CMI ADOPTS "THE CASH BOX IDEA"

Opens Drive For "Public Relations Bureau"

CHICAGO — For over three years now The Cash Box has been urging the coin machine industry to arrange for the creation of a "National Public Relations Bureau" for only such a bureau would be able to bring about better understanding with the public at large for this industry.

The Cash Box continued to pound home this idea for a "Public Relations Bureau" issue after issue. It met with wide acclaim thruout the nation. It brought forth a great many fine comments from all leaders in the trade who also foresaw this bureau as a tremendous need as the post-war period came into being.

Now the Coin Machine Industries, Inc., the association of all the leading manufacturers (as well as a great many distributors, jobbers, allied industries, etc., who are listed as "associate members" and have no voting power) is coming to the fore to bring about the formation of such a "Public Relations Bureau".

CMI is asking each and every member of the coin machine industry to invest in his future (as well as the future of this industry) by becoming an associate member for the nominal cost of \$25 per year. It is believed that at least 1,000 such memberships will be taken and that this will be doubly matched by the manufacturers themselves so that a "Public Relations Bureau" can get under way with a healthy financial fund.

The letter which left the offices of Jim Gilmore, secretary-manager of Coin Machine Industries, Inc., this week, read as follows:

TO ALL COIN MACHINE OPERATORS AND DISTRIBUTORS
(A Message of Extreme Importance
Calling for An Immediate Reply
from You)

Dear Friend:

This year of 1946 is the most serious and challenging year the coin machine industry ever faced. The business outlook was never better but the very favorableness of that outlook presents many new and complicated problems.

One of these problems—and by unanimous thinking the most important of them all—is Public Relations for the Coin Machine Industry.

The pre-war and war periods, and the aftermath of the war have had a definite effect on coin machine operations. The public attitude toward the

idea of coin machine operating is in a vacillating condition — sometimes we think the public is for us and sometimes we think the public is against us. You, of course, need not be told how important is public good will. Scores of leading American industries have methodically and cleverly built up a favorable attitude toward themselves by spending definite sums of money for public relations.

We firmly believe that the Coin Machine Industry is ready for Public Relations RIGHT NOW. We further believe that if we hesitate much longer about promoting a campaign aimed at creating public good will, all of us may suffer either direct or indirect loss. For instance, any failure to profit from the good will for the industry that has been and will continue to be built up by returning service men would be downright negligence.

Coin Machine Industries, Inc., is the association composed of nearly all the major manufacturers of coin operated machines. We are the organization which has held the coin machine conventions and shows which for so many years in the past gave the industry its great annual inspiration. As Directors, we have been authorized by the manufacturer members to invite you to

BECOME AN ASSOCIATE MEMBER!

An associate membership will cost you \$25.00 a year, payable in advance. Your \$25.00 will cover your 1946 dues in full and besides bringing you an official membership certificate and entitling you to special privileges in connection with our regular activities, will be used entirely in the interest of a strategic, skilled and immensely effective Public Relations Campaign. The effect of this campaign will undoubtedly and with surprising speed extend to your own personal activities, your own special territory and should, in all probability be worth many times \$25.00 to you.

The manufacturers will assume the lion's share of the expense of this campaign, but we would not deem it a representative, complete or an *industry* campaign unless you were in it, too.

You personally are known to some of us, perhaps to all of us, who sign

this letter and probably nearly all of us know you, too. If there is any one of us to whom you would like to send your \$25.00 check, make the check out to Coin Machine Industries, Inc., and send it to the particular coin machine manufacturer or any of the officials of this company. If you do not wish to send the \$25.00 to a manufacturer, send it to Coin Machine Industries, Inc., Room 508, 134 North La Salle Street, Chicago 2, Illinois.

CHARGE THIS ITEM AS DEFINITE EXPENSE FOR THE YEAR 1946, DESIGNATING THE EXPENSE AS ASSOCIATE MEMBERSHIP DUES IN COIN MACHINE INDUSTRIES, INC. THIS MAKES IT DEDUCTIBLE FROM YOUR INCOME TAX.

This letter has been sent to the country's most representative and successful Distributors and Operators, those who have a big stake in the future of the business. It's a printed letter but it's every bit as personal as a long distance telephone call or an hour of conversation in our office or yours. Knowing how interested you are, and how extremely cooperative you have been in the past, we think you will not lay this letter down until you have reached for your check book.

Each one of the names below will know of your personal cooperation, your endorsement of this Public Relations campaign, and will be informed immediately on receipt of your \$25.00. We will keep you informed every step of the way—but we do need action quickly and we trust you will reply immediately. **COOPERATION PAYS.**

NATIONAL TAX COUNCIL NEEDED NOW

Nation's Cities Need Greater Revenue. Already Increasing Coin Machine License Fees.

NEW YORK — From everywhere in the nation comes requests that The Cash Box continue its efforts with even greater vigor to help bring about the creation of a "National Tax Council".

These leaders believe that license fees are going to rise to unheard of highs this year unless there is gathered together in this industry an organization which will help coinmen to hold down fees to present base or even cut them where necessary.

There is no organization or individual in this industry where the trade can go in an emergency to obtain precedents of former tax cases, data on taxes now in effect, information on city or state ordinances regarding taxes and on the legalities necessary to the raising of tax revenue. There are no tax experts devoting themselves to the needs of this industry.

And taxes are beginning to skyrocket. Los Angeles County has just placed a tax of \$12 per year on each phono and \$1 per year on every wall box. The music operators of Southern California are fighting (by petition) to get this down to \$6 per year per phono and 50c per wall box.

In the meantime pinball license fees in Los Angeles County jumped to \$36 per year but by the good work of Samuel (Curley) Robinson of

AOLAC this was lowered to \$24 per year. But, even this is an increase over former fees.

