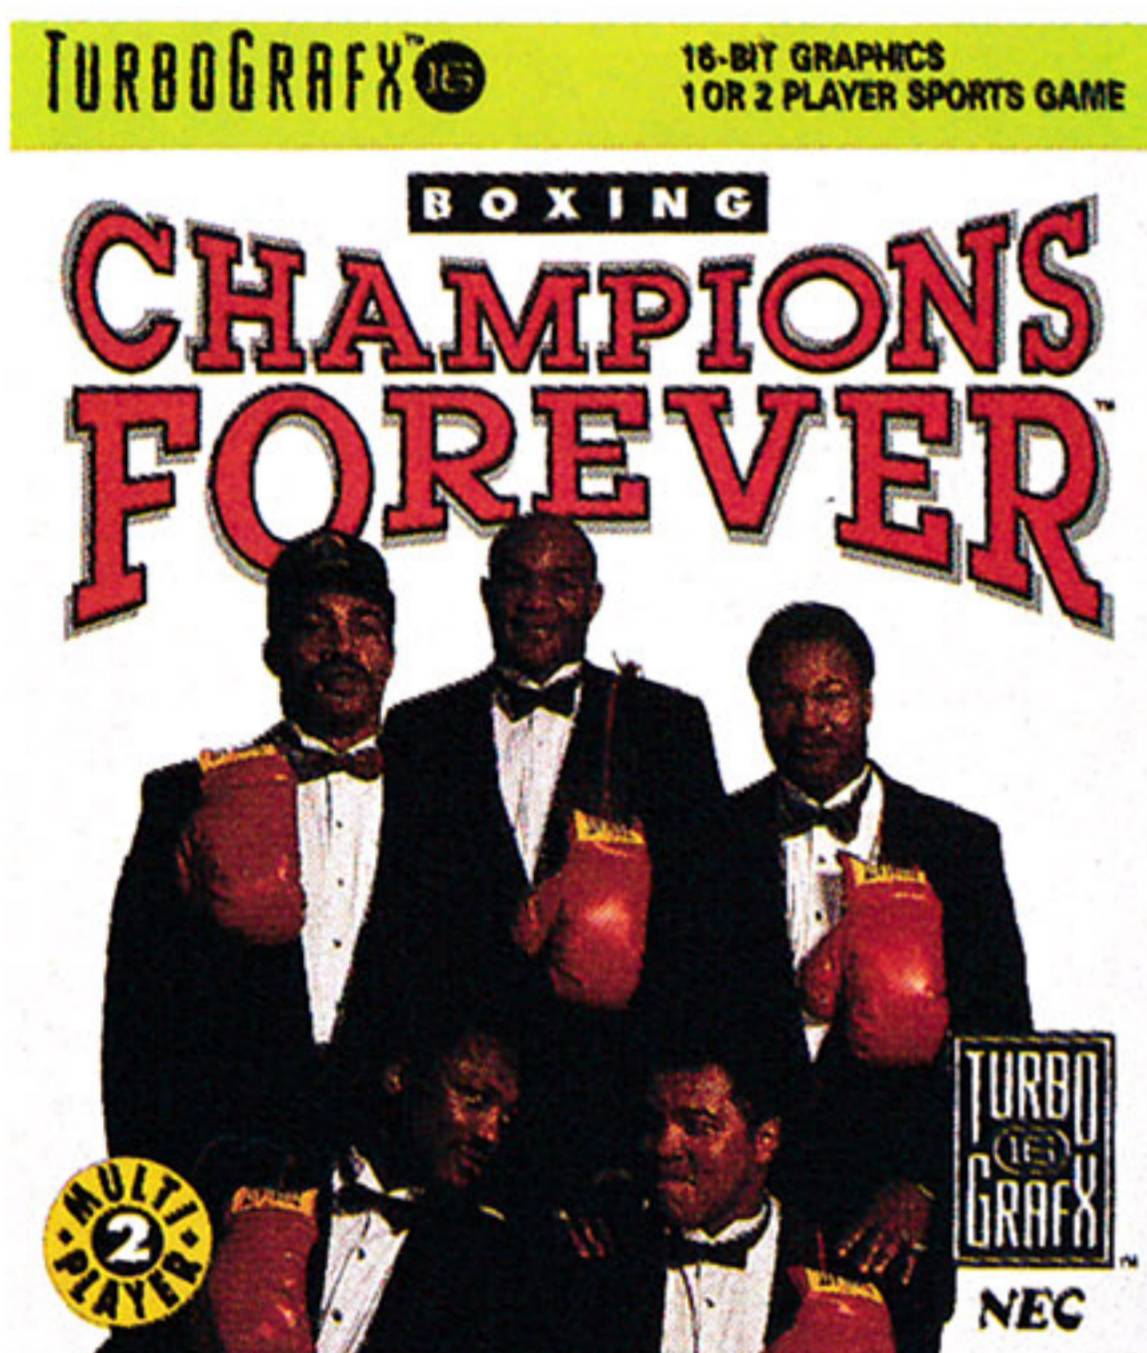

mini advice

You should avoid fighting the skelton you encounter on the first slope.

CHAMPIONS FOREVER BOXING™

TurboChip
Sports Game
1 to 2 players

You must keep fighting in order to win the title. Can you become the new champion?!

In Champions Forever Boxing you can fight against real former world champions. You can use not only jabs and hooks, but more advanced techniques like upper-cut and blocks. You can really experience the excitement of a boxing match.

You can enjoy playing against the computer, but you'll get a real kick out of playing against your friend in 2-player mode. Can you beat Ali and the other champs?!

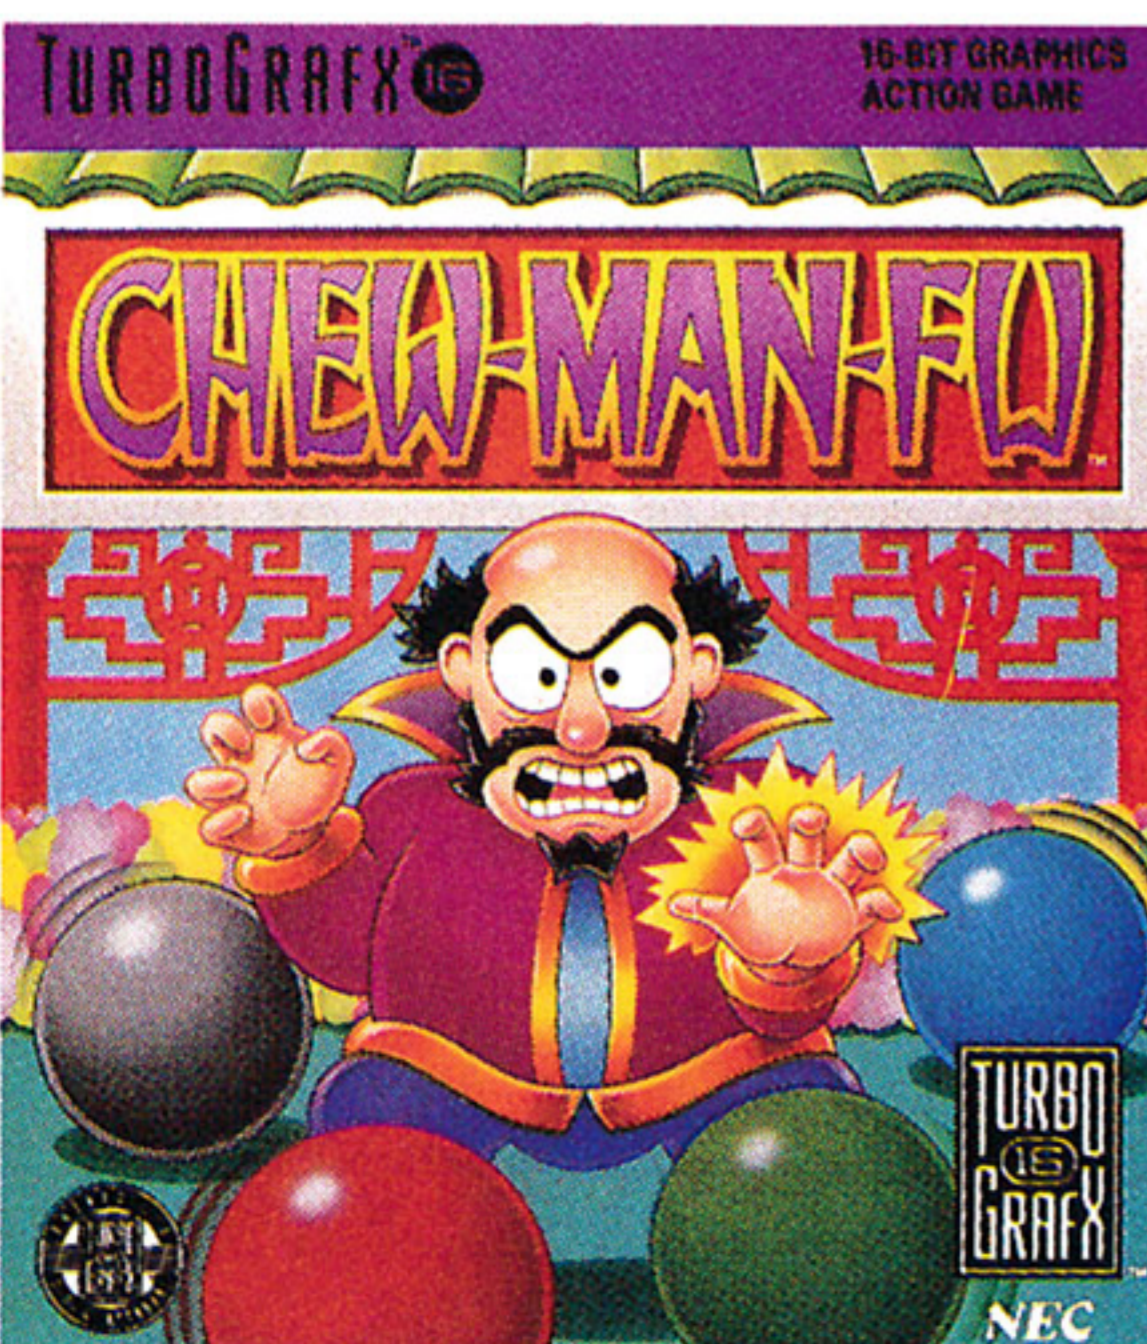

mini advice

You can choose your favorite champion boxer and also how many rounds you want to fight.

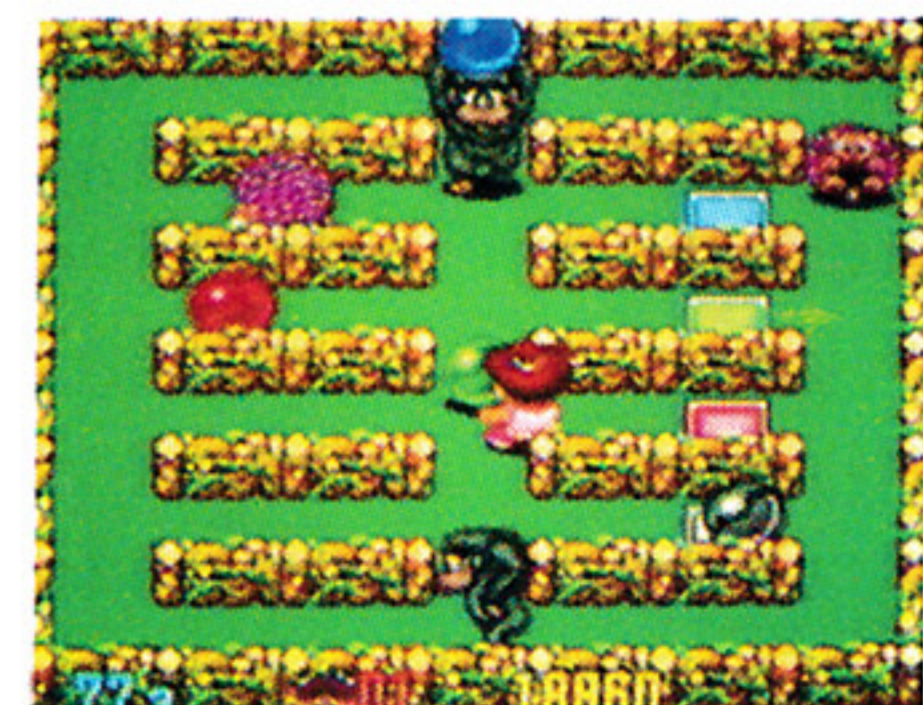

CHEW-MAN-FU™

TurboChip
Action/Puzzle Game
1 to 2 Players

Crush the monsters with the colored balls. A game with a cute girl as the heroine.

Each player must use the heroine to drag colored balls around within the maze and onto the square of the same color. You can destroy the monsters by crushing them with the colored balls.

If you can lure the monsters into one area, you can crush them all at once with one ball. And that's fun!!

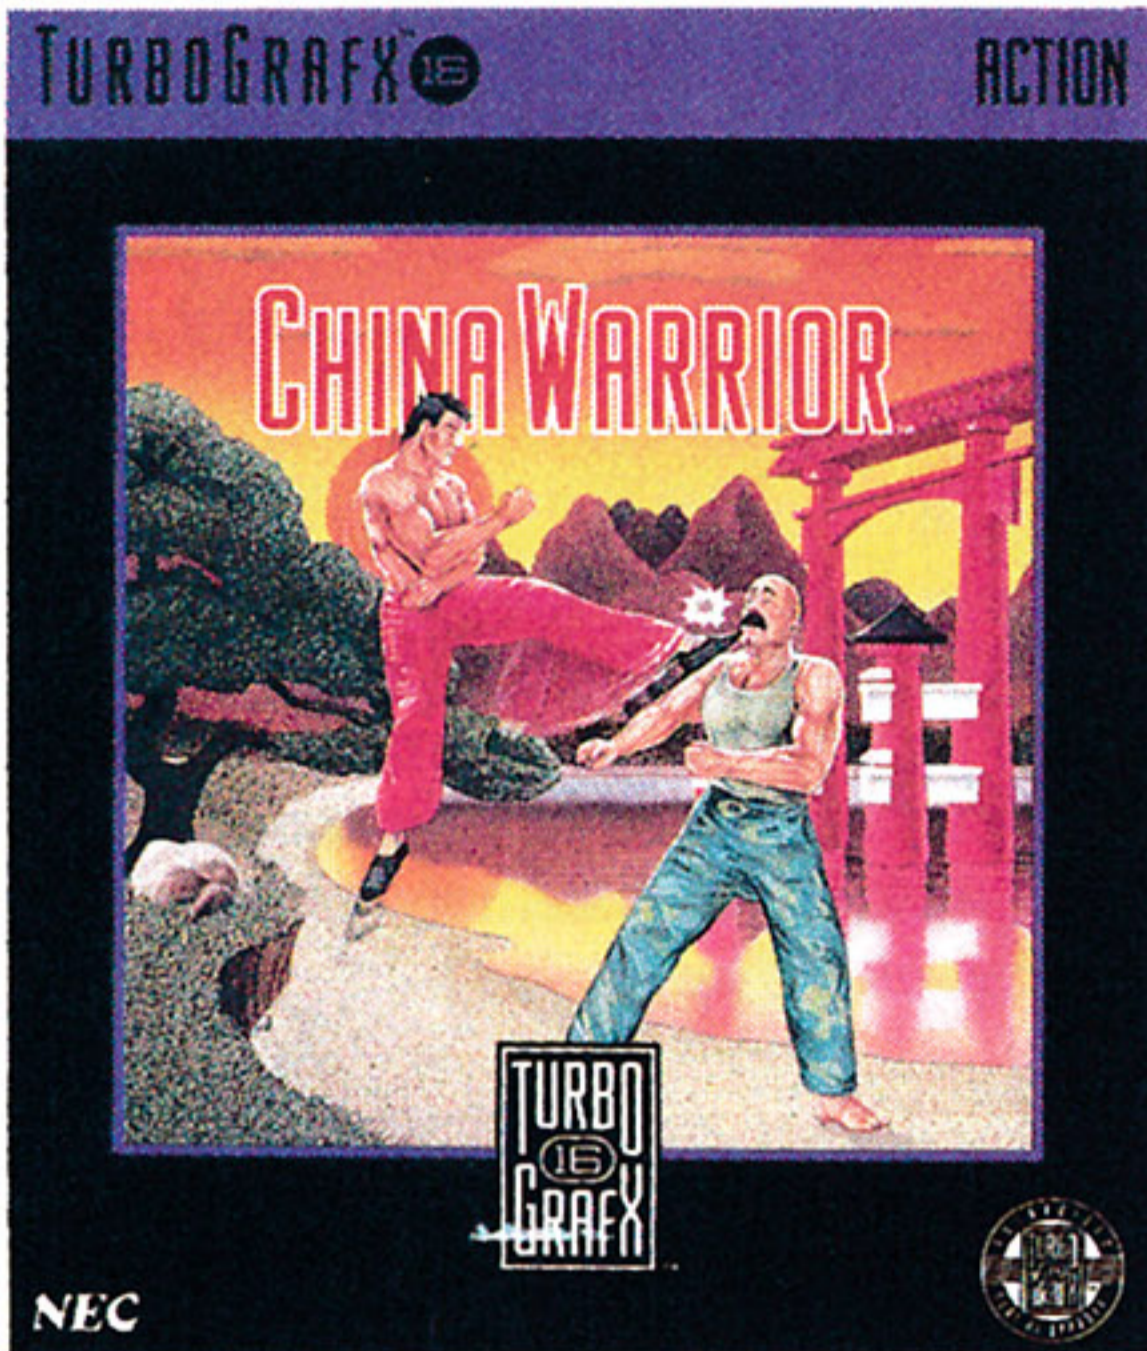

mini advice

Collect 5 diamonds, and get 1-Up.

CHINA WARRIOR™

TurboChip
Action Game
1 player

There are 4 stages with a total of 12 bosses. Can you fight your way through to the end?!

This action game lets you punch, kick and jump, using the extra large Kung-Fu hero, like you're actually inside the game. You'll meet 3 bosses in each stage. It's exciting to the very end.

The bosses are the toughest enemies, so concentrate on avoiding flying sticks and stones, until you come to a boss. And make sure to get the Oolong Tea.

mini advice

Since there is no game-save feature, try not to make mistakes rather than trying to kill all the small enemies.

CRATERMAZE™

TurboChip
Action Game
1 player

Trap the pursuing enemies by digging holes. The run-and-trap action never stops.

There are a total of 60 fun but tricky stages. You must trap all the pursuing monsters in each stage to win the key to advance and the next stage. Collect all the fun and useful tools like the shovel and the bubble gun. They are hidden in each stage.

The more shovels you get, the more holes you can dig at once. You can fill holes by using the shovel again on the same spot. With one shovel you can dig 2 holes, with two shovels you can dig 4 holes, and so on.

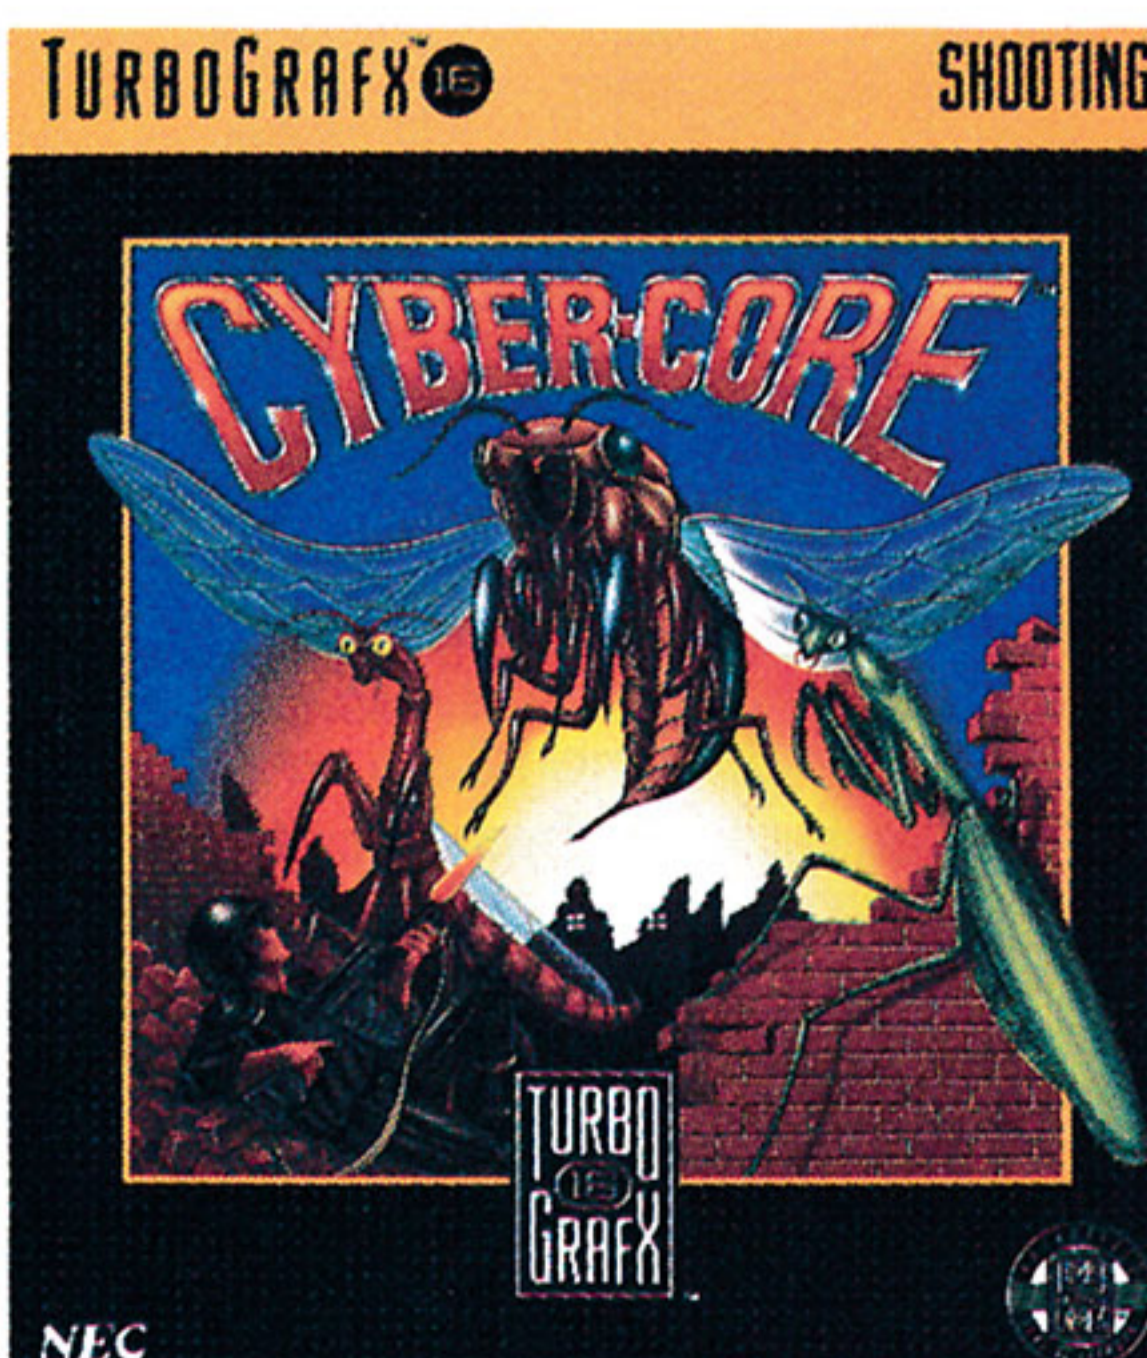

mini advice

You rescue one friend every 15 stages, and you have to rescue all 4 friends to complete the game.

