BEAT THE WINTER CHILL WITH OUR HOT SPECIALS!

From the Editors's Desk ...

Well guys, Welcome to another huge Gamesmen catalogue. You'll find our winter edition packed with quality products guaranteed to play with your mind and leave you itching for more! Whatever you enjoy - RPG, Shoot Em'Ups, or Strategy titles - its all in here! So sit back and have a browse...

NEWS

The Gamesmen have opened a new store in

Erina! After 15 years of only having one store we decided to expand to

keep all the gamers on the central coast happy!

If you are ever up the coast make sure you pop in and meet our friendly staff that would be more than happy to help you out!

Just when :- you thought that the electronic gaming industry may be slowing down, along comes E3. For those not in the know, E3 is

the Electronic entertainment Expo held in America once a year. This expo showcases what's new and what is

coming in the industry. There are no words to describe this event - the closest thing is to imagine an exhibition hall 10 times the size of Darling Harbour, filled with the latest products from all the major developers including Sony, Nintendo, Konami, GT, Psygnosis, etc, etc.

The products we were most impressed by included the following so make sure you look out for them in the future -

PC: Command and Conquer-Tiberian Sun, Sim City 3000, Tomb Raider 3, Abes Odysee 2, Ultima 9, Sid Meier's Alpha Centuri, Star Trek - Secret of Vulcans Fury and Need for Speed 3

Nintendo 64: N64 Sports range, Banjo Kazooie,

Zelda-Ocarina of time

The Colour Game Boy,

Sega's new Dreamcast Machine.

Playstation: Metal Gear Solid, Parasite Eve, Tekken 3, Crash Bandicoot 3, X Files.

As you can imagine this list is by no means exhaustive, rather just the products that stood out in our minds. The future of gaming looks to be huge so make sure you keep your control pads poised!

Yours in gaming,

The Editor