At the present time Omaha is fighting an increase from \$10 per yearly license fee to \$150 per year on pinballs in addition to a \$1,000 per year occupational tax for each operator. Pinball ops here are countering with a \$20 per year fee and a \$100 per year occupational tax. Juke boxes in Omaha, unless something is done, will be increased from \$5 per yearly license to \$100 per year plus a \$1,000 per year occupational fee for each juke box operator. The juke box men are offering the city \$10 per machine plus \$50 per year occupational tax.

The City of Chicago went all out in an ordinance of its own and boosted the juke box fee to \$50 per year. And tho defeated in the Illinois Supreme Court as a state revenue measure it now remains a city of Chicago ordinance.

The city of Minneapolis is asking that juke boxes pay \$50 per year license fee where they formerly paid nothing at all per year. This is a record jump for any city. And as far as pinballs are concerned Minneapolis wants an increase from \$50 per year license to \$150 per year. They pushed this into effect as a "regulation" to pay for 40 more patrolmen needed to "regulate" pinballs and juke boxes

in this city.

Outstanding record of all time for asking an increase in pin game license fees is the small town of Irvington, N. J., which is attempting to increase its yearly license from \$5 to \$2000 and an additional \$10 per year from each location owner.

Philadelphia, too, is facing an ordinance which will kick its yearly phono license fee to \$25. This is being bitterly contested by the juke box association here. And now Philly's coinmen fear that pinballs, too, are in for another increase.

Economists are crying out that with the U. S. Government over 262 Billions in debt it cannot carry the load for unemployment and poor relief. It must turn this burden over to the states, they claim. Many of the states are out of the red for the first time in a decade. These states are naturally going to seek additional revenue. They are not going to let such relief be cut into their present financial reserve.

It is therefore up to the members of this coin machine industry to get together immediately to create the nucleus for a "National Tax Council". This need grows greater every day. Such a council must be put to work now to help this business survive the tremendous revenue bills which are being introduced thruout the nation.

ANTI-CLIMAX TO THE BUCKLEY BILL

Reports Claim No Action Taken Or Will Be Taken And That Rep. Chas. A. Buckley Himself Will Not Push For Passage Of H. R. 3190. But Bill Still Remains In House Patents Committee.

IF REP. BUCKLEY MEANS IT WHY DOESN'T HE WITHDRAW BILL FROM COMMITTEE ENTIRELY? Trade Asked To Withhold Any Further Letters And Wires To Congressmen.

NEW YORK — As a result of the intensive campaign by The Cash Box to halt the Buckley bill (H.R. 3190) from being a threat to the members of the juke box industry, word reaches this publication from confidential sources that there will be "no action taken on the Buckley bill" and that "Representative Charles A. Buckley (D.-N. Y.) will not push for passage".

Naturally, these are the most heartening words yet received. They are a result of the many hundreds of wires and letters which reached Congressmen from members of the juke box trade. There is no doubt that many of these Congressmen immediately investigated the bill and also contacted Rep. Chas. A. Buckley and that, after discussions with him, learned that he would not push for action.

But, what puzzles many juke box leaders, is why Representative Buckley does not entirely withdraw his bill from the House Patents Committee if he intends to let it be shelved. The fact remains that as long as the bill is there someone, at some later date, may take advantage of it just when the members of this industry are completely lulled to sleep.

In the meantime, the trade is asked not to send any further letters or wires to their Congressmen or to Congressmen who are members of the House Patents Committee while no action is being taken. It will be up to those men who worked so hard to get Rep. Buckley to state that he would not "push for passage" of this bill to watch that no other Congressmen, who may be a member of the House Patents Committee, will push for its passage.

And, furthermore, as time goes on leaders in the trade should make it their business to get this bill removed from the Patents Committee entirely.

CAPT. CALLAGHAN JOINS BALLY

Former Secret Service Official Will Head Music Division

CAPT. THOMAS. J. CALLAGHAN

CHICAGO — Capt. Thomas J. Callaghan, who recently retired as chief of the United States Secret Service in the middle west, has joined the Bally Manufacturing Company staff as director of the Bally music division, according to a statement by Ray Moloney, Bally president.

"George Jenkins and I," Moloney said, "believe that, not only the Bally organization, but the entire industry is fortunate in attracting Tom Callaghan to our ranks. His prestige and personal popularity, among leaders in every community in the country, are definite assets to the industry as a whole. His familiarity with local conditions, not only in the middle west, but in all sections of the nation, will enable him to assist operators in solving local problems. His tremendous energy and administrative ability will directly benefit all who look to Bally for their post-war equipment."

"We know that we have in the Bally Phonograph an instrument unmatched in brilliance of style, rich tonal quality, mechanical precision and simplicity. Tom Callaghan's job is to push that wonderful Bally Multiple Music into the top rank in a hurry. His countless friends know he is the man who can do the job."

Capt. Callaghan, whose career with the Secret Service extended over a period of 37 years, is recognized as one of the most colorful and able executives in America. He numbers among his friends the civic and business leaders in practically every community in the country. He was, at various times, personally responsible for the safety of six presidents of the United States — Teddy Roosevelt, Taft, Wilson, Coolidge, Hoover and Franklin D. Roosevelt.

The responsibility for protecting the King and Queen of England, Winston Churchill, Madame Chiang Kai-Shek and other distinguished visitors from foreign lands also rested on Callaghan's shoulders.

Madame Chiang Kai-Shek expressed her gratitude by presenting Capt. Callaghan with a watch of rare beauty on the face of which time is indicated in Chinese characters. The Chinese Government also honored Callaghan with a special decoration, the Order of the Banner and the Cloud, which he was unable to accept while in the service of the United States. Since his retirement, however, the State Department plans to present the decoration to him.

Of special interest to coin machine men is Capt. Callaghan's record in breaking up the largest counterfeiting rings in the country. During the war, he fought the rising tide of ration coupon counterfeiters and in June 1944 broke up the largest black-market syndicate in the middle west.