CYBER-CORE™

TurboChip
Shooting Game
1 player

Super Mutant Warrior "Chimera" must protect Earth. Stop the Giant Hyper-Insects.

It's a vertically-scrolled action shooting game. As you shoot your way through the 8 stages, the Cyber Core will evolve into more advanced forms. You can collect power-up eggs to mutate the Cyber Core.

The enemies are eery-looking insects. Power up the beam weapon and the bombs and destroy the enemies.

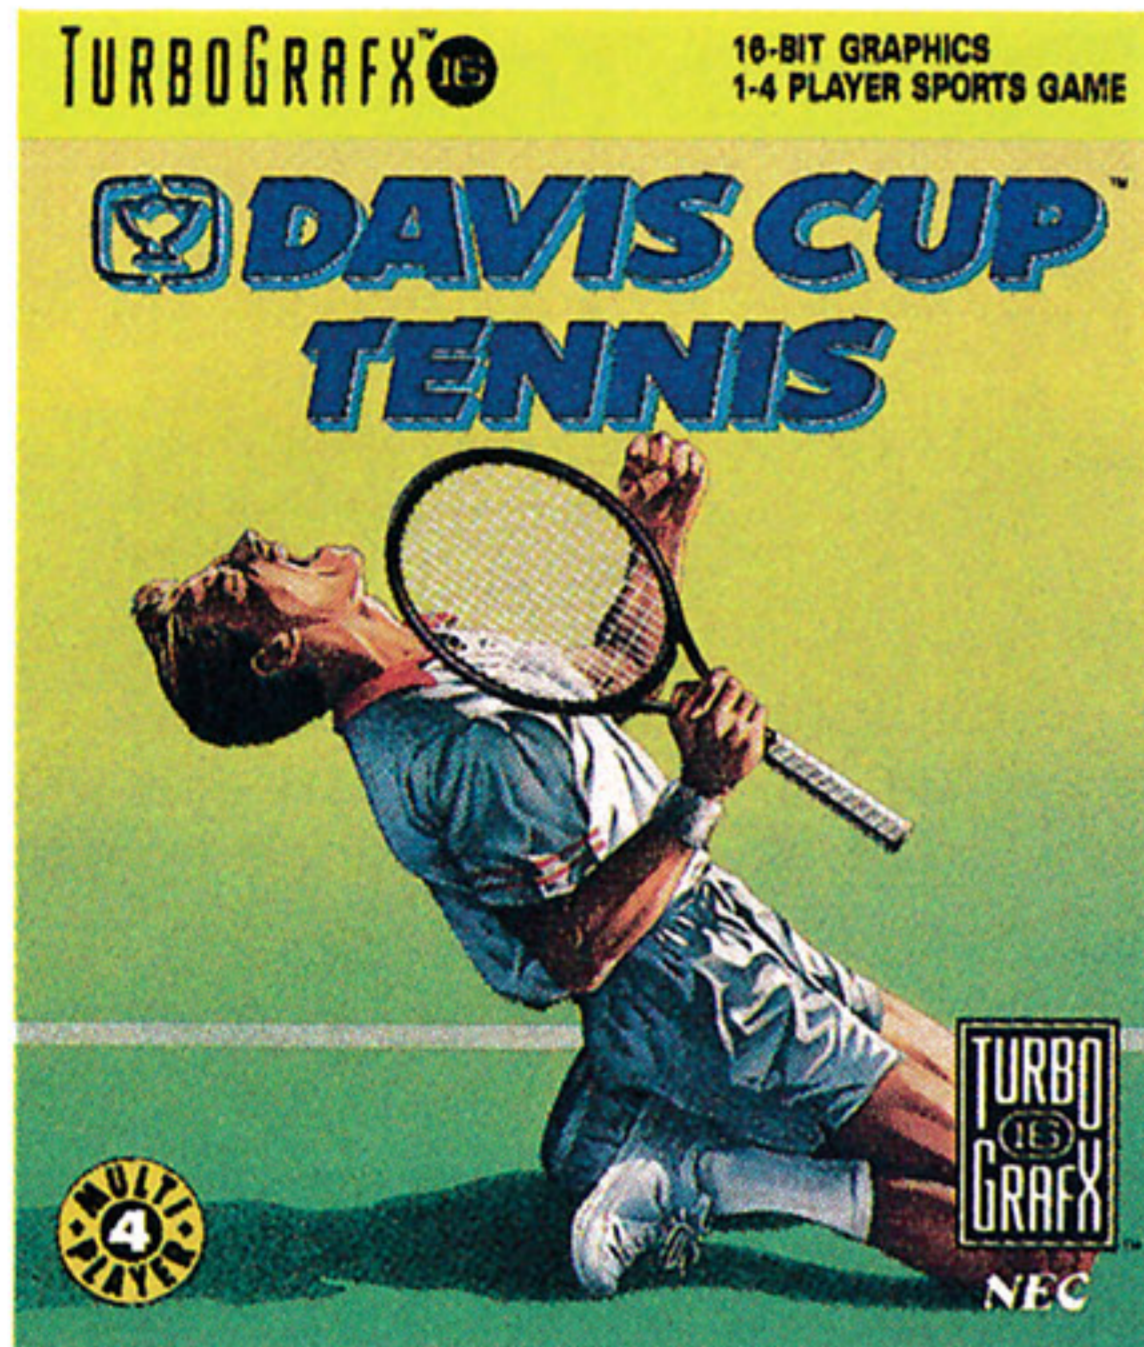

mini advice

Pick eggs of the same color when you equip a power-up item.

DAVIS CUP™ TENNIS

TurboChip
Sports Game
1 to 2 players

Replaying the excitement of the Davis Cup, it's the ultimate tennis game.

You'll love the atmosphere of the Davis Cup where the best players of the world fight for the cup. This game recreates all the details of the Cup, from the way each country's team is chosen right down to the way the actual Davis Cup matches are played.

This game not only lets you serve and volley, but lets you control the strength of each shot and the type of spin on the ball.

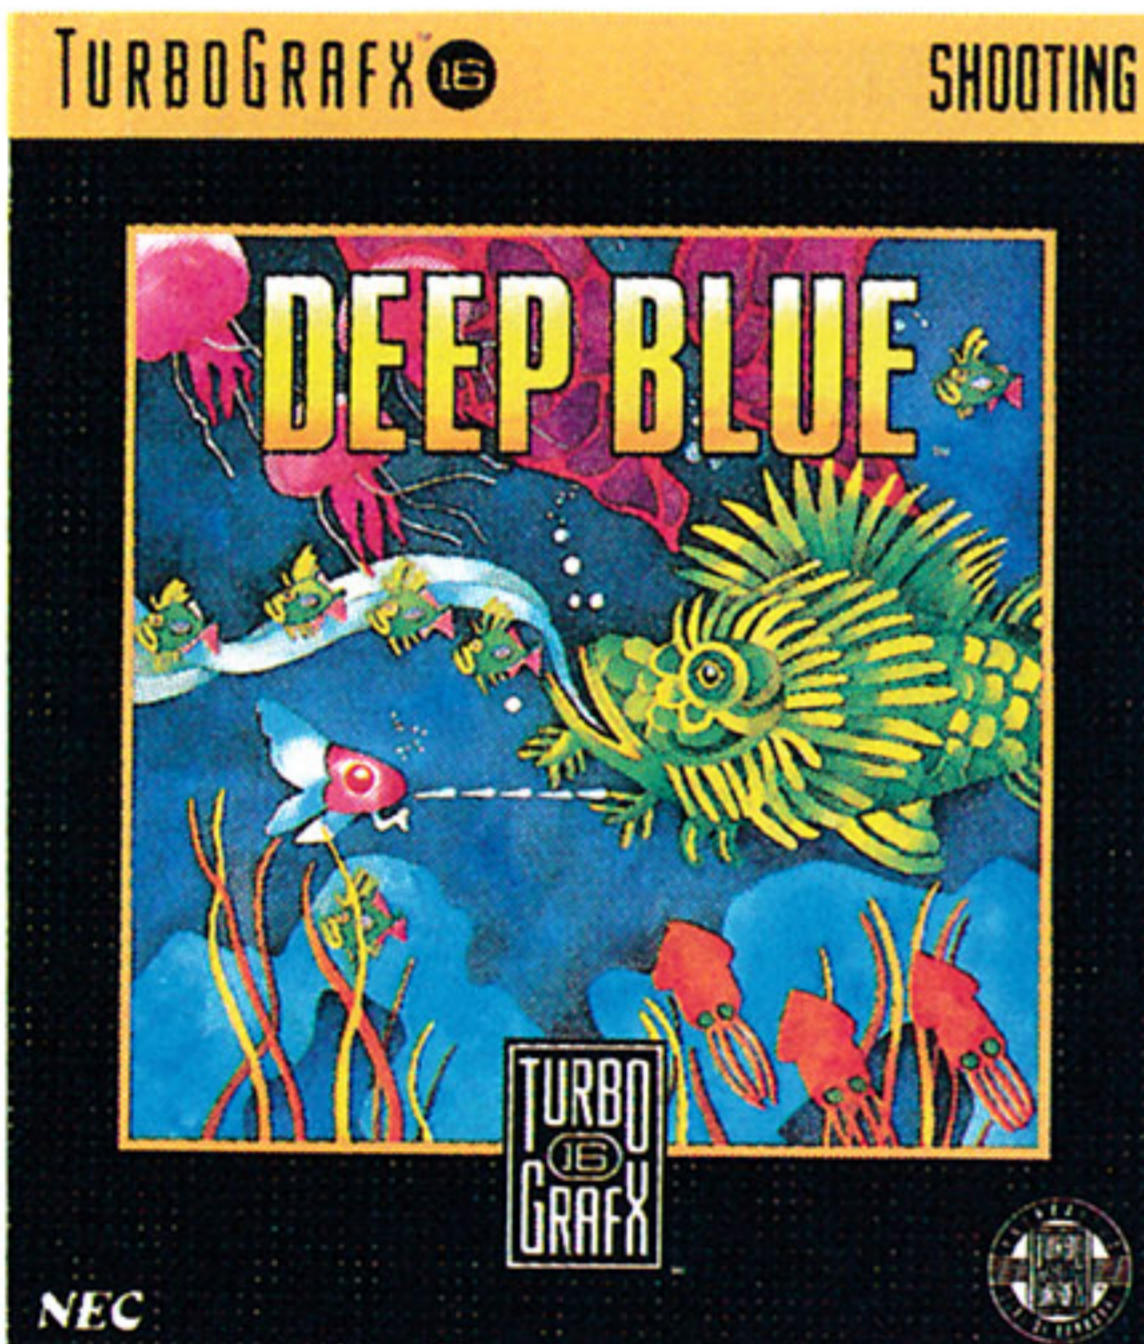

mini advice

It's fun to play against the computer, but it's even more fun to play against your friends and family.

DEEP BLUE™

TurboChip
Shooting Game
1 player

Swim through the under-sea world of Deep Blue, just like a fish.

Navigate in deep water in a fish-shaped submarine and destroy the enemy fish. Deep Blue recreates a realistic under water world with a blue background, colorful sea creatures and other details. It makes you feel like you're swimming under the sea.

The submarine has 3 different types of weapon, and each weapon with 3 power levels. Certain weapons are most effective against certain enemies, so be sure to choose the right one.

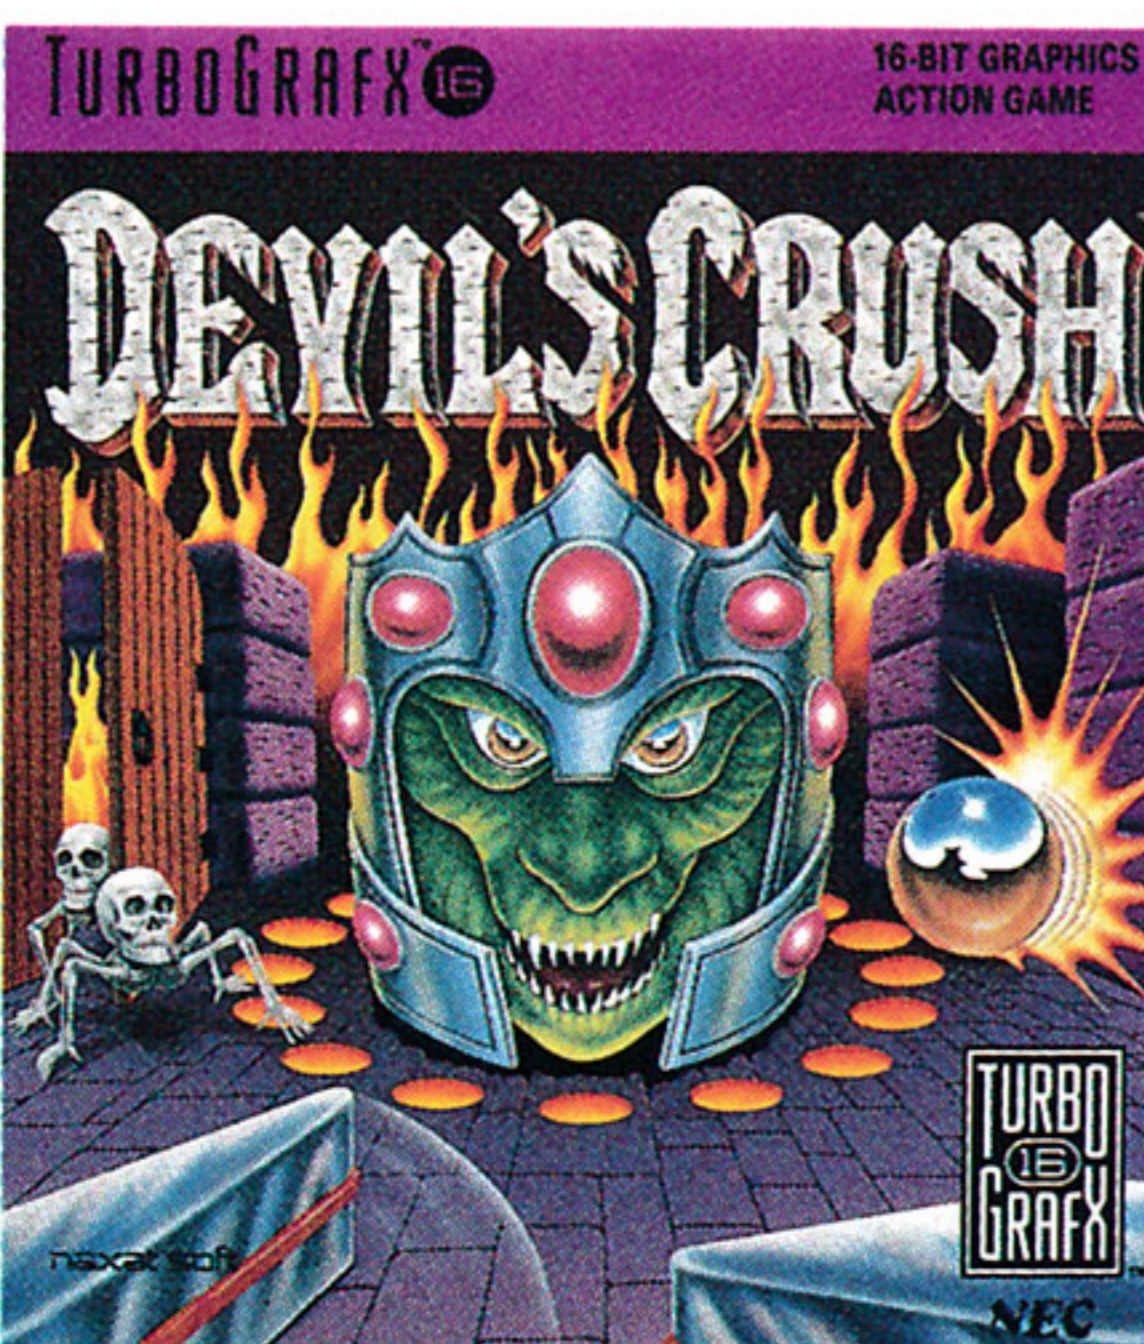

mini advice

You can tell how much damage the submarine has sustained by watching the color of its eye.

DEVIL'S CRUSH™

TurboChip
Arcade Game
1 player

Devil's Crush is a pinball game filled with dark images of Black Magic.

The eery and devilish graphics are scary but fascinating, and the fast pinball action really pulls you into the game. Hit the monsters and the objects and watch them bump and scurm. Hit all the high-scoring items and go for mega points.

The fast, smooth action is so real, you'll forget you're playing a video pinball machine. And don't forget to get into all the hidden bonus stages.

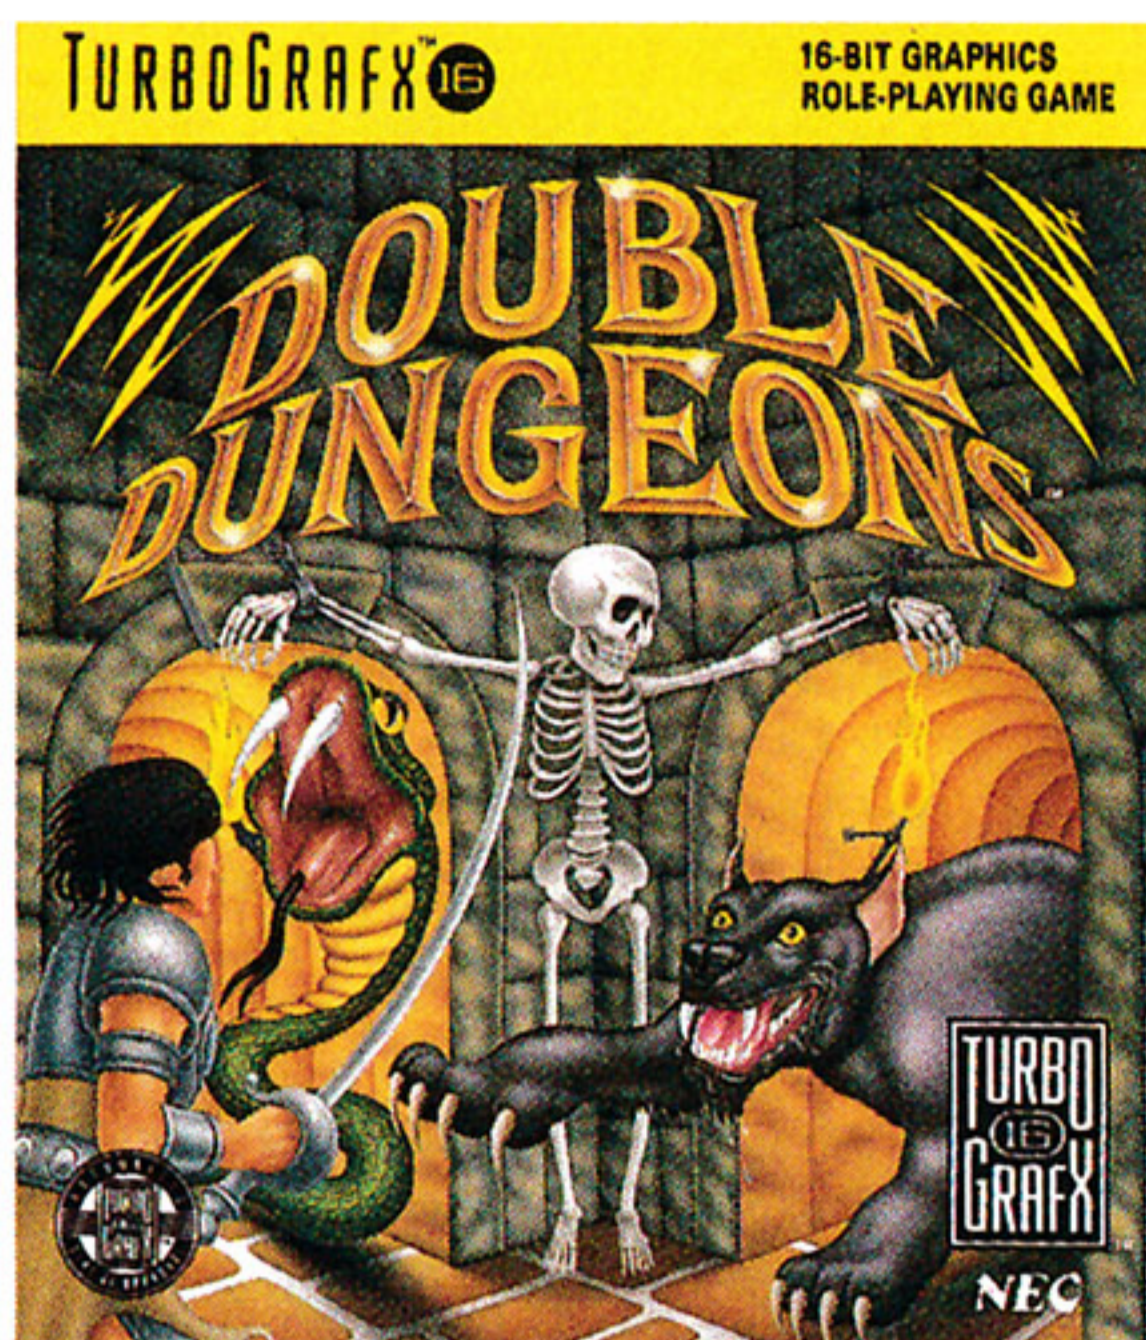

mini advice

You can use the "save" feature even during a game, where is really handy.

