VOL. 11, NO. 26
MARCH 25, 1950

Echoing the sentiments of "We'll Build A Bungalow" are left, disk jockey Lee Donahue and the fellow responsible for the success of the song, maestro Johnny Long. Johnny's smash rendition of the tune blossomed out into a big winner for music operators, and appears to be headed toward a top niche on music popularity charts. Long, the nation's only southpaw fiddler, has been consistently supplying music ops with coin winners, among them are his famed rendition of "Shanty In Old Shanty Town", "Sweet Sue" and "Just Like That". Johnny's latest release, "Silver Dollar", has all the earmarks of becoming a hot number for phonograph operators, and has already attracted tremendous attention. Johnny Long is exclusively featured on King Records. Direction: General Artists Corporation. Personal Management: John O'Connor. Press Relations: Buddy Basch.

THE CASH BOX exclusively covers the coin machine industry, including operators, jobbers, distributors and manufacturers, and all those allied to automatic coin operated music equipment; automatic coin operated vending machines and service machines as well as coin operated amusement equipment; the music and record business, recording artists and pub-

lishers of music; and all others in any fashion identified or allied to the coin operated machine industry as well as all finance firms, banks and other financial institutions expressly interested in the financing of coin operated equipment of all types.

THE CASH BOX has been recognized by various associations of coin machine operators thruout the United States as their official weekly magazine.

"The Confidential Price Lists" gives prices of all new and used coin operated machines of all kinds, weekly reporting all market changes and continually adding on all new equipment. "The Confidential Price Lists" is officially recognized by many cities and states throughout the country as the "official price book of the coin machine industry." It is an integral part of *The Cash Box*. The "Confidential Price Lists" is used in settlement of estates, in buying, selling and trading of all coin operated equipment. It is the one and only officially recognized price guide in the coin machine industry. "The Confidential Price Lists" is used by finance firms, factors and bankers to guide them in making loans to the members of the coin machine industry.

Talking It Over

How to handle depreciation on automatic phonos gets to be more and more a problem for the average operator each day. It seems that each revenue district has different ideas concerning automatic phonograph depreciation. In short, there is no set rule, schedule or method which the internal revenue men agree to in this regard.

Most operators find that they are allowed to depreciate the cost of their phonos over a five year period. In Chicago, for example, five years is demanded by the revenue tax men. In this Chicago area the men depreciate 20% of the cost each year.

Five years is what the average revenue tax man believes is the length of time that should be allowed to depreciate a phonograph. This is due to the fact that prior to the war the phonos averaged in cost around \$300 and \$500. Today, they are in the \$1,000 category.

The operators who have argued this depreciation method have found themselves more or less handicapped and dependent on what their local tax office would rule. The one and only way in which a national ruling can come about, according to experts, is for operators from all the 48 states to argue this collectively in Washington and arrange for a depreciation schedule which would be placed in effect nationally.

The very fact that a certain group of music ops may ask for a ruling in any one territory regarding a four year depreciation schedule will not, according to the experts, allow for that same method or schedule of depreciation to be used in other territories thruout the country.

The method which the operators would like to see come into being on a national basis is a four year depreciation schedule and the schedule to be arranged as follows: 40% depreciation allowed the first year; 30% to be allowed the second year; 20% the third year and 10% for the final, and fourth, year.

This, they claim, would be the most equitable because, they state, after four years any phono is considered an old and worn out piece of equipment. By that time, experts report, it should be completely depreciated and no longer classified as even usable merchandise for the time has come to either trade it in, discard it, or relegate it to the type of location where the collection isn't important.

The one and only way in which such a depreciation schedule over a four year period will ever be obtained, these experts claim, is for the entire juke box industry, collectively to march into Washington and explain why such a ruling is necessary to them. If this is granted then the industry will, at long last, have overcome one of its worst problems.

Accountants have, for a long time now, argued this with tax men in their various localities. But, everytime that arguments have been advanced, they have been ruled against and so they are, in almost all cases, working on a five year (20% per year) depreciation schedule whereas they want to work on the four year schedule as presented here.

The auto industry obtained such a ruling for its purchase of special tools. This has helped them to more rapidly depreciate the tools and to enjoy profits after such depreciation. The same will, eventually, have to come into being in the automatic music industry. But, this will not happen unless all members of the industry make it their business to collectively present their case in Washington.

LONGLIFE EQUIPMENT HAS MADE OPERATING A BETTER BUSINESS

Fifteen Year Old Phono Mechanisms Still in Use. Ten Year Old Pinballs on Locations. Arcade Equipment, Scales and Vending Machines Over Forty Years Old Still Bringing Good Income. Manufacturers Commended for Building Sturdy, Long Life Equipment.

Regardless of what may be said about the many machines which have been manufactured over the years, as to whether they were hits or not, one thing that must be remarked in favor of every one of the manufacturers engaged in building coin operated equipment, either amusement, music, vending or service machines, is that they all build with one high purpose foremost in mind; that the equipment be sturdy, long lasting, as mechanically foolproof and theft-proof as any product can be manufactured.

A long time ago experienced coinmen used to impart this one story to all manufacturers who wanted to enter into the coin machine field, or who had just started. That manufacturing even as delicate and complicated an instrument as a typewriter was an entirely different thing from manufacturing a coin machine.

It was pointed out and proved to be fact, over a period of years, that some of the most outstanding manufacturers in other industries who entered into this field, failed miserably.

The reason? Simply because they continued to build machines like the typewriter. Naturally, there's nothing at all wrong with the typewriter. It is one of the most ingenious devices ever yet put together by human hands. But, when a typewriter goes out of order, as for example, one key needs a bit more pressure than all the others, the typist will favor that key and apply the needed extra pressure.

This isn't true in coin operated machines. Even staid matrons of outstanding regard in the community will attempt to "beat" a coin machine. Every coinman has, at one time or other in his life, seen one of these very lovely

ladies step on a scale and then, holding the platform down with one foot, call to her friend to quickly step on, so that, as she thinks, both can be weighed for the very same penny. This is true of all coin operated machines of every type and kind.

The public try their best to "beat" the machines. Therefore, many times, manufacturers are forced to construct equipment so that the public will obtain free entertainment, but, will not jam the mechanism and, especially, upset the coin chute. Well tested materials, well aged and cured woods, well informed engineers and production experts, are all involved in the manufacture of any product which comes to the market and which meets with the approval of the distributor, jobber and, especially, the professional operator and thru him, the public at large.

There is no doubt that almost every music operator can point to one or a dozen locations in his territory where the old ten and twelve record mechanisms of the very first modern type phonos, usually 1934 and 1935 vintage, are still operating in hidden units buried away in backrooms and cellars.

Every amusement machine operator can point to pinballs that are ten and more years old and that are still operating in many of the nation's smaller communities and along the highways and byways. The very fact, that with but minor repairs, the games go on for so many years, bringing income to the operator, insures the operator's business future.

Scales, arcade equipment, vending machines, some of these over forty years old, are around and about the nation. Many times operators come across them in their travels and stare in amazement. In fact, Times Square, New York, still has about the very

first scale that was ever brought into this country. It is now well over fifty years old, still taking in coin day after day, and meeting all official tests.

It is because of this all important fact, that coin machines are built to last, that operating has become a better business. It took many years to convince some of the operators of this fact. Those who jumped into, and out of the business, and lost contact with it since, would be surprised to find the routes of machines which they sold still operating and still bringing income.

It is also well known that the new machines are the ones that liven up a route. That add the moneymaking spark to it. That jump the average of all machines on the route. Only constant construction of new, better and more attractive machines, keeps this industry flourishing. These, added to the older machines, keep operators in business on a long term, steady profit basis.

The very fact that the manufacturers build machines to last is what insures the operator a better business. The new games, new phonos, new arcade machines, new vendors, and all other equipment, are built to last and last for many, many years.

As the operator buys new machines, he is able to switch the older models down the line of his route and even, in time, sell them off to communities where, as old as they are, they appear to be new, with some conversion and a coat of paint applied to them.

This has caused the operating business to last longer and better than was ever expected. And for this every one of the nation's manufacturers should be commended. It is the manufacturer who has made it possible for the operator to progress and to continue in a good business on a profitable basis.

Record Reviews

"IT'S SO NICE TO HAVE A MAN
AROUND THE HOUSE" (3:10)
"I'D'VE BAKED A CAKE" (2:42)

Ethel Merman—Ray Bolger
(Decca 24944)

● Pair of show biz pros turn in their rendition of two current pop winners, with the echo of this platter spelling for a fair enough shake of juke box play. Both tunes have been well recorded, with ops undoubtedly riding herd on the songs. Altho this platter shows the Merman and Bolger duo off to excellent advantage, we believe the other versions will grab off the gravy.

"OL' MAN MOSE" (2:57)

"HOW COME YOU DO ME LIKE
YOU DO" (2:35)

Connie Haines
(Coral 60166)

● Pair of oldies purred with loads of zest by Connie Haines should add to music ops take. The gal's forceful wailing of this duo displays her vocal effort to fine light. Both ends are done in up tempo fashion, with mellow ork patter rounding out the material. Ops in the market for a filler should listen in.

"C'EST SI BON" (2:52)

"THE POLKA DOT POLKA" (2:23)

John Parea
(Coral 60170)

● French dialect by John Parea shows fair enough on "C'est Si Bon" and "The Polka Dot Polka." Altho the wax won't stop traffic, it should hold its own in those locations that go for this brand. Top deck is an uninspired rendition of the current pop click, while the flip is a mellow novelty polka item. Wax deserves an earing by ops at any rate.

"CANDY AND CAKE" (2:50)

"WHERE IN THE WORLD" (2:53)

Ray Anthony Ork.
(Capitol 933)

● The Ray Anthony ork display their excellent musical wizardry on this pair to offer ops some potential hot material. Top deck is currently climbing in popularity, this rendition with chirp Betty Holiday handling the vocals shapes up as one that will stand up in the trade. The coupling has Ronnie Deauville on a smooth bit of romance material. Wax rates ops listening time.