Capt. Callaghan requested permission to retire from the Secret Service just prior to the outbreak of war, but was persuaded by Frank J. Wilson, Chief of the Service, to remain in charge in Chicago until the end of the war. On his retirement from the Service, Callaghan was honored at a testimonial dinner on October 20, 1945 in the Grand Ballroom of the Stevens Hotel, Chicago. The dinner, at which Callaghan was presented with a Cadillac automobile, was attended by more than 1,500 guests, including many federal, state and city officials, as well as legal and business leaders from all parts of the country.

Discussing his appointment to the Bally staff, Capt. Callaghan expressed his faith in the future of the coin-operated equipment industry. "While with the Secret Service," Callaghan said, "I had ample opportunity to observe the development of the industry. I was very favorably impressed at the rapid growth of the industry, from a comparatively small group of men, not too sure of their status, to a large industry on a sound and stable basis.

"The industry is performing a service desired by the American people, and the American people are beginning to recognize the value of that service. I am proud to belong to this great industry and particularly proud to be associated with Ray Moloney and his aggressive, forward-looking organization."

SILBERMAN URGES UNIFIED INDUSTRY

Acclaims "The Cash Box" 70% - 30% Commission Basis. Urges Creation Of "Public Relations Bureau".

CHICAGO — Al. A. Silberman of Williams Manufacturing Co., this city, writes the following letter to The Cash Box:

"The tremendous importance of the campaign initiated by 'The Cash Box' on the 70%-30% commission idea has manifested itself thruout the length and breadth of the country.

"No longer will it be possible for an operator to run his business on a 'hit and miss' basis. With the advent of new peacetime products, prices for equipment will be, of necessity, much higher. An operator must first and foremost look to retrieve his investment. Commission arrangements must be made with locations on a sensible, sound business basis, whereby an operator can look to liquidate the cost of his equipment within a reasonable period of time.

"Locations must be properly educated to the necessity of cooperation with operators. They should know the many complex problems with which operators will be confronted in regard to high cost of equipment, servicing, taxes, etc. This can be done thru intelligent organizational work, calculated to beat down the unreasonable demands of locations.

"Operators already have experienced the favorable results of unity. Associations in various cities have already helped operators immeasurably. More associations should be organized. They will be needed, because thru this medium, a sound policy can be worked out and definitely established in any given territory wherein all operators within the framework of their particular association will be assured of a fair return on their investment.

"Authentic statistics bring out in bold relief the following facts. There are tremendous unfilled demands for goods and services which have not been available during the war — demand without precedent in the history of this country. There is plenty of money to satisfy ALL these demands. All types of buyers are 'financially liquid' and installment indebtedness is practically nil. Buyers of all kinds of goods have an insatiable hunger to purchase products and services, which have long been unsatisfied. It is reasonable to assume that very soon there will be sufficient labor, materials and facilities available to produce those things which are needed.

"This combination of circumstances has never existed in the history of this country before to a degree even approaching that of the present.

"These fundamental factors are undeniable and during the next few years will carry this country to a productive level which has never been approached in the past.

"The Coin Machine Industry must make adequate preparations to take the fullest advantage of these extraordinary conditions. There will be no place in the business for the operator with 'isolationist' tendencies — the smug non-conformist, the guy who

'goes it alone', or the one who says 'he doesn't need an association', the type of 'rugged individualist' commonly referred to as the 'lone wolf'. The truth is, they will not survive.

"The industry must gird itself for action from top down—manufacturers MUST set aside petty jealousies and personal feelings, and set an example by getting together and giving new and forceful significance to the term 'strength in unity'.

"A public relations plan, an idea so commendably put forward by 'The Cash Box', should be given immediate consideration. Operators not now belonging to an association should apply for membership at once in their respective cities. The first order of new business for 1946 in all associations should be a resolution with 'sharp teeth' adopting 'The Cash Box's' idea of 70%-30% commission and settling it once for all as a matter of permanent policy.

"The Coin Machine Industry has made a magnificent contribution to Victory, and now as we settle down to peaceful pursuits, we should all have learned by bitter experience that such evil influences as the 'Buckley Bill', ridiculous legislation directed against coin machine operators and obnoxious taxation, can be successfully stifled with a strong, unified and harmonious organization."

"Woman's Home Companion" Features Juke Box Story

NEW YORK — The "Woman's Home Companion", one of the largest women's magazines in the nation, features a story entitled, "Juke Box Jamboree" in its new February, 1946 issue now on newsstands.

The item is written by Eleanor Hiteshew and the sub-heading to this title is: "Those fabulous machines that jingle-jangle-jingle while you jitter . . . know what makes them tick? Here's the behind-the-scenes story of the juke box business — and it's a big one."

The author reports on the fact that the juke biz is becoming more important daily and that it used 30 percent of 1944's \$2,000,000 worth of record sales.

The item is featured in the "junior" section of this magazine and addressed to the many juvenile readers. It is, generally speaking, a very favorable story.

Small Town Paper Tells How Slots Helped Pay Taxes

CHITTENAGO, N. Y. — The "Times" of this community advised its readers in an editorial on January 11 that, "While most state governments have laws prohibiting slot machines, collections amounting to \$7,556,200 were received by the Internal Revenue Bureau during the 1945 fiscal year thru the \$100 tax on gambling devices.

"More than 75,000 machines were reported to have paid off in taxes during the 12 month period ending June 30, 1945.

Court Orders Seized Slots To Be Destroyed

SALT LAKE CITY, UTAH — Destruction of eight machines (six slots and two consoles) was ordered by City Judge Joseph G. Jeppson.

Judge Jeppson declared that the machines were "gambling devices kept for the purpose of being used as games of chance for money" and that for this reason they should be destroyed.

The machines pictured in the local newspaper, "Desert News", were three Brown Fronts, three Gold Chromes and two Four Bells. No one appeared to protest the destruction of the machines.

Judge Jeppson also directed the sheriff's office to hold any money found in the machines until it is determined whether the state, county or city is to receive it.

