**2 BILLION IMPRESSIONS
ON THE AMERICAN PUBLIC**

THE GREATEST CAMPAIGN EVER LAUNCHED BY A COMMERCIAL PHONOGRAPH MANUFACTURER

Only Wurlitzer had the foresight and the resources to institute a Triple-Action Advertising Program direct to the public . . . in national magazines . . . on billboards coast to coast . . . on signs in every Wurlitzer location.

But Wurlitzer won't share the benefits alone. Every Wurlitzer Factory-Approved Music Merchant will find it easier to get and hold the best locations.

Every Wurlitzer location owner will find he is enjoying increased patronage—greater play on and profits from his Wurlitzer Phonograph.

From now on every live-wire location will be satisfied with nothing but Wurlitzer Phonograph Music. The Rudolph Wurlitzer* Company, North Tonawanda, New York.

*The Name That Means *Music* to Millions

We Answer A Manufacturer

By Bill Gersh

"COINTOONS"

One noted juke box manufacturer, a few weeks ago, asked us why we had taken it upon ourselves to "fight the battle of the industry" with the "big four" record manufacturers, namely: Decca, Victor, Columbia and Capitol.

In the first place, we are fighting this battle all by ourselves because none of the other media in this field seem to want to recognize the complaints and troubles the juke box operators have had with these manufacturers. These magazines seem to have been blinded by glowing advertisements. Therefore, we remain alone, fighting as hard as we can, since we believe in bringing such truths to the fore, even without any cooperation from these other publications.

In the second place, a juke box, in our humble estimation, can be built with a cabinet of the purest and finest platinum obtainable; the selector keys can be made of flawless sapphires and rubies; but, when Johnny Q. Public puts his nickel into that gorgeous juke box — HE ISN'T BUYING THE MACHINE — HE IS, INSTEAD, BUYING A TUNE. And that tune may be just the one manufactured and distributed by one of the "big four."

As many ops have learned to their sorrow, if that tune isn't in that juke box — then that nickel (regardless of how beautiful the phono may be and how outstanding its mechanical quality) WON'T GO INTO THAT MACHINE TO PLAY IT. And it takes a constant stream of nickels to make it pay to operate juke boxes today.

So, when the "big four" decided to cut down on the number of records they had been selling to the men in this business pre-war, and when they further decided to cut out the lower dealer's price many juke box ops were obtaining, and used wartime restrictions as an excuse (along with other excuses) then we believed, here at *The Cash Box*, that the time had come to expose this hypocrisy. Otherwise, unless someone got up on his hind legs and did a little exposing — THERE WOULD BE LITTLE, IF ANYTHING, LEFT TO THE JUKE BOX BUSINESS.

WE'RE STILL FIGHTING. We know, from many letters and phone calls we receive daily, that the average juke box operator DOES NOT GET HIS SHARE OF RECORDS FROM THE "BIG FOUR" RECORD MANUFACTURERS — RIGHT UP TO THIS VERY MINUTE. This lack of recordings hurts the operator's business. And we are interested in keeping his business away up on top so that he will remain financially strong and, therefore, a good, solid base for all this automatic music field to build and grow on successfully.

We feel, instead, that this juke box manufacturer should enter into this battle with us. He should fight shoulder to shoulder with us to assure the operators who are buying his equipment that they will get the records they need. In this fashion he will only be insuring his own success.

It is up to a publication to bring evils to light. It is, from thenceforth, up to the trade itself to cure those evils. And, surely all will agree, this is one evil which should be cured with great immediacy.

The Cash Box WILL CONTINUE TO FIGHT FOR

THE RIGHTS OF THE JUKE BOX INDUSTRY. It knows that when Johnny Q. Public wants to hear Bing Crosby's recording of "White Christmas" at Christmastime — that this juke box operator can't give Johnny anything but that record — not if he desires to maintain the play he has built up in the location and also keep the location owner's good will. And the same goes for any other record controlled by the "big four" which Johnny Q. Public may request.

With overhead costs what they are today, with machines priced higher, surely, then, the juke box operator must be given the most wholehearted support possible to help him to maintain the leadership his juke box business has already established thruout the nation and, if possible, to help him to grow even greater.

Therefore, if the "big four" recorders aren't going to give him the support he requires (even after, and this is well known, he helped build them back to their present business leadership) this publication will continue to honestly and sincerely bring this to the attention of the trade and let this field cure this evil in the best possible way.

Every juke box operator will admit that he has not been treated with the same respect and consideration by the "big four" during the war and now, during the post-war period, as he was prior to the war.

This juke box manufacturer should, instead, make it his business to personally question the men who operate his equipment and learn from his customers why *The Cash Box* is fighting so hard to help them win this battle for more records and greater consideration.

MUSIC LEADS

Leaders Estimate Over 87% of Nation's Coinmen Engaged in the Music Biz. Never Before Such High Percentage in Any One Division of the Industry

NEW YORK—In a report gathered together from all over the nation, *The Cash Box* has learned that coin machine leaders believe there are at present over 87 per cent of the men engaged in this business in the automatic music field in one fashion or another.

These leaders report that tho many of these men, perhaps an overpowering percentage, are also engaged in operating other types of equipment, they are also operating, jobbing, distributing, or in one way or another, engaged in automatic music.

This is, without any doubt, the largest percentage of men engaged in any one division of this field in the history of the coin machine industry.

The very fact that automatic music is today leading with such a great percentage paves the way, these leaders claim, to what will probably

be an era of juke box music leadership for at least five more years to come.

They are of the belief that sales in automatic music will predominate for the next five years. They claim that the next convention will find more music of one type or another on display than anything else which will be shown at the meet.

"It is a well known fact," one of these men reports, "that today the juke box field leads every division of the trade by a very great margin. The juke boxes are holding the greatest amount of interest of all operators, jobbers and distributors. And this regardless of the fact that the majority of these men are also engaged in other divisions of the field.

"Many have large routes of vending machines, pin games, consoles,

slots, arcade equipment, arcades themselves, and many other types of machines like scales and stamp vendors, etc. But, everyone seems to also be in the music machine business and therefore all are most interested in what the music manufacturers are presenting."

At the present time juke boxes continue to lead in interest. Non-selective wall boxes are capturing much attention. Telephone or wired music is also increasing.

It is believed that all the divisions of the music field will enjoy their greatest growth during these next few years and, if all things are equal and production on a large scale can get going soon, that there will be approximately 1,000,000 locations featuring one type or another of automatic music by the end of 1948.

MUSIC LEADERS

Leaders Estimate Over 87% of Nation's Children Engaged in the Music Biz. News Release with High Percentage in Any One Division of the Industry

SURVEY REVEALS 3 PLANS for MUSIC OPS

1-70% COMMISSION

2-\$8 OFF THE TOP

3-10c A RECORD

Leaders Urge Juke Box Ops to Adopt One of Three to Assure Continued Profitable Operation

NEW YORK — A survey conducted for the past many weeks has revealed the fact that all juke box leaders agree with *The Cash Box* that the automatic music operator should be obtaining a better percentage from the gross collections of his music equipment.

All are of the opinion that the tremendously increased overhead now facing the average music operator, plus the higher cost of machines which will require an 18 to 24 month amortization period, as well as increased taxes, lack of beer this coming summer which will close many locations for days at a time during each week, all add up to the fact that the juke box op must instantly change his percentage arrangement with his locations.

First and foremost in favor in this regard is *The Cash Box* suggestion of 70% to the operator and 30% to the location owner. Juke box leaders agree that this percentage arrangement, if all ops in any territory will get together on it, will be the answer to the music operator's problem.

Next in favor is what many in the trade call "front money" or "off the top" money. Here the suggestion is that at least \$8 per week be taken off the top prior to splitting the balance of the collection on the old 50%-50% basis.

In locations averaging about \$20 gross per week this is exactly the

same as the 70%-30% commission basis for the net collection then amounts to \$14 in each case. But, in locations where the take is less than \$10 then such "front money" would seriously affect the popularity of the music with the location owner from a profit standpoint.

In short, the location owner, where only \$10 gross would be taken from the machine (and many weeks during the year collections drop in every type of location) would receive only \$1 for the entire week's play.

This certainly isn't going to make that location owner feel very happy about the profits from his music machines, especially in view of the fact that for so many years this has been one of the best profit makers he has enjoyed in his place of business.

Therefore, tho many believe that "front money" is the best method, there are just as many who feel that the 70%-30% commission basis is better.

The newest idea to arise in the industry, and this is due to the fact that a large number of wired telephone music operators are now obtaining this arrangement, is for the trade to charge 10c per tune, 3 for 25c. For wired telephone music where the line expense is very great and a tremendous number of selections are available as well as the appeal of the personal voice of the telephone music operator is to be

considered, it is possible in a great many instances to obtain this 10c per tune and 3 records for 25c.

But, as one leader in this field pointed out, when the new juke boxes begin to enter into locations and these charge only 5c per tune — then the 10c idea is going to have tough sledding and will have to come down to 5c to meet this sort of competition.

The only way that the 10c per tune idea (3 for 25c) can be made successful is the same as the 70%-30% basis — to get every single operator in the territory to agree to do the same.

There are a large number of juke box ops against this plan for they feel that the popularity of the automatic music business was built on the fact that only 5c was required to play the machine and that doubling the charge would create resentment.

The one and only method on which all seem to agree is the 70%-30% commission basis.

But, as this survey revealed, regardless of which of these three methods the juke box op likes — he should immediately call in his fellow music operators in his territory and adopt one or the other for the time has come when the 70%-30% commission basis is now an absolute and outstanding necessity if he desires to continue in a profitable business.

WANTED SCHOOLS FOR MECHANICS

Need for Trained Mechanics Reaches Emergency Peak

NEW YORK—About three years ago *The Cash Box* proposed that "Schools for Mechanics" be created. This publication foresaw the need for more skilled men if the trade was to continue its growth on a sure and steady basis.

There can't be increases in size of operations if there aren't mechanics to handle the equipment. No operator will enlarge upon his present operation, especially in view of the fact that today he lacks sufficient mechanics to take care of the machines he now has on location, if he can't get more skilled mechanical help to assure him that as he buys more machines, and thereby increases the size of his route, he will at least have men to take care of those machines for him.

This, naturally, hurts the entire industry all the way down the line. The manufacturer will, eventually, be halted in sales after the operator has replaced his worn equipment, because the operator will not dare expand without mechanics to make that expansion an efficient one.

At the present time some of the larger music machine manufacturers have schools for the mechanics of their distributors, jobbers and operators. This is all well and good for their individual machines. But, it does not answer the larger problem confronting the average coinman.

He must have mechanics who can handle any and all type of machines. His pin game routes, consoles, slots, arcade machines, counter games, venders, etc., require mechanics skilled in all phases of the coin machine industry.

Such mechanics can only be created by schools set up in various parts of the nation where well known mechanics of long experience as well as engineers of long experience as well as the engineers from various factories can teach these men the intricacies of all types of machines.

The U. S. Government is willing to pay for training veterans on the job. This is the program now being carried out under the leadership of General Omar N. Bradley. But, even this program lacks the power of a school for mechanics.

Certain distributors and operators, regardless of the fact that the U. S. Government will help pay for the veteran while he is being trained, claim that such training takes time from their own mechanics and therefore throws them behind in their work schedules.