"SPRING MADE A FOOL OF ME"
(3:04)

"AS WE ARE TODAY" (2:29)

Eddy Duchin Ork.
(Columbia 38724)

● Pair of fair enough ballads offered in the light romantic vein by the Eddy Duchin ork are here for the asking by music ops. Both ends of this platter, with vocals handled by Tommy Mercer in effective manner, have the Duchin ork displaying smooth danceable material. Wax won't stop traffic by any means.

"ONE! TWO! THREE!" (2:51)

"ANOTHER KISS" (2:52)

Eve Young—Cliff Ferre
(London 620)

● Chirp Eve Young and Cliff Ferre team up on this biscuit, and come up with a fairly effective piece of wax in this pair of ballads. Top side is a smooth one, with vocal honors split between Eve and Cliff. The other end stays in the same vein, and has the kids turning in another capable performance. Wax should hold its own in the phonos.

DISK OF THE WEEK

"WANDERIN'" (2:58)

"THE BICYCLE SONG" (2:51)

Sammy Kaye Ork.

(RCA Victor 20-3608)

SAMMY KAYE

● The Sammy Kaye ork follows up their smash success of "It Isn't Fair," with another pair of fresh sides that are surely destined for a top spot on the nation's juke boxes. Both ends of this biscuit are hot juke box items, and should be

on top in almost no time at all. Top side has Sammy going off the deep end via a musical bit that tugs at your corpuscles. Titled "Wanderin'," the side has a sock compelling vocal effort by piper Tony Alamo and the Kaye Choir. It's a strong, pash tune, with a ton of powerful lyrics echoing throughout. Plush production manner of the tune adds to the luster and polish of the ditty. The flip is in the more familiar Kaye style, with Laura Leslie, Don Cornell, the Kaydets and the Choir all joining for the merry refrain of "The Bicycle Song." It's a cute melodic item that rings the bell, and should walk off with a host of honors. Both ends of this platter are tailor made for the juke box trade—grab 'em!!

"LA VIE EN ROSE" (3:12)

"WHEN WE'RE DANCING" (3:03)

Macklin Marrow O.
(MGM 30227)

● Orchestrated patter by the Macklin Marrow gang makes this rendition of "La Vie En Rose" a comer for wired music spots. Aura of singing strings surrounds this tune better known as "You're Too Dangerous Cherie." It's the kind of music you wanna listen to, and then come back for another earfu. The flip is stock ballad not commercial enough for the phonos. Top deck should do more than earn its keep.

"C'EST SI BON" (2:47)

"WILHELMINA" (2:53)

Danny Kaye
(Decca 24932)

● Danny Kaye has a chance to crack the juke box market via socko rendition of "C'est Si Bon," another current pop hit. Danny's smooth voice pitches the lyrics with mucho flavor, and results in loads of welcome excellent listening fare. Take-off on Maurice Chevalier detracts a bit, but the bulk is fine enough to balance the platter. The flip is another plug item from the "Wabash Avenue" pic, with Danny once again turning in a sparkling bit of work. Disk is worthy of ops listening time—and more.

"WHEN MY STAGE COACH
REACHES HEAVEN" (3:01)

"A SNOW WHITE HORSE AND A
GOLDEN SADDLE" (2:55)

Alvino Rey Ork.
(Capitol 947)

● More music off the beaten track, and in the earthy vein that is so popular today, is set up here by the Alvino Rey ork. Top deck rolls along at a mellow clip and has Jimmy Joyce and the Blue Reys echoing the sentiments of the title. Ditty has that extra bit of quality about it that may prove to be a winner. The flip is a pseudo-hill tune with Jimmy handling the lyrics once again. Top side rates ops listening time.

"WHERE ARE YOU, BLUE EYES?"
(2:51)

"YOU STOLE MY WIFE, YOU
HORSE THIEF" (3:08)

Hot Lips Page Ork.
(Columbia 30192)

● Novel licks by Hot Lips Page, and the set up of "Where Are You Blue Eyes?" and "You Stole My Wife, You Horse Thief." Top deck has Page and Janie Mickens twisting a waltz melody into a light tempo'd novelty. The coupling is in the same vein and makes for loads of merry listening. Both sides should do extremely well on the boxes.

"A CHAPEL IN YOUR HEART"
(2:50)

"NO LOVE HAVE I" (2:56)

Bobby Colt
(Admiral 1003)

● Rising balladeer on the wax scene is Bobby Colt, who turns in an excellent vocal job on this ballad tagged "A Chapel In Your Heart." Tune is in the sentimental, tender vein, and makes you stop and listen. It should sit well with the moon-in-June kids. The other end shows as a fair enough ballad that will hold its own. Ork backing by maestro Russ Case, and a chorus headed by Ray Charles add to the polish of the platter.

"THE OLD PIANO ROLL BLUES"
(2:20)

"WHY DO THEY ALWAYS SAY
NO?" (2:40)

Cliff Steward
(Coral 60177)

● This rendition of a pair of oldies currently gaining ground shows very effectively, and should earn its keep on the boxes. Both tunes are current juke box winners. Wax is offered in old vaudeville spirit, with Cliff Steward and the San Francisco Boys doing a god job. It's player-piano material, and likewise tagged for the juke box trade.

"LE VIE EN ROSE" (2:37)

"LES FEUILLES MORTES" (2:48)

Paul Weston Ork.
(Capitol 890)

● Orkster Paul Weston's teeming orchestrated patter makes for wonderful listening on this version of "La Vie En Rose," (You're Too Dangerous, Cherie.) It's a smart piece of music that's made to order for the dance crowd. The coupling is translated into "The Falling Leaves" has the Weston gang displaying their musical wares in fine style once again. Top side will add to music ops coin take.

"VIRGIN ISLANDS—USA" (2:47)

"YO' NEVER GET NO DOLLAR"
(3:01)

The Six LaMotta Pros.
(Columbia 30196)

● Pair of Calypso sides in store for music ops, with the Six LaMotta Brothers sending ops a pair of pleasing sides. Both ends of the biscuit make for easy listening, and should do fairly well in those locations that call for this type of music. Top deck has a vocal by the Millar Sisters, while the flip finds El Boy basking in the spotlight. Tempo is rapid, and the music good. Music ops take it from here.

"YOU'RE A SWEETHEART" (2:55)

"CROSS YOUR HEART" (2:48)

Jack Owens
(Decca 24935)

● Vocal echo of Jack Owens on the oldie "You're A Sweetheart" doesn't quite fill the bill on this etching. Jack's spooning lacks meaning, and comes out in so-so fashion. The flip is an up tempo rhythm ballad that shows a bit better. Lyrics are cute and the tune has a pleasant lilt to it. Ork backing on the wax by maestro Sy Oliver, and a chorus spot by the Three Beaus & A Peep add to the wax incentive found here.

SLEEPER OF THE WEEK

"ASK ME NO QUESTIONS" (2:51)
 "ON THE OUTGOING TIDE" (2:53)

Jo Stafford
 (Capitol 946)

JO STAFFORD

● Pair of top-notch sides by chirp Jo Stafford have all the earmarks of becoming hot coin cutlers, as Jo sets up with the refrain of "Ask Me No Questions" and "On The Outgoing Tide." It's the top deck

that we're ga-ga about, and altho there are other renditions of the tune that appear headed for a bright future, we feel this one should surely turn the trick for music ops. Ditty is a pert melody, with Jo and The Starlighters purring the cute romance lyrics in smooth tones that score. Bounce tempo furnished by the Paul Weston ork makes the deck glow all the more. Refrain echoes pleasantly, and has that certain taint about it that makes you wanna keep on singing the tune. The flip slows down some and finds Jo and the vocal group warbling the patter of a tender, sentimental ballad. The tune rings true and might prove to be of juke box merit. The side to ride with is "Ask Me No Questions."

"DOWN THE LANE" (2:30)
 "COME INTO MY ARMS" (2:48)

Chuck Cabot Orch.
 (Atomic 1005)

● Wax that should do well in spot territories is this pair by the Chuck Cabot ork. "Down The Lane" is a rhythm romantic ode, with a chorus wailing the lyrics in fair enough manner. March tempo on the side, added to a whistle spot brightens the wax some. The other end has chirp Lynn Avalon doing an uninspired ballad in beguine tempo. Ops who have the spots should take a look-see.

"OLD SONGS BRING MEMORIES"
 (2:45)

"I'LL NEVER DO A THING TO
 HURT YOU" (2:40)

Dick Robertson
 (Coral 60150)

● Pair of sides for the tavern trade, with Dick Robertson piping the tender sentimental lyrics. Both ends of the wax are tear-jerkers, and should sit well with the elbow rest crowd. Tempo is slow throughout, with the lyrics of the pair infectious enough to warrant ops attention. Disk is there for the asking—ops take it from here.

"THE FLYING DUTCHMAN" (2:20)

"BABY, WON'T YOU SAY YOU
 LOVE ME" (2:40)

Herb Jeffries
 (Columbia 38738)

● Mood music styled by Herb Jeffries shows fair enough here. Top deck is a smartly styled production number currently kicking around. Jeffries handles the material well enough in his resounding big voice. The flip is the plug item from the "Wabash Avenue" flicker, with Herb turning in another effective job. Ork backing on both ends is super. If you like Jeffries this may do well.

"I'VE GOT THE WORLD ON A
 STRING" (2:56)

"PLEASE TREAT HER NICER" (2:59)

Ralph Young
 (London 608)

● Deep pash vocal of Ralph Young makes for wonderful listening on the top deck. Ditty is an oldie, and might prove to be a "sleeper" again. Ralph's delivery is easy going, with the slow sentimental echo ringing true throughout. The flip stays in the tender vein and has Ralph turning in a top-notch vocal performance. Ditty makes you stop and listen, and will surely grab loads of attention on the music biz. We like the bottom deck.

"RAIN" (2:50)

"ZING-A-ZING-A-ZING BOOM"
 (2:52)

Dean Martin
 (Capitol 937)

● Dean Martin handles the refrain of "Rain" in effective manner here, to set up a fair enough biscuit for music ops. Tune is an oldie currently being revived, and should catch on and go. This rendition is one of the best around. The flip switches to a Latin tempo'd piece rolling in moderate pater, with Dean once again turning in a smooth vocal job. Wax rates heavily for juke box play.