NAMA RAISES \$60,000 FOR PUBLIC RELATIONS

Greene Foresees '46 As Biggest Year For Automatic Merchandisers

NEW YORK — At the meeting of the NAMA (National Automatic Merchandising Association) at the Savoy Plaza Hotel, this city (Tuesday, January 22, 1946) a fund of \$60,000 was raised for public relations work from among the members of this organization.

Sometime ago NAMA announced, thru their former president, Nathaniel Leverone, that they were preparing to enter into public relations work and that a fund would be raised. It is understood that at this meeting this fund was completed. The organization intends to go right ahead with the public relations work which they have been planning for sometime.

This is the first of the public relations efforts made in the industry and this will be the first organization which will directly enter into such work to offset many strange beliefs which the general public have regarding the equipment and business methods of this industry.

It is generally believed that one of the first jobs which NAMA's public relations men will endeavor to accomplish will be to get any thoughts out of the head of the average man in the street that this merchandising machine business has anything to do with anything but automatic merchandising equipment.

"The New York Times," on its Business Page, (Tuesday, January 22, 1946) picked up the following report of this meeting: that no revolutionary changes in styles and designs were expected in the automatic merchandising machine field and that R. Z. Greene of Rowe Manufacturing Co., who is president of NAMA, "predicted that the industry would enjoy its greatest progress in 1946."

He stated that, "The greatest progress would be in the industrial field". He also said, "If there was ever any doubt about the economic soundness of merchandising thru machines, it was completely wiped out during the war. This modern method of distribution has been wholeheartedly accepted as necessary to employee morale by industrial leaders thruout the nation."

The industry realizes that automatic merchandising will make its greatest strides during '46 and the coming years because of the accomplishments during the war period.

What proved of most outstanding interest to the members of the field and which was not mentioned in "The New York Times," was the fact that this first public relations fund has been raised and that work will soon be under way.

ROBERT Z. GREENE

This is expected to encourage the rest of the members of this industry in other fields where there is now an effort under way to create a "Public Relations Bureau" as has been urged by *The Cash Box* for more than three years now.

NEW YORK — Nat Cohn of Modern Music Sales Corp., this city, was given a testimonial dinner at the Hotel Waldorf-Astoria, this city, this past week (Thursday, January 24) by the Equality Lodge of Belle Harbor, L. I., members of B'nai B'rith, for the great work which he has done for this lodge.

Nat Brusiloff, noted band leader, acted as master of ceremonies for this affair and introduced various officers of the organization. There was a speech made regarding Nat which won much applause from all those present. Nat was presented with a beautiful watch.

Tom Saffady and L. Lymas of Vogue Records flew in from Detroit to be present at this affair. These men were quite thrilled to find so many coinmen present and enjoyed talking with the men regarding the future of their colored plastic records.

Among the coinmen present were: Jack Mitnick; Al Blendow and Bill Rabkin of International Mutoscope Corp.; Murray Leshnick and his son Bob who has just been discharged from the Army; Al Bloom; Sydney H. E. MOLINE USES FINES TO GET PART OF TAKE

EAST MOLINE, ILL. — Levying of fines against slot ops is reported to be the result of a "plan" to bring into the city treasury a part of the slot take.

During the past three months a total of 12 tavern owners were arrested on warrants issued by police chief Tom Schafer, ordered into court, and were forced to pay \$200 fines.

According to Clyde Fuller, police magistrate, these additional \$200 fines brought police court collections to \$1,526.90 for the month.

SHANNON & JAMES IN BRAND NEW HOME

HOUSTON, TEX. — A. H. Shannon and M. R. (Jesse) James of Coin Machine Sales Co., this city, are tremendously proud to be in their new home at 3804 Travis St. and are inviting all coinmen thruout the state to visit with them and, as they report, "once more get acquainted with the kind of service that always had operators happy and smiling before Pearl Harbor".

MUST SAY "NO SLOTS" OR GET NO PAY (?)

AUBURN, CAL. — Charges by Supervisor Shelley of Roseville that slots were operating in the Loomis area paved the way for an unsuccessful motion that law enforcement officers be required to swear there are no such machines in their districts before they collect their monthly pay.

The motion was defeated by a vote of two to one with two of the supervisors refusing to vote on grounds that they considered the proposal illegal. Supervisor Shelley voted against the motion.

LOSES MACHINES AS MINOR SQUALKS

SYRACUSE, N. Y. — One storekeeper here, allowing a minor to play two slots as well as some salesboards he had in his place, found to his dismay that city detectives had learned all about his equipment and was arrested this past week, his equipment confiscated and forced to pay a \$50 fine.

(This irked many noted ops here who have asked that a campaign again be put into effect by *The Cash Box* regarding not allowing minors to play any type of coin machine equipment which might bring official wrath down upon all the cointrade. *The Cash Box*, for many months, continued a strong campaign to urge coinmen to force their location owners not to let minors play machines.)

It seems, according to the press release, that the 14 year old boy who told city detectives he had spent all his money in this location had originally obtained the money thru a series of burglaries.

TALKS ABOUT PHONE BOOTH AS SLOTS

LAMBERTVILLE, N. J. — In the "Town Crier" column of the local newspaper here, "The Record, the columnist reports, "Local folks found Trenton phones dead when operators were forced out by strike pickets from Western Electric. Phone booths became slot machines; didn't know whether you'd get anything or not."

MADISON WIS. PAPER SAYS IT WILL FIGHT RE- PEAL OF THOMSON LAW

MADISON, WIS. — The "Capitol Times", this city, in an editorial (Jan. 13) wrote, "The Wisconsin Supreme Court has unanimously upheld the constitutionality of the Thomson anti-gambling law. By doing so it has assured a complete victory over the slot machine crowd whose growing power had become a menace to the integrity of government in this state.

In this editorial the "Capitol Times" reports all the many publicity releases which it had featured against coinmen in the state. It also tells how County Judge Larrabee of Chippewa county held the Thomson law unconstitutional. How the case then went to the Supreme Court and was declared to be constitutional.