DOUBLE DUNGEONS™

TurboChip
Role Playing Game
1 to 2 players

Venture into Double Dungeon with a friend. The two of you can defeat any enemy.

Double Dungeon is a 3-D role playing game with 6 stages and a total of 22 dungeons. It's a fast moving real-time game. In two player mode both players can fight against monsters at the same time.

Because of its two player capability, the players can be separated during a game and reunited later. It's nice to have your pal fighting next to you

mini advice

Shopping in the item stores is not all that useful.

DRAGON SPIRIT™

TurboChip
Shooting Game
1 to 2 players

Turn into the Blue Dragon and rescue princess Alicia from the Evil God Zowel.

The player, in the form of Blue Dragon, can collect the red and blue power-up eggs to increase its power, and fight the enemy dinosaurs. You must clear eight enemy infested "Areas" to get to Zowel. The more power Blue Dragon gains, the more heads it gets.

Not only the hero is in the form of a dragon, but all the enemy characters are also reptiles. Dragon Spirits is a reptilian war game.

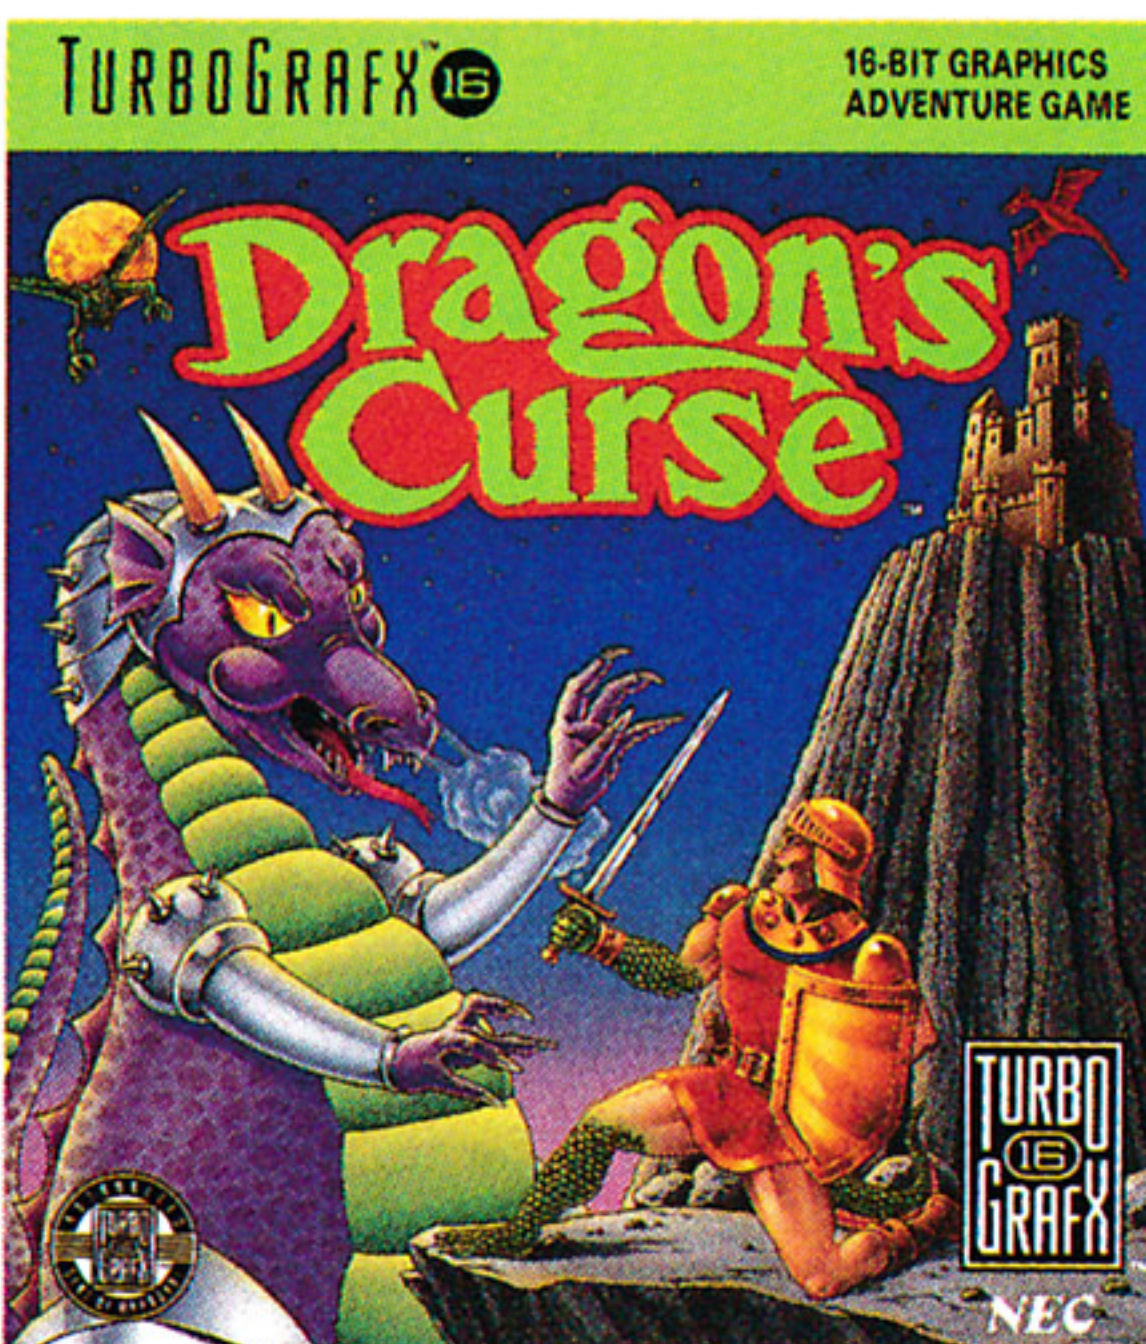

mini advice

You'll love Dragon Spirits even if you don't like shooting games.

DRAGON'S CURSE™

TurboChip
Adventure Game
1 player

The hero not only fights with swords and magic, but can also transform himself into a dragon.

Along with the well written scenario and well thought out game progression, there are many action elements like the hero who can transform himself into a dragon and shoot fire balls to fight the enemy. "Dragon Curse" is a must for those who are not satisfied with ordinary adventure games.

In this game, it's important to collect the gold coins. Since the hero isn't very strong in the beginning, you must take time to increase his power.

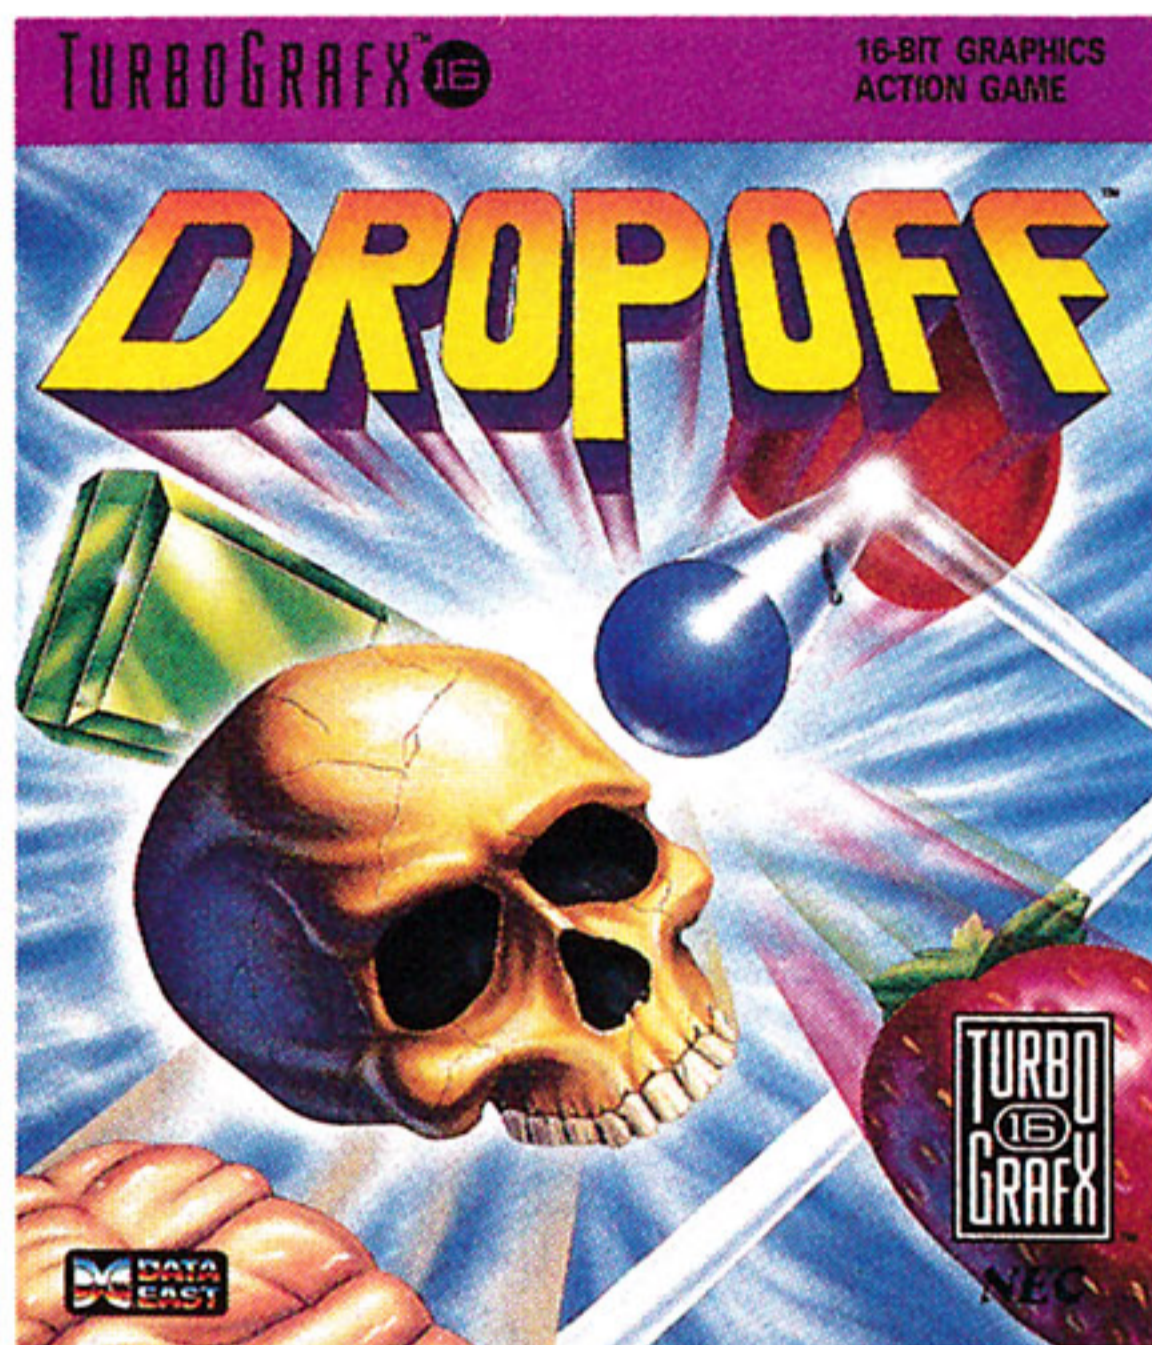

mini advice

The weak point of "Mecha", whom you'll meet in the first castle, is in its head.

DROP OFF™

TurboChip
Action Game
1 player

Drop Off is a new kind of break-out game. Destroy all the falling blocks!!

In This game, you have to destroy the apple and melon shaped blocks by hitting them with the bouncing ball. Don't get hit by the blocks, or they'll destroy you. Not only can you move the puddle anywhere on the screen, but you can also change the angle of the ball's bounce.

When you miss the bouncing ball, it will make a hole in the lower block, and when the ball falls into the hole you lose a puddle. You can only repair the holes with the Road Roller.

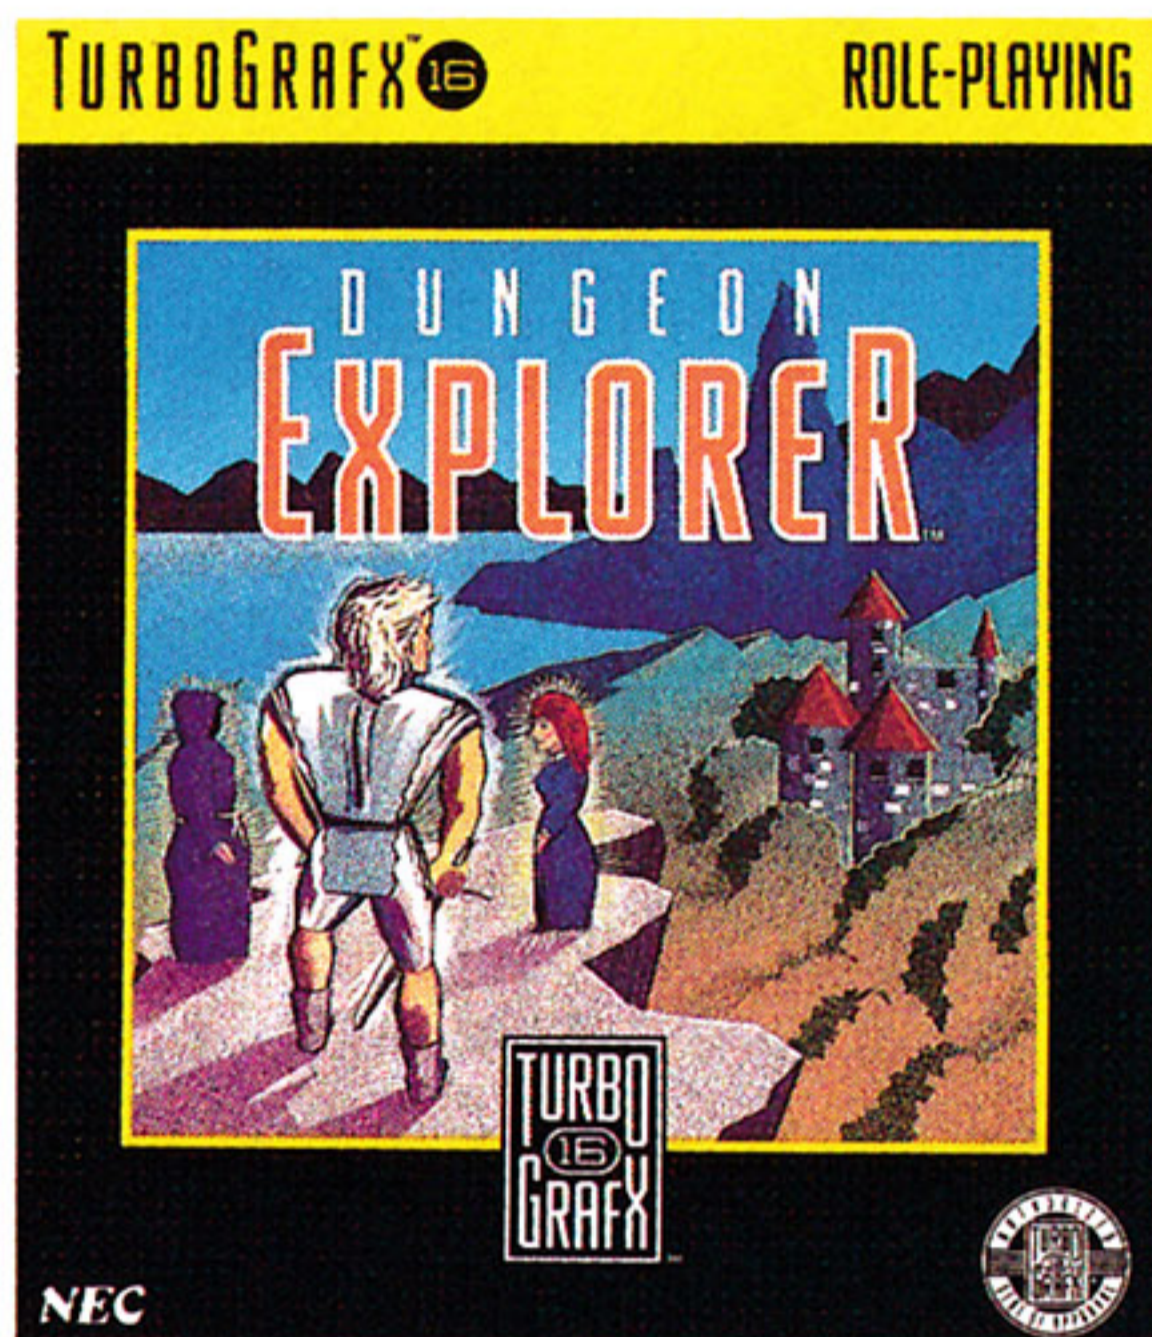

mini advice

The ball turns red when it hits the lower blocks, and stays red until it hits the puddle. You get no points as long as the ball is red.

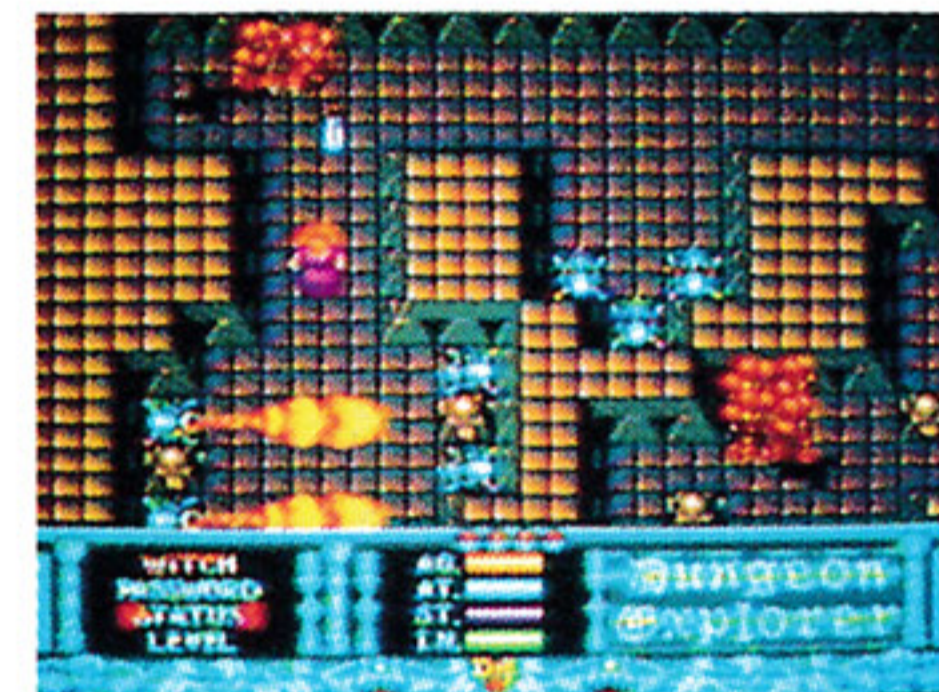

DUNGEON EXPLORER™

TurboChip
Role Playing Game
1 to 5 players

Choose to be a warrior or a witch, among other characters, for your dungeon adventure.

By using Turbo Tap, up to 5 people can play at the same time. Each can choose his or her favorite character. Conquer all the dungeons in each different stage. It's a great game to play with all friends.

Each character has different special skills. It's important to grow individual abilities by gaining experience.

mini advice

The more players you have, the faster you can get through each dungeon.