"YOU AIN'T GOT FAITH" (2:34)

"TOUCH ME, LORD JESUS" (2:49)

The Landfordairs
 (Columbia 30186)

● New vocal group on the wax horizon is The Landfordairs, who make their bow on this duo. Both sides are offered in the spiritual vein, and show the group in effective manner. Vocal harmony is smooth and listenable, and should be greeted by spiritual fans with excellent reception. Big demand for this brand of music should account for some juke box silver on this one.

"NO, NO, NO" (2:59)

"DON'T SAY GOODBYE" (3:01)

Jerry Wayne
 (Columbia 39719)

● Bright new comer in the wax mart is this one by Jerry Wayne titled "No, No, No." It's a plush sentimental ballad, offered in smooth romantic strains of vocal allure that make you stop and listen. Tune has what it takes to make the romance kids cuddled up to the phono. Flip is in the same vein, and should hold its own. The side we believe will go places is the top one—ops should get with it.

"SAD FEELING" (2:44)

"HAMP'S GUMBO" (2:43)

Lionel Hampton Orch.
 (Decca 24946)

● Fresh wax by Lionel Hampton is here for the asking. Top side on this platter is a medium up tempo novelty item, with Sonny Parker handling the lyrics effectively. Ditty has no commercial appeal. The flip slows down to a sad blues item with Sonny in the spotlight again. Tune shapes up as a stock blues item that doesn't appear to be headed anywhere in particular.

"PETER COTTONTAIL" (2:33)

"IF YOU SMILE AT THE SUN"
 (2:18)

Guy Lombardo Orch.
 (Decca 24951)

● Money in the bank is the story with this one. This rendition of "Peter Cottontail" has all the spark and glitter of a hot juke box item, and should find a top spot on the phonos in no time at all. Vocal echo by Kenny Gardner and the Lombardo Trio on this bright Easter melody is top-drawer stuff all the way. The flip is a happy item with the trio handling the lyrics. "Peter Cottontail" for the moola.

"LAZY RIVER" (2:56)

"GOD'S COUNTRY" (3:03)

Phil Harris
 (RCA Victor 20-3708)

● Phil Harris goes solo here on this pair of smartly styled tunes tagged "Lazy River" and "God's Country." Top side is a standard, and has Phil turning in an impressionable piece of ballading. The coupling is a plush rendition of a current pop ditty in the earthy vein. Ork backing by the Walter Scharf men fills out the sides effectively. "God's Country" nabs our nod.

"DARN IT BABY, THAT'S LOVE"
 (2:56)

"THAT WE IS ME AND YOU" (2:55)

Tony Martin—Fran Warren
 (RCA Victor 20-3710)

● Sock teaming of Tony Martin and Fran Warren turn the trick again on this platter. Both sides show the vocal duo in fine voice, spooning a pair of light-hearted romantic items that make for pleasureable listening. Top deck has a clever lyric, while the flip adds to this with a mellow lilt. Ork backing by Henri Rene rounds out the wax effectively. The demand for this brand of music should account for juke box silver.

"I DON'T WANNA BE KISSED"
 (2:52)

"THE THIRD MAN THEME" (2:51)

Ray McKinley Orch.
 (RCA Victor 20-3709)

● The Ray McKinley crew turn in a fair enough pair of sides with this duo, and altho they don't quite come off, they should fill the bill with the maestro's many fans. Top deck is a light romantic ode, with an effective vocal by chirp Dale Nunnally. The flip has Ray offering a dance band version of the current click, "The Third Man Theme," minus zither accompaniment. Other renditions of both tunes will grab off the big play, while this biscuit might show as a filler.

"MY BABY IS BLUE" (3:01)

"COME BACK TO ME" (3:03)

Don Cornell
 (RCA Victor 20-3706)

● The deep, pash voice of piper Don Cornell shows in fine light on this ditty tabbed "My Baby Is Blue." Tune is an oldie that is currently being revived. Don's strong vocal strains, matched with a smooth vocal chorus in the background, and the ork patter of maestro Henri Rene make this disk worthy. The flip shows just as well, and has Don turning in an adaptation of the standard "Santa Lucia." Neapolitan flavor makes the side a comer. Both sides pack enough punch to click on the boxes.

"AM I WASTING MY TIME ON
 YOU?" (2:58)

"I LOVE YOU BECAUSE" (2:50)

Eddie Fisher
 (Bluebird 30-0026)

● The comparatively new voice of balladeer Eddie Fisher has the earmarks of becoming a potent juke box name via this pair of ballads. Top deck is a current plug tune that has Eddie purring the sentimental lyrics in smooth refrain throughout. Tune has an infectious quality about it, and rings the bell moreso after the first earful. Coupling is a folk item turned pop that is only another song in this vein. Top deck merits ops attention.

"JUKE BOX ANNIE" (2:37)

"WHEN YOU WORE A TULIP"
 (2:41)

The Sunshine Girl—Eddy Miller O.
 (Rainbow 60099)

● Ditty that may prove to be a winner is this bit tagged "Juke Box Annie." This rendition by The Sunshine Gal and the Eddy Miller ork has the spark that makes for juke box winners. Peppy lyrics worked around an up tempo piece of ivory work highlight the side. Vocal work is fair enough, and has a cute riff in it. The flip is the oldie in the same vein. Ops should get with this one—pronto!

"THE WRESTLER'S SONG" (2:46)

"JAZZ ME BLUES" (2:57)

Ed Farley Orch.
 (Delvar 114)

● New novelty disk that might take hold is this one tabbed "The Wrestler's Song." Ditty is an easy on the ears novelty, offered in a corny jazz vein. Chorus vocal pitches the lyrics effectively throughout. The flip is a well known standard, and has the Farley ork strutting their musical wares. Top deck may fool ya' and click with music fans.

ABBEEY RECORDS HAS DISK BIZ GOING WILD

New York—Abbey Records has the entire recording industry talking about the exciting new record "Why Do They Always Say No?" The question in everyone's mind is whether Abbey Records has started a new trend in using piano rolls that will be even "hotter" than the present Dixieland craze.

ROUND THE WAX CIRCLE

NEW YORK:

Nat "King" Cole and The Ray McKinley ork headline the bill at the Paramount Theatre. Speaking of the latter spot, we're still amazed at the smash gross racked up by Bob Hope, upped prices and all. . . . Art Mooney ork going great guns at the Capitol. . . . Michael Music has taken over the likely novelty, "The Foot Foot Song," penned by Sid Bass, Lee Tully and Sid DeMay. . . . Add top notch shows along the relict mainstem, the George Shearing Quintet at the Strand. The guy really makes good music. . . . Lou Chudd, prexy of Imperial Records, Los Angeles, stopped in for a visit. . . . Irv Katz of Apollo still on that extended tour around the nation. Last heard from out LA way. . . . Speaking of the sunny climes, we wonder if Guy Ward has reached his destination yet—anybuddy know? . . . Congrats to Hy Reiter of BMI, the proud poppa of a 3rd boy, Elliot, last Friday. . . . Fran Allison packed to an RCA Victor wax deal. Look for her first side, "Peter Cottontail." . . . National Records signed Danny Scholl to a wax contract this past week. Danny stars in the "Texas Li'l Darlin'" show. . . . Edward Cooper doing the arrangements for Danna Leslie at the swank Penthouse Club. . . . Ella Fitzgerald into the Apollo March 17 for a week—seventeen years almost to the day since she made her debut on that same stage in an amateur contest. . . . Stan Kenton's Minneapolis concert date was a whopping success we hear. When it was over, the audience of 3500 was trapped because of a severe blizzard, and the band continued to entertain them for four hours. . . . Disk Jockey Art Ford, WNEW, and publicist Buddy Basch air off to Europe via BOAC this week. Ford starts his new TV show April 5. . . . Johnny Long hits the road for a string of one-nighters down South after eight successful weeks at the Hotel New Yorker. . . . The Glenn Miller "styled" b nds meeting with huge success we hear. Seems as if the kids, now adults, still go for that brand of music. . . . Eddy Manson holding forth at the Shelburne Lounge.

ART MOONEY

CHICAGO:

"Canasta Song," written by Cliff Parman, Clyde (Sugar Blues) McCoy and Jimmy Krum, has been cut by all major labels. . . . Sherman Hayes & ork take over band spot at the Blackhawk Restaurant for four weeks run starting March 15. . . . Bill Walker and His Swingcats cut four for Aristocrat Records. Bill is staff pianist on WIND and writer of "Half A Heart." . . . "Don't Shove, I'm Leaving," a rhythm blues, recorded by Nat "King" Cole for Capitol, was penned by Cliff Parman and Peggy Murdoch. . . . Dick Jurgen's "We'll Build A Bungalow" backed with "Daddy's Little Girl," going strong in midwest area, about to break nationally. . . . Teddy Phillips current'y at Club Trocadero, Henderson, Kentucky. . . . Ernie Leaner, well known in jazz and blues field, is now president of Chicago's newest record distrib firm, United Record Distributing (good luck, Ernie). . . . Jimmy Wakely, Tennessee Ernie, Art Van Damme Quintet, The Johnstones, and Sammy Shore as m.c. did benefit show for 500 vets at Vaughn Hospital—sponsored by B'nai Brith Sachar Lodge. . . . Irwin Berke, Shapiro-Bernstein, just back from biz trip to New York home office. . . . Freddy Nagel breaks up the band and is heading west. . . . Jimmy Palmer & ork will open at the Aragon Ballroom for three week stand May 23. . . . Deeja's Sir Oliver Edwards, Jim Lundsby and Eddie Hubbard, giving grand ride to Penny Smith's first disk on Aristocrat label, "Here I Am." . . . Jimmy Featherstone and band, with vivacious chirp Peggy Murdoch, holding forth at the Trianon Ballroom. . . . Tony Martin, whose latest RCA-Victor platter "I Said My Pajamas" is click big, opens at the Chez Patee, Friday, Mar. 17, St. Patrick's Day. . . . Sugar Chile Robinson, crown prince of boogie woogie, and Richard (The Old Master Painter) Hayes packing them in at the Oriental Theatre.