This paper then goes on to say, "But the fight is not over. There will be a powerful drive to repeal the law. It must be fought. There will be a need of constant vigilance to see that the law is rigidly enforced. The Capitol Times wants to serve notice now that it will be on the alert to fight on either one of these counts whenever and wherever necessary."

Coinmen who have read this editorial claim that, "Here again is a perfect example of the lack of public relations effort by the industry. If the trade would have made it a practice to cultivate its customers, that means the public, and completely explain its products and its business methods no such drastic law could ever have passed."

THRU THE COIN CHUTE

CHICAGO CHATTER

Mr. and Mrs. Dick Groetchen (Groetchen Tool Co.) became the proud parents of a son on January 20. Congratulations and more congratulations . . . Ed Hansen of Groetchen off to Texas on a biz trip . . . Gil Kitt of Empire Coin Machine Exch. making plans to open a music distributing office in Des Moines, Ia. Further details to follow . . . Al Sebring of Bell Products is reported to be pretty definite about opening a West Coast office, details will be announced later.

Morrie and Eddie Ginsberg are jammed to the doors these days with visitors—most of whom are buyers placing orders for the new Seeburgs 146-M and 146-S. The boys claim that they will need plenty more space to display all of their lines therefore the new building they plan to erect (directly across the street from their present quarters) will perfectly fit the needs . . . Dick Hood of H. C. Evans & Co. finally gets away to Florida where he plans to spend a month and advises that on his return will be ready with a real announcement.

A.B.C. Music Service (who recently bought the Ace Music route) moving to their new quarters at Western and Superior . . . Clara Heinz of Heinz Novelty Co., Memphis, Tenn. in town visiting the manufacturers. Clara is well known to coin machine circles in the south. She has been managing the business for her brother, Chris, while he was in service, somewhere in the South Pacific.

Visitors seen around town this past week: Charles F. Burgess from New Lenox, Ill.; Maurice G. Morris from Elwood, Ind.; E. W. Presly of Grand Rapids, Mich.; Al Matilla of Republic, Mich., who was just recently discharged from the Army; Bill Herbst of Grand Haven, Mich. . . . Lou Wolcher of Advance Automatic Sales Co., San Francisco, in town visiting with the manufacturers and from all reports Lou is on his way east . . . Joseph McGlenn of McGlenn Distributing Co., Pittsburgh, in town visiting with the mfrs to see what's doing.

Sam Gensburg of Chicago Coin Machine Co. back after spending two months in Florida's sunny sunshine and Sam Wolberg packs his bathing suit quick for a trek down to the Miami country for a two month stay . . . Morrie Ginsberg of Atlas back to Miami to spend a couple of weeks with his family there .

One of the very toughest jobs in Chicago these days is captained by none other than George Jenkins of Bally. In addition to the dozens of callers he has every day, the long-distance phone in his office is continually ringing—wires and letters to read are being brought into his office and, between conferences and visits, etc., etc., etc., somehow George manages to get his work finished—but not until the dark, dark hours of the night. If you ever want to get an idea what an exec's life is like—just spend a day with George. Oh, brother.

Funny how the visitors fall off. Last week the town looked like convention time and this week it's rather quiet with visitors few and far between . . . C. M. McDaniel of the McDaniel-Sugget Music

Co., Enid, Okla., who have been music ops for the past 20 years, and who is opening in San Antonio, Tex. is one of the most interesting coinmen you'll ever have a chance to talk with . . . They tell us that one of the busiest men in town these days is Lyn Durant over at United Mfg. Co.—the firm are swamped with orders.

Dave Gottlieb is devoting almost all of his time to the new Public Relations plan of the CMI and is enthusiastic in his talks with coinmen who visit with him regarding making this the number one effort of the trade. Dave believes that public relations work at this time will insure this trade's future for many years to come. And the plans he has are really something that will benefit the industry for years and years to come—with the public relations work program growing greater each and every year as it goes along.

Ben Coven (Bally's distrib here) seen in conference with Art Garvey one minute and then back at his offices talking with ops the next minute—and somewhere else the third minute. Ben is one of the busiest guys in town. His new showrooms, by the way, getting a very nice hand from all who have seen them .

Two old timers working like two beavers and getting a terrific kick out of their work are Al S. Douglis and Dave Helfenbein of Daval who are in and out of their new place actually plunging right in to help the contractors there get the place finished for them and doing one and a dozen other things to be ready for their official opening in record time. It sure is grand to see these men as busy as bees getting ready.

Harry Williams is entertaining his dad who came to town this past week and "Dad" (as everyone calls him) is looking over the new games. He's especially thrilled with that gorgeously beautiful factory that Harry has set up here and just can't get over the beauty of the offices and showrooms and the efficient manner in which they were laid out. It seems that everyone who sees this new factory and its beautiful set-up goes home with thoughts of doing the very same thing for themselves. It sure is one beautiful job.

Al Silberman claims that all there is to do now while the strikes are on is to pay bills and play gin rummy. Al reports that he spent some time with Bill Wolf of California Amusement Co., L.A., before Bill left town and saw some really interesting gin games in Bill's suite . . . Al Stern of World Wide Distribs is one of the busiest coinmen in town these days. Al is on the go every minute of the day . . . Walter Tratsch of ABT Mfg. Co. on his way down to Florida to get some of that good sunshine.

The boys and gals over at Monarch Coin Machine Co. are making their headquarters in the corner restaurant while the building is being remodeled. With the entire front of the place already torn down the cold, cold winds blow thru and the goils and boys want that warm stove near them. In the meantime we hear that some of the plans Roy Bazelon has made for remodeling this building will make the Monarch place one of the most outstanding and attractive in the country.

EASTERN FLASHES

"Big Chief" Herman Perin of Runyon Sales Co., after a long arduous train trip, arrived in a Midwestern town, where he was met by a delegation of Indians. We understand it was only thru some real fast stepping that he was able to escape with his scalp intact . . . Lou Herman, County Amusements, White Plains, N. Y. returns to the office after spending four weeks sunning himself in Miami Beach . . . Joe Ash, Active Amusement Machines Co., Philadelphia, Pa. in New York for a few hours.