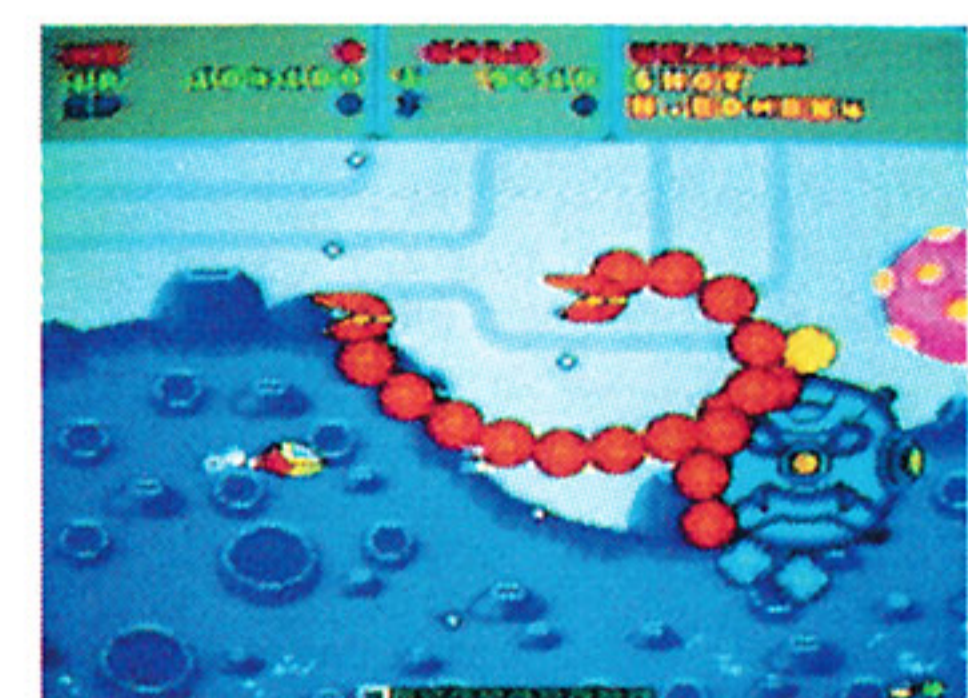

FANTASY ZONE™

TurboChip
Shooting Game
1 to 2 players

A comical character, "Opa-Opa", fights in the pastel colored world of Fantasy Zone.

Fantasy Zone is a horizontally scrolling shooting game. You get gold coins when you destroy an enemy. Collect them and buy power-up parts when you get to a parts store. The more gold coins you collect, the better the parts you can afford.

Opa-Opa can also grow legs and walk on the ground. All the enemy characters are also colorful, like Opa-Opa, and are unique in their own ways.

mini advice

Don't be deceived by its comical look. Fantasy Zone is a tough shooting game.

FINAL LAP TWIN™

TurboChip
Sports Game
1 to 2 players

Experience the thrilling F-1 Grand Prix race. You can be a pro Grand Prix driver in Final Lap Twin.

Because there are so many playing modes and so many race courses, you can enjoy Final Lap Twin again and again.

mini advice

There are different cornering techniques you can use to improve your lap time.

GALAGA '90™

TurboChip
Shooting Game
1 player

With its dual, and even triple fighter formation, Galaga leaps into a new era.

Galaga has always had colorful graphics and a wide variety of shooting fun. This new version has a new feature called "triple fighter formation" where you can combine three ships to create a fighter ship more powerful than even before.

In the bonus round, where you can win some extra points, watch the enemy ships fly in dance-like formations.

mini advice

There are a total of 29 rounds, and 7 different levels.

IMPOSSAMOLE™

TurboChip
Adventure Game
1 player

Fight your way through the 5 zones destroying your powerful opponents.

The main character Impossamole must collect the 8 scrolls and grow more powerful while traveling through the 5 zones and battling with a variety of colorful opponents. There's action, adventure and excitement.

The distance Impossamole can kick is longer than you actually see, so you must be careful when there is a trap.

mini advice

You can't defeat the "Samurai" until you have all 8 scrolls.

In each casino you can play poker, blackjack, roulette, slot machines and Keno. Win 10 million dollars and become King of Casino. You can also compete against your friends in 5-player mode.

When you bet, think carefully and don't waste your money. It's important to find a game you're good at.

mini advice

If you're feeling unlucky, change games or casinos, and try to start a new winning streak.

KLAX™

TurboChip
Action Strategy Game
1 player

Line up falling tiles of the same color. Klax is a brain-twisting action game you'll love.

When you start the game, different-colored tiles start to move towards you. Catch them and put them in the bin in rows of matching color to clear them. It may seem simple, but it'll take all your concentration and speed to complete a wave.

As you continue, it gets harder and harder to complete the waves, the speed of the falling tiles increases, and the number of colors increases.

mini advice

Master the three basic ways to clear the tiles, then combine them for a high score.

LEGENDARY AXE™

TurboChip
Adventure Game
1 player

It's an action game with lots of tough stages and tough enemies.

Your childhood friend "Flare" has been kidnapped by Jagu, a half-man, half-beast monster. You set out to rescue Flare armed only with the Legendary Axe "Sting" given to you by the village elders. This is a horizontally scrolling action adventure game. Strengthen the hero "Gogan" with the items you find along the way.

Hold down the "II" button to increase the power of the axe. There are various items such as the Power Supply that increases Gogan's attack power and the Wing that increases his attack speed.

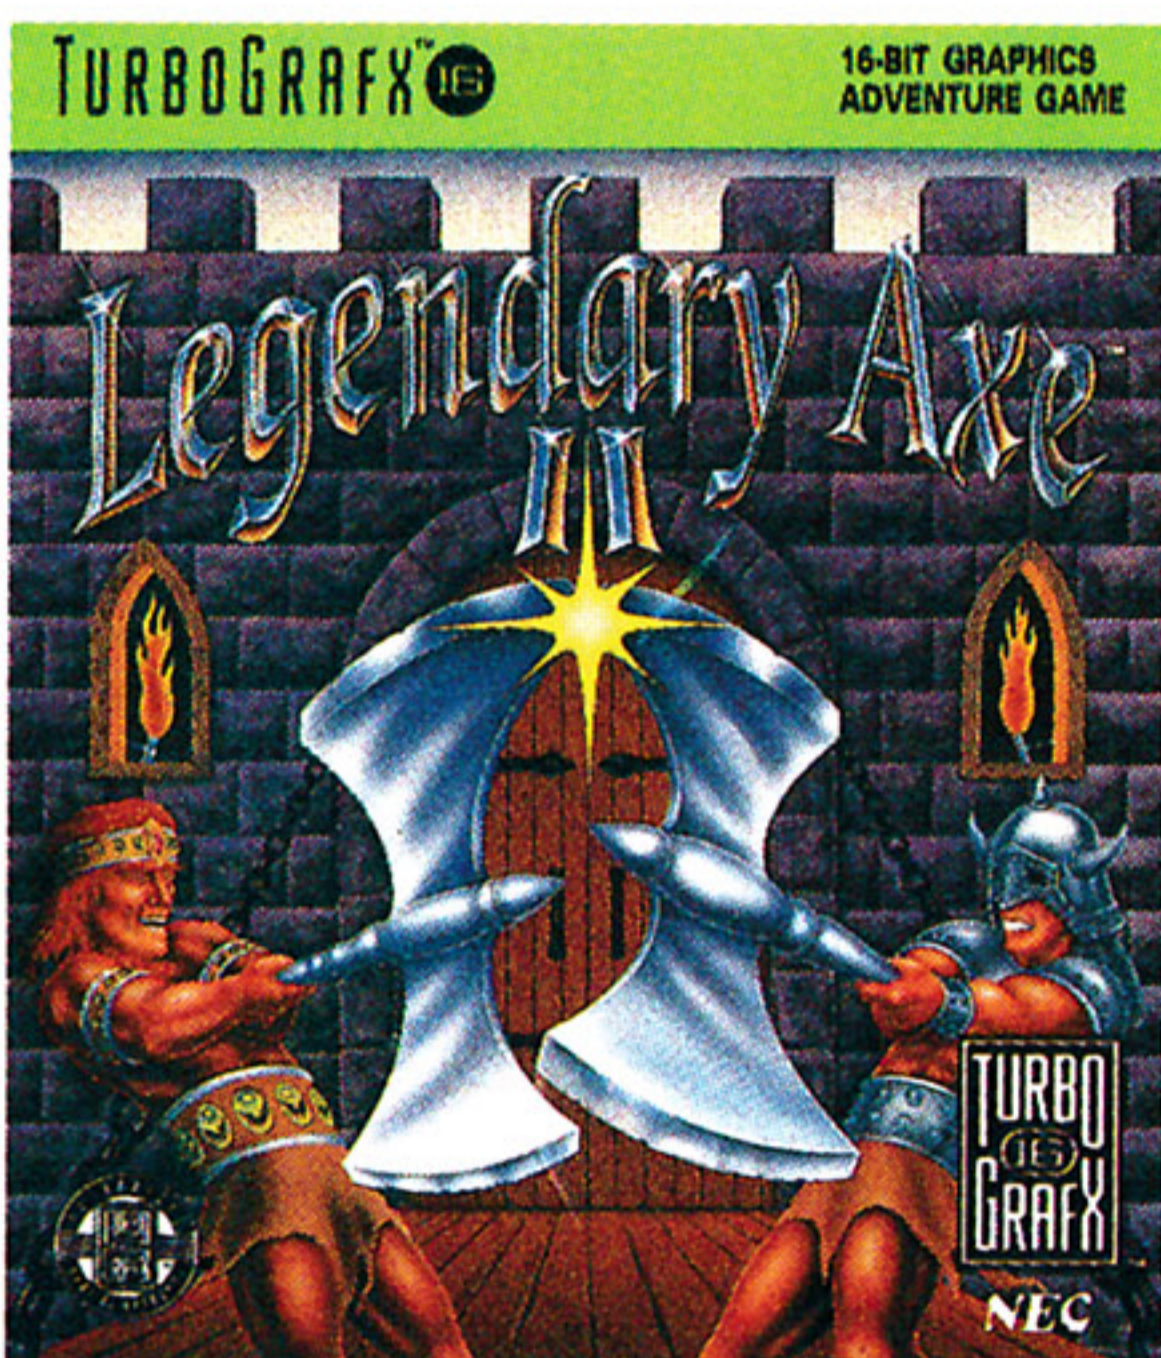

mini advice

Make sure you collect all the items. It'll make winning the game a lot easier.

LEGENDARY AXE II™

TurboChip
Adventure Game
1 player

The eery graphics and the realistic movement of the characters are awesome.

Our hero, Prince Sirius, must defeat the evil prince Zach and his followers using 4 weapons. In *Legendary Axe II*, the screen scrolls both vertically and horizontally. There is a variety of traps and other features in the game, such as the "Skull Dungeon" where the hero must climb up a wall to avoid falling rocks and lightning.

This game has excellent graphics. The giant bosses at the end of each stage are especially awesome.

mini advice

When fighting against a boss, watch his fighting pattern and you can learn to dodge his blows.

MILITARY MADNESS™

TurboChip
Strategy Game
1 player

The Moon in the near future is the theatre of this tactical simulation game.

In the twenty-first century, the Moon's mineral resources have become vital to the human race. As commander of Allied Forces on the moon, your mission is to use all available forces to defeat the AXIS army and recapture the moon's resources. Through long and grueling battles you'll learn that war is Madness.

The Moon's deep crevices and huge craters stand in your way. Plan your strategy carefully, and recapture the Moon from the enemy. Learn your weapons well and use them to their fullest.

1 to 3 players

Power Golf is the most realistic video-golf game you've ever seen.

In Stroke-Play mode, you play by yourself. Take your time, and play the game hole by hole. Then play one-on-one against the computer or a friend in Match-Play mode. Then you're ready to play in Competition mode, against two opponents.

The controls are simple, but realistic. First, decide the direction of the shot, then control its power and timing.

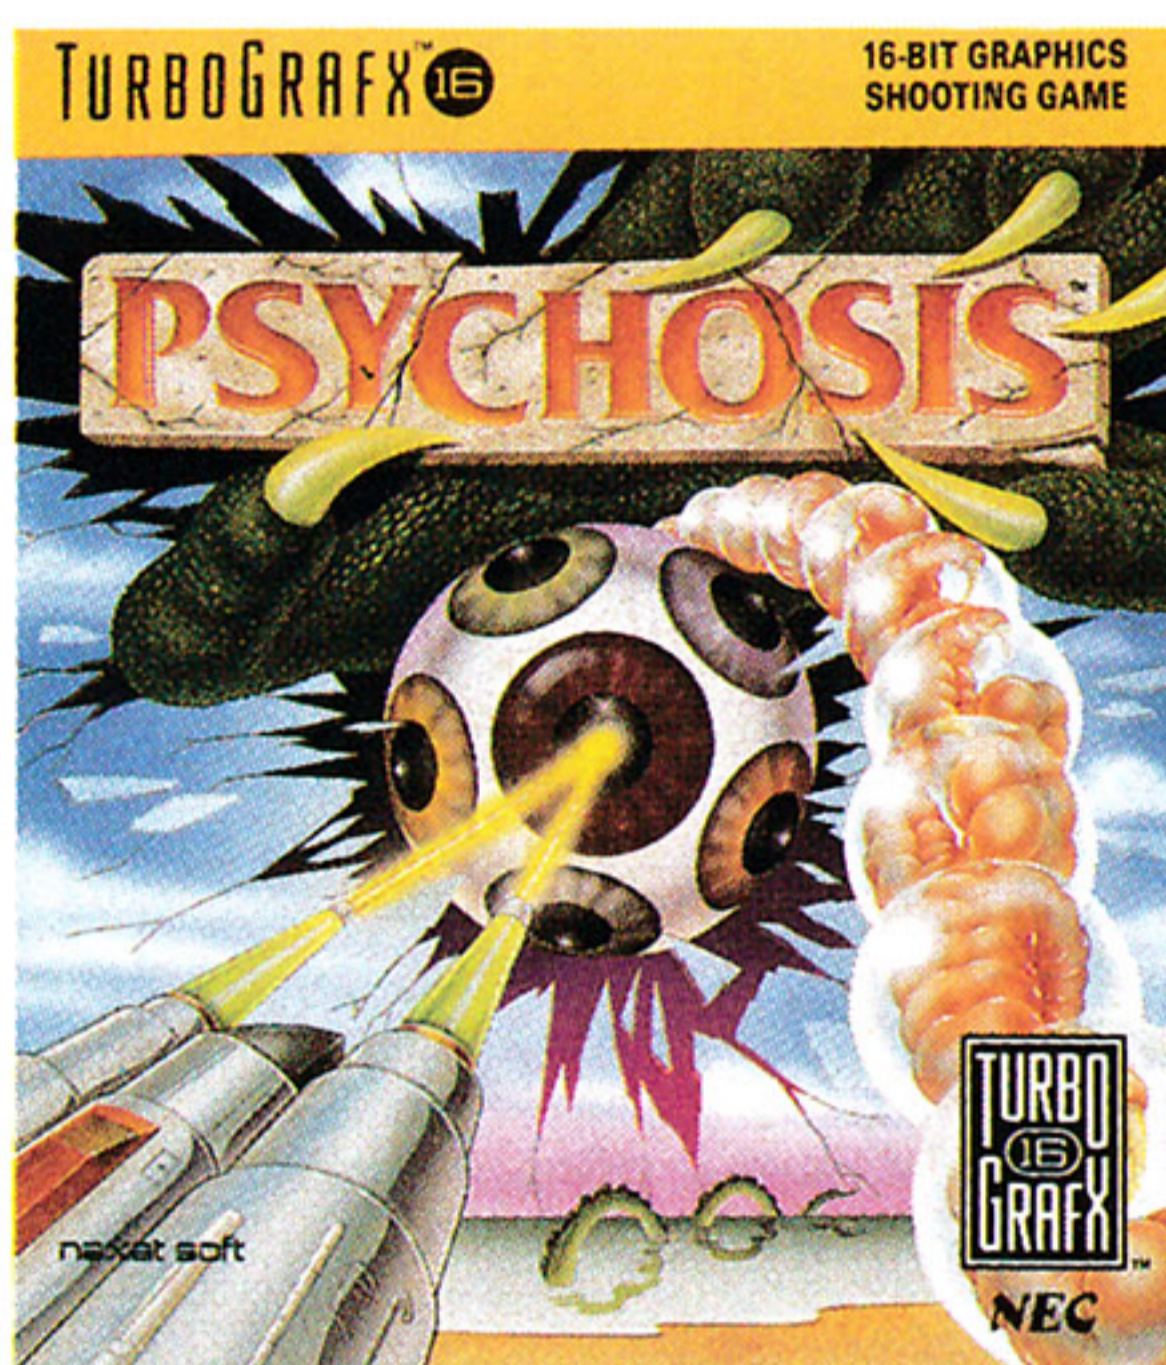

mini advice

Practice makes perfect. Keep practicing and you'll get the feel of the game.

PSYCHOSIS™

TurboChip
Shooting Game
1 player

Psychosis is a completely new type of shooting game with awesome graphics.

Have you ever looked into the dark side of your soul? This game is a battle between the good and the evil inside you. You must defeat the evil, and escape from this accursed nightmarish world. Collect all the power-up items, and destroy the Devil Ugar.

There are three kinds of power-up spheres, marked "W", "T" and "B". Collect several spheres of the same kind to obtain a "Satellite".

mini advice

The Satellite is an extremely useful item. It defends you from enemy fire, and it can be used as a weapon as well.

RAIDEN™

TurboChip
Arcade Shooting Game
1 player

In the year 2090, the Earth has been invaded by alien life forms.

To fight the aliens the World Allied Forces has created the ultra-high altitude combat bomber "Raiden". And you're the only combat fighter pilot who can fly it. Fly the Raiden, defeat the alien invaders, and bring peace to the Earth.

The Raiden can be armed with two types of guns and two types of bombs. Decide which gun and bombs you'd like to use, and collect the power-up items to strengthen the Raiden.

mini advice

Apart from the power-up items, you can also collect bonus items to score high points.

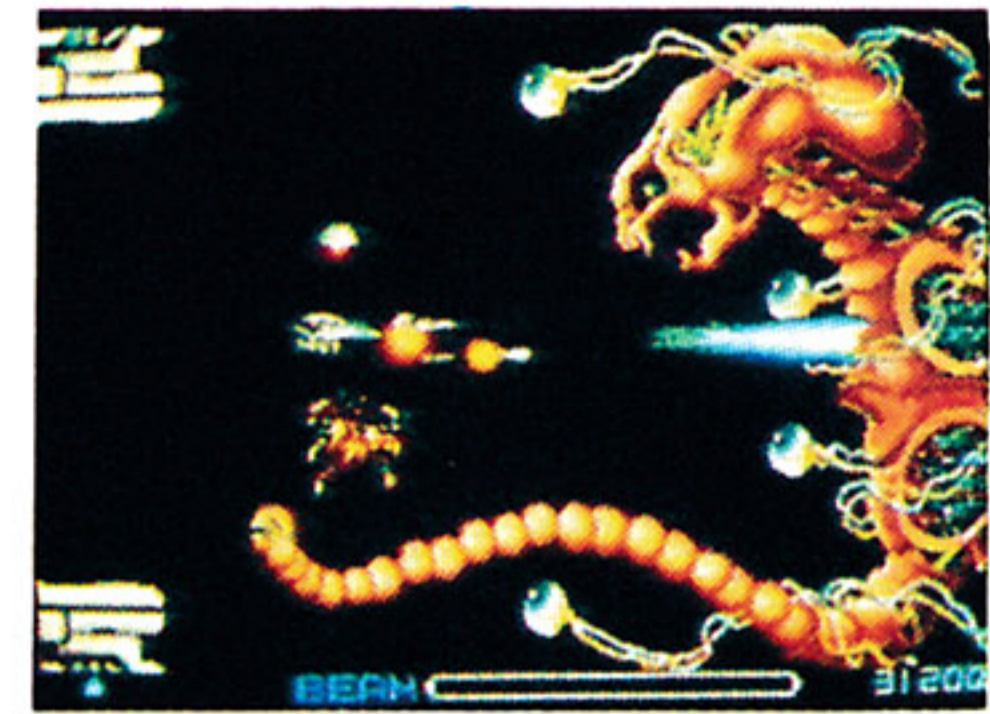

R-TYPE™

TurboChip
Arcade Shooting Game
1 player

Invaders are threatening the universe. Launch R-9 to intercept them.

R-TYPE is a horizontal scrolling shooting masterpiece. The realistic graphics and the fast action of the TG-16 version are just as good as those of the arcade game. You control a fighter ship, R-9, to battle the invaders. Pick up "Force", "BIT" and other power-up items to make R-9 even more powerful. In R-Type you'll face a fortress-like stage, a stage that looks like the inside of a human-body, and many more.

Your weapons are the air-to-surface laser, reflective laser and air-to-air laser. Use them all and destroy the enemies.

mini advice

"Force" and "BIT" can't be destroyed, so use them as shields.

SIDEARMS™

TurboChip
Shooting Game
1 player

Sidearms is a shooting game guaranteed to keep you on the edge of your seat.

Although Sidearms looks like other shooting games, it has some new features such as its flexible weapon-selection system, and the use of the I & II buttons for shooting left and right.

There is a total of 10 stages in this game. Shoot your way through the enemies to the exciting scene at the end.

mini advice

Choose the right weapon for each situation, otherwise you won't survive for long.

SILENT DEBUGGERS™

TurboChip
Adventure Game
1 player

Destroy the aliens. Silent Debuggers is a 3-D shooting-adventure masterpiece.

The areas of the spacestation infested with aliens are dark and quarantined from the rest of the station. It's like a huge maze. You have to move from one area to another and destroy the aliens. You'll love the nail-biting thrills of Silent Debuggers.

In this game, the stereo sounds and the warning indicator lamp show the direction of the aliens, and you can use a pair of headphones to really get into the game.