TONY MARTIN

LOS ANGELES:

Met up with Mercury Sales Manager Hank Pollock, out of Chicago on Coast sales trip and visiting with Mercury distributor Harry Bloom and Sam Lutz at the Gabbe, Lutz and Heller offices. . . . If any proof is needed that record companies are increasingly recognizing the juke box is here to stay and that an ever-greater portion of their income will come from the automatic music industry, you might note that the latest outfit to move its local distribution setup to "Coin Row" (Pico Blvd.) is Imperial, whose Max Feirtag reports that Joe Delson, formerly of Delson and Stoken, will head up their new setup, thus joining recent Pico Blvd. newcomers, Al Sherman of King Records and Gordon Wolf, handling MGM distribution and formerly of United Music Sales in San Francisco. . . . Jack Lauderdale of Swingtime, recently changed from the Downbeat label, has a fast climbing hit in Lowell Fulson's "Every Day I Get The Blues." . . . Nice chat with RCA Victor's Walt Hebner, a nice guy we haven't been seeing enough of in the past. . . . Helloed Irving Katz of Apollo over at Jim Warren's Central Records, where the Eastern plattery chief dropped in while shopping around for a new distrib setup since Delson and Stoken closed down. He's anxious to get with his friend Bill Gersh, soon as *The Cash Box* publisher arrives in town. . . . Lou Chudd hopped back East once again. . . . Understand that Jackie Haddad, formerly with Johnny Blackburn of Selective Records, will be working for Gordon Wolf, or so we gathered chatting with her at the Nat Cole return engagement at the Oasis. . . . Nice time at the popular place, hosted by genial Jeanette Wormser of the Gene Howard publicity office and rubbing elbows with Steve Allen, a real gentleman away from the mike and a rare wit in front of one. . . . Nat and the group, of course, wowed the packed house with everything they did, showing their great versatility by going from the nostalgic bounce of "Yes Sir, That's My Baby" to the philosophical soliloquy (a good word even if you can't pronounce it—or spell it) of "Lush Life." . . . On the show with Nat was another Capitol combo, the very hip Alice Hall trio. . . . Lee Young ork still doing the honors, with our old school mate Dudley Brooks a standout on the 88. . . . Jules Bihari back from the MOA convention and setting up more distribs cross country for his recently acquired Kaye-Halbert teevee set up. . . . We're just wild about Doris Day's chirping on "Enjoy Yourself."

BULL MOOSE JACKSON
 (King 4352)

BULL MOOSE JACKSON

● The high-flying Bull Moose Jackson, currently hot via a number of click disks, comes up with another pair of great sides to nab this featured spot this week. Both ends of this plater have all the

ear-marks of becoming hot coin cullers that should wear white in the phonos. Titled "A Fool In Love" and "Let Your Conscience Be Your Guide," Bull Moose demonstrates the great style that has made him the top popular performer he is. Top deck is a bit of romantic blues, with Bull Moose pitching the lyrics in wonderful manner. Ork backing on the side rings true to round out the side. Ditty is one that should be taken up by music fans in no time at all. The flip is another grade-A tune that should catch on with great favor. Bull Mose offers a bit of clever advice in his vocal refrain, with the band joining in the background. The side that we feel will step out and be a big one is "A Fool In Love." Ops should latch on—but pronto!

"Tee Nah Nah" (2:44)

"Ain't Gonna Scold You" (2:45)

VAN WELLS
 (Atlantic 904)

● Ditty that is rapidly catching on in many spots throughout the nation is this item tagged "Tee Nah Nah." It's a zany piece of music, that is just weird enough to blossom out into a big hit. This rendition, by Van "Piano Man" Wells and his After Hour Session Boys shows well enough, and should grab some healthy coin play. Vocal by Spider Sam on the side echoes the title in effective manner. The flip has Sam back again, turning in another side that has juke box possibilities. Ops should look into "Tee Nah Nah."

"It Can Never Be That Way" (2:51)

"I've Been Mistreated" (2:46)

CLARENCE BROWN
 (Peacock 1508)

● Pair of sides that music ops should get with are these offered by Clarence Brown. Wax, titled "It Can Never Be That Way" and "I've Been Mistreated" has the spark that makes for juke box winners. Both sides feature Brown on guitar, with some great instrumental and vocal work, seeping thru too. Wax is the brand that should draw consistent juke box silver. It rates a top spot in music ops machines.

"Poor Butterfly" (2:41)

"Imagination" (2:25)

FLORENCE WRIGHT
 (National 9105)

● The vocal allure of thrust Florence Wright spell juke box moola for music operators with this fresh pair of sides that should wake up phono play—and wake it up in a big way at that. Both ends of the platter have Florence in great style, with some top-notch instrumental accompaniment coming thru. Top deck is an oldie which Florence handles in great swing style. It's a mellow, peppy rhythm, one that makes you wanna sing along with it. The flip shows just as well, and should also grab off some heavy play on the boxes. "Poor Butterfly" nabs our nod.

"Key To My Heart" (2:56)

"Why Do I Love You" (2:57)

HERB KENNY
 (Aladdin 3048)

● The big demand for music with a recitation backdrop should be amply served with this recording by Herb Kenny titled "Key To My Heart" and "Why Do I Love You." Herb's fine version of this pair should account for some effective coin play on the duo, and boost music ops take. Music is simply styled, with light instrumental background. Music ops who have a call for this brand of wax, should by all means, lend an ear in this direction.

"Joog, Joog" (2:59)

"The World Is Waiting For The Sunrise" (2:43)

Duke Ellington Orch.
 (Columbia 30195)

● Music styled in the Duke Ellington manner, with the refrain of "Joog, Joog" and the oldie, "The World Is Waiting For The Sunrise" in the offing for music ops. Top deck shows the old master in great style, with a vocal chorus echoing the sentiments found in the title of this bit. It's fair enough wax, and altho it won't stop traffic, it may hold its own. The coupling is the standard that has always won wide favor with music fans. Vocal refrain by Al Hibbler is top-drawer material, and is hard to match. This side gets our nod.

"Camp Meeting Bounce" (2:37)

"What's Happening" (2:56)

PAUL WILLIAMS ORCH.
 (Savoy 534)

● The Guy that made "The Huckle-buck" the big hit it was, comes up here with a pair of fresh sides in this duo tabbed "Camp Meeting Bounce" and "What's Happening." Top deck is just what the title indicates, with the Williams crew displaying their instrumental wares in fine fashion. The coupling has chirp Connie Allen on the vocal, offering a bit of blues that should do extremely well in the phonos. The wide following Williams has should account for some lively juke box action with this pair.

THE GREATEST NAME IN ENTERTAINMENT

17 SEVENTH AVE. NEW YORK 12, N.Y.

**Columbia Records
Develop New Recording
Technique**

NEW YORK—A new record cutting technique, utilizing a revolutionary heated stylus device which provides a much quieter cut, thus producing a cleaner groove with greatly reduced loss of high frequencies, has been developed by Columbia Records, Inc., under the direction of William S. Bachman, Director of Engineering and Development.

The new technique, known as the Thermal Engraving Process for recording, is now being used by Columbia in its LP Microgroove record production, it was disclosed by Mr. Bachman. Recording engineers have discovered that ordinary styli require a compromise between high frequency loss and quietness of cut. Mr. Bachman's research revealed that this loss of high frequencies resulted from the particular shape of the cutting stylus required to generate enough heat for a quiet cut. To counteract this tendency, Mr. Bachman developed a cutting tool which is electrically heated by means of hair-thin wires wrapped around the stylus.

Mr. Bachman stated, "We feel that this represents another advance in the constant improvement of Columbia Records."

**Flanagan Signs Fem
Chirp For Band Debut**

NEW YORK—Evelyn Joyce, Irvington, N. J., songbird has been signed for vocal duties with the Ralph Flanagan ork. She will chirp opposite Harry Prime, Flanagan warbler and male recording voice.

The band's rehearsals were marked by the hectic pace and the eagerness of the talent auditioning for a slot with the new outfit which opened last week at Wrentham, Mass., prior to an engagement slated for Frank Dailey's Meadowbrook, New Jersey, nitery. Finding a drummer who could satisfy Flanagan was one of the most difficult tasks of the entire auditioning period.

Flanagan's Meadowbrook opening is expected to be one of the biggest in the East in many a year, and bring out a tremendous turnout of the music industry who are anxious to hear the band.

"Folk" and "Western" Record Reviews

"Angel Mother" (3:11)

"Lucky Seven" (3:05)

GEORGE MORGAN
(Columbia 20678)

GEORGE MORGAN

● Wait'll you hear the howl and fuss George Morgan's fans raise once they hear this fresh pair of sides! Continuing his string of top notch recorded successes, George Morgan, famed for his click rendition of "Candy Kisses" comes up

with still another pair that have juke box silver written all over it. Both sides of this platter are sure-fire juke box winners, and should reap harvest for music ops in no time at all. Top deck, titled "Angel Mother" has George spooning his fine vocal flavor in sincere tones that count. It's a smooth performance all the way, one that will surely be taken up by George's large growing flock of fans. The flip has the spark and gliter of juke box coin play about it too, with George offering the strains of "Lucky Seven." Lyrics of the song ring the bell, as George's vocal refrain and the instrumental accompaniment accorded George on the side. Both sides are blue-ribbon winners for music ops and fans alike—ops should, by all means, get with this duo!

"Headin' Down The Wrong Highway" (2:15)

"I Never Knew I Loved You" (2:38)

BUDD HOBBS
(MGM 10656)

● Budd Hobbs comes up with some folksy blues material for music ops, in this pairing of "Headin' Down The Wrong Highway" and "I Never Knew I Loved You Till The Day You Said Goodbye." Top deck is swing and steady-movin' and makes for pleasant listening time. The coupling is easy on the ears and flows along in melodic manner throughout. Budd's vocal work is smooth, and rings the bell from start to finish. The wide popularity Budd has should account for some heavy coinage with this duo.

"Are You From Dixie" (2:33)

"Jesse James" (2:44)

GRANDPA JONES
(King 847)

● Pair of fair enough sides by Grandpa Jones in the offing for music ops, and the set up of "Are You From Dixie" and "Jesse James." Both sides feature Jones' vocal work in effective manner, with the plaintive folk tunes ringing true. Wax is the sort that may not stop traffic, but should hold its own on the phonos. Music ops in the market for filler items should take a look-see.