If leading coinmen will get together in various sections of the nation, and create schools for mechanics, they are assured (1) of Uncle Sam sending men to them for whom the U. S. Government will pay, and (2) that there will be hundreds, perhaps thousands, of other young men and even older men with technical training and experience who will enter the school at their own expense to learn to be coin machine mechanics, and (3) that many of the distributors, jobbers and operators will send men to the school for whom they will be willing to pay the entire tuition charge, as well as (4) coinmen who will agree to pay for some man who might not have his own tuition money provided that when this man graduates as a skilled coin

machine mechanic he will come to work for them.

All these above points have already been agreed to by various coinmen thruout the nation in surveys conducted by *The Cash Box* some months ago. There were distributors, jobbers and operators who actually sent blank checks to *The Cash Box* to have these filled out with the required amount it would take to pay for two, three and even more men to be trained in some well known trade school which would create a coin machine mechanics division as long as these men would then come to work for them.

The need for trained mechanics, according to all reports, is now at an emergency peak. They have become the greatest stumbling block to the future growth of the industry. It is therefore extremely vital that everyone engaged in this field take this need for mechanics' schools into consideration and arrange with noted trade schools in certain leading cities thruout the nation to get such courses under way.

There should today be schools for mechanics in New York, Chicago, Los Angeles, San Francisco, Denver, Dallas, Cleveland, Detroit, Atlanta, Miami, Birmingham, New Orleans, and many other leading coin machine centers. These men would first be trained in the types of equipment now being operated in these centers and would be able to come out of the schools quick enough to help get operators, jobbers and distributors the skilled mechanical manpower they need.

TRADE ELATED BY NEWS OF CONVENTION

Look to February '47 for the Biggest Show in History

NEW YORK—Perhaps the greatest elation noticeable this past week in the industry was the fact that the days for the 1947 coin machine convention had been announced by the CMI (Coin Machine Industries, Inc.) in their meeting at their headquarters (134 North La Salle Street, Chicago) after the election of new officers and new members to the board of directors of this organization.

Operators, jobbers and distributors clear across the nation were tremendously pleased to know that there would be a convention again in February, 1947. These men have long waited to hear this news.

Generally it was agreed by all, that this forthcoming show in February, 1947, would be the biggest in the history of the coin machine industry.

One reason for this is the fact that all coinmen believed that the manufacturers would, by that time, be well set in production schedules of their equipment and that they would also have planned the new machines they would present.

Some coinmen even believed that the machines which would be shown at this meet would be the real "post-war equipment we have looked forward to for so long."

The elation and enthusiasm is not surprising to coin machine leaders. They have for a long time felt the need for another get-together with the men in the industry. Some of the manufacturers, distributors and jobbers were even of the belief that a convention should have been held during 1946.

But, the majority of coinmen were

against this from the standpoint that transportation and hotel space were still tight and that, furthermore, the manufacturers were enmeshed with too many production problems to be able to make a proper presentation of products to the visitors.

"It is for the best, then," as one noted manufacturer reported to *The Cash Box* this past week, "that the show was called for February, 1947."

He stated, "This will give us plenty of time to prepare ourselves for this convention. We also believe that we shall be in very good production by that time and turning out equipment in pre-war quantity. This means," he continued, "that we will then be able to present machines we shall be able to deliver right after the showing."

It is extremely important for the trade to realize that every convention requires a great many months of preparation on the part of the manufacturers.

It is also believed that by February, 1947, all those who will decide to enter into the manufacturing of coin machines will have announced themselves to the field and will be able to enter into this show.

There are today, here and there in the country, manufacturers who plan to present coin machines of one type or another who were formerly never engaged in the industry. These men are withholding making any announcements of presentation of equipment until production conditions ease off and they can make deliveries within a reasonable time after showing their products.

This should all be cured by the end of this year and these new manufacturers will receive much better attention at a show in February, 1947, than they would at this time when they know they wouldn't be able to deliver anything they showed in any quantity whatsoever.

At the same time this will also give distributors and jobbers an opportunity to get lined up with the manufacturers. It is well known that even some of those manufacturers who have announced new products haven't as yet completed their distribution set-ups.

Once all this is complete — then the show will find itself in much better condition to roll ahead smoothly, quickly and efficiently.

The elation, which is so noticeable at present, is only the beginning of what will grow on the trade as the year fades out and 1947 comes into being.

Reservations have already been made by the major manufacturers for rooms at various hotels in Chicago. Many coinmen have also written in and even enclosed checks, according to reports, to assure themselves being right in the very heart of the showing. Others, this past week, quickly wired and wrote to hotels to make rooms available to them for the four days of this February, 1947, showing.

This, in itself, is an indication of what will happen as February, 1947 begins to roll around and the entire industry will swarm down on the city of Chicago to be present for a real old time get together.

EXCLUSIVE TO "THE CASH BOX"

RECORD REVIEWS

By

DAVE QUIRK

RECORD REVIEW EDITOR

OF

"THE CASH BOX"

"As Mr. Mason Said to Dixon"**"Who's Gonna Chop Your Kindlin' Wood?"****Susan Mann****(Enterprise 128)**

● Here's a hillbilly voice that is a little different. Susan Mann warbles "As Mr. Mason" in a tone that's a cross between a typical hillbilly and a blues voice. It's a novelty tune with a dash of humor in the lyrics that should take in plenty of nickels for the disk in hillbilly and race spots. The other side is real hillbilly twang with Miss Mann letting her mountain lass hair down on "Who's Gonna Chop Your Kindlin' Wood?" The hillbilly spots will love this.

"You Aint Goin' to Heaven Nohow"**"Caravan"****Joe Liggins and His Honeydrippers****(Exclusive 216)**

● Joe Liggins sings his own composition, "You Aint Goin' to Heaven Nohow" in a recording that has plenty of zip to it, musically and lyrically. Liggins has a pleasing voice and uses it to the full on his own number, with his Honeydrippers supplying a swell background with the instruments. It's on the blues side and done well. The backing is the oldie, "Caravan," and the Liggins crew does okay by it.

"Early Morning Boogie"**"That Ain't Right Baby"****Slim Gaillard Trio****(Bel-Tone 754)**

● If only for the Wini Beatty piano on both sides, this disk is worth much more than the price. On "Early Morning Boogie" the Beatty gal really goes to town with a boogie piano that will please the most difficult of boogies fans. On the backing, "That Ain't Right Baby," Miss Beatty does a little yodeling which is alright but we prefer her piano. A good disk for spots that cater to boogie woogers.

"J. D.'s Jump"**"Perdido"****Jimmy Dorsey****(Decca 18812)**

● Jimmy Dorsey and his Jammers do a swell job with "J.D.'s Jump," a real jazz number done in subdued vein so that even the old ladies' homes will go for it. It's good music. The other side is "Perdido" and smoothly executed by Dorsey's full orchestra with the Jammers' rhythm section featured in a couple of spots on the disk. It's a good buy for most any spot, from tea room to bar room.

"Regretting"**"I Didn't Mean A Word I Said"****Bon Bon****(Davis 2106)**

● Here are two numbers for places catering to moonstruck youngsters still in the throes of puppy love. A gal, going by the trick monicker of Bon Bon, handles the vocals of both, "Regretting" and "I Didn't Mean a Word I Said." They're two slow ballads and Bon Bon gets all they're worth out of them with her pleasing voice. The Park Ave. Trio supplies the instrumental backdrop.

SLEEPER OF THE WEEK**"All The Cats Join In"****Benny Goodman****(Columbia 36967)**

● The one and only Benny Goodman takes a whirl at warbling in "All The Cats Join In," and, although it isn't anything like his trumpeting, the Goodman voice is pleasing enough. Just to play safe, the canny Benny swings about two bars and calls it quits. But the number is real Goodman swing, with Liza Morrow carrying most of the vocal and the boys in the band chiming in now and then for the background. The tune is catchy and the lyrics interesting and the disk should do more than right well most any place. The Morrow gal has a nice voice and on this novelty uses it to advantage. The flipover is "Don't Be a Baby, Baby," with Art Lund doing the vocal in good ballad style and the Goodman sextet handling the musical backdrop in tiptop fashion.

"Oh Helen"**"Gimme a Little Kiss"****Sammy Kaye Orch.****and Three Kaydets****(Davis 2105)**

● "Oh Helen" is one of those corny, stuttering numbers that every once in a while finds its way to popularity, more because of the gag attraction to it than anything else. On this version of it, Sammy Kaye gives it all the corn it calls for and the Three Kaydets do a good job of stumbling — but deliberately — over the wordage. On the other side, "Gimme a Little Kiss," the Kaye crew and the Kaydets let loose a little better and do a good job of this cute oldie. The disk should do okay in most spots.

"One More Tomorrow"**"It Couldn't Be True"****Glenn Miller-Tex Beneke Ork.****(Victor 20-1835)**

● The bobbysoxers are sure to go for Art Lund's version of the ballad, "One Tomorrow" as he sings it with the Glenn Miller-Tex Beneke crew on this recording. It's a slow, torchy tune with all the romantic wordage needed to keep the lovesick under the Dr. Cupid's care. The backing is "It Couldn't Be True," a typical Miller-Beneke number, with Tex and the Crew Chiefs doing the vocal in better than average fashion. Again the band proves itself worthy of carrying on the name of the leader who lost his life in the war.

"Talk of the Town"**"If I Only Had You"****Valaida Snow****(Bel-Tone 7002)**

● "Talk of the Town" is an old standby but if it isn't done right it lays an awful egg. However, Valaida Snow has what it takes in the voice department and carries off the oldie in grand style. Buzz Adlam's crew does a nice job of supporting her on the number. The backing is "If I Only Had You" and again the Snow gal scores, with a big assist from the Day Dreamers, a better than average vocal group. The disk should do well in all spots.

"Without You"**"Walter Winchell Rumba"****Noro Morales****(Majestic 5000)**

● Noro Morales, the much touted Latin band leader, does a nice recording of "Without You" in Bolero tempo and for those who like this type of music the disk should be popular. The Morales crew is a good one and rumba dancers can really hit it to this band's poundings. The flipover is "Walter Winchell Rumba." This was written by Morales and evidently titled to get a plug from America's No. 1 columnist. It's mediocre and can be laid aside as just another rumba. There's nothing outstanding about it except the title.

"There's a Dream Ranch in the Sky"**"Give Me an Oklahoma Gal"****The Stubble Jumpers****(Enterprise 129)**

● The cowboy song fans will go for "There's a Dream Ranch in the Sky" and "Give Me an Oklahoma Gal" as sung by the Stubble Jumpers in real cowboy plaintive style. The first, "Dream Ranch," is on the slow, weepy side and we can just see the beer sippers getting weepy over it. The other side is livelier with a lot of the cowboy whoopee thrown in. A good disk for cowboy spots.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

- | | | | |
|----------|---|-----------|--|
| 1 | MEANS PRICE WENT UP. | 5 | MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS. |
| 2 | MEANS PRICE WENT DOWN. | 6 | MEANS NO PRICES QUOTED FOR PAST TWO WEEKS. |
| 3 | MEANS MACHINE JUST ADDED TO LIST. | 7 | MEANS NO PRICES QUOTED FOR PAST THREE WEEKS. |
| 4 | MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK. | XX | MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION. |

Thar's **GOLD** in them thar ***MEASURED MUSIC*** **SYSTEMS** and the **BIGGEST PROFITS** ever

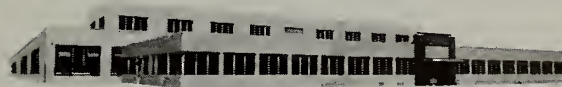

* **MEASURED MUSIC** * — this new system of merchandized music is a gold mine compared with older systems because:

1. The attractive chrome metal unit is precision built and tone modulated. It really pulls more plays.
2. Individual unit at each table or booth is heard only in the immediate area. Those that don't pay can't hear the play.
3. All of the units in one location can operate at the same time, each taking in money for you.
4. Only one set of records (with telephone wire studio system), no title strips to install, no complicated mechanisms to repair; one service man can look after many locations.
5. Less attention to locations since one set of records can service an entire city wide system.