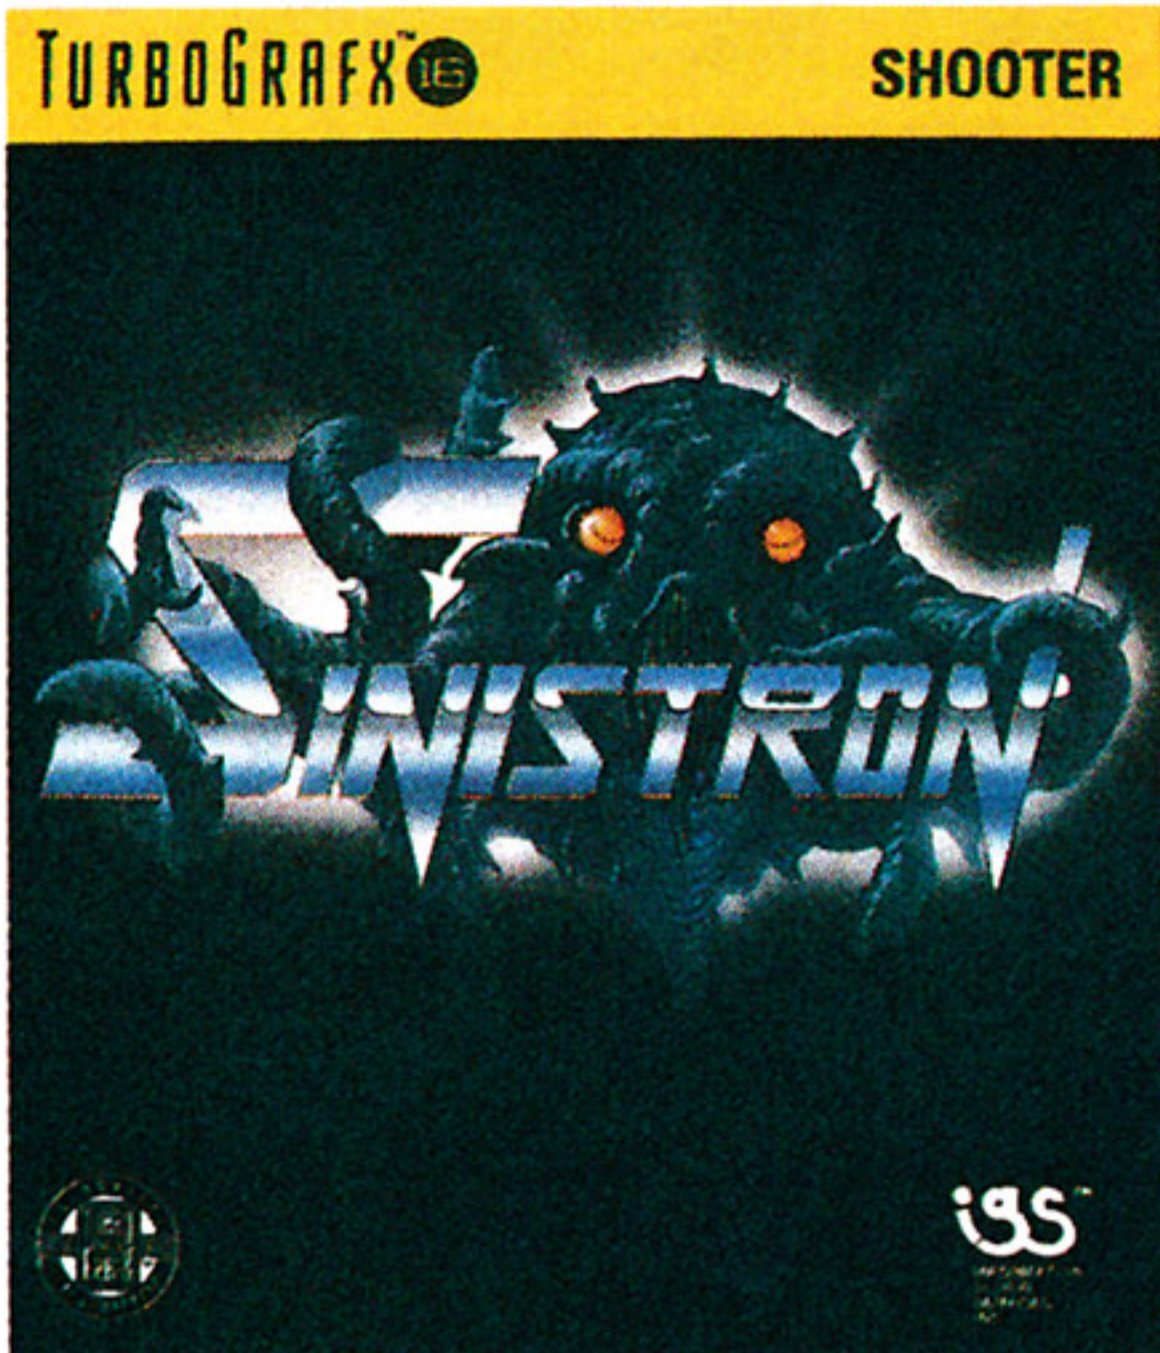

mini advice

You don't have much time to destroy the aliens. Find them and move fast.

SINISTRON™

TurboChip
Shooting Game
1 player

Shoot down swarms of enemies and destroy the brain of Sinistron.

Sinistron is a fast-action shooting game with several new features. The yellow Ramming Shield jaws in the front portion of your space-ship act as a protector, and you can open or close them to control the effective area of your ship's weapons. It's a really unique feature, and is very useful.

The background graphics of each stage give have the look of an alien civilization. The wavy movement of the screen also enhances the alien feel.

mini advice

The closer you are to an enemy, the faster the firing frequency. So, if you have to destroy an enemy quickly, get real close.

SONIC SPIKE™

TurboChip
Sports Game
1 to 4 players

Sonic Spike is a multi-player beach volleyball game. It's an easy-to-play sports game.

Sonic Spike has lots of settings to make it fun and exciting for everyone. You can assign different abilities to each player. You can choose the computer-controlled "demo mode", or the "man VS man" mode, or combine the two. The ball is designed to be easy to receive, which makes the game very playable.

The player's movements are realistic and fun to watch. The controls are easy to master, so anyone can enjoy the game.

mini advice

Try your best to block your opponent's spikes, and just in case you miss the ball, make sure you have a back-up play.

SPACE HARRIER™

TurboChip
Arcade Shooting Game
1 player

Space Harrier is an exciting 3-D shooting game.

Space Harrier is the TG-16 version of a popular arcade game of the same name. The enemy characters and their motions are just like those of the arcade game, including all the large enemies. Space Harrier is real fast-moving shooting excitement.

The impressive graphics and action are just as good as those of the arcade version. It's just like having the arcade machine in your livingroom.

mini advice

Once you get a feel for the distance between you and enemy shots, you can move into the figure "8" to avoid being hit.

SPLATTERHOUSE™

TurboChip
Arcade Action Game
1 player

Splatter House takes its images from the world of bloody horror movies.

The hero "Rick" is transformed into a monster warrior, and fights enemy Zombies and grotesque monsters to find and rescue his girlfriend "Jennifer". You'll really love the splatter-horror action scenes.

The hero "Rick" is a gruesome-looking monster with an ice-hockey mask. Fight the enemy monsters with a 2 by 4, a monkey wrench and other weapons.

mini advice

With a running start you can jump over large holes and traps.

SUPER STAR SOLDIER™

TurboChip
Shooting Game
1 player

Super Star Soldier is an outstanding shooting game with exciting shooting action.

Super Star Soldier is one the best designed shooting games around. You can increase your weapons' power by collecting "power-up crystals". The crystals appear when you destroy enemy cargo ships. Weapons at their maximum power level are quite impressive. Shoot your way through all the enemies.

Play the 2- and 5-minute games, and try for the best score.

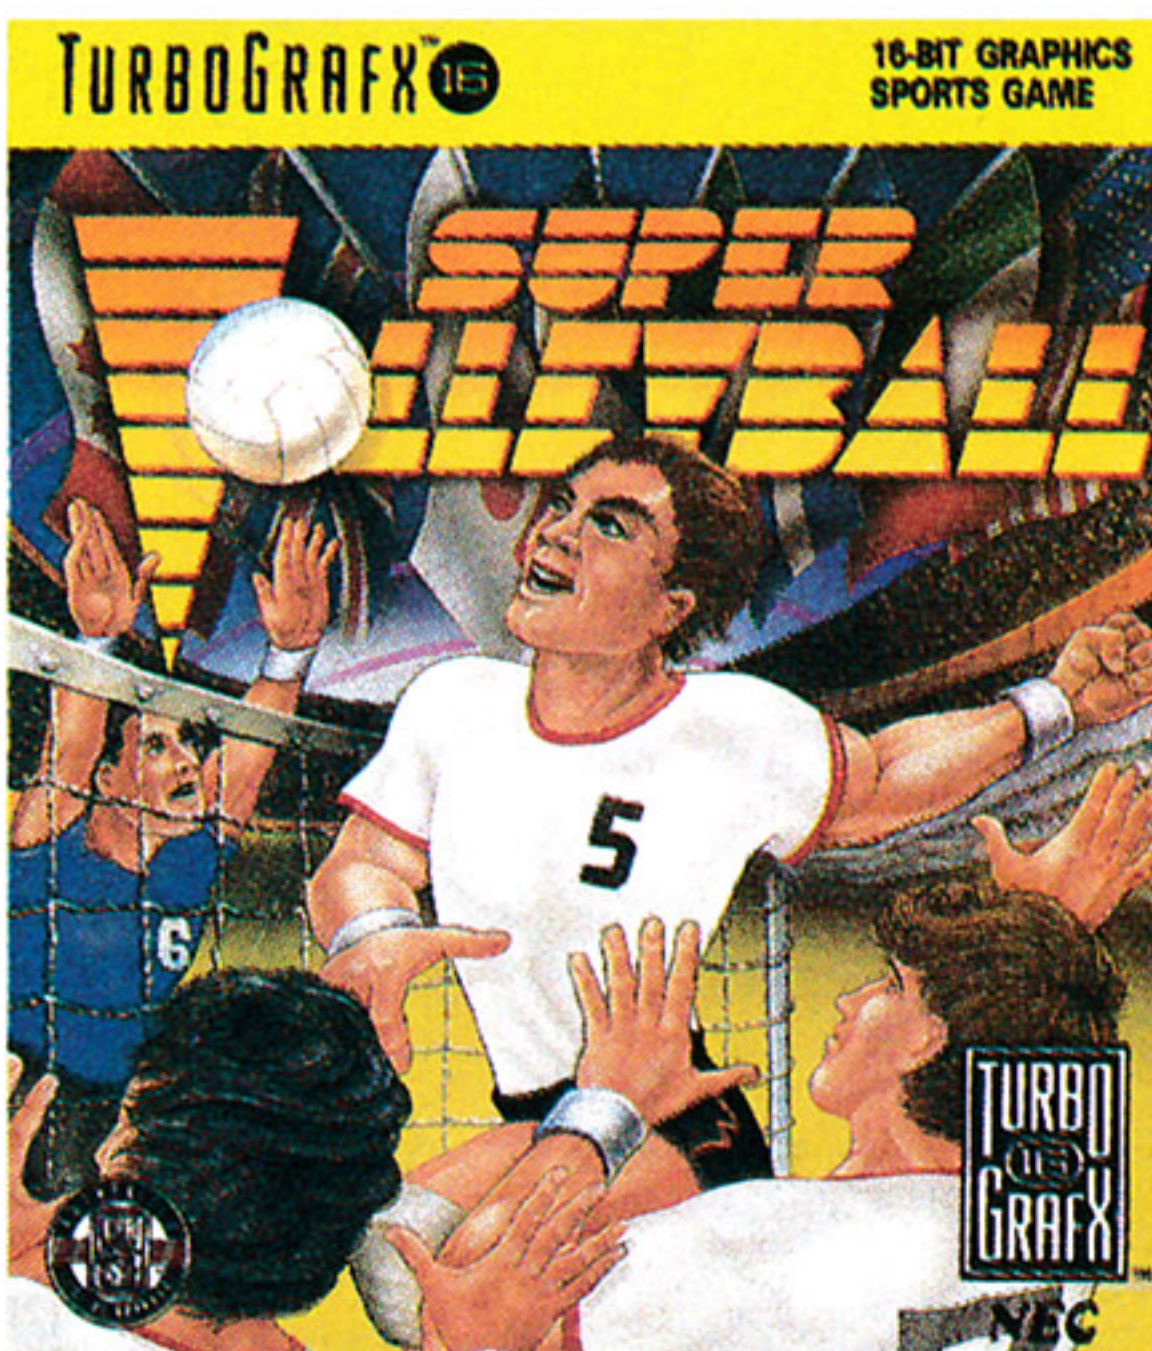

mini advice

Collect crystals of the same color to push your favorite weapon to its highest power level.

SUPER VOLLEYBALL™

TurboChip
Sports Game
1 to 2 players

Super Volleyball is an intense game, but it's very easy to control. Play against a friend in 2-player mode.

Unlike sports games that use top or diagonal views, Super Volleyball uses a side view. This perspective and its easy playability make this game easy to learn and fun for everybody.

You can use lots of different techniques like delayed spike and jump serves just as in a real volleyball match. Also you can choose players to create your favorite team.

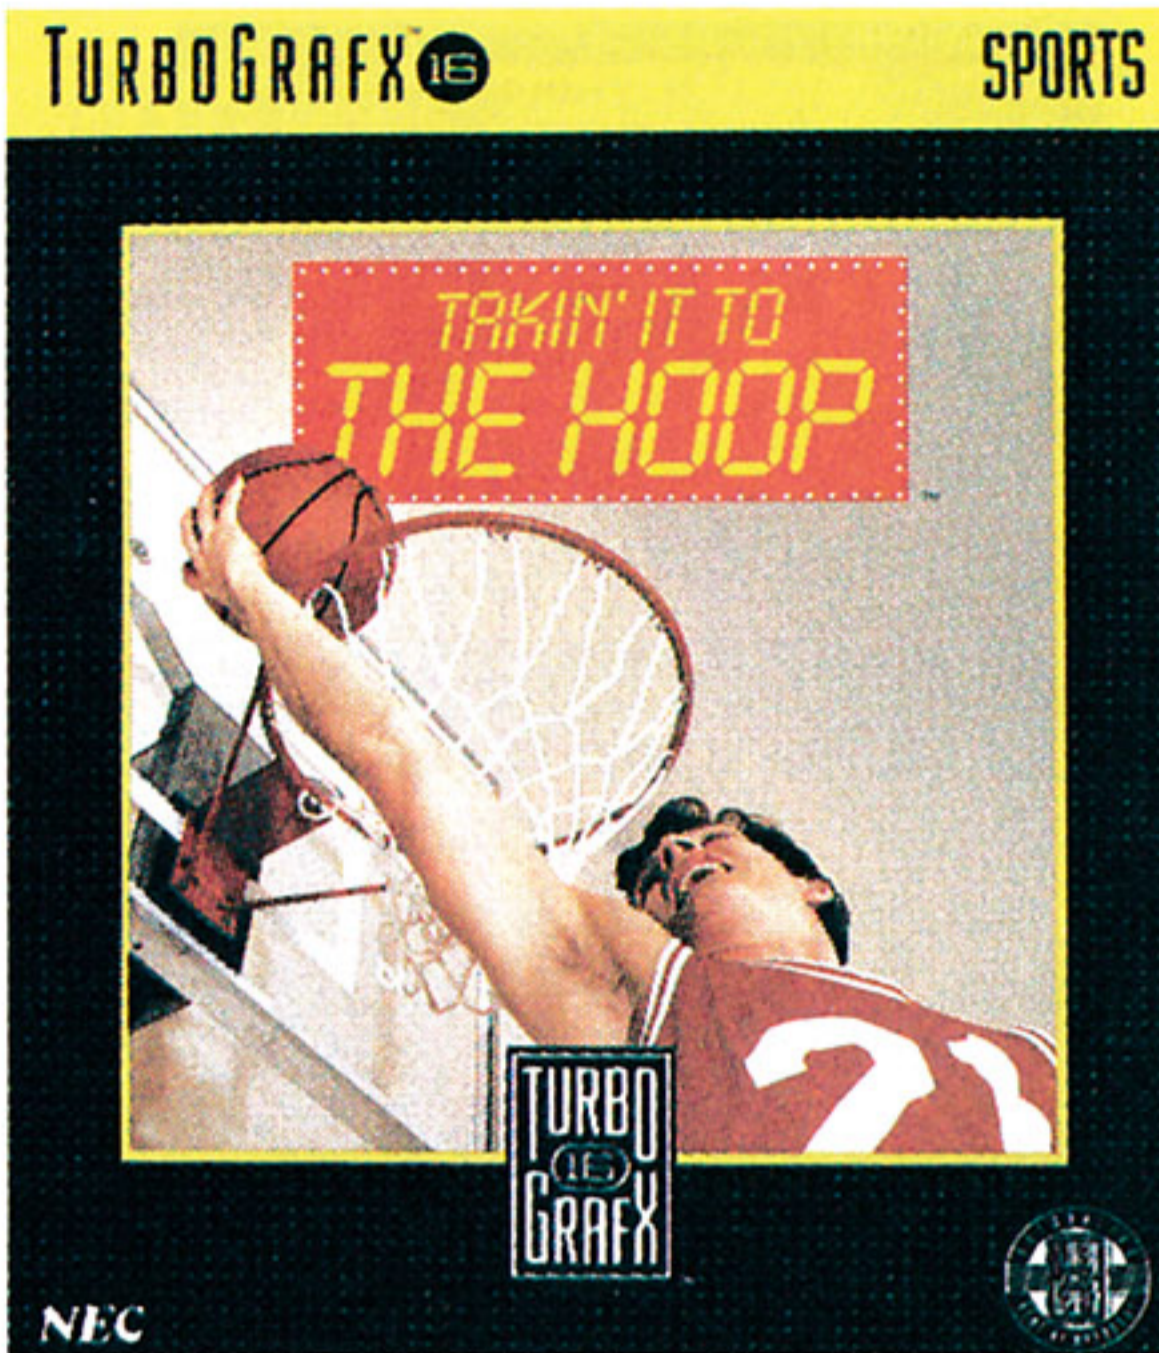

mini advice

The player in the backcourt is important. Always place him in position to receive the ball

TAKIN' IT TO THE HOOP™

TurboChip
Sports Game
1 to 2 players

Takin' it to the Hoop is a basketball game everyone can play and enjoy.

Even though the players look like cartoon characters, this is a serious basketball game with lots of great features. Pick from the unique players to create your favorite starting line-up, and choose zone, man-to-man or combination defense. Despite all its features, this is an easy-to-play basketball game.

During dunk-shots and free-throws, the screen changes to a realistic close-up view of the player.

mini advice

Which defense you use can often change the outcome of a game. Anticipate your opponent's passes and move your player for a steal.

TALE SPIN®

TurboChip
Adventure Game
1 player

Tale Spin is an action adventure game with the popular cartoon character "Captain Baloo".

In this comical action game, our two heroes "Captain Baloo & Kit Cloudkicker" have to fight their way around the world and collect all the pieces of an ancient symbol to solve the mystery of the Power of the Universe. You must fight the enemies by throwing coconuts and snowballs at them.

Fly around the world in "Sea Duck". There are 7 exciting stages in all. In stage 6, you control "Kit Cloudkicker."

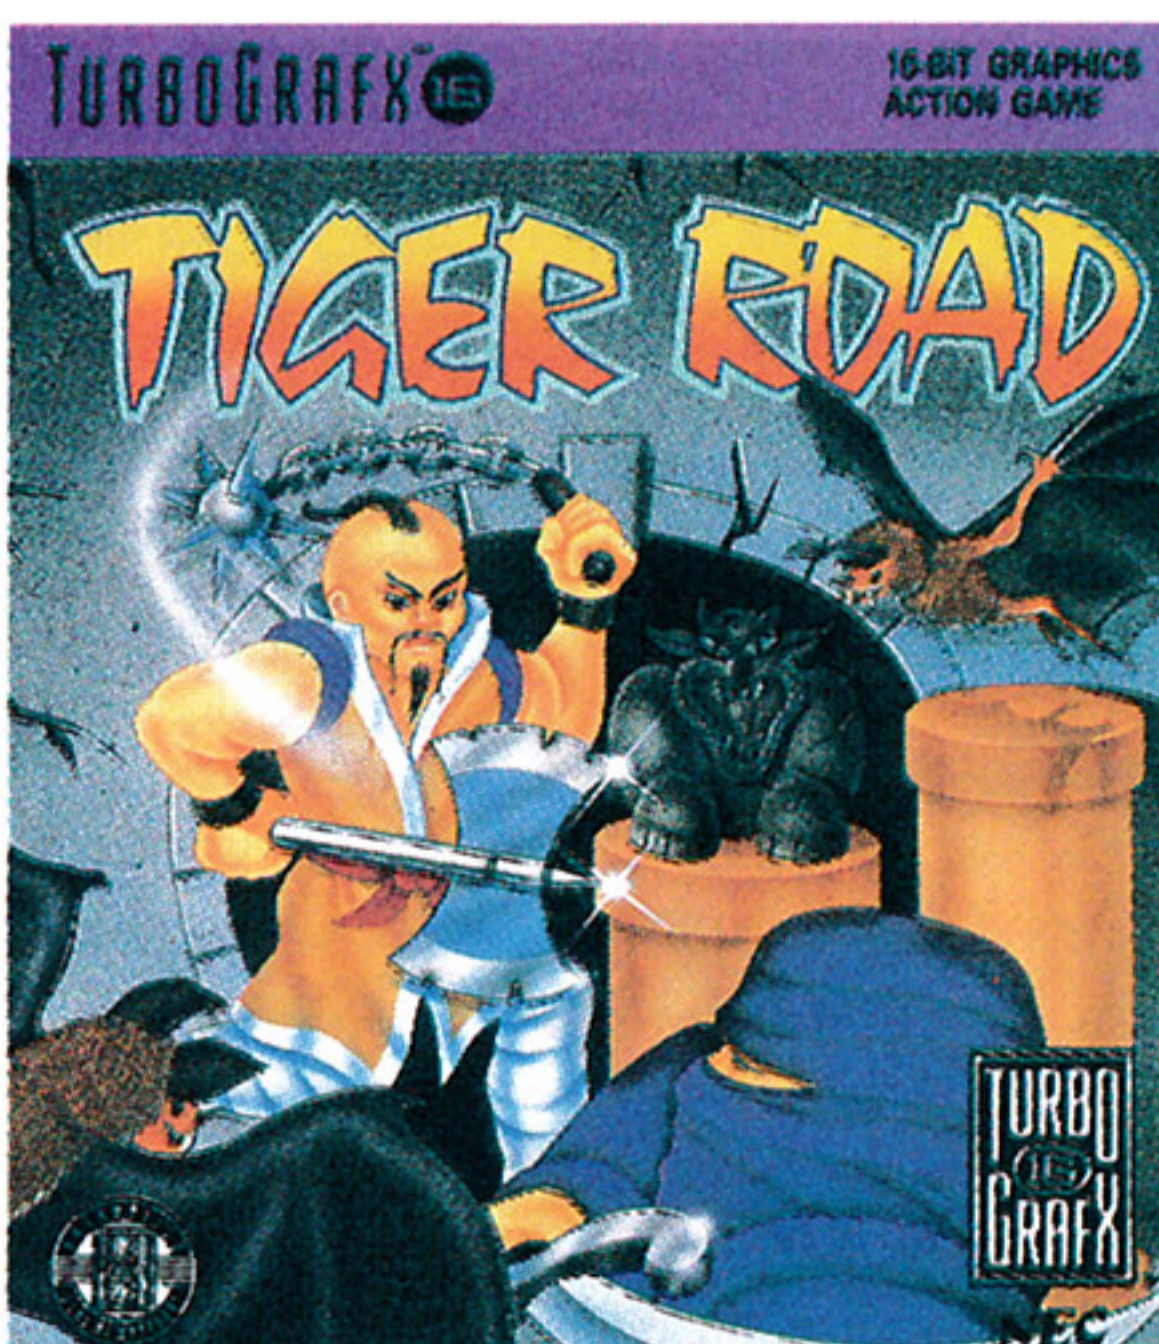

mini advice

Even coconuts that miss and land on the ground can slow your enemies down for a while, so scatter them around.