"Travellin' This Lonesome Road" (3:11)

"Can't You Hear Me Callin'" (3:14)

BILL MONROE
(Columbia 20676)

● Bill Monroe and his Blue Grass Boys display their vocal and instrumental styling on this pair, with the echo of this one sounding fair enough for juke box coin play. Both sides echo the sentiments found in the title, and should meet with fair reaction from music ops and fans alike. Vocal work is by a duet that handles the lyrical expression of the material in effective manner. Music operators who have a call for music of this sort, should listen in.

"The Handwriting On My Heart" (2:45)

"I'm Broken Hearted" (2:50)

MARTY ROBERTS
(Hart-Van 16010)

● Marty Roberts and The Golden West Four turn in some wax that will garner its fair share of juke box silver via this duo titled "The Handwriting On My Heart" and "I'm Broken Hearted." Vocal echo by Marty is fair enough as it stands, and altho it won't raise havoc with fans and ops, it fills the bill nevertheless. Both sides are in the lament vein, and as such, don't quite come off. Ops who have the room on their machines might lend an ear in this direction.

"Onions, Onions" (2:43)

"If Texas Told What Arkan-Saw" (2:55)

LONZO & OSCAR
(Capitol 939)

● Novelty vocal work by Lonzo and Oscar on this merry pair of sides makes the wax a hot item for music ops to get next to. Both sides of this one make for wonderful listening time, and should be greeted by music ops with mucho fervor. The cute and novel lyrics of the top deck, handled in superb manner by Lonzo & Oscar tag this one for the boxes. The flip shows just as well, with a set of top-notch lyrics weaving around the title. Disk rates a featured spot on music ops machines.

"Who's Been Here Since I've Been Gone" (2:50)

"Surrounded By Water And Bars" (3:07)

JIMMY WORK
(Decca 46223)

● The fine vocal work of Jimmy Work and his Tennessee Border Boys tabs this platter one headed for the phonos. Wax, titled "Who's Been Here Since I've Been Gone" and "Surrounded By Water And Bars" is tailor made for the juke box trade, and should catch on and go in no time at all. Vocal flavor of the excellent lyrical expression on both ends is first-rate, with the instrumental backing showing just as well. Music ops should latch on!

Coral Records Renew Kenny Roberts Pact-Add Two To Talent Roster

NEW YORK—Kenny Roberts, talented young folk singer who rocketed to national fame with his recording of "I Never See Maggie Alone," has been re-signed by Coral Records for an additional two-year period, it was announced today by Jimmy Hilliard, director of Coral's artists-and-repertoire division.

Roberts is currently being featured on his own radio and television shows over Station WLW, Cincinnati, Ohio. His latest Coral recording couples "Hillbilly Fever" with "Choc'late Ice Cream Cone."

It was also announced that Cy Coleman, brilliant young pianist, and Jack Day, country singer, have been signed to exclusive Coral recording contracts. Coleman, who amazes fans with his piano wizardry, is in the midst of a lengthy engagement at the Hotel Shelburne in New York. He is also appearing regularly on his own television show via New York Station WABD.

A graduate of WLS' "Barn Dance" in Chicago, Day was one of the featured stars for three years on ABC's network show, "Hayloft Hoedown." He now conducts his own program over WNAR, Norristown, Pa. He debuts on Coral with recordings of "Peter Cottontail" and "The Magic Man Song."

MGM Preps Second Long Play Release

NEW YORK—With its first release of Long-Playing 33 1/3 Records well-established on the dealer-consumer front, M-G-M Records is preparing a second Long-Playing release which will be made available the first week in April. Top item in a group of three records will be a sound-track set of Irving Berlin songs from M-G-M Pictures' upcoming musical, "Annie Get Your Gun," featuring the original cast of the film: Betty Hutton, Howard Keel, Louis Calhern, Keenan Wynn, and the M-G-M Studio Orchestra and Chorus conducted by Alfred Deutch. "Annie" will be the diskery's first album to be released simultaneously in both 78 and 33 1/3 r.p.m. versions.

The other two items on the release will be Long-Playing versions of two of M-G-M's most popular standard catalogue albums: "Tschaikovsky Melodies," featuring Macklin Marrow and the M-G-M Orchestra, and "Strauss Waltzes," performed by Harry Horlick and his Orchestra.

Previous M-G-M Long-Playing Records issued to date have been: Sound-track albums from "Till The Clouds Roll By," "Easter Parade," and the current "Nancy Goes To Rio," and a collection of David Rose tunes entitled "Holiday For Strings."

Diskers Eat Cake

NEW YORK—This year is commencing to shape up as a mighty difficult period for music lovers who would like to go on a diet. As if "Candy And Cake" wouldn't make you hungry enough the Eileen Barton version of "I'd 'Ve Baked A Cake" is whetting the appetites of the fans all over the country. RCA Victor reports that chirp Mindy Carson has had the top selling plater of "Candy and Cake" for the past two weeks and National and Mercury Record Companies report the same tempting news for their thrush, Eileen Barton.

Capitol Chirp Guests With Mel Torme

Report Tex Beneke Asks For Contract Release From RCA Victor

Leader Irked Over Flanagan Bally

HOLLYWOOD—Tex Beneke has asked for a release from his contract with RCA Victor on the basis of an alleged brushoff from the diskery, whose advertising campaign, Beneke claims, favors Ralph Flanagan, who also plays in the Glenn Miller style.

The row over the late Glenn Miller's baton has progressed from the "smouldering ashes" stage to a full scale four-alarm fire on the basis of the charges reported lodged by Don Haynes, manager of Tex Beneke. The latter's Victor Records' pact does not expire until next January. Manie Sacks, Victor's new director of artist's relations, attempted to square matters with the irate band leader during his last trip to the West Coast. Haynes bid for a contract release for Beneke following Sacks' departure for New York.

Decca Records have advanced strong promotion for Jerry Gray, whose organization features a Milleresque style and treatment. Gray was the arranger and composer of many of Miller's most popular tunes in-

cluding "String of Pearls" and "Pennsylvania 6-5000." The major diskery's advertising campaign has heralded Gray's orchestra as contenders for the now vacant top position in the music industry's national trend to dance bands.

Capitol Signs Wayne Gregg

HOLLYWOOD — Wayne Gregg, popular orchestra leader in the Chicago area, signed with Capitol Records this week. Gregg will be featured on vocals along with his 13-piece band. Wayne started his career in show business as a singer with the old Clyde McCoy crew and later joined Jack McLean. When McLean departed, Gregg stepped in as leader of his group. He is best remembered for popularizing "My Adobe Hacienda" a few seasons back. Wayne is currently appearing at the Trianon Ballroom in the Windy City. Capitol releases his initial coupling on March 20, pairing "Red Lips" and "Ten Times" on wax.

Diskers Seek Release On "Manhattan Towers" Theme

NEW YORK—Gordon Jenkins' premiere teevee showing of his "Manhattan Towers" on the Ed Sullivan Sunday night show has resulted in a concerted campaign among radio artists and diskeries to obtain releases for recording and performances of the "New York Is My Home" section of the work.

"Manhattan Towers," since its release in the Decca Album, has been on the restricted list and cannot be performed or recorded without the permission of the copyright owners. However, the tremendous reaction from TV viewers and the personal appearance of Mayor O'Dwyer to commend the composer, has stimulated sufficient pressure among the platteries to raise the clamor for recording rights to "New York Is My Home."

Reluctance to grant the recording and performance rights stems from "feelers" sent out by picture companies on the possibilities of obtaining rights to the story line and music of the album. Lou Levy, Leeds Music Corporation, is at present in Hollywood conferring with interested movie execs.

Columbia Records Up New Sales Marks

NEW YORK—New sales records have been set by Two Columbia pop disks released within the past two weeks, according to Paul E. Southard, Vice-President in Charge of Merchandising.

"Go To Sleep, Go To Sleep, Go To Sleep" featuring Mary Martin and Arthur Godfrey, has sold 250,000 copies since its release February 23rd. Also reaching the heights is Gene Autry's waxing of "Peter Cottontail," an Easter special which has sold over 175,000 platters since its March 6th release.

Miss Martin and Mr. Godfrey were teamed for the first time on the "Go To Sleep, Go To Sleep, Go To Sleep" side while Autry's version of "Peter Cottontail" has been released both in the pop pressing and the kiddisk vinylite.

Imperial Pacts T-Bone Walker

NEW YORK—Lou Chudd, President of Imperial Records, announced that he has signed recording artist T-Bone Walker.

The Coast diskery chief has been on a flying visit of the entire country stopping at New Orleans, La., before visiting the Big City. He is expected to have returned to Los Angeles on the 16th. The acquisition of guitarist Walker is a real feather in the cap of the fast-moving Chudd as the artist has been responsible for many hit numbers.

Sid Silverman, Variety Publisher, Dies

Sid Silverman, publisher of Variety and Daily Variety, died at his home in Harrison, N. Y., March 10 (Friday) after a lingering illness. Silverman was 51, he is survived by his only son, Syd, 18, a senior at Manlius Military School, and by his mother, Mrs. Sime Silverman, widow of the founder of Variety. Mrs. Sid Silverman, mother of the Manlius cadet, died in New York, Nov. 12, 1941. She was the former Marie Saxon, musical comedy star who also had a brief career in Hollywood.

A great athlete, critic and publisher, Mr. Sid Silverman will be mourned by his many friends in all branches of show business.

Shapiro-Bernstein Nabs "Where Can I Go?"

NEW YORK—Shapiro-Bernstein & Co., this city, has acquired the American publishing rights to the song, "Where Can I Go," a tune that almost every major pubbery had been anxious to get.

The song deals with the plight of displaced persons, and has lyrics by Leo Fuld and Sonny Miller. Musical score is by Sigmund Berland. Fuld recorded the song for London Records, which has since aroused tremendous interest.

Arrangements for the acquisition of "Where Can I Go" were made via transatlantic phone, with the American rights coming from John Firman, manager director of B. Feldman & Co., the original copyright holders.