N. Y. SUN WARNS VETS ON VENDERS

NEW YORK—In keeping with stories which have appeared in many newspapers thruout the country warning returned veterans of the many pitfalls which lie in wait for them if they invest in certain "get-rich-quick" businesses, the ultra conservative New York Sun of this city published a feature article written by Charles A. Wyer warning servicemen to beware of purchasing vending machines.

Wyer wrote, "Many ex-servicemen have been induced to buy vending machines of various kinds. Once in possession they find they can't uncover a place to install them. Others are offered high salaried jobs with the companion requirement that they buy a piece of the business. They buy, the business collapses — result, no job, no money left."

Better Business Bureaus in various cities, such as Seattle, Wash. and Washington, D. C., have warned ex-servicemen to beware of vending machine salesmen (as reported in *The Cash Box* in past issues). There still seems to be more of the vending machine sharpshooters around creating a bad taste in the mouths of the public

It is generally believed among merchandise machine leaders that a campaign should be immediately instituted advising prospective vending machine operators to get in touch with the NAMA (National Automatic Merchandisers Association) prior to making any purchases,

Recording Stars Attend Juke Box Showings

NEW YORK—From everywhere in the nation come reports that recording stars who happen to be in the same area where a juke box showing is being made have been more than happy to attend and meet the coin-

men and even entertain them with their best known record numbers. In almost every case it has also been reported that these recording stars are helping to plug the juke boxes wherever and whenever they can.

"An Industry is
the lengthened
shadow of a
MAN"

That's True in the World of **AUTOMATIC MUSIC**

● Automatic Music, as an industry, had a small beginning—but a significant one. As in most industries, one man with a great idea and an unshakeable faith in the future, helped make it the great industry it is today.

That man, and his associates, pioneered the electric automatic phonograph—the instrument that made the industry possible. That man, and his associates, developed and perfected the instrument—gave it all the basic qualities it has today.

Then that man and his associates went out and fashioned the pattern of the industry—by selling an idea and creating a market. The idea is unchanged today. It is music by the greatest and most popular musicians—for everyone—as selected by the listener.

That man and his associates are still together—still casting their shadow across the world of automatic music. They were the pioneers and the policy-makers. They are yet the creators and producers of the improvements and the innovations.

ESQUIRE MAG TO FEATURE ARTICLE ON COINBIZ

NEW YORK — Esquire Magazine, noted magazine for men, will feature a full length article on the coin machine business written by Cameron Shipp, one of their best known feature writers.

It is generally believed among coinmen who have worked with Hal Strass assistant to Cameron Shipp that the article will prove very favorable to all the trade.

They feel that this will not prove to be another expose article but will, instead, be a complete and authentic report of the growth and development of the coin machine industry.

It is also reported that the article will cover a great many phases of this business from amusement machines to juke boxes and also the new vending equipment.

Coinmen eagerly look forward to this item. Other publications reported to be preparing stories about the coin machine industry are the Wall Street Journal and the Saturday Evening Post.

GOOD SERVICE WINS 60%-40% COMMISH

RYE, N. Y.—Music Operator Milton Wilson of Keys & Wilson Amusement Co., this city, reported this past week that he has, on his own account, undertaken to gradually work out the 70%-30% commission basis as suggested by *The Cash Box* with his locations.

Wilson has already reduced commissions in some of his spots to 60%-40% and finds that the location owners are more than happy to go along with him because of the very fine service he offers them.

In fact, Wilson reported, one of his locations was offered \$500 by a competitor, but turned down the offer because of the service he was giving the spot and advised him that because of this marvelous service they weren't interested in an operator who could just offer them a few extra dollars. "What's more," Wilson said, "this location is already on the 60 per cent, 40 per cent basis."

COLOMBIA AUTHORIZES SHIPMENTS TO ALL POINTS

BOGOTA, COLOMBIA, — The Minister of Foreign Relations in this South American city has cabled instructions to all Colombian Consulates in the United States to authorize shipments to all points in this country via North Coast ports, it was recently announced.

The modern maritime and fluvial *Terminal de Cartagena*, equipped with electric cranes, has been improved to offer the latest facilities for the careful handling of cargo with rapid transit to the interior via rail, steamer and highway assured.

ROCKFORD PRESS CLUB HITS SLOT HUNT AS 'ILLEGAL'

ROCKFORD, ILL. — Lawrence F. O'Brien, attorney for the Rockford All-American Press Club, this city has filed a motion in Circuit Court here with the intention of suppressing evidence filed against the club on the basis that such evidence had been acquired illegally.

The motion was filed as a result of O'Brien's dissatisfaction toward the issue as to whether Circuit Judge William R. Dusher had heard all angles of law in prior motions calling for the suppression of slot evidence which had been filed by the Navy Club of Rockford and the Veterans of Foreign Wars club in an effort to dismiss the indictments filed against them.

The indictments had been returned by the Grand Jury in January and on the strength of them the circuit judge had upheld the right of two city aldermen, as city liquor commissioners, to inspect the entire premises of the clubs licensed to sell liquor.

The motion filed by O'Brien admitted the presence of the slots, in the press club when it had been visited by the two aldermen, but declared that, "the slot machines were in a room separate and apart from where intoxicating liquors were sold and dispensed, and over which the liquor commissioners of the city of Rockford had no jurisdiction and had no right to inspect."

Should Judge Dusher rule differently on O'Brien's motion than he did on the Navy and VFW clubs, he will have to reverse his position. He had previously emphasized that the aldermen did have the right to view the entire premises of the clubs, if they were licensed to sell liquor.

HOPE LOOMS FOR COINMEN'S BLDG. PLANS

NEW YORK—Hope loomed for the building plans of coinmen throught the nation with the recent announcement that a flat ban on non-housing projects would not be put into effect.

At a press conference held here last week, Ralph Parker, regional CPA administrator said the Veterans Emergency Housing Order did not mean a total restriction on industrial and commercial building and alteration.

The primary purpose of the order, Parker said, is to channel necessary materials into low cost housing for veterans, but the top issue in deciding whether a non-residential building can be constructed rests with the type of materials planned to be included in the new building.

In addition to the question of critical materials, Parker explained, special attention will be given to community hardship cases and employment conditions in individual localities. However, if there is insufficient building labor or materials, veterans' housing would be granted preference.

Regarding essential repairs and store displays, Parker urged the use of substitute materials, declaring that where the builder can show his project will not drain critically short materials, he will be permitted to go ahead.

Parker said there was a certain amount of "free material" which is expected to provide for necessary repairs and those authorizations urged by CPA for commercial and industrial construction.

Every effort, he said, is being made to stimulate the production of these critical materials and it is expected that when the supply of so-called "free material" exceeds the demand, restrictions under the order will be relaxed.

PAUL FULLER BECOMES WURLITZER DIRECTOR OF MERCHANDISE

PAUL M. FULLER

NO. TONAWANDA, N. Y.—Paul M. Fuller has been appointed to the position of Director of Merchandise of the Rudolph Wurlitzer Company's North Tonawanda Division, according to an announcement by Carl E. Johnson, General Manager of the firm's North Tonawanda plant.

"A rich background of experience in market and materials research, product styling and industrial design pre-eminently qualify Mr. Fuller for his enlarged responsibilities," Mr. Johnson stated. "His department will serve as a clearing house for pertinent data necessary for the design of all Wurlitzer products manufactured at North Tonawanda in accordance with

the requirements of the markets in which they will be sold. These products include commercial phonographs, electronic organs and automatic drink vendors."

After a broad training in art, architecture and design in Europe and the United States, Mr. Fuller became associated with Marshall Field and Company in Chicago as manager of that large retail establishment's interior decorating studios and construction departments.

Later he established and directed his own architectural and interior decorating business in Chicago, during which he conceived and created the famous million-dollar "Black Forest" exhibition at the Chicago World's Fair in 1934.

Mr. Fuller first became associated with the Rudolph Wurlitzer Company's Phonograph Division in 1936 as a design consultant and since that time has been responsible for the styling of all Wurlitzer commercial phonographs and auxiliary equipment. In 1944 he resigned all other activities and was appointed manager of the Product Design Department.

The formation of an integrated merchandise development department is in line with the vast expansion program undertaken by Wurlitzer's North Tonawanda Division. Under Mr. Fuller's direction the new department will be divided into three sections: field research, design and modelization shops.

\$17,000 SLOT PLAY BY ONE GAL IN TWO YEARS

SOUTH BEND, IND.—A lawsuit filed in circuit court here by Walter C. Miller, local coal dealer, against Mrs. May Moon and Mishawaka Post, No. 360 of the Veterans of Foreign Wars, revealed that Mrs. Moon was reported to have played \$17,000 into the slots in this club, according to Miller, in the past two years.

Miller was in semi-retirement, he reported, and from October, 1942 until October, 1944 he left his financial details in Mrs. Moon's hands. By the time he was suspicious over the state of his accounts he found his books \$17,000 short. Mrs. Moon is reported to have played about \$150 per week into the slot at the Veterans' club.

GRAB ROBBER OF CIG VENDER SERVICEMAN

CINCINNATI, O. — Fred Bradner, serviceman for the Monarch Vending Machine co., ciggy machine ops, this city, who was robbed of \$500 after being kidnapped and taken for a short ride in his truck, this past week identified Forest Jeffries, who was accused last year of also robbing a cigarette machine serviceman but was released because of insufficient evidence, as the robber.

Jeffries room when searched by local police contained a great many coin wrappers of the type used by Bradner as well as a black shirt he had worn during the robbery.

New Products Protects Machines for Export

NEW YORK—Coin machine exporters have been granted a new boon for the protection of equipment in transit and storage as a result of war-born discoveries in the field of industrial packaging.

The conquest of water, salt air, corrosion and rust, effects which have long been the cause of damage claims, high insurance rates and inflated export costs, will be greatly cut as a result of new packaging techniques originally developed for the shipment of extremely sensitive war goods.

Most dramatic of the new products is a sprayed vinyl resin coating which can be applied with a spray gun by one man to equipment ranging in size from a ball bearing to a four-engined airplane.

The coating does not stick to the protected equipment, but seals it in an envelope impervious to water, air and harmful elements. Silica gel is sealed within the unit to absorb moisture generated inside the package by temperature changes. The coating can easily and quickly be stripped away upon delivery of the equipment.

This product is among those now available for immediate delivery.