Leo Simon, Export Manager for Willie Blatt of Supreme Vending Co., and George Ponser of George Ponser Co. before the war, in the city and visits *The Cash Box* office. Leo is now in Detroit, Mich. established in an entirely different kind of business, but claims he still loves the coin machine business and may return any day . . . Joe Hanna, Hanna Distributing Co., Utica, N. Al Bloom ("King Al of Harlem") is back from a three week rest in Miami Beach, and reports that his old pal Lee Rub-inow treated him royally . . . John Mullin, Mullin Bros. Music Co., Brooklyn operator passed away this week. His brother Jim is carrying on the biz .

Bill is just out of the service, but has had experience in the field prior to enlisting in the army . . . Bob Leshnick, son of Murray Leshnick of International Mutoscope Corp. released from the Air Corps, after serving over 4 years. Bernie Goodman whose studio for wired music in Jersey City is going like a house afire reports that all Jersey wired music ops are now getting 10c per record. Bernie started the dime idea in the East and now all the others have taken it up . . . We hear that Manny Ehrenfeld, one of the old time music men, has a grand idea in wired music that will get 5c and 10c and that will prove to be a real money getter for the ops . . . Harry Wichansky of the Elizabeth, N. J. Wichanskys is reported to be doing so good with his studio that he's now willing to stack it up against anyone else in the entire state—and in all other eastern states, too.

Abe Green of Runyon Sales, Newark, seen at the Waldorf this past week—but acted very mysterious about it all. Oh, well . . . One of the habits that make old timers laugh is when they see Eddie Smith of Emby standing around jiggling a pocket full of coins? That means, the boys claim, that Eddie's on the way to start talking a fast sale. But Eddie, instead, claims that it's a habit of the old Cloverbar days (Chicago) when he looked over the customers to see whether there was some real cash in the house . . . Willie (Little Napoleon) Blatt who made a very quick pass thru town on his way to Chi and then back down to Miami Beach claims that, "Miami is heaven", and reports he'll never come back.

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Jean and Dolores Minthorne (Minthorne Music Co.) played host to about 700 guests at the grand showing of the new Seeburg Models 146M and Model 146S. A good time was had by all who attended, according to the reports which have been forthcoming ever since. And Jean and Dolores had great big smiles because of the large number of orders taken at this showing . . . With Aubrey Stemler as managing director of the Music Ops Ass'n of Southern California many a great achievement is now expected. Aubrey has some very fine plans and is getting right into instant action on these so that all the boys in the juke box field will be well acquainted with them — soon . . . Frank Berger of Berger Enterprises is not well these days. So he rigged up an office in his bedroom and is able to carry on his extensive operations from there. With Frank getting out some of the best hit tunes of his career and worrying about sufficient production because of the large number of advance orders already taken for the Liberty disks — that's some job for a man in bed.

Paul Laymon is down again with a very sore throat. In fact, so sore that he can't talk above a whisper. But, true to the old fightin' Laymon spirit — he's down at the office every day and still doing business. (Wonder how he keeps away from telephones?) . . . Len Kelly of K. & M. is really going to town in northern Cal and Oregon with the Memo disks. Fred Meyers of the firm is busy (and working nights) to fill the orders Len is sending in from every town he calls on as he rolls along. (By the way, fellas, the name of that new steno Fred has is Pearl Thomas. And it's no wonder the K. & M. quarters are getting more and more callers these days.) . . . Al Sleight, Bally's regional man is in town again and reports that Bally will soon be shipping in some real great surprises for the boys which are going to make history. Can't keep this Sleight down for a minute — always going — and always doing. . . E. L. (Scotty) Gosset moved his service shop to 3038 W. Pico Blvd. Scotty reports that he expects to close a deal very soon for new and larger quarters.

Ops seen shopping along coinrow this past week: Ray Proctor of Sacramento, Mr. and Mrs. John Patrick of Santa Maria, Cam Hathaway of San Luis Obispo, Al Cicero of Santa Maria, Tom Catana of L. A., Joe Orcutt of Eugene, Ore.; Joe Richarme of Long Beach, who reports that he is closing shop and making a trip over to New Orleans and other points in the southland for a real vacation . . .

Nick Carter of Nickabob Sales who is the Aireon distrib reports that he is sending Jack Turner of Fresno and Allen Brown of these offices to Aireon's factory in Kansas City to attend the servicemen's school . . . Jack Gutshall is still out of town and reports filtering back say that he sure is not enjoying the blustering zero blasts of the eastern seaboard — he wishes he were back in the sunny California clime.

Jack Weisberger and O. W. Glenn of Las Vegas seen in town this past week as was John Mallet of Claremont . . . Len Micon of Pacific Coast Distribs left for San Francisco. With the fact that he expects to get some shipments from Evans soon — Len is

making ready for big doings . . . A big turnout is expected at the February 4 meeting of the music ops association at the Embassy Auditorium. This will be the first time that many of the music men will meet their new managing director — Aubrey Stemler . . . Samuel (Curley) Robinson is also calling a big meet of the AOLAC on Thursday, February 24 at the North Star Hall on West Adams Street at 7:30 P.M. "Curley" reports that this is going to be a very, very important meeting and wants everyone of the members to attend . . . Jack Simon claims that ops are buying more and still more used machines . . . Sam Schneider of Apollo Records reports that demand for these disks is increasing right along . . . Preston Jarrell still completing plans for release of some new discs.

Nels Nelson reports that he now has his service shop all set up and that he also has several new service men all set to give the music ops the kind of service and repairs they have been waiting for . . . H. M. DeGovia of Dee's Service is an extremely busy man these days. His showrooms are one of the popular gathering spots for the ops and the service just goes around and around . . . Jimmie Rutter is nervously biting his finger nails down to the bone while he waits for Old Man Stork to call . . . Bud Paar of General Music is very busy looking for a new and larger building to house his organization. He expects to make a very important announcement regarding music very soon — and claims that he will require all the extra room he can get — after he makes this announcement . . . Bill Leuenhagen is very happy over the response he has been receiving from ops all over the country for his very fine salesboard ciggy lighter deal. Looks like Bill will be plenty busy with this deal for some-time to come.