RCA Victor Promotes Two Veterans To New Posts

CAMDEN, N. J.—The appointment of R. C. Dove and H. V. Somerville to the positions of Operating Assistant to the Vice President and Technical Assistant to the Vice President, respectively, were announced this week by Robert A. Seidel, Vice President in Charge of RCA Victor Distribution.

Mr. Dove had been engaged in inventory control for RCA Victor for the past four years and had served both the general office and the Engineering Products Department in that capacity. Prior to joining RCA Victor, he was with Montgomery Ward & Company for 18 years.

7½c COIN HEARINGS IN SENATE TO BE HELD MARCH 21 and 22

Imperative Coinmen Rush Letters or Wires At Once To Senate Banking and Currency Committee, Wash., D. C.

WASHINGTON, D. C. — Senate hearings on the proposed 7½c coins will be held the morning of March 21 and 22 in Washington by the Coinage Sub-Committee of the Senate Banking and Currency Committee.

Edward W. Mehren, chairman of the board of the American Institute for Intermediate Coinage, is in Washington at present and will appear before the committee. Mehren addressed the music operators at the recent MOA convention in Chicago, and was received enthusiastically by operators who realize the importance of the minting of a new coin, which would give them the opportunity to run their music machine business on a profitable level.

However, Mehren in a phone conversation to *The Cash Box* this week, made it clear that it is most imperative that all in this industry get behind the initial hearings with all its energy. Letters or wires must be sent immediately to the Senate Banking and Currency Committee asking that action be taken.

"Letters and wires regarding the proposed coins will be testimony" stated Mehren. "They should be sent to the Committee as soon as possible—to arrive preferably before March 21. Letters received following that date may be used in evidence, if received soon afterwards.

"This is the time for action! It is an absolute *MUST* that coin machine operators write a letter to the Senate Banking and Currency Committee *AT ONCE* if they want the 7½c and

2½c coins to be approved by Congress this year. Adequate demand for the coin can only be demonstrated in this manner. The whole success of the legislative effort depends on a favorable report from the Committee. The Treasury Department insists that there is not enough demand for the coins, and may so testify at the hearings. The coin machine operators are the ones who can make the demand that now exists evident to the Senators. *Letters will do the job!*"

Mehren, thru long experience at Washington, recommends the following procedure:

1) *Write a letter to: Senate Banking and Currency Committee, Senate Office Building, Washington, D. C.*

2) *Tell the Senators that you specifically favor the 7½c coin (provided for in the Senate Bill S. 3152).*

3) *Tell them your reasons in your own words.*

4) *Make your letter any length you desire—though one page will receive most attention.*

5) *Get others to send letters favoring the proposal.*

6) *Send letters Air Mail.*

Letters from South Carolina, Idaho, and Louisiana coinmen are particularly desired, Mehren stated.

As pointed out in *The Cash Box* thru editorials since May, 1946, coinmen stand to gain considerably by the favorable passage of this legislation, and it is imperative that letters go forward immediately. **RUSH THEM AT ONCE BY AIR MAIL.**

Demand For CMI Show Space A Month Ahead Of Schedule

DAVE GOTTLIEB

CHICAGO—CMI's annual Coin Machine Show at Hotel Stevens, June 26, 27 and 28, will have equipment never before seen at any show, according to Dave Gottlieb, CMI show chairman.

"Four manufacturers will exhibit games never before displayed at any coin machine show" Gottlieb stated. "As a matter of fact, the amount of new equipment that will be shown indicates that the CMI show will certainly be the most diversified ever put into one exhibition hall."

Gottlieb continued "The Stevens Hotel's air conditioned exhibition hall is

the largest ever contracted for by CMI. It is a huge room and set apart from the rest of the hotel with a private lobby which is served by both elevators and stairways.

"There will be no jamming or confusion for registration as a result. In past years, because of the heavy demand for space, we had confused milling around the hotel lobby. Because of increased demand for space and to eliminate confusion, CMI directors decided on larger quarters.

"Because the operators themselves by a vote of 10 to 1 suggested the latter part of June, we decided on the large exhibition hall at the Stevens because of its air conditioning and in addition it met all of our requirements."

Gottlieb said demands for show space were running about a month ahead of the usual schedule. First allotment of space went out this week, he said.

"The 1950 show will be the most revealing ever staged by CMI," added Gottlieb. "For the operator who is looking for diversified equipment to operate on his routes, the CMI show will present what the operator needs—a complete picture."

A program of entertainment for operators and their families has been set up. Gottlieb stated that tickets will be obtained for radio and television shows in advance so that wives and children can enjoy themselves, and there will also be lake tours and other tours of interest.

Chicoin Introduces New "Bowling Alley"

CHICAGO—Chicago Coin Machine Company, this city, after a most sensational consecutive week production run of its now famous "Bowling Alley" announced it has gone into production of a new "Bowling Alley."

The new machine features all the money making features of the previous game, but has, in addition, several new innovations, one of which is the addition of plastic bowling pins. The game is just as fast playing as "Bowling Alley," but these added features makes for additional player appeal.

The new "Bowling Alley" with plastic bowling pins has been out on test for several weeks, according to Chicago Coin officials, and has proven extremely successful.

First shipments have been made to distributors, and quantity production is being rushed so that deliveries to operators can be made as rapidly as possible.

Cincy Phono Assn. To Hold Elections In April

CINCINNATI, O.—The Automatic Phonograph Owners Assn., this city, held its regular monthly meeting on Tuesday, March 14. Charles Kanter and Abe Villinsky, who represented the association at the MOA convention, related the highlights to a large group of members. It was stated that the association planned on embarking on a merchandising and publicity campaign as outlined by the various speakers at the MOA convention.

Milton Marmer and Bob Fogel of Sicking, Inc., explained the features of the Wurlitzer 1250 which was on display.

Nat Bartfield, BW Novelty Company, leaving for New York and Pennsylvania with his wife and two children to spend the Easter holidays.

Next regular meeting scheduled for April 11 expected to draw 100% attendance as annual election of officers will take place.

Keeney Delivering New Shuffle Bowling Game "ABC Bowler"

JOHN CONROE

CHICAGO — John Conroe, vice president, J. H. Keeney & Company,

announced the firm's new shuffle bowling game "ABC Bowler" is now in full production.

"First machines off the line were sent to our complete roster of distributors thruout the country" stated Conroe "and we immediately started to feel its effect. Phone calls and wires from every point of the nation began to arrive, demanding quantity shipments immediately."

"ABC Bowler" features official bowling scoring, with shuffle rebound action. Scores are posted on the backboard instantly showing strikes, spares, splits, etc. Keeney's original lite-up pins clearly indicate scoring on each frame.

"The rebound action of the puck makes 'ABC Bowling' one of the fastest playing games ever built" stated Conroe, "assuring operators of heavy earnings."

"We are running full blast and quantity shipments are being made as rapidly as possible."

Spring, Spring—Go Away!

No operator welcomes more springs—the springs in his music boxes already worry him enough. Only on the AMI does “spring” cease to be a headache; examine our record changer and you’ll marvel at how this comprehensive mechanism functions with so few springs! Only five of the familiar coil type, ordinarily recognized by laymen as “springs,” are needed by the AMI during the complete cycle of changing a record. Simplified engineering explains its trouble-free performance.

The “C” is Built for the Operator

Model “C” wins you because it’s built for you! Fast front-door servicing. Double size cash box, double locked. Beautiful blond and natural mahogany cabinets; net weight only 253 lbs. Choice of de luxe color effects to suit every location. Lowest operating cost; highest profit per dollar of investment. For security and satisfaction center your efforts on the “C”!

Wurlitzer Wins 3 Safety Awards

NORTH TONAWANDA, N. Y.—The Wurlitzer factory, manufacturers of the Twelve Fifty phonograph, carried off three 100% safety certificates in the 1950 state-wide accident prevention campaign of the Associated Industries of New York State. Awards were made at a dinner held March 14 in Hotel Statler in Buffalo, N. Y.

The Wood Division, Assembly Division and Metal Division at the Wurlitzer plant producing the new Twelve Fifty automatic phonograph, each won a 100% certificate for having no accidents in the thirteen week period constituting the duration of the campaign. This record was particularly impressive in view of the fact that all production had been speeded up to meet the demands for deliveries of the new model phonograph immediately following nationwide showings on Wurlitzer Days, February 12th and 13th.

R. C. Roling, president and Morris Bristol, vice president and counsel from the corporation's office in Chicago, as well as the men in charge of manufacturing at the North Tonawanda plant, attended the dinner.

The presentation was made by Harry C. Lautensack, president of the Buffalo Chamber of Commerce. The awards for Wurlitzer were accepted by Florian F. Fronczak, safety manager of the North Tonawanda plant.

Ely Ross, Taran Distributing, breaks away from the office and makes a sales trip thru upstate Florida. Ross reports greater sales of AMI phono model "C" and United's "Double Shuffle-Alley" than had been anticipated even in his most optimistic figuration. Greatly in need of a rest, Ely has a deal on with Sam Taran—whenever Sam's in town, he'll take off. . . . Roy McGinnis, J. H. Keeney & Company, advises he hopes to stay around until the beginning of April.

Willie (Little Napoleon) Blatt comes up with a complaint (which is very unusual for him). It seems that practically every visiting coinman calls on him during his stay here, and whenever they wish to locate other visiting friends, request what hotel

this one or that one is staying at. He's thinking of putting up a "Bulletin Board" or opening an "Information Booth." Willie tells us he doesn't mind passing this info along, if only the visitors would leave the names of their hotels with him. . . . **State Assn. Meet In
St. Paul Next Day**

MINNEAPOLIS, MINN.—A special meeting of the Twin Cities Operators was held Thursday, March 9, at the Hastings Hotel, this city, to discuss the new license proposal made to the City Council.

The matter is now being decided by the Council, and reports indicate it stands a very good chance of being passed at the next meeting of the body when pinball licenses come up for renewal. The measure would assess each operator an initial \$500 license fee, which would apply to 10 machines at \$50 each.

It was pointed out at the meeting that this measure favors the professional operator, as it would eliminate locations from buying and operating its own machine.

ST. PAUL, MINN.—A large turnout of operators attended the Minnesota State Association meeting, held Friday, March 10 at the Midway Commercial Club Building, this city.