Ask U. S. To Double Foreign Trade Staff As Aid To Export

WASHINGTON, D. C. — A recommendation that the number of foreign personnel engaged in commercial and economic work abroad be doubled to further aid American business has been made in a report to the Secretaries of State and Commerce by the Advisory Committee on Commercial Activities in the Foreign Service, it was recently announced.

Foreign demand for American goods and services has greatly increased as a result of the war, and this makes necessary a corresponding increase in the reporting service required to keep American businessmen informed of changing conditions, the report went on to state. Moreover, new and complex trade controls have developed thru the past few years.

U. S. EASES EXPORT SHIPPING LAWS

NEW YORK—In a further step toward simplifying postwar shipping and export, the War Shipping Administration last week revoked virtually all bans which required ships cooperating in national defense to carry only priority cargoes as defined by the Ship Warrants Act.

The Act, which became law in mid-1941, authorized the Maritime Commission to fix priorities for ships in order that national defense requirements be fulfilled in the most expeditious manner.

Under the law the commission was empowered to grant preferred ratings

in the use of shore facilities to all ships cooperating in national defense by following approved trade routes and by carrying vital cargoes. It further controlled ocean freight rates.

Now, however, with the export race getting into high gear and competition among shipping companies in free action, the bans are off. The one exception that remains is the ruling which requires that business dealings will not be permitted with or thru any persons on "the blacklist," which includes the names of persons held to be enemies of the United States.

TRI-STATE DISTRIBUTING CO. CHANGES NAME AND ADDRESS

PITTSBURGH, PA.—The firm name of the Tri-State Distributing Company, Aireon distributors in this city, has been changed to Mulligan Distributors, Inc.,

With the announcement came the word that the firm had taken new quarters, changing from their former location at the Hotel William Penn to a space at 1024½ Fifth Avenue,

Said Jack Mulligan, "Our new location offers a conveniently situated space in the heart of coinrow, and the physical set-up is such that our customers will have the best of service at all times."

The personnel of the organization remains the same, with Jack Mulligan as General Manager; Ben Long, Sales Manager; Ray Emerson, Service Manager.

Herman Budin Dies

NEW YORK—Herman Budin, affectionately called "Hymie" by everyone in the trade, passed away Tuesday, April 9, at his home in Brooklyn, N. Y. Budin had been a victim of a heart condition for quite some years, and had been practically inactive for the past five years.

One of the veteran coinmen in the city, Budin joined up with his father when a young man, assisting in the operation of a route of peanut machines. Servicing and collecting in those days were done by horse and wagon. A short while after joining his father, the firm installed a peanut roasting machine, and sold the merchandise to practically every operator in the borough. Some years later, Herman took over the entire business.

Budin, at one time or another, was connected with every phase of the coin machine business. He manufactured amusement machines; jobbed and distributed games for Chicago manufacturers.

The funeral service, held at the Midwood Chapel in Brooklyn, was attended by practically every member of the cointrade in the New York area at the time.

Budin, who was 47 years old, leaves a wife and three boys.

NEW ENTERPRISE EXEC

HOWARD UTTER

LOS ANGELES—Howard Utter has joined Enterprise Records, record manufacturers of this city, as Assistant General Manager, it was recently announced by Frank Berger, owner of the firm.

Utter, who was formerly connected with Curtiss-Wright, the aircraft company, as production manager, has been shouldering much of the responsibility at the Enterprise firm during the current illness of Frank Berger. According to reports, he is doing an unusually fine job in keeping the large and progressive plant operating smoothly.

business places have been ordered to discontinue displaying the machines. Those operators who refuse to com-

ply will be brought into court and their machines confiscated, the sheriff warned.

QUESTION FUTURE OF NOLA PINS, SLOTS

NEW ORLEANS—With a new city administration readying to take over this city for the next four years in just a few weeks, speculation and discussion among coinmen here centers over the continued operation of slots and pins.

It appears to be the general belief among local observers that the city will be closed down for a short time when the new regime takes over this May 6th, but it is felt the ban will be of temporary duration only. It may be, too, that the old regime may close the city before it retires from office; this as a bid toward the 1950 elections.

This opinion is formed from recent statements issued to the press by Mayor-elect de Lessep S. Morrison, the 34-year old ex-Army Colonel who defeated Mayor Robert S. Maestri in the past election.

In a recent interview in which he was asked what he would do about slot machines, Morrison replied, "I'm going to do away with syndicates."

When asked, "What about the small time operator?" Morrison replied that he would work something out.

M. S. WOLF CO. NAMED 'EXTRABELL' DISTRIB

LOS ANGELES—The new "Extrabell" front for Bell mechanisms will immediately be available to ops in California, Nevada, Arizona, Oregon and Washington, according to Bill Wolf, of the M. S. Wolf Distributing Co., this city.

"We have already premiered the "Extrabell" here, in San Francisco and Seattle, and this dazzling new front has met with an overwhelming reception," said Wolf. It's a money-getter and no mistake," he continued.

The "Extrabell" was designed by Everett B. Eckland, of Mangan & Eckland, Chicago industrial designers, who is responsible for the appearances of the "War Eagle," "Roman Head," "Blue Front," "Brown Front," "Silver Chrome," "Gold Chrome," "Emerald Hand Load," and dozens of other successful Bell fronts.

The new "Extrabell" has a curved fronting for the first time, making the jackpot section appear many times more capacious than formerly. The payout section is also brand new on this front.

PM DEBUNKS O'DWYER PIN DRIVE

NEW YORK—PM, daily newspaper here, last week featured an article that was an acid criticism of the recent drive ordered by Mayor O'Dwyer against what he had termed "an invasion on all fronts" by slot machine and pinball racketeers and other gambling interests."

Written by Max Lerner, top editorial writer on PM, the article scored the hullabaloo as an indication that the war was really over.

"I am ready to believe that the war is really over," Lerner wrote. "The newspaper headlines are once again screaming about gambling, the spring impulse is in the air, and police raids are busting out all over.

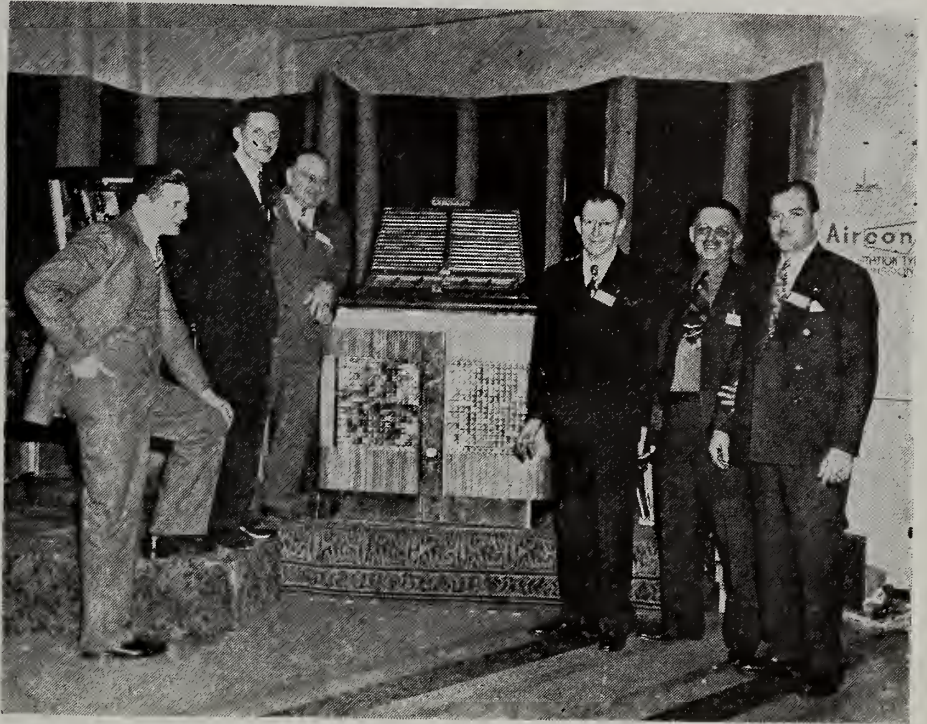

"Not that there isn't any crime in New York to proceed against," he went on to say. "There is plenty of it, and you don't need a couple of newspapermen sitting around at police headquarters to dream up a 'crime wave'."

"I suppose," Lerner continued, "that in direct political effects the gambling raids — or any anti crime 'drive' are a boon to any city administration. They make good reading and good headlines. They take the heat of public attention away from so many more troublesome things — higher subway fares, big budgets, controversial tax programs, airport squabbles.

"This, no doubt, is as it should be in the scheme of things political. But we have the right to ask for more than the usual pattern. If the police are going to go after small-fry gambling, then let us strengthen our sadly understaffed police force, so there will be enough manpower to take care of the big fellows as well. Let the Administration show that it means business in planning a serious over-all campaign against crime — one that starts with the school system where young minds are formed; and housing and slum crowding, and the system of courts, which has long needed more personnel that has both strength and a sense of humanity; and, most of all, the tie-ups between the empire of crime and the empire of politics.

"If the mayor and the police commissioner mean business in their war against crime, they will have to throw away their pea shooters and bring out their heavy artillery. And they will have to point that artillery at targets so powerful that it takes real courage to shoot at them."

MILLS SALES TO EXPAND; PLAN MOVE TO SAN FRANCISCO

WARREN H. TAYLOR

OAKLAND, CAL.—In keeping with the tremendous expansion program outlined by the Mills Sales Co., Ltd., this city, the firm plans on removing their offices and showrooms here to San Francisco, it was revealed last week by Warren Taylor, sales manager of the organization. It was added, however, that the firm will retain their service shops here at their present location.

The firm, distributors thru this territory for Mills Industries, Inc., International Mutoscope Corporation, and other leading manufacturers, also plans on opening sales offices and showrooms in Los Angeles, Taylor said, and arrangements are now un-

derway for the purchase of buildings to house the firm in both cities.

In an effort to assist veterans anxious to enter the coin machine business, the Mills organization is reported to be paving the veterans' way into the ice cream vending phase of the trade.

OPS FILE FOR RETURN OF SEIZED SLOTS

SANTA ANA, CAL.—An action to recover three of the almost two dozen slot machines seized two years ago in a vigilante raid led by the Rev. Wesley G. Edwards, was filed in the Township Court here against Sheriff Jesse Elliott, who has given notice of intention to apply to Superior Court for an order to destroy the machines.

The replevin action was filed by John Glover, Thomas Block and George Landier. They are basing their claim that possession of the machines was in no way a violation of the law.

O. J. MULLINIX STAGES 2-DAY ROCK-OLA SHOWING IN ATLANTA

SAVANNAH, GA.—O. J. Mullinix, Jr., head of Mullinix Amusement Company, this city, returned here last week after conducting a two-day showing of the new Rock-Ola phonograph in Atlanta.

The showing, held in a suite at the Robert Fulton Hotel there, attracted music operators from all over the state of Georgia, it was reported.

"They came in droves," said Mullinix. "Operators, many with their wives and service people viewed the

BUSINESS MAG OFFERS BOOKLET ON COIN BIZ

NEW YORK — Forbes, the well-known business magazine, last week listed among their booklets available to subscribers a booklet covering the coin machine industry.