TIGER ROAD™

TurboChip
Action Game
1 player

Recover the stolen Tiger Technique Scrolls, and defeat the Dragon God who ruined the Oh-Lin Temple.

Tiger Road is an action-adventure game where the hero must fight through 5 stages using 3 different weapons. You will be allowed to enter an Oh-Lin training session each time you defeat one of the bosses at the end of every stage. You'll be rewarded with an Oh-Lin technique after you complete a training session. Strengthen your hero to take on the next stage.

Because the stages are so different, it takes a wide variety of techniques to finish this game.

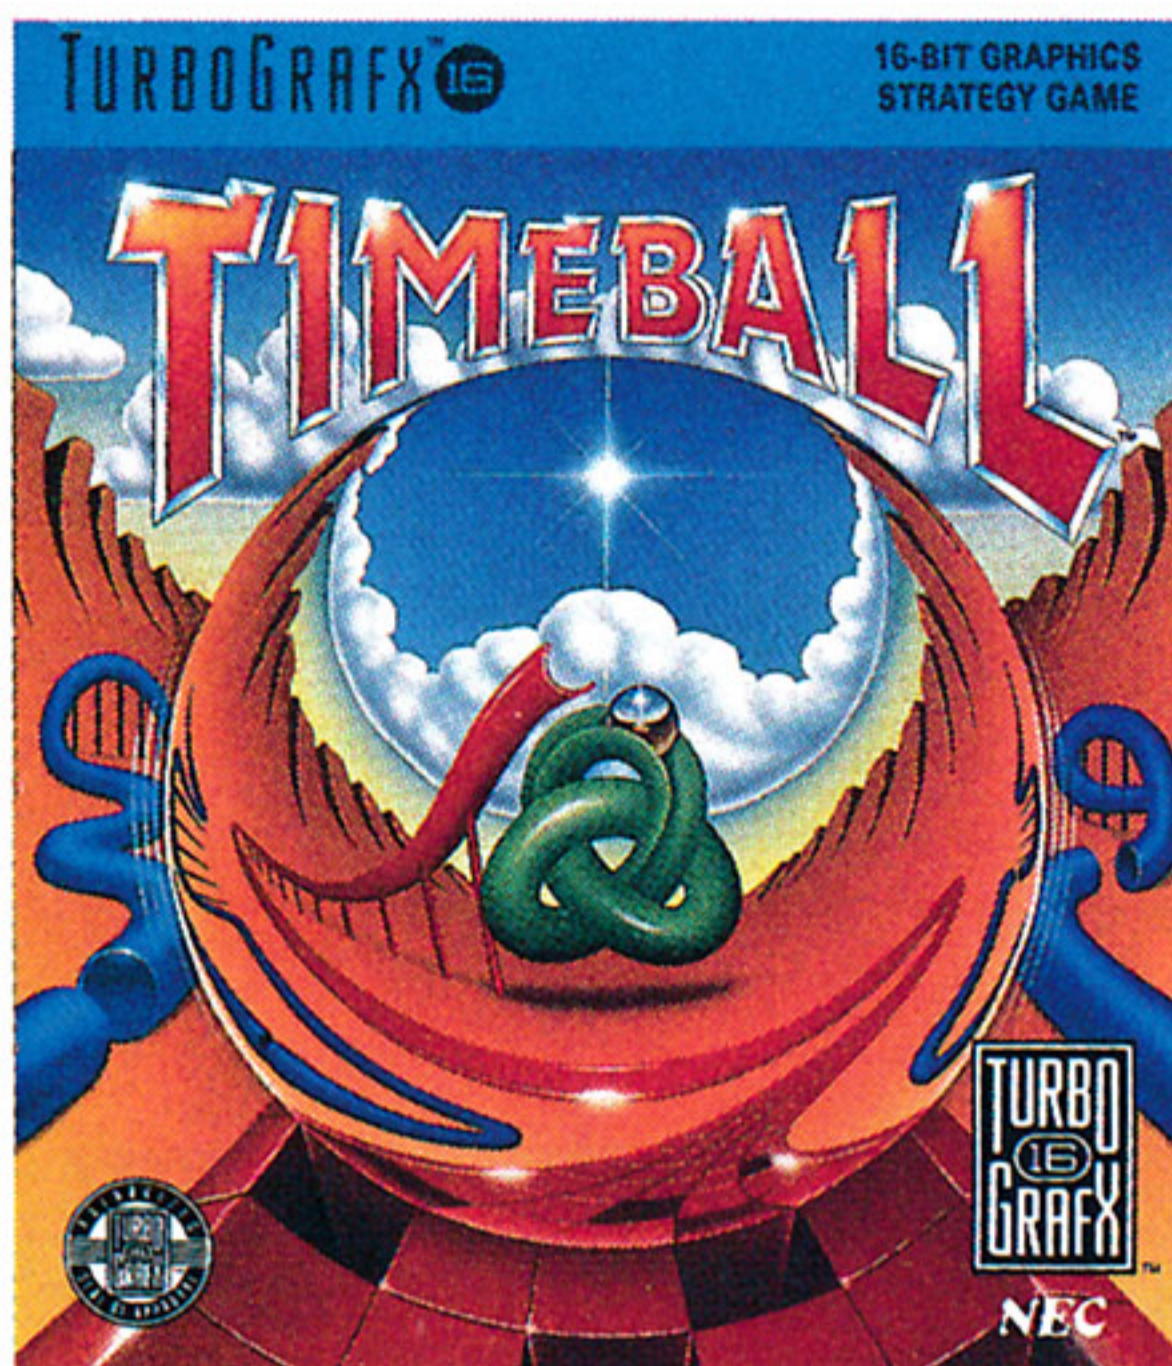

mini advice

Watch out for enemies who attack you from off-screen.

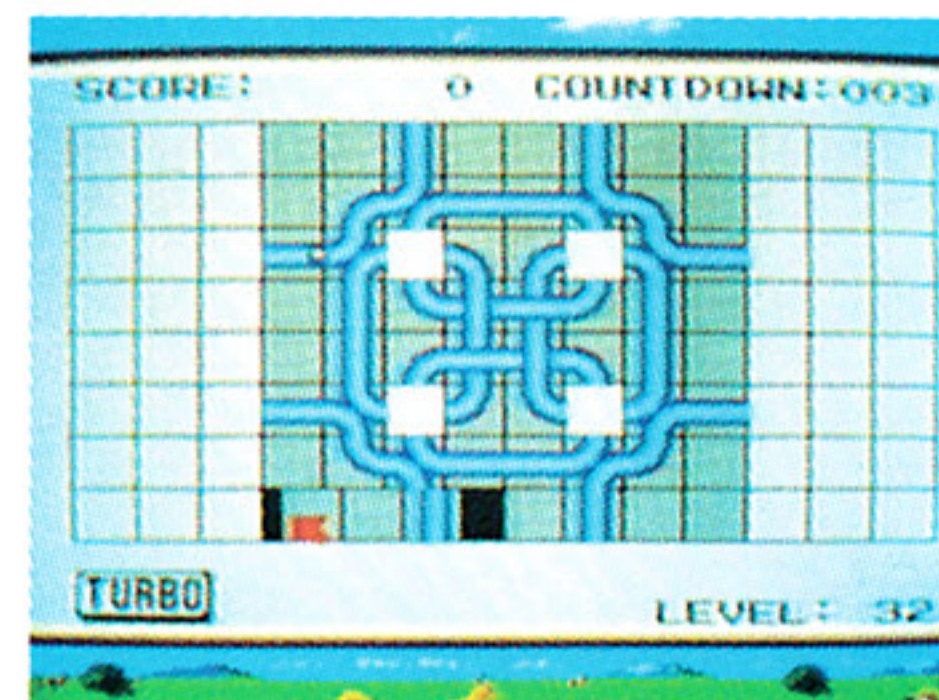

TIMEBALL™

TurboChip
Strategy/(Puzzle) Game
1 player

Rearrange the tubes so that the ball goes through every piece of tube.

Move the tube with the ball inside, to keep the ball rolling. The tube disappears once the ball has gone through it. You must keep rearranging the tubes until all the pieces disappear. You can also use the puzzle-editing feature to create your own puzzle.

You can set the speed of the ball, but it will still take all your concentration to keep the ball rolling. Keep your cool, otherwise the ball will fall and break.

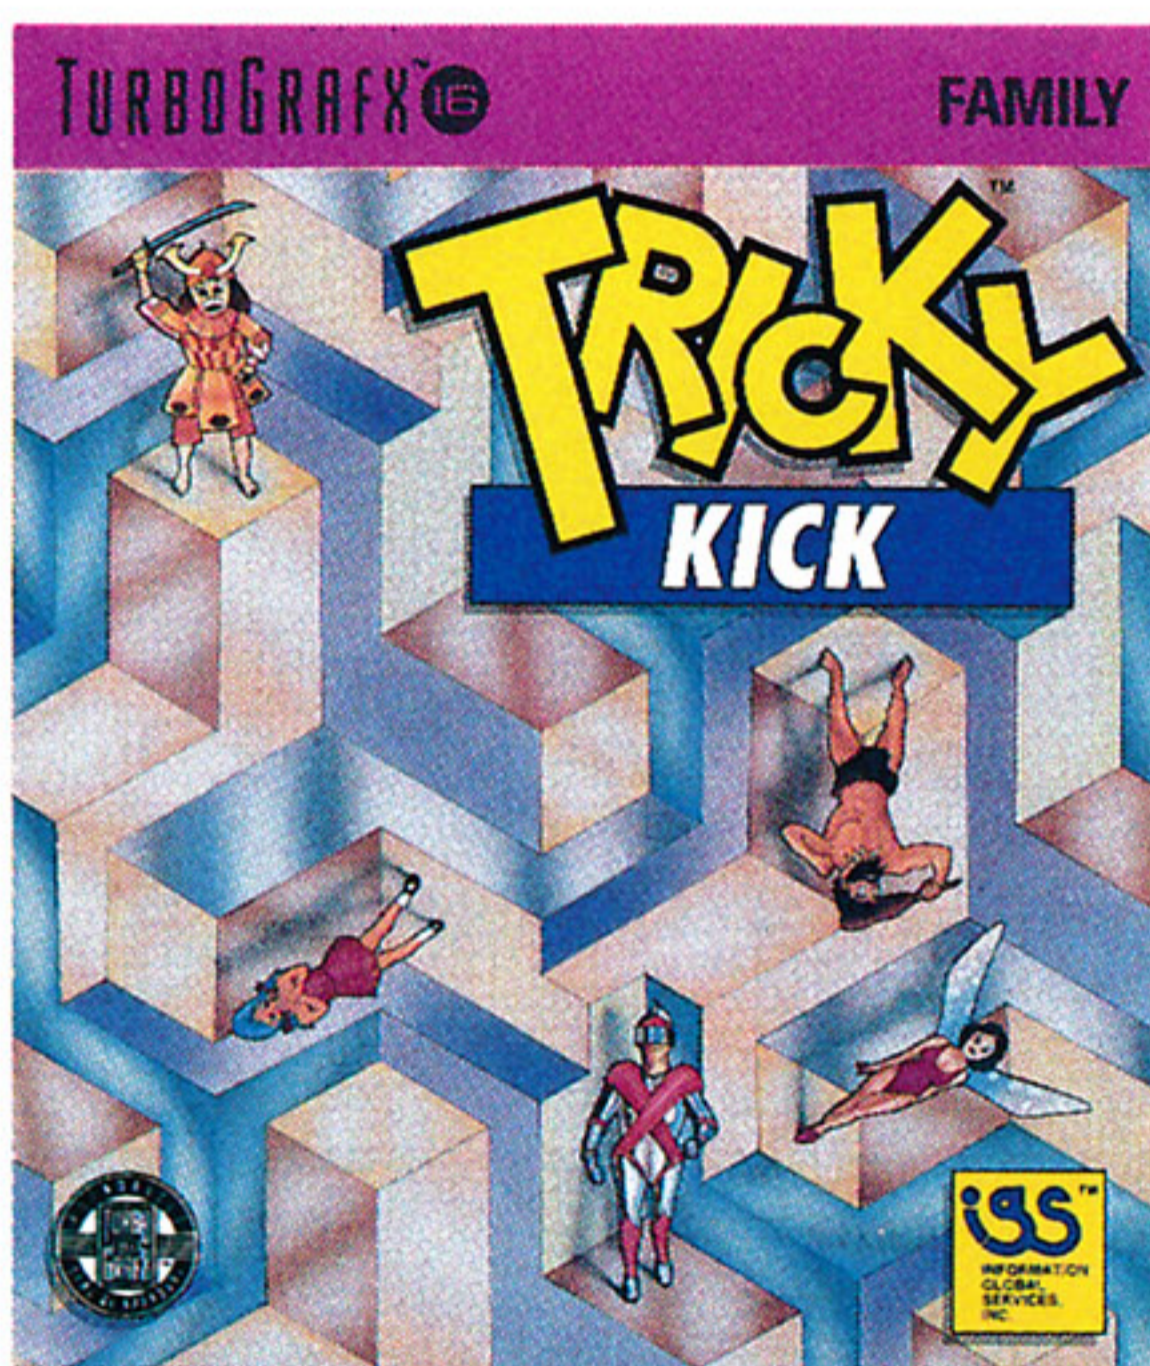

mini advice

Examine the puzzle, and figure out your strategy before you start each puzzle.

TRICKY KICK™

TurboChip
Strategy (Puzzle) Game
1 player

All you have to do is get rid of all the puzzle pieces by pushing them into each other.

Kick one piece on the ground into another piece of the same type to get rid of both pieces. Keep going till all the pieces are gone. Once you kick a piece, it won't stop till it hits another piece or a wall. So, think carefully before you make your move.

There are a total of 5 worlds with 10 difficulty levels in each world. Don't be deceived by the comical look of the characters, this is a really tough puzzle game.

mini advice

You can take back moves, but figure out your strategy so that the pieces don't all end up in one corner.

TURRICAN™

TurboChip
Action Game
1 player

In Turrican, your mission is to destroy the three faces of MORGUL.

Turrican can use a variety of cool weapons each with its own distinctive feature. Hold down the II button to crack the powerful lightning whip, and the I button to turn Turrican into a "buzzsaw", and charge the enemy. The enemies are extremely tough. You'll need to use all your weapons to reach and destroy the MORGUL.

The lightning whip is super-powerful, and it can destroy the enemies with a single hit. Unfortunately, you can't move while you use the lightning whip, it's a tricky weapon to use.

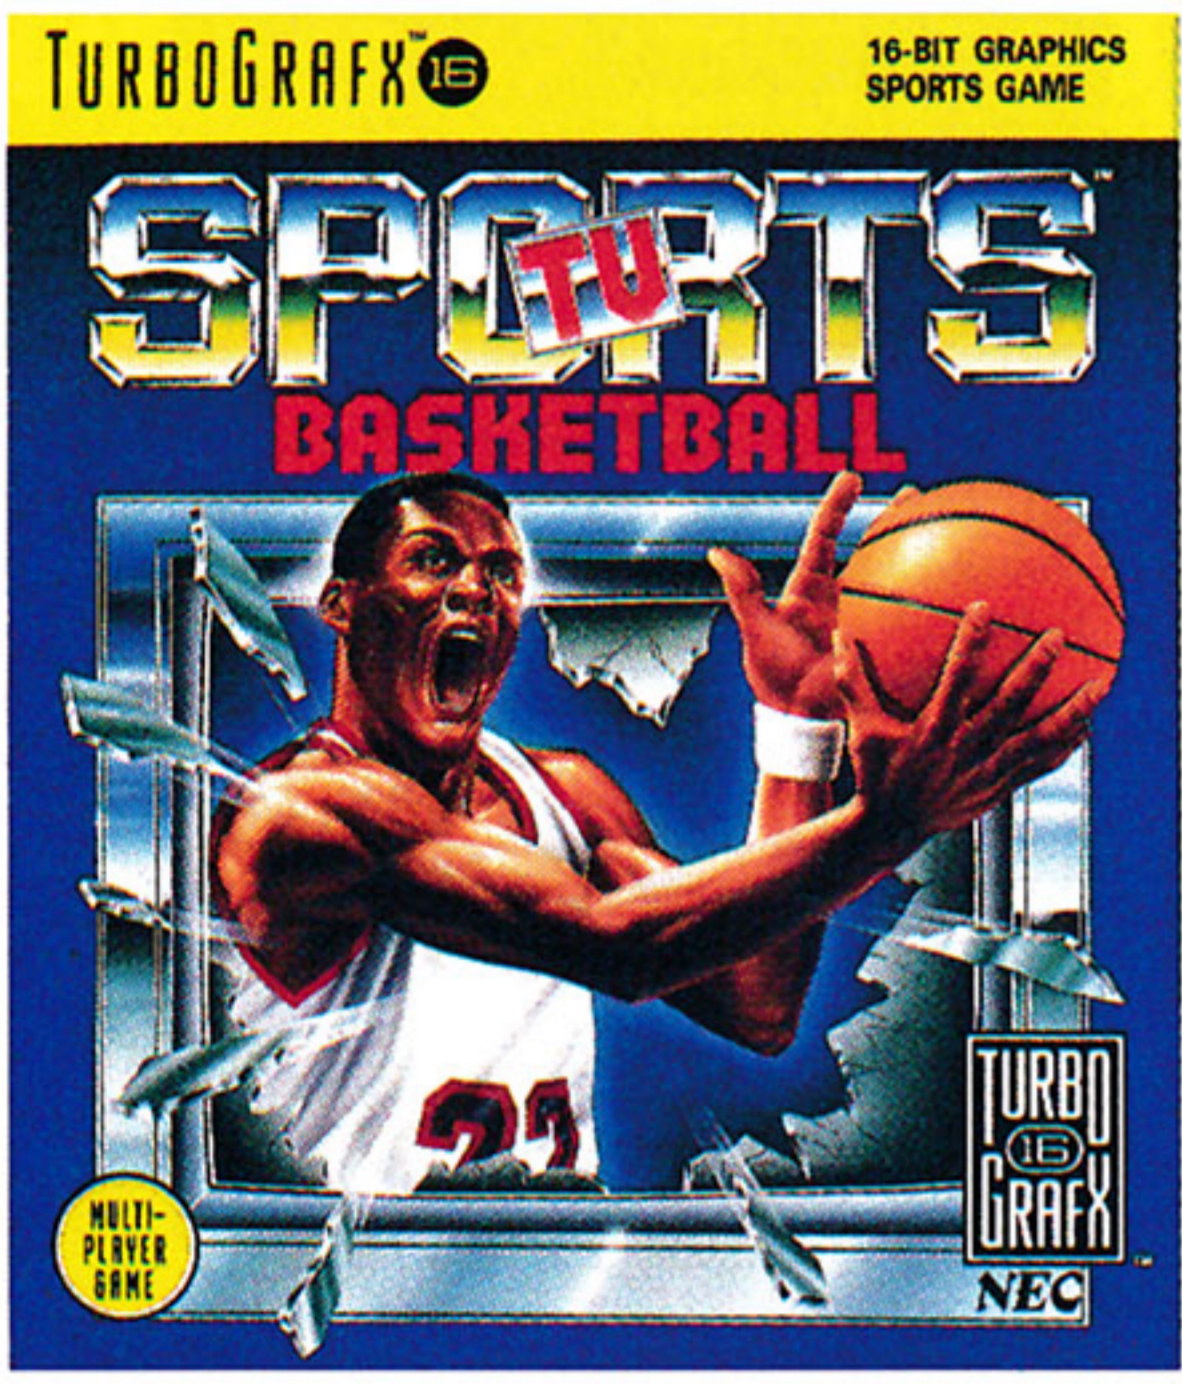

mini advice

While in the "buzzsaw" form, Turrican is invincible. Use it to get through tough spots.

TV SPORTS BASKETBALL™

TurboChip Sports Game
1 to 5 players

TV Sports Basketball is so real, it's just like watching a broadcast of a pro basketball game.

This basketball game is so well-designed, you'll think you're actually watching a game on TV and controlling the players while you watch. Players' movements are smooth and realistic. There are commentaries before and after the game. Even the visual angle is just like that of the TV-camera at a pro game.