Many of the out-of-town operators remained in Minneapolis for the weekend, attending the various shows and night spots.

SAM STERN

CHICAGO.—Sam Stern, vice president, Williams Manufacturing Company, this city, announced the introduction of its new five-ball game "Dreamy" this week.

"There has been a terrific demand for good new five-balls this past month," stated Stern, "and we are now on the production line with 'Dreamy,' which on test locations has proven to be one of the best we've ever manufactured."

The game is described as one with great player appeal, featuring fast play and a different sort of action. It has a modern playfield design, special "when-lit" rollovers, thumper bumpers, flippers, point scoring, high scoring, and the original Williams' tilt reset.

"There is no substitute for Quality!"

Expresses Gratification At Success Of MOA Convention In Chicago, March 6, 7 & 8

CHICAGO—After the completion of the convention of MOA (Music Operators of America) which ran at the Palmer House, this city, on March 6, 7 and 8, George A. Miller, national chairman, was extremely pleased, and issued the following statement:

"The officers and executive committee who launched this undertaking expected a small representative assembly in its initial effort. It became apparent before the convention opened that the situation was completely underestimated. Music operators from all parts of the nation were pouring into Chicago to give MOA, and what it stands for, their support.

"The Executive Committee and exhibitors were both amazed and gratified at this performance. Serious minded, purposeful music operators surged into the meeting rooms and exhibits each day. It astounded the observers and professionals who admitted they have never witnessed anything comparable in the coin machine industry.

"Here was a spontaneous response from the grass roots. How can one explain this unusual development? Perhaps the key may be found in the caliber of MOA leadership, or perhaps because the leadership has provided the means whereby this entire business may be lifted to a higher and more profitable level. "That can best be done by improving the lot of the music operator. It

GEORGE A. MILLER

follows that this will create a better market for the suppliers. It is now crystal clear that all allied branches of this industry can best serve themselves by encouraging their customers to help themselves.

"The series of meetings for three days were well attended. They were extremely interesting and educational. Many operators expressed their feeling that for the first time they were returning home from a coin conven-

tion with new ideas and a more enlightened grasp of their business. This was the first time that the operators had the opportunity of discussing their problems with manufacturers, suppliers and operators from all parts of the nation. Each operator had an equal voice and vote on all matters pertaining to the automatic phonograph industry. It was made clear in my closing address that MOA is a representative organization for all operators in the country. It is not now, nor ever will be controlled by an individual or groups of individuals with selfish interests.

"The officers and executive committee of MOA were host to over 334 at the banquet held Wednesday night, March 8. Lack of space and facilities meant turning away many friends who wanted to join with us in this convention finale. It was an unusual spectacle and tribute to MOA.

"To those suppliers who encouraged us by being exhibitors, we are deeply appreciative. To the trade press who did a thorough job, our thanks would be an understatement. To the music operators of America, we salute you. Because of your loyal support, 1950 will mark a milestone in which our music business took a progressive step forward.

"The officers and executive committee of MOA have the deep satisfaction of knowing that our first convention was a huge success and that it was a job that anyone may say was 'well done'."

EASTERN FLASHES

March 15th was the big "get it up" week to Mr. Whiskers all over the country—but in New York games ops had an additional cash payment to make. Yearly license fees of \$50 for all locations running shuffle type games had to be paid. Many ops have been holding games off from locations during the past few weeks, as it would have cost the same \$50, but would have been in effect only until the 15th of March. Licenses taken out now hold good for a whole year. The games business here is more stable than at any time in the history of the business. Most of the operators are old line substantial operators who know the operating business backwards, and know they must cooperate all around. It is the consensus of opinion that from now on a great many more locations will be spotted by operators with a variety of games, moving some of the older type shuffles to poorer locations, and giving others new games being shipped in by Chicago factories.

Associated Amusement Machine Operators of New York (games association) held a meeting on Monday night, March 13, at the Broadway Central Hotel. Altho a great many operators have joined up, the attendance wasn't too good (as was expected) due to the fact that operators were chasing around setting up their locations for the license tax which they were to pay on March 15. However, those who attended heard some very interesting news from Louis Rosenberg, Teddy Blatt and Mendy Mendelson. Operators are particularly pleased with the program and results obtained thru the cooperative efforts of all members.

Leave it to the ingenuity of coinmen to overcome all types of problems. The Koepfel brothers, Harry and Hymie, Koepfel Distributing Company, doing such an extensive business in the wholesaling of used music machines, they haven't enough room to hold the machines as they come and go. However, they worked out a brilliant plan. As all machines must be checked and completely renovated, they must go thru the mechanical department. All machines being delivered are taken into the cellar storage room. As machines are sent thru the repair department, they are moved up front for crating. Then another machine comes up from the cellar. After crating, machines are placed on the sidewalk in front of the store. However, as it isn't permitted to load the sidewalks, here is where the Koepfels put their brains to work. They have their ten ton truck parked along the sidewalk, and machines are stacked in the truck, using it as a sort of warehouse. When the delivery trailer comes along, it is backed up to the truck, and machines are simply rolled into it. Clever, eh?

Barney (Shugy) Sugarman and Abe Green, Runyon Sales Company, sporting new beautiful cuff links—a gift. Shugy, by the way, doing a "Willie Blatt"—that is, relaxing, and doesn't permit anything to bother him. A victim of high blood pressure, Shugy points out "The doctor advised that aggravation only means my pressure rises to 180, 190, and upwards until I 'blow my top.' So I've become smart—I won't let anything bother me from now on." A number of coinmen will be present at the wedding of Shugy's beautiful daughter, Lorraine, on Saturday, March 25. . . . Dave Lowy, Dave Lowy & Company, places Keeney's new shuffle game "ABC Bowler" on his floor, and reports immediate acceptance. . . . Joe Young, Young Distributing (Wurlitzer distributor) reports that his sales staff continues to load up orders for the new 1250 phono. . . . Mike Munves, after a week's illness back on the job. Mike looks rested. Tells us that orders for arcade equipment are starting to come in. . . . Sidney Levine resting up in Miami after that strenuous week at the MOA show. . . . Manny Ehrenfeld, that demon operator from Bayonne, N. J., visits on coinrow. . . . Can't catch up with Meyer Paarkoff, Atlantic-Seaboard New York Corp. Seems he's always out seeing the trade.

Al Simon, Albert Simon, Inc., places Chicoin's new "Bowling Alley" with the plastic bowling pins on his floor, and smiles happily. . . . Dave Stern, Seacoast Distributors, Elizabeth, N. J., reports great increase in the wholesaling of used equipment. Also that Rock-Ola's "Shuffle-Lane" continues to move as rapidly as he receives delivery. . . . Dick DeCicco, Westchester Amusement Company, Yonkers, N. Y., on coinrow doing some busying.

DALLAS, TEXAS

Henry Manning, after suffering a severe heart attack, is recovering slowly but surely, and wants to get back on the job. As a matter of fact, we all want to see him back and soon. . . . Ray Barnes bounced into Dallas just in time to help Armando Rivera and Marian Jones celebrate the latter's birthday at the mural room. . . . 'Cuse please, the Dallas column that wasn't here last week. Biggest complaint came from W. W. Brown at Henderson. . . . Quote Brown, "The minute my cash box arrives I flip over to the Dallas column." . . . Jimmy Bounds, Mexia, dashing around Dallas in a new Buick. . . . Bill McWhirter took over the operation of Big Spring Music Company—good luck Bill. . . . We hear Jack Malone, Panther Dist. Company, is converting his music machines to 45 rpm. This seems to be a coming thing in the phonograph business. However, Jack is first operator in the territory to convert to 45 rpm. . . . B. H. Williams returned from San Francisco and points west.

Ed Wurgler, general sales manager for the Rudolph Wurlitzer Company, spent several days in Dallas with Commercial Music Company. . . . Monk Kaiser, Hillsboro, dropped by to say howdy! . . . C. L. Ford, San Augustine, brought Mrs. Ford along on his recent trip to Dallas. . . . Loping along in his usual slow pace, none other but J. L. Eaton. . . . Hear tell that Ralph Claybrook, Ft. Worth, is joining the happy operators family. . . . Raymond Williams flew to Buffalo, to speed along those carloads of Wurlitzer phonographs. . . . Ran into I. D. Hightower looking over new equipment. . . . Mr. Cason, Tyler, dropped to let himself be known. We knew Mr. Cason recently bought Tyler Amuse, now known as S. & J. Amuse. But hadn't had the pleasure of meeting him.

Paging Holland Farrow and E. L. Certain, Jr.: Where have you been keeping yourselves? . . . Caught in the spotlight: Mr. and Mrs. Her, dancing to the music of Carmen Cavallero.

CHICAGO CHATTER

BEN COVEN

The successful return of the five-ball free play game has many somewhat dazed. But, as this publication stated some many weeks ago, this shouldn't surprise anyone. The very fact that so few five-balls were manufactured for so long a period of time, created the shortage which brought on this new, big demand. Now one manufacturer after the other is jumping back into five-ball game production and, before long, there may be just as many new five-balls on the market as there are new shuffle games. . . . Funny about ideas. Just a few weeks back, after many months of effort, Ben Coven arranged his "Coven Finance Plan" for operators whom, he believed, needed more time to pay for whatever equipment they wanted to buy and, because of more time to pay, would give ops a chance to increase their routes and thereby better their businesses. So what happens when Ben sends out the news about his "Coven Finance Plan"? He gets a load of answers to his ads and his direct mail efforts but—from "distributors." . . . George A. Miller of Oakland, Cal., (who was reelected Chairman of the MOA Board of Directors) worked like a beaver getting ready for the MOA show. George arrived on the Wednesday afternoon before the show, and worked until 4 A.M. Thurs. morning with Ray Cunliffe, going over the entire program. The next day, both George and Ray were over at the printer's all day getting the program on the presses. That evening George went out to dinner at the Pump Room to say "hello" to David LeWinter and his ork and over to the Blackhawk to meet Eddy Howard and got to bed about

2 A.M. This went on right to opening day of the show and, as all know, he didn't get any rest while the show was on. But, to make up for that long hard week of work, George is now down to the warm Florida sunshine (which he has never before enjoyed) and will spend about a week on Art (Permo) Olsen's boat just fishing.