Entitled "Is Your Future In The Coin Machine Industry," the pamphlet outlines for veterans and other interested investors basic facts about conducting a successful business thru vending machine equipment and merchandise. The booklet covers all phases from the purchase of machines to location servicing and book-keeping problems.

machine thruout the entire two days and on far into the night, and their enthusiasm and delight at what Rock-Ola had done for the operator this year knew no bounds. They acclaimed it as "the operators' phonograph of 1946." After seeing the machine, they had only one question, 'How many can I get, and how soon?' It was wonderful," Mullinix reported.

At the present time, Mullinix is seeking a building in Atlanta with a view toward opening offices in that city; in addition, his new building here is being remodeled. He is reported to have the intention of staging a simultaneous grand opening of new buildings in both cities.

3 FACTORIES ADDED BY TEXAS MFR.

HOUSTON, TEX.—Amusement Enterprises, this city, manufacturers of the "Bowl-A-Ball" bowling alley, the "Pitchem" penny counter game, and others, have moved into high production gear with the acquisition of three additional factory organizations, according to Vincent Todar, advertising and promotion manager

The addition of the facilities offered by the three companies is expected to enable Amusement Enterprises to complete its production quota for the coming year and is in line with the long-range expansion program which the firm had been planning for many months.

Added to the firm's roster now are ing of a field headquarters in that

city scheduled for an early date. the Houston Wood Milling Company, National Steel Fabricating Company, and the Houston Wood Products and Plastic Company, all of which are backed with full working crews necessary to keep production lines moving at top pace.

William V. (Bill) Siros, president of Amusement Enterprises, disclosed that negotiations are now under way with several Texas saw-mills to assure the factories a continuous supply

With delivery of the firm's principal products to appointed distributors scheduled to be made within the next thirty days, it was announced that office and showroom space had been secured in Chicago, with the open-

TO MEN of VISION

AL SEBRING

I cordially invite you men of vision to attend the Premiere Showing of the BEACON COIN CHANGER at our showrooms on Thursday, Friday and Saturday, April 18, 19 and 20.

I have been associated with the Coin Machine Business for more than 15 years. Many changes have taken place in the field since then. Believe me when I say that I have yet to see any device that will do more for an operator while he is away from ANY location, than will the BEACON COIN CHANGER! Here's something you've been dreaming about! A device that provides nickles for players of your machines WITHOUT LOSS OF PLAY. WITHOUT BOTHERING THE LOCATION OWNER. WITHOUT MIDNIGHT SERVICE CALLS FOR NICKLES!

But that's not all the BEACON COIN CHANGER will do for you. Space does not permit the listing of all locations where the BEACON COIN CHANGER can do a BIG job of feeding wanted nickles to a rushed public. Look to the right of this column for a partial list.

All of us at BELL PRODUCTS are ready to welcome you on APRIL 18, 19 and 20th.

FRANCHISED TERRITORIES ARE AVAILABLE TO RESPONSIBLE DISTRIBUTORS

**THURSDAY - FRIDAY - SATURDAY
 APRIL 18 - 19 and 20**

Most of you have already seen many of the newest Phonographs, Pin Games, Consoles, Cigarette Machines, Arcade Machines and other coin operated devices —

... and NOW ... the BEACON COIN CHANGER'

The BEACON COIN CHANGER changes quarters or dimes into nickles with the speed of lightning! Makes change in less than a second!

The BEACON COIN CHANGER holds \$40.00 in nickles.

THE BEACON COIN CHANGER IS ELECTRICALLY OPERATED!

**The BEACON
 COIN CHANGER**

NEW RECORD LABEL ISSUES FIRST DISC

LOS ANGELES—A new label broke into the ranks of the nation's record manufacturers last week with the release of, "Can't Win, Can't Place, Can't Show," by San Antonio Records, Inc., this city.

The firm, organized here recently by Hermon S. Hatch, who serves as its president, will press its discs under the motto, "Devoted Exclusively To The Finest In American Folk Music."

Hatch recently announced the signing of Paul Westmoreland and His Pecos River Boys, a musical team made famous when Westmoreland authored the hit tune, "Detour." San Antonio's first release is an original composition by Westmoreland.

JOHNNY AND THE MRS.

SAN FRANCISCO, CAL. — Johnny Ruggiero, manager of the Jack R. Moore Co. offices here, reported this past week, "There seems to have arisen a great clamor among many coinmen in this area to meet Mrs. Ruggiero. Well," Johnny continued, "if that's what they want to see — here's the picture and, if you publish it, it's your own fault."

CLAIMS TOP DISC SALES

JACK GUTSHALL

LOS ANGELES—Returning from a recent tour on which he visited record distributors all along the West Coast, Jack Gutshall, head of the Jack Gutshall Distributing Co., said, "I can now claim that our firm is distributing the world's fastest selling independent records. The demand for the Exclusive, G & G and Modern labels is phenomenal," he reports.

As a result of his tour, Gutshall reported that the big four record companies "are squealing plenty." He also said, "They are using many forms of subtle threats to force distributors to drop independent labels, but the record distributors and phono operators say that they are with the independent companies from now on."

AMI CHI CONVENTION CLICKS BIG

Brings in Coinmen from New York to California. Many Mfrs. Present. Hotel Continental is Jammed.

CHICAGO, ILL. — DeWitt (Doc) Eaton, General Sales Manager of Automatic Instrument Company, announces over 800 coinmen were on hand for the big showing of the AMI "Model A" phonograph in the Tropical Room, Hotel Continental, Wednesday and Thursday, April 10-11.

Most AMI distributors were in Chicago with large groups of music operators from their local areas.

The two days have shaped into a regular panorama of stars from radio, record, theater and cafe circles. On Wednesday at 2:30 P.M., Miss Easter Straker, who does "Celebrity Spot" over WIND, interviewed DeWitt (Doc) Eaton and Phyllis Myles, vocalist with Frankie Masters' band. The interview was wire recorded for broadcasting over WIND later in the week.

The following well known stars appeared on Wednesday, April 10: Ole Olson, of Olson & Johnson show, Eddie Franklin of the Olson & Johnson show; Chico Marx, Jackie Green; Frankie Masters, Phyllis Myles, and his Girl Quartette, from the Stevens Hotel; Carl Schreiber, band leader at the Byrd Ballroom and featured on "Spice of Life" program MCFL and his vocalist Mary Corliss, Terry Von Wilkins; George DeCarl, band leader at the New Horizon Room, Hotel Continental; Tommy Bartlett, Johnny Neblett; Judy Clark and Lee Bennett, WGN; Fred Lowery, the Whistling Virtuoso, Dorothy Rae, the Girl

with a Smile in Her Voice, members of Horace Heidt's band, and in Chicago for a special engagement; Maple City Four, WLS, radio's oldest barber shop quartette; Leon Chess, of Hel-sing's and Beverly Cocktail Lounge.

Personal appearances by the following stars marked Thursday, April 11: Griff Williams, of the Empire Room, Palmer House, Bob Kirk and Walter King, vocalists with the band; Chuck Foster and his singer, Betty Clark, now at the Blackhawk; Jack Fulton; Bill Samuels and his Trio, featured at Paoella's Cafe; and the Four Bluejackets. From the sports world — the billiard king Willie Hoppe and the one and only Jake Schaeffer; bowling enthusiasts were thrilled to see in person the incomparable Ned Day and Joe William, bowling champions.

Most of Chicago's most noted manufacturers, distributors, jobbers and operators were also present at this affair.

There were also many manufacturers and their distributors from out of town areas.

It appeared like a real old-time convention and all the spirit and flavor of the famous conventions held in former years was noted by all who attended.

The Hotel Continental was jammed with coinmen who came many miles to attend this show. The general belief was that this was, "the most outstanding affair which has yet been run in Chicago since the last convention."

COINMEN FLOCK IN TO SEE BELL PRODUCTS' BEACON COIN CHANGER

CHICAGO—Coinmen from all over the country are reported to be arriving in this city to see the new Beacon Coin Changer of Bell Products Company which will officially make its premiere on April 18, 19 and 20.

Many manufacturers who are interested in adapting the Beacon Coin Changer to their present and future products also intend to be present at the showing and the general belief of the men here is that this will be one of the most outstanding shows ever yet run by any firm in this city.

"Interest in the Beacon Coin Changer," Al Sebring of Bell Products Company reported, "is at high pitch. We have never before enjoyed as many calls for any product in which we have been interested as we are in the Beacon Coin Changer.

"The trade is anxious to see it," he continued, "and they are even more anxious to get them out on their locations. The coinmen realize what a tremendous boon this is to their profits. All of the men with whom we have already spoken tell us that they are going to feature the Beacon Coin Changer in everyone of their locations for they realize that this is the answer to better play action and this means faster profits to amortize the cost of the present day machines."

The firm intend to make this premiere showing one of the pioneer displays of the trade. They feel that coin changers are going to become necessities just as have many other types of equipment. They are, therefore, planning to have the Beacon Coin Changer become part and parcel of each and every operators' locations regardless of what type spot it may be. They feel that this will be, "the salvation of the operator's business."

As Sebring further stated, "Here, for the first time, is something which gives the operator complete control of the number of coins which he can be sure will enter into his machines on any location without bothering the storekeeper, without creating any muss or fuss, and furthermore, helping the location owner himself to enjoy more efficient service."

Will Present New Music-On-Film Unit

CHICAGO—Reports just received are to the effect that one of the largest beauty manufacturers in this city is preparing to present a new type music - on - film machine which is stated to have one of the greatest projectors ever yet developed.

The firm have not as yet reported just what their sales plans to the trade are at this time but they have indicated great interest in the coin machine operator as the logical consumer for their merchandise.

WILL MARKET "AUTOMATIC THEATRE"

They will be leased to the operator at the rate of \$50 per week, according to Edward Leven, chief of the motion picture division of the firm.

By careful tests the firm believe that the "Automatic Theatre" will prove a great profit producer, in this one man operation scheme, even with the house only partially filled.

The reason why only one can be leased to a customer is due to the fact that certain union rules in some areas must be observed.

(There is every reason to believe that many coin machine distributors will find the "Automatic Theatre" a very salable item, especially to new blood. Full scale production is already under way.)

CHICAGO — The nation's largest beauty products manufacturing firm, this city, is now ready to market an entirely new innovation to coin machine operators, the "Automatic Theatre."

This will be the firm's first product for the coin machine industry. They have never before been engaged in manufacture of coin machines.

Featuring a "Natco" projector, developed by their engineers, and which has been proved in extensive tests by the U. S. Navy, the firm will enclose this 16mm unit in a large cabinet (as pictured above) which will project a complete 45 minute newsreel program on a large screen.

All that is needed is a vacant store in which from 100 to 200 theatre seats can be set. This is a one man operation. An automatic turnstile accepting 25c pieces will be the entrance to this new "Automatic Theatre." Program can go on continuously without halt.

Arrangements have been made with the largest newsreel producer in the nation to speedily shoot the latest newsreel releases to the "Automatic Theatre" so that it will be completely equipped.

The machines will not be sold.

Phone: WAverly 3-1500

Dear Mr. Operator,

Dave called me from Chicago where he was attending the A M I Premier Showing and said, "Put on a production ... the crowd here is colossal ... the machine is terrific ... the food is wonderful ... the drinks are etc., etc. But, the big galoot didn't give me anything concrete to say in his message to you this week.