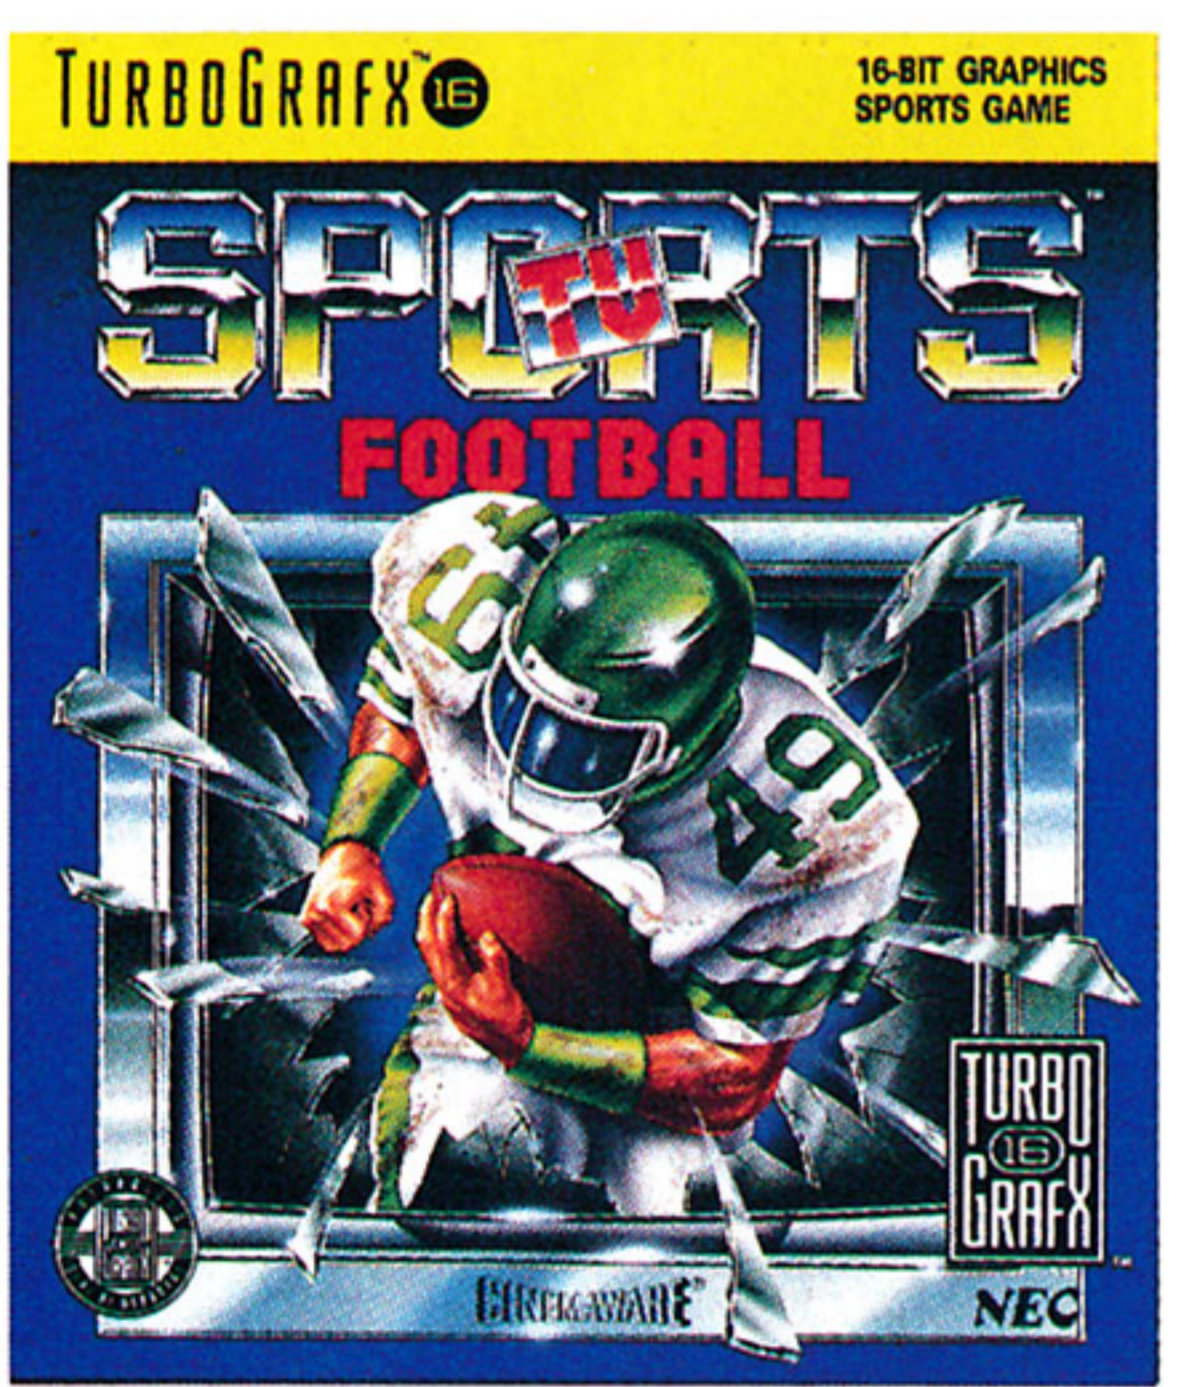

Details like the voices of the referees make this game very realistic. In the teammate mode, you can assign teams to up to 5 people and hold your own tournament. Play with all your friends.

mini advice The referees are very tough on fouls, so be careful or you'll lose lots of points.

TV SPORTS FOOTBALL™

TurboChip Sports Game
1 to 5 players

TV Sports Football is an outstanding football game with realistic player action.

This game recreates the excitement of a pro football game with TV commentary, the voice of the coach calling each play and the cheers of the crowd. You call every play and every move. This is a well-designed sports game everyone can enjoy.

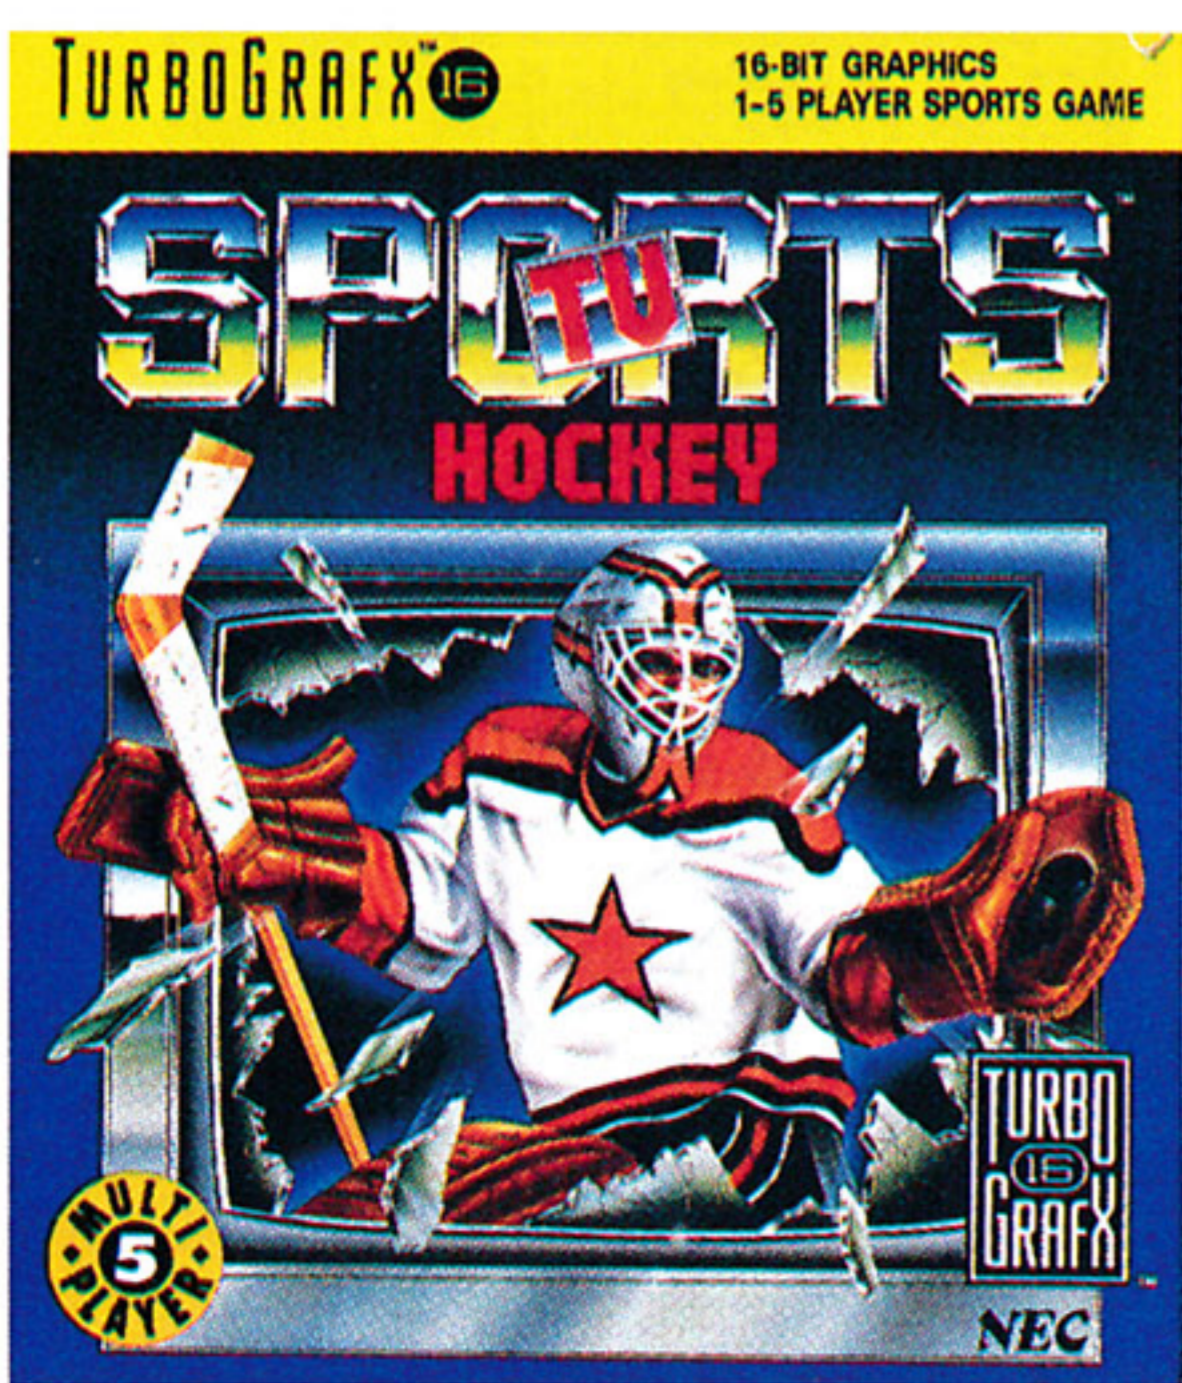

Choose from "League mode", "Exhibition mode" and "Practice mode." Practice your game and play a full pro season.

mini advice A solid game plan and good play calling are crucial to winning the game. Choose your plays very carefully.

TV SPORTS HOCKEY™

TurboChip Sports Game
1 to 5 players

This is a sports game with awesome graphics and the excitement of a real hockey game.

TV Sports Hockey delivers the excitement and the fun of real ice-hockey. In Normal mode, you play against the computer or a friend. And in 5-player mode, you form a team with your friends and play against the computer-controlled team. When a player is shooting, the screen zooms in on that player to enhance the excitement.

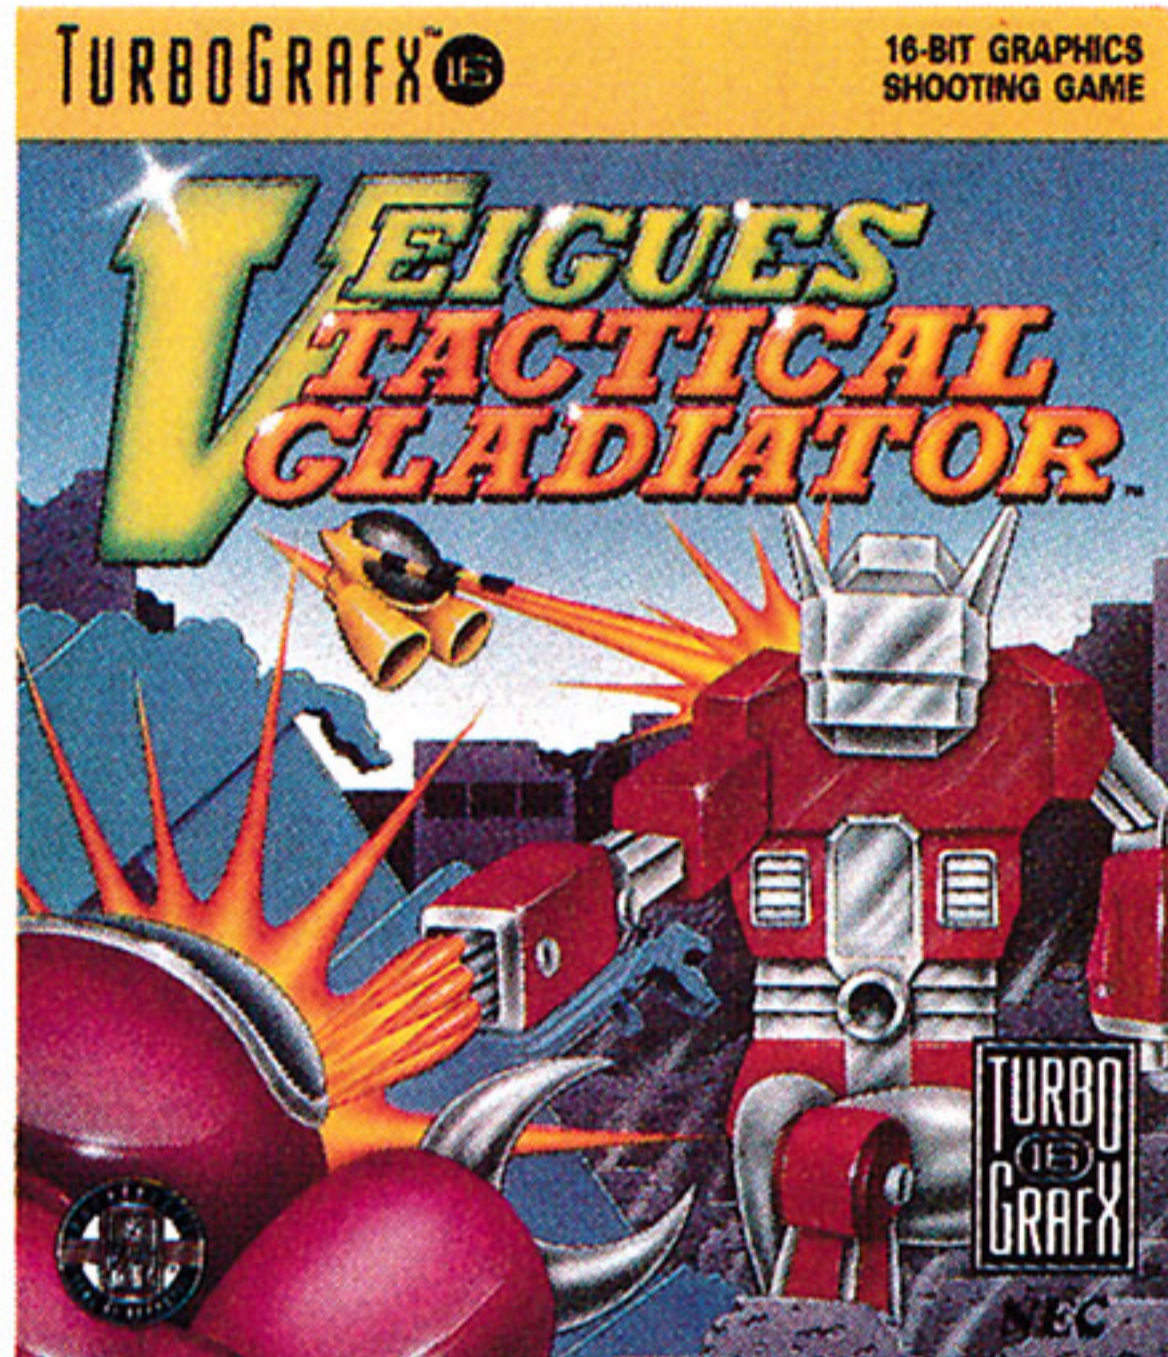

Imagine you're on the ice playing against the best. Chase the fast-moving hockey puck and score a winner.

mini advice Once you master the controls, you'll dominate the game.

VEIGUES TACTICAL GLADIATOR™

TurboChip
Shooting Game
1 player

Your mission is to defeat the aliens and destroy their headquarters.

You must use the awesome fighting power of "Veigues" to destroy the aliens. It can skim along at high speed, and has powerful punches and weapons. Veigues' shield energy will restore itself in time, but Veigues itself is damaged with every enemy hit you take.

As long as you don't get hit by the enemy shots Veigues won't be damaged. Also you'll be able to increase your weapons' power and choose new weapons at the end of each stage.

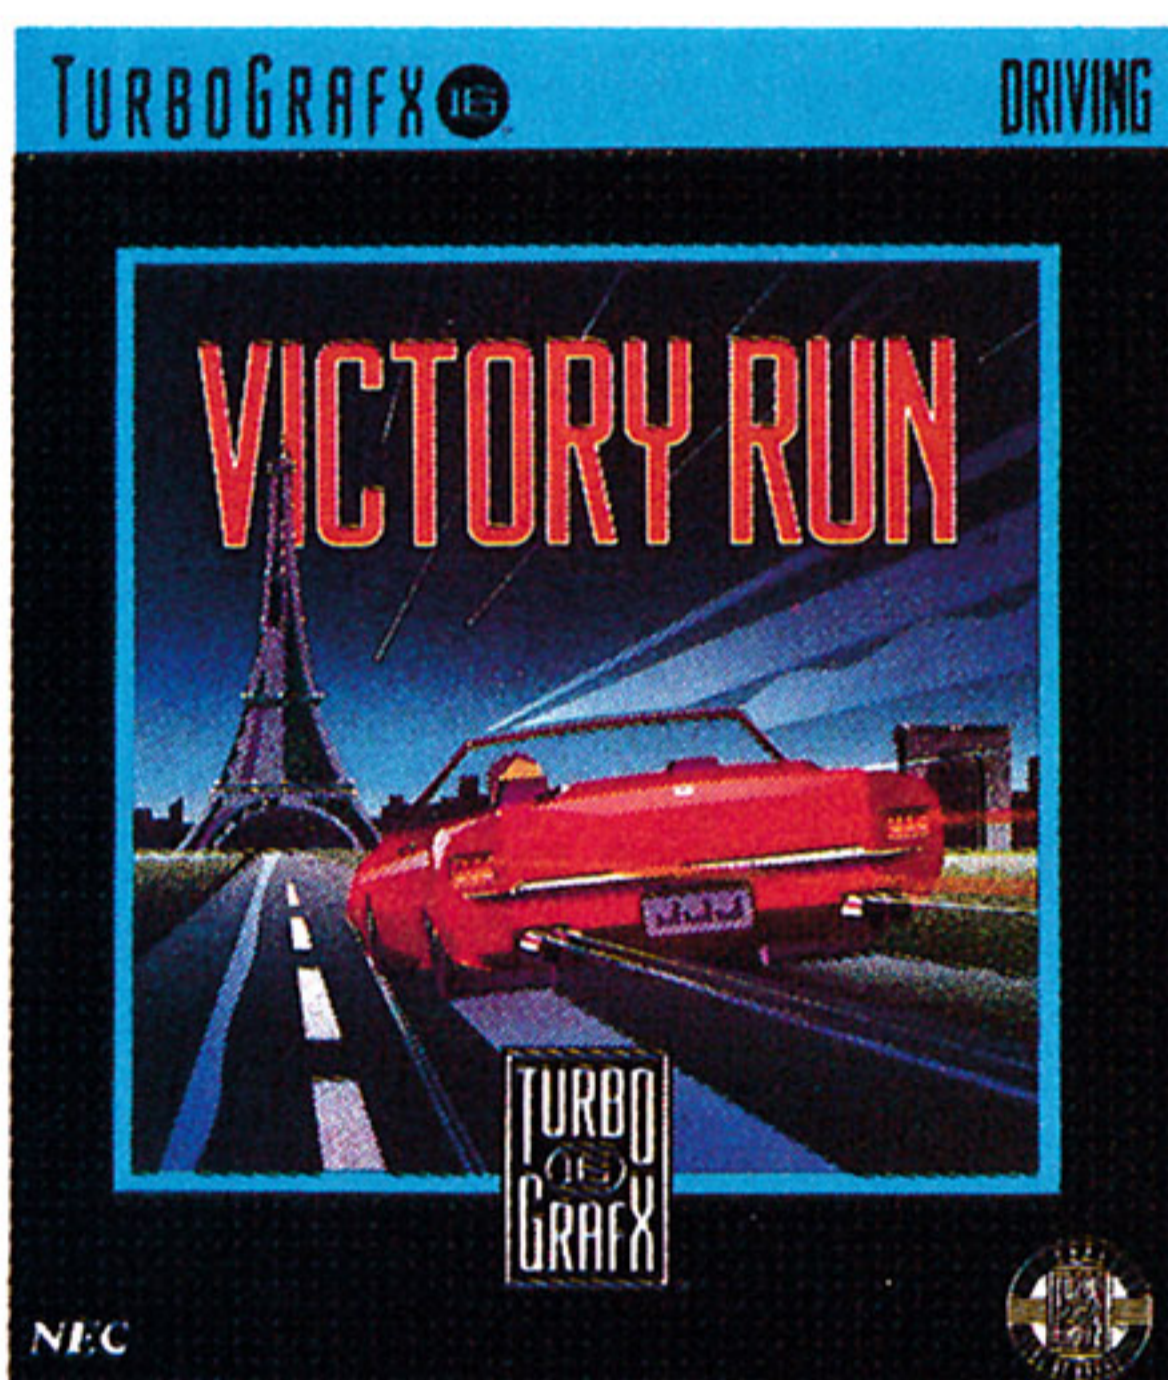

mini advice

Holding down both I & II buttons lets you attack enemies on the ground. Use Veigue's powerful punches effectively.