"Little" Jimmy Johnson, prominent around these parts as one of the best mechanics in the business and also well known as both operator and distrib, now has what Floridians call "sand in his shoes." Jimmy is making Miami his home. . . . Joe Mahoney is also all gone on Florida. Joe is a great fisherman. Most of his time down in the sunny south is spent fishing. In fact, Joe has broken some long standing fish catch records. . . . Nate Gottlieb picked himself up from his desk the other day and said, "That's that." He then hied himself down to Miami. . . . John Conroe is back on the job over at J. H. Keeney & Co. once more. But, John's still taking things a little easy. He was hit hard by those "flu" bugs. . . . Earl Moloney packed his grip the other week and also barged down to grab some of that Florida sunshine. . . . They're still talking about John Haddock's (prexy of AMI, Inc.) speech at the MOA convention. Music ops report this was one of the "very best talks we've ever heard." . . . Some of the boys who just blatted away in our room at the show claimed that, "There just won't be anymore big shows like there used to be." They pointed to the last NAMA show in Atlantic City. Then to the MOA show. Since every show, they said, was going more or less over to the specialized equipment side, it would just bring in ops interested in only that type of equip't. We wonder?

Which wonderment should be answered by the forthcoming ACMMA and CMI shows which will be held in May and June respectively.

One of the most generous hearted coinmen around town is Al Stern of World Wide Distribs. And tho Al might not like our printing this, we believe that someone should tell about the way Al has gone all out for old customers. In fact, Al's responsible for the son of one of his customers being alive today. Not only did he arrange for hospitalization, but even gave the boy a portable TV receiver for his hospital room, and has been following the case diligently, as well as financially. There are other cases which have been brought to our attention. We're not mentioning names in print so that there will be no embarrassment on the part of the recipients of Al's grand generosity.

But, we do want to say here and now, "An orchid to Al." . . . Ray Moloney spent a little time in Florida's sunshine then came back to town to walk into more work than he ever dreamed would accumulate. . . . Say, have you noticed, that Sam and Ellie Stern make a very swell looking couple? . . . Sam and Charlotte Lewis of Chicoin also on their way down to Miami to get themselves a suntan. . . . If you have a record featuring piano playing tell it to Earl Moloney. He's nuts about them. . . . Leo Green and Joe Abraham are preparing a campaign which will surprise many coinmen. . . . With Canada once again importing five-balls, looks like the market for used games will zoom. Phonos, it is believed, will be allowed importation about July 1. . . . Is Nebraska getting ready to open? . . . Irv Sandler of P-S, Des Moines, Ia., seen about town, crying for more of those Supervend drink dispensers. Irving has done a grand selling job on these units and advises that he's eagerly waiting for the Supervend cigarette machine. . . . Mike Hammergren, Larry Cooper, George Dick, Paul Fuller and the whole gang up at Supervend were pretty busy boys during the MOA show and now find that they'll be even busier taking care of the many orders they wrote. Charley Pieri, Frank Mercuri, Clare Meyer, Joe Batten, Ford Sebastian, Ed Hughes, and others over at Exhibit, working like beavers because of the territories which are suddenly springing to life for their Rotary Merchandiser. . . . Pat Buckley clicked with his Buckley Puck for shuffle games and shuffleboards. He's packing them eight in a very handy plastic box. Jerry business tells me that the price they placed on this box of 8 pucks has simply got things going busy. . . . Herb Oettinger, Billy DeSelm, Ray Riehl and all the boys over at United Mfg. Co. are at last getting a bit of rest after their "That operators' meet, the MOA crowds, and have now fallen back to only the lot s, whose numbers would surprise you.

"Little Napoleon" Dreams Of "The Good Old Days"

MIAMI, FLA.—Willie (Little Napoleon) Blatt, Supreme Distributors, Inc., one of the industry's favorite coinmen, and host par excellence to all in the industry who visit this "Playland of the World," recently entertained four of his most intimate cronies—Ray Moloney, Meyer Gensburg, Roy McGinnis and Lou Wolcher.

"These visitors started me day dreaming about the old days" sighed Willie, "when we didn't make too much money, but what a lot of fun we all had.

"I can still remember the old-time conventions where the coin machine people came to Chicago for 90% pleasure and 10% business; and when pinball games sold for \$13.50 each; and how Bally Manufacturing Company, led by Ray Moloney, played clever practical jokes on their friends and distributors (like the one involving Meyer Marcus). And how about the wonderful story Lou Wolcher tells of his 1c Flip Target operation in New York City and the tons of pennies he had to carry! And the days 'way back when the Genco factory was the size of its present day office. And a great many other memories."

Blatt ends up with the thought "I was wondering if our industry would be the same if there hadn't been people like Ray Moloney, Meyer Gensburg, Roy McGinnis and Lou Wolcher, and must come to the conclusion that it definitely would not have been as pleasant had they not been connected with the coin machine industry."

CALIFORNIA CLIPPINGS

Despite some cause for concern at the antics of the politicians up North and an effort by a few of the local dailies to confuse several other things with the coin machine industry, via an alleged minor infraction on the part of one individual, business appeared to be bearing up fairly well for most distributors and operators around the Los Angeles area, thanks chiefly to the popular reception of the shuffle bowling games. . . . Local distributors are looking forward to that long delayed visit from Bill Gersh, publisher of The Cash Box, who is due in town for a week's stay. . . . Phil Robinson of Chicago Coin, buzzed us with news of the party he hosted at a recent affair of his Beverly Hills B'nai B'rith Lodge, at which theater magnate Charles Skouras was presented with the "Man of the Year" award for his charitable and humanitarian efforts for all people and all worthy causes. Phil's guests, coming in especially for the occasion, included Lou Dunis of the Portland Amusement Company, Lou Schulman of Denver's Modern Vending Company and Ray Proctor of Sacramento, all complete with wives.

Jack Simon, who also hosted a party at the affair, is just back at his Sicking Distrib office from a run up to Arizona, San Diego and points, reporting that business up that way is holding its own. . . . At Paul Laymon's, it's still Bally's "Speed Bowler," with orders far behind shipment, Ed Wilkes tells us. Also eagerly awaited is a shipment of Genco's new 5-ball, "South Pacific." . . . Understand that Charlie Daniels is a mighty busy lad these days, redoing his dining room and breakfast nook. Ed reports that his colleague has used a ton of flagstone on the job. Hmmm, something new, flagstone walls and ceiling, but why not? . . . W. R. Happel, Jr., of Badger Sales Palms Springing it over the weekend. . . . Lyn Brown still busy with his shuffle pin conversion units, now using eight people in his shop and putting out about 100 a day while preparing to go into game mfg. out here in the very near future. Lyn admits to being no technical whiz at that but claims that partner Fred Hailparn, formerly of the Scientific Mfg. Company, and electrical engineer Lindsay Hill, recently of Mobile, Alabama, really have several excellent games lined up. . . . Speaking of new games, it's still any day now for that Nels Nelson-Bob Bard product, while Bob is keepin' mighty busy with used equipment and music operation out of his now completely renovated location on Pico Blvd.

Fred Gaunt happily excited over United's new two-player shuffle bowling game, due in on the General Music floor. . . . Mark Jennison of Mills Sales out making the rounds and the freezer dept. boys readying a fast pace for the early summer weather. . . . Dannie Jackson in at Automatic after a short trip, Sammie Donin and Georgie Warner out on the road and, to quote Dannie, "The way it is, you've got to go out after it. It just doesn't come knocking on your door these days." . . . On the Row: L. A.'s Hugh McElhenney, M. A. Olson, Henry Gerwin, Sam Ratner, H. T. Skehan, Nick Maex. . . . C. C. McGovern from Las Vegas. . . . Henry Van Stelton of La Habra. . . . Laguna Beach's Robert Chacon. . . . Archie Luper from Ventura. . . . Riverside's Jerry Cooper. . . . S. S. Ketchersid and Irving Gayer of San Bernardino. . . . Bakersfield's Harry Bannister. . . . Jimmy Hume in from Palm Springs.

MINNEAPOLIS-ST. PAUL, MINN.

Bob Sande of the North Dakota Sales Company, Minot, N. D., visited the Twin Cities last week and spent the day calling on several distributors looking for merchandise. . . . Mike Imig, President of the South Dakota State Association, and Secretary, Norman Gelftke returned from the M. O. A. Convention in Chicago. . . . Tom Crosby, President of the Minnesota State Association also was at the Convention. . . . Fred Fixel, President of the North Dakota State Association, was unable to attend the MOA Convention because of business duties. . . . Henry H. Greenstein, of the Hy-G Music Company, enroute home from Miami, also at the M. O. A. Convention for the day, and arriving in Minneapolis in the middle of a terrific blizzard.

Jim Donatel of Spooner, Wis., in Minneapolis for the day visiting the distributors. . . . Bob Cross of Jackson, also in Minneapolis for the day picking up his record supply for the week. . . . John Howe of Foley, also taking time out to drive into Minneapolis to see what's doing in the machine business. . . . Billy Lebow, of the All State Amusement Company, Minneapolis, sporting a brand new 1950 Ford.

Gabby Cluseau and Frank Major of Grand Rapids, driving in together and making the rounds. . . . J. C. Weber of Blue Earth, also in Minneapolis for the day and stopping at the Hy-G Music Company to see the new Gottlieb "Bowl-ette," as was F. E. Donaldson of Taunton. . . . John McMahon of the Eau Claire Novelty Co., Eau Claire, Wis., also in Minneapolis for the day, picking up a record supply and looking over the new games. . . . Con Kaluza, Browerville, in town buying machines. . . . I. F. LaFleur of Devils Lake, N. D., spending the weekend in Minneapolis, and expects to leave the latter part of the month for a trip to the West Coast for at least four to five weeks.

Milt Casebere, of the C & N Sales Company, Mankato, also in Minneapolis for the day. . . . Leo Berkovitch of the B & B Novelty Company, Superior, Wisconsin, driving into Minneapolis to pick up equipment, having just come back from a nice two weeks vacation from Tucson, Arizona, with his family. . . . Kenny Ferguson, operator at Stillwater, is promoting a Sportsman's Show at Omaha, Nebraska.

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