However, I know how excited and elated Dave is over the new A M I 40 Selection Phonograph. As a matter of fact, I know how excited everyone is about it ... so I know why he was a bit incoherent over the telephone. But, the one thing he did tell me is that he's arranging to bring the new A M I Model "A" Phonograph to Philadelphia and, just as soon as it arrives we'll tell you about it!

Ad Man

P.S. That bucking broncho Dave rode out to Chicago, as pictured in last week's ad, broke down in Squeedunk and he traded it for a hot dog and a seat on American Airlines ... just thought you'd like to know.

JOE HIRSCH ANSWERS NEW YORK PRESS

NEW YORK—In answer to the headlines which have been flooding this city for the past week that there would be a "pinball racketeer's invasion of New York" and other similar statements which have appeared in all the eight leading newspapers here, Joe Hirsch, former president of the Amalgamated Vending Machine Operators Assn., answered the press with a full column article in "The New York Times" this past Friday, April 12.

The "Times" reported Hirsch as stating, "In past years pin games were equipped with free play gadgets, push buttons and meters which made it possible for concessionaires to turn the games into gambling devices. With the new machines and the elimination of such gadgets, gambling will become an impossibility."

He is also reported to have quoted remarks handed down in a decision by Justice Samuel I. Rosenman in the State Supreme Court and in a report by former Commissioner of Investigation William B. Herlands to the effect that, "pinball machines which are not equipped with a free play device are not readily converted into free play machines and are not gambling devices in and of themselves."

He also reported on the meeting held at the Broadway Central Hotel (reported two weeks ago by *The Cash Box*) and stated that the men who had met there were legitimate business men, many of them returned veterans, who were only seeking to re-enter into a legitimate business.

He told the "Times" that the statements which had been made in the press, "were completely distorted."

He also stated that to prove to the public that his group is strictly legitimate, "a test case will be held in the Supreme Court in the very near

future in which our cards will be laid on the table."

He also said there is no law in the State of New York or any ordinance in the City of New York which prohibits the operation of amusement machines in which no awards or

prizes are offered for high scores.

It is sincerely hoped by all coinmen here that Hirsch's answer to the wild press notices and headlines which have been appearing all this past week will halt such further press features in the future.

Report From Canada

By Phil Glanzer

Canadian Correspondent

for The Cash Box

1192 Ave. Road, Toronto 12, Can.

TORONTO, CANADA—In the main, phonographs (with and without wall box installations) are the favorite coin-operated equipment in Canada.

Scales and weight guessing equipment can be classified as next.

Many of the top-flight motion picture houses in Vancouver, Winnipeg, Toronto and Montreal are equipped with merchandise machines dispensing chocolate bars and similar sundries.

Slots and pin-balls are a sorry subject in Canada. Almost every province in the Dominion has enacted legislation outlawing such equipment. This situation has been going on for several years and in spite of the taboo slots and pins are being operated to a certain extent in rural areas.

No phonographs or scales are being manufactured in Canada. What few that are of Canadian manufacture, are actually American equipment which is assembled in Canada.

The main problem in Canada today, however, is the scarcity of equipment—as well as the high price to import same from the United States. This includes high importation duties and municipal taxation wherever such equipment is installed.

With summer resorts beginning to open in Canada and with record crowds anticipated, coin machine distributors are being swamped with requests for equipment — which is neither available at this time, nor practical so far as price is concerned.

Dealers and distributors who have

been contacted for comment advise that they believe there may not be any relief in this situation for from six months to a year.

Definitely, summer resorts are in for a great disappointment this year because automatic equipment will be conspicuous by its absence.

OHIO JUKE BOX OPS ASSN PLANS 24 HOURS OF FUN AND BUSINESS ON MAY 1

CLEVELAND, O.—Jack Cohen, president of this city's juke box ops association and who is also Chairman of the Banquet Committee for the Ohio State Phonograph Merchants Assn., who will hold their convention here at the Carter Hotel on May 1, reports that there will be a complete 24 hour program of entertainment and business for all who will attend.

"To begin with," Jack stated, "we have already received dozens of notices from leading recording artists as far away as New York who will be happy to attend this affair.

"The only disappointment came from Guy Lombardo who most sincerely wanted to play for us at this state convention but the Capitol Theatre of New York City would not release him. He is still trying and has been in constant contact with me.

"In addition we already have the famous blind whistler, Fred Lowrey, also Johnny Desmond, Ernie Benedict, Frank Yankowitz and his polka orchestra and dozens of others.

"The program will be terrific," Jack continued, "starting with a business meeting at 10 A.M. where leading manufacturers, distributors and operators will have their say, it will go right into a luncheon at 12:30 P.M., where a great program has been prepared.

"Following that there will be a cocktail party in the Mac Arthur Room of the Hotel Carter at 5:30 P.M., and then the grand entertainment banquet at 7 P.M. in the Rainbow Room.

"But," Jack said, "that isn't all. Because we have so many, many dozens of stars who want to entertain all the juke box men who will be present, there will be a breakfast party at 1:30 A.M. of the next day which will continue on until everyone of these stars has entertained the crowd and until all who want to entertain from among our own group have had their chance.

"The way it looks now," Jack concluded, "this breakfast party will continue right on to 10 A.M. of the next day, which means a complete 24 hours of business and entertainment for all those who will attend the Ohio state convention of phono music merchants."

Leo J. Dixon, president of the state group, reported this past week that the affair was already growing to tremendous proportions. He said, "We recommend that everyone else who wants to attend notify us im-

mediately. The tickets are almost gone for the banquet."

Gary Weber of E & W Distributing Co., this city, who is Co-Chairman of the Banquet Committee and is working with Jack Cohen very closely on all plans for this huge one day convention also reported, "We are going to have some real surprises for everyone who will be present, in addition to the entertainment which has been already arranged by Jack Cohen. There is no doubt that everyone who will come to Ohio State's one day convention will go away more than pleased that he was able to be present."

WOLF'S SEATTLE AMI SHOWING PULLS BIG CROWD

By Special Wire to The Cash Box SEATTLE, WASH. — Bill Wolf of M. S. Wolf Distributing Co., opened his new showrooms and offices in this city by presenting to over 450 coinmen who attended this grand opening the new AMI "Model A" phono.

It was considered one of the most outstanding showings which the firm have ever yet featured. The new showrooms and offices, according to coinmen here, "are undoubtedly the most attractive in the country."

Compliments on the food, drinks, showing of the new AMI and on the beautiful showrooms and offices were forthcoming from all who attended this grand opening-premiere.

This is the last of the showings Bill Wolf will make. "From now on," Bill said, "we are going to be busy just filling orders."

"COLLIER'S" FEATURES STORY ON AUTOMATIC HOME FEEDING

NEW YORK — "Collier's magazine (issue of April 13, 1946) on page 30 has a feature story by David O. Woodbury entitled "Your Life Tomorrow" which tells all about the fact that in the future there will be no need to attempt to get service in crowded restaurants or diners.

He says, "A small device like a juke box control will be installed in front of each seat." And goes on to explain that all that will be necessary will be pushing buttons to get what the diner wants.

This is more or less in keeping with the great amount of publicity given to frozen food venders. It ties in perfectly with automatic merchandising.

PITTSBURGH PRESS TAKES WHACK AT SLOTS

PITTSBURGH, PA. — In a feature story by Gilbert Love, entitled "Hello, Sucker," the Pittsburgh Press, leading paper of this city, takes a whack at all forms of gambling. The large five column illustration which heads the story shows a crowd gathered around a slot.

Love has very little to say about slots and calls pinballs, "country cousins of slot machines." The item seems to be based on sensationalism.

He devotes paragraphs to race betting, slot machines, pinball machines, gambling casinos, bingo, keno, etc., sweepstakes, punch boards, and poker and bridge.

The article will be followed by another entitled, "It's Easy To Lose."

MOLLIE SIMON BACK SERVING L. A. COINMEN

LOS ANGELES, CAL. — Mollie G. Simon, well known to coinmen here for her many years with the AOLAC, is now back serving the cointrade as a public stenographer and notary public.

She has opened offices at 2301 West Pico Blvd., this city, and suggests to all those coinmen who know her in this city, "Let Mollie do your letters."

Having practically grown up with the coinbiz here Mollie has as her slogan, "A wealth of coin machine experience."

Youth Center Juke Box Sizzles for Kentucky Kids

WINCHESTER, KY. — One of the juke boxes located in the Youth Center here literally got hot this past week and simply sizzled.

It was a double thrill to the 75 kids who were jiving around to the music when firemen had to be called.

There was no damage and no danger, firemen simply removed the sizzling box to the back yard to cool off.

Among the teen agers here it was unanimously agreed that this was the "hottest tune ever to come out of a juke box."

THRU THE COIN CHUTE

CHICAGO CHATTER

AMI brought in one of the largest crowds of coinmen in the history of this city to their premiere showing April 10 and 11. It was really a convention in every sense of the word. It proved, once again, that the coinmen were really hungry for a good old fashioned get-together. And, believe me, the boys really enjoyed getting together and just roaming about from suite to suite and room to room just like they did in the old days. The Hotel Continental was jammed from the early morning hours until late in the evening and the boys didn't want to go upstairs or even go home they just couldn't get their full of talking things over and over again. AMI was given due credit for being responsible for bringing together all the coinmen from around the country for just a grand old fashioned good time once more . . . And, believe me, this wasn't the only get together in the Windy City this past week. Plenty of Wurlitzer distributers were also in town at a special meeting at the Hotel Bismarck where Mike Hammergren was doing some talking and this, too, added to the jam of coinmen in town this past week. Brother, you can take it from me, it looked like the old days back in '34 and '35 for the first few days of the week.

Funniest coinman we've heard in a long time is Bill Bye (especially after 44 beers) spouting out about what this business is all about. And, take it from me, Bill knows what it's all about. Bill is Emby's office down in Philly, Pa. and he gathered the boys around him at the Bismarck Hotel and just let go for a few days this past week—and kept them in stitches . . . Also saw Don Clark who is now the major Wurlitzer distributer in California around the town and wondered why they were calling him "Rock Springs" Clark . . . Al Segal of Toronto, Ont., Can., was also in town this past week and visited around with some of his friends he found had come in that week. Wonder why Al was nicknamed "\$30 an hour Segal?" . . . Si (No Offense) Redd of Boston, Mass. and many other points East almost lost his suit when Zeke ("How can a guy make a buck?") Horberge, the suit man, sent it to someone else not Si . . . M. H. (Rosey) Rosenberg was all flushed and happy and plenty red faced this past week when we got our first glimpse of him . . . Joe Schwartz "the dancing auditor" and as some of the boys who know him said, "He's crazy to dance," did plenty of dancing this past week . . . Larry Cooper is out to give Leahm Kelly some competition from now on in. Larry has gained 46 lbs.

They tell me that Dave Lee, the Wurlitzer export manager, who was also in town this past week, "discovered the fourth necessity of life" . . . Ed Wurgler of Wurlitzer remembered that Bill Bye owed him 100 bucks and collected this week after a whole year's wait. But, within 15 minutes Bye had borrowed it back again, and now Wurgler's wondering whether it will take another year to see that 100 spotted green sheet . . . Sam Stern and Harry Stern of the Scott-Crosse Co., Philly, who have been in town for over two weeks have been hanging around the Rock-Ola plant with a really hungry look in their eyes. Art Weinand and A. R. Kelso have been watching closely, too, for they

know these two guys would steal every machine coming off the production lines. (By the way, Sammy tells me that Harry Williams fixed him up a gorgeous office in his very beautiful factory.) . . . Dave Rosen and his three bodyguards were seen around the Bismarck this past week and were reported to have clicked very big in the Bismarck coffee shop . . . Ben Fireman and Max Brown, also of Philly, seen in town this past week, too. Wonder what all these Philadelphia boys are after? . . . Saw Jack Nelson and he was actually beaming because of reports that he is now the Challenger distributer for the territory here. And Jack also stated his new Double-Point needle is going over very, very great.

