Un-gravitify

Music:Kenichi Tokoi Lyrics:runblebee
Vocal:Cashell Guitar:Chewtaro Moritake

in no way any other way will do
fly, ride, any weather, nothing new, in blue

speeding in a stream with a sense that no one else can define
floating as a cream, in a bliss that you no longer feel time

right through gravity
just right through what earth planned
right through gravity
right through, now, let them loose

ride through gravity
for all that's not, falls down
right through anomalies
with one worth believing in

all within the speed of a light that one will fight to command

just maybe ready never, still we do
for none is ever better, win or lose it all

beaming just to be on a path that's set to shatter the grounds
although it's but a dream, but in dreams are where the nevers unfound

rise and let go
uprise until unbound
keep rising, evermore
let all go, let them loose

ride and let go
in light in which sun drowns
break and make it all
don't stand down, against the rules

don't stand down, break through
through light in which sun drowns
don't stand down, break through
let all go, break them loose

right through gravity
just right through what earth planned
right through gravity
right through, now, let them loose

ride through gravity
for all that's not, falls down
right through anomalies
with one worth believing in

with one worth believing in
with one worth believing in

just ride on until it's through

Catch Me If You Can

Music & Bass:Kenichi Tokoi Lyrics & Vocal:runblebee
Guitar:Chewtaro Moritake

no turning back
we are born to dream
in a world full of seeing
what we never could reach

air time makes on the wind, I'd be
like life, night by
just a blur, you see

one mind, too wild,
stuck in divinity
hawk tail, wing, claw,
heaven sent a Jessy *,

a speed rush tweak
to a Meloncholie **, Victory
your chance, don't stand

not one near
my class of heat
the rule of the wind
is to never get beat

don't hedge, don't hog
you're put to test
like jet, as hawk
I'll rattle your nest

I never come down
I'm high alone
bred from a genie
with wing and throne

jet fire hawk
the sky is me
all for the speed
I was born to be

catch me if you can
there is no turning back
reach, but never catch

catch me if you can
you can not fathom that
wonders you can not have

catch me if you can
catch me if you can

no turning back
we are born to dream
in a world full of seeing
what we never could reach

air time makes on the wind, I'd be
like life, night by
just a blur, you see

one mind, too wild,
stuck in divinity
hawk tail, wing, claw,
heaven sent a Jessy *,

a speed rush tweak
to a Meloncholie **, Victory
your chance, don't stand

chaos in the emeralds
life is ephemeral
what are you going to do
nothing is perpetual

world domination
advanced technology
haven't got the interest
in that form of glory

put me in the air
and my speed will leave
all in a shine
like a miracle weave

I just won't stop
the treasure's with me
I said it before
I was born to be

catch me if you can
there is no turning back
reach, but never catch

catch me if you can
you can not fathom that
wonders you can not have

catch me if you can
we are born to dream
nothing can be done

catch me if you can
there is no turning back
reach, but never catch

you can not fathom that
wonders you can not have

catch me

Jessy * = a jump technique of snowboarding.
Meloncholie ** (Meloncholie Air) = a jump technique of snowboarding.