Bill Happel of Badger Sales Co. is eagerly awaiting word from the big Rockola factory regarding delivery dates of the new "Phonograph of Tomorrow". He's so hot about getting these new phonos in that he just jumps from one foot to another everytime ops come in to ask him when he will have them to show. Before he gets too tired — hope Rockola will make about 50 carload delivery to him . . . Charley Washburn, the Packard man here, made a very fast trip to Indianapolis, Ind. and back home again — even before a lot of us knew that he was out of town . . . Bill Wolf of California Amusement Co. still in Chi at this writing but expected home very soon. They tell us that Bill was plenty enthusiastic on the phone when he talked with his offices managers after seeing what was to be seen over at the AMI offices in Chicago . . . Harry Fox of 4-Star and Gilt Edge Records has just released a new batch of hits and from the acclaim he's getting Harry feels terrifically swell.

Saw these ops along coinow this past week: Ray Wherrit of San Luis Obispo; G. F. Cooper of Riverside; Frank Lamb of L.A.; J. W. King of L.A.; Ted Bear of Merced; C. E. Collard of San Bernardino; R. G. Patterson of Riverside; Robert Thomsen of Delano; Carl Fischer of Englewood; Bill Knight of Alhambra; Bill McGowan of Visalia; Ed Penn of San Pedro; Jack Arnold of Barstow; I. B. Gayer of San Berdoo; R. M. Eberts and R. F. Jones of L.A.; and plenty of others—too numerous to mention . . .

THRU THE COIN CHUTE

NEW ORLEANS

Kelly Ann Chesser, all of two years old, throwing kisses to friends over the phone. Poppa Abe left for Alec and points thereabout for business reasons . . . Lt. Edward R. Bazan who runs the officers' club at Camp Plauche has some mighty nice things to say about the O. C. Marshalls . . . The new record shops known as Music Sales Co. which opened in Nola and in Memphis on January 19 are owned by R. E. (Buster) Williams of Newellton, La. and Clarence A. Camp of Memphis. Bob Wynne, who had originally planned to become associated with the disc dealers, has joined them after a pleasant week with F.A.B. familiarizing himself with the music biz . . . C. L. Cowlshaw (or "Pop Lane", as his cronies call him) and C. J. Fox prominent Wurlitzer ops of Mobile discussing more and still more machines.

While Ed. Ponder is covering the country for AMI his boys are really carrying on at home in a big way. "Neat" Cricchio, formerly with Delta Shipyards here, really does a "neat" job on repairs and Eddie's brother-in-law, Hugh Lewis (do we hear the she-wolves whistling????) an Orange, Tex. lad just back from 32 months with the Marines in the Pacific, has decided that since he likes the deeeep South, he'll reside here and make a stab at the wax spinners. By the way they tell us over at Ed Ponder's place that "Doc" Eaton of AMI is in Dallas and will be in Nola right in time for an enjoyable weekend before the boys get down to real business about the new AMI phonos, etc.

The group going to the Aireon factory in Kansas City has been increased by one—It will include another mechanic from Jackson, Miss. branch of the Peres-Fox-Marshall outfit . . . Armand LeBlanc, crack coin machine meck at F.A.B., celebrated his happy birthday January 21 with a very sore hand. Better luck next year, Armand . . . Touch o' home: when the announcer on Canal St., during the National Foundation for Infantile Paralysis drive, barked into the mike, "Thanks to the gentlemen from Memphis for this generous contribution". Lil Samuels spun right around in a great big hurry, and before she could even ask "Where"?—the Clarence Camps were "glad-to-be-seeing" her.

Major Wallace Erwin of Wurlitzer's exporting office in this section looking for a "secretary". In the meantime the Missus isn't doing half bad at that job . . . Former Sgt. Oswald Fischer, after more than three years of radio work in the Pacific, now adjusting amplifiers at J. H. Peres's . . . The Castanzaro brothers, August Jr. and Phillip, have also augmented Peres' staff. Both boys did quite a bit to help cripple the Axis with Gus serving three years in the Pacific and Phil putting in two years in the European theatre where he won a chestful of ribbons, including the Purple Heart.

Henry (the) Fox telling folks who will listen all about his route trading . . . Earl Savant who cures quiet amplifiers at F.A.B. hoping it'll be a "little sister" . . . George Rokos stopping off here for a chat with Wallv Erwin and they talk about thisa and thata and thesea . . . Saw a little tinted photo

of Albert Blalock (who is only four years old) and it's a honey. Looks like Albert will need a club to keep those Nola gals away from him sooner than even he thinks.

MINNEAPOLIS

Hy-G Amusement put on quite a showing of the new Seeburgs and now Hy Greenstein and Jonas Bessler are showing the phonos in Sioux Falls, Fargo and Duluth this coming week . . . There's good news for the Minneapolis ops—the city council voted to recommend to the committee that a license of \$10 per year would be placed on phonos instead of the \$50 originally asked for by the committee. This was causing many a phono op sleepless nights. The meeting will be held a week from Friday and has every chance of going thru.

Harold Theisen is very happy these days as his good man, Roy Miller, has been discharged from the U. S. Air Corps and is back on the job. Harold claims that he is going to spend quite a few nights now taking out the Mrs. to make up for lost time . . . Verling Gieb of Deadwood, S. D. with his charming Missus seen making the rounds . . . J. H. Porter just completed selling his route in the northern part of the state. He still has a very large route in Pampa, Tex. and intends to dispose of that one very shortly. In the past year and a half he has averaged one and two air trips between Minnesota and Texas per month.