Rumor here is to the effect that Joe Ash of Active Amusement, Phila., Pa., will be the Challenger distributer for his part of the world . . . Les Purrington, just back from India, and looking like a million, in town this past week and tells us that he has decided to settle down in Latin America. He may make Mexico his headquarters and will travel all thru South America where he is going to start coin machines going in a big way. Les talks the language to perfection . . . Saw Pat Buckley around with Mons. Fortina of Paris, France, and showing him the sights of the Windy City as well as telling him all about the new Buckley Daily Double Track Odds which seems to be getting plenty of attention . . . Got to hand it to H. F. (Denny) Dennison of Personal Music Corp. (the "Measured Music" man) for the way that he took Abe Green and Barnet (Shugy) Sugerman of Runyon Sales Co., N. Y., over the hurdles in gin rummy. That's a real feather in his hat for that is something to do to these two gin sharks. By the way, we hear that Personal Music sold off all of their routes . . . We also heard that a British automobile manufacturer was now in the juke box business over in dear old London and believed that he had such a good box that the American manufacturers would never be able to sell one there again. I'm betting on our side.

Harry Brown of American Amusement so enthusiastic about the way the firm are turning out those "Smiley" counter games that he takes all comers over to see that three shift production line in action turning 'em out, but in quantity . . . A new angle for the coinmen will make its appearance very, very soon. It's now "Automatic Theatres" and all you need is this one machine, the rights to the very latest 45 minute newsreel run, a store where you can get from 100 to 200 seats and an automatic turnstile that takes in 25c pieces. It has been tested and proven very good . . . We hear that Morrie and Eddie Ginsberg of Atlas Nov. Co. have taken on some more lines for distribution . . . Cliff Wilson of Tulsa, Okla. in town this past week and looking around for some games to be shipped out his way Bill Rodstein of Phila., Pa., former prexy of the pin assn there, also in town this past week and showing one of Uncle Sam's sailor boys the town . . . Lew (London's Folly) London of Reading, Pa. and other points was also around the town talking about the next big horse show where he believed that his champ would win some more of those blue ribbons.

THRU THE COIN CHUTE

EASTERN FLASHES

Dave Stern and Everett Masterson, East Coast Sales & Distributing Co., (Rock-Ola distributors.) visit with Bob Slifer, General Manager, at their New York offices. Tom Burke keeps busy over at their new offices in Elizabeth. That leaves Harry Pearl where he is — out fishing? . . . Jack Fitzgibbons, Jafco, Inc., hears from his sailor son, who is now stationed in Astoria, Ore. Jack, Jr. has only a few more points to go for a discharge . . . Oreste D'Alleandro, better known to the trade as "Ray" finally got a break at Central Coin Machine Co., Rochester, N. Y. After patiently waiting for six months, his office furniture arrived — and he's so satisfied with the comfortable reclining chairs, he doesn't want to leave the office. His pretty secretary, Anabelle Audino, insists he'll become a lazy man if no new equipment comes in soon.

Barney (Shugy) Sugerma, Abe Green, Mike Munves and Jack Mitnick of Runyon Sales Co. away attending the AMI showing in Chicago. Probably be back home for the weekend. Meanwhile, Bernie Wolfson, who remained in the city, gradually going crazy trying to take care of all the ops who are still flocking in to see the New AMI phono . . . Nino Crisinino, Oakwood Amusement Co., home with pneumonia . . . Music ops are sympathizing with Abe Koenigsburg, who had nine teeth pulled. They claim that doesn't stop him from 'beating his gums' as usual . . . Max Bushwick and his missus of Capital Amusement Co., Philadelphia, Pa. arrived home from an extensive trip thru South America. They visited Max's four brothers, who live at Buenos Aires. Flying back by Pan American Clipper, they picked up L. W. Becker of Brooklyn, N. Y.

Coinmen thruout the city were saddened this week by the death of Hymie Budin, long associated with the business. Budin, one of the deans of the local coin picture, had a host of friends — and due to his lovable nature, never made an enemy. The services at the Chapel in Brooklyn on Wednesday, were packed with his friends, altho many in the city were unaware of his death. Among those seen at the Chapel were Jack Semel, Jack Fitzgibbons, Joe Munves, Bert Lane, Sidney H. Levine, Nat Cohn, Earl Winters, Bill Rabkin, Al Blendow, Dave Lear, Max Weiss, Ben Guber, Charley Sachs, Sam Kramer, Dave and Al Simons, Teddy Blatt, Willie Levy, George Holzman, Jack Rubin and many others.

Bud Parr, Solotone Corp., Los Angeles, Calif., in town for about a week, and then on

to Chicago. Teddy Blatt seen with Parr one evening at the Waldorf. Bud is seeing many coinmen on this trip with the intention of selecting distributors for the Solotone individual timed music system . . . Joe Frank, Automatic Sales Co., Nashville, Tenn., spends a few days in the city — and this time he's lucky. He was able to get into a decent hotel . . . Mrs. Lease of the Globe Music Co., returns to her route, after a short vacation in Florida . . . Eddie Corristen and Ben Becker, Palisades Specialty Co., Cliffside Park, N. J., having a race to see who will lose the most weight over the next month . . . Bill Blumenthal, Tri-State Sales Co., one of those fast moving young fellows, would like to see more Bally equipment coming in, so that he could be kept busy continually.

Earl Winters, Modern Music Sales Co., returns from Detroit, after a visit with Tom Saffedy of Vogue Records. Earl claims the plane trip back was the worst he ever made — even the hostesses getting sick . . . Hymie Rosenberg, H. Rosenberg Co., keeps the long distance phone going continually, bemoaning the lack of equipment . . . Jack Berman and Sid Merenstein, who just opened the Economy Supply Co. at Baltimore this past week, busy at work setting up their stock. And are they happy to be there . . . Irv Orenstein and Dave Engels, Hercules Sales & Distributing Co., Newark, N. J., becoming one of the most active jobbing companies in the East. Dave will chase anywhere to buy equipment, and Irv sells everything he buys . . . Dave Rosen, Philadelphia, Pa., returns from the AMI showing in Chicago. It won't be long before he runs a party for the Philly ops.

Johnnie Christopher claims that the shooting gallery at the Great White Way Arcade is getting a great play . . . Hirsh de la Viez, Hirsh Coin Machine Co., Washington, D. C., setting up his list of distributors thruout the country to handle "Red Ball", the automatic pool table game. Hirsh thought he would be able to get to New York City, but couldn't get away . . . Al Denver, president of the Music Operators Association of New York, continues to add new members to its list every month . . . Max Munves claims the demand for arcade equipment for the coming spring and summer is greater than ever before.

Bill Alberg, Brooklyn Amusement Co., back on the job, and now Charlie Aronson expects to take a week off to cure a cold that's been with him all winter .

THRU THE COIN CHUTE

CALIFORNIA
CLIPPINGS

LOS ANGELES

Jack Gutshall, Gutshall Distributing Co., returned from a quickie to San Francisco setting up offices there for the distribution of his records . . . Bill Happel, Jr., Badger Sales Co., reports that his new building will be finished soon and that all his many stores and storage rooms will be consolidated under one roof. Bill plans a big party for his grand opening with lots of good things to eat and drink . . . Len Micon, Pacific Coast Distributors, reports taking plenty of orders for the new Packard speakers with many ops anxiously awaiting arrival of the new Packard Pla-Mor phono. Len also reports receiving word that a large shipment of the new H. C. Evans "Bangtails" are on the way.

Paul and Lucille Laymon have been working nights trying to catch up with all the orders that have been piling up . . . Al Sleight, Bally's coast representative, reports that Bally games are flowing out of the factory with large quantity deliveries to be made shortly on practically all equipment . . . Jimmy Rutter, Operator's Service, Chicago-bound. Jimmy says it's very hush-hush but that a big factory is paying all expenses for this trip . . . Lane Jasper, Packard's Western territory service manager, seen around San Francisco calling on distribs and ops about Packard equipment . . . Jerry Gould, local op, had two fires in one week on two of his locations. The locations were quite badly burned, but lucky Jerry got his equipment out both times with very little or no damage.

Mr. s Bobbie Holloway, of San Bernardino, wins top honors as one of the most attractive ops in the West. Mrs. Holloway has been doing a great job keeping things going while her husband, Bud, now in the occupation army in Japan, is sweating out his return . . . J. L. Bacon, Vice President of Jennings' in town for a few days and right out again. Plenty of real interest in Jennings' slots . . . Harry Williams, Williams Manufacturing Co., Chicago, in town to view his Dad's new offices and showrooms . . . Charlie Robinson, of C. A. Robinson, reports that his firm has been appointed distributors for the new "Shine-A-Minit," novel automatic shoe shiner. Charlie has the new Jennings' "Standard Chief" on display in his showrooms.

Ed Urban, Urban Record Co., about to release a number of sensational recordings . . . E. Jay Bullock, newly appointed managing director of MOASC, is very busy getting things in shape for the meeting of music ops to be held soon . . . H. A. Lucas of K & M Distributors is about to strike out on the highways and byways to spread the gospel about the platters the firm is so successfully distributing. Len Kelly and Fred Myers have just returned after touring the country for the past five weeks . . . Otis Rene, Excelsior Records, reports that his firm has just finished recording a number of hit discs . . . Nels Nelson has just been appointed distributor of "Phonette," the "measured music" box. Appointment was made by Rodney Pantages, well known theatre and music op.

Dick Elwell, of the Bel-Tone record firm, on a

business trip East. Bob Cook remains to look after the affairs of the firm . . . Jean Minthorne, Minthorne Music Co., has had the boys jumping, trying to fill the many orders that are piling in both here and in his Arizona offices . . . Ray Powers, E. T. Mape Music Co., reports, "As to info on the new phono we are to handle, I expect word any day . . . Elky Ray, of Gold Coast Coin Machine Exchange, is now up and around again. Elky has been very ill these past few weeks but is now on the way to recovery . . . Leo Messner, Alladin Records, reports the firm is about to move their offices. An announcement will be made soon . . . Bud Parr, of Solotone, reports that the response of ops to their recent announcement in *The Cash Box* was tremendous. Orders pouring in from all parts of the country. "We hope to fill all orders for the Solotone boxes as soon as received," says Bud.

Frank Berger, of Enterprise Records, has been laid low again. He seems to have a strange bone malady which may necessitate an operation . . . W. Merle Connell, Quality Pictures, plans production of a new series of 6 MM coin machine movies . . . Many ops have been in town the past week indulging in a buying spree which kept the distribs along coinrow very busy. Among them were: Tommie Fikes, Tulare; I. B. Gayer, San Berdo; J. H. Sheeter, So. Pasadena; Danny Jackson, Pismo Beach; A. L. Miller, Blythe; W. H. Riley, Inglewood; John McGee, Inglewood; Bernie Knott, Alhambra; Johnny Nelson, Inglewood; Ray Reynolds, Big Bear Lake; Frank Abbott and Bill Knight, Alhambra; Jim Murphy, Inyokern; Dean Brown, Glendale; L. M. Manweiler, Shafter.