VICTORY RUN™

TurboChip
Driving game
1 player

Race in the 8,000 mile Paris-Dakar rally in Victory Run. It's a fast action driving game.

Victory Run is filled with high-speed driving excitement and all the details of a real rally. You can choose your own parts, such as tires, trasmission and supension, to create your own racing car. You can also repair or replace damaged parts at each checkpoint throughout the race.

This is one of the best driving games around, with a high-speed car that's easy to drive. You'll love the scenery that changes as you drive.

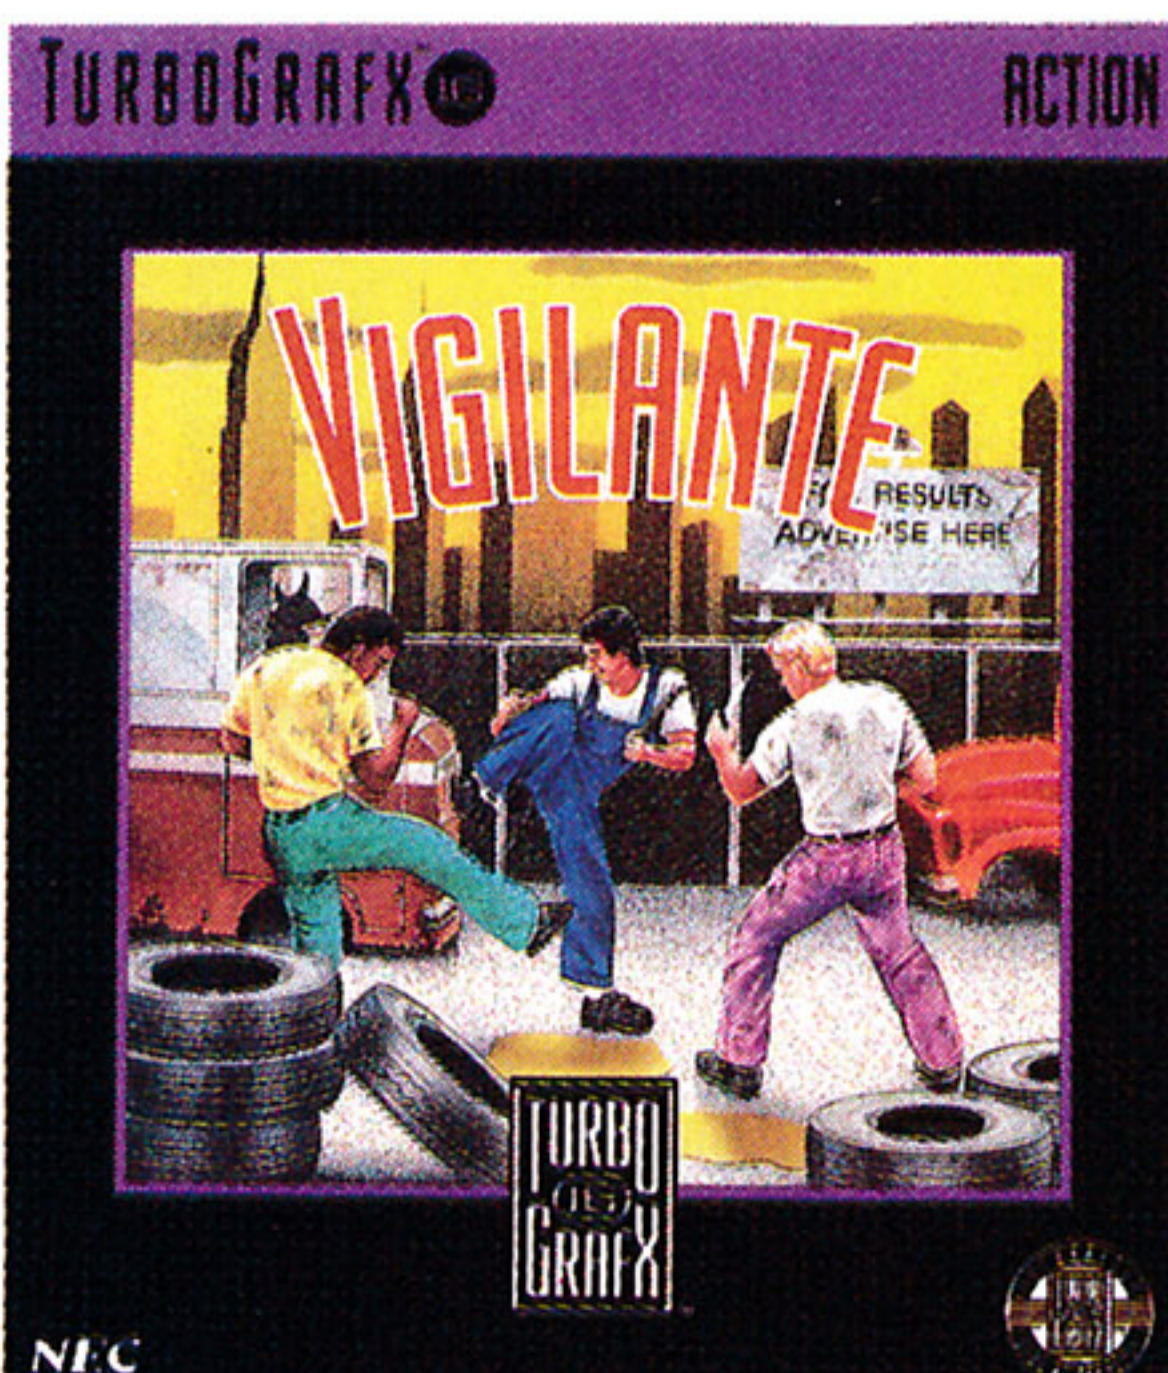

mini advice

Obstacles come up very fast, so remember where they are and avoid them.

VIGILANTE™

TurboChip
Arcade Action Game
1 player

Rescue your girlfriend who's been kidnapped by a street gang in this exciting action game.

In Vigilante, you must defeat all the street thugs using your Kung-Fu techniques. You can also pick up and use the nunchaku to fight the thugs. The difficulty level isn't too high, but the realistic action and the great graphics will definitely draw you into the game.

The background scenes are intricately detailed, and all the street thugs are unique and realistic.

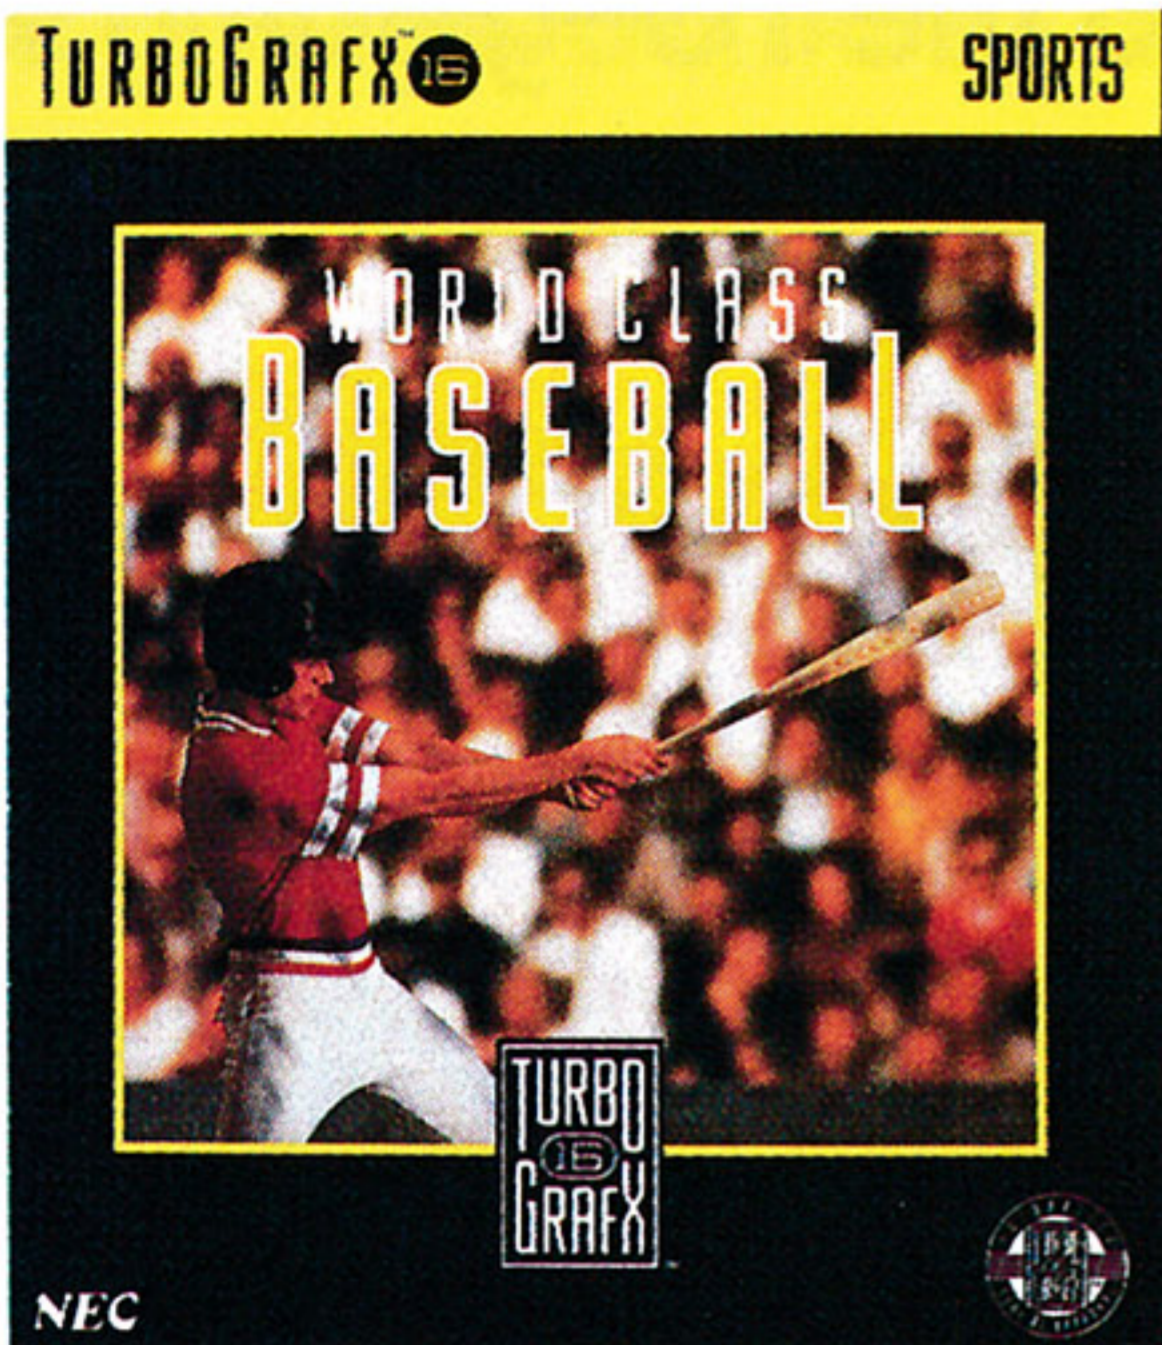

mini advice

Master the jump-attack, and don't forget to use your nunchaku. This is an action game with the familiar charming

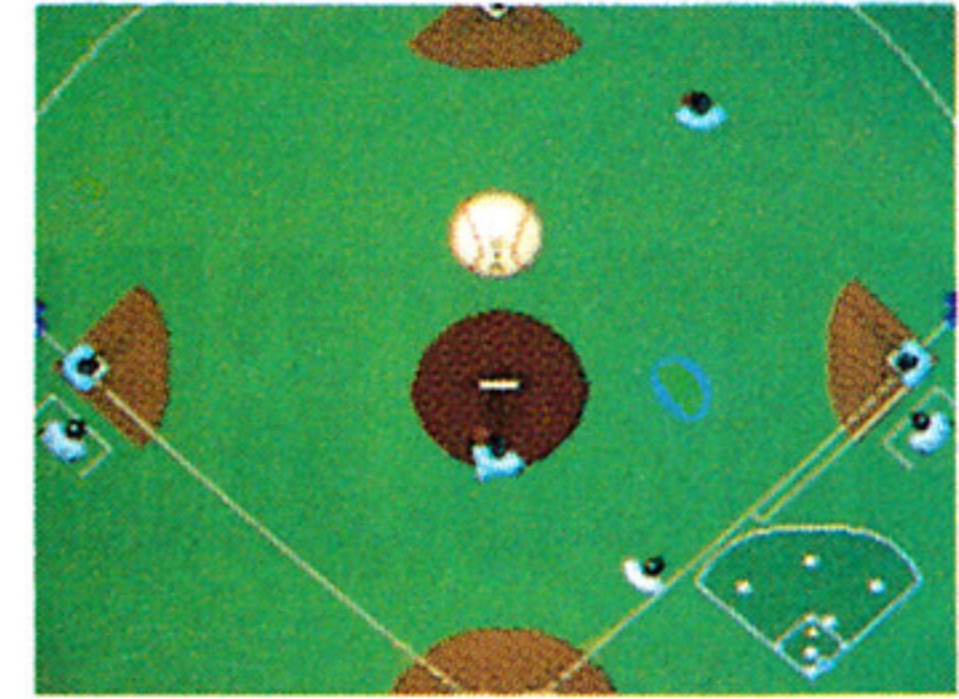

WORLD CLASS BASEBALL™

TurboChip
Sports Game
1 to 2 players

World Class Baseball is an exciting baseball game. Twelve world-class teams play for the pennant.

Choose from 1-player Open mode, 2-player VS mode and Pennant mode, where you play a season against 12 teams for the pennant. In edit mode, you can set the batting order of each team. You can choose from lots of unique players including pitchers with different pitching styles.

You can pitch a curve ball, a fast ball and other pitches. You can swing hard or bunt according to your strategy. When you're on defense, you have the bird's-eye view of the field.

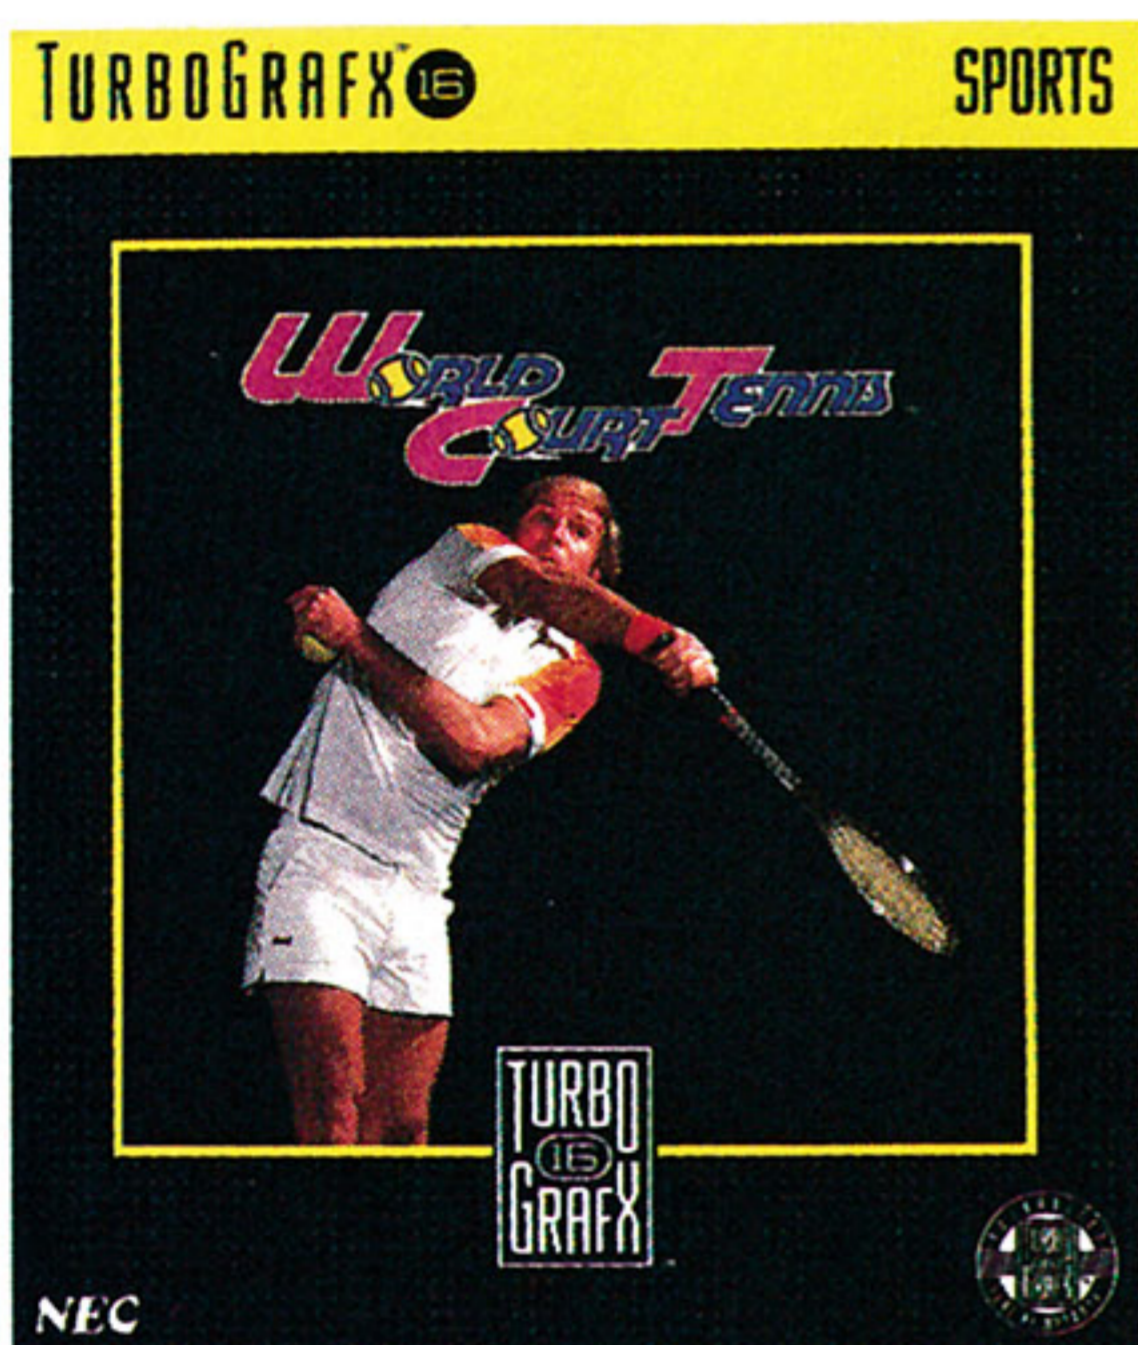

mini advice

Refer to the "stadium window" before you throw the ball.

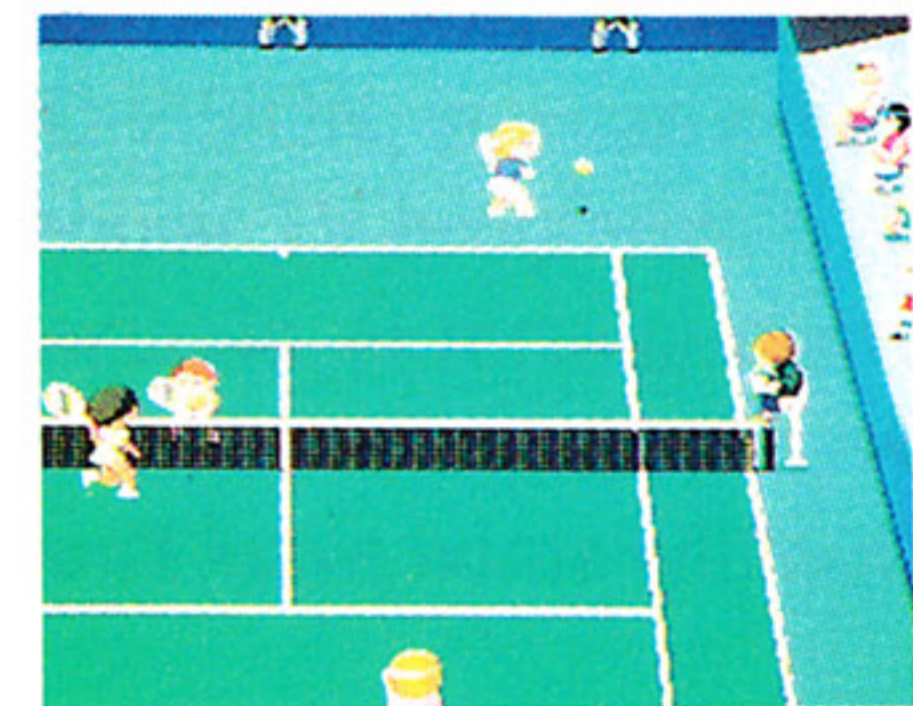

WORLD COURT TENNIS™

TurboChip
Sports Game
1 to 4 players

Play doubles tennis with your friends, or choose the role playing "quest mode".

There are lots of different playing modes in World Cup Tennis. You can play singles against the computer or with a friend, or doubles with up to 4 players. Choose from 18 unique players with different abilities. Everyone will love the 4-player doubles game. It's real excitement for your friends and family.

You can choose the playing surface: hard, grass or clay. The "quest mode" is an all-new tennis adventure.

mini advice

Choose a player with good skills who can return tough serves.