John Manolis and his boys from Huron, S. D. were in town this past week and did a big job of making merry in all the town's nite spots . . . Congrats to Mr. and Mrs. Emmet Engel of Sioux Falls, S. D. They were just married this past Sunday and are honeymooning in Minneapolis for several days . . . Mildred Stuck was in and out of town like a flash this past week—just had time to say "hello" and then "goodbye" . . . Congrats to Mr. and Mrs. Sol Stone. Sir Stork brought them an eight and one-half pound baby boy . . . Mr. and Mrs. Fred Fixel of Pembina in town this past week. Mrs. Fixel certainly enjoyed the sights hereabouts for this was her first trip here in a long, long time.

Earl Berkowitz is definitely going back into the music biz. All he wants are forty new machines to start with . . . Mr. and Mrs. Harold Scott seen in town this past week . . . Tony Trocano of Black Hills Novelty Co. seen about the Twin Cities looking at things here and there . . . Ted Bush reported to be busier than ever preparing for the day when he will show the new Aireon line . . . Herman Paster reported to be a busy boy these days with many a Wurlitzer operator talking about getting deliveries—quick . . . Willie (The Sphynx) Cohen reported to be extremely busy these days with those Mills machines.

C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. Copyrighted 1946 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
 2. MEANS PRICE WENT DOWN.
 3. MEANS MACHINE JUST ADDED TO LIST.
 4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
 5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
 6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
 7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS
- XX** — MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT

Machines underlined mean these were most active in trading the past week.

An Appeal...

TO THE COIN MACHINE TRADE BY THE LOCKED-OUT EMPLOYEES OF **THE BILLBOARD**

- 1** — The Billboard has locked out its entire N. Y. staff of organized editors, reporters, advertising men, and clerical workers.
- 2** — The Billboard *twice agreed* in the presence of a U. S. Conciliator, and later *twice refused* to sign a union contract.
- 3** — The New York office of The Billboard is now being picketed by members of The N. Y. Newspaper Guild (CIO) who are employed on virtually every newspaper in the city.
- 4** — The Billboard has been declared unfair by The American Guild of Variety Artists, the American Federation of Radio Artists, the Association of Theatrical Agents & Managers, the Radio Directors Guild, the Newspaper & Mail Deliverers Union and the New York Newsboys Union, No. 471. Similar action is being considered by many other unions including the *United Electrical Radio & Machine Workers of America*.

PLEASE SUPPORT THE BILLBOARD'S LOCKED-OUT EMPLOYEES BY REFUSING TO BUY, READ or ADVERTISE IN THIS PUBLICATION.

" FIVE OF 'EM, MISTER — AND THEY'RE ALL WONDERFUL! "

YES, SIR . . . Five Sensational Revolutionary Features

?1?2?3?4?5?

In the New PACKARD

PLA-MOR PHONOGRAPH

● From the makers of the money-makingest product ever given to the music industry—the Packard Pla-Mor Selective Remote Control Wall Box—now comes the masterpiece of electronic musical reproduction—the Packard Pla-Mor Automatic Phonograph.

It has five—count 'em—five revolutionary features that make it a sweetheart to sell—a scintillating, money-jingling goldmine to operate. What are these features? Only seeing and hearing is believing. For now, let's just say that every phonograph should have them. But only Packard Pla-Mor—through the vision, imagination and priceless experience of men who first gave

automatic phonographs to the entertainment world—does have them.

Until you can get all the Pla-Mor Phonographs you want—make your present equipment more profitable. Order and install the Packard Pla-Mor Selective Remote Control Wall Boxes. They will operate on present day and future equipment. They're in production—ready for delivery. Before the war—during the war—and today—they produce more profits, in more places than any music system ever devised. Ask any operator.

UNCOMPROMISING POLICY

FROM 1917 TO 1942

"ENDORISING ONLY THE BEST"

In 1942 war restrictions and conditions called for at least a compromise in our policy if we were to continue our business.

Rather than do that we stopped!

Being sure now that nothing can compel us to make even a remote change in our original policy, we are renewing our activities in every field of the Coin Machine Industry with this pledge.

We shall recommend and sell Only The Best Amusement-Merchandising-Music Machines and Accessories.

Our new home at 199 W. Girard Avenue, THE LARGEST OF ITS KIND, will provide most modern facilities to serve operators, jobbers and manufacturers in a manner not equalled anywhere in the United States.

Soon we shall announce our new method of distribution which will be a liberal departure from old fashioned methods and which will benefit the entire industry. Schedules to complete our new home by February 20th are upset by present strikes. We are driving hard to finish the job by March 20th.

Our Pittsburgh branch, however, is now in full swing under the direction of Harry Rosenthal.

THANK YOU... *Bill Gersh*

At our meeting Thursday, January 17, 1946, we, the members of the PHONOGRAPH OPERATORS ASSOCIATION OF NEW JERSEY, unanimously agreed to a rousing vote of thanks to you and The Cash Box for your gallant and relentless work in stirring the trade into action against the Buckley Bill.

It is gratifying to note that associations and operators all over the country are also, as are we, "beginning to see the light" and rallying to your cause.

Keep up the good and untiring work. It looks as though we can finally see what concerted action in any undertaking can mean for the industry.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

Furthermore, it is noted that the records should be kept in a secure and accessible format. Regular backups are recommended to prevent data loss in the event of a system failure or disaster.

In addition, the document outlines the procedures for handling discrepancies. If there is a mismatch between the recorded amounts and the actual transactions, it is crucial to investigate the cause immediately. This could be due to a clerical error, a missing receipt, or a fraudulent activity.

The investigation should involve a thorough review of the relevant records and a consultation with the staff involved. Once the cause is identified, appropriate corrective actions should be taken to prevent such errors from recurring.

The final section of the document provides a summary of the key points discussed. It reiterates the importance of accuracy, security, and prompt investigation of any issues. It also mentions that these guidelines should be followed by all staff members to ensure the integrity of the organization's financial records.

It is concluded that a robust record-keeping system is essential for the success of any business. By adhering to these guidelines, the organization can maintain a high level of financial transparency and accountability.