Fred Gaunt, who is known as "the genial gentleman of coin row," can always be seen giving new ops a helping hand and friendly advice . . . "We're offering ops some very swell games and music at reasonable prices," says Bill Leuenhagen . . . John Rough, Phonofilm Productions, reports adding a number of new 16 MM coin machine movies to his very large library of sound film.

SAN FRANCISCO

The ops and distribs of the Bay City area still talking about the swell show Bill Wolf had for his premiere showing of the new "Model A" AMI phono. Approximately 650 ops attended the two day event. Wolf claims a record number of the new phonos were sold. All who attended Bill's premiere were unanimous in their praise for the swell show and great feed . . . Jack R. Moore, a Civil Air Patrol major and pilot in World War II, pilots his own plane between his main offices in Portland and his branches in Seattle, Spokane and San Francisco. Dan V. Huguenin, director of sales for the Jack R. Moore Co., claims that the demand for the new Seeburg phono is tremendous and that orders are being filled as rapidly as possible . . . Johnny Ruggierro, manager of the Jack R. Moore offices here, is gifted with one of the most pleasing personalities encountered in the Bay City.

George Murdock, well known Rock-Ola distrib, is planning a trip to Chicago on business

it's new...it's profitable

Solotone

INDIVIDUAL MUSIC SYSTEM

Sold

Streamlined for modern appeal and built to last a lifetime! Catches the eye and makes every location a money maker. Finest tone qualities with full bass — because of the genuine 6½" speaker and because the case is die cast from a metal having deadening qualities entirely eliminating any ringing or tin panning. The tamperproof coin mechanism will receive up to 15 coins.

Solotone

THE NEW INDIVIDUAL TIMED MUSIC SYSTEM

MAKES A ROUTE OUT OF EVERY LOCATION

SOLOTONE—the NEW multiple-profit idea in entertainment —plays low-volume music which can only be heard by those in a booth or directly in front of the box at the counter. The music at each box is timed—six minutes of popular recordings for each 5¢.

Unlike single-revenue automatics which one person pays for and everyone hears, Solotone's individualized entertainment produces multiple revenue as all Solotone boxes can be in operation at once, yet each one will be producing its own revenue. The music is supplied either over telephone lines or from a hide-away unit at the location.

Solotone gives you a *route within a location!* This method of selling music has been proven on the West Coast for the past three years as the *biggest money maker in automatic music.*

Solotone means multiple profits for you. Start cashing in these extra Solotone dividends today.

Model FA

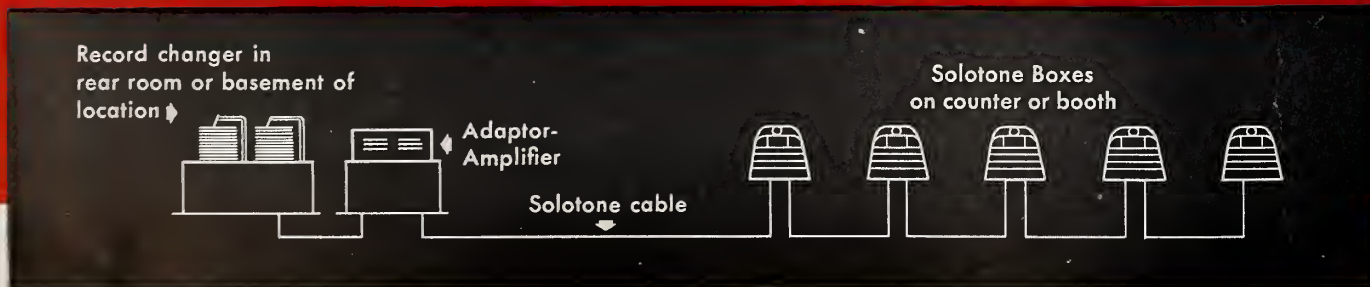

AMPLIFIER EQUIPMENT

THE STUDIO AMPLIFIER shown at upper left is designed specifically for the transmission of music over telephone lines from a central studio and used in conjunction with a bridging unit as illustrated. As many as fifty locations may be supplied from this one unit over as many telephone lines. All amplifiers conform to telephone company requirements.

THIS ADAPTOR-AMPLIFIER, shown at lower left, designed exclusively for use with Solotone music system, which combines power unit and amplifier, is a heavy-duty unit with 15-watt output which will operate a large number of boxes. All controls are concealed under a heavy steel cover and locked with key, eliminating any chance of controls being disturbed. One adaptor-amplifier is needed for each location. This unit is built to operate either from the telephone line or direct from record changer at the location.

Hook-up with automatic record changer operating over telephone lines

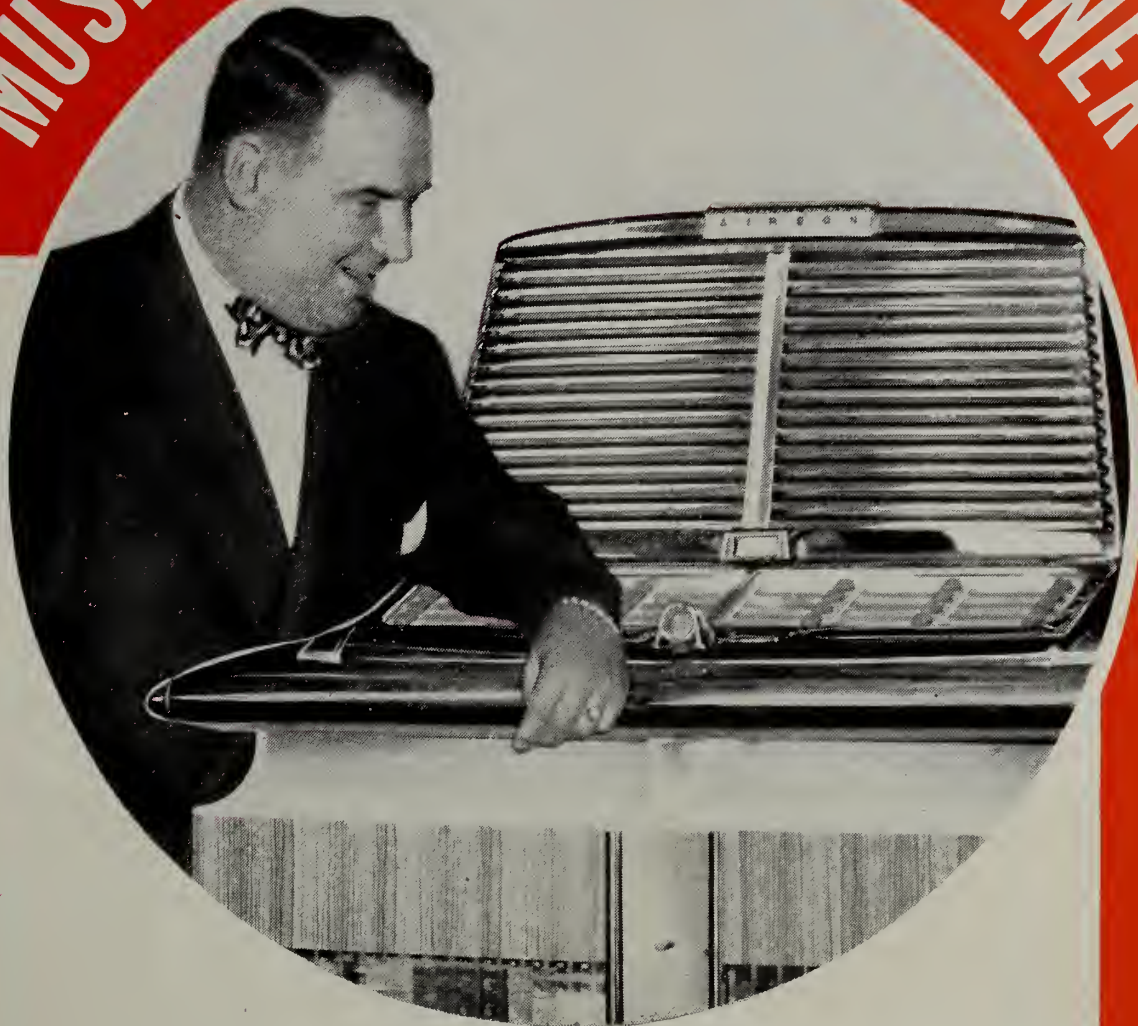

Hook-up when using hide-away record changer in each location

Aireon Electronic

"MUSIC IN THE MORGAN MANNER"

I have never heard my music sound any better than it does right now on this machine. I have always prided myself in producing dance music that is pleasant to listen to and am happy to say Aireon as I hear it now carries on my wishes to the nth degree.

Sincerely,

Only Aireon Electronic Phonograph music can have the fascinating tone quality to please the most exacting of maestros—to truly present the illusion that the favorite bands or singers are really present. It is this perfection that brings plays and *replays*—profits and *extra* profits to Aireon operators and locations.

WHERE NET PROFITS BEGIN

EARNING-POWER is only half the story of pin-game profits. Low operating costs are equally important. In Bally's new post-war games you get an abundance of the color and flash, the fast action, the thrills and suspense that add up to top earning power. And you get the two factors that insure lowest operating costs. **FIRST**, new precision techniques mastered during the war, when the Bally plant won the Army-Navy "E" Award for "excellence in production" . . . improvements in design

and construction that guarantee long life on location, trouble-free operation. **SECOND**, to speed up adjustments and routine service, Bally offers the new, exclusive "get-at-able" mechanism housing . . . the handy swinging shelf feature of **VICTORY DERBY** and **VICTORY SPECIAL** . . . the neatly packaged mechanism of **SURF QUEENS**. See Bally's new hits at your distributor today. You'll want to Bally-brighten your locations as quick as you can get delivery on these new profit-proved games.

VICTORY DERBY

**ONE BALL
MULTIPLE
PAY TABLE**

Packed with all the profit-proved features of Bally's famous pre-war multiples . . . plus new play-provoking ideas that are pushing profits to a new all-time high! Several hundred **VICTORY DERBY** games on location two to twenty weeks are consistently topping all previous collection records of pre-war and war-time operations. See your distributor today and arrange for early delivery of **VICTORY DERBY**.

VICTORY SPECIAL

**ONE OR FIVE
BALL REPLAY
MULTIPLE**

Bally's big, new **VICTORY SPECIAL** is your post-war profit insurance in replay territory. Quickly convertible to one or five-ball play . . . and a fast money-maker either way, **VICTORY SPECIAL** features all the famous features of Bally's pre-war multiples . . . plus new play-stimulating ideas that insure plenty of repeat play. For top profits in replay spots order **VICTORY SPECIAL** today.

SURF QUEENS

**NEW FIVE BALL
NOVELTY
GAME**

Make a date with Bally's new sparkling **SURF QUEENS**—fastest five-ball novelty game ever built. Designed by a practical operator known for his ability to pick winners, **SURF QUEENS** is packed with all the elements of a money-making game . . . combined with new angles that will bring the slowest novelty spots back to life in a hurry. Order from your Bally distributor today.
